## Grid Classic Here Tonight; Steers To Battle Longhorns

Coke county football fans are licking their chops in anticipation of this week's menu which is featured by one of those traditional Bronte-Robert Lee contests. The game will be at Robert Lee Friday night. While the same teams tangle again at Bronte on Thanksgiving for conference honors, tonight's battle is attracting unusual interest, and for the first time in several years Robert Lee will be the under dogs.

Both schools had outstanding teams last year, but Robert Lee's Steers were strong enough to defeat the Bronte Longhorns 13 to 7 and 13 to 0, and then go on to win the bi-district and finally lose the regional at Marfa by a 7-6 score.

However, the Steers lost nine major letter men, while the Longhorns were more fortunate. Missing from last year's Longhorn squad are Pete Taylor, 200 pound center, Frank White and Portis Robbins, in the backfield, and Lonnie Rogers, a guard.

But they still have Billie Bob Herron, rangy youngster who is starring in the backfield after being switched from end, and he's the best footballer in Coke county this year by big odds. Other standouts include Bobbie Vaughan, Bobbie Thomas and James Arrott, backs, and the two Sankusky brothers at the ends.

Coach Jiggs Hudson announces the Steer starting lineup as follows: Devoll and Thetford, ends; Blair and Davis, tackles; Ross and Lofton, guards; Day, center; Baker, Garner, Fowler and Smith, in the backfield. Percifull, Hale, Jackson and Tinkler are expected to see action in the backfield, too, and Floyd Sheppard will alternate with Vaughan Davis at tackle. Brown and Walker, guards, will be used considerably and McGallion is showing up well at end. Bessent, another wingman, is also subject to call. Paul Burns, regular half-back, will be out of the game because of an old knee injury.

There is no semblance of gloom in the Steer corral on the eve of the big game. Coach Hudson realizes that Bronte has superior manpower, but he has faith that his boys will come through. Hudson says the Steers got to win this game, and that sort of spirit is a mighty important factor in a football contest.

Officials for tonight's game will be R. L. Jones, referee, Truitt McClung, umpire and Cotton Lynn, linesman. A record crowd is expected. The Bronte and Robert Lee schools will split the gate receipts

Mrs. J. C. Newton enjoyed a visit one day last week from her sister-in-law, Mrs. Samuel B. Kemp, of Honolulu. Mrs. Kemp is spending some time in the states with relatives and was enroute to Florida to visit a sister. She came to Robert Lee from San Angelo where she visited a sister, Mrs. Wm. Doose. Mr. Kemp was Coke county judge when he accepted an appointment to Hawaii in 1916. He was promoted rapidly in government service and for a number of years he has been chief justice of the territorial supreme court.

L. W. Beaty of Bronte was a Robert Lee visitor Wednesday. Mr. and Mrs. J. J. Walker of Sweetwater visited the fore part of last week in the J.H. Walker home.

## Gridiron Stalwarts

33—Bill Blair (Capt.) tackle  
13—L. C. Day, center  
14—Bobbie Baker, backfield  
15—Charles Fowler, backfield  
24—I. H. (Junior) Devoll, end

The above quintet constitute the only holdovers from last year's Robert Lee first string of 16 players. Captain Bill Blair, rangy tackle, is considered one of the best linemen in the conference.

Day was at a tackle position last season but was shifted to center and has been doing a good job. Baker and Fowler are two of the Steer's main cogs in the backfield, and Junior Devoll is doing a bang-up job at end.

## UCRA Leaders Attend Conservation Meeting

Gerald Allen and Cumbie Ivey of Robert Lee and L. T. Youngblood of Bronte were in Austin several days last week attending a water conservation meeting for the West Texas area. They represented the Upper Colorado River Authority, with Mr. Ivey making his first official appearance as a new member of the UCRA board.

The Coke county delegation reports that the federal Bureau of Reclamation is still strongly in favor of the Robert Lee dam project, and some definite action is expected during the coming year.

Mr. Allen, who is secretary-treasurer of the UCRA, says that we are going to get some kind of a dam, and there is a strong possibility that the site may be changed to a point 10 miles above Robert Lee.

A convention of the Colorado River Basin association is scheduled for Friday and Saturday of next week in San Angelo.

The A. V. Ashlock family has moved to the Cecil Glen farm between Robert Lee and Bronte. They have been living in Wichita Falls and San Angelo.

## Mrs. Frank McCabe Victim Of Illness

The death of Mrs. Frank McCabe this week brings deep sorrow to the community, where she has been loved and admired by a wide circle of relatives and friends. Her passing occurred at 12:35 a. m. Wednesday at Shannon hospital, following a prolonged illness. She underwent major surgery early in the year, after which she recovered temporarily. A few weeks ago it was necessary for her to again be hospitalized and hopes for a recovery were abandoned.

Funeral services were held at the Robert Lee Baptist church at 2:30 o'clock Thursday afternoon in charge of the pastor, the Rev. Fred D. Blake. Mrs. Bryan Yarbrough sang, with the accompaniment being played by Mrs. Fred Parker, the former Katie Sue Good. Burial followed at McKenzie cemetery across the line in Mitchell county.

Pallbearers were Paul Good, B. A. Austin, Jr., T. A. Richardson, J. C. Snead, Jr., Milton Wylie, H. E. Ivey, Marvin Stewart and Clint Duncan.

Fern Chumley was born Dec. 27, 1890 in Milam county, and moved to Coke county with her parents in 1900, settling east of Bronte near the Rannels county line. She graduated from Bronte high school and was a teacher in the Divide school in the western part of the county when she met and married Frank McCabe on Oct. 20, 1912. Both the Chumley and McCabe families are well known in Coke county and this section of West Texas.

Mrs. McCabe was held in high esteem by everyone who knew her. She was a good wife and mother and a fine neighbor. She was active in the Baptist church and the Garden club.

Survivors include the husband; three sons, Victor and Wayne McCabe, both of Sanco, and J. F. McCabe, Jr., of Robert Lee; three grandchildren, Truett, Vickie and Charlotte Wayne McCabe; the father, S. H. Chumley, Big Spring; three brothers, Mark Chumley, Robert Lee; Craig Chumley, San Angelo, and Sam Chumley, Big Lake; and three sisters, Mrs. R. E. Lee, Big Spring; Mrs. W. J. Swann, Sterling City, and Mrs. James A. Crosland, Gulfport, Miss.

All members of the family were here for the funeral.

Henry Childress is the new chef at the Cozy Cafe which is now operated by Mrs. Clyde Bailey, who recently moved here from Winters.

The Eastern Star Chapter is giving a banquet for the Masons and their wives Thursday night at the Methodist church dining room.

## Livestock Auction To Raise Money for Show

An auction sale to raise money for next spring's Coke County Livestock Show will be held at the show grounds in Robert Lee Saturday, Oct. 18, starting at 1 p. m.

Committees have been visiting all parts of the county and a fine list of donations have been received. Members of the Robert Lee Veterans Ag class have been helping with the solicitation. Business firms also have contributed liberally to the project.

There will be a junior calf roping contest as an added attraction, and County Agent Hicks has advised all club calf owners to bring their animals in for weighing and inspection.

## New Teacher Assured

Word was received the first of the week that the Robert Lee school district had been given authority to file an emergency census report with the state department of education, which in effect means that the district has enough new pupils enrolled to secure an additional teacher under state aid. Supt. Hannaford says the board is making an effort to hire a teacher immediately. Because of a falling off in the school census last spring only 11 teachers have been employed since the term opened last month.

## School Board In Monthly Session

Advancing costs of meat and other food stuffs made it necessary to raise the price of the hot lunches served at the Robert Lee school from 20 to 25 cents. This action was approved by the board of education at its regular monthly meeting last Thursday night. Supt. M. G. Hannaford said federal aid this year had been reduced from 9 to 6 cents per meal, and it would be necessary to raise the price to keep from running behind. The new price went into effect Oct. 13. Hannaford told the board that an average of 192 lunches were served during the first 16 days of the school term.

The matter of collecting delinquent school taxes came up for some discussion, with S. R. Young filing a complete list of the delinquents for the past four years. Members of the board were wondering what has delayed the drive for collecting delinquent taxes after the county, city and school district entered into an agreement early last spring. A contract to handle the legal work was let to Attorney Don Holdridge of San Angelo, but nothing has been done in the matter of collecting back school taxes.

Supt. Hannaford read a detailed report of athletic fund finances which gave an insight into the heavy cost of football equipment. He reported paying nearly \$1,000 to one firm for new equipment, while \$150 worth has been purchased since. Hannaford said the fund was about even now and he hopes to show a balance at the end of the season. A cash balance of \$800 was carried over from last year. One of the biggest expense items remaining will be the football jackets which cost \$15 each for seniors and \$10 for other lettermen.

A discussion of the matter of feeding the football players after the games took up considerable time. Because funds are short it was decided that the school could not feed the players after home games, but they will provide all meals when the team is away.

The board voted to buy a new power bench saw with special blades which will enable Custodian Willie Wallace to repair desks and chairs and do other important work about the school house.

Present for the board meeting were Roy Ross, president; E. C. Davis, secretary; Turney Casey, Leslie Wink, Delmir Sheppard and Chester Harwell.

## Five Rotary Rigs Now Drilling For Sun In County

Drilling operations were going ahead full speed this week at Sun Oil company's Jameson field in the northwestern part of Coke county. Five rotary rigs are now in operation, with four tests in the proven field and one wildcat across the river, five miles from production.

No. 1 J. S. Walker had reached a depth of 5,635 feet Thursday morning in shale. No. 1 C. E. Mathers had made 5,516 feet, but a delay has been encountered because of stuck drill collars about 600 feet from the bottom. Crews have been working on the trouble since Wednesday night. Baker-Taylor is the contractor on both the J. S. Walker and Mathers tests.

No. 1 J. B. Walker, wildcat across the river, was drilling ahead Thursday at 2,515 feet in shale. Homer Jameson No. 3 was drilling at 4,833 feet in shale, and Homer Jameson No. 4 at 3,096 feet in shale.

Sun No. 4 Fred Jameson, latest completed well in the field, flowed naturally 200 barrels of 46.5 gravity oil on an official 24-hour gauge last week. Production was from open hole between 6,200 feet, where 5 1-2 inch casing was cemented, and 6,609 feet, the total depth.

A contract has not been let for Sun's newest wildcat test on the Arledge property north of Sanco. It will be known as No. 1 J. W. Arledge, and is located in the southwest quarter of Section 261, and is five-eighths of a mile south of the Coke-Nolan county line. It will be eight miles east and one north of the opener of the Jameson field and 10 miles west of the Blackwell area where several Ellenburger failures have been drilled and where there is a small production from the Cisco.

Sun No. 1 Arledge is expected to explore the Ellenburger in drilling to around 7,000 feet. A contract is expected to be let soon.

## Commissioners Court Holds Monthly Session

Regular monthly session of the Coke County Commissioners Court was held in Robert Lee Monday, with Otis Smith taking part in his first session since being appointed commissioner from Precinct No. 2 a short time ago.

Otis seems to have gotten along all right and should make a good county official. He needs a new road grader for his part of the county and the matter was discussed by the court this week, although no action was taken since road funds are short.

The court voted to buy a siren to be used on the auto of the Bronte deputy sheriff, Frank Kessee. The usual grist of bills were allowed.

H. G. Wendland of San Angelo, owner of 7,000 acres of ranch and farm land about 7 miles down the river from Robert Lee, appeared before the county board with other land owners in that locality, requesting the county to help repair a bridge and roadway. Wendland said the Shamrock Oil company had contracted to make oil tests on his land to start by next Feb. 15 and it is necessary that the road be fixed so that heavy drilling equipment can be brought in.

The county board inspected the project and voted to proceed with the improvement. Appearing with Wendland were Bert Blaylock, Finnell Smith, S. E. Lee, J. C. Harwell and Alton Roberts.

**YOUTH SERVES . . .** The spirit of service prevails as Camp Fire Girls throughout the country extend a helping hand to those in need. Typical example is the Camp Fire Girls camp at Dallas, Tex., where polio cases (shown above) are taught how to swim.

**FRIENDS IN NEED AND DEED**

**Helpful Service Is Watchword Of Camp Fire Girls' Program**

WNU Features.

"Youth must be served," say the oldsters. "Youth serves," reply the Camp Fire Girls. By spreading a spirit of friendliness, by being more neighborly, Camp Fire Girls across the country are going forward extending the right hand of friendship to those in need.

In Sherman, Tex., an enviable record of service is being made by Camp Fire Girls, who are making four trips a month to the Veterans' hospital in McKinney, Tex. More than 63 girls have wheeled ambulatory cases to water pageants, picnics, baseball games, dances and camp shows. In this way these young people have accumulated more than 947 service hours. Each girl pays her own transportation in an army bus to and from the hospital. The older girls wheel the patients; others provide musical entertainment, set up croquet, archery, dart boards and other sports equipment. Still other groups prepare picnic lunches and roast weiners over an open fire.

**Brighten Invalid's Life**

Another example of friendly service is illustrated in Portland, Ore., where Camp Fire Girls are active in the "Chin-Uppers," an organization composed of people who, by reason of physical disability, are barred from many activities. The Alpagai Horizon club (Camp Fire's senior group) has adopted one "Chin-Upper" as its own special project. Club members pay her regular visits, bringing gifts and flowers, thus helping to make her tedious hours of invalidism brighter.

Young members of the Reading-Berks county council of Camp Fire Girls, participate in a project aimed to bring cheer to patients in a Reading, Pa., hospital. The girls furnish tray favors which gladden mealtimes at the institution.

**Aid Polio Drive**

During this year's financial campaign of the Silver Bow chapter of the National Foundation for Infantile Paralysis, in Butte, Mont., Camp Fire Girls in that city did their bit to combat polio by addressing March-of-Dimes folders.

When fire completely destroyed the home of a Battle Creek, Mich., veteran and his wife, a few hours after the birth of their child, the Camp Fire Girls made a house-to-house canvass in the community and collected \$181.27 for the homeless family.

During the Christmas season Santa received a helping hand from Tulare, Calif., Camp Fire Girls, who made puppets for the Children's hospital in San Francisco. One hundred puppets were made, enough for each patient in the hospital, and each gift was accompanied by a personal greeting card from the young puppet maker.

Entertainment for shut-ins is on the Camp Fire agenda too, as is shown by a project of a Fargo, N. D., group. The girls visited the Jamestown Crippled Children's Home and put on a program of solos, dancing, readings and songs. The group also presented the patients with 63 baskets of candy and a donation of \$5 from the group treasury.

These are all real examples of the third part of the Law of the Camp Fire Girls—"Give Service"—and the results of the overall Camp Fire program which promotes cooperation, understanding and acceptance of responsibility among more than 360,000 girls throughout the country.

Camp Fire's Membership March, which opened in September, will continue until November 30, and the organization invites girls of all races and creeds, between the ages of 7 and 18, to "Be Friendly—Make Friends—Join the Camp Fire Girls!"

**Man Waits 49 Years For First Pay Earned**

WINFIELD, KANS.—Nearly half a century late, Ed Brant finally has received the first nickel he ever earned.

Back in September, 1898, Brant, then a pupil at the Akron, Kans., school, was paid a nickel by the teacher for sweeping out the room. In his excitement over receiving his first pay, Brant dropped the coin and it rolled through a crack in the floor. There it remained for nearly 50 years.

When the old school was torn down recently, the tarnished coin was recovered from the debris.

Financially, Brant figures he is the loser, explaining that the coin will not buy more than a fifth of what it would have back in 1898.

**Single Inhabitant Now Lives in Once Rip-Roaring Town**

HELENA, MONT.—Once a roaring boom town boasting 10,000 population and the center of a gold field dubbed "the richest acre on earth," Diamond City, Mont., would qualify as a ghost town if it weren't for a solitary house and a single individual.

The individual is E. B. Robison, who for nearly 30 years has lived in the former rip-roaring town a few miles southeast of Helena. For most of the time he has been the only inhabitant.

Robison's log house, once a drug store and later a stage coach office, is the only building remaining. Other buildings that once lined Confederate gulch have been moved away or buried. Roof-trees can be found 30 or 40 feet beneath the earth, washed down by hydraulic operations.

Memories still haunt the silent slopes of the gulch, where young trees have started to heal scars gouged by early prospectors. When Robison first went there in 1918 from Idaho, about 15 of the town's original miner-inhabitants still were conducting small-scale operations.

The community started about the time of the Civil war. Four southern soldiers made a strike—hence the name Confederate gulch. The rush that followed brought the city's population to some 10,000. Seven thousand voted in one election. There were 32 saloons.

Early-day miners declared Confederate gulch yielded \$180 to the pan. But that record was forgotten when German, or Montana, bar yielded more than \$1,000 per pan.

Robison declares \$7,000,000 was removed from Montana bar.

WEEKLY NEWS ANALYSIS

Americans Exhorted to Conserve Food as 'Waste Less' Push Opens; Yalta Talks Recalled in U. N. Row

Released by WNU Features

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

DIATETICS:

Waste Less

Lips that sincerely frame the words "food conservation" will not touch such sturdy edibles as meat, poultry and eggs quite so often hereafter.

Charles Luckman, head of President Truman's citizens food committee, opened the widely heralded "waste less" campaign by calling on the American people to cut their consumption of those three items, thereby effecting a conservation of grain for Europe.

At the same time, it was disclosed that stop-gap aid for Europe this winter may run as much as 800 million dollars—220 million more than Mr. Truman had estimated earlier.

The appeal for Americans to cut down on the amount of foods requiring grain feeding was couched in a five-point program which, if followed, will eliminate the traditional race for the last chop on the platter—it won't be there.

Those five diatetic commandments were: 1) Buy cheaper meat cuts; 2) Don't serve too much; 3) Don't overcook meat; 4) Use leftovers; 5) Save wheat in all other possible ways.

In the future was the possibility that a voluntary program of meatless days and a reduction in the size of bread loaves would be put into effect.

Rationing?

President Truman's voluntary food conservation program has assumed new weight and significance because behind it suddenly loomed the specter of nationwide rationing, threatening to become an unpleasant reality if the conservation campaign fails to meet the export requirements for hungry peoples abroad.

Possibility of a return to rationing was hinted by Secretary of Labor Lewis Schwellenbach, who observed that if the "waste less" program is successful "more drastic action" will not be necessary.

Predicted Schwellenbach expansively, "But I am confident that the people of this country would overwhelmingly support more drastic action, even rationing of essentials . . . to meet the need of starving people abroad."

Meanwhile, key congressional committees were preparing to meet to consider what steps which might be taken to solve what Sen. Arthur Vandenberg (Rep., Mich.) called "the immediate question . . . of elemental human survival in a free society."

For the time being, prospects of a special session of congress remained vague.

NEW FIGHT:

Recalls Yalta

In the U. N. another scarehead of possible failure and collapse of that organization arose as the U. S. and Russia plunged into a new skirmish.

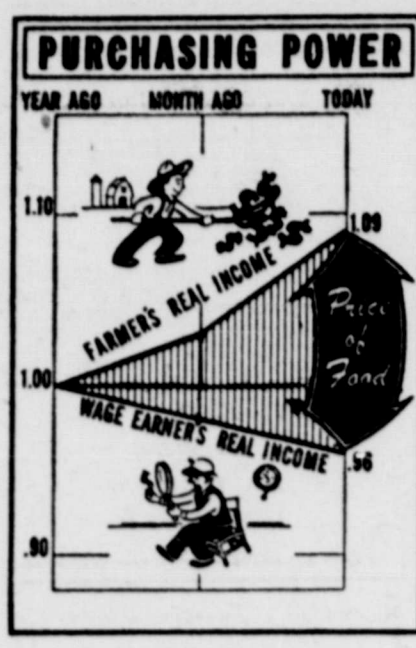

The issue: Which nation shall succeed pro-Russian Poland on the security council. Poland has represented eastern Europe and the Slav bloc for two years. Russia wants the Ukraine, which, although an integral part of the Soviet Union, have a separate U. N. delegation. U. S. contention is that the Ukraine is not a sovereign nation, therefore does not rate a separate status.

In the background of the affair was the Stalin-Roosevelt Yalta agreement which gave the Soviet Union three votes in the United Nations. Russia proper, the Ukraine and White Russia each has one.

How the U.S.S.R. came to get three votes probably happened something like this: Both the Ukraine and White Russia, intensely nationalistic, did not like to lose their identities by being merged with greater Russia. The Communist politburo, therefore, as a sop to their nationalism, granted the two territories a sort of nominal independence.

At Yalta, then, Stalin told Roosevelt that he wanted the Ukraine and White Russia to be represented in the U. N. for "internal reasons." F.D.R., being an old politician and sympathetic with "internal" difficulties, agreed.

Thus, the stage was set for one of the most serious battles yet to develop within the United Nations.

KOREA:

Suggestion

Problem of Korea, subject of the most bitter wrangling between the U. S. and Russia, may be on the road to settlement.

United States officials in the U. N. revealed that they would ask the general assembly to set a date for withdrawal of both Russian and American troops from Korea and to create a special commission to supervise the evacuation.

Korea has been an outstanding example of the "personal" differences between nations which have been interjected into United Nations proceedings to the detriment of the U. N. Settlement of that problem, and other similar ones, would go a long way toward improving operation and efficiency of the United Nations.

The American proposal was considered an answer to Russia's recent challenge to the United States to withdraw all foreign occupation forces from Korea by the end of the year.

It was indicated also that the U. S. would suggest that the U. N. special Korean commission supervise early elections as the first step towards Korean independence, thus abandoning former plans to place Korea under trusteeship.

The plan bears a marked similarity to the U. S. proposal for a U. N. commission to patrol and keep peace in the Balkans to insure the functioning of democratic processes. Russia opposed the Balkan scheme; how she would react to the same plan applied to Korea was an open question.

HEADLINERS

IN SAN ANTONIO . . . Lady (above), a small terrier of indeterminate origin, gazed modestly wide-eyed at C. A. Taft, San Antonio fire chief, as he presented her with an American Humane association medal for her heroic action in arousing two families with her barking last June and enabling them to escape safely from a burning building.

IN DENVER . . . Richard Lucero sought \$10,000 in damages from a furniture warehouse because a falling rocking chair conked him on the head; said Lucero, "O' rockin' chair got me."

IN LOS ANGELES . . . A beautiful tradition succumbed to male vanity when the city's firemen voted to cast aside their red suspenders, wear belts with their uniforms instead.

GOP IN '48: Says Taft

Still junketing out west, Sen. Robert Taft (Rep., Ohio) went out on what could be a limb with a prediction that the Republicans will win full control of the government in 1948 because the people are tired of "regulation."

Bringing his guns to bear on the opposition, Taft labeled the Democrats as "an unnatural party" and scathingly referred to what he termed the "totalitarian aspects" of the Truman administration.

AROUND THE HOUSE

A thick layer of newspapers placed over the springs of a bed protects the mattress.

It's a good idea to make minor sewing repairs on your garments before they are laundered. The washing action of the machine will rend the torn sections and cause further damage.

Stubborn mustard stains on white linen can be banished if the cloth is boiled in water in which is dissolved one teaspoon of washing soda to each quart of water.

Slip a cotton bag over the broom-head and you have a handy tool for sweeping down walls and ceilings. When the bag becomes soiled simply soak in hot soapy water and wash in the regular way. These bags are very useful. Keep two or three of them on hand.

When hanging clothes on coat hangers to dry, first put a rubber jar ring over the line. Then hang the coat hanger through the loops of the rubber jar ring. This prevents the hanger from sliding up and down the line in the wind.

## H. C. Calder, 70, Dies After Brief Illness

H. C. Calder, 70, former Coke county resident, died at the hospital in Bronte at 11 p. m. October 7, following several strokes. The body was taken to the family home at Mullin, in Brown county, where funeral services and burial took place at Oakview cemetery on Thursday afternoon.

Mr. and Mrs. Calder had been in this locality visiting among relatives the past two weeks when he became ill, and was taken to the hospital five days before his death. He had been in failing health the past year.

The Calders formerly lived at Silver and in the Lowe community in Mitchell county. They have resided at Mullin the past five years.

Surviving are the widow and two sons, Lewis and Clifton, both of Coke county, and 10 grandchildren. He also leaves three brothers and three sisters in Brown county.

Mr. and Mrs. Clyde Stayton are leaving this week for Glencoe, N. Mex., where they have purchased a combined filling station, tourist court and grocery store. Mrs. Stayton has been employed the few months in the Adams abstract office.

Mr. and Mrs. Jack Wimberly and son, Billie Jack, of San Angelo spent the weekend with her parents, the John Walkers, at Silver.

Carl Brock consulted a Bronte physician on Wednesday.

## Rabb Home Sold

Mrs. J. C. Rabb has sold her home in Robert Lee to Mr. and Mrs. W. T. Roach at a reported price of \$4,800. Mrs. Rabb is preparing to move to San Angelo where she purchased a nice home from Curtis Barron. It is located at 714 East 19th street and adjoins the home of her son, Thurman.

## Show of Sears Gilts Set for October 25

County Agent Travis Hicks announces that Oct. 25 has been set for Coke county's Sears Roebuck gilt show. Pens will be set up near the court yard and the show will be held from 2 to 5 p. m. First place winner will show at San Angelo on Nov. 8. Prize money at the county show will be \$7.00 for the winner down to \$2.00 for seventh place.

Owners of Sears gilts eligible for the show include Van Harlan Schooler, Clyde B. Sherrod, David McCutchen, Wilton Robertson, Clinton Hood, Billy Wayne Casey and Wayne Eudy, Jr.

According to the contest rules all money won in prizes must be used to purchase material to improve the entrant's hog project. The boys still have a chance to win additional prize money. Their gilts will be bred soon and next year the litters will be weighed when eight weeks old and prizes awarded for the heaviest litter of pigs at that age.

Also next fall a show will be held for a pen of three pigs from each litter in the county and the best pen will go to the area show. County Agent Hicks advises the pig owners that they cannot expect to have a winner without working on the job of feeding and caring for their gilts.

## Kathleen Cummings To Direct Little Theatre

Mrs. J. N. Adams has received a newspaper clipping concerning her granddaughter, Mrs. Kathleen Cummings, who is active in the Little Theatre movement at Port Arthur. Mrs. Cummings is a daughter of Mr. and Mrs. Claude Carter of Harlingen, and her husband is manager of the duPont nylon factory at Orange.

The reprint from the Port Arthur newspaper follows:

Kathleen Cummings, who had the feminine lead in Port Arthur Little Theater's "Goodbye Again," will direct the group's first play of the season, "The Male Animal," it was announced today by Fred Hartley, president.

Credited by the audience and press alike with a sterling performance as the secretary of the witty

Broadway comedy given last season, Mrs. Cummings brings to the production a wealth of experience in dramatics, Hartley said.

A native of Harlingen, she studied theater in both high school and Texas university, where she directed several presentations. During the war, her talents were put

to use by the Special Services division at Harlingen Army air base, where she staged soldier plays and entertainments.

A group of Robert Lee men who left early Sunday for a week's fishing on the Pecos River included Turney and Mike Casey, Doc Benningfield, J. M. Casey and Bailey Russell.

## Albert Baze, 76, Retired Ranch Foreman, Is Dead

Funeral services for Albert Baze, 76, early day West Texas cowboy and foreman of the Harris ranches in Coke county for 38 years, were held from the Methodist church in Robert Lee at 2 o'clock Saturday afternoon. The Rev. J. H. Estes officiated and burial followed in the Robert Lee cemetery.

Mr. Baze died at his home in San Angelo about 3 o'clock Thursday morning. He retired from ranching in 1944 because of ill health and had been bedfast for more than two years.

Pallbearers were V. H. Collett, Lem Cowley, T. M. Wylie, Sr., and F.C. Clark all of Robert Lee, and Walter Green and Walter Beaty of San Angelo.

The cattleman is survived by his wife; three sons, Mike of Los Angeles, Albert E. of San Angelo, and Winford E. of Mount Pleasant; his step-mother, Mrs. Sarah Baze, Knickerbocker; two half-sisters, Miss Grace Baze and Mrs. Daisy Bowden, both of whom reside at Knickerbocker; and a half-brother, Lovell Baze.

Born in Lampasas Oct. 17, 1870, Mr. Baze was the son of Polk Baze. His family moved to San Angelo in 1873, when, as he once recalled, "they were just building Fort Concho and San Angelo was just a few adobe houses."

Mr. Baze and his brothers began cowboying for their father when they were barely old enough to sit in the saddle. When 18 years of age he began to work for various ranchers and took his first steady job with Bird and Mertz at their Arden ranch in 1895. Ten years later he became foreman for Harris Bros. and was on their ranches continuously until his retirement in July, 1944.

He was proud of the fact that he rode a horse on his last day at the ranch.

V. H. Collett, present foreman of the Harris Ranch south of Robert Lee, succeeded Mr. Baze when the latter was transferred to the Saul Ranch above town which the Harris interests purchased 12 years ago. When Baze retired in 1944 he was succeeded by Buster Fields, present foreman of the river ranch.

Mr. Baze owned a two-section ranch north of Robert Lee which is leased to Milton Wylie.

### CARD OF THANKS

We wish to thank the friends and neighbors for their sympathy and many acts of kindness during the illness and death of our beloved husband and father; also for the lovely floral offerings. Especially do we thank the doctor and staff of the Bronte hospital.—Mrs. Susie Calder and Children.

Mrs. Robert McGuire of Lubbock visited here with relatives the fore part of the week. While here she caught a couple of nice catfish in the Colorado River. Mrs. McGuire was accompanied home by her mother, Mrs. B. W. Bilbo.

## SANCO NEWS

By Mrs. Sam Fowler

Sanco sewing circle will meet Monday for another all day session. Everyone invited to come and bring your needle and thimble.

Mrs. Elgene Jones of Sweetwater is visiting in the parental Wyatt home this week. Mrs. Katherine (Bilbo) McGuire of Lubbock came with her, and both went fishing Monday night.

Bro. McClanahan preached at Sanco Sunday. Dinner was spread at the noon hour and in the afternoon two deacons were ordained. Harvey Reid and J. L. Carwile, Sr. Bryan Gartman has been the only deacon for several years. Bro. Bloodworth of Silver served as moderator, Bro. Fred Blake of Robert Lee gave the charge. Bro. Will Fikes and wife were present. Bro. Fikes, a deacon from the Baptist church at Robert Lee, took part in the services.

John Adkins and family from California have been visiting here the past week.

Already some are moving around getting settled for the coming year. Mrs. Montgomery has had her house moved to the Ernest Adkins place. Mr. and Mrs. Jim Montgomery are moving to the Bird ranch, known as the former W. R. Thomason place, while Weldon Fikes and family are moving to the Granny Gartman place.

Mrs. Nolan Penticost and baby son are to come home from the hospital this week. They are reported to be doing fine.

In spite of the summer drouth crops are turning out better than expected.

Oil money is still changing hands around Sanco.

Mrs. Ealie Reid and sons have returned to their home in Arkansas after a visit here.

### Folks You Know

Rev. and Mrs. Fred Blake are the parents of a daughter born October 10 at the Bronte hospital. The baby weighed 6 pounds 12 ounces and has been named Linda Fredene. Rev. Blake is pastor of the Robert Lee Baptist church.

Roger Branam of Ft. Worth, who is employed here by the Stanolind exploration party, went home this week to attend the funeral of his brother, who was killed in the Solomon Islands in 1943. The body is among the first to be shipped home for permanent burial.

Weekend guests in the W. M. Summers home were Jim Sullivan and his sister, Mrs. Ollie Stepp, of Ringling, Okla. They are nephew and niece of Mrs. Summers. Other guests included the Summers' daughter, Mrs. E. Kuykendall and daughter, Joy Alice, and the Fritz Perry family of Big Lake.

Oren Dalph of San Angelo spent the weekend in the A. E. Latham home. He is their great nephew.

Mrs. Ludie Bunch and Miss Allen Stroud of Carlsbad were weekend guests of Mrs. Viva Roberts.

### Bank Statement

A condensed statement of the Robert Lee State Bank appears in this issue of The Observer, showing condition of the institution at the close of business Oct. 6. T. A. Richardson, cashier, says the directors are highly pleased over the bank's progress. Since the last statement June 30 the bank has increased its loans \$50,000 and deposits are up several thousand dollars.

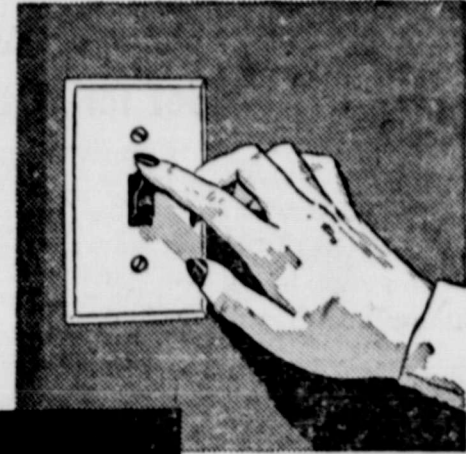

Mrs. Dan Campbell left Tuesday night for Rotan to be with her brother, Martin Williams, who is critically ill.

Mr. and Mrs. D. L. Vestal and daughter, Joan, of Ballinger were Sunday guests in the Carroll Russell home.

Mrs. J. S. Gardner spent the weekend in Colorado City with her sister, Mrs. D. L. Buchanan, and husband.

SCRIPTURE: Hebrews 11-13; Genesis 12:1-9.  
DEVOTIONAL READING: Romans 9:1-8.

**Creative Power of Faith**

Lesson for October 19, 1947

THIS lesson takes us to the Westminster Abbey of the Bible—Hebrews, eleventh through the thirteenth chapters—to meditate for a season upon the valiant souls in the long ago who obtained a good report as they stood at the passage of destiny and sounded the trumpets of triumph, even the trumpets of faith.

Dr. Newton

The reader will be richly rewarded to stop right here and open his or her Bible and read these three chapters. Your attention will be riveted to the word, faith.

"Now faith is the substance of things hoped for, the evidence of things not seen. For by it the elders obtained a good report. Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of 'things which do appear.'" Hebrews 11:1-3.

**A Journey to a New Land**

I WANT the boys and girls to look at the passage which describes how Abraham, "when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went."

How could Abraham leave his pleasant situation in Ur? Through faith in God, and that alone. A memory verse is here suggested: "I will trust, and will not be afraid," Isaiah 12:2.

There is creative power in such a faith. Abraham discovered that every step he took was accompanied by God. He built altars. He talked with God, and God talked with him. Such will be the experience of every boy and girl who stakes his or her all upon implicit faith in God.

**What Faith Can Do**

INTERMEDIATES are considering what they will do with their lives. It is the vitally important period when they are wistfully considering a life career. This lesson would seem to clearly indicate that God has a purpose and plan for each life.

Read again the eleventh chapter of Hebrews and see how these heroes of faith in the long ago cast themselves wholly into the will of God for their lives. We can have no doubt about their ultimate success.

Parents and teachers are here reminded of their solemn responsibility in pointing intermediate boys and girls to the truth of Sunday's lesson. Life is too valuable, too fleeting, to be frittered away in purposeless drifting.

Faith is the bright shaft of God's presence and power to guide young people into his will. It is the unflinching light to direct their steps daily. It is the creative power to sustain them each step of the way.

**This Power at Work**

TAKE any one of the characters portrayed in these three chapters of Hebrews and see how faith in God produced men and women who changed the course of history.

Young people are interested in biography. I would commend to you the lives of the great men and women of modern times, who lived in the creative power of faith in God.

John Wesley, for example. There was a man whose life, when strangely warmed by the spirit of God, lifted England from the depths of secularism and set her feet once more on the highway of worthy achievement.

Martha Berry is another splendid example. Miss Berry devoted her life to God's will and purpose to open doors of opportunity to the under-privileged boys and girls of the southern mountain areas. Today, at Mt. Berry, stands a school with the largest campus in the world—a school which reveals what one life can accomplish when that life is built by the creative power of faith in the Living God.

**AROUND the HOUSE** Items of Interest to the Housewife

Mark buttonholes and space them evenly before you cut them. Don't be too hasty in putting the scissors to the buttonhole. Use a razor blade and cut a slit about one-eighth of an inch larger than the diameter of the button.

Before storing screens for the winter, first wash with benzene. Then paint with screen enamel or thinned spar varnish.

A quick dip into cold water loosens the jacket of a cooked beet so it slips off like a glove.

Never try to enamel the bathtub if the room is cold, as enamel does not flow easily at temperatures below 60 degrees.

Cut circles from the brim of an old felt hat and paste them to the bottoms of vases to prevent scratches on your furniture.

When blankets become worn, tear them into strips and use a wooden hook to crochet them into rugs that make lovely bath mats. They're absorbent and easily washed too.

**Crooked Dice**

While most crooked dice fall heavy side downward when they are dropped in a glass of water, one type is made without a permanent heavy side to avoid detection in such a test. These dice are opaque and contain a drop of mercury which may be made to flow, through a tiny channel, between a space in the center and another near the surface. Thus, they are loaded or unloaded by being tapped on the floor "for good luck" or a similar reason.

## Robert Lee Defeats Miles Here 32-6

Robert Lee's Steers defeated the Miles Bull Dogs here 32-6 last Friday night in a 7-B conference game. The visitors were no match for the more experienced Robert Lee club and Coach Jiggs Hudson jerked his first string early in the contest and second and third stringers saw considerable action.

The Steers struck early to score their first touchdown on the third play of the game. After receiving the kickoff Miles failed to gain on two line plays, then Fowler intercepted a pass and ran 30 yards for a touchdown. Royce Smith sent a dropkick between the goal posts for the extra point. Score: Robert Lee 7, Miles 0.

The second score was set up immediately when Miles fumbled a poor kickoff and the Steers recovered on the visitors 47. Baker took a pass from Smith for a first down on the 31. Joe Thetford picked up a few yards on an end around play and Baker went thru on a delayed buck for a first down on the 20. Fowler tore around his right end and went over for a touchdown. A line play failed to convert. Score: Steers 13, Bull Dogs 0.

Miles took the next kickoff on their 30. Two line plays failed to gain and a completed pass gave the Bull Dogs a first down on their 45. Three more pass attempts were incomplete and Fowler returned a punt to his 44. The Steers punted on the fourth down, Smith sending the pigskin out of bounds on the Miles 15. The second team went in for Robert Lee.

Miles lost 8 on a fumble and then completed a pass for a first down on their 28. They were held for short gains and punted to the Robert Lee 47. Jackson plunged for 7 yards, Hale was stopped and Jackson went thru for a 1st down on the visitors 34. Jerome Shepard picked up 3 yards to the right of center, Hale added 3 and Jackson made 2. Hale circled right end for a 1st down on the 22.

A 5 yd. backfield in motion penalty went against Robert Lee. Jackson's pass was no good and on the next play he made 6 yards thru the center. Hale lost 4 trying to get around end and Jackson's pass to Charles Bessent was in-

complete. Miles took the ball on their 26. They punted on the third down and Hale returned 20 yds. to the Miles 34.

Another 5 yard penalty against the Steers. Roy Tinkler's pass to Bessent netted 2 yards. Miles recovered a fumble on their 30. The Bull Dogs fumbled the next play and Robert Lee recovered. Jackson picked up 2 yards thru the middle and Hale took a pass from Tinkler to the 2 yard line. Jackson went over for a touchdown. Smith's dropkick was wide. Score: Robert Lee 19, Miles 0.

The second half opened with Miles kicking off to Robert Lee-Smith took the ball and handed to Fowler who fumbled and Miles recovered on the Steer 22. Day intercepted a pass on his 20. Bobbie Baker went thru center for 10 yards and on the next play Miles recovered a fumble on the Steer 32. A completed pass carried to the 12 and another short pass

### THE STATE OF TEXAS

To L. G. Reid, and the heirs of L. G. Reid, deceased, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of November, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District court of Coke county, at the court house in Robert Lee, Texas.

Said plaintiff's petition was filed on the 18th day of June, 1947.

The file number of said suit being No. 1665

The names of the parties in said suit are: W. M. Simpson, B. R. Franklin, S. E. Adams, Glenn R. Lewis and Mrs. America C. Gibbs, a feme sole, as Plaintiffs, and L. G. Reid and the heirs of L. G. Reid, deceased, as Defendants.

The nature of said suit being substantially as follows, to wit:

A suit to cancel and remove as cloud upon title to the southeast 1-4 of survey 239, in block 2, H. & T. C. Railroad Co., in Coke county, Texas, two certain mineral deeds dated February 4, 1931, one being from W. M. Simpson to L. G. Reid of record in Vol. 52, page 307, of the deed records of Coke county, Texas, and the other being from B. R. Franklin to L. G. Reid, of record in Vol. 52, page 308, of the deed records of Coke county, Texas, upon the grounds that the grantors in said instruments were induced to execute and deliver the same by the said L. G. Reid's representation that he would proceed immediately to drill a test well for oil and gas on the northwest 1-4 of section 239, in block 2, H. & T. C. Railroad Company, in Coke county, Texas, and that unless oil or gas should be obtained in paying quantities in said test well within one year from the date of said deeds, he, the said L. G. Reid, would convey and deliver back to the said respective grantors the interests covered in said respective mineral deeds dated February 4, 1931. That the said L. G. Reid never intended to drill such well, and made said representation fraudulently and that the considerations for said deeds, to wit, the promise to and representation that the said L. G. Reid would drill said well have wholly failed.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 16th day of September A. D., 1947

Given under my hand and seal of said court, at office in Robert Lee, Texas, this 16th day of September A. D., 1947 (Seal) Willis Smith

District Clerk Coke County, Texas

and two line plays gave Miles a 1st down on the 2. Sheen went over for a touchdown. A placekick attempt failed to convert. Score: Steers 19, Bull Dogs 6.

Robert Lee downed the kickoff on their 30. Fowler went around left end to the Miles 49, and Smith's pass to Bessent carried to the 20. Fowler, Baker and Percifull alternated with line thrusts but missed a first down by a yard and Miles took over on their 10. Fowler intercepted a pass on the Miles 34. On the next play he went around end for a touchdown. Frankie Percifull plunged over for the extra point. Score: Robert Lee 26, Miles 6.

Miles took the kickoff on their 46. They failed to gain and punted to the Steer 4 yard line. Jackson and Garner made 7 yards on three plays and Smith punted out on his 29. The visitors worked the ball to the Steer 13 where they lost on downs. Percifull hit for 6 and Hale made it 1st down on the 25. Hale circled end to the 31 and Tinkler's pass to Jackson was good for a 1st down on his 42. Percifull made it 1st down on the Miles 46.

Tinkler hit the line for 5 and Bessent added 2. Jackson made it 1st down on the 35. Hale took a pass from Tinkler for a 1st down on the Miles 21. Smith shot a pass

to Fowler good for a 1st down on the 10. On the fourth down Smith connected with a pass to Fowler for a touchdown. The dropkick was blocked. Score: Robert Lee 32, Miles 6.

Miles took the kickoff on their 46 and ran only one play before the game ended. Officials were W. T. Roach, referee; Geo. L. Taylor, umpire; and R. L. Jones, head linesman. Their work was highly satisfactory. Spectators appreciated the running account of the game with Judge Bob L. Davis announcing over the public address system.

**Bus Driver's Story**

A man ran for a bus, waving his arms and hoping it would stop at a nonstop corner. The kindly driver did.

The man fished a \$10 bill from his wallet.

"No change," said the driver. "Any one split a ten?" asked the man of the other passengers.

"I have two fives," spoke up a lady.

"No better," said the driver. "Pay another time."

The man picked up a discarded paper and read until arrival at his destination. He put the paper in his pocket and asked the driver, "Can I get a transfer?"

The driver snorted, "Mister, all you can get on this bus is off!"

Vary the Salad With the Meal (See recipes below.)

**Salad Parade**

Salads lead the health parade because in them you eat so many fruits and vegetables before they get a chance to lose their vitamins and minerals. All through the ages people have turned to salads because they craved things fresh from garden and orchard. Besides, certain foods are more attractive and appealing served in their raw state, or in salad form.

Salads may accompany the main course, and then they are served on a side plate, but alongside the main course. If you want to entertain in a special way, the answer is a salad platter or salad bowl. Use fruit or vegetables as your taste dictates.

Don't forget the party or dessert salads which are in a class by themselves. These are full of fruit and even whipped cream, the fairy-princesses of the salad world. Serve them for special occasions as a topping to a meal or as a party dish.

- Frozen Banana Salad.**  
(Serves 10 to 12)
- 1 tablespoon lemon juice
  - 1 teaspoon salt
  - 2 tablespoons mayonnaise
  - 2 3-ounce packages of cream cheese
  - 2 tablespoons crushed pineapple
  - 1/2 cup maraschino cherries, cut in quarters
  - 1/2 cup walnut meats, chopped
  - 1 cup cream, whipped
  - 3 ripe bananas
  - Crisp greens

Add lemon juice and salt to mayonnaise and stir in cheese. Add pineapple, cherries and nuts; fold in cream. Add bananas, cut in cubes. Turn into tray and place in automatic refrigerator. Freeze until firm, then serve sliced on crisp greens.

Here's a pretty salad that may be served either as a special salad or as an accompaniment:

- \*Ginger Ale Pear Salad.**  
(Serves 6 to 8)
- 2 envelopes plain, unflavored gelatin
  - 1 No. 2 1/2 size can of pears
  - 1/4 cup maraschino cherry juice
  - 2 tablespoons sugar
  - 1/4 cup lemon juice
  - 1 1/4 cups ginger ale
  - Few drops red coloring
  - 8 maraschino cherries

Soften gelatin in 1/2 cup of the cold pear juice drained from can. Bring to a boil 1/2 cup pear syrup and stir in softened gelatin until dissolved. Add maraschino cherry juice, sugar, lemon juice and ginger ale. If a darker color is desired, add a few drops of red coloring. Rinse a shallow pan in cold water; arrange pear halves, cut side up in bottom. Top each with a cherry. Pour gelatin mixture over pears carefully so as not to dislodge pears. Chill until firm. To serve, cut gelatin into squares with a sharp knife and place on lettuce. Serve with desired dressing.

When you're serving a heavy dinner, there's nothing better than a crisp salad just bursting with vegetables. For example, a chef's salad is about the best choice, or perhaps a cole slaw.

A true chef's salad is composed mainly of some of the salad greens

such as escarole, romaine, lettuce, raw spinach, endive, watercress, dandelion greens or celery cabbage. They may be arranged bouquet style or shredded and tossed lightly with an oil and vinegar dressing (sometimes a french dressing) just before serving time.

One or more of the following may be added for variety if you want to tease the palate: Sliced radishes, chopped green pepper, diced cucumbers, cut celery, sliced stuffed olives, tomato sections, sliced pickle, sieved hard-cooked eggs, rolled anchovies, minced onion rings, garlic salt, celery salt, celery seed, or a light sprinkle of thyme, curry powder or chili powder.

Here are some tempting variations for a cole slaw type of salad:

- Plain Cole Slaw:** 4 cups finely shredded cabbage, 1 tablespoon celery seed, 1 cup cooked salad dressing. Optional additions: 1 tablespoon either dill seed or caraway seed or mustard seed.
- Carrot Slaw:** 2 cups grated or shaved carrots, 2 cups cabbage, 1 teaspoon minced onion, 1 cup boiled salad dressing.

- Slaw Deluxe:** 3 cups shredded cabbage, 1 cup diced banana, 1/2 cup chopped peanuts, 2 tablespoons catsup and 1 cup boiled salad dressing.
- Pineapple Slaw:** 2 cups shredded cabbage, 1 cup cut, drained pineapple, 3/4 cup boiled salad dressing, 1 tablespoon celery seed and dash of paprika.

- Spanish Slaw:** 1 1/2 cups cut cabbage, 1 cup diced tomatoes, 1 cup diced cucumbers, 1/4 cup chopped green pepper and 3/4 cup of boiled salad dressing.

Two molded salads that may be served as an accompaniment are a pretty addition to the table:

- Molded Grape Salad.**  
(Serves 6)
- 1 1/2 tablespoons unflavored gelatin
  - 1/2 cup cold water
  - 1 cup orange juice
  - 1 cup lemon juice
  - 1/4 cup sugar
  - 1 cup seeded or seedless grapes
  - 1/2 cup nutmeats
  - Lettuce

Soak gelatin in cold water for 5 minutes. Bring juices to a boil, add sugar and gelatin. Cool, and when thick, fold in grapes and nuts. Pour into individual molds and chill until firm. Serve in nests of lettuce.

- Mixed Fruit Salad.**  
(Serves 6)
- 3 oranges, peeled and diced
  - 3 slices canned pineapple, diced, or 1 cup pineapple tidbits
  - 1 unpeeled red apple, diced
  - 1/2 cup pitted dates, cut into pieces
  - 1 cup seeded grapes, cut in half
  - 1/2 cup mayonnaise
  - 1/4 cup coconut, shredded, if desired
- Mix fruit with mayonnaise and chill thoroughly. Serve on shredded lettuce; sprinkle with coconut, if desired.

**Elephant on Staten Island Caused Much Speculation**

On a summer's morning in 1909 a lone elephant was found wandering on the beach of Staten Island in New York bay, says Collier's. As no one reported the animal missing, its discovery became a front-page mystery in the New York City newspapers and even led to the speculation that the elephant might have swum the Atlantic from Africa.

But after three days, "Stella" was claimed by a man from a Coney Island show who later admitted he had secretly ferried her across the 17 miles and planted her there for publicity purposes.
