This is everybody's war—the fellow's who likes sugar in his coffee and the fellow's who does not.

About 130 seniors and graduate students will receive degrees at West Texas State's 32nd annual commencement May 24.

In addition to the filing of ceiling prices, the retailer must prepare a list of all of his ceiling prices for public inspection by July 1.

All-out war has imposed a great and growing traffic load on the railroads, but the railroads are doing a beautiful job of handling the problem.

We put salt in our coffee and salt on our grapefruit, so the laughs in the restaurants over the sugar shortage are just as funny both ways.

On the sugar stretch-out, stamp number one in War Ration Books is no longer any good, even if it wasn't used. Stamp number two in each book is good for the purchase of one pound until midnight of May 30, when it also becomes void.

Skilled construction men who would like to aid in the nation's war effort and receive pay based upon their abilities will be given an opportunity to be interviewed for positions in the Navy's construction regiment at Amarillo, June 1.

Texas Christian University, at Fort Worth, will graduate 148 students with degrees on June 1. Virtually all of the male members of the graduating class will be in some branch of the country's armed forces almost immediately following the commencement period.

Most of our readers have forgotten it, but the last time the U. S. Marines marched down the streets of Tokyo (in 1923) they were there on an errand of mercy. Remember the terrible earthquake, and the help we sent to the land of the rising sun? We think the sun is going to set on the land of the rising sun, and when our Marines again march along those thoroughfares they will not have been there on a merciful errand.

The editor of this great "religious" weekly appreciates a visit last Monday at The News office by six potential good citizens of Castro county. They are Pete Dowty, Richard Chambless, Lloyd Lust, Earl Greathouse, Gus Frye, and Andrew Behrends. These youngsters were flattening their noses against the front glass window, watching our Linotype go 'round and 'round, when we got up and opened the door and asked them inside. Who knows but that in a few years one of these young men will be operating The News? We became interested in exactly the same way, down at Dublin, Texas, when Bill (Huch) Huchingson and Jim Daley were the two local newspaper editors there. We have learned a lot since then—1905—but not nearly enough.

I wish I was beside the sea,
A-sailing in a boat,

Every Section War Minded and Taking Part

Every person in Castro county is being given an opportunity this week to do his part in providing wholesome recreation for the boys in camp and in all branches of the country's armed forces.

Under leadership of T. A. Slinger, as county chairman, funds are being collected in each of the 13 communities. The county's goal is \$460. That is the sum asked of us by those in charge of the congressional district campaign, in which approximately \$40,000 is being asked.

The slogan for the drive is: "When you give to the USO, you give to someone you know."

If you have not been approached and have not had an opportunity to contribute to this worthy war effort, see your community committeeman or chairman and do so at once so that our county may be reported as having gone over the top in this drive, as it does in all campaigns to raise funds for any worthy cause.

Two rural communities, Flagg and Frio, already are over the top. Dimmitt, under the chairmanship of Mrs. L. A. Hudson, has done some good work, and the little community of Sunnyside has raised and reported all but about \$2 of its quota. Other communities, all of them, are working, but some have not yet reported. Next week's paper ought to be able to report a different story, and will.

"This is one way," said Mrs. Hudson, "that we all can belong to the army behind our army of fighting men. Every dollar of the USO fund goes to give the service men wholesome entertainment, no matter where these men may be."

USO consolidates the Y. M. C. A., the Y. W. C. A., the National Catholic Community Service, the Jewish Welfare Board, the Salvation Army, and the National Travelers' Aid Association into one great service group, under one, centralized management for the work that all are doing, thus eliminating lost motion, overlapping of effort, and expense of administration.

Castro county already has over 120 men in the various branches of service, most of them yet in training camps, and we are not expected to forget them.

Flagg Citizens Over-Subscribe

The Flagg community, with a USO quota of \$33.44, came in Monday with an oversubscription of \$7.99.

County Commissioner Sid Sheffy is the chairman of the committee at Flagg, and he enlisted the help of a number of workers who went out and in one day finished the task.

Flagg had a quota of \$33.44. The Flagg community is the first of 12 in Castro county to re-

port with its collections, and the first to go over the top, with a total sum of \$41.43.

Sunnyside Does it With Ease

The Sunnyside community, 14 miles south of Dimmitt, turned out en masse Monday night to attend closing exercises of the school there.

At the conclusion of the interesting program Chairman Howard Bridges of the local USO campaign announced the community quota of \$25.59, and enlisted the following workers to raise the sum:

Prof. Elmer C. Watson, Mrs. Ray Axtell, Mrs. S. W. Lilley, H. A. McClanahan, Mrs. Bernard Brown, and Mrs. Milton Ott.

A total of \$26 was pledged at the meeting and the committee turned in \$23.85 Tuesday morning.

In the final canvass, the Sunnyside community is expected to far exceed its quota.

Frio 'Goes Over'

At the moment of going to press Frio reported collections totaling \$25.35, which puts the community over its quota by \$6.30.

J. E. Andrews, committee chairman for the USO campaign in the Frio community, northwest of Dimmitt, has enlisted the help of Mrs. T. L. Sparkman, Sr., Mrs. J. M. Dixon, Mrs. T. L. Sparkman, Jr., Mrs. W. A. Springer, and Mrs. W. C. Lowery to complete the drive during the next few days.

That community's quota for the USO drive now under way is \$19.45. Castro county is expected to raise \$460.

Bethel Gets Busy

The Bethel community came in this morning with part of its USO quota of \$17.75.

Mrs. Jim Bagwell is the chairman for the drive in that community, and has enlisted the following helpers:

Mrs. O. M. James, Mrs. J. C. Williams, Mrs. N. M. Cruse, and Mrs. J. G. Davis.

The committee reported \$2.75 on the first go-around, with prospects of a full quota shortly.

Arney is Active

Our neighboring community of Arney has an organization at work on that community's quota for the USO, which has been set at \$16.04.

Chairman E. C. Burk announces that Laurance Bourland and Brice Fields are expected to raise the sum and put the community "over the top" within the next few days.

Nazareth Working

Mrs. Joseph Warren of the Nazareth community, who last week was appointed to lead the USO committee in that section, has announced the following workers enlisted as helpers in the drive: Bobbie Hafernick, Florence

HOPPER WAR ON IN EARNEST

The war isn't limited to extermination of the Gaps and Jermans. Not this month, and not in Castro county.

Locally it has been found that grasshoppers are the biggest and most threatening of all our enemies. The invasion already is under way. And don't think the government is ignoring the matter, nor unaware of the danger to our fields, crops, now in such promising condition.

Surveys have been made in all parts of the county. Supplies of sawdust, wheat bran, and sodium arsenate have been obtained and are on hand in Dimmitt. Some of the fields already have been poisoned. Poison seems to be the only effective weapon against the plague, and sometimes, in some areas, even this doesn't succeed.

According to Monroe May, farm agent, there are more hoppers in the Hart community than anywhere else in Castro county. He advises poison, and plenty of it. At present, he says, the hoppers are small, and it probably will be about four weeks before they are large enough to fly and migrate from one field to another. The turnrows are badly infested, and poison should be scattered there first, he said. Alfalfa fields also are badly infested now in some parts of the county, and should be poisoned at once.

Wheat is early and grasshoppers are late, which may result in the grain being saved, but these parasites eat other crops. The poisoning campaign will continue.

Farmers are advised to see the county agent and lend every cooperation. All poison is free, but farmers must furnish the labor in mixing it, and it must be mixed at the plant here, as per federal regulations and formula.

4-H SMITH BOY WINS LAURELS

One of Castro county's Four-H club boys, Rodney Smith, of Hart, was honored last week when the Producers Grain Corporation gave him \$25 as a reward for leadership and outstanding achievement in farm and club work.

Rodney is 17 years old, and has gone in for hogs. He won first place in the Lubbock show with his heavy Duroc barrow.

Young Smith went to Amarillo May 13 and, with six other Four-H club boys from the Panhandle Plains, received a \$25 check and was a guest of honor at the annual directors' meeting of the corporation.

Rodney was selected for the honor, and to his complete surprise, by the local Land Use Planning Committee on the recommendation of County Agent M. U. May.

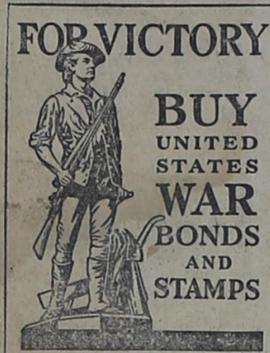

Rodney is required to invest his \$25 prize award in some phase of his club or farm work, and he promptly put the money in a registered boar pig. He will report next year on his progress and his investment. The herd of hogs this club boy is developing is reported to be one of the most promising in the county, and he has accomplished a number of outstanding pieces of work, both in producing feed and in breeding pigs.

James V. Allred, who resigned a lifetime appointment as United States District Judge to re-enter active political life as a candidate for United States Junior Senator, has based his campaign on vigorous support of President Roosevelt's war and peace programs.

Stork, Florence Wilhelm, Hilda-garde Schmucker, Wilma Dobmeier, and Doris Acker.

Nazareth is one of 12 communities in Castro county where an organization of local workers has been put into the field to raise a part of the county's \$460 quota. The Nazareth workers have a community quota of \$49.48.

LAST RITES HELD IN DIMMITT FOR CASTRO'S FIRST SETTLER

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

INVEST IN VICTORY! Our boys can take the War (the enemy, if we back them up with ships and tanks and guns! But that takes money!

Help your Government to put the tools of war into the hands of our soldiers by purchasing War Savings Bonds and Stamps. And remember... just one Bond can't lick the Axis any more than just one gun! It takes millions of Americans buying War Savings Bonds and Stamps every day!

Bonds cost \$18.75 and up... and they pay you back one-third more in only 10 years! Stamps cost 10¢, 25¢, and up... soon total the price of a Bond if bought regularly.

Help our boys on the fighting fronts wherever they may be! Buy War Savings Bonds as an investment for yourself and your country.

Next week—May 25-30—is city cleanup week, an annual event. The mayor and city officials have appealed to all of us to cooperate. The News expects to do so. How about you?

Edwin Pohlmeier is home from camp for a few days' visit with his parents. Edwin was aboard the bus that was wrecked and burned near Claude Wednesday night, but escaped with slight burns.

Castro county's War Bond quota for May is \$1,500. Last month, Castro citizens bought over \$2,600, or nearly twice the quota set by the government. Our Red Cross quota, our Navy Relief quota, and the USO quota will turn out the same way—oversubscribed.

The News editor can't resist pitching another little bouquet at the Dimmitt High School Graduating Class for the hard work, the good job they did, and for the finest example of genuine cooperation we have seen from a bunch of youngsters in all the years we've been newspapering. Last week's paper was the product of their labor and enterprise, and it was a credit to any small town. Everybody took their hats off to the seniors—to the faculty, and the entire student body for everybody knew the school deserved and earned it.

"The Navy never lets anyone down," it is said, and to confirm it comes announcement that the Navy will take a prominent part on Saturday and Sunday of this week in the Panhandle Navy Day Celebration at Buffalo Lake, which is to be opened officially for the season at that time. The "return visit" is in recognition and appreciation of the 106 Navy volunteers from the Panhandle of Texas who went into service last week.

W. W. Branscum of Big Square heads the local organization of singers and announced the meet here for Sunday afternoon.

Mrs. Ellen Carter Dies at 86; Was Ill Two Years

Death removed Castro county's first settler, and one of her oldest and most beloved citizens this week.

The passing of Mrs. Ellen Carter of Dimmitt, at 10 on Monday morning, only a few weeks before she reached the age of 87, is mourned by old and young throughout the Plains country.

Mrs. Carter succumbed to an illness that had kept her bedridden for more than two years. Her passing was at the home of her daughter, Mrs. J. C. Tate, with whom she had resided in Dimmitt for the last several years. Her pastor, the Rev. Ural S. Sherrill, and her former pastor, the Rev. J. R. Bright, of Muleshoe, conducted the rites at the Methodist Church, four o'clock, Tuesday. Assisting were members of the Order of Eastern Star. The deceased had long been active in the Eastern Star Order, and had been a member of the Methodist Church since she was a girl.

Mrs. Carter was the widow of the late James W. Carter, widely known cattle rancher and first white man to settle in what in 1891 became Castro county. Her husband, she came to this community in 1884. That was six years before any other white family came to this immediate section, and 17 years before Castro county was organized. She had resided here continuously for 58 years. Mr. Carter died in 1916.

Mrs. Carter's native home was West Virginia. She was born in that state in 1855, but at the age of nine moved with her parents to Minnesota. She came to Texas in 1876, the family settling in Taylor County, and where, in 1878, she was married to James Wesley Carter. They moved here six years later. Two sons and three daughters were born to the couple. The sons are James of Oklahoma City, a retired police officer of that city, and John of Amarillo. The daughters are Mrs. Tate of Dimmitt and Mrs. Lizzie McEntire of La Jolla, California.

Another daughter, Mrs. Ellen Burnam, died in El Paso in 1922. Seven grandchildren and six great grandchildren also are survivors, as well as one brother and one sister. The brother is Dr. A. L. Breeding, a practicing physician in San Antonio, and the sister is Mrs. J. D. Bratton of Fort Worth. Mrs. John Fulfer of Dimmitt is a granddaughter.

Due to war conditions of travel and communication, the daughter in California could not make the trip here to attend the funeral. Ill health of both the brother and sister prevented their being here.

At one time, Mr. and Mrs. Carter owned more than 100 sections of grazing land, and it is said they did not know how many head of cattle were in the herds which ran the range under the Carter brand.

In recent years Mrs. Carter delighted in the many and colorful reminiscences of the early days of the Panhandle, and being blessed with a choice memory and a keen intellect her experiences were often published, both in print and over the radio.

The funeral rites here Tuesday, and the burial in Dimmitt City Cemetery, were attended by a wide circle of friends and relatives, not only of the county but from afar. Every place of business in Dimmitt remained closed, out of respect, from four to five-thirty.

Miss Grace Marie Bagwell and Mrs. John Bagwell were Amarillo visitors last Thursday.

Nine Million War Bond Purchases Reported for Beer's 9th Bthday

Hundreds of Millions in Taxes Paid in 1941 Help Fund Nation's War Effort

A 9 million dollar purchase of defense bonds by brewers and their employes was announced as a feature of the industry's commemoration of the ninth anniversary of beer's re-legalization by Congress in 1933. Continuing purchase of additional millions of defense bonds has been arranged throughout the industry "for the duration." In addition to bond subscriptions, the industry's huge tax payments are swelling the Federal revenues for the Nation's war effort. The Brewing Industry Foundation announced that beer taxes of \$348,876,726, paid to the Federal government last year, were sufficient to buy about 1,000 four-engined bombers, or 3,488 fighter planes, or 43 destroyers, or 58 submarines or 5,194 medium tanks, or to equip 1,392,000 soldiers.

Listing other social and economic gains in the nine years since Congressional action re-legalized the manufacture and sale of beer April 7, 1933. The Foundation cited these benefits:

1. Thousands of local communities have shared in business benefits totaling 15 and a quarter billion dollars through retail sale of beer, and distributed in trade channels of every state.
2. Employment was provided for a million persons, engaged in the manufacture and distribution of beer, and in about 100 allied industries supplying materials, equipment and services.
3. Brewers have purchased 33 billion pounds of farm products at a cost of about 815 million dollars.
4. In nine years, Federal, State and local beer taxes approximated \$3,280,000,000. Tax represented about 2 1/2 cents of every dime the consumer paid for beer in 1941.
5. Beer tax money is piled in different states toward old-age pensions, maintenance of public schools, state institutions, relief, public health, physical handicapped and dependent children, and to agriculture and various public improvements.
6. Promotion of temperance has resulted in better law observance and in lower traffic quality and alcoholism rates.
7. A record of temperance and good conduct through the armed forces in connection with sale of beer in military areas in 37 states.
8. The brewers' program of voluntary cooperation with law enforcement agencies continues to win increasing public approval.
9. A wholesome beverage of moderation is legally available in every state and consumed by some 40 to 50 million people.

Throughout the country, the brewing industry is a fine example to be moderate, honest, legal and reputable. Beer and ale are sold, not urged upon friends and public officials the vital need of separating beer from any unwholesome influences. The industry is as vigorously opposed to the "black sheep" type of licensed retailer, as are those who erroneously hold beer responsible for his misdeeds.

Keeping Up With Your Friends--

Mrs. Earl Bull and David spent the week-end with her daughter, Mrs. Eugene Malone, at Vigo Park.

Pete Whitlow returned last Sunday from a trip into Oklahoma and other parts of his territory, and reported running into a sleet storm one day in Oklahoma.

Mrs. John Burgess of Canyon and son, Sidney, of Phillips, visited in the home of Mrs. S. P. Crawford and Mrs. Carlos Reynolds Saturday.

Mrs. Carlos Reynolds and the twins, and Mrs. Ivor Bagwell spent Friday night and Saturday in Lubbock. The Reynolds family will move to Lubbock next week.

Mr. and Mrs. Vernon Pylant of Lockrey visited Mrs. Pylant's sisters, Mrs. Faye Sweatt, and Miss Mae Thompson, here last Sunday. During the afternoon they motored to Amarillo.

W. W. Branscum of the Big Square community, in the extreme southwest corner of Castro county, was a visitor in Dimmitt Monday, and paid The News a visit to renew his subscription.

P. A. Turnbow and Leo Rudd of Hereford were Dimmitt visitors Tuesday, coming here to attend the funeral of Mrs. Ellen Carter. Mr. Turnbow formerly was a resident here, but left Dimmitt 40-odd years ago, he said.

Mr. and Mrs. I. W. Crisp of Ash Grove, Missouri, and their son, Franklin, are guests this week in the home of Mrs. Zoe Coleman. Other visitors in the Coleman home during graduation week are Mrs. Belle Reed, and Mrs. W. R. Curtis and children of Amarillo.

Mrs. S. P. Crawford received word Wednesday that her nephew, Sgt. W. E. Andrews, of Brown County, was one of the seven victims of an army bomber crash in the ocean off Humboldt Bay at San Francisco. Sgt. Andrews was the only Texan to lose his life in the crash.

Elmer C. Watson, principal of the school at Sunnyside, this county, was a visitor Tuesday with the editor at The News office. Mr. Watson came to report for the USO campaign in his community, which, with his help and that of other patriotic citizens there, was easily put over the top.

Alfred Scott of the Big Square community, prominent farmer of that section, was a visitor in the Castro county capital Monday. Mr. Scott is advertising his maize for sale as planting seed, and regarding this, the county agent later said: "We are fortunate that these seeds can be had locally, due to war conditions, prices, scarcity of planting seeds of all kinds, and especially because of the high quality of the local supply."

College Directory

There are seven Castro county men and women attending West Texas State College at Canyon, as follows:

- Hilery Aven and Myrtle Frances Jones, Hart.
- J. P. McMahan, Summerfield.
- Houston Lust, Earline Lust, Lucille Kirkpatrick, and Mrs. Grace Cogswell, Dimmitt.
- At A. & M., College Station, Archie Monroe Meekma, Hart.
- At McMurry College, Abilene, Elmer Watson and Nell Reynolds, Dimmitt.

Principal headache for women just now is the price and supply of hose. Nylons are playing out. Silks are scarce. Clothing for this spring and summer is practically all manufactured and on the market, so women and children won't likely be wearing many Victory fashions until fall.

School closed here Friday, and the children gave their closing program Friday evening. Quite a number attended the exercises.

Orval Pierce, who is stationed at Ellington Field, Houston, in the photo division of the Air Corps, came home Saturday for a furlough visit. He was honored on Saturday evening at the Matthews home with a party. Guests were M. L. Margarite, and Virginia Simpson, Anderson Axe, Mr. and Mrs. Fred Axe, Miss Bernice Grundy of Flomot, Wayne Thomas Sparkman, and Mr. and Mrs. Sam Hunter.

Orval's mother, Mrs. Finis Hunter, entertained with a dinner for her son, with his close friends invited as guests. In the afternoon the group enjoyed a picnic at the creek.

Miss Virginia Simpson, a student nurse at St. Anthony's Hospital in Amarillo, came home Wednesday for a three weeks' vacation visit.

Miss Mary Ann Baird, who has taught school in Kerns the past year, returned home Sunday.

CHURCHES

CHURCH OF CHRIST

The Son of God left the joys of heaven and came into this world in the likeness of man. After a public career of three and one-half years, He was put to death on the cross. Here He shed His blood in death. With His blood He purchased the Church—His Church—(Acts 20-28). Surely, Christ would not willingly die and shed His blood in order to purchase something worthless and having nothing to do with the salvation of man.

The Church of Christ has as its head and fountain Christ Jesus; the Bible only as its rule of faith and practice.

Bible study begins at 10:30, preaching at 11:20. We extend to all a hearty welcome to attend all services of the church.

MORGAN STURGES, Evangelist.

BAPTIST CHURCH

The Rev. B. E. Temple of Dawson will fill the pulpit at the Baptist Church in Dimmitt next Sunday morning, and again in the evening, members of the congregation announced today.

Every member of the Baptist Church here, as well as all others, have an invitation to attend both services.

The Baptist congregation here has been without a regular pastor for several weeks, and the church is said to be making plans for a regular pastor at an early date.

"Blood and sweat and tears" . . . and money . . . such huge sums of money as to beggar the imagination of a Croesus. That is the price of victory in this war. Blood is the greater price to pay. No one will dispute that. Those who remain in civilian life have only remote will of sacrificing it. That takes money, lots of money . . . effort, lots of effort. Let all, all who remain behind the battle lines, resolve to buy Savings Stamps and War Bonds with abandon . . . to use every ounce of energy to produce everything needed to whip the daylight out of the who attacked us.

Granted, that it will require sacrifice, but sacrifice that pales in insignificance when we compare it to the hardships and sufferings the boys in uniform. Isn't it a small price to pay for Victory? . . . Yes . . . when we contemplate what would happen if our enemies w

What Consequences Defeat!
