Sun Price A-2 Flows 126 Barrels

Sun No. A-2 Foster S. Price, west and north of Edith, has been finaled for a daily flow of 126 barrels of oil. Gauge was through a quarter inch choke. Gas-oil ratio was 1,224-1.

A 2 Price topped the lime reef at 5,856 feet and was completed in open hole at a depth of 6,018 feet.

Sun A-1 Price was treated with 2,000 gallons of acid recently. An increased flow was reported. It had previously filed a daily potential flow of 121 barrels.

In the same area Sun No. 8 G. W. Davidson was drilling Tuesday in shale at 2,245 feet.

Sun A-3 Price was in shale at a depth of 2,537 feet.

Southwest of Silver Sun Jewell Brannan No. 13 was drilling in shale at 5,975 feet.

Sun No. 13 C. E. Mathers was making hole at 4,771 feet in shale. Sun No. 1 Ralph Harris Estate was in shale at 5,128 feet.

Bridge May Open Dec. 15

Present indications are that the new highway bridge across the Colorado River, three miles west of Robert Lee, will be opened to traffic about the middle of December. All of the concrete is expected to be poured by Dec. 9 and only a few days will be required thereafter to finish the project. Thomas & Ratliff of Rogers, Texas, is the contracting firm and the above information was furnished The Observer by Leroy Willmann, chief clerk on the Coke county operation.

Personals

Arthur Tubb was honored with a birthday surprise Wednesday night of last week in the home of his son-in law and daughter, Mr. and Mrs. Vincent Hanna. Twenty-four guests enjoyed dominoes and 42. Delicious refreshments were served.

Dick Collier of Big Lake was in Robert Lee on a business mission Friday and visited among his many old friends. He is a former Coke county resident and previously operated a cotton gin and bought cattle in Robert Lee. He left here 20 years ago. Mr. Collier owns and operates a fine motel in Big Lake and also has a Kaiser, Frazer dealership at Crane.

Mr. and Mrs. Felix Puett and son, Leland, are here from Los Angeles, Calif., for a visit with Coke county relatives and friends. A former editor of The Observer Mr. Puett is now a locomotive engineer with the Santa Fe railway.

Garden Club Benefit

As a means of raising funds to beautify the Coke County Memorial Hospital grounds, the El Valley Garden club of Robert Lee will soon launch a fruit cake sale. A canvass will be made for orders. The cakes are of high quality and will come from a well known bakery at Corsicana.

Thanksgiving Holiday

Robert Lee will observe Thursday, Nov. 23, as a legal Thanksgiving Holiday. Some parts of the state have designated Nov. 30 as Thanksgiving and Gov. Shivers has proclaimed either date or both for the annual observance. The Observer is being printed Tuesday night this week in order that it will be in the hands of readers Wednesday.

Cotton Still Coming In

The Robert Lee cotton gin has processed 1,050 bales this season and is expecting to exceed the 1,100 mark before the crop is entirely harvested in this territory. The gin is still operating every day.

Hunting Party Bags 5 Bucks in Mason Co.

The Robert Lee cold storage locker plant has five deer which Robert Lee hunters bagged last week down in Mason county.

Two of the bucks were shot by Johnnie McDaniel, 14 year old son of Dr. and Mrs. J. D. McDaniel, while the others were brought in by F. C. Clark, Dr. J. K. Griffith and Bill Craddock of Colorado City.

Others in the party were J. C. Snead, Jr., W. T. Roach and H. C. Allen.

Dr. McDaniel and his sons, Charles and Johnnie, were on hand early when the season opened last Thursday morning. Johnnie got both his bucks within 40 minutes of each other and he and his father then returned to Robert Lee. Charles remained in the camp until Sunday and the others came home Sunday evening.

Births

Mr. and Mrs. Teddy Pitcock of Sanco are parents of a son born at 2:10 a. m. Nov. 18 at Coke County Memorial Hospital. The baby weighed 8 pounds 11 1-2 ounces and has been named Darrell Bertram. Maternal grandparents are Mr. and Mrs. Bryan Gartman of Sanco.

Mr. and Mrs. James Hill of Midland are parents of a daughter born last week. Mr. Hill is a son of Mr. and Mrs. Houston Hill of Midland. The baby has been named Martha Sophronia Anne after her great grandmother, Mrs. J. C. Newton, of Robert Lee.

Mr. and Mrs. E. G. Martin of San Angelo are the proud parents of a son, Dennis Wayne, born Nov. 8 in a San Angelo hospital. He weighed 5 pounds, 12 ounces. Grandparents are Mr. and Mrs. G. E. Duke, San Angelo, and Mr. and Mrs. Martin of Carlsbad, New Mex.

Strayed—Red heifer, white face and white stripe down back. Branded with cross on right hip. Wt. about 300 lbs. Notify J. C. Strickland. 23tfc

For Sale—New 3-room modern house with bath, furnished or unfurnished, half block east of Robert Lee Gin. Inquire of Kermit Hardcastle. 23tfc

For Sale—Two kerosene heating stoves, good as new. Frank Dickey.

If you don't get The Observer! You don't get The News

Notes From The Oil Field

Union Oil Co. of California No. 1 City of Robert Lee was drilling ahead Tuesday morning at 1,635 feet. The wildcat test is on a 240-acre tract bought 20 years ago for a waterworks site. Location is one mile southeast of the city limits.

Spartan Production Co. No. 1 L. E. Smith, 14 miles southeast of Robert Lee, was drilling Monday night at a depth of 1,160 feet. Advance Drilling Co. is the contractor and Clay Newell, tool pusher. Spartan is making the test on a farm out from Seaboard and Southern Minerals, who own a joint lease on a large block in that area.

Amerada No. 1 Frank McCabe, wildcat three miles northwest of Silver, was drilling Tuesday below 6,000 feet in black shale.

Veterans Xmas Gifts

The American Legion Auxiliary wishes to again call attention to the fact that Christmas Boxes for veterans at Legion Hospital must be ready to send away by Dec. 1. Boxes may be left at Roach's where ladies of the Auxiliary will pick them up.

Personals

Mrs. Lee Latham left Sunday for St. Louis, Mo., to join her husband who is a student in a diesel engineering school. Their daughter, Monnette, remained in school here and is living with her grandparents, Mr. and Mrs. A. E. Latham.

Mr. and Mrs. H. C. Schooley and family of Ft. Worth visited over the weekend with the former's sister, Mrs. T. W. Casey, and family and other relatives and friends.

Glenda, 9 year old daughter of Mr. and Mrs. Bill Beaver of Big Lake, former Robert Lee residents, was treated at the hospital here last Saturday. The child fractured her right shoulder and wrist two weeks previous when she fell from a horse on the Foster Price ranch near the Sterling county line.

Buys Florida Cattle

C. N. Webb, Tennyson ranchman, made two trips to Florida in late summer and early autumn and on both occasions purchased three loads of cattle. The animals were raised by the Camp Ranch near Gainesville, Fla., and consisted mostly of high quality Brahmans. Mr. Webb sold three loads immediately after they were shipped to Texas but plans keep the remainder on his Coke county ranch.

U. S. Berlins

America has more than a dozen Berlins. In New England at least, towns of that name are locally pronounced Berlin.

Base for Shellac

Lac, the base for shellac, is a natural resin secreted by insects which live on the sap of certain trees in oriental countries.

Robert Lee Principal Heads County Teachers

Annual meeting of the Coke County Teachers Association took place in Robert Lee Tuesday night of last week. A business session and program followed dinner served at the school lunch room.

Main speaker of the evening was Miss Ruth Hillyer, mathematics teacher at San Angelo high school, a former president of the district teachers association. She was accompanied to Robert Lee by Miss Parr and Miss Floyd.

All teachers employed in the county were present for the meeting and the following officers were elected:

P. E. Webb, President
H. N. Gaddy, Vice Pres.
H. R. Gassiot, 2nd Vice Pres.
Mrs. P. E. Webb, Secretary
Jack Price, Treasurer

Coke County Hospital News

Nov. 17—Mrs. Roy Ross, Don Bell admitted. S. W. Lord dismissed.

Nov. 18—Mrs. Daisy McCutchen, Mrs. Teddy Pitcock admitted. Mrs. Pitcock gave birth to a son at 2:10 a. m. Don Bell dismissed.

Nov. 20—S. W. Lord, G. L. Johnson of Bronte admitted.

YOU Can Change the World

See the movie to be shown in the district court room of the court house in Robert Lee, Friday, Nov. 24, 7:30 p. m. Admission free. Based upon the much discussed book bearing such title. Sponsored by the Ark and Dove study club of Robert Lee under auspices of the Catholic Church.

Mr. and Mrs. Ed Claffey and son, Steve, of Indianapolis, Ind., are visiting relatives in Bronte and Robert Lee. Mrs. Claffey is the former Jane Cumbie and is a sister of Mrs. R. D. Garrett.

Mrs. Carl Grubenman of Silver spent a few days last week with her parents, Mr. and Mrs. Frank Smith, while her husband was attending a meeting of petroleum engineers in Dallas.

Longhorns Meet Steers Thursday In Pigskin Finale

Robert Lee high school Steers and the Bronte Longhorns clash in their annual Thanksgiving Day football game Thursday afternoon of this week. Fair weather and a fast field is predicted and a record crowd will be on hand for the kickoff at 2 o'clock.

It is the final gridiron contest of the year and both teams are hoping for a victory. The 6 B district championship has already been decided, but the Coke county grid title is also something worth scrapping for.

A comparison of records gives Robert Lee an edge over the Longhorns. Bronte started slow with a bunch of new players but they have improved with experience and are just about at their peak as the season ends.

Last week they battled Coahoma almost to a draw, losing by a count of 14 to 12. It was the conversion points that cost the Longhorns a tie.

Bronte has a great player in the person of Gerald Sandusky. He's big and fast, and a consistent ground gainer running from the fullback position. What's more he is a fine punter, can fit in on either end of a passing attack and is a great linebacker.

The Longhorns are developing a dangerous aerial game, and any one of the four backs are liable to do the tossing.

Robert Lee started off the season in fine style, running up six straight wns. Then hard luck caught up with the Steers and injuries sent several of the regulars to the sidelines.

A couple of weeks ago when the first stringers seemed to be getting back to form, calamity hit again. In the Stanton game Donnie Duncan, star sophomore quarterback, received a crushed shoulder and Bobby Gene Hood got a broken ankle.

Donald Mauldin had already been lost for the season because of a knee injury and Garland Davis, reserve back underwent an appendix operation. That adds up to four backfield players, three of them regulars, who have been lost to the team.

That's enough misery to make any coach pull out all his hair, and maybe Charlie Dennis will be bald come Friday morning.

But he's got a lot of good boys left. They will be in there Thursday afternoon giving the best they've got, and their home town backers believe they have the goods to take their second game this year over Bronte.

It should be a good game. A rough game, but not dirty.

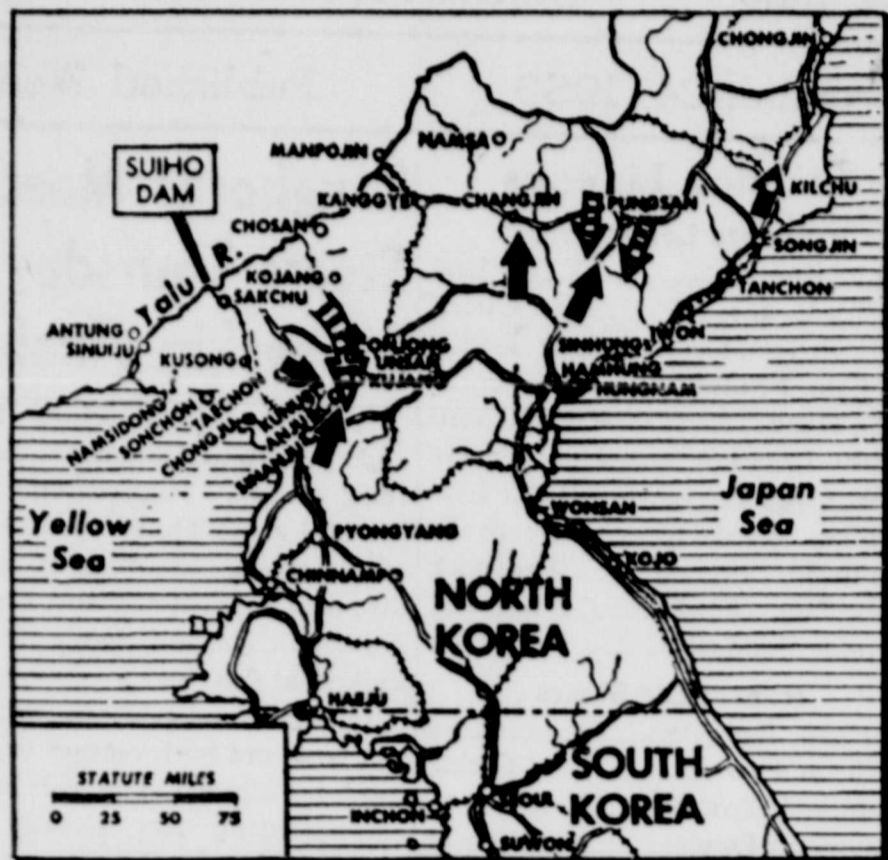

Stanton Plays Meadows

Stanton Buffaloes, winners of District 6-B, will meet Meadows, who copped the flag in District 5-B, in a bi-district game. The contest is slated for Brownfield on the afternoon of Saturday, Dec. 2.

WEEKLY NEWS ANALYSIS

Republicans Make Sweeping Gains For Both Senate and House Seats; Korean Situation Is Called Serious

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

An estimated 80,000 Chinese Communists are reported driving southward (broken arrows) in an attempt to split U.N. forces. U.N. troops withdrew, although some units were surrounded and cut to pieces. Observers report the Korean situation serious.

ELECTION:

Republicans Gain

Taking the administration by surprise, the Republican party made sweeping gains in the senate and house in one of the most hotly contested national elections in years. As final tabulations were being completed, observers believed that the Democrats would retain 49 senate seats and the Republicans would have 47. To all practical purposes the Republicans will have a working majority in the senate and will control legislative voting with the aid of rebellious southern Democrats.

In the house the Republicans made sweeping gains, but not enough for control.

Most startling aspect of the election, in the opinion of most observers, was the defeat of such men as Democrat Sen. Millard E. Tydings of Maryland and Sen. Scott Lucas of Illinois.

Lucas was the Democratic majority leader in the senate and Tydings was a strong supporter of the administration and the state department.

In Ohio, Sen. Robert A. Taft won a resounding victory over the labor-Truman purge attempt. Foreign policy played an important part in Taft's campaign and the results of the battle may shake the foundations of the Republican party. Some observers saw Taft's victory as a plain indication that the people were not happy with the administration's foreign policy.

The administration took another blow in Connecticut. Republican John Davis Lodge ousted Fair Deal Democrat Chester Bowles in the governor's contest. Democrat Sen. Brien McMahon, however, was re-elected.

In New York, Gov. Thomas E. Dewey, twice-defeated Republican nominee for president, won a third term as governor of that state. The governor's running mate, Lt. Gov. Joe R. Hanley, was defeated by Sen. Herbert Lehman. Here again was evidence of that trend where neither Republicans or Democrats were able to sweep all offices. This split across party lines was evident in many sections of the country.

In California, Republican Gov. Earl Warren, seeking a third term, won re-election over James Roosevelt, son of the late President. Rep. Richard M. Nixon also defeated Democrat Helen Gahagan Douglas in a senatorial battle.

In a congressional fight that attracted nation-wide attention, American-Labor party Rep. Vito Marcantonio of New York, the only minor party representative in the house, was unseated by a Democratic-Republican-Liberal coalition formed for the sole purpose of beating him. Marcantonio's foes charged that he followed every twist and turn of the Communist party line during his service in the house.

As final tabulations were compiled, observers agreed that Democratic control of the senate and house was so slight it did not constitute a safe working majority. As a result, the next two years will see a number of bitter battles on legislation and much of it being passed or killed by incredible small margins.

Headliners

Gov. Thomas E. Dewey added a marathon television show to his list of political-campaigning devices. He had Mrs. Dewey on the show with him a while. He asked her, "Why don't you take your hat off." She replied, "Because my hair's a mess. Why do things like this happen just when I need a permanent?"

"The Communists committed one of the most offensive acts of international lawlessness of historic record," Gen. Douglas MacArthur said in his report on Chinese intervention in North Korea.

George Bernard Shaw, Irish author and wit, who died at the age of 94, for years had kept the world in a whirl with his use of words. Here are some Shavianisms: Success—"The secret of success is to offend the greatest number of people;" Truth—"The truth is the one thing nobody will believe;" Love—"Sir, there are two tragedies in life. One is to lose your heart's desire. The other is to gain it."

KOREA:

Situation Serious

The war in Korea which seemed on the verge of complete victory for the United Nations forces took a dangerous turn with the invasion of Chinese Communists. Political observers termed the situation serious, including Gen. Douglas MacArthur, the U. N. commander.

According to available reports, between three and six Chinese divisions crossed the boundary between Manchuria and Korea and went into battle beside the North Koreans. The immediate military result was a withdrawal of U. N. troops south, in some instances as much as 50 miles.

MacArthur summed up the situation by reporting that the North Korean army was finished as a fighting force in October by the inflicting of 335,000 casualties. This included 135,000 Reds who were captured.

His communique on the situation said: "In the face of this victory of U.N. arms, the Communists committed one of the most offensive acts of international lawlessness of historic record . . ."

There are available in Manchuria about 300,000 troops—veterans of the Chinese civil war—which could be thrown into the battle immediately. Another 300,000 are believed to be either in Manchuria or North China.

The dangerous question now facing the free nations is what attitude the Chinese will take to MacArthur's charge that "alien Communists" have entered the war.

Whether the Communist world is prepared to take this colossal step is a secret, most probably locked in the depths of the Kremlin.

If the Communists are ready to take this risk it may mean the start of World War III and the end of the world as we have known it.

GERM-WARFARE:

Infected Rats Found

One of the most frightening and horrible discoveries of the Korean conflict was made public when the army disclosed it had found five thousand rats and mice inoculated with deadly plague and other germs in a secret laboratory near Pyongyang.

The army reported more than 5,000 rats and mice were inoculated with such diseases as bubonic plague, encephalitis, and eburirawaddy fever immediately after the U.N. landing at Inchon.

Only 380 of the carriers were alive when discovered and 200 of these were mad from hunger. None were believed to have been turned loose or to have escaped from their sealed cages, though fleas from the dead animals might spread disease.

The project was reported under the supervision of a Russian woman scientist who fled northward after the landing.

The animals were kept in cages in groups of from two to 20. They were well fed and their furs sprayed with a chemical that encouraged the multiplication of fleas.

The discovery will provide a clue to the type of germ-warfare experimentation Communist countries might be carrying out and give the free nations of the world an indication as to what horrors the Communist will resort.

SPAIN:

Ban Is Lifted

After four years the United Nations had lifted its diplomatic ban against the Spanish government. The action accomplished two objectives:

1. It withdrew the 1946 recommendation to all U. N. members that they withdraw ambassadors and ministers from Madrid.

2. It lifted the 1946 ban against admission of Spain to the U. N.'s specialized agencies.

The United States, however, will not return an ambassador to Madrid. President Truman said publicly recently he would not appoint one.

The U. N.'s resolution left intact the condemnation of the Franco regime for its aid to the Axis during World War II.

The United States voted in favor of removing the boycott which was spearheaded by Catholic Latin American nations.

Revolutionist

Pedro Albizu Campos, Harvard graduate, leader of the Nationalist party that threw Puerto Rico in turmoil, was arrested after the attempt to assassinate President Truman. FBI agents were trying to connect him with the attempt on the President's life.

WORLD WAR III:

Thunder Can Be Heard

The capitals of the world trembled because many observers believed they heard the thunder of World War III on the horizon.

The thunder was caused by Communist China which adopted the attitude that "American intervention in Korea signalizes an intention to invade China."

All Communist dispatches and broadcasts hammered out the same recurrent themes:

1. The Chinese Communists will oppose "American imperialist aggressors" with concrete action.

2. American use of the atom bomb will mean retaliation in kind. Observers were further troubled because the Chinese evidently meant business. From three to six Chinese divisions had been identified in action in Korea against United Nations forces. They forced U. N. troops to make withdrawals, and, from early reports, intended to continue their march south.

No one in his right mind can overlook the fact that China could be the strongest nation in the world. The Chinese Communist armies already are estimated at 5,000,000 men of whom 1,000,000 are in Manchuria. Peiping recently announced organization of 5,500,000 armed militia, bringing the country's armed strength to more than 10,000,000.

The Way it Happened . . .

IN CLEVELAND . . . Adam Taylor, awaiting sentence for armed robbery, was informed by wire that his name had been called for a \$1,000 prize at a theater and if he would show up the next week he would be given \$10 consolation money.

IN PROVIDENCE . . . The Journal printed in "Letters to the Editor" the following epistle: "I am so damn mad I forgot what I was going to say. Jim Payne."

IN DELPHOS, OHIO . . . Twins were born to Mr. and Mrs. Roger L. Ditto.

IN SAN FRANCISCO . . . A marriage relations expert notified a club that he would be unable to deliver a speech on "How To Be Happy Though Married" because his wife had subpoenaed him to answer a suit for divorce.

IN WISCONSIN . . . A farmer with a 1,600-pound bull decided to walk the animal to market, walked off 190 pounds of beef and \$30 in profits.

Here's a way to stretch your Christmas money and please your friends at the same time! The cigarette smokers of your list will welcome a carton of cool, mild Camels. And to the pipe smokers and men who "roll their own"—give a one pound tin of Prince Albert Smoking Tobacco. When you give Camels or Prince Albert you're giving the very best in smoking enjoyment. Mild, full-flavored Camels are made of the world's choicest tobaccos, expertly blended—a good reason why more people smoke Camels than any other cigarette! And mellow Prince Albert is America's largest-selling pipe tobacco. What's more, both Camels and Prince Albert are already gift-wrapped in gay, red and green packages. All you do is fill-in your personal greeting on the built-in card. No fuss. No bother. Save time, save energy, save money. Give Camels and Prince Albert—the perfect Christmas gifts for smokers!

NEW KIND OF TREATMENT FOR COLD SYMPTOMS ANAHIST ATOMIZER

Just squeeze the atomizer for Fine-Spray Mist of ANAHIST

Quickly relieves nasal congestion—snifles, sneezes, stuffed-up nose! Unlike ordinary inhalers and nose drops, safely helps swollen, irritated membranes to resume a more normal condition by blocking action of the histamine like substance in the nasal passages. Follow directions in package. Use at first sign of a cold!

Buy at Your Drug Store

America's Number One Antihistamine

Now She Shops "Cash and Carry"

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

DOAN'S PILLS

IF PETER PAIN CLUBS YOU WITH RHEUMATIC PAIN

FOR FAST RELIEF, rub in Ben-Gay. Contains up to 2 1/2 times more of those two famous pain-relieving agents, methyl salicylate and menthol, than five other widely offered rub-ins!

Also for Pain due to COLDS, MUSCULAR ACNES, HEADACHES and STRAINS. Ask for Mild Ben-Gay for Children.

QUICK! RUB IN Ben-Gay

Stanton Grabs 6-B Conference

Stanton Buffaloes sacked up the District 6-B gridiron title last Friday with a 26-6 victory over the Hermleigh Cardinals. They will meet winners of District 5-B in a bi-district playoff.

The Buffaloes completed their ten-game schedule undefeated and ran rough shod over six conference foes. Their closest battle in loop play and a 13-6 decision over Robert Lee.

In the finale at Stanton Friday

night the Buffaloes played a superb brand of football to lead 20-0 at half time. Early in the first period Hermleigh was compelled to kick and Stanton took the on their 35.

On the Buffaloe's first play from scrimmage, Earl Koonce tossed a short pass to his twin, Gearl, who picked up blockers and raced down the sideline for a touchdown. Conversion failed.

Before the quarter ended Gearl handed off to Earl who started a left end run, then stopped and threw a long pass to Gearl who scored again. Henson's placekick was good.

Before the half ended Earl

Koonce intercepted a Cardinal pass on his 10. They marched past midfield, then Henson's pass to E. Koonce carried to the 12. Another aerial was completed to G. Koonce for a touchdown and a conversion followed.

Hermleigh had an even break all through the second half but they had already lost the game. After taking a punt on their 45 the Cardinals drove to the 20 and completed a pass for a touchdown.

Hermleigh got a break a short time later in the third quarter when Dickie Wall intercepted a pass on the Stanton 40. On the next play, however, the Buffaloes

recovered a fumble in midfield.

Gibson shot a pass to G. Koonce on the Cardinal 10 and Earl circled his left end for a touchdown. There was no scoring in the final period, although Hermleigh recovered a fumble near the center of the field and carried to the 10 before they were stopped.

Gearl Koonce was the outstanding player for the winners, and excelled his brother Earl, who was still nursing injuries from the Robert Lee game. Kenneth Henson went out early in the second half with a leg injury and Leroy Gibson took over the quarterbacking

for Stanton.

Fullback Fritz of the Cardinals was nursing a sore knee from the previous Bronte contest and contributed little to the Hermleigh offense. Soon after the game started he was in the lineup only on defense as a linebacker. Chorn, Hermleigh end, was a standout.

Draft Call Nov 24

Thirty-one men have been called for induction Nov. 24 by the local draft board which includes Coke, Tom Green and Irion counties. Coke county youths in the group are Douglas Dean, who now resides at Weatherford, and Billie Joe Luckett and Cecil Lloyd Coalson of Bronte.

Here today!

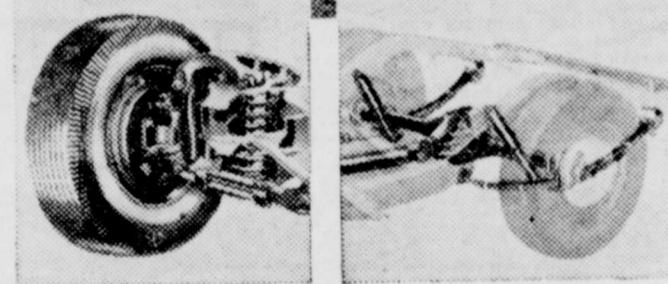

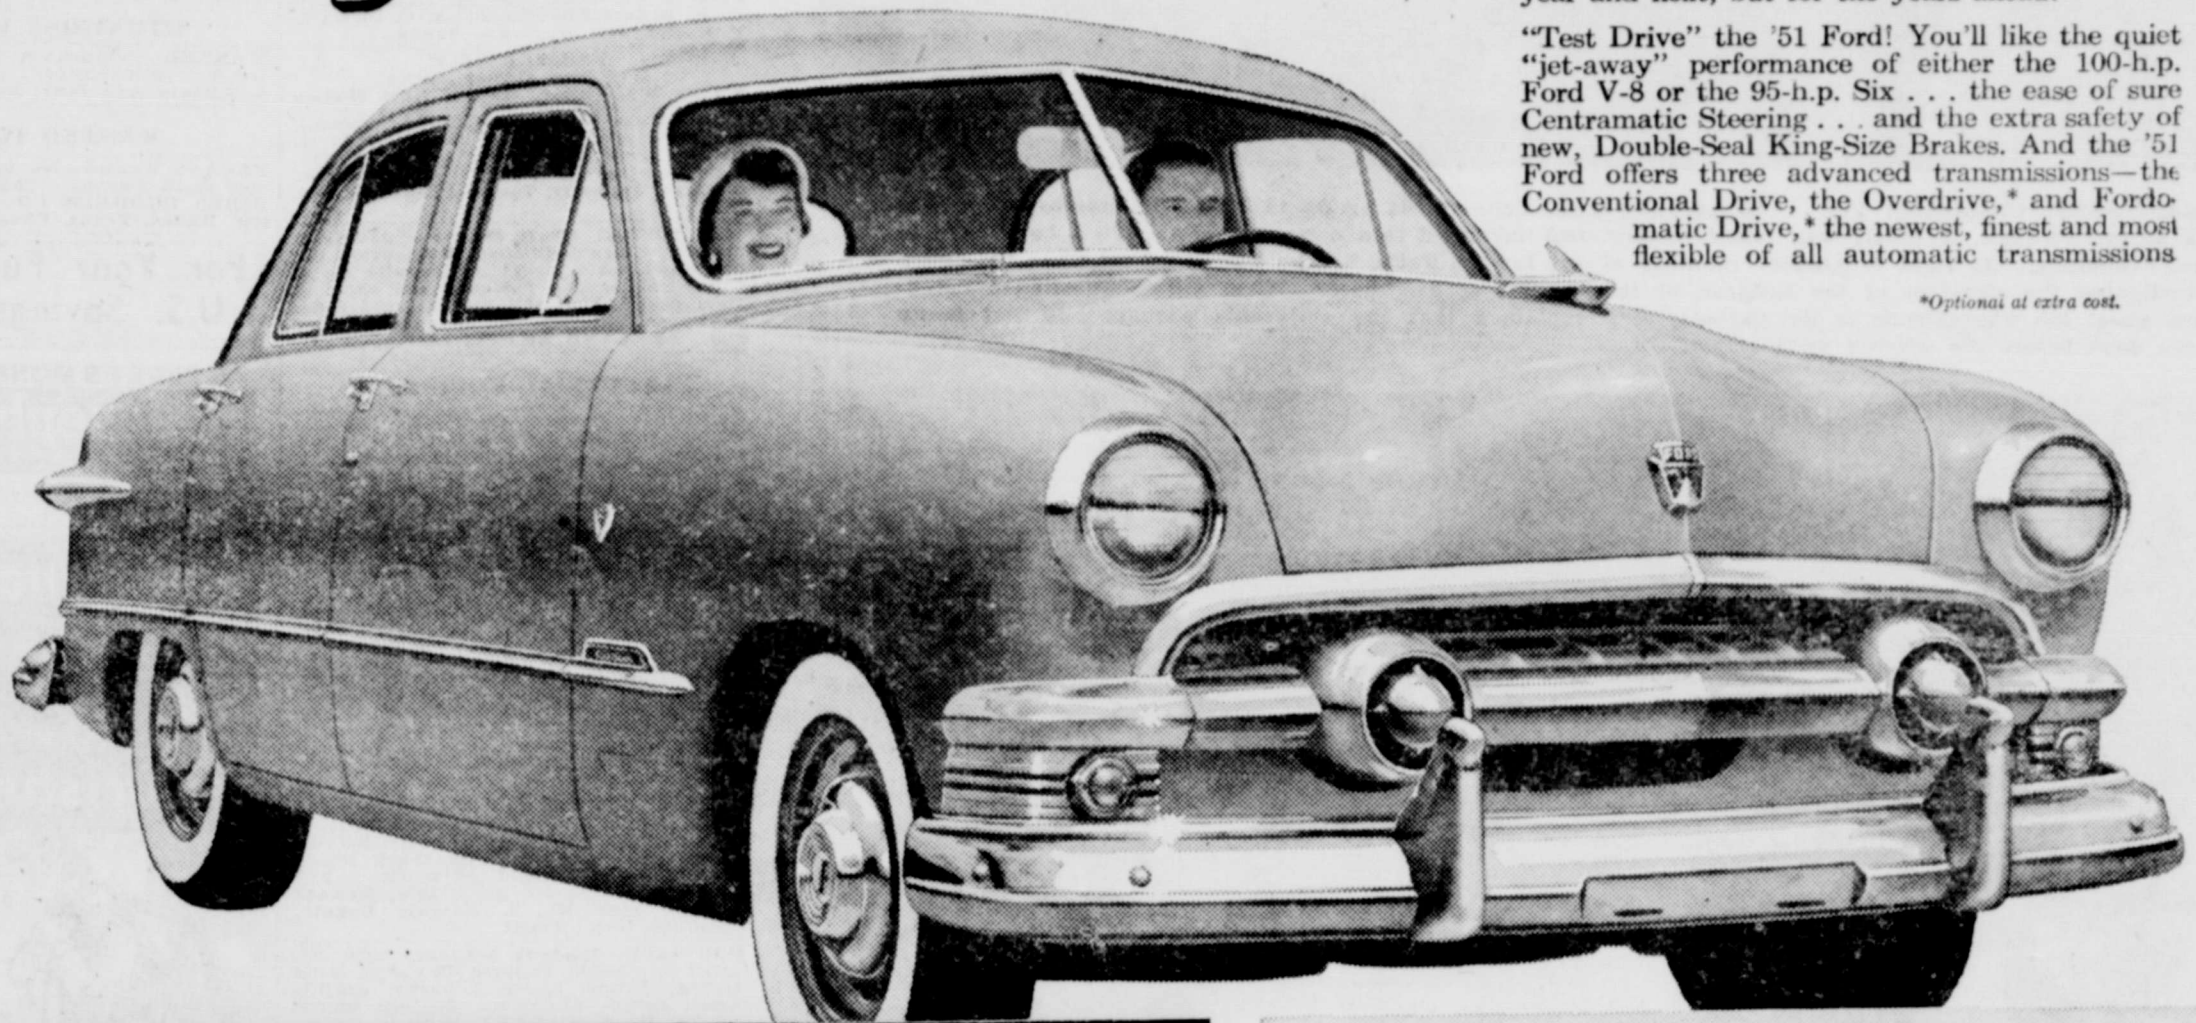

THE '51 FORD STEPS AHEAD... FOR THE YEARS AHEAD!

WITH 43 NEW "LOOK AHEAD" FEATURES

See It Today at your Ford Dealer's—the '51 Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features—engineered and built into the car not just for this year and next, but for the years ahead!

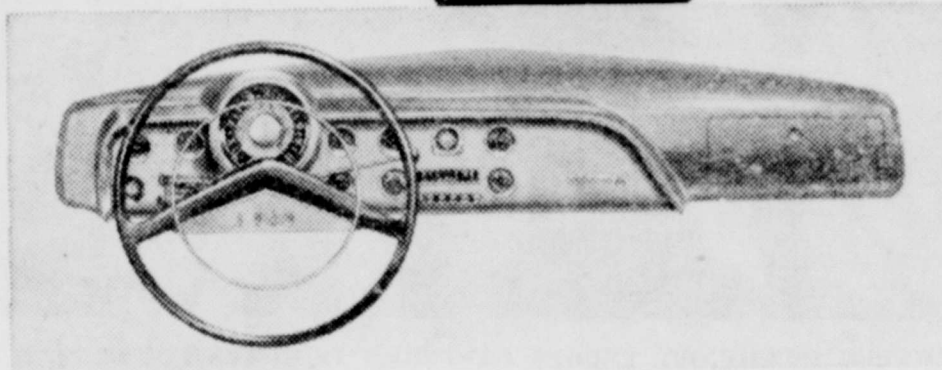

"Test Drive" the '51 Ford! You'll like the quiet "jet-away" performance of either the 100-h.p. Ford V-8 or the 95-h.p. Six... the ease of sure Centramatic Steering... and the extra safety of new, Double-Seal King-Size Brakes. And the '51 Ford offers three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest, finest and most flexible of all automatic transmissions.

*Optional at extra cost.

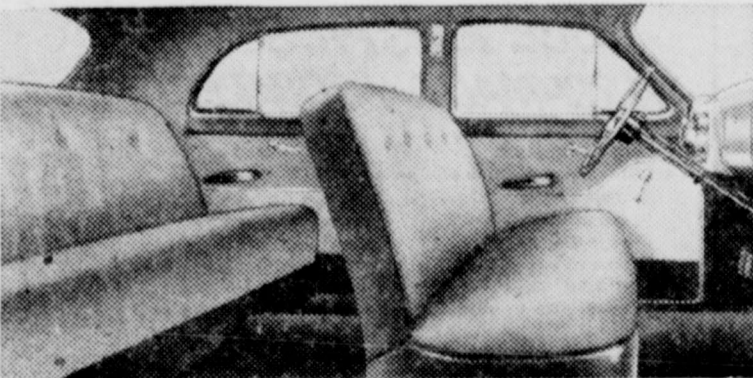

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjusts spring reaction to road conditions. Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension team with new "Viscous Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going is roughest.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

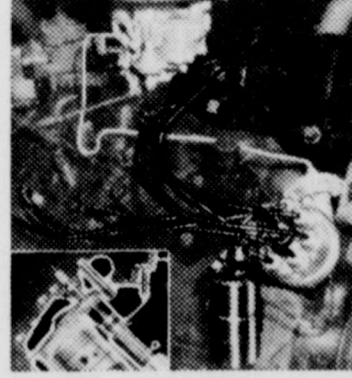

New "Safety Glow" Control Panel... The new design places all controls literally at the driver's finger tips. New "Chanalited" Instrument Cluster is easily visible at night without being distracting. New "Glow-Cup" Controls are individually illuminated... a Ford exclusive!

New "Luxury Lounge" Interior... with new long-wearing Fordcraft upholstery fabrics, new harmonizing appointments, smart new colors, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" Interiors are "decorator designed" for the years ahead. Interior colors and new Fordcraft Fabrics are "Color-Keyed" to outside body colors.

New Automatic Posture Control... moves front seat forward automatically at release of lever raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mileage Maker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

IVEY MOTOR COMPANY

ROBERT LEE, TEXAS

PROCLAIMS ASSUMPTION . . . Pope Pius XII reads papal bull on Assumption of Virgin Mary.

ABANDONED CHILDREN . . . Officer Raymond Pope kneels by David Boyle, 18 months, who, with his sister, Patricia, 3 (left), was found hungry and unclothed in a downpour of rain in a back yard in San Francisco. At right is another member of the family, Faith, 6, who was at school when the police investigated the situation of the children at the request of neighbors. When police questioned neighbors about the whereabouts of the parents, they explained that the children's parents had left home three days before the officers were called.

CHINESE COMMUNIST TROOPS CAPTURED IN KOREA . . . Lt. M. H. Allen, Spokane, Washington, and Lt. C. O. Grewe, Portland, Oregon, interrogate a group of prisoners at Hamhung, North Korea. This group was among the first of the Chinese Communist troops to be captured and taken into custody during the fighting in North Korea near the Manchurian border. Gen. Douglas MacArthur sent a strong note to the United Nations protesting the intervention of Communist China into the Korean conflict.

WHEN SUMMER TARRIED . . . Warm sun and sultry breezes dallied over some parts of the nation long enough to see November get a head start. Summer did a quick comeback in Atlantic city recently, bringing the air temperature up to 77 degrees and the water temperature to 63. Among those lured into the surf by November's impersonation of June were Janet March and Peggy Reeves, who are cavorting in the water here without showing a single goose pimple to indicate what's in the frosty offing.

GLOATING REBEL CHIEF . . . Pedro Albizu Campos, Puerto Rican Nationalist leader, defiantly gives his story to press after his arrest in San Juan. Full probe has been started into activities of this Harvard-educated rebel chief.

1951 Fords Go On Display Nov. 24

The 1951 Fords, featuring Fordomatic Drive, the new transmission, will be introduced in Ford dealerships throughout the nation Friday, Nov. 24.

"Ford cars for 1951 accomplish notable refinements in styling, beauty, engineering, riding qualities, economy, safety and ease of handling," L. D. Crusoe, vice-president and general manager of Ford Division, announced.

Addition of the new automatic device will make available to Ford buyers a choice of three transmissions and two engines—six

Robert Lee

different power combinations in all.

Both the conventional three-speed transmission and the Ford overdrive will continue to be available. These, with the new Fordomatic Drive, will be offered with either the 100-horsepower V8 or the improved 95-horsepower six engines.

Introduction of Fordomatic climaxes several years of intensive engineering research by the company to develop a fully automatic transmission that is simple to operate, economical, long wearing and easy to service. The device, which will be optional at extra cost, combines the advantages of a hydraulic torque converter and a planetary gear train to provide maximum performance and a smooth and economical flow of power.

The distinctive styling of the 1949 and 1950 models has been retained, but with refinements and improvements both in interiors and exteriors.

A lowered hood, a new dual-spinner grille and a wider, longer wrap-around bumper give a more massive appearance to the front end. Parking lights are restyled and larger chrome headlamp rims extend beyond the lenses. Added chrome and new, larger tail lamps add to the appearance of the rear end.

Rear deck lids on the new Fords have been counter balanced and are opened by a new key release lock. Springs then assist in raising the lid and hold it in the position.

The new models have a wide range of color combinations, and a choice of upholstery, headlinings and other interior trim to harmonize with body colors. The wide choice is a Ford exclusive in the low-price field.

The '51 "Safety Glow" instrument panel is completely new. A "Chanalited" instrument cluster adds safety and convenience, and the speedometer pointer has a glowing ring which encircles and illuminates the figure showing the speed. The instrument control knobs are mounted in depressed cups, each individually lighted.

SILVER NEWS

Bob Short, engineer at the gas plant, returned to work Monday morning after a week's vacation in Dallas with relatives and friends.

Spending the weekend here with the M. D. Millers were their daughter, and family of Lockett.

Mr. and Mrs. R. B. Allen left early Monday morning to attend the Farm Bureau State Convention at Minerals Wells from Nov. 20th through the 22nd.

Mr. and Mrs. C. G. Walker, Claudia and La Rue attended a birthday dinner and tea honoring Mrs. Walker's father, C. A. Ballard of Big Spring, on his 80th birthday on Nov. 12th. The affair was given by Mrs. W. K. Scuddy, another daughter, at her home in Garden City. Mr. Ballard's children were all present except one. His two sisters, one age 76 and one 78, were there. The Walker's daughter and family, the J. K. Eatons of Fort Worth, came here for a visit with her parents and attended the reunion also.

Ford Shropshire and family, of Post were visitors at the Church of Christ services Sunday morning. They were on their way to Robert Lee to visit his parents before moving to Oklahoma where he will serve as minister for a church there.

Mr. C. G. Walker returned Saturday from a week's vacation with relatives in his old home place, Jewett, Texas, and he returned by way of Gladewater and Longview for a visit with friends.

P.T.A. Notes

The Robert Lee Parents-Teachers association meeting Nov. 16 was featured by several selections by the Lakeview school band and the Robert Lee band directed by Mr. Charles Ludwig. The Rev. Ernest Stewart spoke on the subject, "Where Do Teen-Agers Get Their Standards?"

The finance committee announced that after nearly \$200 was deducted for expenses, the Halloween Carnival netted \$518 for the school. Two projects to be carried out with this money were approved by a vote. They include purchase of more books for the library and fencing off parts of the playground to protect children from the many cars that drive up to school.

Mrs. Fred McDonald, Jr., president, gave a short report on her impressions of the state PTA convention held recently at Mineral Wells.

A room count showed the sixth grade had the most parents present and won first prize of \$100. The fourth grade was second, winning 50c.

All parents are especially invited to attend the Christmas PTA meeting Dec. 21. Elementary grades will present the program and Mrs. J. D. McDaniel will speak on "Does Religion Make a Difference."

For Lease—Section of land 10 miles west of Robert Lee; has about 350 acres farm land. Will sign up to three-year lease at \$3 acre. Contact the owner, Mrs. J. D. Collier, 427 Spaulding, San Angelo, Phone 3734.

Personals

(Intended for last week)

Roland Coppin came from Roswell, New Mex., last Saturday to get his wife and son, Bruce, who had been visiting in the parental S. B. Plumlee home. Sammie Plumlee accompanied them to Roswell for a few weeks visit.

Mrs. Bill Craddock and children of Colorado City are here for a visit in the F. C. Clark home while the menfolks are hunting deer in Mason county.

Foy Dell Smith of Robert Lee recently enlisted in the Air Corps and is now training at Lackland AFB near San Antonio. He is the eldest son of Fred Smith.

A Want Ad Will Sell It

Mr. and Mrs. L. L. Scott of Lampasas came up Tuesday for a visit in the home of their son, Wilton, and family.

1950 Robert Lee High School Football Squad

We're Mighty Proud Of The Robert Lee Steers

A Great Football Team! - A Fine Group of Fellows!

The 1950 Steers have had a highly successful season—6 victories and 3 defeats. That's the best record Robert Lee has made since 1946. Competition

was tough but you were never defeated by more than one touchdown! A flock of injuries kept you from being District Champions.

TO THE SENIORS:

We are especially proud of these Seniors who will finish their High School football careers against Bronte on Thanksgiving

Day: Lofton, Sheppard, Kirkpatrick, Waymond Davis, Baker, Hamilton, Hood and Mauldin.

Folks You Know

Carl Maddoux, Robert Lee vocational ag teacher, accompanied by Billy Carwile, Elwood Snyder, Allen Sparks and Milburn Wink, attended a district FFA meeting in San Angelo last Thursday night. At that time a program of work was set up and rules established for the various district contests.

J. C. Jackson, who was drilling for Ray Harris in the Silver area, has gone to Scurry county where he is again employed by Baker & Taylor. The Jackson family have moved to Colorady City, having leased a residence at 628 East 17th St. Cloma Jackson, a high school sophomore, will remain in Robert Lee to complete the school year. She is residing with Mr. and Mrs. Vincent Hanna.

Mrs. J. C. Newton enjoyed a visit over the weekend from her daughters, Mrs. G. A. Beeman of Sweetwater and Mrs. R. C. Durrett of Panhandle. Mrs. Beeman was accompanied by her daughter, Mrs. C. H. Cartwright and son. Also present were Mrs. Durrett's daughters, Mrs. Bobby McGregor of Panhandle and Mrs. Neil Biayboy and Elaine of Amarillo.

Pecos, Kerrville, Junction, Snyder, San Angelo and Wingate were represented by visitors at the Northside Church of Christ Sunday morning.

G. B. Shelburne, Jr. of Kerrville spent Saturday night with the D. P. Keys. He is a son-in-law, having married the former Wilma Jean Key.

Mrs. John Hamilton has joined the Coke County Memorial Hospital staff as housekeeper. She succeeds Mrs. Otis Rabb, who recently resigned.

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B₁, B₂, Iron and Niacin.

Here is Mr. Goldsmith's statement:

"Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL Is So Different

Thousands are benefiting from HADACOL... whose systems lack Vitamins B₁, B₂, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

Distinctive new styling of both front and rear of the new 1951 Fords is shown in this photo of the Convertible and the Custom Club Coupe. The dual-spinner grille and longer, wrap-around bumpers give the front end a wider, more massive appearance and additional chrome and wider tail lights add to the rear end appearance. The 1951 models feature Fordomatic Drive, the new automatic transmission, as optional equipment.

Bake Fruit Cake Early to Ripen It
(See Recipes Below)

Holiday Desserts

IT MAY SEEM early to think of the holidays, but not if you're going to have fruit cakes and plum puddings on hand for the big feasts.

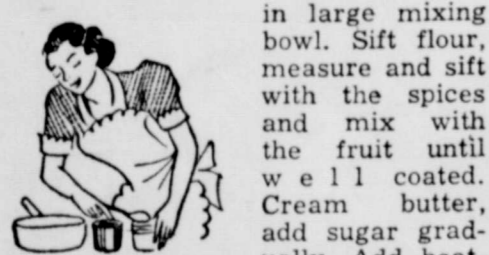

While you're making some for your own family, don't forget that festively wrapped puddings and fruit cakes make excellent gifts to fill in those spots on the list which are difficult, especially at the last minute. Rich in flavor and fruits, both cakes and puddings need time to ripen and mellow so they will taste their very best. Make them four to six weeks in advance, and dessert's ready and off your hands when time is at a premium.

PUT THE INGREDIENTS together the following day, steam and bake them at a leisurely pace, and you'll have them all out of the way by the time you want to start supper.

Dark Fruit Cake

- 12 eggs
- 4 cups sifted flour
- 2 cups fresh butter
- 1 pound brown sugar
- 2 pounds raisins
- 2 pounds currants
- 1 pound pecans
- 1 pound citron
- 1 pound almonds
- 1 teaspoon nutmeg
- 1 teaspoon mace
- 1 teaspoon cinnamon
- 1/4 cup lemon juice
- 1/4 cup canned peach juice
- 6-ounce glass jelly (black-berry, currant or grape)
- 1/2 cup cream

Wash and dry raisins and currants. Blanch almonds, drain and cut with pecans into quarters. Cut citron into thin slices. Place fruit

in large mixing bowl. Sift flour, measure and sift with the spices and mix with the fruit until well coated. Cream butter, add sugar gradually. Add beat-

en eggs and jelly. Next stir in the flour, nut and fruit mixture alternately with fruit juice first, then cream.

Line pans with heavy waxed paper and butter lightly. Fill pans almost to the top. Bake small loaf cakes for 3 to 3 1/2 hours at 275°.

Bake large loaf cakes 4 to 4 1/2 hours at 250°. The cakes will shrink from the edges when done.

Cool cakes on a wire rack, without removing the wax paper. When cool, wrap in heavy wax paper.

White Fruit Cake

- Makes 2 10-inch layers
- 1 pound white raisins
- 1 grated fresh coconut
- 1 pound crystallized cherries
- 1 pound crystallized pineapple
- 1/2 pound pitted dates
- 1/2 pound currants
- 1 pound pecan meats
- 1/2 pound Brazil nuts
- 1/2 pound blanched almonds
- 1/2 pound citron
- 1/4 pound candied lemon peel
- 1/4 pound candied orange peel
- 1 1/2 cups butter
- 2 cups sugar
- 1/4 teaspoon salt

LYNN CHAMBERS' MENU

- Old-Fashioned Beef Stew
- Fluffy Dumplings
- Green Salad
- Crusty Rolls
- Broiled Grapefruit
- Beverage

- 10 eggs, unbeaten
- 5 cups sifted all-purpose flour
- 1 cup orange juice

Weigh out fruits and nuts; chop into desired sizes. Cream butter. Add sugar gradually and beat until fluffy; add salt. Add eggs one at a time; beat well after each addition. Add half of flour to egg mixture and beat until smooth. Sprinkle remaining flour on fruits

and nuts, coating each piece. Add floured fruits, nuts and coconut to egg mixture; blend. Add orange juice and blend whole mixture

thoroughly. Pour into two well-greased 10x4-inch tube pans that have two layers of greased brown paper on bottom. Bake in a very slow oven (275°) for three hours.

Suet Plum Pudding

- Serves 8
- 2 eggs, beaten
- 3/4 cup sugar
- 2 cups suet, chopped
- 2 teaspoons nutmeg
- 1 1/2 teaspoons cloves
- 2 1/2 teaspoons cinnamon
- 1 teaspoon salt
- 1 cup dark molasses
- 2 cups raisins
- 2/3 cup figs
- 2/3 cup candied citron
- 1 cup nuts
- 1 teaspoon soda
- 2 cups sifted all-purpose flour
- 1/2 cup dry bread crumbs
- 1/2 cup buttermilk or sour milk
- 1/2 cup sweet milk

Combine eggs, add sugar, suet, spices, salt and molasses. Mix well. Add coarsely chopped fruits and nuts. Sift soda and flour onto bread crumbs; mix well. Add to first mixture alternately with sour and sweet milk. Turn into a two-quart greased pudding mold or two 1-pound coffee cans, filling 2/3 full; cover tightly. Steam in slow oven (250°) 2 1/2 to 3 hours. Serve with Hard Sauce.

Plum Pudding

- Serves 10-12
- 3/4 pound bread, crumbed
- 1 1/2 teaspoons salt
- 1/2 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1/4 teaspoon cloves
- 1 cup milk, scalded
- 1/2 cup brown sugar, firmly packed
- 4 eggs, well beaten
- 3/4 cup chopped dates
- 1 cup currants
- 1 1/2 cup raisins
- 1/2 cup chopped figs
- 1/2 cup finely chopped citron
- 1/4 cup finely chopped candied orange peel
- 1/4 cup finely chopped candied lemon peel
- 1/2 pound ground suet
- 1/4 cup orange juice

Combine crumbs, salt, spices, milk and sugar. Mix well and cool. Stir in eggs, fruits, fruit peels, suet and orange juice. Mix thoroughly. Pour into two greased quart molds; cover with lids or double thickness of waxed paper and steam four hours.

International Show Opens November 25

Cattle Class Prizes Largest Ever Offered

The 51st International Live Stock Exposition will be held this year in the International Amphitheatre at the Chicago stock yards from November 25 through December 2.

Increased prize money for the show should help to encourage the exhibition of top livestock from both the United States and Canada, exposition officials reported.

Prizes for all cattle classes will be \$61,370, the largest total ever

An international grand champion steer is shown above with owners, Cleo Yoder of Iowa, Henry W. Marshall, exposition chairman, and Dr. A. D. Weber who is slated to judge steers again this year.

offered. Many prize increases made in other breeds to mark the occasion of the golden jubilee show of 1949 are retained this year.

Dr. A. B. Weber, of Kansas State college, will judge the steers again this year. He is the only American to judge these classes since the exposition departed from the custom of having foreign judges two years ago.

Other features in connection with the international that have been familiar in the years since 1900 include the grain and hay show, recognized as the world's largest competitive showing of farm crops.

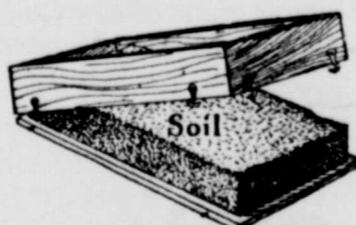

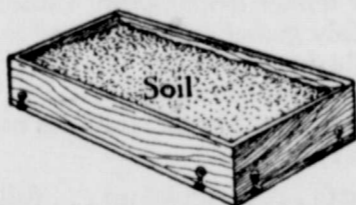

Farm Expenses Increased Five Fold in Past Decade

Farm expenses have increased almost five-fold over the past decade and not many farmers would care to return to the "good old days" of low expenses—if they had to accept the level of income that accompanied them.

This increase in cost of farm operation has been accompanied by some phenomenal changes in the composition of expenses. Machinery expense made up only 14 per cent of the total in 1935-39 while in 1947-49 it accounted for 21 per cent. Also, farmers are spending proportionately more for feed, fertilizer and crop expense than they spent 15 years ago.

These changes have been accompanied by a substantial increase in man labor efficiency on farms.

Improved Seed Flat

An idea that might be useful when growing next spring's plants is the seed box with removable sides as shown in the above illustration.

The sides are nailed together and attached to the bottom by means of hooks and screw-eyes. When the plants are large enough to be transplanted from the flat, the sides are unhooked and lifted up from the bottom, the soil with the plants in it remaining undisturbed on the bottom board. The plants are then easily separated and pulled up. When ready to use again, the sides are hooked to the bottom, and the flat filled with new soil. Very little root disturbance will result when the small plants are cut from the mass of soil with earth clinging to their roots.

Soil Conservation District News

Cotton Land Should Be Selected Carefully

FORT WORTH, Nov. 21, 1950. Louis P. Merrill, regional head of the Soil Conservation Service, has some timely suggestions for farmers who are considering expansion of their cotton acreage in 1951. Merrill fears that some farmers, with the lifting of government cotton restrictions, may undo much of the good conservation work they have accomplished unless they choose their cotton land wisely and take steps to protect it.

Here are Merrill's recommendations for the farmer planning to increase his cotton acreage:

1. Put cotton only on land that is suited to cotton. Cotton land should be productive enough for a profitable yield and not easily eroded.

2. Keep cotton off land where cotton root rot is common.

3. Think it over before plowing up good stands of grass. Farmers often net more from grass than from cotton, especially when they make full use of opportunities for grazing and seed harvesting.

In most areas, information on land suited to cotton is available, Merrill said. Landowners can make use of the help that soil conservation districts can give them in deciding what land can produce cotton profitably and without damage. In the plains areas of Texas and Oklahoma, nearly 5,000,000 acres of land now being cultivated are too shallow or unstable for cotton, a crop offering almost no resistance to the forces of erosion.

Legumes and other winter cover, planted immediately, would be worked into the soil next spring. These crops improve the soil, protect it against erosion during a danger period and offer winter grazing in addition to increasing the yields of the cotton crop that follows, Merrill said.

It is seldom wise to follow cotton with another crop of cotton, Merrill pointed out. However, when it is done, a legume cover between crops of cotton will help to control erosion, increase productivity and reduce cotton root rot.

Farmers have been getting more grass-conscious in recent years, the regional director said. More than 250,000 acres have been put in native grasses alone in Texas and Oklahoma during the last two years and still additional acreage in introduced grasses. On nearly all of this land grass for livestock is the safest and the most profitable use, and to plow up such plantings with the questionable prospect of a high cotton yield would be poor business, Merrill added.

Several grasses fit in well with rotations that include cotton, Merrill said. Some of these grasses

are blue panicum, weeping and sand lovegrass, King ranch Blue-stem.

Merrill also urges that farmers keep in mind the other practices that are useful in conservation farming. Planting cotton in alternate strips with tall growing crops such as grain sorghums is essential in helping to control wind erosion in sandy lands. Stubble mulching, contour cultivation and terracing help conserve moisture and prevent erosion.

Soil conservation districts can help farmers needing assistance in making decisions on what lands to plant to cotton and on how to use these lands to best advantage, Merrill said.

Ernest Bloodworth and J. Q. Varnadore are now employed at the Sheetrock factory in Sweetwater.

At Robins AF Base

Robins, Air Force Base, Ga., Nov. 3—A new comer to Robins AF Base in Georgia is Corporal Warren H. Taylor of Robert Lee, Texas. Before reporting to Robins, the corporal was stationed at Keesler Air Force Base in Mississippi.

Cpl. Taylor is the son of Mrs. Ted O'Bryant, 2708 Chestnut Ave., San Angelo, Texas.

Before entering the service Herbie attended high school at Robert Lee. He attended Aircraft Armament school from July to December 1946 and was overseas 13 months during 1948-49.

Mrs. Prudie Creech was honored with a family gathering Nov. 5 at her home in San Angelo. The event was planned as a surprise for Mrs. Creech in observance of her 64th birthday. Seven of her ten children were present with their families.

Household Hints

Save your soap scraps. Melt them to a paste and pour the paste into the soap dish above your kitchen sink. When it gets hard, you'll find it handy just to rub a wet dishcloth over it to make suds when you're washing dishes. It can be kept full all the time, and you're never bothered with a messy looking soap dish, either.

Make your own food chopper out of an empty baking powder can. Punch a couple of holes in the bottom, throw the lid away, turn the can upside down, and start chopping.

Cheerful Giver

Lesson for November 26, 1950

TAKE a good look at a piece of money. Let it be in any form at all; "hard money," "folding money," a check, a money order, scrip,—anything you can shove across a counter and buy something with. Let us say it is your own money, and that you earned it yourself. Just take a look at that piece of cash. Do you recognize it? You should; for it is nothing less than a piece of your own life.

Dr. Foreman

Money is Life
YOU got rid of something quite valuable to get hold of that piece of money. Time, certainly; you are poorer than you were 24 hours ago, poorer in time, for you have 24 hours less to live than you had then. But you are richer in money, for you did not have this money then, if it is the return for your work during that time. You lost time but you gained money; in other words the money represents time, which in turn spells life.

Look at it in another way: You put out a certain amount of energy for this bit of money. You plowed a field or you raised some chickens or you laid some pipe or you taught some children or you sold a bill of goods. Whatever you did to earn the money, it tired you a bit. You put out the work, — and the money came back to you. Money is time, money is energy. Furthermore, money is knowledge.

Why is a skilled workman paid more than an unskilled one? Not because he works harder or sweats more. He is paid more because his work is better, and his work is better because he knows more. Now, what would life be without time, energy or knowledge? Not much!

Life Comes from God
AMONG the many differences between a Christian and a non-Christian is this: the Christian knows too much to say, "My life is my own, to do with as I please." Consider those three elements of life: time, energy, knowledge. Time itself is certainly God's gift, the Creator's gift. None of us can make a moment of it. We can accept it, use it; or we can waste it; but it was given in either case.

Energy cannot be created by you or me. Each of us has a certain (and a different) amount; we inherit it, we are endowed with it; but only God in the long run is the source of energy. To make a long story short, life is God's gift, not our creation.

Now if that is true it is also true that our money is also, just as much as life itself, ours only as a trust from God.

Stewardship
"STEWARDSHIP" is the word which recognizes God's right in our lives; it is the word which describes the principle of life for those who honor God as source of all they are and have. When the proverb-writer says, "Honor God with thy substance," he has just said, "in all thy ways acknowledge him." No man is likely to do what is right with his money who habitually does wrong with his life.

Now there are two principles brought out in our Scripture about stewardship of money in particular. One is this: God looks on what we have, not on what we haven't. A widow who gives one tiny coin, if that is all she has, is more generous than a millionaire who has just given half a million to Charity. Second is the principle of willingness. The Lord loves a cheerful giver. Sour givers, regretful givers, stingy givers, no. But the Lord does love the man who gives with a smile.

It isn't how much you give, it isn't the fact that you give, it's HOW you give. Is your heart generous in the first place?

Modern Medicine Studies Old Witch Doctor Cures

NEW YORK, N.Y.—His face grotesquely painted, his gourd rattles beating, the tribal medicine man's antics may be just a lot of mumbo jumbo to the casual observer. To modern medical researchers, however, this weird artist of healing has a lot to contribute.

They know there is still much to be learned from the medicine man.

In their efforts to catch up with the hidden knowledge of medicine men, many modern laboratories have "gone native." At Western Reserve university, navy scientists are experimenting with over 1,000 plants which have been used by Indian witch doctors. Some of the results may make medical

history. One herb, possibly the most remarkable so far, has totally neutralized the virus of polio in experimental cultures. This substance is now being tested on animals.

Product of no modern laboratory, quinine, one of the most precious of all drugs, came to us from the primitive medicine men of South American Indian tribes who first used the bark of the cinchona tree to relieve fever.

The American Indian used the foxglove plant, source of digitalis, for heart ailments long before the white man came along.

Knew of Aspirin
Centuries before aspirin was produced by western science

South African and American Indian witch doctors administered willow bark to patients suffering from aching joints. And willow bark contains the salicylate which gives our aspirin its pain killing properties.

Dr. Erwin H. Ackerknecht of the University of Wisconsin medical school recently pointed out that, until the discovery of the sulfa drugs, only one specific remedy—Dr. Paul Ehrlich's salvarsan—had been man-made in the modern laboratory. Measure this against the achievements of the witch doctors who gave quinine, ipecac, emetine, curare, picrotoxin, ephedrine, cascara sagrada and countless other remedies.

Baylor U Makes Excellent Gains

WACO, Texas, Nov. 21—President W. R. White of Baylor University told Texas Baptists in Fort Worth that Baylor assets in three cities now total \$25,000,000. It is an increase of \$3,000,000 over a year ago, he said.

In its annual report to the Baptist General Convention of Texas, meeting at Fort Worth, the Baptist school also reported gains along other lines. The 5,182 regular students at Waco, 241 dental students at Dallas, 154 nursing students at Dallas, and 343 medical students at Houston make a total of 5,920 enrolled in the various branches this Fall, he said.

Most rapid growth has been noted in the university's graduate

school at Waco, which has enrolled 504 students this Fall.

"Baylor is a fountain out of which come other institutions of higher learning and elements that have gone into the whole fabric of education in Texas," Dr. White declared in referring to Baylor's 106-year history.

"Baylor has a spirit which is a mosaic of good things, old and new. She is old enough to have achieved a ripened maturity. She is progressive enough to have all the up-to-dateness of a great modern university."

Baylor's buildings and campuses in the three cities are valued at \$18,500,000, Dr. White told the Baptists. This will be increased further with completion of the Truett Memorial Hospital, an addition to Baylor Hospital at Dallas, and of the Armstrong-Browning Library at Waco.

Endowment stands at slightly less than \$5,000,000, he reported, adding that this figure is far from being adequate for safe financial operation of the school. That it is growing however is indicated by the fact that this year's figure is an increase of \$893,000 over last year.

Sunshine 4-H Club

The Sunshine 4-H club girls met Wednesday, Nov. 15, with their leader, Zona Mae King. Sue Henson was elected secretary to succeed Carolyn Childress who resigned. Joe Frances Box and Virginia Jones were elected song leaders. The club discussed having a Christmas Party but did not draw names.

Folks You Know

E. C. (Doo-Dad) Davis has been doing some contract painting on a group of city owned housing units at McCamey. His crew includes G. E. Davis, Martin Casey, Bill Wallace, Linzy McDorman and Orvil Childress.

Guests over the weekend in the home of Mrs. Otis Rabb were her son, Wilfred, of Odessa, and her daughter, Mrs. Garland Morris, and two children of Abilene. The latter's son, Jimmie, remained for a week's visit with his grand mother.

Personals

Mr. and Mrs. C. S. Schooley and daughter, Rheba June, of Ft. Worth enjoyed a recent visit with their daughter and family, the T. W. Caseys. Also Mrs. Schooley's mother, Mrs. S. M. Lewis, and other relatives.

Howard Parker of Eldorado and his friend, Miss Ruth Sparks of Ozona, were weekend guests in the Vincent Hanna home.

Bob Davis of McCamey came to Robert Lee Saturday on matters concerning administration of the estate of the late Mrs. B. E. Davis-Gilbert. Bob is executor of the estate, the bulk of which was left to the Methodist childrens home at Waco. Mr. Davis says he likes his new position of city secretary manager at McCamey.

Mr. and Mrs. O. E. Duke and daughter, Joyce, of San Angelo were here for a Sunday visit with relatives and friends. Mrs. E. G. Martin and little son accompanied them.
