Texas Natural Gasoline Plant Fetes Employees

Texas Natural Gasoline Corp. employees and their families enjoyed the company's annual barbecue Tuesday night of last week at the new recreation hall at the camp site, 9 miles southwest of Silver.

Also present were company officials from Tulsa, visitors from plants at Merkel and Rankin and field workers and their families in the area served by the plant. Several hundred persons were served delicious barbecued beef and chicken by the Fred Harris catering firm of San Angelo.

John Mason, plant superintendent, was master of ceremonies at an after supper program. He introduced officials from the main office at Tulsa, including Harold Teverbaugh, vice-president of the corporation, John Sutherland, chief engineer, Ed Rainey, purchasing agent, and Clyde Quinn, area superintendent.

Other guests included Santa Fe Railroad officials from San Angelo and representatives of the Railroad Commission district office in San Angelo.

Mr. Teverbaugh reported on the progress of Texas Natural Corp. which built its first plant in 1948 at Merkel. Other expansions followed and the Perkins plant at Silver was completed late in 1955.

Next expansion was the new plant at Glendive, Mont., which began operations early this year. Its future prospects are very bright with a recent discovery of additional gas in the area.

Teverbaugh told his employees that Texas Natural was the largest independent natural gasoline plant operators in the country and it now has a daily production of 20,000 barrels of liquid petroleum gas.

Railroad tank cars now in use number more than 1,200 and the company's total output this year is expected to surpass 500 million barrels.

The vice-president pointed out that the Perkins plant near Silver is being depended upon to furnish the highest quality products which are requested by their customers.

Further expansion of Texas Natural facilities are under way and an important announcement is expected to be made public very soon.

Jack Cowley Resigns From School Board

President Jack Cowley resigned from the Robert Lee school board at a trustee meeting earlier this month. He has served six years and was secretary before being elevated to board president a year ago.

Mr. Cowley stated the position required more time than he could give it at this time, and after a number of years of service he desired to pass the job on to someone else.

J. F. McCabe, Jr. is vice-president, and will be acting president. A successor to Mr. Cowley will probably be made at the regular trustee meeting in November.

Mrs. Lillian Eastland has resigned as second grade teacher, and Mrs. Hale Kincaid of Silver has accepted a contract to continue in that position. She has a masters degree from Texas Tech and has nine years of teaching experience.

RETIRE FROM RANCH

Mr. and Mrs. A. N. Counts recently retired from their ranch on the Divide, southwest of Robert Lee, and have moved to San Angelo where they purchased a nice home at 1211 East 21st street. Both Mr. Counts and his wife resided in that community before their marriage. Mrs. Counts is the former Annie McCabe, eldest child of the late Mr. and Mrs. John McCabe. Alvin and Annie observed their golden wedding anniversary a few weeks ago, when all of their nine children and their families were present except two sons, Logan of Las Vegas, N. Mex., and Lloyd of Arlington, Tex. Mr. and Mrs. Counts have a wide circle of friends who extend congratulations and best wishes. Their son, James, will operate the ranch.

8 Traffic Deaths In Coke County Past Four Weeks

An auto collision, three miles south of Bronte early Sunday, killed four men. It made a total of eight fatalities resulting from four highway crashes in Coke County in the past month.

Dead in the wreck near Bronte were two airmen from Dyess AFB at Abilene, and J. R. Crayton, 57, and his son, Charles Kenneth Crayton, 26, both of Wingate.

The airmen were traveling south on Highway 277 when their car collided with the Crayton auto coming from the opposite direction.

The accident occurred at 1:54 a. m. on a curve.

Mrs. W. L. Barnett underwent major surgery Wednesday at Shannon hospital in San Angelo. Her condition is reported as serious.

Farm Bureau's '57 Membership Hits New High

Coke County Farm Bureau has reached its 1957 quota of 180 members, according to a report given at the annual meeting held Tuesday night in the Robert Lee school cafeteria. It is the largest membership ever attained in this county, and is well over the 1956 figure of 153 members.

A barbecue supper was served to members and their families at 6:30, with the annual business session following. All officers were re-elected, but there were changes in the board of directors.

Named as delegates to the state convention in Dallas Nov. 17-20 were President Dave King and J. W. Service, Sr. Mrs. Service was selected as an alternate delegate.

Nolan Pentecost, chairman of the membership committee, was applauded when he reported the quota had been reached. Mrs. C. E. Arrott gave her annual report as secretary-treasurer and also reported on group hospital insurance carried with Blue Cross. O. T. Colvin reported on his year's work with Farm Bureau insurance, showing a steady gain in business.

Past president's pins were awarded to Clarence Arrott, O. T. Colvin and James Arrott, and a president's pin to D. O. King, who was re-elected. Clarence Arrott and his wife were among the leaders in organizing the Farm Bureau in Coke County 12 years ago. Mrs. Arrott has served continuously as secretary. Membership dues are 7.50 per year, of which sum \$5.00 is forwarded to the state and national organization. The Coke County Farm Bureau has a cash balance of \$314.20, Mrs. Arrott reported.

FORD-MERCURY PREVIEWS

Mr. and Mrs. Cumbie Ivey, Sr. were in Fort Worth last Friday when they were among other Texas dealers who were given a preview showing of the 1958 Fords which will come out Nov. 7. They went on to Dallas and saw the new Mercury line of passenger cars due for public showing Nov. 4.

Steers Taking Well Earned Rest This Week

Robert Lee Steers have an open date this week and the breathing spell should permit them to be in tip top shape for their remaining conference games against Trent, Loraine and Bronte.

Robert Lee made a fine showing in their 18-6 victory at Hermleigh last week, and made plenty of yardage through the Cardinal heavy line which had three boys weighing over 200 pounds.

Coach Manire changed his lineup after Troy Walls had been declared ineligible, with Ronnie Sims, John Walker and Gary Ledbetter each being used considerably. The squad is in good physical condition with the exception of Sam Ed Skipworth who has a stiff knee.

Bronte rolled over Loraine last week 27-6, while Baird licked Trent 26-7. Bronte meets the Gorillas in Trent Saturday afternoon in a homecoming tilt. Trent previously defeated Loraine to keep its record clean in District 6-B. Snyder B team plays at Hermleigh this week.

Robert Lee has the most impressive record in the conference. The Steers should be able to defeat both Trent and Loraine, with the Bronte Longhorns promising to give them a real battle in the season final Nov. 15.

Team	W	L	Pct.	Pts.	Opp.
Robert Lee	1	0	1.000	18	6
Trent	1	0	1.000	21	13
Bronte	1	1	.500	33	13
Hermleigh	1	1	.500	33	24
Loraine	0	2	.000	19	48

SLOW RAIN SOAKS IN

A drizzling rain early this week accounted for more than a half inch of moisture in this area. Fields have been too muddy to work, but a lot of small grain will be planted as soon as possible. Pastures are greening up from the recent heavy rains, and some good grazing is already shaping up from early plantings and volunteer oats.

Mrs. Duane Conger writes from Lubbock: "Our home in Pleasant Ridge Addition has been completed and we have moved in, so please change our address to 4925 17th Street."

Everything is set for the big free barbecue here Friday night when Robert Lee will entertain the oil field folks. An attendance of 500 or more is expected.

Early Friday morning 300 pounds of baby beef chunks will go on the fire at Henry's Barbecue pit. Red beans, lots of them, and potato salad will be made at the school cafeteria. Genie Baker is making plans to supply other items to be served on the barbecue plates, such as pickles and onions, bread, glazed do-nuts, etc.

The big event takes place at the football stadium, and serving is scheduled to begin at 6 p.m. All Robert Lee business and professional men are expected to be on hand to get things ready Friday afternoon and help with the serving.

After supper a program is to be given in the high school auditorium, with Jack Denman and his group furnishing a half hour of entertainment starting at 7:30. They will be followed by C. C. Pope, well known Sun Oil Co. landman of San Angelo, who will show colored movies of his recent travels to South Sea Islands.

Robert Lee high school pupils will entertain with a party at the new recreation hall at the County Park. All young people are invited.

Mr. Denman hopes to present a fine array of talent including Ronnie Sims, Eddie Garvin, Richard Beck, Donny Duncan, Sammy Joe Duncan, along with Miss Kay Stewart of Silver as vocalist.

No invitations have been sent out, but it is emphasized that all persons engaged in oil field work of any kind and their families are to be free guests. Robert Lee folks are picking up the tab.

Any local residents who wish to purchase tickets may get them at The Observer office Friday.

Ellis Eubanks recently spent a week visiting his father, C. A. Eubanks, who resides on a farm near Cherry Hill, Ark. Ellis reports his father is in good health and sent greetings to his many old Coke County friends.

Public Will See New Chevrolets Next Thursday

The new 1958 model Chevrolet passenger cars will be unveiled for public showing next Thursday, Oct. 31. New Chevrolet trucks are being shown for the first time this week.

Numerous changes and improvements are noted in the 1958 models according to all reports, but pictures and news stories will not be released until Oct. 29.

Robert Vaughan, Robert Lee's Chevrolet dealer, attended a preview showing two weeks ago in Fort Worth. He was highly pleased with the 1958 models and feels that the public will like them, too.

Mr. Vaughan will have four new cars to show next Thursday and the public is invited to come by and inspect them. Do-nuts and coffee will be served and there will be gifts for everyone.

The first grade has lost Bill Burns, who moved to the Perkins Prothro Camp. He will go to school at Silver.

The first graders are decorating their room for Halloween.

In Mrs. Waterson's third grade group, a preserved centipede has been bought in a jar filled with alcohol for the science table.

Rosita Ybarra is back from Bronte; she returned Tuesday. Suzanne Burns has moved to Silver.

The children are looking forward to Halloween.

The fourth grade is doing a project in science in which they are learning about social animals. They think it is lots of fun.

Ten of the fourth graders are making bird calendars, and some are making stories about a solitary life. Others are bringing interesting things with which they are making animal pictures.

Lalita Ybarra has enrolled in the fifth grade after having been away for awhile.

Sad and happy faces were seen on the school campus after report cards went out last Thursday. According to the children, sounds of television sets are heard less in the homes after parents saw how much more study is needed. Poor Kids!

The sixth grade reading class wrote reports on the rain over the week end.

Here are some of them:

After the eight to eleven inch rains, the Robert Lee Municipal Reservoir was brimming full. Mountain Creek was running out of its banks. The usual four feet width and two feet depth was increased to 100 feet wide and five feet deep in some places.

Some big fish came over the spillway, and when Mountain Creek stops running, there will be some good fishing.

On a farm near Robert Lee there were hay stacks which had just been cut. On Sunday after the Saturday night storm, one of the shocks burned to the ground by lightning.

The Art Wrangler

(Jane Austin)

Have you ever taken time to listen to the American "gab" in a conversation? The once stout barrier between "correct" and colloquial speech has been thinned.

All of us view language as we view matter, as something to be manipulated into new, exciting, and useful shapes. On the whole the results have been fine, but this national talent has almost gone "hogwild" — at the cost of clear communication.

You and I have set wroking thousands of useful inventions such as "baby sitter", soap opera", "build up", but at the same time we have put into circulation a certain amount of fraudulent new word currency. Here's an example: What gives?, big deal, look-see, wha hopen?, oh brother, its a deal, and you can say that again, besides that all Texas — you all.

James Fenimore Cooper once said, "The common faults of American language are an ambition of effec, a want of simplicity, and a turgid abuse of terms." Of course Cooper was thinking out loud — but that's the scoop, fellers.

My dog, whose name I can't reveal,

Stepped one day, on an orange peel.

He slipped and fell right in his track.

He said, "My Gosh! I broke my back!"

From that day on he has declared,

That when he's brave, he is not scared.

And when he moves, he's never still,

And when he falls, he goes downhill.

When he is happy, he is not sad,

And when he's good, he is not bad.

Whenever he barks, he makes a sound

And when he walks his feet touch ground.

If he is empty, he is not full,

And when he pushes, he does not pull.

When he's awake, he does not sleep,

And when he barks, he doesn't peep.

When he's alive, he's never dead,

And if he's blue, he's never red.

JOSEPHINE YBARRA RETURNS

(Connie Weathers)
 The eighth grade class is glad
 to report that an old student is
 back again. Josephine Ybarra
 came back to Robert Lee after
 living five weeks in Bronte.
 On Josephine's first day back,
 the eighth grade sang Happy Re-
 turn to You, to the tune of Happy
 Birthday. Josephine, we meant
 what we said; the eighth grade
 missed you very much and is very
 glad to have you back.

Catch Yourself Saying These?

Have you caught yourself
 (CAUGHT yourself?) saying some
 of these familiar expressions?
 Then "hang your head" in shame.
 "Rise and shine" (like a light
 bulb) and "keep your peels" for
 these amusing sayings.
 "You've got to be sharp" to
 "get the point." (Ouch!)
 That color brings your eyes out
 (very far?)
 His face fell. (Did it break).
 My sides are simply splitting.
 (Ri-i-p!)
 My nose ran. (It has legs, yes?)
 Her eye was glued to the window.
 (Must have been uncomfortable.)
 There are butterflies in my stom-
 ach. (Unusual diet).
 She batted her eyelashes at him.
 (Did he catch them?)
 Hit the road. (But don't hurt
 your hand).
 That's beside the point. (Which
 side?)
 His eyes met mine. (How do
 you do?)
 A man, while driving down the
 street, turned into a garage. (Like
 magic!)
 Hold my place. (Heavy, isn't it?)
 The sun is in my eyes — I can't
 see. (So that's where it went.)
 The robber held up the bank.
 (Atlas.)
 It's written all over your face.
 (Go wash it).
 This tastes flat. (Better than
 tasting pointed, isn't it?)
 I came back o earth. Been up

Steers Annex Conference Tilt Over Hermleigh

Robert Lee Steers defeated Hermleigh Cardinals 18-6 on the latter's field Friday night. It was the first conference game for the Steers and with this victory Robert Lee looms up as the top team in District 6-B.

Freddie McDonald, slashing Steer halfback, scored early in the first period on a 16-yard end run, and went over from the 5 as the second quarter ended. Both conversions failed, but Robert Lee had a 12-0 lead at half time.

The third Steer touchdown came well along in the third period after Hermleigh had been penalized to their 2-yard line and Fullback Don Stewart carried over. McDonald failed to convert.

It looked as though the Steers might get a shutout, but midway in the final quarter Quarterback Orville Patey hit End Virgil Davis with a pass that was good for 25 yards and a touchdown.

Statistics showed Robert Lee made 10 first downs and Hermleigh 9. The Steers led in rushing 222 yards to 73. The Cardinals gained 83 yards on 5 passes completed of 15 attempts, while Robert Lee picked up 8 yards in completing one of five aerial attempts. Robert Lee intercepted three Hermleigh passes. Two penalties against the Cardinals amounted to 9 yards, while the Steers were penalized 7 times for a total of 45 yards.

Robert Lee kicked off to Hermleigh's 25. The Cardinals couldn't gain and a poor punt went to the Steers on the Hermleigh 40. McDonald gained 4 and Bub Burson carried to the 28 for a 1st down. In two more carries off tackle McDonald registered a 1st down on the 16, and then circled right end to score.

Hermleigh received the next kickoff on their 35. On the third play Halfback Ronnie Sims intercepted a pass on the Steer 47. Burson went around end for a 1st down on the Cardinal 38. Three penalties of 5 yards each were called on the Steers in the next series of plays, and Quarterback Tom Sawyer punted out on the Hermleigh 20.

Three plays advanced the ball to the 32 for a 1st down as the quarter ended. Jimmy Roemisch, 175 pound back, and Donald McHaney teamed up to make it a 1st on the Steer 48 and McHaney then skirted end for a 1st on the 36. They kept going and in three more plays had a 1st down on the 25. Sam Ed Skipworth broke thru and downed a ball carrier for a loss of 6 yards. It was 4th down and 12 to go when Stewart intercepted a pass on the Robert Lee 40.

McDonald was good for a 1st on the Cardinal 45 and then carried to the 30. Burson and McDonald made it a 1st down on the 16. Sawyer was good for 8 yards in three carries and McDonald scored from 8 yards out. Sawyer's kick from placement failed to convert.

McDonald returned the kickoff 20 yards to his 44 as the second half started. The Steers made it a 1st down on the Hermleigh 40. Sims and McDonald picked up 4 yards each and on the next play the Cardinals recovered a fumble on the Steer 25.

The Steer line held and Hermleigh punted out to their 40, with McDonald recovering his fumble on the punt. Stewart got around

end for a nice gain and a 1st down on the 20. Robert Lee failed to make the required yardage and Hermleigh took the ball on their 12.

Two plays later Robert Lee recovered a fumble on the Cardinal 18. Four line plays carried to the 8 for a 1st down. Hermleigh was penalized to their 2-yard line and Stewart went over the right side for a touchdown. McDonald failed to carry over for the conversion point. Score: Robert Lee 18, Hermleigh 0.

The Cardinals received the kickoff on their 30 but failed to gain and punted to Stewart who returned 25 yards to the Hermleigh 40. Robert Lee was stopped as the final period opened and the ball went to Hermleigh on their 33. Melvin Duncan threw Roemisch for a 5 yard loss, but McHaney went to the 47 for a 1st down. A completed pass was good for a 1st down on the Steer 40. A penalty

on the Steers helped Hermleigh make a 1st down on the 25 from which spot Patey passed to Davis for a touchdown. They failed to convert and the score was Robert Lee 18, Hermleigh 6.

Sawyer brought the kickoff back 20 yards to his 40. Three plays were good for a 1st on the Cardinal 45. A 15-yard penalty stopped the Steers on the next series and Sawyer punted to McHaney who returned 20 yards to his 32. A pass was good for a 1st on the Steer 30. Two more completions gave the Cardinals a 1st on the 18. Two pass attempts were incomplete and on the third try Stewart intercepted on the Robert Lee 40 as the game ended.

Hershall Hall and family, Atha Hall and the Howard Lawrence family of Midland recently visited in the parental home of Mr. and Mrs. G. E. Hall at DeKalb and attended the state fair at Dallas.

UCRA Directors Inspect Damage To Spillway Here

Directors of the Upper Colorado River Authority gathered in Robert Lee Wednesday afternoon to inspect flood damage to the Mountain Creek Lake spillway, and launch a study of what kind of repairs should be made.

An 8-inch deluge less than two weeks ago in the Mountain Creek watershed, caused flood water of five feet or more swirling over the spillway. It washed out at least a third of the concrete apron which had been constructed less than two years ago.

UCRA directors agreed that the matter should be studied thoroughly and army engineers as well as private engineering firms will be called into consultation. Spillway repairs have already cost \$28,000 and a permanent solution to the spillway problem is desired.

Coke County is represented on the UCRA board of L. T. Youngblood of Bronte, chairman; G. C. Allen of Robert Lee, secretary-treasurer; and Cumbie Ivey, Sr. of Robert Lee.

Mrs. Haynes, who is 80 years of age, has led an active life and teaches a Sunday School class regularly at the Methodist Church.

Important Notice

A number of complaints have come in recently in regard to the practice of shooting rifles in town and on the highways. A bullet was shot into a Robert Lee residence the past week, and narrowly missed hitting a baby. Livestock have been killed by careless persons with guns.

We want to point out that shooting of a rifle or shotgun within the city limits of the town of Robert Lee is prohibited by a city ordinance. It is also illegal to shoot on the highways and on bridges.

This is a word of warning. The practice is too dangerous and must be stopped and in the future all guilty persons will be arrested and dealt with according to law.

PAUL GOOD, Sheriff.

PERSONALS

The condition of Mrs. E. A. Burgess has not been so well the past week and she remains in Coke Memorial Hospital. All of her five daughters are here and at least one of them are with her at all times. The daughters are Mrs. J. G. Snow of Benson, Ariz., who is accompanied by her son, Douglas, Mrs. Oren Fletcher of San Angelo, Mrs. Bill Lloyd of Bangs, and Mrs. Carl Brock and Miss Madeline Burgess, who reside in Robert Lee. Here with Mrs. Lloyd are her children, Mike and Melissa.

Mrs. Bert Duncan returned the last of the week from a two weeks' visit at Roaring Springs with her daughter, Mrs. Billy Baker, and family. She also visited a brother at Memphis, Tex. The Bakers brought Mrs. Duncan to Robert Lee Saturday and spent the weekend here. Mrs. Baker is the former June Duncan.

Mr. and Mrs. A. L. Lofton returned early last week from a week's visit in the home of their son, Weldon (Jiggs) Lofton, at Dickinson. They made the acquaintance of a new grandson and were delighted with the new home which Jiggs and family moved into recently. It is well located on a paved street, on the banks of Dickinson Bayou and the outside walls are of attractive Mexican brick. The 3-bedroom residence has 1,650 feet of floor space and inside trim is of natural birch. While there Alfred and his son witnessed the prison rodeo at Huntsville and report it a thrilling event.

Mrs. L. D. Tate of Van Alstyne visited here a couple of days this week with her son, Dick Skipworth, and her brother, Sam Jay. She also visited relatives in San Angelo and Abilene.

County Agents News Column

By Sterling Lindsey and James L. Comman

The Extension Service Sheep Specialist, Jim Gray, of San Angelo, and whom many of you know, will be working in the county Monday and Tuesday of next week, barring another postponement. Jim will assist us in sheep selection work with D. K. Glenn of Bronte and A. V. Hughes of Robert Lee. Anyone interested in sheep selection work or interested in finding out more about it will be welcomed at either or both places, I am sure. We probably will start about 8:30 a.m. both days with Mr. Hughes Monday and Mr. Glenn Tuesday.

Sheep selection is a never ending process of trying to reach the ideal in sheep production. The program we wish to get in operation is essentially the same as what most operators are doing already. We merely try to establish a positive system with each producer we work with, starting with sheep he presently has and selecting toward a flock that will give greater production of both wool and market lambs. The program can be filled to any size operation—50 ewes or 500. The increased returns from the selecting are more pronounced from a larger operation, but all size flocks can be worked.

We think sheep selection should be given careful consideration by the sheep men of this county. It costs just as much to feed a poor producing ewe as it does a high production one. And with farm and ranch operation costs ever increasing, sheep selection offers one method in which we might get more return per unit, a necessity this day and time.

The Importance of Honesty

(A Theme by Jo Ann Hood)
Honesty is very important throughout life, and I think it never pays to lie and steal. When a person isn't honest, he will have a bad conscience and this kind of person is never happy. Honesty follows a person wherever he goes. If a person has a bad reputation for not being honest, he will never be trusted and can't hold a job. When a person cheats on a test, he feels guilty and hopes that no one has seen him. He hasn't learned anything either, and that fact causes him to have little confi-

dence in himself.

Taking little things always leads to taking big things, and sooner or later, he will be caught and punished. Stealing and cheating are habit forming. So really, this unfair practice will only bring sorrow and less respect for themselves.

Honesty is, therefore, a necessity in everyone's life, if he is to make a place in the world for himself.

Jo's Horse Sense

Dear Jo:

I have a beautiful 16-year-old daughter and my husband is ruining her life. He says, "My daugh-

ter is not going to run around with every Tom, Dick and Harry." So he keeps her home sitting on the porch every night. I had a mother nobody was good enough for me, either, so when I was 17, I married who was just like him. She thought the first man who asked me and sometimes I regret it. My husband reads your column so maybe if you would tell him to give her more freedom it would help.

A Worried Woman

Dear Worried:

A 16-year-old girl shouldn't be allowed to run around with every Tom Dick and Harry—nor should she be denied the experience of mingling with boys and girls her own age. If she doesn't date and

compare, how can she make an intelligent choice? Let her get off the patio, Daddy-O.

Steer Corral

(FREDDIE McDONALD)

Robert Lee Clobbers Hermleigh! The Robert Lee Steers picked and dressed the Hermleigh Cardinals with an 18-6 win. The powerful Steers were in charge all the way. Never was their lead seriously in doubt. This gives the Steers a 5-2 record for the season, with one win and no defeats in district play. The Steers scored in the first

three quarters; Hermleigh only managed one score in the last quarter. The Steers were outweighed, but not outplayed.

Robert Lee travels to Trent for the next district game November 1. This game should prove to be as difficult as any game in the district. We have two weeks to get ready for this game. It should give us ample time to clear up what bruises and sickness we have accumulated.

Last Rites Held For Mrs. Palmer, Wes-Tex Pioneer

Funeral services for Mrs. D. H. Palmer, 86, of Bronte were held Sunday afternoon at 3:30 from the Bronte First Baptist Church. Officiating were Rev. C. R. Blake, Baptist minister from Welch; Rev. Bennie Smith, Robert Lee Baptist pastor and Rev. Douglas Brown, pastor of the Bronte church.

Burial followed in Fairview cemetery in Bronte under direction of Cliff Funeral home. Grandsons were pallbearers.

Mrs. Palmer died at 12:30 p. m. Saturday, Oct. 19, in Coke County Memorial Hospital in Robert Lee after a lengthy illness.

She is survived by five sons, B. P. Palmer of Hert, Texas, W. H. of Rivera, W. J. of San Angelo, A. R. of Brownwood and John of Odessa; five daughters, Mrs. Verna Allen of Bronte, Mrs. C. J. Brooks of Amarillo, Mrs. W. L. Cooper of San Antonio, Mrs. Curtiss Walker of Robert Lee and Mrs. G. D. Kennedy of Plains. Also surviving are 30 grandchildren, 30 great grandchildren, 3 great great grandchildren, 2 brothers and 3 sisters.

Born April 3, 1871 in Lamar County, Texas, she was the former Violet Norton, daughter of the late P. D. and Vandelia Sparks Norton. She attended school at Cottonwood, Texas and there married D. H. Palmer on Aug. 3, 1887.

The couple moved to Menard in 1893 and on to May in Brown County in 1929. They came to Bronte in 1943 where they lived until they moved to San Angelo and lived until Mr. Palmer's death. Mr. and Mrs. Palmer observed their 65th wedding anniversary in August before his death in January, 1953, at the age of 92.

Mr. and Mrs. Palmer could recall the pioneer days in this area quite well and he once said he made his first trip here in 1889, when San Angelo was still a village between the banks of two rivers.

The late Mr. Palmer was an early day surveyor and was a Baptist minister for more than half a century. They spent their 65 years of married life in many places over central Texas.

NORMAN ROBERTS STARS

Norman Robert of Robert Lee is proving himself a standout end with the East Texas State Lions at Commerce, where he enrolled last year after finishing at San Angelo College. He hooked a 28-yard pass to score the first touchdown in the Lions 19-6 win over McMurry Indians at Stamford last Saturday night. His parents, Mr. and Mrs. Lynn Roberts, witnessed the game with Mr. and Mrs. B. D. Snead of Bronte. Norman's wife is the former Hattie Jane Snead.

SMALL TALK

By A. J. K.

Much concern exists over the possible penalty which might be suffered by Robert Lee high school because they had been using an ineligible player on the football team. Two weeks ago it was discovered that Troy Walls was not eligible as it had been five years since he entered the eighth grade. Rules are plain in this matter, but the penalties which might be meted out may be harsh or lenient, depending upon the attitude of Interscholastic League officials and other schools in the conference with the offending party.

Here's the latest developments: Supt. Frank Coalson wrote the four schools which Robert Lee had defeated and forfeited those contests. Walls was immediately dropped from the squad when his ineligibility was discovered. Supt. Coalson was in Austin over the weekend and conferred with the Interscholastic League secretary, Ray Williams. He said the Robert Lee superintendent had gone about straightening out things properly by forfeiting all the games.

Mr. Coalson also wrote letters of apology to the other four schools in District 6-B and requested that they express their opinions as soon as possible, if they favored taking any further action against Robert Lee. He asked to be notified by phone by Wednesday afternoon, but had no replies Thursday morning.

Supt. Garland Black of Bronte has expressed his school's desire that no further action be taken since the ineligible player is out and did not take part in the Steers first conference game which was against Hermleigh last week.

Supt. Coalson feels that Robert Lee will not be further penalized and that the Steers will be eligible to compete for the district championship.

In the meantime most of us are holding our breath. A majority of the conference schools could kick Robert Lee out if they chose to do so. Their recommendation is usually backed up in rulings made by the state officials.

Eldorado has written District 6-B schools requesting membership next year. They are going to drop out of Class A competition.

The Farm Bureau Tuesday night adopted resolutions, some of which were too controversial to be voted upon without debate. We plan
