LT. COL. J. M. WILSON AWARDED BRONZE STAR MEDAL IN FRANCE

Hq., U. S. Air Service Command in France—For his outstanding work as Judge Advocate General of the Air Forces in Europe, Lt. Col. James M. Wilson, of Corpus Christi, Texas, has been awarded the Bronze Star Medal by Brig. Gen. Clarence P. Kane, Commanding General of Air Service Command, U. S. Strategic Air Forces in Europe.

In the citation, Colonel Wilson is commended for his "meritorious service in connection with military operations".

Overseas two years, Colonel Wilson is charged with seeing that justice is afforded the hundreds of thousands of airmen at Air Force bases in France, England, Italy and Russia.

Before entering the Army Air Forces, Colonel Wilson had his own law firm in 2001 Driscoll Building, Corpus Christi. His parents, Mr. and Mrs. A. M. Wilson, live at Tullia, Texas.

Lt. Col. Wilson is a brother of Mr. Raymond Wilson of Dimmitt.

James Burnam arrived in New York Friday night from the Western Front in Europe where he was recently wounded in action, according to information received here. The extent of Mr. Burnam's injuries was not learned here, he has, however, been receiving treatment in a base hospital in England.

H. A. 1/C Johnny W. Hawkins is here from Port Chicago, Calif., for a visit with his sister, Mrs. Earl Hembree, and other relatives. Mrs. Thelma Redwine of Berkeley, Calif., has been here this week for a visit in the home of her sister, Mrs. Earl Hembree.

Sets Example

CHICAGO, ILL.—Would you be willing to shine your own shoes if it would help shorten the war? That is the question that regional director of the War Manpower Commission, Dean Spencer asks. Spencer is shown here as he shines his own shoes, and thereby releases an "unemployed" bootback for a job with a war plant. The WMC is checking all types of work, and may order war jobs for those that are not in war work.

BETHEL RED CROSS MEETING HELD WED.

The Bethel Red Cross meeting was held Wednesday of last week in connection with the W. S. C. S. meeting in the home of Mrs. J. C. Williams. Mrs. R. B. Boren, Chairman of the Camp and Hospital Division of the Castro County Red Cross Chapter, stated that 375 cookies for the Camp and Hospital unit of the Red Cross were packed and shipped by the ladies of the Bethel community. The cookies were shipped to the regional office at Amarillo.

Cookies for the Red Cross Camp and Hospital Unit were furnished by ladies of the Rance community this week.

Flying School Being Planned

Mr. J. B. Wofford of Floydada, a former civilian Army Flight Instructor, has been here this week investigating the possibility of establishing a permanent flying school at the local air port. Mr. Wofford has two trainer planes, and with sufficient encouragement from prospective flyers, will make his home here and engage in civilian flight instruction.

Radio Short Course Soon

A radio short course on growing baby chicks will be a feature of the Texas Farm and Home program February 26 through March 2 under the sponsorship of the A. and M. College Extension Service. Stations broadcasting the 6 A. M. program include WBAP, Fort Worth; WOAI, San Antonio; KPRC, Houston; and WTAW, (College Station).

Enrollment will continue through February 24, and the enrollment blanks can be obtained through county Extension Agents or from Extension headquarters at College Station, according to C. W. Jackson, director of the radio short course.

Since the war, Jackson explains, no Farmers' Short Courses drawing thousands of people have been held on the A. and M. College campus, and rural people have had to depend on other means to keep up with the scientific developments and improved practices. Success of this breakfast-table type of education was demonstrated several months ago when more than six thousand persons from 212 counties in Texas enrolled in a fall garden school of the air. Directors of the poultry radio short course are hoping for similar interest.

The schedule of the Short Course on GROWING BABY CHICKS is as follows:

Monday, Feb. 26—Ted Martin, Extension Poultryman—"Buying Your Baby Chicks."

Tuesday, Feb. 27—Sam A. Moore, Extension Poultryman—"What To Do Before The Chicks Arrive."

Wednesday, Feb. 28—Prof. D. H. Reid, Head, Poultry Husbandry Dept.—"What To Do When The Chicks Arrive."

Thursday, March 1—Ross M. Sherwood, Chief, Poultry Division, Agricultural Experiment Station—"Care of Chicks During the Brooding Period."

Friday, March 2—Dr. J. P. Delaplaine, Poultry Veterinarian for Agricultural Experiment Station—"Disease Control."

Baptist Church

"Come now, and let us reason together," saith the Lord. "I was glad when they said unto me, let us go into the House of the Lord." "And let us consider one another to provoke unto love and good works; not forsaking the assembling of ourselves together, as the manner of some is, but exhorting one another; and so much the more, as ye see the day approaching." These scriptures, and many more that are in the Holy Writ, teach us that God would have us lay aside the cares of the day and worship Him.

We invite you to come and worship with us. Our Bible School is for all, bring the family to the House of the Lord this Lord's day, and give Him thanks for His many blessings.

Sunday School at 9:45 A. M. Morning worship at 11:00 A. M. Training Union at 7:30 P. M. and Evening worship at 8:30 P. M. "COME THOU WITH US AND WE WILL DO THEE GOOD."

Urgent Need For Government's Clerks

A chance to help operate the switch-board of the nation is offered to clerks, typists, and stenographers, minimum age limit 17 year and six months, according to Mrs. Nettie Stults, Recruiting Representative, who explained that the Army Service Forces is now opening a nation-wide drive to secure badly needed clerical assistants for the ASF in Washington, D. C.

"Those women who are selected for this work will perform a highly important service to their country, as they will be stationed in that city where many phases of our mighty war effort are coordinated," Mrs. Stults remarked.

Mrs. Stults requested that persons interested in helping to operate this nation-like switch-board see her at The U. S. Employment Service, 111 W. 8, Plainview, Texas, Feb. 13 to March 3. Office hours from 8 to 5, where she will be available for information concerning wage-rates, free transportation, pre-arranged housing, etc. This representative is authorized to determine eligibility, and to appoint qualified persons on the spot, in accordance with the Civil Service and WMC regulations, it was learned.

"There is hardly a greater service that women can render to their country or a more interesting and dramatic undertaking than to work at the nerve-center city of the United States," Mrs. Stults said.

Care of Ration Books Urged

Chairman L. G. Manning of the Castro County War Price and Rationing Board today cautioned that ration books are property of the United States government and should not be mutilated. Owners should take the utmost care to see that their ration books are kept in good condition.

Owners should paste back in the book with tape or paste on a piece of plain paper any stamps that might come loose, he advised.

"Merchants should not send customers with mutilated books to the Local Board to ask for a replacement, Mr. Manning said, pointing out that this would only cause an unnecessary work load on Board clerks.

Utility Expansion Program Planned

To assure the South Plains and Eastern New Mexico an adequate supply of electric power ahead of the region's rapidly expanding agriculture, industry and REA systems on the South Plains, the Southwestern Public Service Company has well underway one of the largest power plant and transmission line construction programs ever built at one time in this territory.

To assist the Company in securing critical materials and to keep the expansion program on schedule, the War Production Board has recently increased priority ratings from a AA-3 to a AA-2X rating for the purchase and installation of the necessary generating equipment. In outlining the Company's program, Mr. G. F. Dorrough, manager here, stated that work already started and work approved would cost in excess of two and one-half million dollars for the South Plains, an equal amount will also be spent in other parts of the Company's system.

A new steam turbo-generator of 10,000 kilowatts (13,400 H. P.) capacity is to be installed at the Company's Denver City plant along with auxiliaries consisting of a 150,000 pound per hour capacity steam boiler and a cooling tower of 20,000 gallons of cooling water per minute. Additional electric equipment will also be installed in the plant substation for delivery of power into the Company's transmission system. Total capacity of the Denver City plant when the new turbine is installed will be 17,500 kilowatts (23,450 H. P.)

Denver City plant is connected by transmission lines with the Company's Tucco, Clovis, and other plants in the area. A new 5,000 kilowatt (6,700 H. P.) turbo-generator is also being installed in the Clovis generating plant and has previously been announced. Work is nearing completion on a new 66,000 volt transmission line, increasing the capacity of the connections between the Denver City, Clovis, and Tucco plants.

Work is also well along on the high strength transmission line from the Company's Amarillo generating plant through Canyon to Hereford. The new line from Amarillo to Hereford is constructed with the substation capacity of 8,000 kilowatts (10,720 H. P.) and is expected to be placed in operation about May 1. New generating capacity for the South Plains and Eastern New Mexico at the Denver City and Clovis plants totals 15,000 kilowatts (20,100 H. P.) and with the 8,000 kilowatts (10,720 H. P.) available over the Amarillo-Canyon-Hereford transmission line, new capacity for this region will total 23,000 kilowatts (30,820 H. P.)

Other construction underway and previously announced consists of a new transmission line from near Plainview to the Aiken REA substation. A new transmission line from Clovis will increase the capacity into Portales. Several of the Company's distribution substations are being enlarged to meet the present present and future needs for electric power throughout this section.

County Gives Liberally To Mercy Fund

Final tabulation on the 1945 drive for funds in the fight against infantile paralysis has been completed in Castro county, and a total of \$419.17 was contributed by Castro county people. This was the largest amount ever contributed by Castro county citizens, and exceeds the contribution of last year, which was \$367.77. This fine report can be contributed to the good work of the many community chairmen, and to the work of Miss Leila Petty, who was in charge of the women's division.

The contributions by communities were as follows: Rance, Mr. Lowry Walker, chairman, \$18.50; Jumbo, Mrs. M. L. Simpson, chairman, \$22.52; Big Square, Mrs. Wes Anthony, chairman, \$19.00; Nazareth, Sister Germaine, chairman, \$85.69; Dimmitt, Mrs. R. B. Boren, chairman, \$137.07; Bethel, Mrs. George Bagwell, chairman, \$50.50; Flagg, Mrs. Andy Thompson, chairman, \$10.00; North Edge, Mrs. C. W. George, chairman, \$1.10; Sunnyside, Mrs. Howard Bridges, chairman, \$5.45; Frio, Mrs. T. L. Sparkman, chairman, \$23.35; Hart, Mrs. Willis Hawkins, \$46.62.

Half of this money will stay in Castro county for the local chapter and the remainder will go to the National Foundation for the fight against infantile paralysis. County chairman for the drive, M. U. May, was very pleased with the fine work done by every community chairman and the fine contribution will no doubt be of much value to Castro county in the future, should we have an outbreak of infantile paralysis.

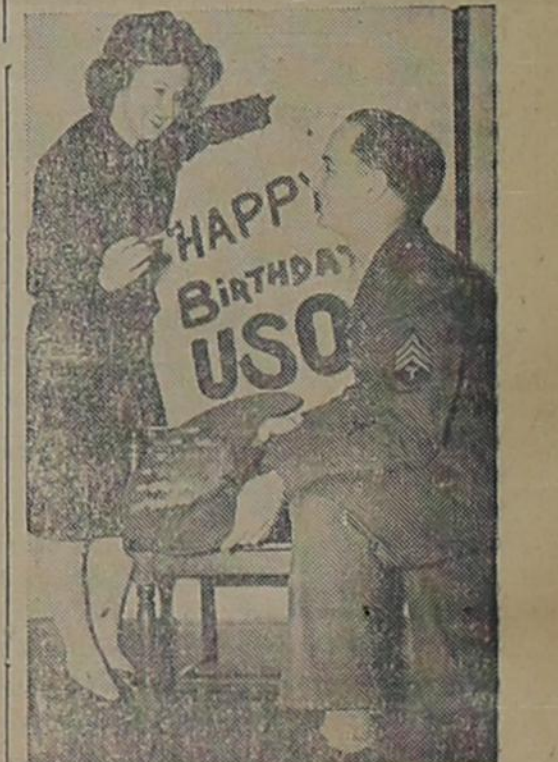

Methodist Church

A prophet of old threw down the challenge, "If the Lord be God, follow Him; but if Baal, then follow him." (1 Ki. 18-21) Nothing could be fairer. We are calling upon God to intervene in behalf of humanity. Do we believe He is able to do anything about it? Is there hope of good in Him? Is it wise to call upon Him for help? Does not the devil do us as much good as does the Lord? Would it not be wiser and better to call on the devil in times of trouble or need? No? Then, "if the Lord be God, follow Him." One takes pride in being honest, paying honest debts, being a good law-abiding citizen, yet refusing, or neglecting to follow Him who alone can save, or give peace. Be fair—if God and His Church are our hope of good, then let's be square with Him. Serve Him. Four churches in Dimmitt are seeking the best interests for every life and for all in our community. Attend services next Sunday—take the family.

Services at our church are: Sunday School—10:00 A. M. Preaching—11 A. M. and 8 P. M. Youth Meetings—7:15 P. M. Woman's Society of Christian Service—Monday 3 P. M. Prayermeeting—Wednesday 8 P. M.

Nazareth School News

Our science teacher tested our hempglobin Friday. Those rating highest were James and Althea. On Monday we looked at Roseary's blood and noticed the red and white corpuscles.

The freshies made five dollars at their auction during class meeting on Thursday. We think it was pretty good. James, our auctioneer, sold hand lotion, diaries, hair oil, and soap.

We are learning some geometry. You know finding the volume and area of spheres, cones, and cylinders.

What is this world coming to? Jerry wanted to hold Margaret's hand during math period last week.

SOPHOMORE CLASS REPORT
Oh! Oh! We were invited to a party last week. During class meeting Thursday the sophs were guests of the juniors. We wish to thank the juniors and their sponsor for the grand time. While we

were being entertained the rest of our club, namely the freshies held an auction sale. From the smell I noticed in the study hall later, there must have been hand lotion and perfume in the sale. I surely did smell—but definitely good.

What did we expect when every one was called to the study hall one day recently? Certainly not two brand new basketballs. They really do bounce.

Betty Ann looks happy. I understand she won some money playing "seven and a half" Friday night. Oh happy day for her!

In Spanish we finally got the last of the zepries in the Alhambra. And it took six pages to do it too.

I wonder if there are some boys in our class who really have a cold. No? Then why were they eating cough drops in history? Those are not candy, you know.

JUST CHATTER

Just think, kids, no more dances until after Easter. Wasn't that one last night a wow though? Even Irene and Elmer were there. Of course that could have been expected. Um-m! Carolyn, who was he? Ruth Ann, I wondered all night whom you came with. Who was it—Charles? Could be! Could be! And naturally Dora was there with "66"

May the best man win. Ruth Ann goes with Charles one night and Floyd the next night.

Rugged, wasn't it Carol? You know furloughs can't last forever. Poor old Vince got shared in the earner this past week. I'll bet he'll be glad when Martin goes back. Julie, you should tell him that he shouldn't wish another such an evil.

Someone has asked me to ask Rita what is the matter, or why she doesn't like Bob's xxx's. I'm going after the details, so maybe I can give a public report later on.

LOST AND FOUND

Found: One grandma. No kidding. In the gym last Tuesday we had the "bestest" grandma. She had blonde hair pulled into a knot at the back of her head and a pair of specs drooping on her nose. She can say "prunes", too.

Found: Paul. In the office Monday afternoon. He was studying, too. Can you feature that?

Lost: Irene's temper. During the second study period on Wednesday morning. Donald was the cause of it, too. Ah-Ah-Ah! What's going on right before our eyes?

Found: Dancers. Lots and lots of them. Take your pick.

Found: One eraser. "I found an eraser." Dora did.

Found: Braids. In Walter's and Rita's hair. Children! Children! Practice does not make perfect.

Found: Martina threatening to cut Rita's wig. Short! Short and shorter. A bob on Bob's girl! Would Bob like a bob? Who knows?

Lost: Tony lost a red comb in the hall the last time he—Ethel knows when. The last time.

Found: Putty. Carolyn calling Walter that instead of Buddy. She was so flabbergasted by his handsome features that she became rather tongue-tied or, something.

He is a man, you know. Take a look if you don't believe me.

Lost: Julie's heart. Martin took it, I betcha! Julie, what will Lou say? People do have problems.

Lost: A voice. That of our Math teacher. We certainly hope she gets it back quite soon. We just love Algebra II.

Found: Seniors studying. Real hard. So hard that it seems like a dream. I mean to see them study. Don't get me wrong. Seniors DO study, you know.

Found: A new spring dress. Its model was none other than our dashing blonde, Stella. Ruffles and bustles, too.

Found: A wild bronc. In Nazareth High School. Ethel isn't used to riding bareback either.

Found: Curly. Where? Turn your head and look Viola over. Isn't she cute? Alvina is too.

Found: A V-letter not photographed. Do you suppose his writing is getting that bad, Stella, or did he make a special request? There must be a reason.

Found: Books, books, and books passing through the hands of nine seniors. Blue, small, and called "The Texas Constitution." Gone for now. We passed, too.

—Ruth Ann Fehr

Apple-Ginger Shortcake Is Winter Treat

LIKE falling snow and sleigh riding, apples and warm gingerbread are two things that go with cold winter evenings, Marjorie Griffin, Home Editor of Capper's Farmer, points out.
"Combining the two foods gives a color - contrasting, sugar saving Apple-Ginger Shortcake," she tells home-makers in the Country Cooking department of the magazine read by 1,250,000 farm families.

½ tsp. salt Apples

Cream the shortening and sugar thoroughly. Add eggs and beat well. Add molasses, then the sifted dry ingredients. Pour in water and beat until smooth. Mr. Farmer:

Do you want to continue with UNSAFE, EXPENSIVE and WASTEFUL Brooders that do not properly brood your chicks and Turks? Millions of Chicks and Turks die, and millions more "just do" survive from carbon monoxide poison every year from oil and coal brooders that are expensive and lots of trouble to operate. . . .

A slimming style you can make yourself is this deep green wool sheath which fastens down the front with matching novelty buttons. A peppermint stripe dickey ties into a soft bow at the neckline. The storage of any liquefied petroleum gases in any individual customer size container, either above ground or underground is prohibited inside of or underneath any building in the corporate limits; and no equipment using liquefied petroleum gases shall be permitted within the fire limits of said City; and no equipment used for the purpose of storing quantities of such gases either for wholesale or retail shall be permitted within the corporate limits of the City.

Section 2. The term "Standard Grade" as used herein shall mean that grade of article which is accepted by dealers in any such equipment and recognized as complying with all fire law regulations.

Section 3. Any such equipment as provided for shall be installed or repaired, in a workmanlike manner which shall comply with all laws and the regulations of the City, the regulations of the National Board of Fire Underwriters and the regulations recommended by the National Fire Protection Association.

Section 4. When any such equipment is installed as herein provided, same shall not be placed in operation or used unless and until said installation has been approved, as complying with this ordinance, by the City Secretary.

Section 5. Any person, firm or corporation installing any such equipment as herein provided shall secure the approval of same as complying with the requirements of this ordinance by the City Secretary, as herein provided for, and shall, upon requesting such inspection for approval, pay an inspection fee of \$1.00, for each piece of equipment, to cover cost of inspection.

Section 6. All tank trucks and tank trailers used for the transportation of liquefied petroleum gases within the City shall be so constructed and operated as to comply with the regulations for the design, construction and operation of automobile tank trucks and tank trailers for the transportation of liquefied petroleum gases as approved by the National Board of Fire Underwriters and the National Fire Protection Association. Any person, firm or corporation who shall operate or cause to be operated any tank truck or tank trailer used for the purpose of transporting liquefied

petroleum gas within the corporate limits of the City shall keep any such equipment in good condition at all times, and upon the development of any defect that would create a hazard to persons or property, said tank truck or tank trailer shall be removed from the streets of the City until such defects have been repaired, or faulty equipment replaced; and any such tank trucks and tank trailers shall be subject to inspection by the proper authorities at any time. No tank truck or tank trailer shall be stored, parked or operated upon any street within the fire limits; nor shall they be stored or repaired inside or outside of any building within the fire limits as defined by ordinance.

Section 7. All liquefied petroleum gas sold within the City shall be treated with a malodorant in such quantities as required by State law to create an odor easily detected in case of leaks in piping or equipment.

Section 8. In the event any section or part of section or provision of this ordinance shall be held invalid, such invalidity shall not effect the valid portions hereof, which shall be enforceable regardless of such holding.

Section 9. The fact there does not now exist any rule or ordinance regulating and controlling the installation or use of manufactured or liquefied petroleum gases within the corporate limits of the City of Dimmitt, which said gases are highly volatile and inflammable and if not properly controlled and regulated constitute a dangerous and hazardous condition affecting life and property, creates an emergency and imperative necessity for the immediate preservation of the public welfare and safety, which necessitates the suspension of the rule requiring ordinances to be read on three separate days before the final passage thereof, and that no ordinance shall become effective before the expiration of ten days from the time of its final passage; wherefore such rules are hereby suspended and this ordinance shall be effective from and after its final passage, and it is so ordained.

Passed and approved this 8th day of February A. D., 1945.

Modern Gas Service

Many women, working long hours beside their sons and husbands on America's production lines, are also keeping things humming at home. Meals must be cooked. Food must be purchased and preserved. There must be hot water for baths. Modern gas engineering is keeping these women on the job, both at home and at defense work. Research carried on years before the war has put such outstanding gas appliances as the automatic water heater, kitchen range and automatic gas heaters in millions of American homes... homes that today are operated by these defense working women... and they are the people who can truly appreciate every little convenience that Natural Gas is giving to them now.

BASKETBALL SEASON ENDS

Basketball season ends Friday and Saturday and the Bobcats play their first game in the district tournament at Canyon. The winner of this game will play Dumas, and the loser plays the loser of the Friona and Hereford game.

Sports will turn to track, and boxing Monday and any boy who wants to work hard may come out. Dimmitt will try to arrange some dual meets, and to compete later in the district meet.

TUMBLERS IN OUR MIDST

If you hear the girls of D. H. S. groaning and moaning, it is because they have just come out of a Physical Ed class of tumbling. The girls P. E. Classes are learning the forward roll, backward roll, hand spring, cart wheels, and various other exercises. Good health is an asset to one's life, therefore these girls are making great headway.

SPORTS REVIEW OF THE WEEK

The Dimmitt and Bovina boys played a very interesting game last Friday night at Dimmitt. The score was very close for the whole game with the final score of 46 to 50 in favor of Bovina.

The high-point man for Dimmitt was Don Hargrove, the only Senior on the team.

The Bobbies defeated Friona last Tuesday night 27 to 22. This was the first time the Friona girls have been defeated this year. They played their B-string until the last quarter of the game when they sent in their A-string expecting to defeat the Bobbies. They got the surprise of their lives when the Bobbies defeated them 5 points.

The Dimmitt Bobcats were defeated by the Friona Chieftians here last Tuesday night.

The Bobcats were out to play a good game of basketball and play it fair, but they were out numbered in height and experience.

Joe Harrison played very good ball and made a good many points for the Bobcats. Charles Howell did a very good job on the backboard.

The Bobcat "B" string was defeated Friday night by the Bovina "B" string. The junior boys played the first half of the game and did a good job of it for they were several points ahead but the regular "B" string came in at the half and were defeated 25 to 26.

QUESTION OF THE WEEK

Do you think that the Bobcats will at least win one trophy at District?

Joyce: They have waited until pretty late in the season to start to the top.

June: If they do not it isn't because they did not try.

J. E.: We hope they will.

Genevieve: We hope them all the luck.

Dorothy Dee: If they try they can.

BOND QUEEN CROWNED

Carolyn Rawlings was crowned Bond Queen of Dimmitt High School in chapel Wednesday.

The chorus was composed of Junior and Freshman girls who introduced each candidate with a song.

WE APOLOGIZE

The following article has been left out of the paper by mistake, but we wish to ask the pardon of the Home Economics Club for this error.

The Annual Best Beau Party, sponsored by the F. H. T. Girls, was held January 24 in the Home Economics department. This Banquet was one of the best in the history of our school.

The room was decorated in navy blue and white. The "Navy" theme was carried out throughout the program.

The girls and all their "best beaus" reported a pleasant evening.

HOME ECONOMICS DEPARTMENT NEWS

The first year girls have started the study of food and food preparation. They have been preparing foods served for breakfast.

THANKS TO J. O. AYERS

For the past two days J. O. Ayers has been taking pictures for the annual. Quite a lot of students and teachers have been caught "off guard", so there should be quite a few good laughs. Each organization and class have had group pictures made and several good shots have been made of the school building. The success of our annual depends to a great degree on the snap shots, and we have Mr. Ayers to thank for them.

CAN YOU IMAGINE

Bill S. and Marilee, Bob M. and Marlene, "Tiny" and Jack Z. were in the show Sunday afternoon.

Some of the Chemistry students jumped when their pictures were made surprisingly.

The basketball boys go to district at Canyon this week-end.

The girls go to Claude next week-end to their district.

They are putting dictaphone in Dimmitt High School.

Some young people were entertained in the Simpson home in honor of Clarence Leasure, Jr., and Merle Mathews. Merle is home on furlough and Junior is leaving for military service soon. Everyone reported a nice time.

JOKES

Miss Merritt: "Who can tell what made Frances Scott Key famous?" Charles Henry: "He knew all the verses of the "Star Spangled Banner".

Uncle: "So this is the young hopeful, eh? Why, I looked just like him at that age. What's he crying about?"

Little Niece: "He must have heard what you said."

"Could I have a day off, sir, to help my wife with her house cleaning?"

"No, I'm afraid not."

"Thank you, sir I knew I could count on you".

GOSSIP

Joyce Sherrill, J. A. Bagwell, Genevieve and Billy T. made a foursome in Hereford Saturday night Joyce and J. A. were a new couple.

Monday and Tuesday some pictures were taken for the annual; therefore explaining the "sliced-up" appearance of several D. H. S. students and teachers.

Johnnie and Virgie Eva were together Sunday afternoon in Dimmitt.

Billie Jo, Leo, Norton and Novelle were seen in town Sunday afternoon.

Frank and Judy were in Dimmitt Saturday night. Another new romance—eh what?

Thomas and Joyce were with Joe and Jerry at church Sunday night.

A farm lad who took a defense job in the big city returned home a few months later to report he was flat broke in spite of the big pay. He said, "Most of my money I spent on women and whiskey. The rest I just wasted."

"I have a dog that growls, a parrot that swears, a fireplace that smokes, and a cat that stays out all night. Why should I want a husband?" the spinster says.

Castro County 4-H Club Boy Writes Best Story About Trip To Chicago

The following story was submitted to the News for publication by County Agent M. U. May, who declared that Cecil Ray Jones, a Hart 4-H Club boy who was recently awarded an expense paid trip to Chicago, wrote about his trip which was judged as one of the five best stories, out of the fifty written by the Texas boys who made the trip:

A TRIP TO THE 4-H CLUB CONGRESS (By Cecil Ray Jones)

This trip to the 4-H Club Congress at Chicago was very interesting as well as educational. I want to express my appreciation to the Santa Fe Railway as well as to everyone else who made it possible for me to make this trip. I left my home town, Hart, and went to Plainview where I caught the train. B. J. Holland, a 4-H delegate was already on the train. We went to Lubbock where we met four other boys. There were also two men that went with us on into Dallas. This was my first night to sleep on a pullman, and therefore, I did not sleep much. When we arrived in Dallas, we reported to Mr. L. L. Johnson, who with his wife, accompanied us on the trip.

The day we were in Dallas we got to go through the North American Airbase. Here we saw how the parts were manufactured, assembled, and the planes tested. This tour was very educational as well as interesting. We then went back to the hotel, where we ate supper.

From there we caught the night train heading for Chicago. It was certainly nice to get to see all the northern country in the daytime as well as the Mississippi River. We arrived in Chicago at 10:30 P.

M. and spent the night in the Harrison Hotel.

Sunday morning we went out to the Navy Pier on Lake Michigan. There were several large ships and all kinds of guns.

We went back to the Hotel at noon where we had a turkey dinner. In the afternoon everyone met in general assembly in the grand ballroom in the Stevens Hotel. Here we heard Mr. Mylo S. Bowney, Chairman of Extension Sub-committees on 4-H Club Work. We also heard Mr. William O. Kurtze Jr., President of Chicago Junior Association of Commerce and Dr. Howard Y. McChisky of the University of Michigan.

After hearing these speakers they gave us information as to what we would do while at Congress.

Sunday night we were guests at Chicago's Sunday Evening Club. The speaker for the evening was Dr. Richard C. Raines of the Methodist Church of Minneapolis, Minnesota. Seven national 4-H winners were given medals and awards there.

Monday morning we went to the Grand Ballroom in the Stevens Hotel to eat breakfast and hear Don McNeill and the Breakfast Club. This was certainly a grand program that he gave for us. I had always wanted to visit one but never thought I would have the chance. After this we divided up into several different groups where we discussed how we could improve our health and the health of the nation. Everyone had a different idea and it surely made it interesting.

We then went to the Palmer House for luncheon and entertainment. Here we were guests of the International Harvester Company. The International Company is now

manufacturing bullets for machine guns and many other things. They told us of their post war plans.

In the afternoon we went to the museum of Science and Industry. Major Lenox Lohr director of the museum, lead us through it and told us about the most interesting things.

Dinner and entertainment was furnished by Thomas E. Wilson chairman of Wilson and Company. That day he had won grand champion on his calf. He awarded us with an annual which was very nice.

Tuesday morning, Reuben Brigham, assistant director of Extension Service, made a talk on "My club, my community, my country". After hearing his talk it made us all realize what we are doing in our 4-H work and encouraged us to keep up our work. After his speech we divided up into thirteen discussion groups and gave our own ideas compared to his.

Luncheon and entertainment was given to us through the courtesy of the National Live Stock Producers Association. This was at the Sherman Hotel. We left there and went to Chicago's National History Museum. This was very interesting although we didn't have long to stay there.

That evening we were guests of Sears, Roebuck and Co. in the Grand Ballroom in the Stevens Hotel. They furnished a grand dinner and entertainment and everyone went away happy. From here, we went to the Aragon Ballroom where we were guests of the Spool Cotton Company. The music was furnished by Eddie Oliver and his orchestra. We sang, played games, and danced for several hours.

Wednesday morning we had a special Santa Fe Breakfast in the Blackstone Hotel. There was also a special entertainment for us, a woman drew our pictures. Besides this they gave us a Santa Fe ever-sharp pencil.

Again we met in general assembly in the Grand Ballroom of the Stevens. There was a summary of

group discussion by a panel of 4-H delegates on "What the Job Looks Like to Us." Also awards were given by American Viscose Corporation. Luncheon and entertainment was furnished by Mr. J. L. Kraft, Chairman of Kraft Cheese Company. This was also a very interesting program.

Mr. B. H. Heide made it possible for us to tour Chicago's Fat Stock and Carlot Competition and Saddle and Siroin Club. We only had two hours to visit all of these but I would like to have spent much more time there.

The last night we again gathered in the Grand Ballroom for dinner. Later we got to hear and see the broadcast of "Victory Parade

Hart High School News

Monday morning found everyone guessing who wrote the "Hart High School News" for last week and who is the Fearless Five, could it be some of the boys or freshman girls.....

Bob have you lost all interest in Dimmitt? Seems like it. But we do think Janice is cute.

Mildred Paterson was noticing a Kress boy Friday night (Raymond Blount).

Who was Dean with Friday nite?

It wasn't Sue because she spent the week-end in Amherst having some teeth pulled. Poor Sue, we felt sorry for her.

Lucy who's glove was that you got Monday? Could it be Gus? Lucy you're really getting bad, first swiping a coat then a glove. Everybody be on the watch-out when you see Lucy coming your way.

Geneva, if you don't quit looking at Earnest Lee so much in class, you might come up with some low grades next six weeks. And what would your mother say about that?

Who was Patsy with Friday night? OH BOY! Was it Billy or Raymond?

Billy really gets around, a girl from Hart Friday night, one from Dimmitt Saturday night, and who was it Sunday night?

Gus has been singing "Worried Mind," is Ann the cause of this?

Who was that girl that Jack Godfrey called Saturday night? And why does he go to Plainview to make his calls?

Where did Bob and Janice go Saturday night?

Mildred, Lucy, Earline, Gus, Willis A. Geneva, Earnest Lee, Betty, Bobby Ed, Bud, and Bonnie were seen in Plainview Sunday.

All three basketball teams were defeated at Kress Friday night. Billy Phillips was high point man on the "A" team, with 15 points. The "B" team was only defeated 4 points, Charles was ill and you know he is our star player. The girls played their best game of the season, says Mr. Powell.

Bobby Ed did you see the Howard girls Sunday? From what the birdie says you did—

Lucy is where she belongs, "In The Wide Open Spaces". She has moved to the farm. Near Jack Godfrey.

Claude is a pretty good guy. He takes everybody home after the ball games. "Thanks Claude".

Earline, where is Bill Lacy lately? Is he afraid of Badger?

Jacky what about Wanda? You have us all mixed up.

Louise, it looks like Ann is beating your time.

SONGS:

Who's heart is breaking, now—Bill to Earline.

"Am I blue" Bonnie (I wonder why?)

"You always put the one you love" Concha to Bob.

"Together" Bob to Jayniee.

"It's making believe" Billy to who knows who—Phyllis?

I couldn't sleep a wink last night" Dean to Sue..

Date Dress Diverts More Money to Bonds When Made by Woman in Home

The harem-draped skirt gives unusual eye appeal to this winter date dress. The smooth fitting bodice with high, heart-shaped neckline is a perfect setting for costume jewelry. Shown here in fuchsia, it would be equally attractive in other colors. Combine lines and colors best for the wearer and save money for extra War Bonds. Similar patterns available at local stores.

BOOST G. I. MORALE WITH GOOD LETTERS, GIRLS ARE URGED

WRITE the kind of letters that will make your G. I. Joe, service brothers, sisters, cousins, friends say "That sounds just like Jeanie!" is the advice Holly Miller gives 'teen age girl readers of her column in Capper's Farmer.

"You'll be lifting morale and at the same time having yourself a good time," she declares in the nationally-circulated farm magazine. "The trick is to write as if you were talking to the person. If he or she were there, you'd probably tell how you thought you'd die try-

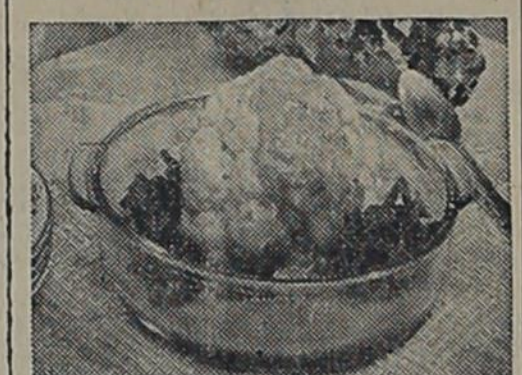

ing not to laugh backstage when the villain's beard dropped off just as he raised his gun in the second act of the Junior Class play. And how he covered it by saying "That was the quickest shave I ever had."

"Put in a little spice. Give your correspondent the low-down on the latest gossip, if you will, but keep a light unmalicious touch. For a good will bonus, tuck in snapshots, clippings, cartoons.

"As to the actual letter, remember it's the only tangible evidence the receiver has of you. You'll want it to look neat and legible. Use nice paper, V-mail if it's to go overseas. Your special G. I. Joe will probably like the faint scent obtained by sprinkling bath powder or sachet in the bottom of your stationery box."

India Curry Sauce Peps Up Cauliflower

Crown a plump head of cauliflower with teasing India curry sauce containing onion and apple and you'll add unsuspected newness and pleasure to a cold-weather meal.

That's a tip to home-makers given by Marjorie Griffin, Home Editor of nationally-circulated Capper's Farmer. Parsley or watercress garnish will give color, she says, while curry powder and tabasco sauce will pep up the blandest cauliflower.

India Curry Sauce
2 tbs. butter 1 tbs. curry powder
4 tbs. minced onion 2 lbs. flour
4 tbs. dried apple 1 c. cauliflower water
1/2 tsp. salt Parsley

Melt butter and add onion and apple; cook slowly until tender. Add salt, curry powder and flour, stirring until well blended. Slowly add cauliflower cooking water, stirring constantly. Cook over low heat about 7 minutes. Pour sauce over a head of cooked cauliflower, garnish with parsley, and serve at once. Serves 6.

"You'll be amply repaid for the time and ingenuity used in planning appetite-whetting dishes such as this," Miss Griffin writes.
