## Marine Recruiter To Be Here Saturday

A United States Marine Corps recruiter, S-Sgt. Jack Harmon, in charge of the San Angelo Marine Corps recruiting office, will visit Robert Lee at the post office during working hours on Saturday, Feb. 10, to interview young men and women for service with the Marine Corps.

S-Sgt. Harmon has announced in advance that men between the ages of 17 to 29 years with no prior military service are eligible to enlist. The 17-year olds must be able to obtain consent of their parents or guardians. Men 18 years old, upwards, registered with the draft, need only to show their draft registration card in lieu of consent papers. All such men must be able to show birth certificates.

Military veterans, who had more than six months' service in any branch outside the Marine Corps, and were honorably discharged can reenlist in special grade. Likewise, special consideration of grade is given former Marines when they reenlist.

There are three types of enlistments now open. There is the three-year regular enlistment, the four-year regular enlistment and the "duration" enlistment in the reserve where the reserve is handled just as a regular. Men with dependents are now eligible to volunteer.

Applications are now being accepted from women for service with the Marine Corps. They must be between the ages of 18-29 years old, single, high school graduates, and in good standing in their community.

## John Harvey Chosen President of BCD

Improvement of local and long distance telephone service is one of the first projects which the Robert Lee Board of community development will tackle this year.

Numerous complaints of poor phone service were voiced at the BCD luncheon meeting Wednesday at Hazel's Cafe. It was the first meeting after a lapse of several months and the following officers were elected:

President—John Harvey  
Vice-president—W. D. McAdams  
Secy.—treas.—Victor Wojtek  
Directors—Fern Havins, Wilton Scott, Sid Ferrell, B. C. Goodwin and A. J. Bilbo.

The new president announced that a meeting of the official board would be called in the near future to outline plans for the year. Harvey said he would like to have members submit their proposed projects as soon as possible, and then the board would decide which would have first consideration.

Mr. Harvey appointed Judge Jeff Dean, T. A. Richardson and B. C. Goodwin as a committee to begin an investigation of the telephone matter.

W. D. McAdams, local manager for West Texas Utilities Co., read a communication from his company setting forth scarcity of materials which may be needed for new construction work.

County Agent T. B. Hicks asked cooperation for the Annual Junior Livestock Show to be held in Robert Lee Feb. 27.

The next meeting will be held Monday, Feb. 19.

Patty and Dixie Taylor Kenneth Lackey and Jack Snead returned to Austin the end of the week to resume their studies at the State University. They enjoyed a few days vacation at home between semesters.

Mrs. Gilford Lord and children, Otis and Katherine, returned yesterday from Dallas where they spent several days with Mr. and Mrs. Frank Lord. The latter is employed in the Chance-Vought factory.

Paul Brown of San Angelo is reported much improved. He has been ill with a heart ailment at St. John's hospital.

## Notes From The Oil Field

T. W. Murray No. 1 Fred Roe, wildcat six miles northwest of Robert Lee, is being plugged and abandoned after reaching a depth of 6,850 feet in the Ellenburger.

Mr. Roe says his lease calls for at least two wells to be drilled on his land. It is not known whether or not a second location will be staked at once.

Hunt Oil Co. No. 1 Frank McCabe, wildcat eight miles southwest of Robert Lee, was drilling Thursday at 4,560 feet in shale and lime streaks.

## Services at Midland For Fred C. Asher, 50

Funeral services for Fred C. Asher, well known Sun Oil Co. employee, were conducted at 3 o'clock last Friday afternoon in Midland and burial was in the Midland cemetery.

Pall bearers included John Brown of Robert Lee, G. B. Gebhart, W. A. Preston and C. A. Ramsey of Silver, Leroy Sims of Colorado City and Jack Bailey of Midland.

Mr. Asher died at 2 a. m. Feb. 1 at his home in Sun Camp near Snyder. Death was caused by a heart attack. He had consulted a physician the previous day but his condition was not considered critical. He was stricken after midnight and passed away before a doctor arrived.

He was born at Milsap, Texas, in 1900 and had been employed by Sun since 1929. Fred was transferred to the Jameson field at Silver in the fall of 1947 and served in the capacity of foreman during the period of its big oil development.

He and his family took an active part in social and civic affairs and Fred served as president of the school board. He was a member of the Hayrick Masonic Lodge in Robert Lee.

Last fall he was transferred to Sun's new field near Snyder. He had a host of Coke county friends in and out of the oil field.

Surviving are his wife, Grace, three sons, Don and Richard of Snyder, and J. B. of Houston. Other survivors are two brothers, Emmitt Asher of McCamey and William Asher of Hobbs, N. Mex.; a sister, Mrs. Henry Ford of Abilene, and his father, James Asher of Abilene.

Fun loving sport fans are promised a field day of hilarious entertainment when the Ralph Godfrey Donkeys, from Crescent, Okla., return for their third visit to Robert Lee.

A big program has been arranged and in addition to the main event, "Donkey Basketball," a preliminary stunt, known as a "Hobby Donkey Derby," and a trick mule act between quarters will be presented to round out a full evening of fun.

The main event will see Bronte Independents vs. Robert Lee Independents in a donkey ball game.

Sponsor of the show is the Senior Class and the big event takes place at the high school gym Friday night, Feb. 16, starting at 7 o'clock.

Prices of admission will be 25c and 50c.

## Wildcat Started On M. L. Leddy Ranch

Mizel Bros. of Tulsa will drill a wildcat 10 miles southwest of Robert Lee on a farmout from Southern Minerals, which owns a large block of leases in that area.

Projected to 6,900 feet, No. 1 M. L. Leddy will be 660 feet out of the southwest corner of the southeastern quarter of Section 11, block Z, D&SERR Survey.

Warren & Bradshaw has the drilling contract and is rigging up rotary equipment. Buster Parish is handling tools.

The project will be 2 1/2 miles southwest of Hunt No. 1 Frank McCabe, where drilling operations are now under way. It will also be 1 3/4 miles southeast of Southern Minerals No. 1 Fred McCabe, 7,355-foot Ellenburger failure, and 2 miles northwest of March Ranch 7,452-foot Ellenburger failure.

Rumor is that two more tests are to be made in that area on Southern Minerals farmouts.

Mrs. Sam Jay has been very ill at her home this week.

## LEEPER RE-OPENS STORE

Palmer Leeper is pretty well recovered from several months of illness and will re-open his hardware store in Robert Lee on Friday of this week. He will have a big shipment of new merchandise on display.

## APPROACHING WEDDING

Mrs. Robert McGuire of Lubbock came down for a weekend visit with Robert Lee relatives. She was happy to greet her nephew, Charles Bessent, who arrived from Fort Hood for a brief visit in the home of his parents, Mr. and Mrs. C. W. Bessent.

## Second Producer For Jim McCutchen

Union Oil Co. of California No. 4 Jim McCutchen, three miles east of Robert Lee, was completed this week for a potential 24 hour flow of 275 barrels of oil. The well made 92 barrels in seven hours Wednesday night. There was lots of oil but not too much pressure.

No. 4 McCutchen topped the pay (Cisco sand) at 3,965 feet and drilled to a total depth of 3,985 feet. On a drillstem test it flowed 35 barrels of oil per hour.

A pay section 3,965-80 feet was perforated with four shots per foot. No. 4 McCutchen ran 7 feet higher than No. 3 completed a month ago. It is one location south of the No. 1 McCutchen failure drilled by Uniou in 1948.

No. 5 McCutchen has been staked a quarter mile south of No. 4 and Morgan Drilling Co. was moving rig to the new location yesterday.

Jerald Ivey, who is stationed at Fort Sill, Oklahoma, enjoyed a weekend visit with his parents, Mr. and Mrs. Buck Ivey. He made the trip with a buddy from San Angelo.

Mrs. Otis Rabb was called to Odessa early last week by the illness of her son, Wilfred, who contracted pneumonia. He was released from the hospital Sunday and returned to Robert Lee with his mother to recuperate.

Mrs. Wilton Scott underwent surgery Wednesday morning at Shannon hospital in San Angelo. Latest reports indicate her condition is good.

Wallace Ross is now in radio school at Keister Field in Mississippi. He enlisted in the Air Force two months ago and is a son of Mr. and Mrs. Roy P. Ross.

## Officials of UCRA At Austin Hearing

Representatives of the Upper Colorado River Authority were in Austin Monday when they appeared at a water hearing.

The matter for consideration was application of the Odessa-Big Spring-Snyder Municipal Group to change the site of their proposed dam further upstream.

Since previous approval had been given by UCRA for the group to impound 30,000 acre feet of water at a point in Mitchell county, there were no objections to moving the damsite on up into Scurry county.

Making the trip to Austin as representatives of the UCRA were L. T. Youngblood, president; G. C. Allen, secretary, and Cumbie Ivey, director.

## County's West Side Lags In Donations To March of Dimes

Coke county contributions to the March of Dimes had climbed to \$1,700 yesterday, with the campaign remaining open for a few days longer.

Bronte and the east half of the county have raised \$1,000, but Robert Lee and the west half are lagging behind with only \$700. Mrs. Hugh Lewis, Jr., in charge of the drive for the west side, does not have all her reports in.

Funds have not been turned in by the Robert Lee schools, and nothing has been reported from Sanco and the Friendship Home Demonstration club.

Silver responded in its usual excellent manner with \$210. Mrs. Elmo Hargis, in charge of solicitations there, did fine work and made a thorough canvass of the community. A dance in Sun's recreation hall netted \$100 for the March of Dimes.

Mrs. J. T. Thetford turned in \$45 from Edith and Mrs. Mark Chumley reported \$26 from Divide.

Mrs. Lewis says she has just about completed a canvass of Robert Lee business firms. The local campaign was given a fine boost with a \$50 contribution from Cragin Lumber Company.

It is apparent that a number of folks have not yet helped in this worthy cause. They should do so at once, and not wait to be contacted personally. Leave your check at Bilbo Drug Store.

## School Board Holds Monthly Meeting

Wilson Bryan, vice president, presided at the regular monthly meeting of the Robert Lee Independent School District Monday night during the absence of Frank McCabe, who is undergoing hospital treatment.

P. E. Webb, grade school principal, was reelected and given a two-year contract.

Trustees voted to construct a new tile building next summer to provide a class room and shop for vocational ag classes and a football dressing room. The structure is to be located north of the home making building.

The large army barracks building will be converted into a lunch room and the present lunch room is to be used for the band next year.

Supt. Goodwin reports no serious damage to school house plumbing during last week's freezing weather.

School was dismissed four days because of the cold and trustees discussed the matter of making up some of the time on Saturdays. In case an Easter vacation is abandoned, it will still be possible for the school term to end Friday, May 25, Supt. Goodwin said.

The closing date had been set for May 23, and the Seniors were planning to leave on their trip the following day. Supt. Goodwin added that there would be no objection to holding classes on a few Saturdays if there was assurance that attendance would not fall off on those days.

State aid is based entirely on average daily attendance, hence school administrators keep a strict check on this angle.

## Independent Oil Men Set Meeting For Colorado City

Oil men of the Colorado City area are about to complete plans for a district meeting of the Independent Petroleum Association of America to be held Saturday, February 24.

R. T. Dockery, independent oil man of Colorado City and IPAA vice chairman for that city, announced plans for the meeting that is expected to draw attention of oil men from all of the Permian Basin.

Several speakers, prominent in the petroleum industry, are scheduled to attend, Dockery said. The meeting will be held in the Junior High School auditorium at 8:00 p. m. February 24.

Dockery, a long-time oil man, has been active in the Permian Basin and the independent industry for 15 years. However, he did not settle in this area until after some 30 years experience in the Ranger, Breckenridge, Mexia, Sharon Ridge and Scurry County

fields. Dockery said that like many other oil men he has eaten chili when, "he really could have relished a T-bone steak".

Of particular interest to local oil men will be a discussion of pertinent questions vital to all oil and gas producers. Some 300 IPAA members and guests are expected to attend the meeting, including local IPAA vice presidents and vice chairman.

"Problems affecting all members of the oil fraternity will be given attention," Dockery said. He added, "Critical days are ahead for the nation and our oil facilities must be prepared for whatever emergencies must be met."

Mrs. Erven Escue is employed as clerk in the County Agent's office this month while Mary Jo Harmon is on vacation.

## Pvt. Joe Rabb, Jr. Killed In Training At Ft. Riley, Kans.

Sympathy of their many Coke county friends is extended to Mr. and Mrs. Joe P. Rabb of Fort Worth in the recent death of their only son, Joe T. Rabb. The young man was killed during army training maneuvers Jan. 25 at Fort Riley, Kans.

The body was returned to Fort Worth for burial. Among those from this area who attended the funeral were T. T. Rabb and Paul of San Angelo, Wilfred Rabb of Odessa, Carlos Rabb of Roswell, New Mex., Mr. and Mrs. Charlie Coulson of Sterling City and Mr. and Mrs. Ira L. Watkins and daughters of Garden City.

The youth's father was raised in the Robert Lee community and for more

than 20 years has lived in Fort Worth where he is employed in the T & P shops.

An account of the tragedy is reprinted from the Fort Worth Star-Telegram, as follows:

Recruit Joe T. Rabb, 21, son of Mr. and Mrs. Joe Price Rabb of 3421 Ave. E., was killed Thursday at Fort Riley, Kansas, during a squad firing exercise.

Young Rabb, who had been accepted for officers training school, was on maneuvers and was taking part in a close combat exercise involving the firing of live ammunition when he was hit in the head by a .30 caliber bullet from an automatic rifle.

He was a senior chemical engineering major at Texas A&M when he went into the Army Nov. 18.

An active participant in ROTC when he was in high school, Rabb was city-wide colonel in 1946, his senior year at

Polytechnic High. He also belonged to DeMolay.

Survivors in addition to his parents are his grandmother, Mrs. J. C. Rabb of San Angelo; grandfather, J. F. Tull of San Antonio; an aunt, Mrs. C. T. Hubbard of Fort Worth, and two cousins, Fain Hubbard of Fort Worth and Thomas Hubbard of San Antonio.

His body will be sent to Fort Worth for funeral services. Arrangements are incomplete at Meissner Funeral Home.

### FIREMEN'S AUXILIARY

The Firemen's Auxiliary held its regular business meeting Monday night, with a good attendance. Plans were discussed for a Needy Chest to be used in emergencies. A committee to be in charge of the next Social Night includes Mesdames Robbie Turner, Katherine Patterson and Gladys Strickland.

## The More He BREAKS The More He MAKES

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.\*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in over-loading.

\*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.\*

**Murtishaw In Korea**

Sgt. 1st Class Floyd R. Murtishaw of Bronte, who is fighting with the U. S. Forces in Korea, writes home folks that he is well and doing all right. He is a son of Mr. and Mrs. Claude Murtishaw.

Floyd had been stationed in Japan from June 1948 until he was sent to Korea at the outbreak of hostilities last July.

His little daughter, Myrna Loy, resides in Robert Lee with her grandparents, the Ben Boykins. He especially expressed the wish that he could hear from her.

Floyd was deeply grieved over the loss of the Eighth Army's beloved commander, Gen. Walton Walker. Murtishaw's infantry division is a part of the famed Eighth Army which is fighting against such great odds and faces grave peril at this time in Korea.

Frankie Percifull and Royce Smith have been notified of their induction deferment until next summer, and both will continue studies at San Angelo College. They recently passed physical examinations at Abilene.
