EXPANSION OF SUN GAS PLANT NOW FINISHED

"Expansion in 1953 made natural gas processing plant at Jameson Field the largest gas plant operated by Sun."—Reprint from Sun Oil Company's Annual Report for 1953.

Sun Oil Company completed on April 1 an important expansion of its Jameson natural gas plant in northwest Coke County near Silver, boosting gas handling capacity to 50,000,000 cubic feet daily.

The plant extracts liquids from about 25,000,000 cubic feet of gas a day. All other gas, plus residue gas from that processed, minus 10,000,000 cubic feet sold to Lone Star Gas Co., is cycled back into the producing formation.

Production is currently running 40,000 gallons of natural gasoline and 50,000 gallons of liquid petroleum gas daily.

Actually, the plant has been undergoing steady expansion since it was first constructed in 1948. Initial plans called for installation of two compressor units and for gas handling capacity of 6,600,000 cubic feet daily. Before these units were installed, another was added. Then two more were installed in 1950.

In 1951 a two-stage gathering system was installed. Another 350 h.p. super-charged compressor was added in 1952 and the other five units supercharged auxiliary blowers. Three more of the same size supercharged compressors have been added in the most recent expansion phase.

Gasoline Plant (Construction) of Houston had the labor contract and spent 21 months on the project. Horace Murphy was superintendent for the contractor and Jack Bungess was Sun's construction engineer. Employment for many local men was provided during the period.

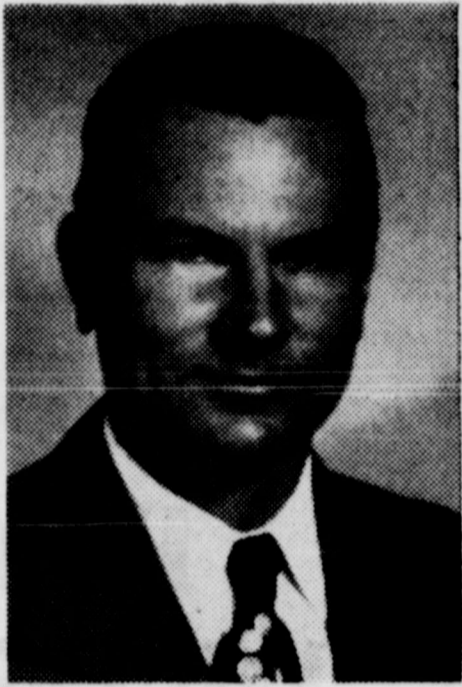

John Walke, chief engineer in Sun's gas department at Dallas, says it is entirely possible that the plant is not through growing. One of the biggest factors in its growth, he said, has been the rapid development of Strawn and pay in the area. Strawn production is still spreading and enormous new field is extending several miles south and west of the Colorado River at Silver.

Sun has begun the construction of a small compressor station three miles north of Silver in the Victor McCabe lease in Mitchell county. It will have 300 h.p. compressor units and will extract gas from the McCabe and S. Anderson wells back into formation. No liquids will be extracted. Jack Bungess is in charge of the project.

Sun is also constructing a mill re-pressuring plant for the gas in the Lake Trammell field, south of Sweetwater. The Sun Co. of Houston has the tract.

During the past year Sun added another compressor unit to its mill in the Millican field west of Edith. This is also strictly a re-pressuring project and no liquids are extracted.

L. Carwile has been reported as seriously ill this week at home in Sanco.

WILSON BRYAN

School Board Names Bryan New President

New president of the Robert Lee school board is Wilson Bryan. His election took place at a special meeting last Thursday night. A. V. Sheppard served as board president last year.

Bryan Gartman was re-elected vice president and Jack Cowley is the new secretary.

With Messrs. Bryan and Gartman were re-elected trustees earlier this month.

YOUTH REVIVAL

The Robert Lee Methodist Church announces a Youth Sponsored Revival to start Easter Sunday and continue through the following week. The Rev. Charles Kelly, young Methodist minister of Texline, will do the preaching starting Monday night, April 19. A banquet honoring the youth of the church will be served Monday night by the mothers and church ladies. Services during the week will be at 7 a. m. and 7:30 p. m.

Mr. and Mrs. Herman Patterson and family of Big Spring visited Sunday in the home of Mr. and Mrs. Bob Patterson.

Mr. and Mrs. Don Smith and sons of San Angelo and Mr. and Mrs. Finis Millican spent Sunday in the home of Mr. and Mrs. P. W. Millican.

Public Invited To Sunrise Service At Weaver Ranch

Arrangements are complete for the annual Easter Sunrise Service to be held Sunday morning at 6 o'clock on the mountain top at the Weaver Ranch, 10 miles south of Robert Lee.

The community sponsored service is becoming more popular each year. In case of bad weather the program will be held under cover at the Weaver ranch house.

The Rev. Fred J. Brucks of San Angelo will be the speaker. There will be a community choir and music by the Robert Lee School Band.

Mr. and Mrs. Weaver extend a most cordial welcome to not only their many friends in Robert Lee, San Angelo and vicinity, but to the public also.

Doughnuts, coffee, cakes and cinnamon rolls will be served in their home after the Easter Sunrise Services.

Cancer Society To Open Crusade Here Saturday

For the first time Coke County this year is taking part in the American Cancer Society's Crusade. Officials of the county chapter met in Bronte Monday night and outlined plans.

Purpose of the Crusade is to bring information on cancer to everyone and also raise funds to carry on the Society's wonderful work. The American Cancer Society strikes back at the disease in three main ways; through research in more than a score of fields, by public and professional education and by service to cancer patients.

Any final answer about the cause and complete means of control of cancer will come from scientific research, to which the American Cancer Society has devoted more than 29 million dollars since 1942. Some 1,800 scientists, including many in Texas, are at work on the problem and their work already has made cancer cures possible that were not possible ten years ago.

The Society's program is carried on entirely through voluntary contributions. Sixty per cent of the money contributed to the Cancer Crusade stays in Texas to carry on a year-around program of education and service. Coke County's quota is \$400.

The Crusade in Robert Lee opens Saturday when the committee holds "open house" in the Looney building. During the afternoon and night the public is invited to call. Refreshments will be served free to adults and literature will be distributed.

In charge of the Crusade here are Mrs. Howard Eaton, the Rev. James C. Shipman and Miss Kay Reeder. A. J. Kirkpatrick is county chairman.

The committee is hoping to have a number of volunteer workers who will devote a small amount of time to the Crusade during the next week. Donations of pies and cakes to be served Saturday are also needed. Anyone desiring to help with this worthy cause is requested to contact Mrs. Eaton.

MRS. GREENLAND DIES

Mrs. Mary Greenland, 79, of Miles died enroute to a San Angelo hospital Sunday at 6:50 a. m. She owned considerable ranch land southeast of Robert Lee which is operated by Bert Blaylock.

Mr. and Mrs. Gary Simpson were in Robert Lee over the weekend. They are moving to San Angelo from Odessa. Gary will be employed by the Rowan Drilling Co. at Eldorado.

COKE COUNTY PLAYBOYS

Chester Derrick and his Coke County Playboys will give an entertainment next Thursday, April 22 at the Robert Lee school auditorium. The entertainers include Richard Beck, violinist, and Mule Creek Minnie. There will be lots of music and songs and good, clean entertainment. Program starts at 7:30 and admission prices will be 25c and 50c. The event is being sponsored by the Senior Class of Robert Lee High School.

TWISTERS LOSE OPENING GAME TO RED HORSES

Robert Lee's Rabbit Twisters were defeated 3 to 0 by the Magnolia Red Horses in their opening Concho Basin League game last Sunday at the Randolph Street diamond in San Angelo. The Twisters didn't look too good and were woefully weak on the offense. They were unable to solve the delivery of Emil Jost on the mound for Magnolia, and failed to get a safe blow until the seventh frame when Ronnie Baker slammed a double between left and center field. Clarence Tinkler, singled in the eighth and John Conley blasted a two-bagger over the right fielder in the ninth inning.

Tinkler pitched well enough, giving up six hits, one of them an infield scratch. Norman Roberts was Tinkler's batterymate in the absence of Frankie Perciful. The rest of the lineup included Ronnie Baker, 1b; Conley, 2b; Jimmy Gray, 3b; Lew Heuvel, ss; Tommy Franks, lf; Marlon McCutchen, cf; and Hollis Lloyd and Bobby Baker, rf.

Magnolia has a promising club, including the Biederman brothers and several others from last year's Bryan Electric club. The team is managed by J. C. Gotcher and Milton Rathbone.

In other games last Sunday Miles was defeated 6 to 3 at Sonora and Colorado City outlasted Lowake 12 to 10 on the Lowake field. Glenmore Shopping Center was idle, as Goodfellow Skyhawks were not ready for action. All eight teams are now in the league fold and a good season of base ball is in prospect. Next Sunday's schedule:

Glenmore in Robert Lee.
Lowake in Miles.
Goodfellow Skyhawks in Sonora.
Magnolia in Colorado City.

Mr. and Mrs. Buster Farris and Mr. and Mrs. Dick Skipworth visited Mrs. Skipworth's brother, Jim Williams, at Valentine over the weekend, then made a sightseeing trip through the Davis Mountains.

Morgan Russell sustained a sprained wrist and fracture of one of the bones of his right hand in a fall at Ben Ficklin Park two weeks ago.

Mrs. Tom Schooler underwent minor surgery the last of the week at Coke County Memorial Hospital.

This Area Soaked With Moisture Of Four to 6 Inches

Heavy rains were received in Coke County and West Texas this week bringing relief from the longest and most disastrous drouth in history. From every corner of the county generous amounts of rainfall are reported, with estimates varying from 3½ to 6 inches.

The moisture is expected to bring on grass immediately and provide an excellent seasoning for the planting of feed crops and cotton. Good sheep grazing will be available within a few days.

Most sections received heaviest rain Sunday night, followed by spotted showers Tuesday afternoon and night. Robert Lee gauged 3.3 inches Sunday night and the measurement was .9 of an inch Tuesday, making a total of 4.2 inches.

The rains were gentle, with no accompanying violent wind and lightning. As a result the runoff was kept at a minimum and a large portion of the moisture went into the ground.

Not only Coke County but all of the drouth stricken Texas area received good rains, except the extreme western tip of the state.

When rainfall of 4 inches came to Coke County last October it seemed the long drouth might have ended. But during the last six months there has been practically no moisture at all.

Coke County received a total of 14 inches of rainfall last year. The August measurement was 3.4 inches and an early summer rain yielded about the same amount of moisture. At any rate it was a bad crop year and stockmen have had to feed their sheep and cattle all through the winter.

Fields of small grain are expected to come on and make good grazing but it is doubtful if any grain will be harvested.

The rains bring new hope to West Texans. It's a long time since we've had a good crop year. Maybe 1954 is it!

Mrs. R. A. Stroud and daughter, Fatima Ann, and Mrs. Mickey Walker of Bronte motored to Spearman where they visited over the weekend with Father Benversie, an old friend of the Stroud family. Mrs. Walker is spending some time here with Mrs. Stroud.

BIRTHS

CLAWSON — Mr. and Mrs. Johnny Clawson of Baytown are parents of a daughter born April 9. She weighed 9 pounds, 2 ounces and has been named Jo Ann. The Clawsons have a daughter, Billie Rae, 3 years old. Mrs. Frank Clawson of Robert Lee is the grandmother, and the great grandmother is Mrs. W. L. Clawson.

INSTALLMENT EIGHT

The Fischer-Miller Contract

It is believed that the first official Anglo-American document to mention or include any part of the area that is now Coke County is a letter dated February 8, 1842, from Henry Francis Fischer, Burchard Miller, and Joseph Baker to Sam Houston, President of the Republic of Texas, requesting a grant of land on which to settle one thousand families of German, Swiss, Norwegian, Swedish, and Danish emigrants. At the lower left-hand corner of the letter appears a note, "Let the contract be made. Feb. 28, 1842. Sam Houston."

The outcome of the negotiations begun by the Fischer-Miller-Baker letter was a contract made on June 7, 1842, between Sam Houston, President of the Republic of Texas, and Henry Francis Fischer and Burchard Miller, under which Fischer and Miller were to introduce six hundred families or single men over seventeen years of age, within three years from the date of the contract. These people were to be settled on the land:

Beginning at the mouth of the Llano, thence following its meanders to the head of its main southern branch, thence due south fifty miles, thence north forty-five degrees west to the main southwest branch of the Colorado, thence following the meanders of said stream to the main river and with its meanders to the place of beginning.

This contract was renewed in September, 1843, and transferred in December, 1845, to John Meusebach, Trustee for the German Emigration Company, with all rights and claims except 250,000 acres which Fischer and Miller reserved. The German Emigration Company agreed to settle the colonists specified and to meet all terms of the contract.

But expenses for surveying, transporting, et cetera, were high, and the German Emigration Company found their funds exhausted before its work was completed. Many German immigrants were unable to reach the land in the designated area for which they held "scrip," but made their way to German settlements in Comal and Gillespie Counties and settled there, selling or almost giving away their scrip, "transferring a half-section of land for a sack of flour or a pair of boots."

According to Judge R. C. Crane of Sweetwater, an important treaty between Meusebach and the Indians grew out of the German Emigration Company's efforts to settle the region.

The Germans undertook to settle the region, but found too much trouble with the Indians. Realizing the colonization to be too difficult without friendship of the Indians, Meusebach, without consulting Texas authorities, agreed to a meeting with Comanche and Choctaw Indians. The outcome of this meeting was a treaty giving the Germans authority to settle all the territory between the Llano and Colorado rivers, including approximately 575,000 acres in Coke County.

Points of Historical and Scenic Interest

Points of special historical or

scenic interest in Coke County are not great in number, but two are important in the history of the nation. These are old Fort Chadbourne and a segment of the old Butterfield Overland Mail route. Other points of special interest include old Indian camp sites and petroglyphs, scenic drives, and Dripping Springs.

Whole books have been written about old forts and old historic trails, but the treatment in connection with this study was necessarily brief.

Mrs. Prudy Ann Creech of San Angelo has been visiting with friends and two of her daughters, Mrs. Floyd Harmon and Mrs. Lois Williams of Robert Lee.

Mr. and Mrs. Jack Gough and Mr. and Mrs. Buddy Millican of Olney have been visiting relatives in Robert Lee.

New Jobs for Texans

Texas industries have been providing new jobs for Texans at the rate of about 70,000 a year. That's about 200 new jobs every day.

All kinds of jobs . . . in offices, on construction work, in manufacturing plants, in the development of the natural resources of the State. Jobs for riggers, for secretaries, for engineers, for truck drivers, for accountants, for lawyers, for crane operators, for decorators, for sailors . . . all kinds of jobs.

And the reason why these new jobs have been, and continue to be available is this: Texas industry is expanding, and *industry makes jobs*.

On the average, each new job created in Texas requires the investment of \$12,000 capital*. Thus, *Texas industry invests over three-quarters of a billion dollars each year in new plants and in plant expansion to create 70,000 new Texas jobs*.

Much of this annual investment in new jobs for

Texans is made by the oil industry itself and industries which depend on oil and natural gas for fuel and raw materials. Every year a wider variety of industries put to profitable use a larger number of the resources of the State, and call on a broader assortment of available Texas skills.

Forecasters predict an even greater industrial development in Texas, and an even larger number of new jobs, as more industries recognize the advantages that Texas offers: good markets, raw and manufactured resources, trustworthy and dependable people, efficient and abundant fuel, a mild climate, and a good state government . . . In that list of advantages, the Texas oil industry provides raw materials for processing, and the world's finest industrial fuel—natural gas.

*In the oil industry, the required investment for each new job is over \$50,000.

FLOOD WATERS AGAIN DAMAGE DAM SPILLWAY

Robert Lee residents and city officials have been greatly concerned over safety of the Mountain Creek reservoir, since flood waters this week have again caused heavy damage to the spillway.

However, the Upper Colorado River Authority plans to take some definite action in the matter at a special meeting of its directors here Saturday afternoon.

Heavy rains last August washed out a considerable portion of the spillway and damaged sections of the concrete baffles. Soon afterward the UCRA spent more than \$4,000 to repair the damage, but the job was not completed.

UCRA Secretary Gerald Allen says engineers could not agree on a method of preventing washouts in the future. A concrete apron and riprap of the spillway area were suggested as remedies, but nothing was ever done.

EASTER VACATION

Robert Lee public schools will enjoy an Easter vacation starting after classes Thursday afternoon and continuing until the following Tuesday morning. The last six weeks of school started this week. The closing day is May 21.

JUNIOR CLASS PLAY

The Junior Class play was presented to a highly appreciative audience Tuesday. "Headin' for aaddin'" was the title of the 3-comedy.

The cast follows:

Tomer Hollowbone, Jerry Wink; Maw Hollowbone, Leslie Wink; Paw Hollowbone, Herman Williams; Sara Jo Hollowbone, Jeffie Harmon; Gracie Hollowbone, Susie Skipth; Fannie Jane Hollowbone, Sue Roe; Pepper Hollowbone, T. C. Brown; Sis Hollowbone, Ruby Wilson; Grandpappy Winkley, Bobby Wojtek; Widow Winkhouse, Doris Blair; Bertha Winkhouse, Betty Burson; Slim Winkhouse, Lynn Davidson; Melba Dugan, Bonita Robertson; Gene Todd, Shirley Stewart; Bill Todd, Billie Hester.

ACT PLAY WINS AREA

The Robert Lee High School's act play cast did it again. The play evening, April 9, at the Angelo College Auditorium, Robert Lee competed with two other plays for area honors. Each had been a district winner. Other groups were Menard Loraine, who won second and third places, respectively.

Members of the Robert Lee group are Hollis Lloyd, Jr., Bill Casey, Byron Russell, Peggy McDaniel and Carolyn McDaniel. One of this group, Hollis Lloyd, won Russell, Bill Casey and Carolyn McDaniel, placed on the star cast of six. Bill Casey given the award as best actor.

April 24, this group will com-

pete for regional honors in Brownwood. Howard-Payne College is host for this occasion. There will be three other plays in competition. The winner of this event will go to the state meet held in Austin.

Name of the Robert Lee play is "The Last Flight Over." The boys and girls in the cast are to be commended highly for the fine effort and showmanship they have exhibited in this production. Robert Lee is fortunate to be blessed with so much talent as these young people display.

The typing class at Robert Lee has done very good in the past six years in the Interscholastic League. They have had four go to state in the six years and several to make regional. The names and the year are as follows: 1948, Joy (Millican) Blake, state; 1949, Bonita (Childress) Copeland, state; Bobby Earl Seltz, regional; 1950, Lurlyne (Pettit) Lofton, Jean Hurley, both regional; 1951, Allen Sparks and Tommy Kirkpatrick, both regional; 1952, Melba (Rives) Mauldin and Dennis Reed, both to regional, Dennis to state; 1953, Billy Glenn Carwile and Milburn Wink, Billy Glenn to state; 1954, Peggy Jackson and Martha Sue Richardson to regional.

SENIOR TRIP

The seniors are leaving Thursday at noon on their trip. They will go to San Antonio and stay until Sunday, then go to Austin. They will return Monday. Mr. and Mrs. Hollis Lloyd, Sr. and Mr. and Mrs. Jack Brock will accompany the group.

The Home Ec sponsored a field trip to San Angelo Junior Col-

lege to an open house Friday from 9 to 11. It was an open house and style show for all of the Senior Class and FHA chapters and the members of all Home Ec Classes. There were approximately 36 students from Robert Lee to enjoy the trip.

Last Tuesday night, April 6, the Robert Lee Band attended the Texas Tech Band Concert in San Angelo at the City Auditorium. They were the guests of the San Angelo Bobcat Band and Orchestra.

The local band was accompanied by several parents and Supt. and Mrs. Goodwin and Band Director and Mrs. Gray.

Before the concert the band enjoyed an evening meal at the Little Mexico Cafe.

Don't forget the band will give their third annual Spring Concert at the school auditorium on Tuesday, April 27.

All of the grade school classes had their Easter Egg hunts on Thursday afternoon before turning out for the holiday.

The 6th and 7th graders put on a program Tuesday evening for the PTA at the Robert Lee gym.

The Junior Class ordered their class rings Monday but will have to wait until mid-term next year before they will get them.

The Robert Lee Band will play for the Easter Sunrise Service again this year. This is the second time they have had the honor to play for this service.

STEERS DOWN NORTON

Robert Lee continues to hold first place in District 14-B baseball standings by taking a 5-3 victory over Norton here last Thursday. Lynn Davidson rapped a home run in the second inning to score Victor Collett and himself and give the Steers a 4-0 lead. Hollis Lloyd on the mound for Robert Lee allowed Norton only 3 hits.

Blackwell was scheduled to play here Wednesday and the locals are booked in Miles next Friday afternoon.

COMMISSIONERS COURT

Regular monthly session of the Coke County Commissioners Court was held here Monday, with J. W. Service acting as chairman in the absence of Judge Jeff Dean.

Returns of the recent school elections were canvassed and the quarterly report of Treasurer Gertrude Gray was approved. Other routine matters were disposed of and claims were allowed.

Action on new road projects in the northwest part of the county are being deferred until Judge Dean returns. Complete specifications on a proposed 5 mile section of the Silver "loop" are being completed by W. W. Greif & Association, engineering firm of McCamey. A preliminary survey of a new road leading northwest from the Millican field south of the river is also being made.

The work has been under direction of A. B. Blucher.

LONGHORN LEAGUE OPENS

San Angelo Colts will entertain the Odessa Oilers at the opening game of the Longhorn League in San Angelo next Tuesday night, April 20. The Colts management is engaged in a campaign to sell 5,000 season tickets at the low price of \$10 each. A number of tickets have been sold here. They may be purchased at The Observer office. Skinny Adams, former Robert Lee resident, is the new vice president of the Colts organization and is taking an active part in boosting the club.

D. J. Walker, Sr., was taken to Shannon Hospital in San Angelo Monday for a few days of medical treatment.

SAN SABA MAN CANDIDATE FOR CONGRESSMAN

SAM CONNALLY

Sam Connally of San Saba, officially announced this week that he will be a candidate for U. S. Representative from the 21st Congressional District of Texas, and spelled out some of the issues on which he will base his campaign.

Heading the list is his proposal to work for an increase in the income tax exemption, which he says is essential to bolster the drouth-stricken economy in this congressional district. Connally's stand on this issue is in direct opposition to action taken by the incumbent Congressman from this district, who voted against a similar proposal and was instrumental in having it defeated.

"I strongly favor raising the income tax exemption from \$600 to \$700 per year," Connally said. "Drouth-hit taxpayers must have some relief. The fellows who need it most and who would be helped most are the little fel-

lows, not the big corporations. My father always told me that the big fellow can take care of himself, and that we need able representation to take care of the little man."

Another proposal voiced by Connally is to work for a comprehensive water conservation program with less federal control and greater participation and control on the state and local levels. This he sees as one of the most vital problems facing Texas today.

Connally said his decision to be a candidate for Congress was prompted "by my desire to serve the people and because I feel that I can offer representation in Congress that will more truly reflect the thinking and wishes of the people in this district."

"As long as I am your Congressman I will stay on the job," he declared, "and will not let Washington social or political life become so engrossing as to lose sight of the fact that I am a representative of all the people of my district."

Now serving his third consecutive term as district attorney of the seven-county 33rd Judicial District is a 38-year-old Air Force veteran of World War II. He is married and has a 6-year-old daughter, Terry, named after former U. S. Senator Tom T. Connally, a distant relative.

A native of Rosebud, Connally grew up in Brownwood and received his public school education there. He received his B. A. degree from Daniel Baker College, Brownwood, later attending George Washington University and National University in Washington, D. C., where he received the LL.B. degree. Connally was admitted to the bar in 1940 and practiced in the Brownwood law firm of Wilkinson, Johnson & Griffin before entering military service in World War II.

Volunteering into the Air Force as a private in 1942, he subsequently was assigned to Aviation Cadet Communications School at Yale University where he was commissioned a second lieutenant in the Air Force in 1943. He served in New Guinea, the Philippines and finally in Japan. Upon being separated from the military service in 1946 as a captain, he returned to law practice in Brownwood. He was serving as president of the Brownwood Junior Chamber of Commerce when he moved to San Saba several months later. He was elected district attorney in 1948.

Connally is a member of the board of trustees of the First Methodist Church in San Saba, a member of the Chamber of Commerce, and the Masonic Lodge, and is a member and past commander of the Wiley B. Murray Post of the American Legion.

Mr. and Mrs. Boyd Copple and family of Post recently visited her mother, Mrs. Bessie Caston, of Robert Lee.

Quiet Hours Are Few in Life of Jonelle Black

MISS JONELLE BLACK

(Reprinted from "Meet the HD Agents" column of the San Angelo Standard-Times.)

When the sun goes down in Coke County, lights go up in a little house by the side of a quiet main street.

Then Miss Jonelle Black settles herself down to an hour of handwork. Some favorite classical music fill the evening air. The fragrance of her home baked rolls float the still neighborhood.

But the daylight hours are rushed with trating chatter and women's meetings. Black will be busy with sen work of giving demonstrations. Around be gathered some 60 men or almost 100 girls.

Miss Black has been tension Service work graduation in 1952 from Christian College. And talk of drought, dust makers problems face regularly as the moon she discovers a satisfying accomplishment in seeing things of life she has into practice in home.

The Wilton Scott recently moved from Falls to Amarillo where was transferred by the Finance Co.

Slight Decrease Auto Licenses

Motor vehicle registrations were dropped slightly in Coke county, according to a report compiled this week by Miss Anne Simpson, clerk in the office of Paul Good, tax assessor-collector.

On April 3 a total of 1,861 licenses had been issued compared with 1,919 at the same period a year ago.

The 1954 registrations are divided as follows:

Passenger cars	1192
Commercial	205
Farm	364
Truck-tractors	21
Trailers	66
Dealers	8
House trailers	4
Motorcycles	1
Total	1861

GREEN MT. HD CLUB

The Green Mountain club met April 6. Roll call was answered by giving various household hints. Bible quotations were given by Mrs. A. C. Johnson and Mrs. Dave King. The president reported on the THDA District 7 meeting and other matters. Mrs. Glenn Waldrop spoke on physical fitness. The club voted to make a quilt for the Jones family who lost their home by fire. Eight members and two visitors were present. All members are urged to attend the next meeting scheduled for April 20.

Mr. and Mrs. Homer Wymier and son of Paducah have been visiting in the home of her parents, Mr. and Mrs. Jeff Blair. She is the former Ruth Blair.

Mrs. Calvin Cobb of Kermit has been visiting in the home of her sister, Mrs. T. R. Harmon. Her mother, Mrs. M. M. Sparks, returned to Kermit with her for a visit.

WTU Hosts At Cooking School

Approximately fifty ladies registered at the local West Texas Utilities Company office last Wednesday for the Cooking School and appliance demonstration.

Door prizes were given to four ladies. Mrs. Steve Lee received a table lamp, Mrs. S. B. Plumlee got an alarm clock, Carolyn Simpson, a Procter iron and Ollie Green, a Procter iron. The food was given away after the demonstration.

Besides giving the ladies some good cooking hints and new recipes, the latest ranges and refrigerators were unveiled showing the new Colorama styling and new features.

There were candy suckers for the children.

S. B. Plumlee returned to his duties this week as court house custodian after being confined to his home several days with an eye infection. His ailment is much improved.

Notes From The Oil Field

Magnolia Petroleum Co. No. 4 W. L. Carr, D. H. & J. W. Snyder & Von Rosenberg Survey, was completed in the Jameson-Strawn Field.

Daily potential was 67.5 barrels of 44.3 gravity oil, flowing through a 13-64-inch choke with 300 pounds casing and 720 pounds tubing pressure. Production is from 576 perforations at 5,954-6,110 feet.

Three new Cambrian wildcats have been announced for Coke County.

Humble Oil and Refining Co. No. 11 Nannie Ash, et al, Account 1, was staked as a 5,500-foot rotary test two miles southwest of Bronte.

Drillsite is 2,310 feet from the west and 660 feet from the south

lines of Section 453, Block 1-A, H&TC Survey.

Same operator has amended locations for its No 19 R. E. Hickman, making it a wildcat instead of a Bronte (Cambrian) Field project.

Slated for 5,500 feet with rotary, No. 19 Hickman now spots 350 feet from the northwest and 2,491 feet from the southwest lines of C&M RR Survey.

Eight miles north of Bronte, J. R. Hatch, R. A. Dean and Vega Corp., operating from Big Spring staked the No. 1 H. M. Weiser as a 6,700-foot wildcat.

No. 1 Weiser will be drilled 590 feet from the north and 2,217 feet from the west lines of Section 338, Block 1-A, H&TC Survey.

Sun Oil Notes

Sun A-2 Central Nat'l Bank, southwest of Silver, Tuesday was running tubing. Total depth of hole 6,368 feet. Will perforate three sections, 6205-25, 6235-68, and 6292-6319.

Sun Oswald Everett, wildcat near Blackwell, drilling at 4,126 feet in shale and lime. Sun preparing to deepen its No. 2 Arledge north of Sanco.

Good Turnout At BCD Meeting

A good attendance and a marked increase of interest featured the Board of Community Development meeting last Thursday night at the school cafeteria.

J. E. Quisenberry, new president, presided over the session and several community projects were discussed. It was learned that the proposed new lighted soft ball field is being delayed for lack of light poles. The group voted to sponsor a cemetery working in the near future.

Quisenberry announces that the board of directors will meet Thursday night, April 22, when each of the six board members will be given an assignment as a committee chairman.

The Robert Lee Church of Christ is being re-finished inside and new venetian blinds will be added. Carl Brock is in charge of the work.

TO OUR FRIENDS AND CUSTOMERS

We wish to take this opportunity to express our thanks for your loyalty and friendship toward us while we were in business here in Robert Lee. We regret to have to leave, but we don't always know what the future holds for us. Our deal came up rather suddenly, and we had to take advantage of it while we could. We aren't burning any bridges and it may be that sometime in the future things will be different. All of you have been so wonderful to us. Thanks for everything.
