Bronte Man Victim Of Highway Crash

Tony R. Hallmark, 56, well known Bronte farmer, died at 1 a. m. Wednesday at a San Angelo hospital from injuries received when an auto crashed into his tractor on the highway north of Bronte about dusk on July 4.

Judge Bob L. Davis of Robert Lee, who was returning with his family from Abilene, took the injured man to Bronte after which he was rushed to the hospital. He suffered a fatal skull fracture, a broken jaw and serious eye injury. Mr. Hallmark failed to regain complete consciousness.

He had been working in a field north of Bronte and was homeward bound when the accident occurred. I. D. Derryberry of San Angelo, driver of the automobile, said he didn't see Hallmark's tractor until his car struck it. Derryberry sustained an injured knee and a cut on the face. The tractor was demolished and the car badly damaged.

Judge Davis said the car passed him at high speed. He also said the tractor had lights.

Derryberry, about 30 years of age, is a former Abilene resident and is now employed by West Texas Utilities Co. in San Angelo. He had one eye put out while in serving in the recent war.

Highway patrolmen were called to the scene and made investigation of the accident. Derryberry was held under a technical charge and following Hallmark's death a charge of negligent homicide was filed against. He is free under \$1,000 bond.

Mr. Hallmark was born Jan. 25, 1891, and had lived in this county nearly 50 years. He was a son of the late Ben Hallmark, well known early day resident. He operated a farm a mile and a half south of Bronte.

Tony was a good citizen and was respected by everyone who knew him.

He is survived by three daughters, (Ethel) Mrs. Tom Davison of Sweetwater, (Meta) Mrs. O. W. Eubanks, Jr. and (Jean Ann) Mrs. Woodson Adkins, both of Robert Lee. He also leaves a sister, Mrs. Eula Holman of Bronte.

Funeral services were held at the Church of Christ in Bronte at 4:30 Wednesday afternoon in charge of the Rev. C. R. Blake, Baptist minister. Burial was in Fairview cemetery at Bronte.

At Brady Race Meet

Mr. and Mrs. H. C. Allen and Mr. and Mrs. Gerald Allen attended the races at Brady over the Fourth. Hawley's three year old race horse, Texas Portden, took second in the five-eighths dash, competing with some of the best horses in West Texas.

Jake and Pete Davis and their families visited here the Fourth at the parental G. E. Davis home. Jake is doing a fine business as distributor for Dairyland products at McCamey and his brother, Pete, is moving there from Colorado City to give him a hand.

J. W. Service, Jr. arrived this week from Scott Field, Ill., to be at the bedside of father who is critically ill.

Mrs. Mattie Tinkler and son, Roy, and Clarence Tinkler and family were 4th of July guests in the Harold Killam home at Coleman. Mrs. D. A. Dumas and children of Mereta accompanied them. Mrs. Tinkler remained for a week's visit at Coleman.

Bloodworth Family Reunion

A family reunion occurred Sunday, July 6, at the H. L. Bloodworth home near Silver when all the children and their families were present. They included the Allen Bloodworths and children, Barbara and Bill, of Mason, Texas; Wayman Robertson and wife of Robert Lee, the Raymond Bloodworths and daughter, Judy Janelle, of Silver, Mr. and Mrs. Willie Price and sons, Eddie Ray and Gary Don, of McCamey, and Ernest, Jewell and Clayton Bloodworth of Silver. Other guests were J. C. Wallace, Jr. of Robert Lee, Mr. and Mrs. John Walker, Dwain Walker, Curtis Walker and family, Mr. and Mrs. Robert Walker and Tommie, and Billie Jack Wimberly of San Angelo.

Bro. Tommy Williams To Hold Gospel Meetings

A series of Gospel Meetings has been announced for the North Side Church of Christ in Robert Lee to be held July 11 to 20, inclusive.

The meetings will be in charge of Bro. Tommy Williams of Abilene, a Robert Lee native son who is making an outstanding success in the evangelistic field. He is the son of Mrs. Mabel Williams and is frequent visitor in his old home town.

Special music will be provided, and this congregation is well known for its excellent group of singers. A large air conditioning unit has been installed which insures complete comfort for those who attend.

Since Robert Lee has more than one Church of Christ, the public is advised that the North Side church is located across the street south of the Methodist church just a block off main street.

Legion Election

All members of the American are requested to attend a regular meeting next Tuesday night, July 15 at 8 o'clock. There will be election of officers and other important business.

Javan Vosburg and wife of Rankin were 4th of July guests of her parents, Mr. and Mrs. Mitchell Davis.

Mr. and Mrs. Wayne Batten of Roseburg, Oregon, are the parents of a daughter, Mary Aline, born July 3. Mr. Batten is a former well known resident of the Silver community.

Letha Mathers returned Saturday to Denver, Colo., where she is studying watch making. She was accompanied by her brother, Newman (Mutt), who expects to find employment in the "mile high" city.

Mrs. J. Q. Burns and sons, Junior and Ginger, of Hatch, N. Mex., accompanied by Jamie Bilbo and her roommate of Alpine, were holiday visitors the last of the week in the A. J. Bilbo home.

Mr. and Mrs. Will Simpson of El Paso were Robert Lee visitors this week.

Mrs. Carl Richman of Bronte suffered a broken arm in a fall last Saturday and was taken to a San Angelo hospital for treatment. Her husband is foreman of the Atlantic pipeline booster station southwest of Bronte.

Mrs. S. J. McSpadden and children, Sadie Nan, Kay and Tony, arrived last week from Marfa for a visit in the home of the former's mother, Mrs. N. C. Brown, and other relatives.

Mr. and Mrs. S. G. Danford have both been ill this week at their home near Edith.

Surgery Fatal To Drexel Black, 41

Drexel Black, 41, well known Robert Lee business man, died at 7:30 Wednesday evening at Shannon hospital in San Angelo, from complications following a recent surgical operation.

Funeral services will be held at 2:30 Friday afternoon at the Cox Funeral Home in San Angelo, and burial will be in the San Angelo cemetery.

He underwent a serious gallstone operation on Wednesday of last week, and was apparently making a satisfactory recovery until peritonitis set in. On Monday physicians reported the infection had spread rapidly and his condition became steadily worse.

Members of his family were called the first of the week and kept a constant vigil at the bedside. He was given a series of transfusions and showed slight improvement Wednesday morning, after which he suffered a relapse and death occurred that evening.

The passing of Drexel has brought deep sorrow to the community where he was loved and admired. Seldom has anyone made more friends than he in the short time he had resided here.

Drexel and his brother, J. D. Black, came here from Iraan in May of last year and purchased the Earl Roberts grocery and market. They were highly successful and immediately established themselves as good business men fine citizens. Drexel had been afflicted for some time with a chronic gall bladder condition, and for several weeks had made plans to submit to surgery in hopes of obtaining relief.

He was born Jan. 26, 1906, at Lyra, Texas, a son of Mr. and Mrs. Sam Black, and died July 9, 1947, at San Angelo, at the age of 41 years. The family moved to Thurber, Texas, in 1920, and lived there until 1934 when they went to Iraan. He came to Robert Lee May 8, 1946, being engaged in the grocery business with his brother and made his home with his brother, J. D., and the latter's wife, Grace.

He entered service in the army in October, 1942, and discharged in September, 1945. He was a member of the Church of Christ, the Masonic lodge and Eastern Star, the American Legion and the Robert Lee Junior Chamber of Commerce.

Surviving are his parents, six brothers and three sisters, as follows: Bill, Forest, Garland and Lavoyce of Iraan, Sammie of Ft. Worth and J. D. of Robert Lee, Mrs. H. L. Boyd, Mrs. H. C. Monroe, Jr. and Mrs. Earl Hines, all of Iraan.

Mr. and Mrs. Kendall Young of Ralls came for a visit Sunday with the former's sister, Mrs. Chism Brown, and husband. Bro. R. B. Young, who spent a month in his son's home at Ralls, returned to Robert Lee with them.

L. M. Service was taken back to the San Angelo hospital early Monday for treatment of a serious heart condition and pneumonia. He was reported improved Thursday morning.

Mr. and Mrs. Wylie Byrd of Silvertown, former old time Coke county residents, have been guests in the home of their daughter, Mrs. I. M. Austin, and family.

For Sale—Duplex house all modern, near pavement, 3 blocks southwest of high school. Robert Leonard.

A Fine Barbecue

Willie I. Tubb was host to several hundred neighbors and friends on Wednesday evening of last week at a barbecue. The event was held in a lovely small grove on Sand Creek near Fred Jameson's No. 2 oil well. Two fat young steers were butchered for the feast and there was an ample supply of excellent food for everyone, including a 55-gallon barrel of iced tea. Barbecues have been in order since the first oil well strike near Silver last winter. Allen Jameson was host at the first one after his producing well was finished, while Fred and Homer Jameson followed suit after wells were completed on their holdings. Mr. Tubb's first producer was brought in last month and a second test is now under way on his land.

Robert Lee Bank Makes Fine Showing

A condensed statement of the Robert Lee State Bank in this issue shows that the institution made rapid gains during the past six months.

The June 30 report indicates footings of nearly a million dollars, which is an increase of almost \$300,000 since the first of the year. Deposits jumped from \$654,646 to \$928,976. The bank also showed a gain of \$75,000 in loans.

This is the largest amount of business ever reported by the Robert Lee bank and indications point to a continued growth. T. A. Richardson, bank cashier, attributes the increased deposits to money from oil leases and royalties and the high price of Coke county sheep and cattle which have gone to market.

Ozona Meets Bronte In Crucial Game

Robert Lee's base ball team will rest this week, having completed its first half of the Concho Basin league schedule Sunday. Some postponed games will be played off and chief interest centers around the Ozona contest at Bronte.

Ozona leads the circuit with eight victories and one defeat, while Bronte has six wins and two losses. If Bronte can handle Ozona there will be a three-way tie for first place, since Veribest has only lost two games. Robert Lee has possession of fourth place with six wins and four defeats, which is a pretty fair showing.

Second half of the league season gets underway July 20, the new schedule to be announced in the near future. The San Angelo Colts have been admitted to membership, making 12 clubs in the circuit.

Last Sunday's scores: Veribest 7; Bronte 6 (10 innings). Ozona 8; Eola 1. Robert Lee 8; Miles 4. Maverick 3; Lowake 0. Sonora 11; Eldorado 7.

Chas. Shropshire of Phoenix, Ariz., is here for a visit with his brother, B. W. Shropshire. The former resided in Robert Lee for short periods many years ago. His last visit here was in 1921 at the time of his father's death.

Mrs. R. S. Crum returned Wednesday from Austin where she spent two weeks with her daughter, Mrs. H. H. Davis, and family and her parents, Mr. and Mrs. T. B. Ross.

Bert Duncan is home from Denver, Colorado, for a visit with his family.

Here's Latest Coke County Oil News

Sun's Fred Jameson No. 3 had drilled to a depth of 6,565 feet Thursday afternoon and was preparing to take another drillstem test. A good oil showing was recovered last week from 6,000 to 6,135 feet, but further tests deeper into the Pennsylvania have failed to indicate a great quantity of oil. Operators indicated that drilling may be continued deeper.

Sun No. 2 Allen Jameson, a half mile north of the discovery producer, was cleaning out this week after shooting a section bottomed at 6,471 feet. The test was drilled into the Ellenburger to a depth of 7,110 feet, but sulphur water prevented completion in that section. Bottom of the hole was plugged with cement and an effort made to get production in the Pennsylvania lime.

A quantity of 135 quarts of nitro glycerine were used in the shot. After cleaning is finished a packer will be set in preparation for a test. Indications are not too promising for bringing in a producing well.

Sun's A-1 Willie I. Tubb was drilling ahead Thursday morning in white lime at 4,120 feet. The contract calls for exploration of the Ellenburger. Location is a quarter mile north of No. 1 Tubb, recently completed as an excellent producer.

Two new locations in the Jameson field near Silver were announced by Sun. When released at No. 2 Allen Jameson, the Robert & Hawkins rotary rig will be moved to No. 2 Tubb, a quarter mile south of Tubb No. 1. Baker-Taylor will move to No. 2 Homer Jameson after completing operations at No. 3 Fred Jameson. No. 2 Homer Jameson is a quarter south and a quarter west of No. 3 Fred Jameson.

Scurlock Oil company of Houston is preparing to lay a 6-inch pipe line from the Jameson field in northwestern Coke county to Colorado City. Scurlock is purchasing the entire output of the field, currently about 500 barrels a day from five completed Sun wells, paying \$1.80 per barrel for the crude at the lease. The firm is now hauling the oil by transport truck to Bronte where it is loaded into railroad tank cars.

Mr. and Mrs. Bill Craddock of Colorado City are the happy parents of a daughter, Robbie Ann, born at 3 a. m. Thursday, July 10. Mrs. Craddock is the former Carlene Clark, daughter of Mr. and Mrs. F. C. Clark, and the parental grandparents are Mr. and Mrs. J. S. Craddock.

Mrs. Jahew Jameson and daughters, Donna Jean, Susie and Billie Fred, and Mr. and Mrs. Dennis Counts and son, Richard, returned Sunday from a week's visit with the ladies' brother, Rex Green and wife, at Hickman, N. Mex. Dennis and family are guests this week in the parental Alvin Counts home.

The condition of Fred O. Green, former city secretary, remains very critical. He relied somewhat for a few days, but suffered hemorrhages again Wednesday night.

Mrs. Frank McCabe was reported as resting comfortably yesterday at a San Angelo hospital, although her condition is considered critical.

Bunyan Millican went to Abilene Thursday where he accepted a position as bus driver for the Sunset line. He will be relief driver at present, and may be given a permanent position.

WEEKLY NEWS ANALYSIS

**Eisenhower To Head Columbia U.;
Soft Coal Miners Stage Walkout;
Income Tax Slash Fight Renewed**

Released by Western Newspaper Union.
**(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of
Western Newspaper Union's news analysis and not necessarily of this newspaper.)**

**IKE RESIGNS:
Goes Academic**

General of the Army Dwight D. Eisenhower has resigned as army chief of staff to accept the presidency of Columbia university in New York, effective early next year.

His decision to step out as top man in the nation's military hierarchy to take the academic post was announced in a statement by Maj. Gen. Floyd L. Parks, chief of the war department's public relations division. The statement said that Eisenhower accepted the Columbia presidency with the approval of the President and the secretary of war. His resignation will become effective "at such time as his superiors may release him from active duty in the army."

Eisenhower

The man who mapped the strategy which brought victory to Allied forces in Europe in World War II will retain his rank as a five-star general for life and continue to receive a compensation of about \$15,000 a year.

Initial speculation on a successor to General Eisenhower as chief of staff centered on Gen. Omar N. Bradley, now Veterans' administration chief, who commanded the army ground forces in Europe during the war. Other high-ranking generals under consideration for the position were Gen. Jacob L. Devers, army ground forces chief, and Lt. Gen. J. Lawton Collins, chief of army public information.

As president of Columbia, Eisenhower will be the successor to Nicholas Murray Butler who retired in 1945 and is now Columbia's president emeritus. The general has also been elected a member of the university's board of trustees.

Bradley

**MAD ON:
Miners Out**

"Let the senators mine coal," was the cry of many of the 180,000 soft coal miners in 10 states as they staged a general exodus from the pits just 24 hours after the Taft-Hartley labor act went into effect.

Acting to avert a possible national calamity, the justice department immediately launched an investigation to determine whether an injunction can be brought against John L. Lewis and the United Mine Workers union.

The Taft-Hartley act contains a provision authorizing the government to seek an injunction to halt a national emergency strike, but the President would be required to name a board of inquiry to report to him first. That would take days, perhaps weeks. Justice department attorneys were attempting to determine whether an injunction could be brought without using the new law.

However, it was not immediately clear whether the miners had walked out of their own volition or had done so upon the instigation of John L. Lewis and other union leaders.

The United Mine Workers union's contract with the government expires June 30, and, since the miners traditionally do not work without a contract, their walkout was generally regarded as jumping the gun on the contract's expiration.

**STILL ALIVE:
Revive Tax Cut**

Chances for an income tax slash, which appeared to have gone glimmering when President Truman vetoed the Republican-sponsored bill calling for a four-billion-dollar cut, rose again as the Republicans suddenly began a concerted move to repass the measure.

Representative Knutson (Rep., Minn.), chairman of the house ways and means committee, re-introduced the bill, and Speaker of the House Joseph Martin (Rep., Mass.) said it would be taken up by the house "at the first favorable opportunity."

The regenerated bill, revised only to make the tax cuts effective Jan-

Despair

Ragged, disheartened and utterly discouraged, this German sits on the curbstone of a Frankfurt street amid the wartime rubble which has not yet been cleared away.

uary 1, 1948, instead of July 1, 1947, is believed to have a better chance of survival this time because of the changed effective date.

It was reported, too, that some Democrats who voted to sustain Mr. Truman's veto of the original bill have changed their minds and would support the revived measure. Senator George (Dem., Ga.) added his support with the statement that he would back the new bill if it comes up "with much more confidence than the previous bill."

OLD STORY:

Gas Ration

The long-heralded gasoline shortage in the Middle West finally assumed the guise of reality for thousands of motorists as Standard Oil company of Indiana announced that during July and August it would limit gasoline distributors to supplies equal to the amount consumed last year.

Major supplier for a 12-state Middle Western territory, the company said it was compelled to set up such an allocation system because of a 15 per cent increase in business over last year, coupled with a 30 per cent reduction in its refinery and terminal stocks.

Gasoline consumption last year was 27 per cent higher than in 1941, the highest previous year. This year it is running from 6 to 8 per cent ahead of 1946, not including the extra increase from widespread farm use in the Middle West.

Other refineries had no immediate plans for rationing their gasoline supplies, although they indicated that the step might be made necessary if there is a large diversion of business from Standard.

Eastern refineries estimated that they would have enough gas to pull through the summer. Some described the situation as "a little tight," however.

VETS ABROAD:

VA Headache

Veterans' administration has a number of headaches, not all of which originate in this country.

For there are 23,000 American veterans scattered through practically every civilized country in the world. More than 3,000 are studying under G.I. education benefits in 332 schools and colleges in 34 foreign countries. And, as schools in this country continue to overflow, the number of ex-G.I.s going abroad to study is increasing rapidly.

Thus, VA's difficulties mount. At one point it discovered that 200 veterans attending schools in England weren't getting their subsistence allowances, nor were the schools receiving tuition for the students. VA had to send representatives to London to set up a new office and straighten out the tangle.

WHALES:

For Japanese

Despite protests from both Great Britain and Australia, Gen. Douglas MacArthur is going ahead with plans for a second Japanese Antarctic whaling expedition.

Feeling that they are backed by American public opinion, supreme command officials in Tokyo took the attitude that it is better to let the Japanese get some food for themselves than to make Americans give up food to them and pay for it too.

FLOODED OUT:

No Bumper Crop

Experts who recently predicted a three billion bushel corn crop this year were hastily revising their estimates in the light of continuing torrential rains and widespread floods which have transformed much of the Midwest into a soggy mass of mud.

Damage has been particularly heavy in Iowa, extending from one end of the state to the other. Flooding of river bottom lands is only part of the loss.

Thousands of acres of crops have been washed out, and the loss is considered irreparable. It is too late to replant with anything except forage crops and possibly buckwheat if seed is available.

On upland farms, ponds and lakes overflowing their boundaries also will cut seriously into corn yields. All in all, a bumper corn crop is considered extremely unlikely, even with a favorable growing season up to October.

Some authorities have begun to believe that the government's grain export program should be re-examined in view of conditions existing on the nation's farms at present.

ATOM TREATY:

Hope Dies

Hope of writing an international atomic control treaty before the United Nations general assembly meets in September virtually has been abandoned by the U.N. atomic energy commission.

Deadlocking the situation is the now commonplace fact that Russia and the western powers remain diametrically opposed on all major issues with regard to an atomic treaty.

Andrej Gromyko, Soviet deputy foreign minister, told the commission that Russia never would agree to any atomic control plan in which the large powers had no authority to veto the punishment of violators.

The United States, on the other hand, is insisting that the veto must not be used to assist countries or individuals in escaping punishment for atomic crimes.

THE TEST:

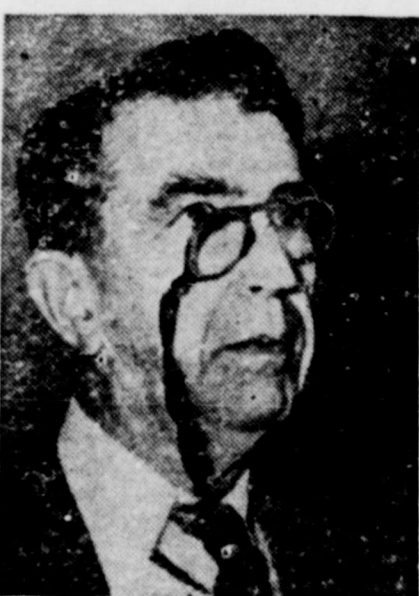

Three Meet

The meeting in Paris of the European Big Three, Soviet Foreign Minister Molotov, French Foreign Minister Bidault and British Foreign Secretary Bevin, is being heralded as a decisive test of East-West economic cooperation.

Consensus of opinion was that the talks would either launch Europe on a cooperative self-help program with American aid or widen the split between the Eastern and Western powers.

The conference is a halting, initial step toward a fulfillment of the "Marshall plan" for Europe—a proposal by Secretary of State Marshall which recommends establishment of an economic federation of the European states. As a loosely knit organization, it would operate as a unified reconstruction and recovery program with American aid.

Tough on Strikes

Rep. Howard W. Smith (Dem., Va.) introduced a bill to continue the government's authority to seize strike-bound properties, including coal mines, in the event of an industry-wide walkout which would affect national welfare.

PARADOX:

Food From Greece

A ridiculous paradox wherein the people of Greece, to whom the United States is sending money, food and military aid, are shipping packages of food to this country has been revealed by customs officials.

Following a disclosure that from 100,000 to 160,000 pounds of meat have reached the United States in small parcels in recent months, Harry M. Durning, collector of customs for the port of New York, acted to ban so-called "gratitude" shipments of meat to individuals in this country from friends and relatives in Greece.

HOBBY PAYS OFF . . . Two Atlanta school children examine a new school design, built in miniature by R. F. Snyder, Atlanta business man. Snyder's model-building avocation resulted in this revolutionary school design which has been converted to full-scale construction of rural schools in the South.

NO MORE 'HOOKEY'

**Inventive Salesman Perfects
Revolutionary School Design**

ATLANTA, GA.—An inventive salesman who is neither parent nor educator paradoxically has devised a rural school from which even the most recalcitrant children may be less loathe to play "hookey" in future.

He is R. F. (Russ) Snyder, Atlanta businessman, who teamed up his business with a hobby to produce a school design in miniature that has since been translated into full-scale construction. The feature calculated to hold the interest of pupils is that classrooms are almost as "outdoors" as the play-yard.

Several months ago Snyder attended the southeastern school conference in the interests of Libbey-Owens-Ford Glass company and came home with an idea buzzing in his head.

"Most kids don't like to stay indoors," he reasoned, "especially when the weather is nice outdoors. So why not bring the outdoors in to them?"

He sat up nights for two months, he says, building in his workshop a two-room school model.

"I opened up the walls to all outdoors with the biggest windows possible. And I found that twice or three times more daylight could be supplied to some of the desks than in traditional school design. Daylight has an important bearing on children's eyesight."

"The sun, you know, also can be used to help heat the school during cold months. And the large windows dispel that cooped-up feeling and give spaciousness to rooms."

Snyder set up his completed model in the company's display rooms and invited Atlanta architects and educational officials to inspect it. Enthused with his idea, he began addressing architects' meetings throughout the state and explaining his plans to parents' organizations and child welfare groups.

His school model featured a whole wall of glass to the south, with the roof extended to shield the big window against the sun in the extremely hot school months. Opposite, without sacrificing blackboard space, he placed a clerestory window high up under the roof to admit north light.

In the north room, he reversed the window arrangement and glazed the south clerestory window with heat-absorbing and glare-reducing glass to assure balanced lighting.

Today, rural schools patterned after Snyder's design to "engineer" the greatest possible amount of daylight into classrooms are actually under construction in the South.

Snyder has a quotation, too, from one of the world's authorities on lighting to bolster his theory:

"If from the age of five years," it says, "children did their reading and performed their other tasks of near vision in the abundant light of a window in daytime, there would be fewer wearing or needing eyeglasses when they finished school."

He figures he may have a hand in putting a good many of the nation's children in that "abundant" light in the years to come.

**Personality Course
Offered in School**

NEW YORK, N. Y.—Personality courses, designed to teach students how to acquire a "pleasant manner," are being offered in 27 vocational high schools here.

The program was started on recommendation of employers who said that "a far greater percentage of persons lose their jobs because of personality difficulties than because of inefficiency," George F. Pigott Jr., assistant superintendent, explained.

"Off We Go"
AVIATION NOTES

Airport Chatter

Establishment of an "air-age" class in Kent, Wash., high school is planned from proceeds of the city's first Sky Fair, staged at the Kent airport under auspices of the Lions club. Highlights of the program included formation flying by 30 navy planes, stunt flying, an air style show for women, exhibitions of aircraft and military equipment, parachute jumps and a helicopter demonstration. . . . Colorado communities seeking airport improvements will be aided by a new state program calling for state contributions to help the local communities match federal funds allocated under the 1947 airport program. Despite budget cuts, Colorado still is eligible for about \$250,000 of federal grants. Communities seeking airport improvements are Trinidad, Gunnison, Rifle, Monte Vista and Greeley. . . . A tour of the U. S. dryland field station at Akron, Colo., was arranged for Colorado flying farmers. The farmers and ranchers, most of whom piloted their own planes, were guests at a flight breakfast after their arrival in Akron.

A lawsuit on file in Santa Monica, Calif., court accuses helicopter pilots of using their machines to peep at women sunbathers "attired either scantily or not at all" at a swank beach club. The suit, seeking an injunction against the flying "peeping Toms," named as defendant the Los Angeles Airways, Inc., whose helicopter mail route passes near the club.

Military aviation appropriations after World War I made possible the first air mail service, the start of aerial forest patrol, crop dusting and aerial mapping.

ANOTHER FIRST . . . Miss Ann Kirk Shaw, 23, of Southport, Conn., who is shown at the controls in the cockpit of a helicopter ranks as the first woman to solo a "flying windmill."

Folks You Know

Mrs. Jarvis Littlefield was quite badly bruised and shaken up the Fourth while on a picnic with a group at the Colorado River. She was standing along the river when the bank gave way and she rolled and dropped a distance of 30 feet into the water. She was unconscious for a time, but suffered no serious injuries.

Mr. and Mrs. Dan Campbell made a business trip to Colorado City and Sweetwater early last week and on Tuesday visited the Benjamin Keys family at Christoval.

Mr. and Mrs. W. J. Shook and daughter and Mr. and Mrs. Gus Sherill and two children of O'Donnell, and Mrs. Valton Brady and Mrs. Mary White and husband of Lubbock visited here the Fourth with Mrs. J. E. Roane and went on to Hayrick to attend the old settlers reunion. Mrs. Brady was the former Blanche Popplewell and Mrs. White was formerly Mary Parker. Mr. Shook is a nephew of Mrs. Roane.

Marvin Stewart spent the Fourth at Stamford attending the rodeo and cowboy reunion.

Mr. and Mrs. Ell Hatley and son, Bobbie, Mr. and Mrs. A. V. Hughes and Mrs. J. I. Murtishaw spent the 4th with Mr. and Mrs. Delbert Vestal at Ballinger. They spent the day fishing and report a good catch.

Mrs. Mabel Cox and her father, M. E. Mundell, are here this week from Slaton visiting among relatives and friends.

Mr. and Mrs. Willis Smith and sons, Willis Wayne and Royce, and Wanda Mauldin enjoyed a picnic at the Bronte park on the Fourth with relatives of Mrs. Smith.

Mr. and Mrs. Matthew Caperton were among those who spent the 4th at Christoval.

Mrs. E. B. Creech has returned from a two weeks visit at Fort Stockton with her sons, Sidney, E. B. Jr. and Grover, and with her daughter, Mrs. Mary Adkins, at Imperial. They went fishing in Devils River and had fine luck. On the Fourth Mrs. Creech enjoyed a picnic on the river here with her daughters, Mrs. Jimmie Griffith and son of Abilene, and Mrs. L. A. Huelster and husband of Balmorhea. Richard Huelster, who has visited here several weeks, returned home with his parents.

Don Smith of Fort Worth is visiting his aunt, Miss Mettie Russell, and other relatives in Robert Lee.

Tom Smith came up from Ozona last Thursday to visit his brother-in-law, Fred O. Green, and other relatives. Other visitors at the Green home the last of the week included his niece, Mrs. Drue Zivens and husband of Loraine, and Mrs. D. I. Durham of San Angelo and her son J. R., of near Odessa.

Green Mt. 4-H Club

The Green Mountain 4-H girls met July 2nd in the home of Mrs. Dave King. Five members were present and plans were discussed for the annual camp. Punch and cookies were served to the following: Nelda Ann Sheppard, Eula Fay Smith, Annie Lou Boone, Joyce and Zona Mae King, Mrs. L. E. Smith, Mrs. Marvin Glasco, and the hostess. The next meeting will be July 17 in the home of Mrs. Delmir Sheppard—Zona Mae King, Reporter.

Attention Veterans!

The Veterans Administration announces the resumption of regular itinerate service to Robert Lee. Mr. George W. Curry, contact representative for the administration, will be at the office of the county judge each first and third Wednesday from 1:30 to 4 p. m. for the purpose of assisting veterans, their dependents and beneficiaries, in securing benefits to which they may be entitled as administered by the Veterans Administration.

Mr. Curry wants to remind veterans of this county that August 1 is the last day that lapsed G. I. insurance policies, which are more than three months past due, may be reinstated upon the veterans' "comparative health statement."

Be sure to contact your V. A. contact representative.

Barbara Ross is enjoying a week's vacation from her work at the Adams Abstract office.

GUARDIANS OF PAST

Hallowed Sites Preserved In National Park System

WNU Features.

National Park service has become one of the great trustees of American history and tradition. In the system of national parks today are more than 80 sites hallowed by the events that have transpired there or by deeds which have been memorialized in marble and stone. Almost every phase of America's past finds expression in one or more of these sacred areas, where National Park service is endeavoring to present American history in a simple, straightforward manner in order that it may be readily understood and correctly interpreted by every visitor.

At most of the more important sites a program of educational service to the public has been established with competent historians in charge. Guides will be found in many of the areas as well as museums with interpretative and study collections. At other areas guide service has been supplemented or supplanted by self-explanatory maps, literature, outdoor signs and trailside exhibits.

Historic sites in the national park system fall roughly into six different groups or periods—Colonial, Revolutionary, Era of the Early Republic, War Between the States, Winning of the West and the recent Age of Industrial Expansion.

THE COLONIAL period is represented by the Castillo de San Marcos and Fort Matanzas national monuments at St. Augustine, Fla., Fort Raleigh national historic site in North Carolina, Colonial national historical park in Virginia, Fort Frederica national monument in Georgia, George Washington birthplace national monument in Virginia and Fort Mifflin national battlefield site in Pennsylvania.

The Castillo de San Marcos, moated and bastioned, was begun in the 17th century to defend the oldest settlement made by Europeans on land now included within the United States.

From the battlements of this fort today one may look across Matanzas inlet and out to sea. With a bit of imagination one may see there the proud galleons homeward bound to Spain with the treasures of Peru, or the Golden Hind, which brought Sir Francis Drake in 1586 to plunder the Spanish town, or the ships of General Oglethorpe, who in 1740 laid siege to St. Augustine.

On Roanoke island to the north, on what is now the coast of North Carolina, is the site of Sir Walter Raleigh's "lost colony." Here, each summer, is presented in pageantry the drama of the ill-fated first attempt of the English to plant a colony on the North American continent.

Still further north on Jamestown island in Virginia is the site of the first permanent English settlement. Fort Frederica national monument on St. Simon's island, Georgia, represents the English struggle with the Spanish for dominion of the South Atlantic coast.

CASTILLO DE SAN MARCOS
Oldest U. S. Defense

resents the English struggle with the Spanish for dominion of the South Atlantic coast.

On the banks of the Potomac river in Virginia is George Washington's birthplace national monument, and in Pennsylvania, near Farmington, a reconstructed pioneer fortification marks the site of Fort Mifflin, and the scene of the opening battle of the French and Indian war.

THE GREAT Revolutionary war battlefields of Saratoga in New York and Yorktown in Virginia are included in the national park system as well as the site of Washington's winter encampments at Morristown, N. J.

Other important Revolutionary battlefields sites in the national park system are: White Plains in New York, Guilford courthouse and Moore's creek in North Carolina, Kings mountain and Cowpens in South Carolina.

LISTED AMONG the more interesting and significant sites which

belong to the first 75 years of the republic are Fort McHenry national monument and historic shrine at Baltimore, Md., birthplace of the "Star Spangled Banner," the Lee mansion national memorial at Arlington, Va., which was the home of Gen. Robert E. Lee and is typical of the plantation days of the old South.

Of interest also is the birthplace of Abraham Lincoln near Hodgenville, Ky. Here at Abraham Lincoln national historical park in a magnificent memorial building is preserved what is thought to be the log cabin in which Lincoln was born.

NEARLY ALL of the great battlefields of the War Between the States are now under jurisdiction of National Park service.

By visiting them in chronological succession one may acquire a thorough understanding of the events of this vast internal struggle.

The better known battles of this war of which the sites are included in the national park system are: The first and second battles of

GETTYSBURG
Dedicated to Peace

Manassas in northern Virginia, Antietam in Maryland, Gettysburg in Pennsylvania, Shiloh in Tennessee, Vicksburg in Mississippi, Chickamauga and the Atlanta campaign in Georgia, Chattanooga in Tennessee, and Fredericksburg, Chancellorsville, Spottsylvania, Richmond, Petersburg and Appomattox in Virginia.

THE GREAT WESTWARD movement began long before the War Between the States and continued for many decades after. In this phase of history one finds in the national park system the Jefferson national expansion memorial at St. Louis, Mo., the Meriwether Lewis national monument in Tennessee, which contains the grave of the explorer who led the Lewis and Clark expedition through the northwest to the Pacific coast, and the Scotts Bluff national monument in Nebraska, a famous landmark on the Oregon Trail.

There are also the frontier military posts of Fort Laramie in Wyoming and Pipe Springs in Arizona, the site of the Whitman massacre in Washington and the site of Custer's last stand in Montana.

In the West also, in the Black Hills of South Dakota, is the amazing memorial carved in the granite of Mount Rushmore to the memory of the four presidents, Washington, Jefferson, Lincoln and Theodore Roosevelt.

REPRESENTING MORE recent times are the Statue of Liberty national monument in New York harbor, the memorial at Kill Devil hill, North Carolina, marking the site of the first airplane flight by the Wright brothers, the Vanderbilt mansion and the home of Franklin D. Roosevelt at Hyde Park, N. Y.

Representing the world of tomorrow is the proposed national monument to mark the site of the first atom bomb explosion in New Mexico. The most recently acquired national historic site is the Adams mansion at Quincy, Mass. This mansion, a part of which dates back to 1739, has been the home of two presidents and many statesmen and writers, and its history flows continuously through the whole American scene from earliest days of the republic to the present.

A complete list of national historic sites may be obtained by writing the Director, National Park Service, Department of the Interior, Washington 25, D. C.

Gags

MOPSY by GLADYS PARKER

HOME-TOWN ECHOES by G. Kessler

HENRY B. GIGGINS, STARTED TO WORK AS A STENOGRAPHER, IN THE MINNEAPOLIS WAREHOUSE OF THE PITTSBURGH GLASS COMPANY, OF WHICH HE IS NOW PRESIDENT.

The World at Its Worst by Guyas Williams

All Right for Summer
A pair of very thin gloves was found, and the lady of the house decided her cleaning woman must be the owner. Returning them to her, she remarked: "These don't really seem heavy enough to wear on these chilly days."
"No, ma'am," agreed the woman by the day. "They sure keep my hands cold."

New to Her
A seven-year-old girl, attending church for the first time, was surprised to see the people around her kneel suddenly. When she asked what the reason was, her mother replied:
"Hush! They are going to say their prayers!"
"What!" exclaimed the little girl. "With all their clothes on?"

A Boomerang

Balzac's profound knowledge of human nature caused the great novelist to fancy himself an expert in reading character in handwriting.

One day an old woman brought him a little boy's copybook and said, "Master, what do you think of this child's possibilities?"

Balzac studied the scrawly, untidy handwriting.

"Your child?" he asked.

"No."
"Well," Balzac finally pontificated, "This child is slovenly and profoundly stupid. I fear he will never amount to anything."

"But, master," the woman cried, "that copybook was your own when you were a little boy."

**Betty Jean Kirkpatrick
Weds James E. Hillman**

Editor and Mrs. A. J. Kirkpatrick announce the marriage of their daughter, Betty Jean, to Mr. James Edgar Hillman on Saturday, June 28. The event took place at 4 p. m. in Northminister Presbyterian church, Silver Spring, Md., with the pastor, Dr. Price, reading the double ring ceremony.

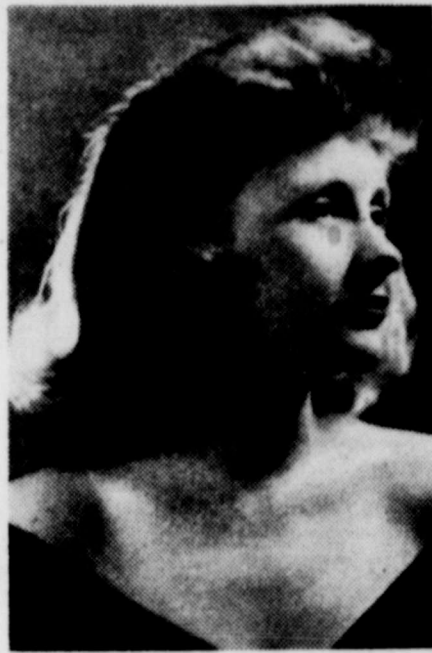

Present for the wedding were the bride's brother-in-law and sister, Mr. and Mrs. Joseph A. Dausch, of Pittsburgh, Pa. The bride was given in marriage by her brother-in-law and her sister served as matron of honor. Jack Fitzgerald was best man.

The bride wore a cream colored Palm Beach suit with brown accessories and her corsage was a purple orchid. Mrs. Dausch was dressed in a deep green shantung suit with white and brown accessories and her corsage was of yellow roses.

A wedding reception was held at the home of Mrs. Annie Cranford, 14 Wessex Road, in Silver Spring, where the bride has made her home for several years. More than thirty guests were present, including the bridegroom's parents and other relatives.

The bride is the younger daughter of Mr. Mrs. A. J. Kirkpatrick of Robert Lee, Texas, former Iowans. She attended school at Jefferson and Oskaloosa, Iowa, and after graduating from high

BRIDE

Mrs. James E. Hillman

school in 1942 she went to Washington, D. C., and accepted a War Department secretarial position in the Office of Strategic Services. She remained in government service until after the end of the war and for the past year has been a secretary in the Corcoran & Shaughnessy law office.

The bridegroom is a son of Mr. and Mrs. John M. Hillman of 2805 Jefferson Davis Highway, Arlington, Va. He served in the Coast Guard during the war and is now engaged in the oil and gas business with his father and brother.

The couple spent their honeymoon at Mountain Lake, Va. They will reside in Arlington and have begun construction of a new home which they will occupy later in the year.

Folks You Know

The Observer has been asked to announce that the U. S. Navy recruiting station in San Angelo is now located in rooms 205 and 207 on the second floor of the post office building.

Mrs. Betty Neagle and her daughters, Mrs. C. H. Millican and Mrs. Myrtle Davis, returned recently from a two weeks' visit with relatives and friends at Honey Grove, Tex., and Durante, Okla. Mrs. Davis, who resides at Carlsbad, N. Mex., was accompanied by her daughter, Mrs. Edna Ruth Daughy and the latter's two children.

Donna Lee, 8 year old daughter of Mr. and Mrs. Dooge Hallmark, underwent a tonsilectomy at San Angelo the fore part of last week. She is recovering nicely.

Allen Bloodworth and family visited the latter part of the week with his parents, Mr. and Mrs. H. L. Bloodworth, near Silver. Allen has moved to Mason where he was elected to teach vocational agriculture in the public schools. He is a graduate of A & M college and for the past year has been farm supervisor and ag instructor at the state orphans home at Corsicana.

John Saunders Arledge left Monday for his home at El Paso after a visit with his uncle and aunt, Junior Arledge and Mrs. Palmer Leeper.

Mr. and Mrs. R. F. Jones and children of Mt. Vernon spent the Fourth here with Mrs. Jones' father, R. S. Crum.

**WHO RUNS
THE NATION'S LARGEST*
BUSINESSES?**

NOTHING quite so much astonishes the stranger to America as the democracy of American Businesses—where the factory employee can become the president of the largest corporation, or a grocer one of the world's great food suppliers.

In a recent survey of this subject, 50 of the largest businesses in America, employing several million workers, were asked to give starting figures on the men who are now their top management.

Here are the results. One started for \$1.50 a week—eleven others for less than \$5.

Forty-three others started work for less than \$10 a week.

Eighty-one others received between \$10 and \$25 a week. And only 7 received more than \$25 a week—the highest getting paid \$69.23 a week.

The average starting wage of all 143 was \$13.40 a week. Thus every one of these managers, it can be truthfully stated, worked up from the bottom rung of the business ladder.

When you think of the head of a big business, think of a young man who once drew an envelope at the end of the week with \$13.40 in it.

*Based upon an analysis of assets in the years immediately preceding the war.

Locals Win 8 To 4 Over Miles Giants

Robert Lee defeated Miles here Sunday afternoon 8 to 4, and fans were happy to see the home team play a swell ball game after their not too favorable performances of the previous month.

Before game time the visitors were heavy favorites to win, probably because their manager, Brandy Ray, is one of the best talkers in the circuit. First man up for Miles, V. Jeschke, slammed out a home run, but the Lees came back in their half of the first inning to score three runs off five successive hits. With one man out

safe blows were delivered by Fred Campbell, Clarence Tinkler, Judge Campbell, John Conley and Lawrence Higgins. Tinkler's blow was a three-bagger to deep center.

Miles kept trying doggedly, added a tally in the second and pushed over another run to tie the count in the third. In the fifth frame the home team put the game on ice with a cluster of five more scores, with safe hits off the bats of Higgins, Hickman, Green and Judge Campbell. With the bases loaded Judge sent a sharp single to right, but the fielder let the ball get away and Campbell pulled up at third with three men scoring ahead of him.

Chilly Tinkler pitched the first five innings, allowing five hits and 4 runs. Clarence then took the mound and gave up but three singles during the remainder of the game. V. Jeschke proved a tough guy with the stick, and secured three singles in addition to his homer. Prettiest play of the afternoon was Conley's perfect peg to the plate to cut off G. Ray, who was attempting to score on Brandy Ray's single to center. Good umpiring was played by Bill Tom Roach behind the plate and Woody Gardner on bases.

A new man in the Robert Lee lineup was C. W. (Red) Balkum at the catchers position. Although he hasn't been playing this year, he performed mighty well and had a good peg to second. He has signed to play with the Lees the remainder of the year.

Harley Jeschke pitched five innings for the visitors. Granzin, who took his place, did not allow a hit and retired the Lees in order during the last three innings.

Former Resident Visits

Mr. and Mrs. B. R. Merchant and daughter of Escondido, Calif., were in Robert Lee the first of the week renewing former acquaintances. The former left here in 1912 and resided in Goldthwaite and New Mexico for some time before locating in southern California where he is now engaged in raising citrus fruit. B. R. is a son of Clint Merchant, prominent early day Coke county lawyer, who is also living at Escondido. This is B. R.'s first trip back to his old home town since he left 35 years ago. He is a cousin of Mrs. W. H. Bell.

Folks You Know

A number of relatives were entertained in the home of Mrs. A. W. Littlefield on Saturday, including Mrs. P. R. Littlefield and daughter, Novi Lee, of Houston, Mr. and Mrs. T. B. Barnard and daughter, Nelma Jean, of Dallas, Mr. and Mrs. J. D. Barnard and Belva Karen and Nona Gayle Rippetoe of Bronte.

D. O. Montgomery, San Angelo contractor, is loading sand and gravel from the Colorado River on the A. B. Sheppard ranch. A new road leading down to the river was built west of the Sheppard ranch house. Montgomery has a contract to furnish material for the new Sears Roebuck building. He is using a dragline and power loading equipment.

S. B. Plumlee went to Eastland over the Fourth where he joined relatives in a big family reunion.

Mrs. A. E. Latham visited over the Fourth with her son, Lee, and family at Carlsbad, N. Mex. Little Monnette Latham returned home with her grandmother.

Lt. Commander F. C. Hearrell, Jr., with his wife and baby daughter, are here this week for a visit in the home of his grandmother, Mrs. Minnie Buchanan. Commander Hearrell has been stationed with a fighter group on board the Carrier Leyte in the Atlantic, and is enjoying a 39-day furlough after which he will be stationed at Jacksonville, Fla. The Hearrells are enroute to California for a visit with his parents at Long Beach, and Mrs. Buchanan will accompany them on the trip to the coast.

A. N. McIntire and wife spent the Fourth at Shep with the former's parents.

SUNDAY SCHOOL LESSON

Seeing God in Our Present World

LESSON TEXT FOR JULY 13—Job 38:1-7, 16-18, 22, 29, 31, 41.
 MEMORY SELECTION—The hearing ear, and the seeing eye, the Lord hath made even both of them.—Prover is 20:12.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute, Chicago.
 "THE earth is the Lord's and the fullness thereof; the world, and they that dwell therein" (Ps. 24:1). The man who knows the Lord recognizes that the material and the spiritual world are both God's.

To keep our thinking straight about the story of Job, we quote an excellent summary by Dr. B. L. Olmstead: "Our lesson today stresses the works of God as seen in nature. The longer lesson of a few chapters (Job 38-41) consists of the whole of the Lord's answer to Job out of a whirlwind after the dialogue with the three friends is completed, and after a youthful bystander, Elihu, had undertaken to give Job an answer (chs. 32-37).

"While Elihu was speaking, a storm came up and Elihu used it to portray the greatness, mystery and unsearchableness of God (ch. 37). Elihu uttered many truths, but he did not rid himself of the error that Job was suffering for his sins. When he had finished, the voice of God was heard out of the storm."—(Arnold's Commentary).

I. The God of Creation (vv. 1-7).

JOB'S friend Elihu had made a rather good speech, but he had missed the real point of Job's testings. So the Lord rebukes him as one who darkens counsel "by words without knowledge."

How aptly that expresses much that is going on in our day. Brilliant men, leaders in science, economics and government, but without the true knowledge which comes from a simple faith in God, are now filling this already confused world with millions of words.

Yes, words, words, words, that really darken the truth about God and his plan for the world. They flow from the radio, the press, the pulpit, from everywhere, and only add to the confusion.

God now brings Job to his feet (v. 3). He is to stand up like a man and answer God. Where was he when God laid the foundations of the world? If he is so wise, perhaps he knows how God suspended the world in space? Perchance he would like to get out his little measuring line and try to put the plans of the Almighty through the little channel of his human brain!

These are questions that the professed leaders of our day need to answer, and they need also to come (if by any chance they could humble themselves) to the place that Job did (40:4): "I will lay my hand upon my mouth."

II. The God of Life (vv. 16-18).

THE God who put the springs in the bottom of the sea, and who has measured the breadth of the earth, is also the God who controls life and death.

Men have tried down through the ages to search out the secret of life, and at times they have talked as though they had discovered it. Then one discovers that they have just wrapped up their inability to fathom it in some new scientific words, and we still have not taken that matter in our own hands.

III. The God of Order (vv. 22, 28, 31, 41).

HE MAKES the millions of snowflakes in thousands of intricate patterns—no two alike, but all in marvelous geometric patterns. Can Job understand that—in fact, can you and I understand how he does it?

Who feeds the birds? Who keeps the stars moving in such order that man can calculate their movements down to the very minute? What about the rain, the hail, the lightning? Look at the animals and their marvelous adaptability to their surroundings.

The man who thinks all these things are the results of chance, or who talks about "the laws of nature," only reveals the utter smallness of his own mind, and his complete lack of comprehension of the Almighty God.

Released by Western Newspaper Union.

PICTURE REVIEW

FOCUS OF PHOTOGRAPHIC HISTORY . . . A world historical and cultural center for the "display and demonstration of the art and science of photography" will be established in the George Eastman home at Rochester, N. Y., as a memorial to Eastman, father of modern photography. Inset at left shows Eastman with Thomas A. Edison, inventor of the motion picture camera, and at the right is a scene depicting photography in the 1870s, featuring an unwieldy wet-plate camera and portable laboratory. The house was originally built by George Eastman as a home for his mother and himself.

BLAST ROCKS LOS ANGELES HARBOR . . . Only fate and foresight prevented the explosion of a 10,000-ton tanker in Los Angeles harbor from becoming a disaster equal in magnitude to the recent debacle at Texas City. The vessel, loaded with 2,940,000 gallons of gasoline, blew up in a series of three explosions that razed several docks and missed igniting huge petroleum storage tanks only because of favorable winds. Photo shows fireboats battling the flames which, with the blasts, caused damages of 10 million dollars.

ROCK-A-BYE BABY IN THE BACK SEAT . . . With her arms about her dog, Butch, Linda Henderson, seven years old, sleeps on the back seat of her mother's car. "Mommy left us here every night and came back and got us when the sun was up," Linda told Los Angeles, Calif., officials. The Hendersons lost their apartment, and the father stayed with a grandmother while Mrs. Henderson stayed with friends who had no place for the child.

SAVED A NATION . . . Maria Romano De Gasperi, daughter of Italy's premier, dissuaded Italy's president, Enrico De Nicola, 69, from resigning as head of provisional government at fateful time in the nation's history.

Ain't It So?

Another thing that might help this nation in the present age is more people raising beans and fewer people spilling them.

It must be child's play to design a woman's bathing costume these days. There's nothing much to it.

Even in this changing world the printer must remain true to type.

There are two sides to every question—your own and the wrong one.

Anything you tell some women goes in one ear and out over the back fence.

Practical Instructions For the Home Nurse

Giving First Aid

ACCIDENTS are bound to happen in any household. Be prepared!

Do you know how to cleanse a scraped knee? Remove dirt or other objects from an eye? Stop a nosebleed? Send for our Weekly Newspaper Service booklet No. 81.

It tells how to meet emergencies, nurse a bed patient, care for the new baby, and more. Send 25c (coin) for "Practical Instruction for the Home Nurse" to Weekly Newspaper Service, 243 West 17th St., New York 11, N. Y. Print name, address, booklet title and No. 81.

HED-LYTE A PLEASANT and EFFECTIVE Liquid HEADACHE MEDICINE
 ALCOHOL 38%
 Active ingredients per average teaspoonful (one fluidram):
 Acetanilid 1 1/4 gr.,
 Sodium Bromide 3 1/4 grs., Caffeine.

Relieves Pain
 IN SIMPLE HEADACHES,

BRONTE NEWS

By D. M. WEST

Mr. and Mrs. Ronald Walton and children; Mr. and Mrs. Pete Gentry and children; Mr. and Mrs. W. W. Millikin and children; Mr. and Mrs. D. B. Edmiaston and children, and Mr. and Mrs. Connell McAuley and daughter made up a party that went to Christoval Thursday afternoon and spent the 4th in that resort, enjoying the breezes, the shades and other attractions that town afforded on national Independence Day.

Ms. O. E. Allen and son, Buster went to San Antonio and spent the weekend, returning Sunday night.

Lee Rochester, manager of Boehme's bakery, San Angelo, was in town on business just for a few minutes Thursday, but he took time to run in and say hello, and give the writer a handshake, which we appreciate. The two have been friends for a number of years. Whatever else we might say about "Lee," an outstanding thing of public interest, he has put the name "Boehme's Bakery" on the lips of everybody in Coke county.

A tractor-car accident Friday night early, three, miles north of Bronte, came near being fatal to T. R. Hallmark, one the old time citizens of Bronte.

Mr. Hallmark had been north of town plowing with his tractor for the day and was about two miles southwest of Bronte. I. D. Derryberry, as we understand it, was returning from Abilene to San Angelo, and ran into Mr. Hallmark's tractor from the rear, turning the tractor over on Mr. Hallmark, seriously injuring an eye and breaking the jaw bone. It is reported also that Mr. Hallmark suffered injuries to his head.

Judge Bob Davis of Robert Lee came up just after the accident and he and Mr. Derryberry brought the injured man to town. He was put in a Clift ambulance and rushed to a San Angelo hospital where he is now, and reports are that he has a chance of recovery.

Mrs. Ada Bramlett, age 73, died Friday at the home of her daughter, Mrs. Nish Taylor at Ft. Chadbourne, and funeral services were held at Ft. Chadbourne Baptist church Sunday morning by the pastor, Rev. Ozzie Watson.

interment following in the Ft. Chadbourne cemetery.

Mr. and Mrs. Delbert Walton and little daughter, Alleen, and Mr. and Mrs. Clyde Coulter of Tyler returned home Sunday afternoon after a weekend visit with the parents of Mr. Walton, Mr. and Mrs. W. C. Walton, and other relatives. Mr. Coulter and Delbert Walton are brothers-in-law.

The little Misses Shirley and Wanda Tomlinson, daughters of Mr. and Mrs. W. B. Tomlinson, were hostesses Saturday afternoon at a joint birthday party Shirley celebrated her 11th birthday and Wanda her 9th. About twenty-five of their little friends were guests. After playing games and admiring the little honorees' gifts, refreshments of iced cookies and punch were served.

Mrs. C. C. Smith returned Sunday afternoon from a visit of several days with relatives at Coleman. She reports a most delightful visit.

Roy Braswell and wife spent Sunday at Bronte with their parents, Mr. and Mrs. J. E. Mitchell and Mr. and Mrs. J. H. Turner.

Mr. and Mrs. Phillip Page of Odessa and Mr. and Mrs. Tom Smith of Forsan were 4th of July holiday guests in the home of the ladies' father, J. B. Robertson.

Folks You Know

Mrs. W. H. Stone, former Coke county resident, and her sons, Wilbur and family of Sterling City visited here Sunday with Mrs. J. E. Roane and the Lowell Roane and O. B. Jacobs families. Mrs. Stone left this week for Brownsville to live with her daughter, who is teaching there. Mrs. Stone will receive The Observer for the coming year as a gift from Mrs. Roane.

Mr. and Mrs. F. L. Smith of San Angelo and Bill Higgins went to Alamosa, Colo., the past week where they visited relatives of the former.

Among those who witnessed the rodeo at Christoval on the Fourth were the Turney Casey family, C. L. Hallmark and family, Mike Casey and wife and Mr. and Mrs. Pete Rumpy of Mertzon.

Mr. and Mrs. Homer (Buck) Ivey and son, Jerald, spent the Fourth at Stephenville with their son and brotner, Homer, and family.

Mr. and Mrs. Genie Baker and family spent the Fourth at Eden in the Elzie Cox home.

Mr. and Mrs. DeWitt Snead and sons, Junior and Johnnie, of Stanton were weekend guests of Robert Lee relatives.

Gems of Thought

THERE is no guarantee of happiness under our form of government. What it does make possible is the pursuit of happiness.

Every man should keep a fair-sized cemetery in which to bury the faults of his friends.—Henry Ward Beecher.

A house is no home unless it contains food and fire for the mind as well as for the body.—Margaret Fuller.

The reward of one duty done is the power to fulfill another.—George Eliot.

To keep one from falling is better than to help one up.

CLASSIFIED DEPARTMENT

BUILDING MATERIALS

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
DOAN'S PILLS

Try Lemon-Egg Pie for Potluck Supper (See recipe below.)

Church Suppers

Although church and club activity dwindles to a minimum during these warmer months, there are still events on both calendars which require participation — and with food.

For events such as these the requirements are simple but quite important. We want a dish that is easy to make and to carry; then, too, we want something that will appeal to a number of people. We also like to bring a dish that goes pretty well with anything else that may be served.

First, there are a number of main dishes from which to choose. Any of these will put you up with the top ranking cooks of the community.

Chicken Chow Mein.

- (Serves 6)
 - 2 cups cooked chicken
 - 2 tablespoons fat or oil
 - 2 cups thinly sliced celery
 - 1 1/2 cups sliced peeled onions
 - 1/2 teaspoon pepper
 - 2 cups chicken broth
 - 2 cups canned mixed Chinese vegetables
 - 1/2 cup canned mushrooms
 - 2 tablespoons cornstarch
 - 3 tablespoons soy sauce
 - Scallions
 - 1 can fried noodles
- Brown chicken slightly in fat; add celery, onions and pepper. Add chicken broth and cook, covered, until vegetables are tender. Add drained Chinese vegetables and mushrooms and heat to the boiling point. Mix cornstarch with soy sauce and add to hot mixture, stirring constantly. Let simmer 2 minutes or until slightly thickened. Arrange on deep platter or vegetable dish with scallions and serve with fried noodles.

Frozen Salmon Loaf.

- (Serves 6)
 - 2 cups cold cooked rice
 - 1 1/2 cups salmon, drained and flaked
 - 1 cup cooked peas
 - 1/2 teaspoon salt
 - 1/4 teaspoon paprika
 - 1 tablespoon lemon juice
 - 1/4 cup mayonnaise
- Combine the ingredients lightly and freeze in a loaf or ring mold until firm enough to slice. Unmold on crisp greens and serve with lemon wedges.

***Dutch Hot Slaw.**

- (Serves 4)
 - 6 cups shredded green cabbage
 - 1 tablespoon butter
 - 2 eggs, beaten
 - 1/4 cup vinegar
 - 1/2 teaspoon salt
 - 1 1/2 tablespoons granulated sugar
 - 1/4 teaspoon paprika
 - 1/4 cup water
 - 1/4 cup light cream
- Cook cabbage until just barely tender. Drain, place in serving dish or casserole and keep hot. Meantime, melt butter in double boiler, then add eggs, vinegar, salt, sugar, paprika and water. Cook until thickened, stirring frequently. Remove from heat, add cream and beat until fluffy. Pour over hot cabbage.

LYNN CHAMBERS' MENU

- *Baked Beans with Hamburger
- Relishes Rolls *Dutch Hot Slaw
- Beverage *Frozen Fruit Salad
- Cookies
- *Recipes given.

***Baked Beans With Hamburger.**

- (Serves 4)
 - 2 tablespoons fat
 - 1/4 cup sliced onions
 - 1/4 cup diced celery
 - 1/2 pound chuck beef, ground
 - 2 1/2 cups canned, baked beans
 - 2 teaspoons Worcestershire sauce
 - 1/2 teaspoon salt
 - 1/4 teaspoon powdered sage
 - 1/4 cup water or tomato juice
- Heat the fat in a skillet. Then add onions, celery and beef, and cook, uncovered, for 10 minutes. Add remaining ingredients and heat thoroughly.

Spinach, Bacon Dressing.

- (Serves 4)
 - 2 1/2 cups hot, cooked spinach
 - 4 strips bacon
 - 2 tablespoons vinegar
 - 1 tablespoon sugar
 - 1 teaspoon salt
 - 1/4 teaspoon pepper
 - 1/2 teaspoon prepared mustard
- Dice bacon and saute in skillet until golden brown. Add remaining ingredients, except spinach and heat thoroughly. Then add to spinach, toss and serve at once.

***Frozen Fruit Salad.**

- (Serves 6)
 - 1 orange
 - 2 slices pineapple
 - 3/4 cup Royal Anne cherries
 - 1 banana
 - 2 canned pear halves
 - 1/4 cup blanched, chopped almonds
 - 1/4 cup maraschino cherries
 - 1/4 cup boiled salad dressing
 - 1/2 cup whipping cream
- Remove rind and skin from orange and cut fine. Chop other fruits and combine with nuts. Add dressing and fold in whipped cream. Freeze in tray of automatic refrigerator until firm.

Lemon-Egg Pie.

- (Serves 6)
- 4 egg yolks
- 1 cup sugar
- Grated rind of 1 lemon
- 4 tablespoons lemon juice
- 1/4 teaspoon salt
- Meringue:
- 4 egg whites
- 1/4 teaspoon salt
- 1/2 cup sugar
- 9-inch baked pie shell

Blend first five ingredients. Cook over simmering water, stirring constantly until thickened, about 15 minutes. Remove from heat. Prepare meringue by beating egg whites until stiff, then adding salt and sugar gradually. Beat until glossy and firm. Fold yolk mixture into meringue. Pour into baked pie shell. Bake in a moderate (325-degree) oven until delicately browned, about 20 minutes.

Released by Western Newspaper Union.

AROUND THE HOUSE

Make your own belts. Make them in various colors to match your frocks. Put a layer of stiffening between two layers of ribbon. Sew through ribbon selvages with tiny machine stitching.

You can save many steps by using a tray to carry dishes from the dining room to the kitchen.

Poisons like lye, insect sprays and disinfectants should be kept on high shelves, out of children's reach.

Worn-out electric cords are highly dangerous. If it cannot be repaired, throw it away and get a new one at once.

In remodeling your kitchen it is a good idea to redesign it as a precautionary measure against fire. To do this be sure curtains, doors and wooden cabinets are not too close to the range.

Sprinkle cornmeal on your rugs, let it remain for a short time and then sweep. This picks up dirt and particles imbedded in the nap.

Electrical Ump

An ingenious baseball device scientifically determines balls and strikes and, consequently, eliminates actual and suspected errors in judgment by the umpire, says Collier's. It consists of a vertical beam and a horizontal beam of invisible light which cross each other and form an area in front of the plate that, when pierced by the ball, causes the indicator to register a strike.

Folks You Know

Dr. and Mrs. J. K. Griffith returned last week from a visit with their son, Byron, and family at Galveston. They were given permission to visit the ruins at Texas City and the doctor says the devastation cannot be visualized without a visit to the disaster city.

Mr. and Mrs. Bob Allen and daughter, Doris Mary, of Norton spent Sunday in the Linzy McDorman home.

H. S. (Major) Lewis is making steady improvement, although he may be confined to his home for another week or two. He had a blood clot in one of his limbs and his physician said this week he was making good progress.

Mr. and Mrs. Pete Rumpy of Mertzon spent the holiday weekend at the parental Lem Cowley home.

Mr. and Mrs. J. Q. Counts of Merkel spent the 4th with their parents, Mr. and Mrs. Roy Taylor and Mr. and Mrs. A. N. Counts.

Geraldine McDorman, who is in nursing training at John Sealy hospital at Galveston, spent the weekend with her parents, Mr. and Mrs. Linzy McDorman.

Aubrey (Farmer) Jones won first money in some of the broncho riding events at the Christoval rodeo. Bob Fields, Alfred Jones and James and John Burrus were among other local contestants at Christoval.

John Palmer Leeper has arrived from the East to spend the remainder of the summer in the parental Palmer Leeper home. John Palmer is working on his doctor's degree at Harvard and will return to his studies in the autumn.

Mrs. Fred Campbell and Mrs. Wayne McCabe and the latter's daughter, Charlotte, returned the last of the week, from a vacation trip in New Mexico. They accompanied the ladies' parents, Mr. and Mrs. W. D. Jameson, of Clairemont. The party visited in Albuquerque and spent some time at a mountain camp near Taos. On the trip home they stopped at Ruidoso and the White Sands country.

Mr. and Mrs. Jack Martin of Big Spring were here the last of the week visiting her parents, Mr. and Mrs. Roy Taylor. Jack is helping lay out some new playgrounds at Big Spring this summer and will attend junior college there this fall. Mrs. Martin, the former Kitty Taylor, has been elected registrar of the Big Spring junior college. She graduated from the University of Texas the past year.

Carlton Fields and family moved last month to the Sonora locality near which place Carlton will be foreman on the W. M. Allison ranch.

Albert and Mamie Lord of Eunice, N. Mex., visited here over the Fourth with their sister, Mrs. Clell Varnadore.
