Robert Lee Wins At Sonora 13-5

Robert Lee got off to a good start in the second half of the Concho Basin league by licking Sonora 13 to 5, on the latter's grounds last Sunday. It evened up matters for the 3 to 1 defeat which Sonora handed Robert Lee in 12 innings early in the season.

Sonora made a number of misplays which played an important part in their downfall. They were charged with six errors, while Robert Lee played good ball all the way and committed only a couple of bobbles. The Lees also were potent on the offense and garnered a total of 13 hits. Fred Campbell and J. L. Tinkler each connected for three safeties and John Conley was credited with a home run.

The Oilers had their big inning in the ninth when ten men batted. Four hits, two walks, an error and a hit batsman accounted for 4 runs. Clarence Tinkler gave up only 7 hits, but was a little wild. He walked two and hit three batters. Smith was not too effective on the mound for Sonora and gave way to Medford after five innings.

Th score was 13 to 1 when Sonora came to bat in the last of the ninth. Millican was safe on a bad throw to first and Puckett slammed a three bagger. Next batter was hit and Brown laced a two bagger to center. Four runs came in and the last two batters wiffed to give Tinkler 15 strikeouts.

School Districts Face Financial Difficulties

Representatives of the school districts at Silver and Green Mountain conferred here last Thursday with Clive Pierce, deputy state superintendent, when some provisions of newly enacted laws were discussed.

Because of new regulations requiring a minimum of 20 scholastics for each teacher, the Green Mountain district will be forced to operate with one teacher the coming year and only seven grades will be taught. W. L. Carr will continue in charge of the school. In the past the school has had two teachers, with Mrs. Jahew Jameson in charge of the lower grades.

The Silver district of which E. E. Stagner is president, voted to continue with two teachers next year, but they will receive state aid for only one teacher. The district is behind some \$2,000 but hopes to cut expenses by operating only one bus. Silver has no bonded debt and has prospects of getting additional tax revenue from the oil field in the next year or two.

CARD OF THANKS

We want to thank the friends and neighbors for their many acts of kindness and for the sympathy extended during the illness and death of our loved one, Fred O. Green.—Mrs. Fred O. Green, Mozelle Turney, Mrs. J. W. Maxwell, Fred O. Green, Jr., Mrs. Frank Anderson, Mr. and Mrs. Frank Smith and Martha.

Singing Convention

A county singing meet has been set for next Sunday, July 27, starting at 1:30 p. m. at the Bronte high school. A big crowd is expected to attend. Officers of the county association are E. C. Davis, president, and Sam Williams, secretary.

Mrs. Neely Lee left last week for her home in San Diego, Calif., after a three months' visit with Robert Lee relatives.

Moves Family Here

One of the families to be permanently located at the Sun Oil company camp at Silver is G. B. Gebhart. He has the company designation as "switcher," and is in charge of the gauging of oil production. Mr. Gebhart was joined here this week by his wife and their two sons, Larry Scott, 4, and Terry Glen, 3 years old, who have spent several weeks with Mrs. Gebhart's parents at Longview. Mr. Gebhart has been with the Sun company 14 years and moved here from Odessa.

J. J. Yarbrough, 86, Dies In His Sleep

J. J. Yarbrough, 86, well known Robert Lee resident, died at his home here early Thursday. He passed away quietly in his sleep. He had been in failing health for some time, but had made his usual trip down town for the mail the previous day.

Funeral services will be at 4 p. m. Friday at the Methodist church in charge of the pastor, the Rev. J. Howard Estes, and burial will be in Robert Lee cemetery.

Mr. Yarbrough was born 16 miles south of Tyler in Smith county, Nov. 16, 1860. He was a son of George and Cynthia Gandy Yarbrough. His mother died when he was 8 and after the passing of his father a few years later he made his home with his aunt, Mrs. Betty Byars at Cuba in Johnson county.

He married Miss Callie C. Read at Cuba on Nov. 15, 1891. They resided in Johnson county seven years, and also lived in Smith and Callahan counties before coming to Coke in 1904.

He owned a farm in Valley View and after selling their holdings in 1943 he and his wife moved to Robert Lee. He was a member of the Methodist church and a good citizen.

Surviving are his widow and five children, as follows: Wm. Bryan Yarbrough and Mrs. E. A. Thomason of Robert Lee, H. Boyd Yarbrough of Snyder, C. Elmo Yarbrough of Smith county, and Mrs. Frank Meixner of Paint Rock.

Death of Charles Sheppard

Charles Sheppard, native of Taylor county and a resident of Nolan county for many years, died July 11 in a Big Spring hospital, following an extended illness.

Funeral services were held the following Sunday in Sweetwater. A. B. and Delmir Sheppard, nephews of the deceased, attended the funeral with their families.

Mr. Sheppard was well known in Robert Lee, having visited relatives and friends here on many occasions.

Mr. Sheppard was survived by two brothers, R. C. (Dock) Sheppard, Tyler, State Comptroller George Sheppard of Austin, two half-brothers M. B. and John Sheppard, both of Abilene; two sisters, Mrs. Alva Henslee, Roseburg Oregon, and Mrs. Mattie Cosper, Sweetwater.

WHD Plan Carnival

The Women's Home Demonstration county council is sponsoring a carnival August 9 in Robert Lee. Purpose of the affair is to raise funds to send three delegates to the Texas State Home Demonstration meeting at Galveston Sept. 23-25.

Mrs. B. W. Bilbo returned last week from a two weeks' vacation visit at Lamesa, Hobbs, N. Mex., Denver City and Lubbock.

Here's Latest Coke County Oil News

Sun No. 3 Fred Jameson, southwest outpost to the Jameson field near Silver, has not yet been completed. Open hole between 6,221 and 6,565 feet, the total depth, was tested the first of the week after being treated with 5,000 gallons of acid. It swabbed 54 barrels of oil and 24 barrels of wash water in 24 hours.

Later perforations were made in a three-foot section of pipe from 6,130-33 feet. In a test 70 barrels of oil flowed in 12 hours from a one-eighth tubing choke, but the gas-oil ratio was 13,000 to 1. Wednesday night operators squeezed off a section of the pay with hopes of reducing the top heavy gas ratio.

Another test will be run later in the week and indications are that a good producing well can be brought in.

Sun 1-A Willie I. Tubb was drilling ahead Thursday morning at 5,850 feet in lime. Some delay was experienced this week in fishing out eight drill collars.

Sun No. 2 Willie I. Tubb spudded in at midnight Wednesday. The Roberts & Hawkins rotary rig was moved to the new location from No. 2 Allen Jameson. No. 2 Tubb is a quarter mile west of No. 1 Homer Jameson.

Mrs. J. C. Slaughter and son, Ray Ledbetter, were called to Winters the first of the week by the illness of the former's mother, Mrs. J. N. Davis. Mrs. Davis spent several weeks here in her daughter's home, but went back to Winters last week when she became ill.

Congress Continues Farm Program Support

Congressional action this week virtually assured another year of life for the government's long range farm program with its benefit payments to farmers.

While appropriations have been cut, congress has agreed to continue the conservation and use program for the next year.

Jessie Fay Brock, executive secretary of the Coke county committee, has been advised by the state director to immediately resume ACP activities within the program of funds previously allocated and under existing regulations and procedures.

Since all new work was stopped some time ago awaiting action in congress, an effort will be made to get the program back under normal operations as quickly as possible. Coke county producers will be notified by letter, Mrs. Brock says.

Entertains Young People

Young people of the north side Church of Christ and a number of their friends enjoyed their seventh annual reunion last Friday, July 18, with Mrs. D. P. Key as hostess. Following supper the group attended services at the church where Tommy Williams was conducting a series of gospel meetings. Twenty-nine of the girls spent the night with Mrs. Key and enjoyed a campfire breakfast. The Observer regrets that lack of space prevents publishing a list of the guests.

Locker Demonstration

Roy Snyder, A & M extension specialist, will give a demonstration on preparing meat for the locker Friday, July 25, 2 to 5 p. m. Preparation of turkey steaks will also be demonstrated.

Bronte Hospital Opening

The Observer has been advised that the new Karen-Gayl hospital at Bronte is nearing completion and a formal opening date will probably be announced next week. However, patients are now being received at the hospital for medical attention. Watch The Observer next week for further announcements, including a page of congratulatory messages from Robert Lee people.

Ozona Outhit 13-5, Beat Bronte Again

Bronte lost a tough ball game at Ozona last Sunday. They made 11 hits compared to Ozona's 5, but the payoff comes on scores and Ozona won 4 to 2.

The Observer learns that Bronte made some bad errors and didn't run bases the way good ball players should. Two of Ozona's scores were made without a hit.

Greer pitched for Bronte, with Bon Spoons at the catchers position. All other members of the team were home town boys. Lefty Shelton didn't start for Ozona, as he had pitched a game the previous Friday. Mitchell started on the mound and was relieved by Shelton, while Stuart finished the game.

Leroy Scott and Greer banged out triples for Bronte and Percifull got a two bagger.

Dodgers at Robert Lee

A good game is in prospect next Sunday when the San Angelo Dodgers play in Robert Lee. This is a new club which has been added to the league for the second half and they are said to be good. Robert Lee plays most of its games away from home from now on, so come on out if you like base ball.

Last Sunday's results:
Robert Lee 13; Sonora 5.
Dodgers 15; Eldorado 10.
Ozona 4; Bronte 2.
Veribest 13; Miles 3.
Ellis Parts 30; Maverick 15.
Eola 7; Lowake 1.

Next Sunday's schedule:
Miles in Bronte.
Ozona in Lowake.
Sonora in Veribest.
Eolo versus Ellis Parts in Lake View.
Maverick in Eldorado.
San Angelo Dodgers in Robert Lee.

Pleads Guilty to Charge Of Negligent Homicide

I. D. Derryberry, San Angelo employee of the West Texas Utilities company, was fined \$100 and costs and had his drivers license suspended for six months in a county court hearing here Monday.

The man pleaded guilty to a negligent homicide charge growing out of a highway accident north of Bronte the evening of July 4. Derryberry's car smashed into a tractor operated by Tony Hallmark, and the latter received injuries which caused his death a few days later.

County Judge Bob L. Davis presided at the hearing and several witnesses were examined, including highway patrolmen.

School Transfers

Bob L. Davis, county school superintendent, calls attention to the fact that all school transfers must be in by July 31. School officials are requested to keep this date in mind.

Wilfred Gardner returned to his work at Midland on Sunday after a two weeks' vacation. He is employed by Humble oil company.

Robert Lee Must Raise School Levy

Robert Lee Independent School District must raise its tax levy this year, and a special election will be called soon to vote on the proposition of increasing the present \$1.00 levy to \$1.50. Before the election day, however, a mass meeting of all persons interested in school matters will be called so that everyone may have first hand knowledge of school affairs.

School authorities point out that the district now has a debt at the bank of close to \$5,000. This does not include the bonded debt which is being reduced each year. But funds have not been sufficient to take care of operating expenses lately and the district has run behind financially.

There is great need of building repairs and equipment is old and worn. Transportation costs have increased and the old school buses were a continual drain upon the treasury. Two new buses have been bought and must be paid for. The school needs a new heating plant the worst way.

The whole situation adds up to the fact that the district must have more money upon which to operate and to take up its deficit. In case such steps are not taken it may mean that the school's accredited affiliation may be withdrawn another year.

State authorities say the levy must be raised and such a statement carries a lot of weight because state aid funds far exceed the tax money raised in the district.

The Observer will have more to say about school matters next week. In the meantime patrons and taxpayers should give some time to this important matter. Everybody wants a good school, and we should unite behind the board of education in their improvement program.

Holiness Revival

A revival will open July 27 at the Robert Lee Holiness church, with Sister Elsie Green in the role of evangelist. Sister Green resides in California, but will be remembered in Robert Lee where she appeared a number of years ago. There will be special music at the meetings. Rev. W. E. Wrinkle is pastor of the church which is located one block southeast of the court house square.

Mrs. Bessie Caudle arrived Monday from Blythe, Calif., for a visit with her mother, Mrs. M. H. Havins, and other relatives. Mrs. Havins, who was injured in a fall a few weeks ago, is making a good recovery.

Bunyan Millican recently accepted a position as bus driver for the Sunset lines. At present he is substituting while some of the other drivers are on vacation, and this week is on the run through Robert Lee.

Cumbie Ivey made a business trip to Dallas the first of the week.

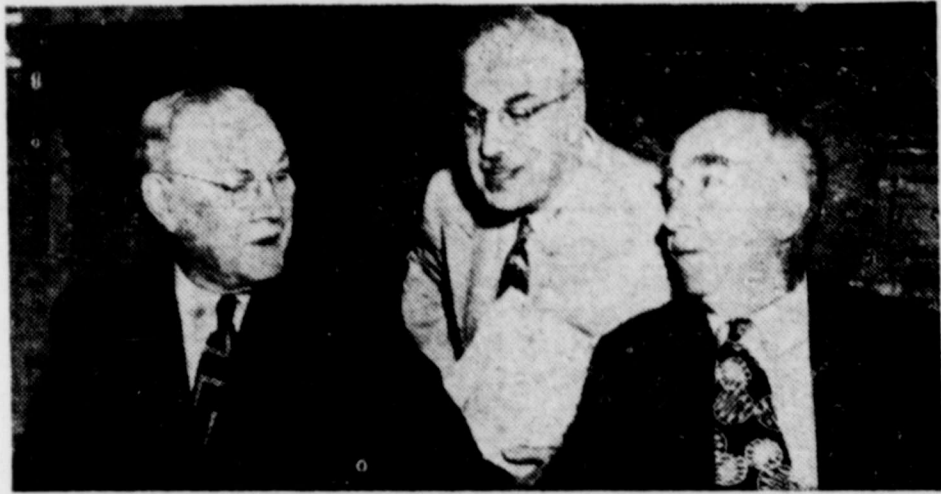

Mr. and Mrs. Jim McCutchen and their daughter, Mrs. Burl Childress and husband, returned Sunday from a vacation period at Eagle Nest Lake in northern New Mexico. They came home by Carlsbad, N. Mex., where they visited friends.

Guests of Mrs. J. S. Gardner over the weekend included her sisters, Miss Clydene Stickney of Commerce and Mrs. D. L. Buchanan, and the latter's husband of Colorado City. Miss Stickney is librarian at the state college in Commerce.

WEEKLY NEWS ANALYSIS

Prevent Red Uprising in Greece; Hartley Lashes Mine Contract; Oil Exports to Russia Defended

Released by Western Newspaper Union
 (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

At a meeting in Washington of 200 American Federation of Labor leaders, William Green, AFL president, pledged the organization to a finish fight against the Taft-Hartley labor act. Left to right in photo are Green; Joseph Padway, chief counsel of the AFL, and William L. Hutcheson, first vice-president of the union.

FOILED:

Nip Red Plot

Striking with lightning rapidity, Athens security police arrested more than 2,000 persons in and around the city in a series of raids designed to forestall a threatened Communist uprising in Greece.

Action followed swiftly after police had intercepted a message from Gen. Markos Vafiades, commander of guerrilla forces in northern Greece, to Communist leaders in Athens directing them to put into effect immediately "Plan F."

"Plan F" is reported to have been a campaign of violence in Athens, including general sabotage, seizure of important ministries and "the murder of political leaders." Government officials said the up-

ANY CONNECTION?

On the day preceding the mass arrests in Athens, Russia leveled a bitter attack in the United Nations Balkan hearings against the United States and Great Britain, charging that their intervention in Greek affairs was "the cause of friction in the Balkans. The Soviets asked withdrawal of foreign troops from Greece and United Nations supervision of the 300 million dollar U. S. loan to that country."

rising was intended to influence world public opinion on the Grecian situation during United Nations security council hearings on the Balkan situation.

Among those taken into custody were Demetrius Partiliades, Communist secretary-general of the E.A.M. (National Liberation Front) and Mrs. Rosa Timvriote, chief of the educational division of the Communist party. All Communist party leaders in the Athens-Piraeus district were reported to have been arrested.

The Greek government began immediate hearings for all of the suspects, and those found to have been implicated in the uprising plot were sent into exile.

ROMANCE:

Royal Road

Princess Elizabeth, 21-year-old heiress presumptive to the throne of England, and Lt. Philip Mountbatten, 26, former Prince Philip of Greece, are formally engaged to be married this autumn, probably in October.

King George VI and Queen Elizabeth cleared the road to royal romance by giving unqualified approval to the match and announcing the engagement in a traditional court circular.

Lt. Mountbatten is a second cousin to the king and a great grandson of Queen Victoria. As the husband of Princess Elizabeth, he will be Britain's

first prince consort since Queen Victoria's husband, Prince Albert of Saxe-Coburg. He cannot become king, but probably will be given a dukedom shortly before the wedding.

King George is expected to ask parliament to increase Princess Elizabeth's income and perhaps give her husband a special allowance.

In the meantime, even the royal family is troubled by the housing shortage, and the princess and her husband probably will start their married life in a way familiar to everyone—by moving in with her parents in Buckingham palace.

BETRAYED:

Mine Pact

Rep. Fred A. Hartley (Rep., N. J.), co-author of the Taft-Hartley labor act, has charged big business and big labor with betraying the public in negotiating the latest John L. Lewis coal mining contract.

Hartley's attack followed shortly after southern coal operators followed northern and midwestern operators in signing soft coal contracts with the 400,000-member United Mine Workers.

He told the house that "at least one clear violation of the law" was contained in the contracts, referring to the section providing for a "checkoff" from the miners' wages.

The Taft-Hartley law, he said, permits a checkoff only for union dues, but the contract calls for a checkoff of initiation fees and union assessments. Hartley added that other sections of the contract "violate the spirit and intent of the law."

Noting that the contract afforded a "prime case history of the evils of industry-wide bargaining," he said that there was evidence of "collusion between the mine operators and the UMW with the intention of violating the law."

OIL EXPORTS:

Supply Russia

A special export license for the shipment of petroleum products to Russia was granted by the department of commerce hours after Representative Weichel (Rep., O.), chairman of the house merchant marine committee, demanded the license be refused.

Weichel previously had telephoned William C. Foster, under-secretary of commerce, urging him to halt the movement of 248,000 barrels of petroleum being loaded aboard three tankers on the West coast.

Explaining his action to the angry Weichel, Foster said that the department did not believe that exports of petroleum and petroleum products "should be prohibited or drastically curtailed. To do so would upset the world system of distribution and make petroleum a source of international friction."

He implied that the exporting of oil has little or no effect on this nation's domestic supply because, under any circumstances, the U. S. must import oil to supplement its domestic production.

NAVY RESIGNATIONS GROW

Higher pay and a more satisfactory home life are the two main lures which have drawn the most bright and capable young career officers from the navy and army into civilian jobs at what is called "an alarming rate" during the past year.

In the last 10 months more than 1,700 naval officers have resigned commissions won at Annapolis to take higher paying civilian jobs. During the same period, the army lost only 259 West Point officers via the resignation route, but they are men whom the service can ill afford to spare.

The bug has even extended to the Federal Bureau of Investigation whose agents, numbering 5,000 at the end of the war, dropped off to 3,200 by the beginning of 1947. The total now is back only to about 3,400.

One of the main reasons cited for the wide difference between army and navy resignations is worry among the younger naval officers over drastically reduced appropriations for the department and the unification bill now before congress. Some navy men believe unification will hinder their careers.

EXCELSIOR:

Altitude 2,000

President Truman's recently appointed air safety board has come up with two specific recommendations directed at reducing the number of aircraft accident fatalities in the United States.

The board, established in June after a series of crashes had taken 146 lives, proposed that:

1. All aircraft operating at night under instrument conditions be required to fly at least 2,000 feet above mountainous terrain and 1,000 feet above characteristically level territory.
2. All scheduled air transports be required to install electronic terrain proximity indicators, operating on the radar principle, in addition to the aneroid altimeters now required in all planes.

The proximity indicators recommended by the board are basically similar to the detection equipment which Howard Hughes, millionaire plane builder, had proposed be installed as standard equipment in commercial planes. The radar detectors, announced by Hughes three months ago, were tested in Washington 10 days before the air safety board incorporated them in its report to the President.

Further impetus was given the air safety campaign when Norman McCoy of Blue Mound, Ill., president of the Flying Farmers of Illinois, Indiana, Michigan and Wisconsin, added his organization's endorsement to the nation-wide movement.

R.S.V.P.:

Paris Parley

Pro-Communist Hungary turned down its invitation to attend the Paris conference on European reconstruction as 17 other nations lined up to participate in the talks, first step in carrying out the Marshall plan for aiding prostrate Europe.

The conference, previously boycotted by Russia on the grounds that the Marshall plan will be a foothold for American intervention in the internal affairs of Europe, will attempt to set up a scheme whereby Europe, with the aid of American dollar credits and supplies, will be able to lift itself from its economic morass by its bootstraps.

In addition to Hungary, four other Communist-inspired governments—those of Poland, Yugoslavia, Romania and Bulgaria—also refused the invitations sent out by Great Britain and France. As the deadline for replies approached, Finland and Albania had not yet been heard from.

He Saw a Saw

The Rev. Father Joseph Brasky, pastor of St. Joseph's church, Grafton, Wis., holds "mysterious" disk which he said struck lightning rod on his church and fell to the ground with a roar. Disk turned out to be circular saw blade.

U. S. TANKS:

Not Scrapped

Writing from London, Frederick Kuh, Chicago Sun correspondent, charged in a story that "European munitions merchants are feathering their nests with dealings in United States surplus military supplies."

He reported a transaction in which the U. S. army purportedly sold 2,000 tanks to Belgian financier Frederic Bracht, a resident of Argentina, with the understanding that they were to be scrapped. Bracht, instead, is said to have sold the tanks to Argentina for re-equipment of Argentine armored units, reaping a great profit from the resale.

Although some of the tanks are in worn condition, intentions of Juan Peron's Argentine government is reported to be to disassemble two or three tanks to reconstruct one new one. In that way, Argentina would acquire about 700 U. S. tanks—more than the nation's entire army had during the war.

Wisdom and Understanding For Our Daily Living

LESSON TEXT FOR JULY 27—Proverbs 1:1-5; 3:13-18; 9:9, 10; James 1:5
 MEMORY SELECTION—Wisdom is the principal thing; therefore get wisdom; and with all thy getting get understanding.—Proverbs 4:7.

EDITOR'S NOTE: Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute, Chicago.

EDUCATION is so widespread in our day, and so eagerly sought after, that one might assume that the world would soon solve its problems through the cultural attainments of its people.

Why this is not true appears clearly in our lesson; for it is wisdom that the world needs, and wisdom is quite different from the understanding or memorizing of a mass of facts.

Wisdom teaches us how to use knowledge effectively for the glory of God. We see in our lesson:

I. The Meaning of Wisdom (Prov. 1:1-5).

PROVERBS are pithy, useful sayings, which gather up the wisdom of a people in easily remembered form. They are highly thought of in all nations, but reached their highest development among the Hebrews, because they rightly insisted that they must be related to God and worship of him.

Knowledge must be coupled with discernment (v. 2), which speaks of going beyond and below the surface meaning. This will not be an abstract love of the scholarly, but a practical application of truth to life (v. 3). Wisdom results in right living and proper dealing with our neighbors.

The one who has come to this place is ready to give (v. 4) help to others, especially to the young or those of "simple" thinking, who have not yet reached the place where they can get hold of such things for themselves.

Notice that the wise man does not stop at that point, but because he is wise he goes on to more and more understandings, to further receiving and giving out of "sound counsels" (v. 5).

II. The Value of Wisdom (Prov. 3:13-18).

THE character of a man shows up in the things he holds to be valuable. Some cannot see beyond gold and silver. Others seek comfort and convenience, and do not wish to be disturbed in their easy ways.

The wise man knows that for real pleasure of the highest type, for peace of mind and heart, for riches that will last and not bring him into either sin or sorrow, there is nothing like the cultivation of understanding and wisdom.

This scripture affords us the opportunity to say a needed word to young people who are being so sorely tempted these days to forego their opportunities for an education, and to rush out into the world to make money, more money, yes, the most possible money.

Education seems to be unnecessary, a waste of time and effort. But wait, the years will come and go, and then when it is too late, the realization will come that a golden opportunity was missed, and that doors of usefulness and effectiveness are now closed.

III. The Source of Wisdom (Prov. 9:9, 10; James 1:5).

GOD is the source of wisdom, and it is as a man fears him that he becomes wise. The fear of God is not a matter of fright or terror, but rather a genuine concern that one may do his will and never fail to be obedient to his guidance.

God is always more ready to give than we are to receive. He will not turn us aside, or belittle our efforts; but will, if we ask, give wisdom, and that in no little measure.

Let no man think that he can attain unto true wisdom apart from a right relationship to God. He may have knowledge, but not wisdom. On the other hand, let no man who knows God and serves him go through life lacking wisdom when all he has to do is to ask it of his heavenly Father. Why be poverty-stricken when you can be rich in wisdom and understanding?

Folks You Know

For Sale—1939 one-ton Dodge pickup, grain sideboards, in excellent condition. Butane Service Co., Bronte.

Wilfred Rabb, who is working in a store at Odessa, spent the weekend here with his mother, Mrs. Otis Rabb.

Mr. and Mrs. W. T. Roach and Mrs. H. L. Scott were in Dallas and Fort Worth the first of the week buying new merchandise for the Roach Dept. Store.

Mr. and Mrs. J. C. Wallace and son, Royce, left early Sunday for Clovis, N. Mex., to visit the former's sister, Mrs. Henry Payne, and family. They will also visit other points in the neighboring state. Mr. Wallace is enjoying a week's vacation from his duties as manager of the M System store.

Mrs. R. S. Nail and son, Clem, and his family of Vernon were in Robert Lee last week visiting her sister and family, the G. A. Harmons. Mrs. Nail also visited her niece, Mrs. Luther Sparks, her brothers, Denton Powers, and George Powers and the Ashworths at Edith.

H. C. Schooley and wife of Pecos have moved to Robert Lee to make their home. They have two small children, H. C. Jr. and Wanda Gail. Mr. Schooley, who is a brother of Mrs. Turney Casey, will do the finishing work on the new houses at the Sun Oil company camp at Silver.

Martha Smith was in San Angelo the last of the week visiting her aunt, Mrs. D. I. Durham, and the Geo. L. Taylor family.

Jackie, Doris and Jerry Sparks of Lipscomb are visiting their grandparents, Mr. and Mrs. Lem Cowley, and their grandmother, Mrs. E. T. Sparks.

Mr. and Mrs. Earl Roberts left Friday on a pleasure trip to the Nevada mountains and will probably visit points on the west coast before returning home.

Mrs. Paul Daffern of Fort Worth arrived Thursday to spend the week with her parents, Mr. and Mrs. G. A. Harmon.

Jack Austin went to Houston a couple of weeks ago and secured employment in a machine shop. He graduated from high school here last spring and is a son of Mr. and Mrs. Coke Austin.

Mrs. Bob Odom of Silver enrolled Monday for a six weeks' course at Abilene Christian college, and last week completed a course at San Angelo college. Mrs. Odom teaches in the public school at Silver.

Mr. and Mrs. Douglas Gartman of Sanco are the happy parents of a son, Dennis Wayne, born July 17 at Clinic hospital in San Angelo. The baby weighed 7 pounds 14 ounces. Paternal grandparents are Mr. and Mrs. Bryan Gartman, while the maternal grandparents are Mr. and Mrs. Leslie Wink. The baby's mother was the former Erma Lee Wink. Mrs. Mattie Tinkler is a great grandmother, while Frank Eckert of Miles assumes the title of a great great grandfather.

Dr. and Mrs. J. K. Griffith enjoyed a visit last week from their daughters, Mrs. D. R. Wells of Quanah and Mrs. D. P. Walling of Brackettville.

REA Elects Lem Cowley

Lem Cowley, well known Robert Lee farmer, was elected to the board of directors of the Concho Valley Electric Co-operative at the association's annual business meeting in San Angelo last week. Cowley was the only new member chosen for the nine member board, and it is the first time Coke county has had representation on the official body.

Bill Tom Roach and Skinny Adams attended the Shrine club stag at Lake Nasworthy Friday evening.

No. 590
The State of Texas, County of Coke
In the County Court
of Coke County, Texas

Notice Of Application To Make Oil, Gas And Mineral Lease

To all persons interested in Wanda Gean Hester, a minor, Wilma Nell Hester, a minor, and Rickie Dell Hester, a minor, or their estates:

You are notified that I have on the 21st day of July, 1947, filed with the County Clerk of Coke county, Texas, an application under oath for authority to make to B. C. Mann, as lessee an oil, gas and mineral lease on the undivided one-twelfth interest of each of said minors, aggregating a total undivided one-fourth interest, in and to the following described real estate lying and being situated in Coke county, Texas, to-wit:

Tract No. 1: Being 100 acres of land out of the Northwest portion of Survey No. 433, Block 1A, H&TC Ry. Co. lands, described by metes and bounds as follows:

Beginning at a stake in the West boundary line of Survey No. 433 H&TC Ry. Co. at a point 474.4 varas South from the NW corner of said Sur. No. 433; THENCE South 474.4 varas, stake for SW corner of this tract; THENCE East 1187 varas, stake for SE corner of this tract; THENCE North 474.4 varas, stake to the NE corner of this tract; THENCE West 1187 varas to the place of BEGINNING, containing 100 acres of land.

Reference is made to deed from W. A.

Williams and wife, Alice Williams, dated January 22, 1919, recorded in Volume 35, pages 603-604, Deed Records of Coke county, Texas, for a more complete description of said land.

That Bob L. Davis, Judge of the county court of Coke county, Texas, on the 21st day of July, 1947, duly entered his order designating the 4th day of August, 1947,

at 9:30 o'clock, A. M. in the county courtroom in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

R. W. Sims
Guardian of the Estates of Wanda Gean Hester, Wilma Nell Hester, and Rickie Dell Hester, Minors

MASTERS IN HANDICRAFT . . . Two Indian girls (left) from Arizona show their handiwork to other Girl Scouts at the first world conference to be held by the Girl Scout organization in the U. S. since 1937. Girls from the Americas, Europe and the Far East gathered at Camp Baree, near Tyrone, Pa., to discuss youth's part in world affairs.

Fire Chief at 90 Still Heads Force He Formed in 1920

FLORA, ILL.—Still head of the volunteer fire department which he organized 27 years ago, 90-year-old "Uncle Fay" Yeck ranks as one of the oldest, if not the oldest, fire chiefs in the nation.

Recently appointed by Mayor Leo Allen to the job for four more years, Yeck admits that his years are numbered but his seamed brown face showed little concern as he predicted: "I don't think I'll last out my term."

The white-haired chief has helped fight most of the blazes in this southern Illinois oil town for the last 60 years. Despite administration turnovers, he has held the post of fire chief since he organized the Flora volunteer department March 26, 1920.

When the volunteer fire department was organized in 1920, its equipment consisted of a two wheel hose cart with a reel and 150 feet of hose, the veteran chief recalls. The city paid a dollar to the drayman who would haul that cart to a fire "and how the three or four draymen in Flora would race to earn that dollar," he adds.

Next advance in equipment was an old steamer. Regarding this machine, Yeck relates: "The fire would be out, or else the place would burn down before they'd get up steam to get it there."

The 30 volunteers include the mayor, police chief, a bank cashier, theater owner, game warden, a barber and an undertaker. They fight fires without pay "because they're all good hearted fellows, I guess."

"They enjoy it, though. Especially those pinochle games at their meetings every month over the fire house."

Uncle Fay's office is a little desk under a stairs, where he works from 8 to 5 every day, but "I'm subject to call at all hours like a country doctor."

He has two pumper trucks, "one's 13 years old; the other's 8. Both as good as the day we got 'em."

Although a tiny gold badge on his vest is inscribed "E. D. Yeck," the genial chief explains that his name really is Edwin Dufay Yeck "but folks around Flora just call me 'Uncle Fay'—especially the kids."

Yeck, who came to Illinois from Sistersville, W. Va., as a lad of six, recalls that there were only three stores in Flora when he arrived there. He spent his early years in farming, then was a barber for 50 years.

He Listens to All Legislative Wrangle— Lets Out One Yelp

ANNAPOLIS, MO.—Omar, an independent who sits in on the Maryland legislative sessions, has taken the floor only once—and that was when somebody stepped on his tail. He raised the point of personal privilege from his seat on the aisle next to C. Clifton Virts, 36-year-old Frederick attorney, who lost his sight in a dynamite cap explosion when he was nine years old.

Omar, a cross between a chow and a German shepherd, is a graduate of the seeing eye school at Morristown, N. J. Like his master, he is a freshman at the present session.

Virts, a Democrat, and Charles M. See, Allegany county Republican, who also is blind, have formed a coalition for going over the bills, with See's wife doing the reading.

"Off We Go" AVIATION NOTES

Airport Chatter

More than 1,000 private planes will converge upon University of Illinois airport at Urbana-Champaign August 4 when the Flying Farmers of Prairie Farmer Land gather for two days of meetings and demonstrations of agricultural and flying equipment. Governors of Illinois, Indiana, Wisconsin and Michigan, the area covered by the organization, have been invited. Crop dusting demonstrations with a helicopter are scheduled as one of the convention features. . . . Flying Farmers Day will be a headline attraction at the annual Farm and Home Week scheduled at Louisiana State university August 12-14. Air-minded farmers throughout the state will be invited to fly their planes to Baton Rouge to participate in the program. . . . Second annual reunion of the Order of Finella (ex-Wasps) is scheduled at Ponca City, Okla., August 24-27, under auspices of the Piper Mid-Continent plant and the Chamber of Commerce. Approximately 150 ex-Wasps are expected to attend. . . . A long hotel strike in Phoenix, Ariz., took a new twist when the hotel management used a helicopter to deliver food and beverages over picket lines. . . .

Flying Eggbeater
Several distinctions are claimed for the unique commuter service offered by a helicopter, which operates between Boston's Logan airport and the roof of a downtown garage. The flying eggbeater, as the plane is known, is the only helicopter in scheduled passenger service in the world; is the only one landing regularly on a roof of a building; it flies on the shortest airline route in the world; it charges the highest rate per mile, and it flies at the slowest speed of any scheduled passenger plane. The distance is about two miles as the crow flies and its mechanical cousin, the helicopter, flies. Considering that the fare is \$3.50, tax included, passengers are paying at the rate of \$1.75 per mile. But the purpose of the helicopter service is not to save money or to go fast but to save time. . . .

Another First
The nation's first aerial cleaning service is operated by Wayne L. Troutner of Winslow, Ariz. Daily when his Stinson Voyager glides to earth on remote northern Arizona landing strips, Indian natives—both young and old—cry a greeting "Ka-Ya-Pa-Ne-Sha," meaning "the cleaner who flies." Since inaugurating the aerial pick-up and delivery service to the widely scattered trading posts, ranches and resorts, Troutner has more than doubled the volume of business for his Winslow plant.

GOT OVER IT

"When I was a young man," said a father to his fun-loving son, "I worked 12 hours a day."
"I admire your youthful energy, Dad," said the boy, "but I admire still more the mature wisdom that led you to stop it."

NATURALLY

George, a six-year-old boy, had returned home from his first day of school. "Who is the smartest one in your class?" his mother asked him. Naturally, all expected him to say he was, but he promptly replied: "Why, the teacher."

Ain't It So?

Experience isn't a pleasant teacher, but when she gets through cuffing you around you really know something.

A lawyer's brief often makes him long-winded.

A conference is a meeting of a group of men who singly can do nothing, but who collectively agree that nothing can be done.

One pound of learning requires 10 pounds of common sense to apply it.

Flirtation is a game which, like cards, is innocuous only when nothing is staked that can be missed if lost.

MILLION ACRES SOYBEANS USED FOR MARGARINE

A report just issued by V. L. Lea of the Commodity Economic Research Department, covering intensive surveys in four leading soybean producing states, shows that in 1945 the total acreage of 1,397,727 was needed to produce the soybeans used for the manufacture of margarine. This is an increase over 1936 of over 1,300,000 acres. The report also shows that in 1945 soybean oil used in the manufacture of margarine amounted to approximately 206,643,000 pounds. (Adv.)

Actual Work To Start On Colorado City Road

The Colorado City Record says: J. B. Earle, representing Stone and Full, general contractor for paving the fifteen mile stretch of highway south of Colorado City to the Coke county line, is in Colorado City this week making preparations for the actual start of construction on this long awaited stretch of highway early next week.

There are three good size bridges and three heavy culvert structures to be built along with the dirt work and topping. Mr. Earle

stated, if at all possible, they intended to complete the work by early winter.

Folks You Know

Mr. and Mrs. Joe Arledge, Jr. are the proud parents of a daughter, born July 17 at the Roscoe hospital. This is their first child. The mother was formerly Jerry Youngblood of Blackwell and is a niece of L. T. Youngblood, Bronte banker. "Papa" Arledge is a well known rancher northeast of Sanco and is a brother of Mrs. Palmer Leeper.

A group of six young folks from the Robert Lee Methodist church are enjoying a week's camping at Kerrville. They are Patty and Dixie Taylor, Lurlyne Pettit, Janet Bilbo, Marvin Simpson, Jr. and Tommy Kirkpatrick.

Mrs. Frank McCabe has returned home from a San Angelo hospital where she underwent treatment the past two weeks.

Mrs. E. A. Burgess and her daughter, Mrs. Oren Fletcher, and children motored to Coffeyville, Kans., this week where they are visiting the former's parents. Mr. and Mrs. J. T. Van Horn.

Bert, Harold and Jerome Sheppard, Hawley Fields and Freddie Wayne Hickman visited the Carlsbad caverns last week.

Native Son Returns

Tee Green of Tempe, Ariz., came back to his old home town of Robert Lee last week after an absence of 32 years. He was born near Sanco, a son of the late Doc Green. His wife was the former Bennie Posey, a niece of Mrs. W. H. Bell. Tee is in the barber business at Tempe, which is the site of the state university. Accompanying Mr. Green on his visit here this week were his cousins, Geo. Bullion of Brownwood and two sisters, Lizzie and Dovey Lou, and another cousin, Bessie Layman of Muleshoe. George's wife was the former Ollie Finch of Robert Lee. The group had joined in a gathering at Brownwood to honor Mrs. Lou Bullion on her 91st birthday.

SANCO NEWS

By Mrs. Sam Fowler

Effie Carwile is back at home visiting this week. She has been at Sterling City for some time.

Mrs. Sam Fowler and children enjoyed a visit recently at Sweetwater with Sam and Waddy.

Mrs. Glyn Thomason and children are visiting with Belva McCutchen and children and enjoying the camp meeting this week.

You're missing a blessing if you are not attending every service at the Sanco camp meeting. Come and hear the music on the electric vibra harp.

Guardianship of Tempie Terry and Duncan Lee Terry, Minors No. 598

In the County Court of Coke County, Texas

To all persons interested in the above Minors or their Estate:

You are hereby notified that I have on the 22nd day of July, 1947, filed with the county clerk of Coke county, Texas, an application under oath, for authority to make to Deep Rock Oil Corporation, as lessee, an oil, gas, and other minerals lease covering the One Eighth Undivided Interest of the said minors Tempie Terry and Duncan Lee Terry in and to the following described land situated in Coke county, Texas, to wit:

First Tract: 133.6 acres, more or less, being all of the Joe Lindley Survey No. 1, Patented to M. W. Kirkland by Patent No. 172, Vol. 32, designated as Abstract No. 1855, described by metes and bounds as follows:

Beginning at a st. md., the N. W. corner of W. H. Donaghe Survey No. 9, for the N. E. corner of this tract;

Thence South with the west line of said Donaghe Survey, 964 varas, st. md. for S. E. corner of this tract;

Thence West with the north line of L. H. Griffith Survey No. 8, 784 varas, stake in east line of Survey No. 286, H. & T. C. Ry. Co., Block 1A, for S. W. corner of this tract;

Thence North, with east line of Survey No. 286, 964 varas, stake for N. W. corner of this tract;

Thence East 784 varas to the place of Beginning.

Second Tract: 40 acres, more or less, out of the west portion of the W. H. Donaghe Survey No. 9, Patented to W. J. Glass by Patent No. 586, Vol. 20, designated as Abstract No. 93, described by metes and bounds as follows:

Beginning at the N. W. corner of the said Survey No. 9, for the N. W. corner of this tract;

Thence South 1039 varas, st. md. S. W. corner of this tract;

Thence East 216 varas st. md. for S. E. corner of this tract;

Thence North 1039 varas, to south line Survey No. 10, for N. E. corner of this tract;

Thence West 216 varas to the place of Beginning.

Third Tract: 42.5 acres, more or less, out of the W. H. Donaghe Survey No. 10, Patented to M. W. Kirkland by Patent No. 154, Vol. 42-A, designated as Abstract No. 1492, described by metes and bounds as follows:

Beginning at a st. md. the south-east corner of W. H. Donaghe Survey No. 10, a double live oak brs S.50 deg. E 21 vrs., a stump of a post oak brs. N.53 1-2 E.36 varas;

Thence W 1098 varas, st. md. for the s. w. corner of this tract;

Thence North 127 varas, a rock marked "X" for corner;

Thence South 80 deg. E. 189 varas;

Thence North 68 deg. E. 396 varas;

Thence North 62 deg. E. 370 varas to west boundary line of Seth Clark Survey No. 475;

Thence South 30 deg. E. with said line, 480 varas;

Thence west 16.5 varas to the place of Beginning;

that Bob L. Davis Judge of the county court of Coke county, Texas, on the 22nd day of July, 1947, duly entered his order designating the 11th day of August, 1947, at 10 A. M., same being the 2nd Monday in August, in the county court room in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

County Agent Completes Range Management Study

County Agent T. B. Hicks returned July 14 from a fifteen day course in Range Management conducted by A. & M. College. Twenty-three county agents from over West Texas were given permission to take the course. The first eight days were devoted to lectures and laboratory exercises directed by Dr. Young, head of Dept. of Range Management, and Dr. Sperry, ecologist in the same department. Along with the identification of native grasses, weeds and shrubs, the economic application of range management was stressed.

The last six days of the course were devoted to visiting outstanding ranches in West Texas, including the Crit Clark ranch, Water Valley, the Puckett ranch, Fort Stockton, and the Mitchell ranch, home of the Highland Herefords, Marfa.

Classes were in session 8 hours per day. Lectures and lab. exercises equal to a full course during a regular semester were given. Three hours college credit was given those who completed the course.

The county agents were unanimous in their praise of the

course and the practical conclusions drawn can be applied back in their respective counties.

Shropshire Family Reunion

During a family reunion recently in the home of Mr. and Mrs. B. W. Shropshire, they were happy to have with them a brother of the former, Charles Shropshire of Phoenix, Arizona and a number of their children, grandchildren and great grandchildren. They were Mr. and Mrs. D. P. Key, their son, David of Robert Lee, Mrs. F. W. Hunter of Austin, Mr. and Mrs. C. C. Gobel and children, Margie, Martha Ann, Tim and Jimmy of Visalia, California, Mrs. Carol Reed and children, Ansel, Reita Fay, Dennis and Milton of Sterling City, Mr. and Mrs. Ford Shropshire of Caldwell and Mrs. Lewis Owens of Odessa. Great grandchildren were Wayne, Charles and Jerry Don Calder of Robert Lee.

Stanley Adams, son of Mr. and Mrs. S. E. Adams, returned Wednesday from six weeks at Stewarts Camp near Hunt, Texas. Bill James, line coach at A & M college, was director of the camp which had an enrollment of 255 boys.

Sondra Hester entertained a group of friends last Thursday evening at the home of her parents, Mr. and Mrs. Walter Hester, the occasion being her 13th birthday. Party games were played and delicious refreshments were served.

Roy Tinkler spent last week with his brother-in-law and sister, Mr. and Mrs. Harold (Butch) Killam, at Coleman.

Clayton, Eldon and Lavelta King of El Paso are visiting in the home of their uncle, Dave King, at Edith and with other relatives in this locality.

BRONTE NEWS

By D. M. WEST

The congregation of the Bronte Church of Christ have completed arrangements for their annual summer evangelistic meeting which is set to begin Friday night, August 15. The congregation has just completed the installation of an air conditioning system which makes the auditorium delightfully pleasant.

Elder Bill Stanley, of Abilene, is the minister in charge. He is to be assisted by his brother, Reuben Stanley of San Angelo who is pastor of the Santa Rita Church of Christ in that city. Bryan Merritt of Little Rock, Arkansas, will have charge of the music for the meeting. Mr. Merritt is reputed as a foremost gospel song leader.

C. E. Bruton speaking for the whole congregation said: "we cordially invite everybody to attend; enjoy the cool, refreshing auditorium, as well as good preaching and inspiring singing."

Date for the opening of the 1947-1948 session of the Bronte schools, is announced by Supt. J. H. Dean to be Monday, Sept. 8.

Supt. Dean has worked hard during the summer months to have everything in readiness for a good school year and he has succeeded except he has now to secure a teacher to take the place of one teacher who failed to qualify. But Prof. Dean hopes to fill the vacancy soon.

The number of scholastics does not reach the number of scholastics last year. Last year the number of scholastics was 326—this year they total only 303. However, Supt. Dean says there will be a good many transfers from Tennyson, Brookshire, Maverick and Norton that will increase the number that will actually attend the school.

Mr. and Mrs. Ronald Walton and Mr. and Mrs. Pete Gentry returned home Monday night from a pleasure and business trip that took them to San Antonio and Fort Worth.

Mr. and Mrs. Ben Aldredge have returned to their home in Florida, after a visit with Mr. Aldredge's parents, Mr. and Mrs. Frank Aldredge. Mr. Aldredge is with an oil company and was on his vacation. It was his wife's first visit to Texas, and she greatly enjoyed the wide open spaces of West Texas.

Mr. and Mrs. C. R. Smith made a visit to San Antonio last week, buying merchandise while there to replenish the stocks in their store. Mr. Smith says that the weather was almost unbearable there, it was so hot.

Mrs. Eva Key has gone on a visit for the summer to relatives at Sterling City, Seminole and in New Mexico.

R. B. Ash, who was operated on several weeks ago in a San Angelo hospital, is still seriously ill.

R. T. Caperton was seriously burned last week when a cap blew off a car radiator near which he was standing. He was rushed to Karen-Gayl hospital and given emergency relief. He is recovering satisfactorily.

Mrs. Curtis Walker and children of Silver were visiting her parents, Rev. and Mrs. D. H. Palmer, and her sister, Mrs. Verna Allen, latter part of the week.

John Bruton of Edith and C. E. Bruton and Bon Spoons returned Friday from a five days fishing trip to Devil's River near Del Rio. They report plenty of fish, and a grand good time. John D., they say, really caught the big fish but let it get away.

Mrs. Violet Walker from Silver and children visited her mother, Mrs. Verna Allen, last weekend. Mrs. Walker reports that new oil town is booming.

The business men of Bronte have pooled a fund for the purpose of having the streets in the business section cleared of all rubbish and swept clean of all trash.

Already the work has begun. A force of men were put on the streets Sunday night at midnight, after the streets were clear of parked cars, and one side of Main street was swept clean and it gives a decided improved appearance to the town. The work will be kept up until the business section is swept and cleaned of all dirt and rubbish

*WHO WILL RUN THE NATION'S LARGEST BUSINESSES IN 1974?

YOUNG MEN back from war wonder about the country's future and their own future. What will they be doing 27 years from now?

The 143 top men who manage 50 of the nation's largest businesses can help answer that one.

Twenty-seven years ago, most of them came back from a war, too.

All of them, after the war or before, began their business careers at the bottom.

One started work for \$1.50 a week—11 others for less than \$5 a week. 43 others started work for less than \$10 a week.

Eighty-one others received between \$10 and \$25 a week. Only 7 received more than \$25—the highest getting paid \$69.23 a week.

The average first wage of all 143 was \$13.40 a week.

Who will manage the nation's largest businesses in 1974? Exactly the same kind of men.

Then, as now, they will be leaders with courage, ambition and initiative enough to come up the business ladder, rung by rung.

Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare, or the public welfare.

*This advertisement was purchased by the Reader's Digest and was reprinted as an editorial in a recent issue of that publication.

Young Man with a Hoe

The whole world owes a debt of gratitude to America's young farmers. These young people, 4H Club and FFA members, are serving nobly in the merciful war against starvation everywhere. Our young farmers have staked a great claim for a peaceful, happy and prosperous future. We know they will use modern rural telephone service to help them make that bright future a reality.

Persistence Wins
 "Talk about persistence. Three times he asked me to kiss him and three times I refused."
 "Then what happened?"
 "Oh, well—one can't go on like that!"

Or Looks to That Effect
 Jack—I never saw a girl with such personality in her eyes. They positively talk.
 Joe—I suppose when she feels like swearing she just gives a cursory glance.

Convicted
 Jail Visitor—My friend, have you any religious convictions?
 Prisoner—Well, that's the right word, I reckon. I was sent here for robbing a church.

What Other Kind?
 The old gardener had been planting trees and was being bothered by the questions of passers-by. Finally one hearty individual breezed along with, "What sort of trees are you planting there?"
 "Wooden ones!" the exasperated gardener shouted.

Hold Training School on Cooking Frozen Foods

A leadership training school, "Cooking of Frozen Foods" was held July 11th, at the Robert Lee Methodist church basement by the county home demonstration agent. Seven clubs were represented with nineteen leaders, delegates and visitors present.

A complete frozen food menu prepared by the agent consisted of cantaloup cocktail, broiled steak, green beans, cream corn and vegetable salad, also angel food cake and strawberry sauce.

A technicolor film, "Freezing Fruits and Vegetables at Home," was shown to the ladies.

The agent stressed that the quality of frozen foods when they appear on the table is as dependent on the treatment they receive after they are removed from the locker or home freezer as it is on the treatment during freezing and storage.

Frozen foods once thawed should never be refrozen. Besides the chances for spoilage, fruits and vegetables become flabby, lose their shape, and undergo great leakage. Thawed frozen fruits do not change so rapidly as do vegetables, but gradually lose flavor, darken and become mushy.

Usually it is best to start cooking a vegetable while it is still frozen; however, stalk vegetables, such as asparagus and broccoli, if not immersed in boiling water, may be thawed just enough to break the stalks apart, particularly

if they are to be cooked in a small amount of water by steaming or in a pressure saucepan. If they are to be slightly thawed, they should be left in the sealed package and thawed for not more than 1-4 hours at room temperature or for 4 hours in the refrigerator.

Dry-packed vegetables may be kept after removal from freezer storage, in the ice cube compartment of a refrigerator for from 5 to 7 days without significant loss of quality.

In general, frozen vegetables are cooked by methods similar to those for fresh vegetables, except that frozen vegetables require only from 1-2 to 1-3 as long cooking as do the corresponding fresh ones. Care must be taken not to overcook frozen vegetables because all of them have been partially pre-cooked in preparation for freezing. Only the amount that can be eaten at one meal should be cooked at one time—Holding a cooked vegetable and then re-warming it results in increased losses of Vitamin C, as does also keeping it hot for any length of time.

Thawed meats may be cooked the same as are fresh meats. Solidly frozen roasts require from 12 to 25 minutes more cooking per pound than do thawed roasts. Since freezing tenderizes meat, less time may be required to cook frozen meats.

Mrs. Lula Burson of Coleman visited here the last of the week with the L. B. Martin family.

Mr. and Mrs. Frank Bryan and granddaughter, Thelma Jo, spent Saturday in San Angelo.

Remember back when

(From files of The Rustler, July 20, 1897)

D. F. Millican of near Edith was in town Thursday on land business. He reports everything lovely in his section of the country.

We will have corn to throw at the hogs this year.

Dr. J. O. Toliver is having a well drilled on his ranch two miles north of town. Winens & Graves are doing the work.

H. H. Hayley informs us that he has made a contract with W. C. Barron to build the latter a tank on his ranch that will cost him about \$140.

Will Green was right sick the first of last week but at this writing we are informed he is improved.

Mrs. Milt Havins of Valley View was shopping in the city Tuesday. Several loads of sheaf oats were sold here this week at \$3 per 100 bundles.

J. J. Vestal carried off the prize as the one who had improved the most in penmanship at the writing school, and Miss Lula Webb was the best penman.

After doing what they could to bury West Texas out of sight, the legislature adjourned and has taken free passage to the Tennessee Centennial where they will be placed on exhibition to show that Kentucky and Tennessee can't beat Texas when it comes to raising jackasses.

The Masonic picnic here recently was a success in every respect. Members of the fraternity marched from the hall to the grounds, wearing their regalia and the installation of officers was open to the public. Addresses were made by Judge Chapman and R. M. Cumbie, Officers of Hayrick Lodge No. 696 include M. B. Sheppard, master, J. H. Burroughs, senior warden, T. A. Higginbotham, junior warden, J. T. Hamilton, treasurer, H. E. Johnston, secretary, J. A. Burroughs, tiler.

A little want ad will sell it

Postal Receipts Drop

Receipts at the Robert Lee post office were \$4,418.90 for the year ending June 30, 1947, according to Postmaster Melrose Russell. Peak year was 1944 when receipts jumped to \$5,248. The figure was \$3,494 in 1941 and \$4,024 in 1942. Last year receipts of the local post office were \$5,009. Receipts at the Bronte office the past year were \$4,237. Heavy receipts during the war were due to many letters and

packages being sent overseas to men in the service.

How Are You Fixed?

How are you fixed for anterior and posterior teeth? Bearing in mind that 28 teeth are required to make a full upper and lower set, you might check your needs and see Customer Service Center of War Assets Administration at Grand Prairie, Texas. Some 2,000,000 artificial teeth are being offered by WAA at fixed prices until August 6. The teeth are located in the Medical Supply Depot at Louisville, Ky.

Choose Your Financing Plan Wisely

Finance thru this Bank

The Modern Low-Cost Way

Just as the new motor car models bring you important improvements, so this Bank's modern Auto Financing Plan offers vital advantages making it the economical, sensible way to finance your next car. You need not be a depositor to finance here.

Get These Important Advantages

1. Substantial savings thru our low rates. No hidden "extra" charges.
2. Insurance may be placed with your own agent.
3. We can finance your insurance premium—include it in your monthly payments.
4. Any new or late model used car may be financed here.
5. Dependable BANK protection—dignified, responsible handling of your account.
6. You deal with home people—receive prompt, friendly service and interested cooperation.
7. You establish valuable BANK CREDIT.
8. Payments may be made at the bank—saving you inconvenience and extra expense.

★ ★ ★

See us before you buy your car. We can approve your loan now. Your money will then be ready, and you can purchase the car of your choice at any time.

Human Thing to Do

Seeking to teach a beady-eyed chimpanzee to play tennis, a great psychiatrist took the animal to a squash court, where for 20 minutes he banged the ball against the walls of the court, running madly to retrieve it, tripping a couple of times, and once bashing his forehead with the racket.

The chimp watched without moving. Finally the exhausted psychiatrist put the racket and ball within easy reach of the animal, left the court, and closed the door behind him. Then he knelt and peered through the keyhole to watch developments.

Glued to the other side of the keyhole was a beady little brown eye.

How to Properly Care for the Baby

Careful Sunning Is Good for Your Baby

THE sun is one of baby's best friends. It helps him build straight bones, strong muscles and sound teeth. But be careful not to overdo a good thing.

Even a few extra minutes of sunshine may burn baby's tender skin. Be sure his eyes are protected during sun baths! Sunshine should not enter the eyes directly. Want to rear a healthy, happy baby? Our booklet No. 203 can help you. Advice on feeding, bathing, toilet-training, etc., from birth to one year. Send 25 cents (coin) for "Baby Care" to Weekly Newspaper Service, 243 West 17th St., New York 17, N. Y. Print name, address, booklet title and No. 203.

ASK ME ANOTHER?

A General Quiz

The Questions

1. Can a moth fly far?
2. What is the English name for the game of checkers?
3. The Uranium atom was actually split for the first time in what year?
4. What vote is required to limit debate in the senate?
5. Can fish taste?
6. What names have all Danish kings had since 1513?

The Answers

1. Certain varieties of the Black Witch moth fly from Central America to Florida—and sometimes as far as Canada.
2. Draughts.
3. In 1934, by Enrico Fermi at the University of Rome.
4. Two-thirds vote.
5. Yes, and they prefer certain tastes and dislike others.
6. Christian or Frederick. The new king is Frederick IX.

Greens	Wash, steam to wilt, pack loosely	180	60	10
Parsnips Turnips	Wash, pare; precook 5 minutes, pack	90	35	10
Peas	Shell, grade (use young); precook 3 min., pack loosely	180	60	10
Pumpkin Squash	Cut in pieces, steam or bake until tender, pack	180	60	10
Sauerkraut	Pack cold, add salt, no water	30		

Follow This Chart for Canning (See recipes below.)

Canning Queries

Pressure cookers and other canning equipment will be working overtime to take care of garden produce this year, and those of you who have canned foods undoubtedly know that it's a big task, but not a thankless one when it comes to next winter's eating.

There's no other food task so gratifying as canning, for once you are finished, you have loaded shelves to look at. In order to avoid canning mistakes and failures, check over these points.

First, garden-fresh, sound ripe vegetables are the only kind worth canning. Unsound produce does not improve during the canning process, and it's a waste of time, money and food to put stale vegetables into jars.

Select all vegetables as carefully for canning as you would for your most finicky guest, and you'll be a long way toward success. Tender peas, small beets, plump, shiny corn, crisp and meaty beans, etc., all will give satisfactory results because they are prime produce to begin with.

Every vegetable should be washed thoroughly before the skin is cut or broken. Why? Because some of them have dirt and fuzz that is difficult to remove once it becomes mixed with the juicy content.

Pre-cooking and hot packing gives best results, as this method shrinks the vegetables and gives a better looking pack as well as less shrinkage in the jar.

Use Pressure Cooker

Some women can can consistently and successfully by processing vegetables in a hot water bath. Either they are very careful workers or just plain lucky. However, fool-proof results are best obtained by using a steam pressure cooker. It is possible to bring food to a higher temperature in this way and kill harmful bacteria, thus avoiding spoilage.

Canning also may be done in much less time with a pressure cooker, and there is less opportunity to lose food values in this way. Fortunately, the equipment is now available, or in many communities it is obtainable on a communal basis at a canning center or such.

Boil Before Serving

One of the basic rules for home-canned vegetables is to boil the canned vegetable 10 to 15 minutes before tasting or using. Never taste a vegetable which you may suspect is spoiled. If you are certain of spoilage, discard it; if not sure, cook it first and then taste.

This boiling is best done in an open saucepan. The rule applies to all vegetables except tomatoes and red pimientos, which are acid vegetables and hence in a somewhat

LYNN CHAMBERS' MENU

- Braised Lamb Steaks
- Parsleyed Potatoes
- Green Beans
- Carrot-Raisin Slaw
- Biscuits and Honey
- Fresh Cherry Pie Beverage

different class from non-acid vegetables such as peas, beans, corn, etc.

Some questions always come up concerning particular vegetables during canning time. Typical queries are these, and here are the answers:

What causes cloudiness in canned peas? This may be caused by insufficient cooking or some mineral in the water used for canning. Proper pre-cooking or soft, distilled water eliminates the cloudiness.

How high shall I pack vegetables? Pack them to within 1/2 inch of the top of the jar, except peas, lima beans and corn, which are packed to within one inch of the top to allow for extra expansion.

What causes corn to turn brown in the can? Most often this is due to a high temperature used during canning, which caramelizes the corn. Sometimes a high deposit of mineral such as iron in water used for canning will cause it.

Why do beets turn white? This may be due to certain varieties or to too old beets. Use the very dark red kind, and see that they are young and freshly gathered.

Why do vegetables fall apart when home canned? This is due to overprocessing or overcooking in pressure cooker or water bath. Watch the time and check with timetable to avoid this error.

Shall I overprocess or underprocess? Neither is good, but under-processing probably will result in spoilage while overcooking will give you wilted looking goods that do not hold their shape.

How much shall I can at one time? Unless you have help for preparing the vegetables, it is best to do it in several small batches so vegetables do not spoil. If you can get the produce from garden to kettle—or jar—within two hours you are working according to the best rule. Much depends upon your own speed and ability.

How much salt should be used? Season according to taste or not at all. Most people are satisfied if one teaspoon of salt to each quart of vegetable is added as a last measure to the jar before it is closed.

Should jar tops be wiped before cover is placed on jar? Yes, this is essential to remove any bits of vegetable, water or salt which might prevent a perfect seal.

What kind of covers should I use? There are a number of good varieties available, and each should be used according to the manufacturer's directions.

Released by Western Newspaper Union.

AROUND THE HOUSE

To retain the attractive appearance of smocking after laundering run the iron over the smocked sections until dry, then fluff up the smocking with fingers.

When washing hand-painted china, use mild soap and medium hot water.

Fats come under the "scarce" list, so use care to keep them fresh. Air, light and heat cause fats to become rancid and inedible. A cool dark place will keep them best.

Want a new flavor for cooked greens? Mix one-fourth tablespoon garlic vinegar and four tablespoons olive oil. Blend these thoroughly and pour over the hot greens.

Wear an apron when you sew. Have large pockets in the apron for holding thimble, scissors and tape measure.

Wash cloths last much longer and the edges will not fray if they are turned back and stitched on the sewing machine when new.

NEEDLECRAFT PATTERNS

Folks You Know

Victor McCabe, well known
rancher of near McKenzieville, is
the owner of a new Jeep which he
purchased Tuesday from Bill Rat-
liff. The latter represents the Jim
McCormick agency in San Angelo.
Bill says they sell strictly at list
prices and can also make im-
mediate deliveries of Jeep station
wagons and pickups.

Don Williams and wife of Las
Cruces, N. Mex., have been here
the past week while the former
was undergoing a clinic exami-
nation at San Angelo. Mr. Wil-
liams is a brother of Mrs. Dan
Campbell.

Mr. and Mrs. Jeff Blair and
family and Mr. and Mrs. J. D.
Blair went to a family reunion at
Hylton last Sunday. There were
400 in attendance.

Pete Rampy and wife of Mertzon
spent the weekend at Bronte with
the Otis Smith family. The ladies
are sisters.

In addition to handling his star
mail routes Sam Williams is work-
ing on Saturdays and part time
through the week at the M System
store.

Stroud Roberts of Levelland is
visiting his sister, Wilma Roberts.

Mrs. Dooge Hallmark returned
home Monday from San Angelo
where she underwent a minor op-
eration last week.

Black's Grocery

Jack Lassiter returned Saturday
from Mineral Wells where he spent
a week taking treatments.

Mr. and Mrs. Dave King and
daughters, Zona Mae and Joyce,
and Mr. and Mrs. J. B. Robertson
and children, Donnie, Charlene
and Elaine, spent the weekend at
Jacksboro where a family reunion
was held at the Joe E. Moore home.
Mr. Robertson is a brother of Mrs.
Moore.

Bailey Russell, Carroll Russell
and sons, Morgan and Byron, and
Delbert Vestal of Ballinger are en-
joying a few days fishing on the
Colorado River below Ballinger.
Mrs. Vestal is spending the time
with Robert Lee relatives.

Mrs. Jeff Blair went to Temple
Monday to be with her sister-in-
law, Mrs. Jean Daniel of Carisbad,
N. Mex., who submitted to a
serious surgical operation.

Lyn Doris Varnadore visited
last week with Joan Vestal in Bal-
lenger, and Joan is here this week
as a guest of Lyn Doris.

Mr. and Mrs. Ogdon McGinley
and daughter, Betty Jo, visited the
former's parents in San Angelo
Sunday afternoon.

Mr. and Mrs. J. I. Murtishaw
visited last week with their daugh-
ters, Mrs. C. L. Boykin at San
Angelo and Mrs. Lee Augustine in
Sterling City.

Mrs. Sumner B. Cragin arrived
recently from Odessa to join her
husband, who is establishing a lum-
ber yard and oil field supply house
in Robert Lee.

CARD OF THANKS

We want to express our ap-
preciation to our friends and neigh-
bors for the many ways you have
helped us during our illness.
Especially do we thank the men
who plowed our crops and the
ladies who fixed lunch. May the
Lord in His mercy and goodness
richly bless each of you.—Mr. and
Mrs. S. G. Danford.
