BIG SQUAD OUT AS STEERS HOPE FOR BEST YEAR

With a squad of 30 on hand for the first week of football drill, Coach C. D. Manire is hopeful that 1956 may see the Robert Lee Steers climb to the top of West Texas Class B gridiron play.

It's the biggest squad to turn out here in a long time and includes a number of freshmen. Success of this year's club is expected to result from eight seniors who will be at their peak this fall.

All of the regulars back from last year have come out for early practice, except Sammy Joe Duncan, who is recovering from a minor illness and may have to miss the first game. Duncan and Frederick Ashworth are co-captains.

Robert Lee had a good season last year, tying for the loop championship and winning a toss to go to the regional. Only three regulars, all standouts were lost by graduation. They were Bill Simpson, tackle, Jerrel Harmon, end, and Roland McArthur, center.

Leslie Hatfield, Wade Anderson and Bill Dean of Silver joined the Steer squad and another player from Silver was expected to join up later in the week.

Manire, who is starting his second year as Steer Coach, says most of the boys are in good shape and several of them have picked up weight. Conditioning exercises were stressed the fore part of the week, but some scrimmage work is scheduled for Friday. Drills are being held twice daily this week, and a scrimmage will take place Saturday night under the lights.

Henry Nease is assistant coach and is helping round a team into shape with their opening game here Friday night of next week, Sept. 7, against Lueders.

The marching band has been holding regular rehearsals and will be ready to perform when the gridiron season opens next week.

JACKIE SPARKS HONORED

Miss Jackie Sparks was honored with a Bridal Tea Saturday afternoon in the home of Mrs. John McDaniel. Assisting hostesses were Mrs. Marvin Simpson, Jr., Mrs. Lonnie Thompson, Miss Rose Marie Sawyer and Miss Voleta Harwell. Miss Sparks and Ralph Walker will be married Saturday, Sept. 1, at 8 p.m. at the Robert Lee Baptist Church.

Jack Brock Gets New School Job

Jack Brock last week accepted a position as high school principal at Shallowater, after resigning a place at Wink which had previously been offered him.

Mr. and Mrs. Brock and children left Wednesday for their new home. Shallowater is ten miles west of Lubbock in an irrigated farm community.

The Brocks sold their Robert Lee residence, a block south of the court house, to Howard Varnadore.

Mr. Brock was a member of the teaching staff at Robert Lee high school the past five years. He attended summer school at Hardin-Simmons in Abilene and was awarded a Master's degree in Education there Friday night.

QUARTERBACK BARBECUE

A barbecue honoring Coach C. D. Manire and his football squad will be served at 7 p.m. Friday night of this week at the athletic field. The event is sponsored by the Quarterback Club, which will also hold a meeting and elect new officers. The public is invited and urged to attend the barbecue and encourage the Steers as they start a new gridiron season, which should be one of the best in many years. Genie Baker is chairman of the barbecue committee and Henry Childress is the chef.

STORES CLOSE LABOR DAY

Next Monday, Sept. 3, is Labor Day and most Robert Lee business places and offices will be closed the legal holiday.

Little Change In Coke County Vote Canvass

Chairman R. B. Allen and members of the County Democratic Executive Committee were in session at the court house Tuesday afternoon for the purpose of canvassing the vote in Saturday's runoff primary election.

No change from the unofficial returns was found in the vote for Governor in which Yarborough led Daniel 479 to 349. Returns received Saturday night failed to include the Tennyson vote, except for Governor.

Official complete vote for Representative was 421 for Bishop and 380 for Grindstaff. In the Attorney General race Will Wilson got 586 votes in Coke County, compared with 222 for Tom Moore. Ben Ramsey, unopposed for Secretary of State after Senator Aiken decided not to compete in the runoff, polled 791 votes.

R. B. Allen was re-elected as County Democratic chairman for another two years, and five new precinct committeemen were chosen, as follows:

Ft. Chadbourne — Jesse Parker replaces Royce Fancher.
Tennyson — Sam Gaston replaces E. D. Little.
Silver — Bob Odom replaces H. L. Bloodworth.
Edith, D. O. King replaces Ralph Garvin.
Walnut — Carl Munn replaces Elton Mims.

SUN OIL CO. PICNIC

Sun Oil Company's annual picnic for its employees and their families was held Friday at Central Fire Station Park in San Angelo. Playground facilities under the river bridge were taken over by the company during the afternoon, providing free rides for all the children. Fred Harris catering service served a tasty plate supper, with each plate receiving one-half barbecued chicken. Attendance was estimated at 425. The event was sponsored by the production and gas departments of the company in Coke County and the Fort San area. Arrangements were in charge of Jake Higginbotham and John Shimer, Sun superintendents at Silver.

LEAVES HOSPITAL POSITION

C. R. Madden, administrator and laboratory technician at Coke Memorial Hospital the past eight months, has resigned. He and his wife left Tuesday of last week for South Carolina where he accepted another position. Mrs. Madden was anxious to get back near her former home in the east.

MORE THAN 800 BALLOTS CAST IN 2ND PRIMARY

More than 800 Coke County voters turned out Saturday to cast their ballots in the Democratic runoff primary election. It was about two-thirds the number who voted in the July 28 primary.

Coke made a big switch to Ralph Yarborough, giving him a majority of 130 votes over Price Daniel in the governor's race. Yarborough was third in the first election in which W. Lee O'Daniel was strongly favored.

Indications are that most of the O'Daniel support changed to Yarborough. He also seemed to gain strength after the national convention in Chicago, as Yarborough pledged himself to back the national Democratic ticket, while Daniel was lukewarm on that matter.

Unofficial returns indicate Daniel has a lead of 3,500 votes over Yarborough, but the outcome will not be decided until official canvass of the ballots Sept. 10 by the state committee.

Coke County also gave a majority of 41 votes to A. J. Bishop over E. J. Grindstaff in the runoff for State Representative. Returns from the 4-county district indicate Bishop retained his legislative seat by a close 100 votes.

Will Wilson ran far ahead of Tom Moore for attorney general, the vote being 568 to 222. Wilson was favored over the entire state by a vote of more than 2 to 1.

Ben Ramsey, unopposed for lieutenant governor, polled 791 votes in Coke County.

Only nine absentee ballots were cast in the runoff. Two of them could not be counted, as they were not properly certified on the back of the envelope.

MOVE TO CORPUS CHRISTI

Donald Mauldin last week moved his family to Corpus Christi where they will occupy a new home at 5829 Kimbrough Drive. Donald has a good position as foreman with the Jesse Edwards Trucking Co. in Corpus Christi. His wife has been helping with extra work in the ASC office here the past few weeks.

FRANK COALSON

Yarborough Bests Daniel In Coke Vote

Coke county voters switched to Ralph Yarborough in Saturday's runoff primary, giving him a majority of 130 votes over Price Daniel. In the July election, Pappy O'Daniel was high in Coke with 495 votes, Daniel had 303 and Yarborough 197.

Robert Lee and Bronte gave Yarborough his heaviest support, while the remainder of the county favored Daniel. Walnut voting box, out near Water Valley, cast 21 votes for Daniel in July, and did the very same thing Saturday. Sanco and Silver were other boxes favoring Daniel. Following is the official vote:

	Daniel	Yarborough
Robert Lee	80	178
Bronte	80	144
Ft. Chadbourne	8	12
Tennyson	14	26
Divide	9	2
Sanco	20	2
Silver	75	60
Edith	15	19
Wildcat	7	6
Olga	5	3
Walnut	21	0
Lometa	3	5
Hayrick	2	3
Juniper	8	14
Absentee	2	5

TO HAVE HEART SURGERY

Barbara, 13, youngest child of County Treasurer Mrs. Gertrude Gray, is expected to undergo heart surgery next Tuesday at Texas Children's Hospital in Houston. Mrs. Gray and her son, Jimmy, took Barbara to Houston two weeks ago, accompanied by Mrs. Mary Phillips of Bronte and Mrs. Orb Kiker of Rotan. While in Houston Mrs. Gray and Barbara have been staying with her nephew, Orbie Ray Kiker. Barbara remained in Houston, while her mother came home for a few days. Mrs. Gray will return to Houston Saturday.

Telephones In Rural Section of Coke County

We have the word that the engineer who is preparing plans and estimates for the REA to study the telephone project is not yet actually in the hands of the REA people. After it does reach them will be several weeks before they can tell us what we are waiting to know.

Now while we are waiting, it might be well for us telephone subscribers to face up to some facts that may have a lot to do with how this thing will look a few years from now.

In 1930 there were 387 telephones in farms in Coke County. In 1954 the number had shrunk to 245 — 42 less.

Now if we are going to have an adequate service in Coke County of any kind, on the farms and ranches, we are either going to have to keep all the farmers and ranchmen we have got, or else those that will be left will have to pay plenty for it.

Let me emphasize that in this writing I speak only for myself, and not for anyone else, but before I would say let's go ahead and set up this co-op, I can already see that I would have to be pretty sure that the farmers and ranchmen now on the farms and ranches are GOING TO STAY IN BUSINESS.

In 1930 there were 838 farms and 838 farmers in Coke County. In 1954 there were 419 farms and 419 farmers — exactly half. These figures are found in Agricultural Census Information compiled by A&M College, and can be seen in the office of County Agent Jack Waide.

If this downward spiral keeps on, some other people besides farmers are going out of business.

The sheep business and the stock farmer can be saved. But it isn't going to just happen automatically. There are some things we have got to do individually, and some things we have got to do together, and that goes for the man in town too, especially the town that depends partly on the farm trade.

Now this may sound like some pretty broad statements, but if the editor has the space, I believe we can make these statements stand up and go somewhere. — Ulmer Bird.

Dickey Lauds Mexico And Its Citizens

In reply to your request that I give you a brief story on Mexico for The Observer, I submit the following, with the hope that it will be of interest to the readers.

About Mexico and the Mexicans, they are grand, and this classification can be verified by those tourists who have gone on from Monterrey to climb the mountains and enter the valley which overwhelmed Cortez and his dauntless band of conquistadores with its splendor. Those who turn back at the foot of the hills get about the same kind of an impression of Mexico that a Mexican would get of the United States by coming over the Border and to Lordsburg and no dice. Its climate and scenery are farther.

The Valley of Mexico is a paragon of interesting and beautiful. Flowers, fruit and vegetables are plentiful and of finest quality.

The oldest civilization on the North American continent originated in Mexico. Fused with the heritage of the Toltec, Maya, Aztec, and the European, it flourishes today, — unique, pure, and strange. The strange and un-understand-

able forces that have isolated the Mexican people and their wonderful country are being overcome at an increasing speed. The "Good Neighbor" policy is bearing fruit; strangely, the Mexican was first to learn to separate the Gringo wheat from the Gringo chaff.

I found neighbors South of the Border worthy of the greatest respect. I met fellow Americans in Mexico who were true ambassadors of good will. I regret to say that such was not always the case.

I wish that we had some way of screening the tourists from this side. It doesn't seem fair to our lady and gentlemen tourists to have to be embarrassed by some "heel" with the same kind of a passport.

To all those planning a vacation trip, I recommend Mexico, with its excellent hotels, food, recreation facilities, and pleasure resorts — its fine arts, history, churches, temples and buildings, ancient and modern.

Most of all, I recommend the Mexicans, unexcelled in grace, quality, and charm. Those who know them love them. I and mine thank God that we know and love the Mexicans. — Frank C. Dickey.

back at his home after being hospitalized two weeks at Colorado City. He is much improved.

O. F. Bradham, Sun roustabout gang pusher, has returned with his wife from a month's vacation.

Mr. and Mrs. Clyde Hornback and two children visited Silver friends last week while vacationing in Texas. A former Sun engineer here, Mr. Hornback was transferred to Brookhaven, Miss., a year ago.

Mr. and Mrs. B. B. McDougale returned home last Thursday night from their month's trip to Europe, having traveled by air all the way from San Angelo and return. They visited several European countries and spent some time with a niece, whose husband is stationed in Germany. The McDougales report a wonderful experience, but were not too highly impressed with European food. They took lots of moving pictures which will be shown to their friends, but are not sure all of them will be good as the weather was rainy much of the time.

Coke County Include in State Hay Program

Walter T. McKay, State Director, Farmers Home Administration, has advised Paul C. Shillingburg, FHA County Supervisor, of the designation of Coke County under the Hay and Roughage Program for Texas.

Applicants to participate in the Hay and Roughage program will be received by the ASC office, located in the courthouse at Robert Lee.

The Hay and Roughage Program was worked out between the governor and secretary of Agriculture to provide emergency assistance to farmers and ranchers in

the State's designated disaster counties. Under the program, the local FHA committee will determine each applicant's eligibility and will issue a certificate good for \$7.50 per ton on roughage actually purchased. The applicant will then apply the certificate on the purchase price of roughage from any dealer he chooses. The dealer endorses the certificate and draws a draft on the Emergency Drouth Committee's account.

Applications may be filed through December 3, 1956, for a supply of roughage needed to last through Dec. 31, 1956. Roughage under the program includes hay, either baled or loose, cotton seed hulls, peanut hulls, corncocks, sorghum bundles or ensilage.

Grain Program Extended

McKay also advised Shillingburg of the extension of the Emergency Feed Grain program in Coke County. FHA county committees may now take applications from farmers and ranchers through Oct. 1, 1956, to provide feed for basic livestock herds through Oct. 31, 1956.

The emergency feed grain pro-

gram is now authorized in 12 counties in Texas, McKay said.

SMALL TALK

By A. J. K.

Our letter last week was written from a point south of Chicago where we stopped over night. Traveled through the wonderful farm country of northern Illinois much of the following day, touched Joliet, then up to Rockford and crossed the Mississippi at Dubuque into northeastern Iowa.

That section of the "Tall Corn State" is very good except in spots where rainfall has been deficient. Southwestern Iowa, however, was hard hit by drouth this year. I went out with Uncle Tom in his corn field which he figures will yield about 65 bushels an acre. It made 127 two years ago, but was almost a failure last year because of drouth. He said he had measured only 11 inches of rainfall this season.

We visited my mother-in-law, Mrs. Eugene Owen, at Allison and with Dad Owen, who is in pretty bad condition in a nursing home following a stroke. He was 81 years old last week and Mrs. Owen is 80. She is doing good under the circumstances. The Owens visited us in Robert Lee in past years and have a number of friends in Robert Lee.

Also had nice visits with Uncle Tom and Aunt Jennie Shafer, who reside on their farm 2½ miles from Clarksville. They choose to remain on the farm and hire planting and harvesting of their crops. Both are fine considering their ages of 86 and 85. They will observe their 67th wedding anniversary this year.

Violet and I were both pretty well tired out traveling and decided not to go on to Nebraska to visit my sisters, so we hit for home Thursday, Aug. 23, and still had a 1,200 mile trip ahead of us. We went down through southern Iowa into Missouri to Kirksville, Columbia and Jefferson City.

Here we entered the Ozark country and went to Bagnell Dam and on down to Camden for the night. Next day we continued west to Nevada and south on Highway 71 to Neosho, Mo., then west into Oklahoma and on to Oklahoma City for the night.

We got back to Robert Lee about 4 p.m. Saturday, tired but happy to be home. Much of Oklahoma was terribly dry, but Missouri was in pretty good shape for moisture.

Had a chance to rest up over the weekend and was ready for work Monday. Happy to know that the paper was in good hands while we vacationed three weeks. Our thanks to Mrs. Yarbrough, Mrs. Tinkler, our son, Tommy, and the Enterprise folks at Bronte.

Sam Powell is reportedly to be resting comfortably in Shannon hospital where he has been a patient since last Wednesday.

TO THE VOTERS OF THE 77TH DISTRICT

It is with gratitude and humility that I express my appreciation to the people of the 77th District. I was re-elected representative, because of you, the voters who supported me so wholeheartedly in the primary, and to whom I am deeply grateful. To my loyal friends, I wish to say Thank You again.

It will be my goal to uphold that trust and confidence you have placed in me.
