The annual Castro County Roundup will kick off Saturday with Hart Day and won't end until the close of the Jaycee Air Show Aug. 20.

COUNTY Activities Committee members met Tuesday night to polish up final plans for the celebration.

Next week's activities will include a square dance, the annual Old Settlers' Reunion, the Roundup Parade, a pony show, barbecue, three nights of rodeo with dances afterward, pet show, playday for children, water polo matches and the air show.

Here's the Roundup schedule:

### Hart Day

Here is the schedule of events for Hart Day:  
Friday, 9 p.m. — Coronation of queen at city hall.

Saturday — 10 a.m. — Good-neighbor Club to host reception at Farmers State Bank.

Saturday, 2 p.m. — Parade with riding clubs' Playday activities following in Henderson Arena.

Today through Saturday — Carnival across from Hart Oil Co.

### Air Show

Roundup Week will end Sunday afternoon, Aug. 20, with an exciting air show at Dimmitt Municipal Airport.

THE JAYCEE Air Show will feature four stunt-plane acts, at least six sky divers, two sailplanes, a demonstration of remote-controlled model aircraft, precision flying and landing contests for area pilots, and other events.

Four stunt pilots with five planes will give the biggest aerobatics show here in years. They are Jimmy Franklin of Lovington, N.M., who will fly low-altitude stunts in his ATF-7 Waco and a popular clown act in his Piper Super Cub; Swift Ingram of Amarillo, in a bi-wing Pitts Special; Van White of Lubbock piloting a clip-wing Cub; and Bobby Speed of Vega in a Pitts Special.

At least six members of the Amarillo Sky Divers Club will make precision free-fall jumps from high altitude, and also will make smoke-bomb jumps.

AREA PILOTS will compete

### City considers garage-sale law

The Dimmitt City Commission is considering an ordinance to limit citizens to two 48-hour garage sales in any consecutive 12-month period.

THE COMMISSION has received complaints from local second-hand stores about "perpetual garage sales" that are operating as businesses and are not paying taxes. The business men are not complaining about occasional garage sales to clean up garages and attics.

Commissioners will take final action on the ordinance at the next commission meeting Aug. 21.

Stanley Schaeffer & Co. presented the audit for the city's 1971 records at Monday night's commission meeting.

SALES TAX revenues were up to \$106,828.91 from the 1970-71 total of \$95,632.68. The increased figure shows a four-quarter year compared with two quarters the previous year. Total revenues netted the city \$430,997.66 in the 1971 book-keeping year. The city paid out \$381,409.05 with \$63,412.47 depreciation costs added, for total city expenses of \$444,821.52. Commissioners voted to accept the report.

BROOKE ALEXANDER met with the commission to submit his street dedication deed and final plat map for his Townhouse Addition in Southwest Dimmitt.

Commissioners accepted the plat and dedication deed for the addition subject to his depositing proper security with the city to insure construction.

for trophies in spot landing and corn-starch bombing. Entry fee is \$5 per contest.

In the spot landing contest, pilots will test their skill at setting their planes down as close to a runway target-line as they can without "scratching."

In the corn starch-bombing contest, each pilot will make a low-altitude bombing run while his passenger hand-drops a one-pound cellophane bag of Dimmitt corn starch at the target—a 55-gallon drum on the runway.

THE HIGH Plains Soaring Society of Amarillo will give an act with two sailplanes, and also will sell sailplane rides.

The show also will include the return of a popular feature from previous air shows here—demonstrations of radio-controlled model aircraft.

Starting time for the air show is 2 p.m. Aug. 20, and the airport will be closed to regular traffic at that time. Tickets will go on sale this week at \$1.50 for adults and \$1 for students. Pre-schoolers will be admitted free.

FOR INCOMING pilots, air traffic advisory service will be maintained on standard Unicom frequency 122.8. The Castro County Jaycees will provide a shuttle service for incoming pilots all day, and also will serve soft drinks, sandwiches and candy in a "rest hanger" during the air show.

Co-chairmen of the air show are Truman Touchstone of Dimmitt and Harley Wilke of Hart.

### Parade

The 1972 Roundup Parade will form up at 1:45 p.m. next Thursday on the Castro Co-op Gin yard on US 385 south, and will get underway at 2:30 p.m.

THE PARADE will go through the center of town and past the First United Methodist Church, site of the Old Settlers Reunion.

Floats, riding clubs, bicycles, marching units, mechanical entries, historic wagons, antique cars and individual riders from throughout the area are invited to participate.

Featured in the parade will be the mounted platoon of the First Cavalry Division from Fort Hood, making its first appearance in the Texas Panhandle. The pony soldiers, dressed in authentic Cavalry uniforms of the 1880's, also will perform all three nights at the Dimmitt Rodeo.

TWENTY trophies will be awarded to the best floats and riders in seven categories. Also, cash prizes of \$25 for first place, \$15 for second and \$10 for third will be awarded to the top three floats in the Communities and Organizations categories.

Categories in which entrants will be competing for trophies only are Riding Clubs, Civic Clubs, Commercial, Area (from outside the county), and Best Dressed Cowboy and Cowgirl.

The Dimmitt Lions Club is in charge of the parade. Chairman is Bob Caddell.

Anyone wishing to enter a float should call Caddell at 647-5577 or Mrs. Dorothy Magness.

### Housing project has no vacancy

The Castro County Agricultural Housing Project had to hang out its "No Vacancy" sign this week.

THIS IS the third time since it was built that the big housing complex for migrant workers has been full, "and we've got a waiting list as long as your arm," Manager William J. T. Robertson said this week. "They're still coming from everywhere and we don't have any place for them."

That's good news for the county's vegetable growers and processors, who have been experiencing a shortage of labor.

Robertson said the occupancy rate will drop again when public schools open across the state and the migrant workers return to their home towns to enroll their children.

at the Chamber of Commerce, 647-2524.

### Pet Show

The Round-up pet show will get underway at 9:30 a.m. Friday on the courthouse lawn, under the direction of Dr. W. J. Hill, DVM.

DR. HILL said all county children should bring their pets — no matter how usual or unusual.

Pets will be divided into categories and prizes will be awarded to winners in each event.

### Playday

Playday activities on the courthouse lawn will begin at 1 p.m. Friday. Charles Hotel and the Junior 4-H Leaders will supervise the sack races, treasure hunt and other games.

## Classes will start Aug. 21

Back-to-school activities started in the Dimmitt Public Schools this week as teachers in the Follow Through program reported Monday for a week-long workshop.

SUPT. Charlie White said all teachers will report at 8 a.m. Monday for a week of in-service training and preparation for the coming school term.

Students will report for class Aug. 21. Sessions for teachers next week will include social studies with the Laidlow consultant for teachers in kindergarten through sixth grades. Seventh grade through 12th grade teachers will explore question strategies with Dr. Easton Wall and Ms. Allegra Bush of the Panhandle Educational Service Center (PESO).

### Schools announce free and reduced lunches for kids

Dimmitt, Hart and Nazareth Independent Schools this week announced the new "Free and Reduced Priced Lunch Policy."

THE FREE lunch program is authorized by the National School Lunch Act, which holds that it is part of the public schools' responsibility to help meet the nutritional needs of students who might otherwise go to class hungry or undernourished.

Lunch costs to Dimmitt students are 35 cents in grades 1-3, 40 cents in grades 4-8, and 50 cents in grades 9-12. Lunches in the Hart school system are 40 cents. Nazareth charges 35 cents to students in grades 1-6, and 40 cents to those in grades 7-12.

However, since some families find it difficult to pay this full price, the schools will provide lunches free of charge or at a reduced price to those children determined by the Director of Special Services in Dimmitt, Supt. Ted Averitt in Hart or Supt. Joe King in Nazareth, to be unable to pay the full price for their lunches.

According to the state eligibility scale, a child is entitled to free school lunches based on a scale of family size and annual income. Copies of the eligibility scale are available at all school offices.

Any unusual circumstances or hardships which affect the family's ability to pay for school lunches—such as a prolonged illness in the family, seasonal unemployment and similar emergency situations—will also be considered.

Each school district's formal free or reduced price statement is on file at the office of the Dimmitt, Hart and Nazareth school superintendents and may be reviewed by any interested person.

All three local school districts are mailing letters explaining the free and reduced price lunch program and application forms to all parents in their school districts.

### Phone company seeks rate hike; city to fight it

West Texas Telephone Co. has asked the Dimmitt City Commission for a rate increase of 50 cents on one-party business phones and one-party residence telephones, plus other increases on telephone service for businesses and homes.

CITY manager E. B. Noble said the telephone company is also asking for rate increases in nine other area towns, including Hart and Tulia.

At their Monday night meeting, commissioners said they plan to oppose the rate increase, claiming that Dimmitt and Hart have been receiving poor service under a rate schedule that is inequitable with rates in surrounding towns.

All Dimmitt students will register Friday for the fall semester.

REGISTRATION schedule:  
8:30 to 11:45 a.m. and 1:15 to 3:45 p.m. — Elementary registration at all elementary schools.

8:30 to 10 a.m. — Eighth grade registration, Dimmitt Junior High.

10 to 11:45 a.m. — Seventh grade registration, DJHS.

1:15 to 2:15 p.m. — Late junior high registration.

9:45 to 11:45 a.m. — Freshman registration, high school.

1:15 to 2:30 p.m. — Junior registration, high school.

2:30 to 3:45 p.m. — Sophomore registration, high school.

HIGH SCHOOL Principal Robert Ryan asks any students who are new to the district and did not register this spring to come by the high school counselor's office on Western Circle Drive. The counselor's office will be open from 8 to 12 and 1 to 4 on weekdays.

Ryan said new students must register before Aug. 21. Students can see the counselor any weekday except Aug. 16.

WHITE SAID five teachers and 11 aides are attending the Migrant workshop in Lubbock today (Thursday) and Friday in preparation for the fall term.

Three of the cafeteria supervisors are also attending a school cafeteria personnel workshop in Lubbock this week, White said.

### City to host district VFW this weekend

Castro County Memorial Post 8056 will host the District 13 Veterans of Foreign Wars meeting Saturday and Sunday.

REGISTRATION starts at the post home at 1 p.m. Saturday. Registration fee is \$3.50 for individuals and \$7 for couples, or \$2.50 each for Sunday only.

A reception and social hour for department representatives will be held from 6 to 7 p.m. Saturday. A dance is scheduled from 9 p.m. to 1 a.m.

Registration will open again at 8 a.m. Sunday. The day's activities will include a joint meeting and memorial service by the VFW and Auxiliary at 9 a.m. Mayor Elmer Youts will be the guest speaker, and Dept. Senior Vice-Commander W. K. Huber will conduct the memorial service.

Reby Bussey, district commander, will then preside over the VFW business meeting, at the post home. The Auxiliary will hold its business session at the community room of the First State Bank with Ms. Kay Flowers, district president, in charge.

Ms. Florene Leinen, county Auxiliary president, said 175 VFW and Auxiliary members are expected to attend.

Band director calls meetings

TEACHERS FIRST--The 1972-73 school year started Monday morning for Mrs. Diane Axtell (foreground) and 90 other elementary teachers, aides, and substitutes who will work in the Follow Through program this year. The Follow Through staff is now undergoing a week-long workshop (note the big boxes of teaching materials), and most other teachers will report Monday for a week's in-service training before

classes begin Aug. 21. For Follow Through program staffers, this week's workshop has the aura of a victory celebration—the US Office of Education announced last spring it would kill the program here, but the schools rescued it during the summer with the help of Congressmen Bob Price and George Mahon and US Senators Loyd Bentsen and John Tower.

## Girls bike 2,000 miles to attend wedding here

By BECKY BERRYHILL

Can you imagine two college women in Michigan buying bicycles for a trip to Texas, then being told by the bicycle salesman they'd never make it because they were girls?

WELL, IT happened to Diane Siegel of Southfield, Mich., and Charlotte Beddow of Alpena, Mich., when they plunked down \$300 for a pair of 10-speed bikes at a shop in Berkley, Mich. They were buying the bikes to ride to Dimmitt for the wedding of Sharon Welch and James Patton Saturday. They were Sharon's classmates at Michigan State University.

They completed the 2,000-mile trip last Thursday, after spending seven memorable weeks on the road.

"The sales guy laughed at us and said two girls could never make it that far," Charlotte said.

Diane added, "So we're going to send him a Dimmitt newspaper with our picture in it to show him two girls could bike it from Michigan to Texas."

THE TWO pedaled away from Alpena June 15 to start the 2,000-mile trip to Dimmitt.

"Five girls started the trip," Diane said. "Two turned back after the first 100 miles. The other one had to go back for summer school, so she left after 12 days. She wanted to come on with us, but had to go back."

Why bicycle 2,000 miles for a wedding?

"WE ENJOYED it and going cross-country on bicycles is something not too many girls do," Diane said. "Last summer we biked around Michigan and had a lot of fun and good experiences, and we wanted to try it again."

The two girls pedaled five weeks to get to Ft. Collins, Colo. Then it was another eight days on the road to Dimmitt. They estimated averaging 60 to 70 miles per day for the last eight-day leg.

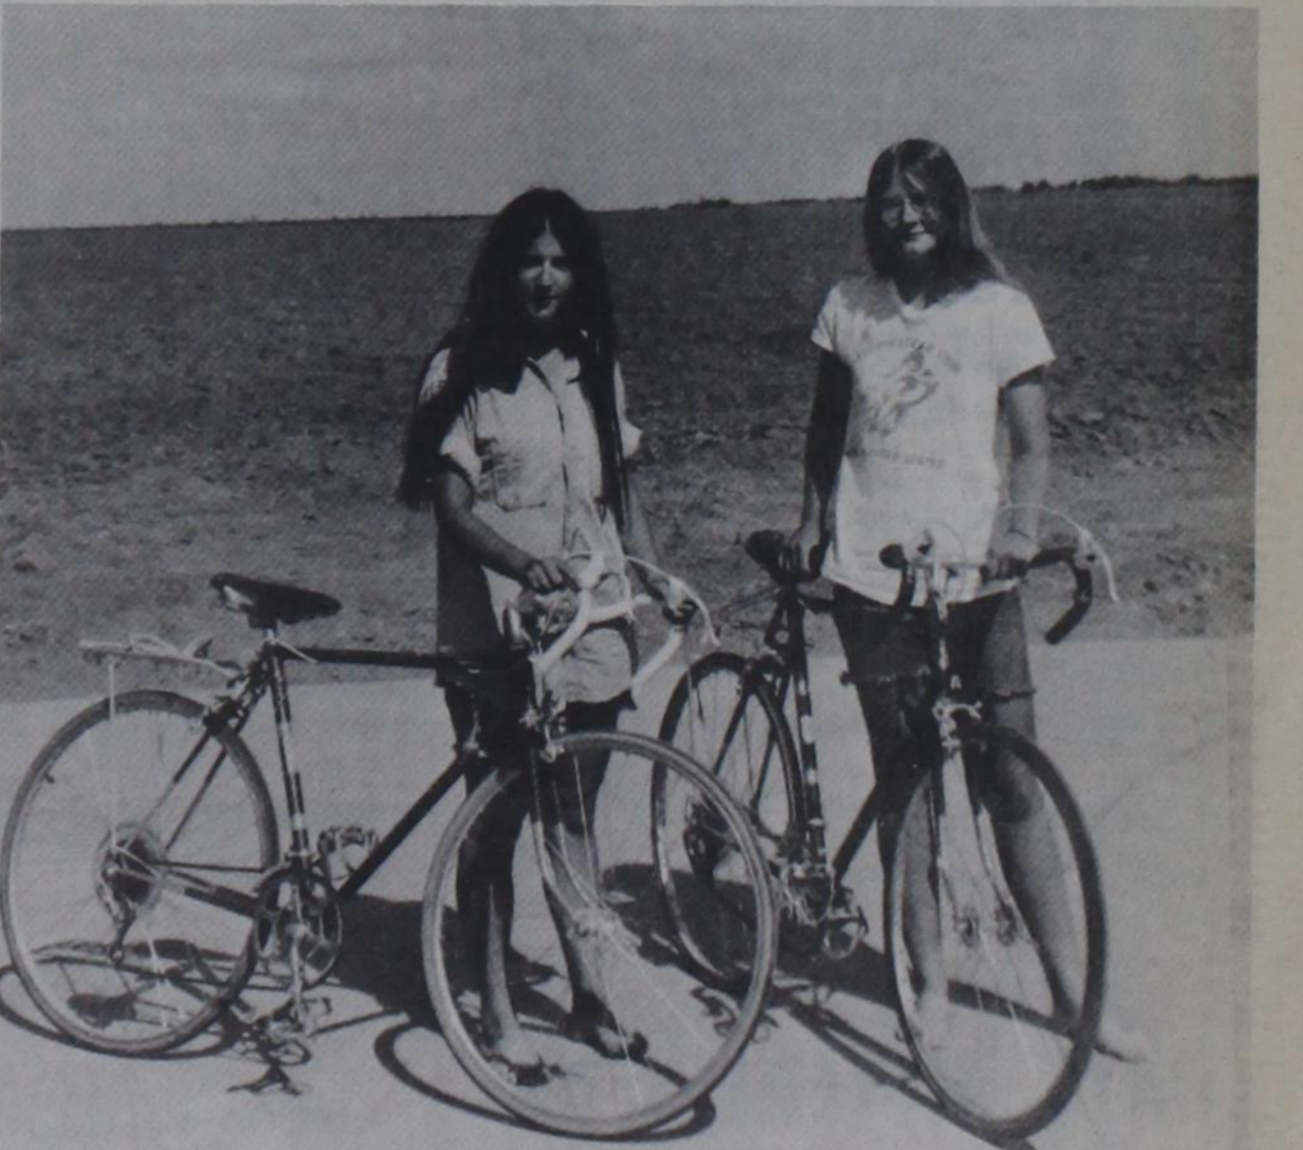

"We didn't have any bad experiences," Charlotte said. "We met so many nice people during the trip."

"WE MET a couple of groups and some individual riders," Diane said. "We met two guys in Michigan who were going about 300 miles in Michigan on bikes. They thought they were going so far and were really it—until we told them we were on our way to Texas."

Taking turns talking, the girls described some of their experiences during the seven-week bike trip:

"One night we slept in a Mexican-food restaurant in Grand Island, Neb. We met the waitress during supper. She lived in the restaurant's basement and let us wash dishes for our supper. Then we slept on the floor of the restaurant."

"IN ONE town, everyone told us of an unsolved 10-year-old murder involving two girls. When we camped out in town (See GIRLS BIKE, Page 13)

PARADE PLANNERS go over the details of the big Roundup Parade which will be staged in Dimmitt next Thursday at 2:30 p.m. From left are committee members Will Howard, Avery Thrasher, Chuck Braafladt and Parade Chairman Bob Caddell.

The parade will feature the mounted platoon of the First Cavalry Division with cash awards, 20 trophies and dozens of ribbons for the best entries. The parade theme will be "Preserving the History of America."

OUR USE OF LEISURE. None of us can make our best contribution to life unless we take care of our physical selves. The right kind of recreation renews the body, mind, and spirit. There should be a proper balance and rhythm between work and rest. Our Lord meant for us to enjoy life and intended no man to punish his body with unrelieved work. Of course our recreation should be of a kind that would actually re-create our spirits and bodies and make us better able to perform our work. Part of our leisure time should be spent renewing our spirit by worshipping God in His Church. We invite you to attend services this week. "But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint." Isaiah 40:31. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. **LESS** pollution from wind erosion has been noted this year compared to last year. Wind erosion in the Great Plains moved downward from damage to total a year ago. Texas, with 1,145,150 acres, or about one-half of the total nationwide, reported the most wind erosion damage this season.

### The view from your library

By **MARY EDNA HENDRIX**  
The Summer Reading Program is over for another year. We closed the contest early this year, therefore our record is not as good as it was last year. We had 224 to enter the contest this year, compared with 228 last year.

**HAZEL MERRITT** has helped us again here at the library. She kept working with everyone until she got an air conditioner installed for us. We really appreciate all those who helped; some donated their time, others materials. Those who helped besides Hazel were Bill Henderson, Ward Golden, J. D. McDonald, Jim Cleavinger, Sam Raper, Robert Kelly, D. K. Thomas and Ramiro Reyes.

More donating books during the week were Dorothy Sheffy, Woodrow Stone and Thelma Smith. Reta Welch, who is a board member of the Friends of the Library, attended the book sale in Lubbock Saturday and bought 83 books for our library. I was there Friday and I bought 92 books, so this brings us closer to our goal of 11,000 books that we need for state requirements.

**INTERESTING** people in the library last week: Virginia Hess, Social Security representative, visited in Dimmitt, substituting for Mr. Gerald Millard, who is vacationing. Miss Hess is from Amarillo and is moving soon to Pampa. She came in the library to wait for a few minutes and became interested in the genealogical section in the library.

Leora Little's grandsons from Phoenix came by one day. They explained the history of our "tree" in the library. They told us it was the inside of the Saguaro cactus, which is the state plant of Arizona.

Rene Leal of Weslaco, who is working at the vegetable plant, came by one day at noon.

Guila Barrios, who has been visiting in Mexico, came by and told us all about her trip. She visited Chihuahua, El Paso, Juarez, Jimenez, Gomez Placio, Dgo. San Juan De Las Lagos and Aguascalientes.

Oleta Gollebon brought her mother, Mrs. MacMurry, in to check out some books. Oleta comes in quite often or sends her husband, Noel, to pick up some books for her.

Joe Weatherford came in to check out some books for his daughter, Jan, who is in the hospital. She was riding her horse and it fell on her. Jan is an avid reader and comes into the library often. We wish a speedy recovery for her.

Thomas McGuire came in and chatted with us for a while. He is interesting to talk to. He will be a freshman in school next year.

Nancy Vardell stayed long enough one day to help Irma and Maria with the reading program list.

Mrs. Lynn King's son-in-law, Bill Barkley, came in Friday and visited with us a while. Her daughter and grandchildren have been in the library many times since Lynn has been working in the library.

Larry and Sue Scoggin and their little daughter, Lisa, from Midland came in with Larry's mother, Mrs. Howard Scoggin. Larry is one of our special friends.

**On the Go**  
Kim Griffith and her cousin Becky Harvey flew to Tucson, Ariz. for a visit with Kim's aunt.

**EDUCATION** is not complete if all that the student gets is a trained mind.

Swisher Electric Cooperative, S.W. 2nd Street in Tulia, Texas is pleased to announce that it has made an application for a loan from the Rural Electrification Administration which will provide for the construction of about 10 miles of 69,000 volt transmission line. This transmission line will be located in portions of Swisher and Castro Counties. There is also planned a substation to be built that will be served from this line.

These facilities along with other low voltage distribution lines will make it possible for the Cooperative to improve service and to provide additional capacity to those existing services now being served in the area and new consumers as required.

If there are any comments on the environmental aspect of the proposed construction they should be submitted in writing to the Cooperative either at its office in Tulia or to Post Office Box 67, within 30 days of the publication of this notice. Additional information may be obtained at the Cooperative's office at the above address.

## -ANNOUNCEMENT-

Swisher Electric Cooperative, S.W. 2nd Street in Tulia, Texas is pleased to announce that it has made an application for a loan from the Rural Electrification Administration which will provide for the construction of about 10 miles of 69,000 volt transmission line. This transmission line will be located in portions of Swisher and Castro Counties. There is also planned a substation to be built that will be served from this line.

These facilities along with other low voltage distribution lines will make it possible for the Cooperative to improve service and to provide additional capacity to those existing services now being served in the area and new consumers as required.

If there are any comments on the environmental aspect of the proposed construction they should be submitted in writing to the Cooperative either at its office in Tulia or to Post Office Box 67, within 30 days of the publication of this notice. Additional information may be obtained at the Cooperative's office at the above address.

**V.F.W. NEWS**

By GERALD BROADSTREET  
Greetings Comrades,  
We had our regular monthly meeting this week. The items for discussion centered around the District 13 convention to be held this weekend, Aug. 12 and 13.

AFTER talking with Commander Eddie Adams and Florence Leinen, President of the Ladies' Auxiliary, I can tell you that most of the plans have been made and finalized. Just a few little details, are all that remain to be worked out.

As I've said before, this is going to be a memorable convention and we sure do want you to be a part of it. We have a fine program on tap from start to finish. Please make a big effort to attend. Not only will you enjoy it, but you'll find it very informative and enlightening. You can't imagine how good it makes your officers feel when they have a large support from the membership and attendance is definite proof of your support.

Comrades, I have mailed to every post commander in District 13 a letter informing him of the convention, plus a map that shows the location of our post home and a list of motel rates in our city. Thanks to the fast work of Jimmie Chapman at the Castro County News, I was able to send a program along with the other items. I still can't get over how fast Jimmie printed the programs—a very special "thanks" to you on behalf of the members of

our post for everything you've done to help us; we do appreciate it very much.

REGISTRATION for the convention will begin at 1 p.m. Saturday and reception and social hour for the department representatives will be from 6 to 7 p.m. Our department representative will be W. K. Huber, Dept. Senior Vice-Commander, and the Ladies' Auxiliary representative will be Past Dept. President Ylovvia Williams. Do try to be there and meet them.

Later that evening we'll dance to the music of the "Wells Fargo's" starting at 9 o'clock and ending at 1 o'clock. You'll really enjoy this group; they have played here before and they can really generate some fine sounds. Their violin and steel-guitar player do a real good job of lead and background.

DON'T FORGET, we have "Game Night" every Wednesday starting at 8:30 and I might add we had one of the biggest crowds last week, that we've ever had. It surely makes us feel good to have that many come out and be with us. We appreciate it and hope you'll come back again, soon.

**TWO ARE NEW**—New faces at Dimmitt's Ford agency are those of the new owner, Dale Fowler (left) and his mother-in-law, Mrs. Inez Montgomery (right), bookkeeper. Otherwise, there's been no personnel change in what Fowler calls "a real fine crew." From left are Fowler; Avery Thrasher, salesman; Joe Whitehorn and Earl

Stone, mechanics; Tony Beames, parts assistant; Duward Davis, shop foreman and parts manager; Mrs. Joyce Davis, bookkeeper; and Mrs. Montgomery. Fowler received final authorization from Ford Motor Co. last week to complete the purchase of the local agency from Bob Goss.

## Change of Ford agency ownership now official

Dimmitt's Ford agency is now officially Dale Fowler Ford, Inc.

FOWLER and Bob Goss completed the change of ownership last week after Fowler received final approval from Ford Motor Co. as an authorized dealer—a three-month process which all new-car dealers have to go through.

Fowler has actually been managing the local Ford dealership since May.

"We plan to combine our grand opening celebration with the new-car showing the first of October," Fowler said.

BORN IN Paducah, Fowler was raised at Graham and Amarillo, and attended Amarillo High School.

For the past 24 years he has been in the auto wholesale business. Before he bought the Ford agency here, Fowler was vice-president and general manager of Amarillo Auto Auction, and also vice-president and co-owner of Amarillo Auto Sales.

Fowler is enthusiastic about Dimmitt and his situation here.

"I LOVE the town," he said. "It's really the highlight of my life to come here with the situation we have here. My wife and I are just as proud as we can be of the move we've made."

Fowler and his wife, Betty, have purchased the Gosses' home at 1007 Pine St.

"The thing we're going to stress here is service," Fowler said. "I've been dedicated to customer service in the wholesale business and I feel that your business is no better than the service you offer. In fact, our motto is 'Service Is First.'"

SEVEN OTHER people at Dale Fowler Ford, Inc., are helping Fowler make the motto a reality. They are Duward Davis, shop foreman and parts manager; Earl Stone and Joe Whitehorn, mechanics; Avery Thrasher, salesman; Mrs. Joyce Davis and Mrs. Inez Montgomery (Mrs. Fowler's mother), bookkeepers; and Tony Beames (a Dimmitt High School senior), parts assistant.

Davis and Stone have both been with the local Ford agency three years, Mrs. Davis two years, Whitehorn 1½ years, Beames six months, Thrasher five months and Mrs. Montgomery two months. Fowler calls them "a real fine crew."

Fowler has been acclimating himself to the changes from wholesale to retail auto sales, and from metropolitan to small-town living. And he's enjoying the change, he said.

"I'M ESPECIALLY interested in the industrial development program that the Chamber of Commerce is starting, and I

A REPORT on cotton production for 1972 is expected to be released Aug. 12. Cotton industry people as well as cotton producers and textile manufacturers will be watching that report with more than usual interest because of the present cotton supply situation. Acreage-wise in Texas the Texas Crop and Livestock Reporting Service reports upland cotton planted in Texas this year is estimated at 5,450,000 acres. This is an increase of 20,000 acres over the amount planted in 1971.

## Uncapped wells prompt letters from district

High Plains Underground Water Conservation District No. 1 recently mailed approximately 50 letters to landowners in Castro, Bailey, Floyd and Parmer Counties informing them of abandoned and uncovered irrigation wells located on their property.

FRANK RAYNER, manager of the district, issued the letters in an effort to motivate the landowners to cover them properly. District field representatives discovered the uncapped wells and made reports to the Lubbock office.

According to state law and district rules, every land owner within the district is required to "close or cap the same permanently with a covering capable of sustaining weight of not less than 400 pounds."

District officers are allowed by law to go upon the land, if necessary, and to serve the landowner with an injunction and may cover the well hole themselves, and "all expenditures thereby incurred shall constitute a lien upon the land where such well is located."

THE HIGH PLAINS Water District has seldom found the need to serve a landowner with an

NLN accredited two-year, associate degree nurses may now apply for commissions as second lieutenants in the Air Force Nurse Corps.

## Yearbook urges 'back to plants' for quality life

This year's USDA Yearbook of Agriculture is dedicated to improving our environment with plants. The new volume has just come off the press and is titled "Landscape for Living." ACCORDING to Secretary of Agriculture Earl L. Butz, the 416-page yearbook is "a handbook with something for everyone on improving the quality of life in urban and suburban America and in the countryside." "Landscape for Living" includes background information and how-to-do-it advice for home gardeners, and features a multitude of pictures and illustrations. It also delves into the biology of many plants.

The book discusses land planning, redesigning downtown shopping areas, and new towns. AUTHORED by USDA specialists and various state land grant universities, the yearbook provides a vast amount of information on "plants in action"—how plants help raise the spirits of inner city residents, teach youth about the environment, and provide new vistas for senior citizens.

Chapters on practical gardening discuss shrubs, perennials, annuals, lawns, vegetables,

fruits and herbs. How-to-do-it articles cover plant propagation, greenhouses, fertilizing, mulching and composting.

The yearbook is devoted to a new subject each year and dates back well over 100 years. It may be ordered from the Superintendent of Documents, US Government Printing Office, Washington, D.C., 20402.

**Now liquid SEVIMOL®**  
CARBARYL INSECTICIDE

**helps keep borers out of corn**

You can't keep profits up when Southwestern corn borers knock down your plants. Protect your crop with liquid SEVIMOL.

Since last winter was mild, billions of Southwestern corn borers are getting ready to rip into unprotected crops. Once the larvae tunnel into stalks or girdle them, your plants lodge and your profits slump.

That's why it pays to protect your crop with liquid SEVIMOL a proven mixture of molasses and SEVIN® carbaryl insecticide, recently labeled for use against Southwestern corn borer.

Start checking your crop now because maximum hatch occurs between mid-July and mid-August. If 50 to 75 percent of your corn shows egg masses or young larvae anywhere on plants, apply SEVIMOL. Then make a second application in 7 to 10 days.

SEVIMOL is used in low-volume applications. It gives you a heavy spray that falls fast and resists drifting. It spreads uniformly to leaf surfaces and "hangs in there" when other insecticides run off in rain or irrigation.

This year, knock out Southwestern corn borers before they knock over your crop. SEVIMOL carbaryl insecticide also controls corn earworm, fall armyworm and certain other corn insects.

## EASTER COMPANY PROVIDES COMMUNITY MEETING PLACE AND HANDLES GRAIN CROPS

Located at the crossroads in Easter, Community Grain Inc. has been serving "the finest people on the golden spread" since 1958.

Bill Waldrop and C. Palmer Norton bought the land for the grain elevator from Charles Fry's father and built the elevator in 1958. The facility remains much the same today as it was in '58.

"Community Grain is the place the farmers living around Easter drop by to talk about crops and play dominos," Ms. Bill Waldrop said. "It serves as sort of a community center and not too long after the elevator was built, Easter built a community center."

"About 12 years ago, the farmers in this area raised money to present Mr. and Mrs. Walter Rogers, our representative then, a new car at our annual picnic," Ms. Waldrop recalls. "A group of boys played and over 1,000 people attended the picnic held on the elevator's grounds."

"We buy, sell and store grains and we are bonded," Ronny Lance said. "We mostly deal with milo and wheat here."

"We store grain from local farmers and buy and sell grain from other area elevators," Lance says. "Most of our sales are to local feedlots."

During the harvest season, Community Grain is open until the farmers quit cutting grain every night. Normal summer hours are 8 a.m. to 6 p.m. Through the winter months, the office is open from 8 a.m. to 5 p.m.

The year-round staff at Community Grain Inc. includes Gene King, Ronny Lance and Bill Waldrop in the front office and Pete Aranda and Manuel Hernandez at the elevators.

The elevator office is the Easter rural station for the Hereford Post Office. The mailman leaves packages and mail for the Easter community businesses and houses at the elevator.

Evangelist Raymon Caron, minister in the Reorganized Church of Jesus Christ of Latter Day Saints, performed the single-ring ceremony. The garden featured an arch of English ivy, pink and white roses, asters and gladioli. The wedding arch was flanked by large baskets of pink and white roses, snapdragons, asters, gladioli and English ivy.

The princess silhouette fell in deep folds from the waistline opening to a sunburst effect bell-shaped skirt which swept into a mini-train. Her veil was secured by a matching bonnet of ribbon and organza pleated ruffling. She carried a colonial cascade bouquet of pink and white roses, cornflowers and English ivy.

The bride's sister, Rhonda Welch, was maid of honor. Bridesmaids were Vera Patton, sister of the groom, Teena Profit of Lubbock, and Debbie Hansen. ## Youths clean up litter in area

By IRENE KEATING  
Last week I attended our State Agents Association meeting in Dallas and really enjoyed it. I'm glad to have a little time in the county again.

I'D LIKE TO say that we've had a slight misunderstanding about the names of two clubs and I'd like to get that cleared up. The Easter Club is Happy Helpers and Frio Club is Jolly Workers. Sorry about the confusion, and I appreciate both clubs' patience in getting this matter cleared up.

The 4-H Junior Leaders Club did a good service Sunday afternoon by collecting hundreds of beer cans and bottles that were littering the local landscape.

HERE IS this month's landscape notes.

1. Plan now for next year's annual flowers. Make notes of the varieties that did well under your growing condition and those that need to be eliminated another year.

2. Zinnias and portulaca seeds planted now will produce color for this fall.

3. Gibberellic acid applied to camellias from Aug. 15 to Sept. 15 will force them to bloom earlier.

4. DIG, CURE and store gladiolus corms about eight weeks after they have finished flowering. Destroy any corms that show evidence of decay.

5. Move peonies if they have become too crowded. New plants may be set out from now through October. They are seldom productive south of Dallas. Plant them in rich soil, in full sun, placing the bud or eye from 1 1/2 to two inches deep.

6. Don't allow plants with green fruit or berries to suffer from lack of moisture. Hollies will frequently drop their fruit under drought conditions.

7. FOR FALL vegetable garden, sow seeds now. Suggested plantings include seeds of beets, carrots, lettuce, mustard, radish and turnips.

8. Control powdery mildew on crepe myrtle in order to prolong the flowering season. Karathane as a spray or dusting with a fine grade of dusting sulfur will usually control the

## Garrison - Harvey vows read Saturday

Miss Sharon Kay Garrison and Danny Melvin Harvey recited wedding vows Saturday evening in the First United Methodist Church of Hereford.

THE BRIDE is the daughter of Mr. and Mrs. S. L. Garrison of Easter. The groom is the son of J. M. Harvey of Stamford and the late Mrs. Harvey.

The bride wore a formal gown of silk organza over tiffeta, designed with a fitted Empire bodice, Victorian neckline and long, sheer full sleeves caught at the wrist by deep cuffs and a soft ruffle over her hands. Her bodice was enhanced by Venice lace entwined with lavender ribbon. Her softly gathered skirt fell to a flounced hemline, accented by Venice lace and lavender ribbon. Her skirt swept to a full chapel train. She wore a matching organza wide-brimmed hat with a crown of Venice lace and lavender. Her veil extended to a full chapel length. Double bows and streamers of lavender satin ribbon cascaded over the veil to complete the ensemble. She

carried a nosegay of roses, stephanotis and stasis. Pamela Garrison, sister of the bride, was maid of honor. Bridesmaids were Ms. Warren Gossett of Austin and Ms. Bobby Bolding of Robert Lee. Jana Michele Garrison of Dumas was flower girl. The bridal attendants wore pale lavender dotted swiss gowns with puff sleeves and flounced hemlines. White lace with purple flowers circled the Empire bodices and flounces. They wore white wide-brimmed hats with lavender ribbons and streamers, and carried bouquets of orchid pompons and purple stephanotis.

DENNIS MELTON of Stanton was best man. Groomsman were Mike McLean of Eunice, N.M., and Jim Bruce of Corpus Christi. Ushers were Steve Marth, Buzzy Andrews, John Hilgers and Harvey Garrison, brother of the bride. Kerry Don Garrison was candle lighter.

Dr. Clifford Trotter, Methodist district superintendent of Amarillo, performed the ceremony. Three candle arches trimmed with fern, bouquets of pink snapdragons, lavender poms, purple asters and pink carnations decorated the altar. The center aisle was marked with votive candles and smilax.

Ms. Tony Calkins was organist. Gaylon Beights and Sandi Webb were vocalists.

A RECEPTION was held at the Hereford Country Club. Pam Winget and Ms. Harvey Garrison of Dumas served the cake, while Ms. Gene Duval of Amarillo and Ms. Barry Haenisch of Van Horn served punch and coffee. Anita Campbell of Fort Stanton, N.M. registered guests.

The bridal table was centered with the cake and large crystal globes trimmed with smilax and sweetheart roses. Orchid daisies and pink sweetheart roses topped the cake.

For their wedding trip to Miami, Fla., and the Bahama Islands, the bride wore a pants ensemble of white sharkskin wide-legged bell-bottom pants and a green, yellow and red seersucker jacket.

AFTER Aug. 19, the couple will reside at 2410 Church St., Apt. 1, Abilene. The bride is a 1967 graduate of Hereford High School and a 71 graduate of McMurry College, where she was a member of Theta Chi Lambda social club. She is employed by Merchants Motor Lines in Abilene. SUPT. TED AVERITT reminds parents that all grade school level children (and those attending day care centers) must be immunized against five communicable diseases — diphtheria, tetanus, poliomyelitis, measles and rubella. Measles immunization is not required if there is a history of measles illness.

Smallpox inoculation, which originally was required, was removed from the list by the State Board of Health.

The law allows exclusions from compliance for religious reasons, or where a physician licensed by the Texas Board of Medical Examiners feels that immunizations are medically contraindicated.

HEARING a pin drop in the acoustically perfect Mormon Tabernacle in Salt Lake City, Utah, and riding a snowmobile on a glacier in Banff National Park in the Canadian Rockies were two interesting experiences which Mrs. William D. (Ann) Bell had on a recent 16-day tour.

A fourth grade teacher in Hart Elementary School, Mrs. Bell was one of 32 women making a trip planned by a travel club. Others from the Panhandle area in the group were Mrs. Erma Riley of Plainview, a retired Hart teacher who also taught fourth grade; Mrs. Faun Welker of Dimmitt and Mrs. Vivian Ballard of Amarillo.

A drive through the Salt Flats in Utah preceded the Salt Lake City stop, where the travelers heard a concert on the largest organ in the world in the tabernacle, which was built with wooden dowel pins, without a nail. The nearby lofty temple, open only to Mormons in good standing, was finished in 1893 at a cost of \$3,500,000.

From Twin Falls, Idaho, the group made a trek to Sun Valley, which Mrs. Bell described as "the most perfect resort I ever saw in my life—so cool and pretty, it looked like a garden." Traveling over hairpin roads ascending 2,000 feet at Lewiston, Idaho, was exciting. Seeing the first wild animal on the trip, a moose, "King of the Forest," at Golden, British Columbia, was another thrill for the West Texans.

A drive down Kicking Horse River brought them to Banff National Park, British Colum-

bia, where they saw ice fields. At Mount Robson, 12,000 feet high they rode the snowmobile over the largest glacier in the world, 9,000 feet thick. Temperature on the glaciers never gets above 50 degrees. Water from them goes into three oceans—the Pacific, Arctic and Atlantic.

The group went up the mountainside in a tram to Jasper. From there to Kamloops along the Fraser River, was the most beautiful part of the whole trip, according to Mrs. Bell. There the group saw elk, little white mountain goats, wild sheep and a bear that "talked to us."

Leaving the majestic peaks of Frazer Canyon, the travelers went to Vancouver, where they saw beautiful Elizabeth Gardens. Their accommodations included the Empress Hotel in Victoria, B.C. They crossed to Victoria by ferry and saw the Butchart Gardens.

A spectacular sight at the Dalles Dam on the Columbia River, was that of salmon swimming up from one lock to another. The women traveled also to Mount Hood up to Timberline Lodge, seeing there the national champion skier practicing.

"Don't ever miss Crater Lake, Ore.," said Mrs. Bell. "You feel like you are next to heaven and ready to go through the portals."

On the trip home, the ladies saw Kate Smith's show at Reno, Nev., and Danny Thomas at Caesar's Palace in Las Vegas.

MEMBERS of the First Baptist Church were hosts last Wednesday night at a dinner for a group from the Camp Branch Baptist Church near Salida, Mo.

Rev. and Mrs. James Mitchell with five other adults and 15 young people presented a musical program following the meal. Mrs. Mitchell directed several special numbers.

Rev. Mitchell is a graduate of Hart High School and of Wayland Baptist College. He is the son of Mr. and Mrs. Howard Mitchell of Hart.

Approximately 75 attended the program and dinner.

REV. BILL TAYLOR of Seminole was guest speaker at the Sunday services of the First Baptist Church.

Rev. Taylor was born in Scotland and has pastored in New Zealand.

THE ANNUAL awards banquet of District 1 riding clubs

was held Saturday night in the LCC cafeteria in Lubbock.

All contestants of the Hart Junior Riding Club received either a trophy or rosette.

Benny McLain was High-Point Pee Wee Boy of the district and Danny Carson was High Point Junior Boy of the district.

Over 21 Hart parents and riding club members attended.

THE LIONS CLUB met Monday noon in a special called meeting to complete plans for the carnival. Members voted to make and sell hamburgers Thursday and Friday nights and all day Saturday until closing time. They will also sell soft drinks.

Jean Foster was re-elected club sweetheart. There were approximately 20 members present with William Ammons, new junior high and high school principal, as guest.

STAFF SGT. Connard Lee Riffles, 29, was found dead in his bunk July 30 in Alaska, where he was stationed with the US Air Force.

A military funeral was conducted in Wichita Falls Sunday. Riddles was a 1951 graduate of Hart High School.

Survivors are his wife; three children, Belinda, Chuck and Ashley; eight sisters and four brothers.

BOY SCOUTS of Troop 246 spent last week at the South Plains Scout Camp at Tres Ritos, N.M.

The 12 boys enjoyed mountain camping and hiking as well as archery, cooking and conservation projects.

Six boys earned merit badges in Conservation of Natural Resources and Soil and Water Conservation. They are Johnny Newsom, Gary Jackson, Kelly King, Barry George, Bart Bru-

ington and Bobby Allensworth. These working on Archery were Mike Clevenger, Gary Jackson and Johnny Newsom.

Mike Cox completed his survival training. This consisted of classes in survival and spending three days and two nights in the mountains with only eight matches, one piece of string, a poncho and a pocket knife for each boy. This group learned to make a warm shelter from native materials and to survive on edible plants.

Other Scouts making the trip were Theron Hawkins, Kelly Jones, Clay Hanes and Larry Cox.

Those providing transportation and leadership were Deryl Clevenger, Scoutmaster, Duane Clevenger, Richard Franks, C. C. Hanes, Stewart Newsom, Tom Benton and Robert Hawkins, with the Hart Lions Club furnishing the gasoline for the vehicles.

# German guests tell of 'TV tax'

How would you like a \$40-a-year dog tax, or \$3 a month tax on each TV, or \$1.50 a month tax on each radio you own?

**SOUNDS LIKE** a lot of money for owning a dog and watching TV from 4 p.m. till 1 a.m., doesn't it?

Relax. It isn't about to happen here in Dimmitt. But Ms. Hilda Davis and her son, Jimmy, of Lampertheim, Germany, say it's true in their country.

Ms. Davis, who is here visiting her sister-in-law, Ms. Katy Graham, explained the television and radio service charges. "We pay \$3 a month for each TV, if you have two TVs you pay for two. We also pay \$1.50 for each radio set we have."

**"WE HAVE no strays** because you have to pay a yearly tax of \$40 for each dog you have. But you aren't taxed for other pets—cats or birds.

"If you buy a television, you then go to the post office and they put a number on it. Then the postman collects each month."

"Occasionally they make electronic tests to find televisions not being paid for, and then fine the owners if they aren't registered."

**MS. DAVIS** said programs are televised from 4 p.m. until 1 a.m. each day.

"TV starts at 4 o'clock and until 6 it's just for children," Jimmy said. "Then from 6 to 8 commercials are allowed in the programming, and from 8 p.m. until about 1 in the morning, one or two movies are shown. A lot of the programs are from the States, like Lassie and The Rifleman."

School in Germany only has a six-week summer vacation. Jimmy missed one day when they left to come to the States and will miss about three days before they get back.

**"JIMMY IS 12 years old** and is in the eighth grade." Ms. Davis said, explaining the school system. "Students enter when they are 6, and high school starts in the fifth grade."

"At this time, they are tested to see if they are smart enough to enter high school. If you don't pass the tests, schooling ends."

Jimmy already has studied English for three years and Latin for one. He completed two grades in one year, so he will finish when he is 17. Most are 18 when they complete high school.

"If he's smart enough, Jimmy will go on to college. Just a few go on to advanced schools. They are very selective about choosing students to go on to college."

**THE ECOLOGY** problem is talked about a lot in Germany, too. Smoke pours over the towns from their industrial complexes, and ecology groups are working to get it stopped. However, each homeowner is already doing his part, Ms. Davis said.

"Everyone has to sweep their part of the street twice a week. In the winter we have to sweep the snow from in front of our house. If someone falls, it is your fault for not sweeping."

Mother and son are both members of the Lutheran church. Jimmy even plays the flute for the church. And Bible study is a required course in the schools.

**"YOU HAVE to study** the Bible, and if you don't want to enroll in the classes you must show papers proving that you don't belong to the church or you aren't a Christian. Then you are not required to take Bible classes," Ms. Davis explained.

"We have a lot of homework—I spend two to three hours

every day studying," Jimmy said.

"And our schools have classes six days a week," Ms. Davis continued. "But the people want to limit it to five days because most of the men only work five days a week now. And they can't do too much on the weekend with the children in school until noon on Saturday."

**"I LEAVE at 7 a.m.** to walk to the bus station, and at 7:10 my bus leaves," Jimmy said. "At 7:50 my school starts and we have breaks between each hour-long class. At 1 p.m., school is over the day."

"But you usually don't make it home until 1:40 or later," his mother added. Jimmy just grinned, as boys do.

"This year we swam three hours a week," Jimmy said. "We walked a half hour to the pool, swam for two hours and walked back," Jimmy said. "It took place during classtime once a week. Sports are on your own time and you must join clubs to participate."

**"THIS FALL Jimmy** will have exercises instead of swimming," Ms. Davis said. "And the time will be added onto his present school day."

The most noticeable difference in Dimmitt, Texas and Germany is "Hot, hot, hot," Ms. Davis said.

## Sheriff's Dept. enlarges staff

Sheriff Jack Cartwright, with the approval of the county commissioners' court, has increased his staff from two deputies to three, and plans to add a male jailer who also will double as radio dispatcher.

**"THIS WILL bring our** department more in line with the strength of sheriff's departments in the other counties in our area, and will make a big difference in the individual workload," Cartwright said.

Cartwright noted that a recent survey of sheriff's departments showed that Castro County had the smallest county law-enforcement staff in the region.

The survey revealed that Swisher County has a deputy each in Happy, Kress and Tulia, plus a jailer; Deaf Smith County has six deputies, four dispatchers and a secretary; Randall County has eight deputies, two secretaries, four dispatchers and a jailer; Hale County has 14 deputies and two radio operators; Bailey County has two male deputies, one female deputy, a dispatcher and three other radio operators; and Parmer County has three deputies and a radio operator.

**THE THIRD deputy** here is Bobby Williams, who served eight years with the Hale County Sheriff's Dept. before joining the Castro County SO.

The new jailer-dispatcher will be named shortly, Cartwright said.

## Sorority will honor teachers

Beta Sigma Phi sorority met Monday night at Castro County Country Club to plan an appreciation dinner for the Dimmitt Public School's teachers to be held Monday. It will be a salad luncheon in the high school cafeteria from 12 noon to 1 p.m.

Chairmen of the luncheon are Ms. Patricia Braafadt and Ms. Dorothy Gilbreath. Ms. Carol Bryant is in charge of decorations.

This is one of the service projects of the sorority.

## 779 here get Social Security; payments average \$95 per month

Social Security benefits were being paid to 779 residents of Castro County at a rate of \$74,000 a month at the close of 1971, Travis C. Briggs, social security district manager in Amarillo, said this week.

**THAT'S AN average of \$95** per month, or \$1,140 per year per person.

Of the Social Security beneficiaries living in Castro County, 440 are retired workers and their dependents, 227 are receiving benefits as the survivors of workers who have died, 88 are getting benefits as disabled workers or their dependents, and 24 are receiving special "Age 72" benefits.

Briggs pointed out that although most Social Security beneficiaries are older people, about one out of every four is under age 60.

**IN TEXAS, 355,662 people** under 60 are collecting Social Security payments each month. Nearly 202,000 are under age 18, receiving payments because a working father or mother has died or is getting Social Security's benefits under a provision disability or retirement benefits.

Most of the 35,349 beneficiaries in Texas between 18 and 22 years of age are getting student's benefits under a provision

in the Social Security Law permitting the continuation of a child's benefits beyond his 18th birthday, and up to age 22, if the child is attending school full time.

Also in this 18-22 age group, Briggs said, are some other types of beneficiaries, illustrating the broad family protection that the Social Security program provides workers of all ages. Some are children of retired, disabled or deceased workers who became severely disabled mentally or physically before they reached 18 and who will probably never be able to work and become self-supporting. The monthly benefits of these young people will continue indefinitely. Benefits are also payable to the mother if the disabled son or daughter is in the mother's care.

Briggs said that another relatively small but significant group of youthful Social Security beneficiaries are those who are receiving benefits as disabled workers. Social Security disability payments can be paid to a person who becomes disabled for work even if he has less than five years of work under Social Security. As little as 1 1/2 years of work is required in the case of a worker who becomes disabled before age 24, Briggs said.

Davis said. She added that temperature is not measured in Fahrenheit degrees in Germany but it is probably about 70 degrees there all summer.

The Davises are spending six weeks in the US. They spent 10 days in Ohio and 10 days in Andrews. They were to leave Dimmitt early this week after a 10-day stay with the Grahams. After a few more days in Andrews, they will fly back to Germany.

## New deputy joins force

Bobby Williams, a sheriff's deputy in Plainview for the last eight years, has joined the Castro County Sheriff's Dept.

**HIS HIRING brings the** number of deputies here to three in an expansion of the county sheriff's department. Sheriff Jack Cartwright said a male jailer-dispatcher also will be added to the staff later.

Raised near Littlefield, Williams graduated from Spade High School in 1959. He was employed by a Lubbock paving firm and a Littlefield cement contractor before joining the Littlefield Police Dept. in 1963. He joined the Hale County Sheriff's Dept. in 1964. He was the criminal investigation captain for that department when he resigned to join the sheriff's office here.

Williams has attended state law enforcement schools on criminal investigation, narcotics, supervision, firearms and riot control.

**HE AND his wife, Carol,** have four children—Cindy, 9, Christy, 7, Kevin, 6, and Craig, three months. The family lives at 403 Front St.

"I really like it here so far," Williams said. "Everybody I've met is real friendly."

## Here are week's best food buys

"To make the most of your food dollar, follow marketing tips in your local food stores this week," Mrs. Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service, emphasized.

**MRS. CLYATT** noted that meat prices aren't showing much change this week, but some extra specials at some markets will ease the tension. In general, she said to look for beef chuck roasts and steaks, round steaks, ground beef and beef liver.

"Also," she added, "you might consider Boston butt roasts, pork shoulder steaks, smoked ham and ham portions as well as picnics and some brands of bacon."

According to the Texas A&M University specialist, poultry products still make thrifty meat and protein buys. Following the seasonal pattern, fryers and their parts remain features for summer cookouts.

**CHICKEN** hens also wear attractive prices in some markets. Both young and more mature turkeys rank as good buys, piecewise, and add variety and economy to menu planning.

"Vegetable counters boast economical offers," Mrs. Clyatt said. She named black-eyed, purple hull and cream peas, carrots, okra, cabbage, tomatoes, potatoes, cucumbers and peppers as plentiful items at the most economical price levels.

"The peach crop is in seasonal prod surplus and ready for canning, freezing or eating out-of-hand," she continued.

"Peaches are perishable and won't last long so buy today while quality is high."

Nectarines, seedless white grapes, plums, watermelons, cantaloupes, bananas and lemons also merit consideration, according to Mrs. Clyatt.

## More About Girls bike

(Continued from Page 1)

that night, we were pretty nervous all night. But nothing happened.

"If the parks had other campers, we usually camped out. Other nights we slept in churches when the campgrounds were deserted," Diane explained.

"One minister thought it wasn't appropriate to sleep in a church, so he made us a reservation in a motel and paid the bill."

**"IN STERLING, Colo.,** we met these little kids who wanted to try out our bicycles. When they rode back with them, one gear was so jammed we had to break it off. So from there on Diane's bike only had the five higher gears."

"On the Fourth of July, the town we camped in had scheduled a fireworks show that we stayed up to see. We kept waiting and waiting, and nothing ever happened."

"We only rode once at night, because it was late when we got through eating. When we left the restaurant we still had nine miles to go before camping. We ended up walking the last three miles to the campgrounds because of a flat."

**"WE HAD eight flats** that we fixed ourselves, and one broken chain during the whole trip. "We had a problem with farm watchdogs chasing us," Diane said.

"Yeah, and it was uphill every time a dog was after us, too," Charlotte added.

"Finally, we started stopping and yelling to scare them off. When we yelled, they ran," Diane concluded.

**WHAT DO you pack** for a bicycle trip totaling nearly 4,000 miles round-trip?

"We each had a change of clothes, a lightweight two-person tent, sleeping bags, a Coleman stove, cocoa, powdered milk, brown rice, dried beans and greens, and canteens," both girls took turns listing.

"We started out cooking for breakfast we cooked cereal and cocoa, and then switched to eating in cafes—usually eggs, pie, toast, hot tea and some other foods."

**"LUNCH usually included** five candy bars, a loaf of bread and a pound of cheese. We ate out a lot at dinner time, usually Chinese or Mexican food. Some of the time we cooked on the stove, usually brown rice in soup that we cooked down."

"At first we ate raisins and peanut butter for energy during the day," Charlotte explained, "but after eating a whole jar of peanut butter at one time, I began to get tired of it."

"We never really got sunburned," Diane said. "One of the girls that started with us did, though. People would stop her and ask her if she'd seen a doctor. It got to be pretty embarrassing."

**"WE WORE what** we have on today—cutoffs and teeshirts," Charlotte said.

"Most of the motorists were nice to us. No one ever tried to run us off the road."

"I had a rear-view mirror and rode behind Diane," Charlotte said. "When I saw a big truck coming I'd yell 'Semi' and we'd get off the road."

"When they were really close Charlotte just yelled, 'Get off!'" Diane said.

**THE GIRLS** said Nebraska had the worst roads of all the states they biked through. "The grass just grew up to the edge of the road and there were no shoulders. We had a problem with winds created when big trucks passed."

"But we did find one highway closed to traffic because they were working on bridges. We made really good time on it and saw several other bikers. When we came to bridges they were working on, we took the dirt detours over the gullies and river beds."

**WHAT DOES a biking trip** cost?

"Our bikes cost about \$150 each. We pooled \$290 for expenses at the beginning of the trip. We carried part of the money in travelers' checks and part in cash."

"Originally we planned to spend \$1 a day on food and to cook out, but that was without restaurants. So it cost us more after we started eating in restaurants most of the time. We have about \$70 left."

"On the way home there should be a lot of fresh fruit and vegetables for sale, and we plan to eat a lot of it."

**THE GIRLS** planned to spend about a week at the James Welch home west of Dimmitt, leaving early this week. They said they may ride home most of the way on buses.

"But we will get off before we get home so we can pedal back to town."

Neither is in a hurry to get back. Diane says she plans to find a job.

And come next May, both plan to bike from Nova Scotia down the East Coast of the US.

**SHEEP** and lambs on feed in Texas as of July 1 is down 18 percent from a year ago. Sheep and lambs on feed totaled 150,000. Marketings of fed sheep during March through June at 226,000 head were 1000 below the same period last year.

**KANSAS VISITORS** — Fred Bruegel Jr. (standing) explains his SPF swine-feeding operation here to 47 farmers from Southwest Kansas who toured West Texas last week to study farm management practices. The Kansans were especially interested in Bruegel's High Plains Pork because it's strictly a commercial enterprise, with all labor hired, rather than a family operation. During the informal shop-talk session after lunch Thursday in the Colonial Inn Restaurant,

Bruegel explained that he has 555 sows now and sells 7,500 to 7,800 hogs per year to the Jimmy Dean Meat Co. in Plainview. "When the cattle feeding yards started growing so fast four or five years ago, we thought commercial hog-feeding would grow here at about the same rate," Bruegel said, "but it hasn't caught on here like we thought it would." He made it a point to tell his audience that he gets all his boars from Kansas.

# Election funds run out; workers here go unpaid

The few remaining dollars earmarked for the 1972 primary elections were sent to county officials Friday, but not all of the primaries' expenses were paid.

**SECRETARY** of State Bob Bullock, the state's chief election officer, said, "By last weekend we officially disbursed all the money that was originally appropriated to pay for the 1972 primary elections. But we flat ran out of money before all the costs were paid."

Bullock added, "This has put many local county chairmen between a rock and a hard place. A lot of election workers, not to mention printers and other suppliers, have yet to be paid for their work."

Castro County's Democrats got about three-fourths of their primary election costs back, but the county's Republicans haven't yet received any reimbursement funds.

**"WE GOT 75 percent** of the estimated cost of the primaries that we submitted before the elections," said Ms. Frances King, Democratic election secretary here, "but we have never gotten the remaining 25 percent that was supposed to come after the elections."

Filing fees and contributions that were collected from local Democratic candidates before the Supreme Court ruled the filing-fee system unconstitutional helped get the Democratic Party here out of the financial hole.

"We had enough money from filing fees and contributions to pay all of our election judges and pay for the ballots and election supplies," Ms. King said. "We didn't get reimbursed for postage or telephone calls involved in the elections."

She added, "I was supposed to be paid for being secretary of the elections, but we didn't get all of the money for our budget."

**THE COUNTY'S** Republican Party hasn't received any reimbursement at all for its primary election expenses, and the county GOP chairman feels a mailing mix-up may have been to blame.

"The state sent the estimate forms to the wrong person before the first primary and I didn't get them until after the deadline for submitting my estimate," said Ms. Helene McFarland, county Republican chairman.

However, she said, the expense estimate forms were mailed to her personally for the second primary, and she submitted them before the deadline—but still hasn't received any reimbursement.

**DESPITE** the lack of any

state money, the county's Republicans paid their election costs from their treasury and an individual pocket or two.

"We had very little expense—just for ballots and election workers for one box," Ms. McFarland said. "Our expenditures for both primaries were about \$184 including clerks' salaries, or \$65 without the clerks' salaries. All our bills have been paid, but I haven't received any funds from the state. I don't know what the deal is at this point."

**BULLOCK** said about \$325,000 is needed to cover the remaining primary election costs statewide.

"We felt the only fair way to disburse the remaining monies

was on a pro-rata basis," Bullock said. "This means that each county chairman who still had an outstanding expense for the primaries received a disbursement which amounts to 26.66 percent of his remaining bills."

He added, "After we paid all the county chairmen, we did not have one cent remaining of the \$2,150,000 appropriated to pay for conducting the 1972 primaries."

Bullock said that the remaining expenses "apparently will have to ride" until the 63rd Legislature, which convenes in January, can take action.

"I can find no other source of funds available at this time," Bullock said.

# Goodpasture dies in Houston

Grady L. Goodpasture, 63, who built an empire of agricultural industries and added the Western Ammonia Co. to it in 1970, died Saturday morning in a Houston hospital.

**THE WELL-KNOWN** Brownfield business man and philanthropist, a victim of cancer, had been a patient in Houston's St. Joseph's Hospital since May 11.

His industries included international grain handling, milling and the production of agricultural chemicals. He also was well known for his many contributions to Wayland Baptist College, Baylor University, churches of all denominations, individual students and other worthy causes.

Although he was the chief executive of his multi-million-dollar empire, Mr. Goodpasture preferred to dress in khakis and work with his hands. When he bought Western Ammonia Co. from the Elcor Corp. in 1970 and enlarged the local plant to a multi-chemical manufacturing facility, he did much of the manual labor himself, working ingeniously to blend the fixtures of three plants.

**MR. GOODPASTURE** operated outlets in Oklahoma, Texas and Kansas, including a huge dock facility at Galena Park, on the Houston ship channel. Brownfield was the headquarters of all his operations.

He was the chairman of the board of Goodpasture Industries, Western Ammonia Corp., Interstate Grain Corp., Stevedoring Co. and Goodpasture Export Co. He was listed in "Who's Who in America and the World" and "Who's Who in Finance and Industry."

He was a director of Brownfield State Bank and Trust Co., Brownfield Savings and Loan, G&B Computers, Inc., and High Plains Research Foundation.

**A DEACON** of the First Baptist Church of Brownfield, he also was on the boards of trustees of Baylor University and Wayland College. He contributed money to many educational institutions—including one gift school of \$250,000 to Wayland College for building improvements—and also helped pay the college expenses for many individual students.

He was named Brownfield's Outstanding Citizen by the Chamber of Commerce there in 1963 and Outstanding Man of the Year in Galena Park in 1965. His other civic awards included the Wayland College Merit Award Citation and the Texas Young Farmers' 1967 Distinguished Service Appreciation Award.

**FUNERAL** services were conducted Monday at 10 a.m. in the First Baptist Church of Brownfield. Officiating were Rev. Ed Crow of Dallas and

Rev. Robert M. Cheek of Jasper. Burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

Mr. Goodpasture is survived by his wife, Molly; two daughters, Deenie Goodpasture and Mrs. Ken Muldrow, both of Brownfield; five sisters and two grandchildren.

The family requested that remembrances be in the form of donations to the Goodpasture Memorial Cancer Fund at the Brownfield State Bank.

Where has the summer gone? Many teachers started back to school Monday, and our youngsters are due back at the "salt mines" on the 21st of this month. One of my pet projects, junior golf lessons, got pushed out of the way somehow. Not to mention my wife's plans to take the kids to Ruidoso for three days to climb mountains, hunt driftwood and track bears.

The annual Junior Club Tournament, scheduled for last Wednesday, was postponed until this Friday, Aug. 11 since so many were out of town on vacation. Entry fee will be \$2 and players will be flighted according to age.

Last week's Junior Putting Tournament winners were Ronnie Lawson with an 18-hole total of 33, Jim Bradford with a 36, and Jeff Lindsey with a 40.

★ **THE COUNTRY CLUB** Novice Bridge Club met and organized last Friday with Mrs. Dee Williams tentatively accepting the chairmanship.

Members voted to meet every Friday at 9:30 a.m. until 2 p.m. with a break for lunch. Hostesses will be chosen alphabetically, and will be responsible for score sheets, tallies, playing cards and making coffee ONLY. Everyone present last week kicked in \$1 for a "kitty" to buy a coffee pot, coffee, cups, cream and sugar, with Mrs. Jerinne Parks as treasurer.

Each individual member will be responsible for her lunch, with kitchen privileges available. Mrs. Joe Andrews will be the first hostess beginning Friday, Aug. 25th.

Anyone may join the club with the understanding that we are going to discuss our hands after each round has been played. Members may bring their instruction books for reference. Please call Jon Nell Forrester at 647-4555 for reservations.

Members are responsible for substitutes whenever absent. They are to call the chairman and the hostess if possible to see if there is anyone on the waiting list to get in to the club before getting their own substitute.

**Keep horses off of sorghum-sudan**

Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service, warns horseowners to keep their animals off of sorghum-sudan pastures due to a disease called "sorghum cystitis." Freshly cut sorghum-sudan hay will also bring on the condition.

**ARMSTRONG** points out that all horses may be affected but that the condition appears to be more serious in younger animals. A number of cases have been reported recently by Dr. William Romane, who heads up the large animal clinic at Texas A&M University's College of Veterinary Medicine.

"The first signs usually are incoordination of the rear legs," Armstrong explains. "In about half the horses observed this was followed by involuntary discharge of urine. Thus, mares may show hair loss on the inner part of the hind legs due to urine scalding. Geldings may have a loss of hair on the belly. In either case, the urine drip may be continuous and may become intense if the horse moves suddenly. The condition may also cause mares to abort."

Sorghum cystitis occurs most frequently during times of medium to high rainfall, usually from June to November, points out the veterinarian. It occurs mainly when horses feed on fast fresh growth of sorghum-sudan hybrids, sorghum grazer and Johnsongrass. Uncured or improperly cured hay from these grasses also causes the illness. However, horses eating well-cured hay from these three forages have not been affected. Also, no cases have been reported after the first frost.

"THERE IS no cure for the condition once the horse has it," emphasizes Armstrong.
