Inspector Says School Building Is Not Adequate

Robert Lee Independent District will have to do something in the immediate future toward getting its school buildings back in repair, according to the report of Joe Umphress, deputy state superintendent, who has filed his report on the condition of the local school.

The school board is well aware of the situation, and at its meeting this week will start making plans for an improvement program. B. C. Goodin, newly elected superintendent, will be present and work with the board on the matter.

Mr. Humphress' report follows: Commendations:

1. Considering the state of instability that exists in the community this year, the deputy feels that the school program has progressed in a splendid manner under the guidance of the superintendent and school board.

2. A good lunch program is being carried on which is commendable.

3. A definite program in Art and Science is being maintained in the elementary schools.

Recommendations:

1. Immediate plans should be made to build a new high school building or considerable repair must be made on the old one. The present building is not adequate for a first class high school and the students of Robert Lee deserve a more thorough education than can be planned in this building.

2. The equipment is insufficient and the heating plant is deplorable. New furniture should replace the old.

3. The attitude of the student body should be improved toward caring for equipment, furniture and the building.

4. All teachers must be English teachers and the written exhibits must be improved. The written exhibits in three subjects were not on file.

5. A more cooperative spirit should exist between the student body, the teachers, school board, and community to receive the maximum educational benefits.

Schooler Named On County School Board

At a meeting of the County Board of Education here this week, Raymond Schooler was named trustee from Precinct No. 3. A vacancy occurred when P. W. Millican failed to accept the office after being elected last month.

Noah Pruitt of Bronte is also a new member of the county board, having been elected to succeed Frank Keeney, who was not a candidate for re-election.

Principal matter of business was the classification of the schools in the county, which appears elsewhere in this newspaper.

Next meeting of the county board will be the first Monday in August.

Rummage Sale

Saturday, June 6, in building next to Alamo theatre, formerly occupied by Berry's jewelry store. Sponsored by Friendship class of Methodist church to obtain funds for furnishing room in new county hospital.

Mrs. E. B. Fletcher of Bronte has gone to Fort Worth for a visit in the home of her son, Frank.

BRIDE

Mrs. William E. Percifull was formerly Miss Jean Dorothea Rudicil of San Angelo. The bridegroom is a well known Robert Lee young man, son of Mrs. Frank Percifull and the late Mr. Percifull. The young couple will reside in Robert Lee.

Silver Votes Bonds; Hires New Principal

Voters of Silver Peak school district carried a \$31,000 bond issue at a special election Saturday by a vote of 28 to 0. At the same time the district voted 25 to 2 to increase the tax levy from \$1.00 to \$1.50 on \$100 property valuation. Proceeds from the bonds will be used to remodel the school house and teacherage, and the work is expected to be done during the summer months.

At a meeting of the Silver school trustees Monday night H. R. Gassiot was hired as principal for the coming year, and two other teachers will be engaged soon. Mr. Gassiot served as principal and coach at Bronte the past two years and has a fine record as a school man.

The district purchased a new Dodge 24-passenger school bus from the Electra district for \$2,000. The vehicle was not needed following a school consolidation at Electra.

Electric Office Open

West Texas Utilities Co. opened its Robert Lee office the past week, and business of the electric concern is now being handled there. The company has a fine line of appliances on display, and W. D. McAdams is the local manager. Berry's Jewelry Store also occupies a space in the front of the utilities office.

Shamrock's Wendland Flows 254 Barrels Day

Shamrock's No. 1 H. G. Wendland wildcat discovery, 9 miles southeast of Robert Lee, flowed 254 4 barrels of 47.1 gravity oil in a 24 hour test ending Monday morning. Rig has moved to No. 2 Wendland, a quarter mile south.

The wildcat on Rawlings property, 2 1-2 miles west of Bronte was drilling Wednesday night at 4,700 feet.

Al Hunt's No. 1 Harris Estate was drilling at 5,170 feet. Location is at the northwest end of the Harris River Ranch, on the south side of the Colorado River

W. J. Cumbie was improved Thursday after a few days of serious illness.

Ivey Motor Co. reports the sale of a new 2 1-2 ton Ford truck to W. A. Hickman of Blackwell.

Expect Lassiter Wildcat To Make 450 Barrels Daily

A daily production of 450 barrels of high gravity oil is predicted for Al Guiberson's No. 1 Jack Lassiter which struck pay in the Marble Falls a week ago. Location of the wildcat is 3 miles northwest of Sanco, and three miles south and west of Sun's No. 1 Arledge.

Sol W. Sanders of Beaumont, production superintendent for the Guiberson oil interests, said Thursday the well is cutting some salt water. Logs indicate 29 feet of oil saturated Marble Falls lime with a hole bottom of 6,528 feet. Top of pay was 6,495, with about 4 feet of water section in the bottom. Casing was set to top of pay and production will be from open hole.

Sanders said there was a shut-in pressure of 2,000 pounds Thursday morning and the gauge was still going up.

Helmerich & Payne of Tulsa were the drilling contractors, and G. A. Gresham is handling tools. Rig was dismantled Thursday and a new location, not more than a quarter or half a mile away, will be staked immediately. Three 500-barrel storage tanks were being connected Thursday and in the meantime well is shut in.

The location is in the extreme corner of the SW corner of the SE quarter of Section 308 and will give a forced offset to B. D. Gartman and Marvin Simpson, adjoining property owners.

City Employs Water Engineers

At Tuesday nights regular meeting of the Robert Lee City Commission the engineering firm of Parkhill & Cooper of Lubbock was employed to make a complete survey of the town's water problem.

Their study will include a water supply for future needs as well as a new distribution system. Work will begin at once and they expect to have a report ready within 45 days.

Mayor McNeil Wylie has appointed Fern Havins as commissioner in charge of streets, alleys and sanitation, while T. A. McMillan was named commissioner in charge of water and fire hazards.

Commissioner and Mrs. T. R. Harmon went to Dallas last week where Mrs. Harmon consulted physicians in regard to her arm which was broken in a fall on the ice at her home last November. The injured arm is still in a cast but is mending. T. R. says they travelled through heavy rains over toward Dallas, something he hadn't seen for a long time.

Mrs. Fred O. Green is recovering from a period of illness over the weekend.

Bull Sells For \$575

Marvin Simpson consigned several head of cattle to the Texas Aberdeen Angus sale in San Angelo Wednesday and his offering brought top prices. Simpson sold a 19 months old registered bull to Fred Allison of Corsicana for \$575. Eleven pairs of commercial Angus cows and heifer calves consigned by the Robert Lee man brought \$275 a pair, and 5 pairs of cows and steer calves brought \$252.50. Mr. Simpson has been building up a fancy registered Angus herd and is disposing of all his commercial cattle.

Memorial Day Program Was Well Attended

Memorial Day services at the American Legion home Sunday night were well attended, with an impressive program following a fine barbecue supper served free to the public by the American Legion. Harve Wallace was in charge of preparing the feast of young goats.

Judge Bob L. Davis presided over the evening program highlighted by an address by Howell Cobb of Brady. Mr. Cobb is a prominent attorney and Legion leader and is candidate for congress.

Emory Davis, post commander, made a brief talk and musical selections were given by a trio composed of Marie and Mildred Wallace and Betty Jo Mauldin.

Cragin Builds Warehouse

Cragin Lumber Co. is completing a new warehouse for the storage of drilling mud and cement. The structure has dimensions of 20x144 feet and is enclosed with corrugated iron. Loading platforms extend the entire length of the building. Cragin handles oil field lumber and drilling mud and is doing a large volume of business.

Sunrise Memorial

Sunrise Memorial services in charge of the American Legion Auxiliary were held Sunday morning at the Robert Lee cemetery. Graves of the 40 veterans of all wars were decorated with wreaths and American flags. Mrs. Gladys Strickland, Auxiliary unit president, was in charge of the ceremony.

Walker Donates Site for Hospital

J. S. (Jack) Walker this week donated a half block of ground as a site for the new Coke county hospital.

The property is located 4 blocks west of the Looney Hardware on the north end of an acreage which Walker bought a few years ago from Boyd Yarbrough.

At a special session of the county commissioners Tuesday the grant from Walker was accepted, and at the same time the county decided to purchase a half block joining on the south for \$1,000.

County commissioners will engage an architect at their meeting next Monday. Hospital plans have been at a standstill, since prices on sites nearer town have been exorbitant.

Mr. Walker is a public spirited citizen and is to be complimented upon his generosity. His disgust over ridiculous prices asked by other property owners, prompted him to make the gift.

Poppy Sale Nets \$122

The annual Poppy Day sale here Saturday netted \$122.22, according to Mrs. Pearl Rutherford, chairman of the American Legion Auxiliary in charge of the event. Funds will be used for veterans rehabilitation and child welfare.

Sun Moves Out Of Arledge Field; No. 3 Makes Gas

Failing to get a satisfactory production of oil after drilling three holes, Sun Oil company this week moved out of the Arledge field, north of Sanco.

It is thought operations there will be suspended only temporarily.

The Ray-Harris rotary rig has been moved back to the Silver locality and will drill No. 1 Tubbs-Omega, two locations north of No. 1-A Tubbs, a producer one-half mile west of Silver school house. Omega Oil company is said to own a quarter interest in the lease with Sun.

Holding a leased block of 20,000 acres in Coke and Nolan counties, north of Sanco, Sun began exploring the area last winter and discovered a fair production in No. 1 Arledge. Production was from the Marble Falls just below 6,600 feet. The well flowed 95 barrels of oil in an official test, but recently has been producing about 55 barrels daily.

No. 2 Arledge, a northwest diagonal outpost, failed in the Ellenburger, and was plugged back to the Marble Falls. It is pumping three or four barrels of oil per day. No. 3 Arledge, a south offset to No. 1, has turned out to be a gas well with no oil. During a 15 hour test ending at 7 a. m. June 2 it produced 16.3 barrels of distillate through a 3-16ths inch choke, with a gas-oil ratio of 31,100-1. Since the gas cannot be produced, the well has been shut in for the present.

Jameson Field

Homer Jameson No. 8, bottomed at 6,573 feet, in a 12 hour test flowed 58 2 barrels of oil and 10.84 barrels of water. Operators treated hole with 4,000 gallons of acid Thursday through perforations from 6,445 to 6,570 feet. When released on this location J. C. Hawkins rotary rig will move one location north to No. 12 Homer Jameson, just south of the Sun camp at Silver.

Homer Jameson No. 10 set 7 inch pipe to 6,114 feet and will be completed both as a producer and as a gas injection well. Good showings of oil have been recovered and it will depend in open hole.

No. 1 H. L. Bloodworth set 5 1-2 inch casing this week after reaching a depth of 6,420 feet. An electrical survey showed top of the pay at 6,212 feet. Good production is indicated.

No. 2 J. S. Walker was drilling Wednesday at 6,210 feet in lime.

No. 1 Central National Bank, trustee of Blanks estate, was swabbing after acidizing with 4,000 gallons through perforation extending at intervals from 6,590 to 6,660 feet.

No. 2 Central National Bank was shut in waiting on swabbing unit.

No. 3 J. B. Walker spudded at 5 p. m. May 28 and set 9 5-8 inch pipe to 651 feet. It was drilling ahead Wednesday below 1,500 feet. Location is a quarter mile north toward the river from No. 1 J. B. Walker, high producing discovery on the south side of the Colorado River.

No. 1 Ellwood on Spade Ranch in Mitchell county showed some fluorescence in a core from 7,480-88 feet in tight Mississippian formation. CoPng continues and operators expect to strike Ellenburger soon.

High Praise For Goodwin and Wife

(Editor's Note: A fine recommendation from home town folks is given Supt. and Mrs. B. C. Goodwin, in the following reprint from the Gaines County News at Seagraves.)

B. C. Goodwin, principal of the local elementary schools, has been elected to the superintendency of the Robert Lee Public Schools it has been announced here. Mrs. Goodwin, high school English instructor here, will be a member of the Robert Lee faculty.

Goodwin has had a quarter of a century experience in Texas public schools as teacher, coach, principal, and superintendent. He came from Everman, Texas, where he served as superintendent for three years.

Goodwin has done an outstanding piece of work as principal of the local elementary schools, according to Ross A. Buckner, superintendent of schools. Buckner had the following to say regarding Mr. and Mrs. Goodwin's work here: "I consider Mr. Goodwin one of the best informed school men on the south Plains. He has done a splendid job here. He is a tireless worker, thoroughly capable, willing and ready at all times to help teachers or pupils with their problems. He has encouraged scholarship above all else, and his influence will be felt here in the future. He has his Bachelors degree from T. W. C. at Fort Worth, and his Masters degree from Texas Christian, Ft. Worth.

"Mrs. Goodwin is a splendid English instruction, very thorough in her work, and most pleasant and agreeable with teachers and pupils.

"She is one of our most popular teachers

"I predict for Mr. and Mrs. Goodwin a highly successful program of work at Robert Lee, and the best wishes of our pupils, our teachers, and I am confident of our citizenship, will attend them in their new field of labors."

Silver HD Club

The Silver Home Demonstration club met May 25th in the home of Mrs. G. B. Gebhart with Mrs. W. S. Powell as co-hostess. Eight members answered to suggested roll call.

Mrs. R. B. Allen, club president, led the group in prayer and also in three songs. Mrs. A. E. Rose read an article on Memorial Day. Mrs. Raymond Gunn spoke on Care of Woolen Blankets and Mrs. J. B. Walker gave hints on Beauty in Your Garden.

The club president read a letter from Miss Bearden stating that the Work Simplification Training School will be held June 11 and 12 at the county agent's office in Robert Lee.

Fruit punch, cookies and mints were served to Mesdames R. B. Allen, Fred Asher, Will Carr, G. B. Gebhart, M. D. Miller, W. S. Powell, A. E. Rose, J. B. Walker, also two visitors, Mrs. Gunn and Mrs. Martin, and five children.

The next meeting will be at the Silver Baptist church at 3 P. M. with Mrs. Asher the hostess.

Club adjourned with love to all.—Edith Gebhart, Reporter.

Hawley Allen returned last week from a trip to Dallas, where his brother, Don Allen, of Joshua has been receiving hospital treatment. The patient's condition is serious.

Ross Welch, New Methodist Pastor, Raised in Sterling

The Rev. Ross T. Welch, new Methodist minister, arrived in Robert Lee with his family last week and preached his first sermon here Sunday. He was pastor at Nixon the past two years and received the Robert Lee appointment at close of the annual conference in San Antonio. He succeeds the Rev. J. H. Estes, who was transferred to Menard.

Rev. Welch is happy to come to Robert Lee which is like getting back home, since he was born and raised across the Divide in Sterling county and he has a strong affection for West Texas.

His parents, Mr. and Mrs. Riley J. Welch continue to reside on their ranch in Sterling county where they located 40 years ago. Mrs. Welch is also a native West

Texas and graduated from high school at Ballinger. She was the former Mary Frances Cotton and her parents now live at Lampasas.

After public school Rev. Welch attended San Angelo junior college then the University of Texas. His ministerial training was received at Southern Methodist University in Dallas. He came out of school with two degrees, Bachelor of Journalism and Bachelor of Divinity.

His first pastorates at La Vernia and Southerland Springs in South Texas and he was later pastor of Brooks Memorial Methodist church in San Antonio.

Rev. Welch served two years as a chaplain with the navy and was stationed on the island of Attu in the Aleutians. He returned home in the spring of 1946 and was assistant pastor of Travis Park Methodist church at San Antonio before taking the Nixon appointment.

Rev. Welch met his wife at a district youth camp sponsored by the Methodist church. They have three children. Sandra Nell is eight, Ross Truman is six, and the youngest, Donna Lynne, is nearly four.

Robert Lee folks extend a hearty welcome to the new minister and his family.

Builds Corsicana Theatre

Maurice Cole and family are spending most of their time at Corsicana, where the former is constructing a new drive-in theatre. Maurice is said to have obtained a good location near the city limits and will have his new theatre in operation within a few weeks. He has had previous experience in this work and formerly built and operated a drive-in theatre at Wichita Falls.

A little want ad will sell it.

School Notice

Transfer blanks may be secured from the office of the County Judge for scholastics who wish to transfer from one school district to another.

Bronte Independent, 12 year high school.

Robert Lee Independent, 12 year high school.

Tennyson Common School District, 8 grade elementary.

Wildcat Common School District, no grade.

Walnut Common School District, no grade.

Green Mt. Common School District, 6 grade elementary.

Silver Peak Common School District, 8 grade elementary.

Mays Common School District, no grade.

Pupils in any of the grades above those classified in the common school districts will need to be transferred.

Birthday Dinner

Honoring the birthday of Mrs. Archie Wheeler, a number of guests were entertained Sunday at the home of her parents, Mr. and Mrs. Ernest Lowrance. The occasion was planned as a surprise when Mrs. Wheeler came from Pyote for a weekend visit.

A sumptuous meal had been prepared and the birthday cake was presented the honoree by her aunt, Mrs. Willie Wallace.

Those enjoying the pleasant association were Mr. and Mrs. Wheeler, Mr. and Mrs. Willie Wallace and children, Mr. and Mrs. Will Caps, Mr. and Mrs. Charles Schooley and daughter, Rheba June, Mrs. D. P. Key and Mr. and Mrs. Ernest Lowrance.

Important Announcement

We are happy to announce the opening of a West Texas Utilities Co. office in Robert Lee, located in the Masonic Building, first door south of Allen's Drug Store.

We feel that the recent growth of Robert Lee justifies the opening of a local office, and it is our desire at all times to render the best possible service to the community.

Place all trouble calls through the Robert Lee office, and monthly bills are also payable there. The office will be open from 8 to 5 on week days and until noon Saturdays.

Come in and see our fine display of Electric Ranges, Water Heaters, Washing Machines, Fans and small appliances.

Want To Buy a Lot In Robert Lee?

Yes, we are selling the Cartledge holdings which include several hundred business and residential building lots in Robert Lee.

With increased oil development the Coke County Seat should have a big growth during the next few years. At present the oil development seems to have just started. Maybe now is a good time to get hold of some of these choice building sites. We predict the price will be going up before long.

Because other interests require some of my time elsewhere, I have made arrangements for Mr. J. C. Strickland to be in my office in Robert Lee, so come in and talk things over with him.

SANCO NEWS

By Mrs. Sam Fowler

Last week Mrs. Henry Wyatt had with her for a visit her brother, Horace Lowe, a sister, Mrs. R. Y. Haggerton, a niece, Mrs. Curtis Perry, and a nephew's wife, Mrs. Bert Haggerton.

Vacation Bible School started at Sanco Monday at 8:30 and will continue through Friday Wednesday afternoon all classes and workers will go to the First Baptist church in Ballinger. Miss Margaret Moore and Miss Elaine Pertle are here as workers. Other helpers are Eva Bell McCutchen, Mrs. Belva McCutchen and Mrs. Sam Fowler. Thirty-five were enrolled the first day.

Visiting Sunday with the W. H. Wyatts were Mr. and Mrs. Scott Jackson of San Angelo.

Glad to have had quite a few visitors Sunday at the Sanco Baptist church.

Mrs. Belva McCutchen and childred and Mr. and Mrs. Mac McCutchen visited Sunday with the Bill McCutchens.

Bro. and Mrs. Messer, song leaders from San Angelo, and Bro. and Mrs. Wallace were over Sunday and held services at the Sanco Bible church. The Messers gave a message in song and Bro. Wallace the sermon. Services were held morning and afternoon.

Glad to see Mrs. Ernest Adkins out Sunday.

Monday will be club day. Everyone invited to bring a covered dish for the dinner at noon.

Jimmy Killam is limping around this week with a sprained foot.

Sammie Jo Fowler visited Monday with Joy Adkins.

Wonder what's the matter with Sanco? The rain all goes around Wonder if it's something we did or something we didn't do. Let's

check up and see. We need a rain, don't you agree?

SILVER NEWS

By Juanice Jameson

What with rains and everyone so busy, makes news rather scarce.

Vacation Bible school started Monday morning with 51 attending, Tuesday with 62. Bro. H. L. Bloodworth is principal of the school and the two workers are Roy Davidson of Dallas and Wimpy Smith of Portland, Texas. Unless further notice the school will close Friday night.

The Church of Christ building is really going up. It is being constructed of concrete tile

Attending district 4H club camp at Camp Louis Farr at Mertzon were Elna Jameson, Ruth Blair and Susie Jameson, along with Mrs. J. Jameson. The girls made bill-folds and film strip belts. These girls will teach the other 4H girls of Coke county to make these articles at county camp.

Ruth Calley of Otis Chalk is visiting her sister Mrs. Myrl Jameson.

Joan Millican is visiting with her grandparents, Mr. and Mrs. D. M. Millican.

Mr. and Mrs. J. B. Asher visited with the Fred Ashers last week.

Mrs. G. N. Gentry and Jerry of San Angelo were guests of the J. Jamesons Thursday night.

Don Asher is home from a visit in Ranger.

Cigars are being passed out in this neighborhood and two at a time. Mr. and Mrs. Joe Stewart of Robert Lee have twin boys. Mr. Stewart is tool pusher for Morris Hamilton Drilling Co.

Mr. and Mrs. Allen Jameson visited over the weekend with their son, G. A. Jameson and family at Big Lake.

Mrs. Garner of Tex's Cafe treated students at the Vacation Bible School to ice cream and cold drinks Monday.

Methodist Church

Next Sunday will be "Allegiance Sunday" at the Methodist Church Continuing the Crusade for Christ emphasis for this quarter, the Church School will be striving to increase its attendance, with special emphasis on trying to get the adult members of the Church to work in the Church School.

"What My Church Expects of Me" will be the topic of the morning worship hour when the sermon will be delivered by the pastor, the Reverend Ross T. Welch. The choir will sing a special anthem.

The Methodist Youth Fellowship is making preparations for the coming Youth Caravan, a team of young leaders of the church, four young people and one adult counselor, who give their services through out the summer to assist local church organizations.

The Caravan team under the direction of Mrs. Byron Cavnor, of the Travis Park Methodist Church staff of San Antonio, is expected to be here June 26 to July 3. All the young people of this and near-by communities are urged to work with our young people during this week.

"God's Choice and Man's Choice" will be the topic of the sermon at the evening worship at 8 o'clock. Ours is a cool building and a spiritual worship—come and worship with us. New residents of the community who would like to sing with a good choir are invited to choir practice on Wednesday evening.

Helping With Atomic Tests

Staff Sgt. Lee R. Latham has written his family in Robert Lee that he expects to start home early in June from Kwajelin, where he has been stationed the past four months with the Army Air Corps on special atomic experiments. Lee saw several years' of service during the war and re-enlisted a few months ago.

Oilers Defeated Ozona Hot Shots By 12 to 7 Score

Robert Lee's hustling ball club defeated Ozona Sunday afternoon 12 to 7 to take undisputed first place in the Concho Basin league. The game played at Ozona was a crucial contest as each team was previously undefeated.

The Crockett county club started out with a bang and put four runs across the first inning. Mazo singled and Estes drew a walk, Sheffel struck out and Cox drove a three-bagger deep into right field. Stuart hit safely to center and advanced to second on a balk. Homer drew a walk and Stuart scored on infield out.

Ozona scored one tally in the second on three hits. They registered two more in the fifth because of a couple of errors and a walk. From then on they were helpless before the masterful twirling of Clarence Tinkler.

Robert Lee jumped into the lead in the second with a six run barrage resulting from four hits (three of them inside the diamond), a base on balls and errors by Peel and Sheffel. The Oilers tallied twice in the third. Higgins hit to right and went to second when the fielder failed to retrieve the ball promptly. He took third on a passed ball by Sheffel and scored when Cox errored on Johnson's grounder.

In the fourth frame the Robert Lee boys really clouted the ball, getting four runs and five hits. John Conley led off with a three-bagger and scored on Gene Bond's double. Chilly Tinkler hit safely to center and Clarence followed with a blow to left. With two outs Higgins scored the Tinklers on a sharp hit to left. That completed the scoring, although Clarence Tinkler and Green both rapped out hits in the ninth.

James started on the mound for Ozona but was relieved by Archie Peel before finishing the second inning. After giving up four straight hits in the fourth Peel was replaced by Stuart.

Clarence Tinkler went all the way for the Oilers and had the situation well in hand except for the first two frames when he was touched for five scores and six hits. In the sixth Cox got his second triple, but got no farther than third. Peel led off with a single in the eighth and was later thrown

Clarence walked six men and struck out six, a mighty fine showing against the hard hitting Ozona outfit: The "colonel" also took batting honors with three hits in five trips to the plate.

Hannaford Signs With School Near Munday

M. G. Hannaford, superintendent of Robert Lee schools the past two years, announces that he has signed as superintendent of the Sunset Consolidated school, five miles west of Munday. He will receive an advance in salary and living quarters for his family will be provided.

Mr. Hannaford and his family departed Monday for Alpine where the former will take summer work at Sul Ross college. At the end of six weeks he will obtain a Master's Degree.

Miss Willie Shelby, eighth grade teacher here, will take summer work at Abilene Christian College, and Miss Hayes will enroll at Sul Ross.

Never too late...

Whatever its birth date... your car will live a longer life if you regularly drain out old oil and OIL-PLATE with CONOCO Nth.

And here's the reason why. The moment Nth Motor Oil (Patented) enters your engine, a special added ingredient fastens an extra film of lubricant so closely to metal that cylinder walls and all working parts are literally OIL-PLATED!

This protective OIL-PLATING stays right up there... won't all drain down to the crankcase, even with your engine idle over night! That's why Nth Motor Oil extra-protects from "dry-friction" starts... from metal-eating combustion acids... from sludge and carbon due to wear!

So, for full-time protection... for more miles per quart, make a date now...

...to OIL-PLATE!
