

about dimmitt
and castro county

BY BMN

Readers of this column will remember that the writer mentioned making a hole-in-one on the Hereford Golf Course on the 17th of May at about 2 p.m. You will also remember that we only barely mentioned the incident, probably due to our over supply of modesty. Fact of the matter is we tried to keep it out of the paper until it was called to our attention that we were withholding information from the public that was of vital importance. Since we mentioned the hole-in-one that we made in May we feel compelled to report all holes in one made by Dimmitt golfers—real or imaginary. What we are trying to say is that Frank Latimer made a left-handed hole-in-one, according to very unauthoritative sources, recently.

Latimer, according to reports, made a hole-in-one, also on the number four hole, sometime during July or August. As we said before, he was a left-handed hole-in-one which ordinarily is considered slightly better than a Birdie. A left-handed shot usually slices or hooks, depending entirely on the stance of the player, so it follows that any left-handed hole-in-one would be due more to luck than the same shot made by a right-handed golfer.

We don't mind giving Latimer the publicity usually deserved for an outstanding golf shot, but we would like for him to make his hole-in-one on some other hole than the one we use for that purpose. At least we could boast, for a short time, of being the only Dimmitt Golfer with a hole-in-one under his belt.

We have some pictures of peaches that were produced on the controversial peach trees in our back yard. There must have been twenty of the fine luscious fruit, enough I believe to justify giving the trees another chance. We will run the picture later and let our readers be the judges, provided they render a verdict in favor of the trees. Viola still wants a bigger rose garden and I am agin it.

Bill Hochstein has just returned from an extended visit with relatives in Kansas and Canada. He wheedled one of his Kansas Cousins into taking his new air-conditioned car on an eight thousand mile trip through Canada and the Pacific Northwest and back down the California Coast into Old Mexico and home through Arizona and New Mexico. Bill nearly caught the biggest salmon he ever saw but the fish got away just before he landed him or her. He also had the rare experience of digging clams on the Canadian Pacific Coast and talked like it was great sport. I had to dig post holes in Bell County when I was a kid, and I doubt if I ever would enjoy any type of digging, clam or otherwise. It's people like Bill Hochstein that make people like me miserable. They go traipsing about the country having all kinds of fun and looking at different types of scenery, then in the middle of a hard week report their pleasant experiences to us working people.

Wilson Super Market will have its Grand Opening in a big new building this week-end. The store is very modern and very large, with all of the merchandise arranged in neat piles and with rubber tired buggies handy for hauling the stuff to a checking counter where George Pendleton, or one of the other clerks, will play a tune with a double refrain on the cash register. I have watched grocery clerks operate and it doesn't look like they are interested in punching any particular key, they just drag their hand across the cash register keyboard and pull a lever until the thing rings, then they give it another swat with their fist or elbow. Somebody should tell them that we only get \$750 deduction for each dependent. I have watched these grocery dispensary grow from the old general mercantile type of store that sold on credit until the cotton was picked in the fall. In order to get credit you had to give them a mortgage on your crop, your mules, the old wiggly-tail cultivator, the milk cow and buggy. The beans were in open bins, that's where the cat slept; the meat was kept on a flat 4x6 foot table, so everybody could handle it and turn it over to make their selection. Later they put it in a screen cage (I guess they were losing too much to the rodents). I don't remember much about canned goods—you could get sardines and Vienna sausage in cans—but the best I can remember, everything else was either dried or pickled, and so were some of the customers. Of course everything was handier then because they had the groceries, horse collars, harness and chicken feed all in the same building, and you could always get a pickled cucumber out of a keg or barrel to nibble on while the groceryman was grinding your coffee. That was later, or after the competition got keen, and the stores put in coffee grinders as a competitive measure. Wilson doesn't even have a coffee grinder. I guess it is too much work for these modern grocery men to grind the coffee. The

August Tops in 1955 Building

A new building record was written into the books at the Dimmitt city manager's office during the month of August as building costs for the past month skyrocketed to another all-time high of \$249,245 or \$32,940 above the previous high established in May of this year.

The new high marks the second time in the history of Dimmitt that construction costs have exceeded \$200,000 for a single month. Total building costs for this year are now approaching the one million dollar mark and will likely exceed that figure if current growth continues at such a rapid rate. The total at the end of the current year will probably surpass that of any previous year as well.

Nine permits were issued by City Manager E. B. Noble during August, the largest being for the construction of an addition to the Dimmitt Gin elevator near the south city limits. The total cost for this addition is listed at \$200,000 and calls for the construction of ten bins, each 140 feet high. All bins will be of concrete and steel construction and will bring over-all storage capacity to 685,000 bushels. Chalmers and Barton of Hutchinson, Kansas, have contract for the huge project. Second largest on the August building list is a new residence

underway in the Myrtle Wright Addition at a cost of \$22,245. Dr. J. W. Spence is listed as owner of the 55 by 30 foot stone construction home. Contract has been let to Killingsworth Construction Company.

A \$11,000 home under contract to Earl Cowell is under construction in the Woodson Addition. Rex Sheffy is owner of the brick veneer residence which will have dimensions of 26 feet by 44 feet, home in Western Heights Addition for J. H. Havner. Dimensions are 35 feet by 35 feet.

Issued to Ira Page is a permit calling for the construction of an office and shop building at a cost of \$3,000. Page is listed as owner and contractor for the 32 by 48 foot structure.

A \$2,500 wood frame home is being built for D. E. Banks on lot five of block 132. The 10 by 26 foot structure is under contract to Willson Lumber Company.

Three other permits, all for projects costing \$500 each, round out the August building picture. A. A. Dodd is owner and contractor for a garage being added to his home. Dimensions are 12 by 30 and the location is lot 122, block one. A small wood frame residence is listed in the name of Cleo Forson. It will be located on lot two of block 64 and will be 12 feet by 24 feet. Also in the name of Cleo Forson is a building to be used as a warehouse with dimensions of 20 by 32 feet. This project will be located on lot two of block 89.

Rites Conducted For Negro Child

Graveside services for Dallas Houston Elliott, Jr., 18-month-old Negro child who died Friday afternoon while enroute to a San Antonio hospital by plane, was held Sunday at 3 p.m. in Castro Memorial Gardens here. Dennis Fumeral Home was in charge of arrangements.

The victim was enroute to San Antonio for emergency treatment when death came. He was returned here for burial.

The deceased leaves his father, mother and one sister and brother. The father is a sergeant in the Army.

\$250,000 Investment Revealed

Twenty New Homes To Be Started In Northwest Dimmitt By October 1

Another FHA housing project, representing an investment of \$250,000, will be started in northwest Dimmitt by October 1, according to R. B. Meacham, local builder and contractor who has contract for the job.

Twenty new homes of plain, partial and brick veneer construction will be built on a newly developed street adjacent to Northwest Seventh Street in the Youts Addition. Prices on the homes

will range from \$8,500 to \$12,500 and all construction will be under the supervision of the Federal Housing Authority. Eighteen of the new houses will be three-bedroom homes while only two will have two bedrooms. Some will have built-in features, such as a range and washing machine, and some will be of modernistic design.

The street on which the new homes will be built has been named Northwest Eighth Street. It has been paved and sewer lines have been laid to assure prospective home owners of complete utility service.

The project is the second of its kind in the Youts Addition. Some 20 homes have already been built on Northwest Seventh Street and are now occupied.

Despite the fact that some 50 new homes have been built in Dimmitt since January 1, more new homes are needed, according to FHA officials.

THE READER IS INVITED to try his or her luck at guessing the identification of this week's mystery farm picture, entitled Mystery Farm Number 33. The above aerial photo is that of a Castro County farm. The deadline for trying your luck at this "brain teaser" is Monday noon. Call the News Office, or still better, come by and tell a member of the staff whose farm you think is pictured above. The Mystery Farm Series is presented through the courtesy of Blanton Butane, Inc. The winner of last week's contest was R. B. Strother.

Big 3-Day County Fair Starts Here Thursday

The gaiety, excitement and color that marks festivities at all traditional county fairs will be present when the sixth annual Castro County Fair opens here September 15 for three days of livestock shows, agriculture product judging and carnival entertainment as well as such special attractions as a fair parade, croquet contest, flower show and quarter horse show.

Hundreds of county and area spectators are expected to visit the fair and midway as long-range planning and tireless hours of work by volunteer helpers has virtually assured a banner crowd for the big fall festival.

A parade of pooches, to be included as a part of the regular fair parade Saturday, Sept. 17 at 11 a.m. will likely provide plenty of laughter for spectators. Prizes will be given to dog owners, too, to add incentive and create interest in the canine display.

The huge fireworks display planned for the opening night of the three-day fair will be set off at 9 p.m. by fire department members. Sky rockets, buzz bombs and flying saucers will be only a few of the many kinds of fireworks to be touched off.

Judging at the fair will officially get underway at 9 a.m. the second day of the event. Judging women's and girls' divisions will be Mrs. Argen Draper, Deaf Smith County Agent, and Mrs. Mona Hildreth, Randall County Home Demonstration Agent. Other judges are: Ralph Harbin, West Texas State College dairy professor, who will judge Holsteins, Jerseys, Brown Swiss Milkings Shorthorns and Junior Dairy Divisions; Dr. M. R. Callihan, WTSC ag department head, who will judge Aberdeen Angus, Hereford, Junior Swine, Junior Sheep and Junior

Beef Divisions; and Dr. A. L. Crossland of the WT Animal Husbandry Department, who will score the Junior Poultry and Junior Rabbit divisions.

Castro County 4-H boys who have already indicated they will enter livestock in the fair are: Swine—Norman and Stanley Nelson, Alphonse Huseman, Jack Holmes Bradley, Bobby Bradley, Donald Renfro, David Schulte, Charles Axtell, Ralph Brockman, Jack and Mack Thompson, Mike

Goodwin, Dornie George, Ronnie Braddock, Eugene Hoyle and Donnie Nelson; SHEEP—Joe Nelson and Miles Sadler; and BEEF CALVES—Jim Cowser, Jack Sharp, Bobby Bradley, Jack Holmes Bradley, Kay Bradley, Richard Hunter and Mona Dell Hunter.

County Agent Marvin Simms reports that a number of boys and girls will also enter produce in the various divisions set up for this at the fair.

New Wilson Super Market to Hold Grand Opening Friday and Saturday

Open house to be followed by a two-day grand opening sale will mark the official opening of the big, new Wilson Super Market here this weekend.

Completed only two weeks ago, Mr. and Mrs. Raymond Wilson, owners, have been working along with employees in an effort to move everything that will be needed from the old location to their new brick building in southwest Dimmitt across the street from the Methodist Church. Open house was to be held Thursday night with refreshments and entertainment for all visitors. The big opening sale will be held Friday and Saturday (Sept. 9-10) starting at 8 a.m. on each day. Free gifts will be given children and adults will have the opportunity of winning beautiful prizes on both days of the opening sale.

The 75 by 100 foot brick and tile structure, one of the largest and most modern plants in Dim-

mitt, was built at an estimated cost of \$60,000. It contains 7,500 square feet of floor space and has six aisles or rows of self service shelves and counters. The building is completely air conditioned with refrigerated air by the Carrier system. A beautiful hand painted mural of a colonial estate overlooks the frozen food department in the rear of the store.

Added features of the store are a coffee bar for the convenience of shoppers, a kiddie corner for reading and drinking and a drinking fountain as well as complete restroom facilities for both men and women.

Another service feature is an inter-communication system for the convenience of both customers and employees. Popular music over this loud speaker system may be heard during the day. Also on the outside is a parking space large enough to accommodate 100 cars.

Interest was present but votes were lacking in Saturday's city bond election as unofficial returns show that 141 voters went to the polls and all five propositions listed on the election ballot carried by a substantial majority except proposition five which was given a narrow 12-vote margin.

A total of 75 voters endorsed proposition five calling for the development of a city park while 63 went against the proposition. Proposition one, dealing with \$109,000 in revenue bonds to pay off an equal amount of city indebtedness, carried by 61 votes as 99 okayed the measure while 38 voted no. Propositions two, three and four, measures calling for \$226,000 in various city improvements, carried like this: TWO—96 for and 42 against; THREE—92 for and 44 against; and FOUR—89 for and 47 against.

Only about one-fourth of the city's qualified voters went to the polls and city officials indicated disappointment over this. But, the fact that all measures carried was especially gratifying.

A breakdown of propositions two, three and four for the readers' convenience is as follows: TWO—\$141,000 of revenue bonds to finance improvements and extensions to the city's waterworks system, which includes six and eight inch water mains where needed as well as a new overhead water tower with a storage capacity of 250,000 gallons and a new well and chlorination system; THREE—\$50,000 in revenue bonds for improvements and extensions to the city's sanitary system, which will include about 8,000 feet of sewer lines in east and southwest Dimmitt; and FOUR—\$35,000 in general obligation tax bonds for street improvements which includes re-topping of worn out pavement and paving about 35 blocks of city streets.

Bonds will mature over a period not to exceed 35 years from the date of issuance and will bear interest at a rate of five percent per annum, payable annually or semi-annually. First Southwest of Lubbock and Central Investment Company of Plainview will handle the sale of bonds.

Election officials were G. P. Dyer, Mrs. E. L. Ivey, Mrs. Elvris Burch and Mrs. T. S. Buckmaster.

Results of the tube setting contest held at Hart Saturday show that Robert Hawkins demonstrated the greatest versatility among a field of 24 original senior and junior contestants by turning in the top time of 32.9 seconds to retain his championship title gained in last year's event. All contestants were required to set 25 tubes.

Placing second was Pancho Esparza of Hart whose time was 36 seconds. This was the third tube setting contest held at Hart. Hawkins won the last two times and Neil Wall, now of Colorado, won the first time the contest was conducted.

Jimmy Johnson took top honors in the junior division by setting 25 tubes in 37.2 seconds. His brother was second with 40 seconds and Harvey Garrison was third.

The contest was sponsored by the Hart American Legion and will be headed next year by Willis Hawkins, Jr., incoming Legion commander.

Playing their first football game in history before some 1,100 spectators, the Hart Longhorns under the tutelage of Coach Paul Boswell bowed to the New Home Tigers in a thrilling game on the Hart field Friday night. The final score was 25-7.

Despite the score, the Longhorns matched the visiting Tigers on first downs, each team making eight. Inexperience showed up on the Hart eleven, particularly in the first quarter, as two of the

Tiger touchdowns were scored in the initial period. The Longhorns settled down after that, however, and the teams played on fairly even terms.

Halfback Jimmy Brown led New Home with two scores while Quarterback Melvin Aven sparked the Hart attack. In the second quarter, Aven heaved a 45-yard aerial to end Norman West for Hart's score. The versatile quarterback then proceeded to run across the goal line for the extra point, leaving the Longhorns only two touchdowns behind. The score remained 19-7 until the fourth quarter when New Home tallied again. Jimmy Dean and Joe Milliken made New Home's other two scores.

Aven tossed two completions for Hart for a total of 60 yards. The Tigers made 306 yards rushing while the Longhorns made 171 on the ground and through the air.

The Hart line gave a good account of itself in the first tilt with such linemen as James Webb, John Lacy, Monte Phillips and Ronald Clark showing up.

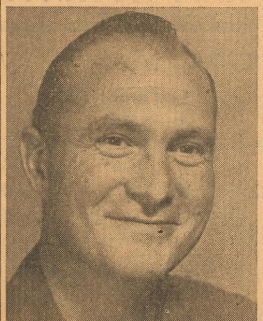

Immediately following the Friday night game, Coach Boswell reportedly started prepping for the second encounter of the season which will be against Ropesville and will be played at Ropesville.

Ropesville lost heavily through graduation and has a comparatively light squad. Boswell and his assistant Coach Charles Barnard hope to break into the win column in their second contest. This will be a non-conference tilt just as the New Home game.

The Longhorns will return home for a non-conference game with Kress on Friday night, September 16.

Leo Fields, Head Coach

Bobcats and Owls Start Season Friday Night

ALVIS FUQUAY
... Line Coach

Already picked by some area sports writers to wind up third in the District 2-AA final ratings, the Dimmitt Bobcats are girding for a tough game with the Silverton Owls here Friday night. Game-time is 8 p.m.

Although this will be the local eleven's first time to play in District 2-AA, they aren't a bit happy over pre-season predictions and will probably play every game, district or non-district, for keeps. If anything, this has aroused their spirit and should make them more determined than ever to make the opening tilt a success.

Tentative lineups for Friday night, as released by Coach Leo Fields, follows: OFFENSE: center, Billy Gafford; guards, Wilson

DiCuffa and Carrol Herring; tackles, Jimmy Cole and Donald Cheek; ends, Joe Ben Mitchell and Jimmy Manning; quarterback, Don Moberly; righthalf, Alton Whitworth; fullback, Monte Boozer; and lefthalf, Don Sheffy.

DEFENSE: center guard, Dale Russel; tackles, Jimmy Cole and Jimmy Johnson; ends, Wayne Collins and Monte Boozer; outside linebackers, Alton Bates and Joe Mitchell; inside linebackers, Alton Whitworth and Jerry Brown; and halfbacks, Keith Lowe and Zay Gilbreath.

Guiding the fortunes of the 1955 grid squad will be newly-elected co-captains, Jerry Brown and Alton Bates.

The Bobcats will likely operate from the split-T formation Friday night and will depend mainly on running for their yardage. Although, Fields said Wednesday

that his crew would probably toss a few passes. Plunging fullback Monte Boozer, who tips the scales at 200 pounds, will carry the pig-hide when vital yardage is needed. Quarterback Don Moberly, a good field general last fall, will direct plays from the quarterback slot. A line averaging about 180 pounds will get a chance to prove its metal against the Owls, too.

The visitors lost only three starters from last year's squad and should field a good club. Their coach, Buddy Travis, will have a team that can both pass and run.

Of the Owls, Fields stated, "We're playing them blind and are hoping for the best. I feel it will be a much harder game than the boys are taking it." He added, "Our strong point is good spirit and the fact that the boys are working hard."

At least 1,500 fans are expected for the opening game.

From the
Castro County Grain Company
By Edd C. McLeroy

Enter Your Dog in the Purina Pooch Parade

For several years we have felt that every youngster in Castro county who has an animal or pet should be given a chance to show or display his prize possession. This year Castro County Grain Company is giving the youngsters in this area a chance to parade their prize pooches during the annual Castro County Fair parade. Entry blanks, rules and regulations on this pooch parade are available at our office. So kids, under 16 years of age, get a collar on your dog and teach him to lead by Sept. 17. If you've got a big or little dog, purebred or mongrel, be sure to enter him in this show. You've got a fine chance to win a dandy prize and one of the five ribbons given in each class. There'll be a big rosette for most popular dog and best purebred.

Just look over these classes and decide which ones you want to enter—then come in for an entry blank.

1. Cutest Puppy
2. Best Dog and Child Costume
3. Dog With Longest Tail
4. Biggest Dog
5. Smallest Dog Over One Year of Age
6. Dog With Most Spots
7. Dog With Most Unknown Ancestry
8. Best Purebred Dog

This Purina Pooch Parade will be held in connection with the annual Castro County Fair, Saturday, Sept. 17 at 11 a.m. The fair parade will assemble south of the First Methodist Church on the day of the parade, so plan now to enter your pooch with us by 6 p.m. Friday afternoon, Sept. 16, and we will give you more details on this gala event.

Remember every dog must be led and the owner must be able to control his or her dog at all times.

Pays for itself the 1st day!

OPENING FOOTBALL GAME! *Don't miss it!*

SEE THE CLASS AA

Dimmitt Bobcats

vs. THE CLASS B

Silverton Owls

Bobcat Stadium

Friday at 8 p. m.

The Dimmitt Bobcats, under Coaches Leo Fields and Alvis Fuquay, will play their first official game as a Class AA team Friday night. The Bobcats will be seeking to further the reputation they earned in the past in Class B and Class A. They'll need your help as they tackle the always-tough Silverton Owls.

UPER MARKET

Mrs. J. W. Benson and Susan spent last weekend in Wichita Falls visiting the Cecil Vandivers.

Mrs. Etta Brashears visited Mr. and Mrs. Jim Richardson at Hereford last Friday.

Mr. and Mrs. Bert Fuller went to Muleshoe Wednesday where he is receiving medical treatment.

Wynn-Lee Wedding Vows Pledged In Church Ceremony At Huntsville, Ala.

The Fifth Street Baptist Church of Huntsville, Alabama was the scene Saturday evening of the marriage of Miss Marie Wynn, daughter of Mr. Herbert Wynn and the late Mrs. Wynn of Cleveland, Alabama and Leland W. Lee, son of Mr. and Mrs. Leland C. Lee of Dimmitt.

M. G. Wilson, minister, read the double ring ceremony before an altar decorated with white gladioli, fern and white candles in branched candelabra.

Mrs. Lucille Stewart, pianist, presented the nuptial music and Mrs. Anna Boyer sang "Because," and "The Lord's Prayer."

The bride chose her sister, Miss Shirley Wynn, of Cleveland, to be her maid of honor and only attendant.

William Payne of Huntsville was best man. Ushers were Bill Wat-

MRS. LEELAND LEE

son and Corbet Cornelson of Huntsville.

The bride, who was given in marriage by her father, wore a ballerina-length gown of white chantilly lace over blush-pink satin. At the sweetheart neckline were rosettes of iridescent sequins. A veil of illusion flowed from a Juliet cap of chantilly lace trimmed with seed pearls and sequins.

The bride's bouquet was a white orchid with white carnations and tied with white satin streamers. Mr. and Mrs. Lee departed immediately following the ceremony for a honeymoon trip to the Great Smoky Mountains. Upon their return they will reside at 1305 East Clinton Street in Huntsville.

Mr. and Mrs. Lee are both members of the Ordnance Missile Laboratories staff at Redstone Arsenal. She is employed in the photographic laboratory and he works in the design branch of the Rocket Development Division.

Guild To Sponsor Local Girl Scouts

The Wesleyan Service Guild met in the home of Mrs. Bill Graham, Sr., Tuesday. There were 20 members present. Hostesses were Dorothy Sheffy and Frieda Howard.

There will be a meeting for officer training next Sunday at Bovina. All Guild members voted to be sponsor of Girl Scouts and Brownies. Dorothy Sheffy, who is an active worker in Girl Scouts and Brownies, gave a brief talk on the reorganizing and reactivating of these two organizations. Myrtle Lois Moran was elected Guild representative to the Girl Scouts and Brownies.

The next meeting will take place at Carol Dyer's home on October 3.

McMahons Have Family Reunion

Mr. and Mrs. R. V. McMahon had a family reunion in their home Sunday with all their children home for the occasion.

Present were: Mr. and Mrs. P. A. Bishop and Gerald, Wichita, Kansas; Mrs. W. A. Meachum and Cherye Kay, also of Wichita; Mr. and Mrs. W. D. Terrell, Borger; Mr. and Mrs. R. V. McMahon, Jr., and Keith, Mr. and Mrs. Raymond Mobley, Kent, Karla and Kirk, Mr. and Mrs. Darrell Kennon, Ronnie and Paulette, Mr. and Mrs. Johnny Powell and Becky Dianne, all of Dimmitt.

Also present were Mrs. Oeta L. Borden, sister of Mrs. McMahon and Mrs. Bob Jordan, Curtis and Steve, Lubbock.

Bill Meachum was unable to be present. He is in the hospital in Wichita, Kansas.

Tractor Show Is Scheduled Here

Buck Powell, owner of Powell Tractor Company here, this week announced that he would conduct a special Ferguson "See How" Night Demonstration Tuesday, September 13, at 8 p.m. at the company location in north Dimmitt.

Powell said he decided to put the special demonstration on at night so that it would not interfere with the farmers' busy daytime schedule. He added that special never-before-used demonstration devices and techniques will be applied so that farmers will get a clear picture of the Ferguson system.

Tractor experts will be present to explain the Ferguson tractor as it is put through its paces. Olen Omstead, district sales manager, will be on hand for the demonstration.

Special door prizes, movies and refreshments are added features for the evening.

Book Club Slates 1st Fall Meeting

The Dimmitt Book Club will meet Wednesday, Sept. 14 at 4:00 o'clock, in the district court room. Margaret Foster of Canyon, will be guest reviewer. Mrs. Foster will review "Love is Eternal," by Irving Stone.

This is the full, beautiful, humorous, joyous, dramatic and tragic truth about Mary and Abraham Lincoln. It is one of the most interesting and compelling stories ever lived in America, according to reports.

The review is open to everyone. There is a 30-minute business meeting preceding the review.

Sunnyside HD Met In Howard Home

The Sunnyside Home Demonstration Club met Wednesday afternoon with Mrs. Noble Howard. Mrs. Jack Ebeling, Mrs. Robert ducted the meeting. Arrangements were made for participation in the Castro County Fair.

Mrs. Noble Howard then gave a demonstration of the making of pastry and a chery pie.

The hostess served refreshments to the following members: Mrs. Irving King, Mrs. Billie King, Mrs. Jack Ebeling, Mrs. Robert Duke, Mrs. Cecil Curtis, Mrs. R. A. Axtell, Mrs. Rex Jenkins, Mrs. Roy Phelan and Mrs. Thompson.

Desirable Wheat Seed Available In County

Since wheat varieties reportedly are now available on a limited scale, Castro farmers will be interested to know that Comanche and Wichita seed may be obtained in the county and at the Agronomy Department at Texas Tech

College. George Bagwell, who farms west of Dimmitt, has a supply of Comanche, one of the currently recommended varieties. Wichita, also on the recommended list, may be obtained at the Tech Agronomy Department. It is sacked in 100 pound lots and is available at six cents per pound.

Something DREAMS ARE MADE OF

Dreaming of a home of your own? Let us show you how you can start at once to make that dream come gloriously true... much sooner than you think!

If you have the will to own your own home, we have the way. And it's as simple as this: Put your savings to work with us on a definite program that calls for the deposit of a specific amount every pay day. Here your money will earn generous dividends to speed the size of your "nest egg." Hold steadfastly to your savings program and before you know it, you'll have "what it takes" to make your dream come true!

Mexican Laborer Buried At Hart

Funeral services for Calistro Reyes DeLeon, 52-year-old Mexican laborer who worked on a farm near Hart, were conducted Monday at 3 p.m. in the Hart Assembly of God Church. Burial was in the Hart cemetery under the direction of Dennis Funeral Home.

The Mexican died Saturday at 8 p.m. of a heart attack while enroute to Hart from his home on the E. L. Jobe farm, east of Hart. Born in Del Rio in 1903, the deceased leaves a wife, four sons and three daughters and one brother and sister.

Richard Hunter, Stanley Nelson Win Top Awards In County Tractor Event

Richard Hunter, Dimmitt senior 4-H Club member, and Stanley Nelson, Dimmitt junior 4-Her, were declared winners in the Castro County 4-H Maintenance Tractor Contest held at the local fair grounds Saturday. Young Hunter placed first in the senior division of the contest with 244 points out of a possible 300 and Nelson was tops in the junior division with 253 points out of 300.

Some 45 persons witnessed the event, which was termed as "highly successful." Hunter is now eligible to enter the District contest in Amarillo next spring. The District event does not provide for a junior champion.

Other winners in the senior division were: 2nd—Bobby Bradley 242 points; and 3rd—Jack Bradley, 233 points. Others participating were Denis Hoelting, Norman Nelson, Larry Dobbs, George Huseman, Jerry Hodges, Donald Renfro, Alphonse Huseman, Leroy Hoelting and Joe Ed Pohlmeier.

Other junior winners were: 2nd—Burrus McRee, 221 points; and 3rd—Dennis Hodges, 217 points. Others in the junior contest were Lary Phelan, Glendon Wear, James Burgin, Dean Lilley, Austir Hodges and Charles Axtell. Boys in this group did not operate a tractor with a trailer attached.

The contest was judged on a written quiz, demonstration on inspection and starting of a tractor

and tractor operators contest. Judges for the operation phase of the contest were Buster Cooper, Jim Hays, Buck Powell and Lee Renfro. Judges for inspection and starting were Jack Bradley, J. N. Burgin and Ray Axtell. The written quiz was supervised by Steve Taylor and Miss Mae Nell Curtis. A number of other persons rendered valuable assistance in the event.

Tentative plans, according to County Agent Marvin Sims, is to conduct a tractor operator's contest in connection with the county fair, Sept. 15-16-17. Winners of the county contest would participate.

C of C Endorses Fair Parade Float

Castro County Chamber of Commerce board of directors, meeting Tuesday morning, agreed to assemble and enter a float in the county fair parade to be held here Saturday, September 17.

Board President T. E. Harrison, Sr., asked Chamber Manager Glen Youts to organize a float committee to assure the building and entering of a float in the parade. He also called on merchants over the county to enter floats to assure the success of a county parade and not out-of-county parade. Youts also urged directors and other interested persons to talk up the fair (Sept. 15-16-17). "We've been having a good fair and there's no reason why we shouldn't this year," Youts remarked.

Directors also agreed to sponsor a public weigher for all cotton and grain brought here for sale or storage. A premium for the first bale of cotton grown and ginned in the county was discussed and a committee was appointed to make arrangements for this. Named to this committee were George Bradford, Charlie Hays and H. E. Wall.

Youts told the group that street markers have been received and will soon be installed. Methods for selling and installing the markers were discussed but nothing definite was worked out.

Six directors along with the president and chamber manager were present for the regular monthly meeting.

New Cafe Opens In Dimmitt Saturday

A new cafe will open in south Dimmitt on Highway 51 Saturday under the management of Mr. and Mrs. Grady Ulmer, who moved here recently from Childress.

Located in a new building near the south city limits which was built by local businessman Claude Forson, the owners will offer free doughnuts all day on their opening day.

The Ulmers operated a hotel in Childress nine years prior to coming here and are experienced in the cafe business. Mrs. Ulmer was supervisor of the Childress High School cafeteria for 11 years. They have one son, Jerry Glenn, 13 years old. He is an eighth grade student.

The Ulmers will serve the best of foods and assure customers of courteous and efficient service.

Mr. and Mrs. B. M. Nelson, Bascom, Don, and Verbie spent last week end at Ruidoso, N. M.

about dimmitt and castro county

by b. m. n.

(Continued from page 1)

new store will also have a self-service meat counter like you see in big towns, and by the way it's along the same principle of the 4x6 foot meat table that I mentioned, so that you can reach in and get your choice of meat cuts without bothering P. O. Goodwin, who will be sitting in an easy chair where the meat block used to be and probably reading a funny book. After you do all the work, pushing the buggy over the acre and a half store until you finally find your box of salt and bunch of green onions, the clerks will accommodate you by taking your money and showing you the door.

The new Wilson Super Market is a fine store and a credit to Dimmitt, and another example of a business man's confidence and faith in this fine area.

Cub Scouts To Have Fair Parade Float

Cub Scouts of Dimmitt will meet at the local Legion hut Tuesday, September 13 at 4 p.m. to organize dens for the new year and make plans for a fair parade float.

All members as well as prospective members are urged to attend. This will be the first meeting of the new year.

Mother Of City Woman Dies Of Heart Attack

Funeral services for Mrs. T. L. Devin of Tullia, mother of Mrs. Lewis Allen, local resident, were to be held in Tullia today (Thursday) with interment in the cemetery there.

Mrs. Devin reportedly died of a heart attack at her home in Tullia Wednesday morning. Mr. and Mrs. Allen were to attend services.

Mr. and Mrs. H. H. Houtchens, Mrs. Willie Waggoner, Mrs. R. B. Boren, and Mrs. Faye Holland are spending this week at Red River, N. M.

Mary Nelson of Dimmitt and Geneva McLair of Hart are at Lubbock this week, where they are attending Rush Week at Texas Tech.

Sheriff's Office Probes Cause Of Runaway Tractors

Castro County sheriff's deputies were busy this week investigating an unusual case involving two runaway caterpillar tractors, one of which caused hundreds of dollars of damage to fences, crops and other property in the northwestern part of the county before it could be brought under control.

The incident, according to Deputy Sheriff "Pie" Montgomery, had its beginning Saturday night at a construction camp some 11 miles northwest of Dimmitt. The camp is maintained by Midland Construction Company which is in the process of constructing and installing a high line between Hereford and Plant X at Earth, Montgomery told a News reporter the following story:

"Two caterpillar tractors were cranked and turned loose. Both went into a lake bed; one stalled and the other continued on about four miles across irrigation ditches, feed patches and fences, finally crashing into a farm home owned by Julian Johnson about eight miles south of Hereford on Twenty-five Mile Avenue. The Johnsons were eating supper at the time, but no one was injured. One of the family got on the tractor after it struck the side of the house and stopped it before it went through the home."

The deputy sheriff said damages would run into the hundreds of dollars. He added that an investigation into the cause of the incident would be continued by the sheriff's office.

Time of the accident was between 8:30 and 9:00 p.m.

Recent visitors in the home of Mr. and Mrs. Verle Crick and Mr. and Mrs. W. C. Crick were friends from Harlingen, Texas, Mr. and Mrs. Ronald Carey; Mrs. Verle Crick's father, Mr. R. E. Hughes and Clifford and David of Estancia, N. M.; a sister, Mrs. Luther Smith, and family; two sisters of Mrs. W. C. Crick, Mrs. J. L. George and Mrs. R. J. McDill of Oklahoma City; Mr. and Mrs. Fritz Smith and son, also Miss Marie Ames of Brazil, Ind.

Hart P-TA to Give Melon Feast Tuesday

The Hart Parent Teachers Association is giving a watermelon feast at 8 o'clock Tuesday night, Sept. 13 in the high school gymnasium. Getting acquainted with our new teachers and renewing friendships with the others will highlight the entertainment. However, the hospitality committee is putting their heads together in order to animate a number of unusual games that can be played in the gym.

Everyone interested in school, in the parents, in the students or the teachers, please come.

Gary Wyatt returned Wednesday from a three-month vacation in Dallas and Jacksonville, Florida where he visited an aunt and uncle, Mr. and Mrs. Leo L. Barrows and his father, Ralph C. Wyatt.

Mr. and Mrs. Ray Bearden and Yvonne spent last week end in Santa Fe, N. M. They were accompanied by Mrs. Jack Gregory and Don, who visited Mrs. Gregory's brother there.

Dimmitt Battery And Electric Opens Here

Dimmitt Battery and Electric officially opened here this week with headquarters near the north city limits in the old Blocker service station building on Highway 51.

Owned and operated by Bill Cooper, the new business will specialize in battery and generator service and will offer general auto repair service as well.

Cooper will guarantee all work and promises courteous and efficient service.

DIMMITT IMPLEMENT CO.

LANDSCAPING

- Levelling and Terracing of Yards
- All Size Moving Jobs
- Grass Seeding
- Sod Planting
- Post Holes

I am continuing to render the same type of service you were accustomed to receiving while I was working for and with Mr. Wilson.

"All types of work that can be done with light power equipment"
