MENARD COMES FRIDAY NIGHT FOR GRID TILT

Menard Yellowjackets come to dogs appear in Robert Lee on the night of Nov. 8.

Menard's record this year is not too bright. After opening with a 33-0 win over Melvin, they lost 32-0 to Mason and tied the strong Boerne club at 13 all. The Yellowjackets licked Eden 34-18 but last week suffered a 64-0 defeat from Class AA San Saba.

Alex Crowder is the new coach at Menard and seemed to be bringing his squad along in fine style. The Yellowjackets were not at full strength last week, but are expected to be in shape when they travel to Robert Lee this Friday.

Robert Lee looked better than it has all season in winning last week's tilt from Eldorado. The entire team shows improvement and the squad seems in good physical and mental condition as it starts the second half of a schedule of ten games.

After the Menard battle, the remaining four contests will be against conference foes in District winner two years, State Fair in basketball and was chosen 6-B. Silver Indians Meet Loraine In Last Home Game

Silver junior high footballers lost their first game of the season last Thursday night when they were defeated by a rugged 8th grade club representing Robert E. Lee junior high school of San Angelo. The score was 20-13.

Coach Moon Mullins has a big squad of youngsters to pick from in the San Angelo school out on Sherwood Way.

Coach Guy Wheeler of Silver says his boys played good ball but were out-manned.

A return game will be played in San Angelo Thursday of next week, but site of the contest has not been announced.

Silver Pee Wees (5th and 6th) graders) won their opening game at Sterling City Tuesday of last week, 19-18. They were to entertain Miles this week at Silver.

HOMECOMING GAME Silver Indians close out the home season with Loraine junior high 11 Thursday night of this week. Kickoff time has been ad-

vanced to 7:30. It will be homecoming and between half features will be crowning of the football queen and selection of the footbal hero. Robert on hand to furnish music during the game.

Bill Chancellor, also of Midland, was in the accident but was not hospitalized.

The accident occurred about 8 p.m. on Highway 158 near the Coke-Sterling county line. Champion and his family were enroute from Midland to Comanche, while Wilkinson and his party were headed for Midland after an afternoon of dove hunting on the Palmer Leeper Ranch north of Sanco.

Highway Patrolman James Cantrell investigated the accident. It is reported that Champion got over on the wrong side of the highway while making a sharp turn, and his Ford sedan collided headon with the Wilkinson Cadillac.

A Foremost truck driver came by and reported the accident from the Sun Millican camp west of Edith. The Clift ambulance hurried to the scene and an ambulance from Sterling City was also called into service.

Both Champion and Wilkinson were thought to have been killed outright. The Cadillac had a front wheel torn off and came to a stop a considerable distance away in a pasture. Bodies of the two men were brought to the Clift Funeral Weldon Fikes and Fagan Park- Home. Wilkinson's body was tak-Champion body was sent to Comanche.

Putnam remained in the hospital here until Tuesday and appeared to be recovering rapidly from his injuries. His parents, Mr. and Mrs. George W. Putnam, Sr., came from Fort Worth after being notified of the accident and took their son to Midland Tuesday afternoon. The elder Mr. Putnam is manager of the Westbrook Hotel in Fort Worth.

Wilkinson was an independent oil lease broker and the group with him were employees of Humble Oil & Refining Co. at Midland. He had negotiated some leases from the Leeper and Arledge families the past summer and it was his second trip to the ranch to hunt dove.

He was an immediate past president of the Midland Rotary Club and was well known among oil men in West Texas. He is survived by his wife, three daughters and a son.

Putnam is a recent law graduate of the University of Texas and started work last month in the land department of Humble's district office at Midland. He is unmarried. Later reports indicate all others in the Wilkinson party are recovering at their homes in Mid-

Champion had been a resident of Midland four years and formerly resided at Comanche and Cross Plains. His funeral was held Monday afternoon at Cross Plains. The man's parents are listant cousins of Mrs. S. Blair of Robert Lee. Jeff Blair and his son, Daniel, attended the funeral service.

Robert Lee Steers won a 20-7 victory from the Class A Eldorado Eagles before a record crowd here Friday night. The contest was tied up at 7-7 at half time, but the Steers were very much in command of operations during the second half and added two more touchdowns to make it a decisive

Robert Lee played its best game of the season. Tom Sawyer called the plays from under the T and the offense clicked better than it did the previous four contests. Sawyer's kickoffs and punts were outstanding. Freddy McDonald playred a whale of a game and slashed for a touchdown. A line play failed off tackles and ran the ends for sensational gains. Don Stewart also was a star on offense. Defenive standout of the game was Troy Walls.

Tem Sawyer kicked off for Robert Lee to the Eldorado 15. Halfback Mackey went thru left center for a 1st down on his 34. He got 38 more and on the next two plays Fullback Sauer made it a first Cown in midfield. Sauer plunged for 8 yards and then Sam Ed Skipworth nailed him on the line of scrimmage. The Eagles failed to make their downs and Robert Lee took the ball on their 41.

The Steers fumbled around and it was fourth down and 6 yards to go when Sawyer got off a marvelous punt, with Troy Falls going down to tackle the Eldorado ball carrier on his 2 yard line. Three line plays were good for a 1st down on the 13 as the first quarter ended.

Steer defense stopped Eldorado cold. They punted to Don Stewart who had good blocking and ran 55 yards for a touchdown. Burson carried over to add the extra point and Robert Lee took a lead of 7-0.

Burson got 3 yards on the left side and Stewart hit for 5 more. Sawyer went off right tackle and ran to convert. Score: Robert Lee 20, Eldorado 7.

Sawyer's kickoff went into the end zone and Eldorado put the ball in play on their 20. Three plays gave them a 1st down on the 31 as the third period ended.

Four line thrusts netted only 9 yards and the Steers took the ball on the Eldorado 40. Sawyer got 7 yards through the left side and McDonald gained 18 yards around end and a 1st down on the 15.

Stewart was held to a 1 yard gain and Sawyer tossed to McDonald for 8 yards. Sawyer was dropped for a 5 yard loss and a 15-yard holding penalty went against the Steers. McDonald got 7 yards round end. Tackle Donaldson intercepted an attempted Robert Lee screen pass and Eldorado had possession on their 26. Skipworth threw Nixon for a 3 yard loss. FFA Chapter Will Solicit For Magazines

On Thursday, Oct. 10, the Robert Lee FFA Chapter is starting their annual drive for magazine subscriptions, through the cooperation of the Educational Reader Service Corporation.

This is the 5th year that this project has been conducted through the Robert Lee FFA Chapter. The profit from this year's program will be used to buy needed FFA equipment, support the organization, furnish awards to deserving students, finance a parent and son banquet, pay expenses of district winning judging teams and pay necessary operating expenses.

This is the only fund raising project the Chapter employs, and we feel in addition to giving the people in our community a service ing ceremonies, preparatory to an they appreciate not being asked to contribute to the FFA organization but once throughout the year. Over \$100 was raised by the magazine campaign last year.

> The list this year contains approximately 150 National Magazines which are known favorites in the home. Some of the outstanding magazines offered are Look, McCall's, Coronet, Life, Fortune, Seventeen, Charm, Better Homes and Gardens, Popular Mechanics, etc. Your attention is called to the "Big Three Special," Look, Mc-Calls, and Coronet. This offer embraces three National Magazines at a reduction in price. Our profit on these magazines is 50 per cent; therefore, only one dollar is returned to the Company for each magazine.

This project offers our school and community many benefits besides the 30 to 50% that is made on the sale of them. Outstanding are the educational opportunities whereby our sudents can learn to present themselves as salesmen to the people in the community and likewise make your acquaintance.

Likewise because of this project cur town is protected from groups of itinerant (and sometimes un- a couple of days.

This is the method in which the man is truly chasing the girl until she catches him. As Frank Sinatra says, it's "The Tender Trap."

The bait for this trap is not beauty alone. It is self-confidence, a fine sense of humor, and most of all - charm.

Charm has been defined like this: "If you have it you don't need anything else, and if you don't have it, it doesn't matter much what else you have."

The Art Wrangler

By JANE AUSTIN

We think of art as being either beautiful or graceful. The old masters insisted that art was vivid, effective or expressive. Concern with beauty was incidental.

Tolstoy interpreted are as the language of emotions. However there are two main theories of art criticism which are designated. One regards beauty as the heighth of art. Thus a painting or a symphony would be judged by the awareness of the critics as to good tastes and to the beauty range. The other theory of criticism defines beauty in the kind of response produced by the art object in the spectrum. This theory defies any standard of beauty or good taste.

Appreciation of art work is held to be relative to the cultural inheritance of the individual.

Writes To Us

By SHARON KINCAID

After the Coalsons' visit in the home of R. M. Cavness, the president of San Angelo College, they home safely. received the following letter. I quote:

Dear Superintendent Coalson:

The weather licked us, and there was nothing we could do about it! We do want to express our sincere thanks to you, to your band he is a very busy man, and we director and your fine band for coming to San Angelo and participating in our parade. We shall hope that later in the season, perhaps we can have your group to come down again and enjoy a football game.

Mrs. Cavness and I especially appreciated your coming to our home, and bringing with you Mr. Hermleigh at 7:30 and Mrs. Ivey. When we heard of the flood conditions developing to 7:00.

the north Saturday night, we thought of all of you folks, and sincerely hope that you were not hindered by high water or other adverse weather conditions from getting your group of youngsters

Again, thanks for your co-operation and for your fine spirit, and come to see us again.

We think that it was very unusual for the President to write the students of Robert Lee, because appreciate it.

Anoher fine fellowship was held at the Baptist Church after that wonderful football game between Eldorado and Robert Lee.

Several games were enjoyed. The bean race was quite confusing, but after starting over several times, the game was finished. If you ever saw a girl trying to tie a neck-tie, then you can be sure the neck-tye relay was fun. This game afforded real amusement because all the kids finally ended up tying the tie in a hard knot. Did you ever try to find out who a person was by just hearing his library reorganized. They now voice? We had quite a time have all the books and cards in guessing who was grunting, mooing or crowing! It was difficult. Only two people guessed who was making the noise.

PECCARY IS CORRECT

Delmir Sheppard answered our request for help in identifying the wild boars recently killed on the A. B. Sheppard ranch southwest of Robert Lee. He looked up the matter in a state Fish & Game pamphlet which stated they were properly known as PECCARY (or javelina.) Javelina is Spanish and the j is pronounced like an h, so And through the dark hours always the Methodist church at Winters. it sounds like "havelina."

Some parts of the state have a closed season on the animals most | And then go home and for me of the year, but they are rare in these parts and are not protected as far as we can leurn.

They're mean, too, Delmir says. Would make it rough on a flock of sheep or chickens and destroy

Some folks still hold that they may have descended from the big bunch of hogs raised on the March Ranch years ago. They got rid of most of them, but some went

The boys who killed off the two boars the other day didn't know that might be a closed season and there could be a violation. In case of a trial they will get Samuelson to defend them.

My reference book, an old one, didn't mention javelina, but had the following: "Peccary, a genus of animals nearly allied to the swine. One species, the collared peccary, about three feet long, occurs abundantly in South America and is also found in North America, living generally in small flocks. Their food consists of mace, potatoes, sugar cane and similar materials, and cultivated fields suffer much from their

But here's more information: FROM A. C. JOHNSON Dear Kirk

I found the name of those wild hogs Mr. Boykin ran onto last week. They are Jabalinos, meaning in general wild hogs. Jabacito is little wild male hog and Jabacita a little wild female and Jabaino is a grown female. The Spanish gave them this name from their protruding tusk, which resembles a hand spear or jablin that they threw years ago.

Mexicans name things rather funny, like Indians, only more attractive. They call windmill papelote from a toy paper mill, meaning turning paper. They named the Armadillo from the armor he has on his back.

With best wishes, A. C. Johnson.
