Trent Grid Game Set Back Until Saturday Night

With several members of the Trent squad recovering from illness, things looked brighter in the local high school football camp in the middle of the week.

The game at Trent this week has been changed from Friday to Saturday night at 7:30, and that will give Robert Lee players a much needed extra day to get back in shape.

Last week the Steers had an open date and it was a good thing, since Fullback Don Stewart and Quarterback Tom Sawyer were both in hospital beds with the flu. Center Sam Ed Skipworth joined them over the weekend and other players were ill but were not hospitalized.

Sawyer was back in school Monday, but Stewart and Skipworth were not released from the hospital until Wednesday morning. They will see light workouts Thursday and Friday.

The Steers will find the Trent Grizzlies a tough outfit that lost to Bronte last week by a 6-0 score. Statistics show Trent had the edge in first downs and rushing yardage. The Longhorns scored on a 60-yard run by Quarterback Tommy Latham.

Other games involving district teams this week will see Santa Ana at Bronte and Hermleigh at Loraine.

Robert Lee now holds undisputed possession of first place in District 6-B. The Steer remaining three contests are against loop teams, including Trent there this week, Loraine here next week, and the season finale at Bronte Nov. 5.

\$1,142 Cost of Repairs to Replace Water Line Washed Out in Big Flood

Repairs on the 8-inch water main across Mountain Creek have cost the City of Robert Lee \$1,142.29, according to a report made by Mrs. Sam Jay, city secretary.

The large line leading from the filter plant to the city's water distributing system, washed out during the flash flood of two weeks ago.

As soon as the pipe broke water ran out of the elevated tower on the court house square and most of the city was without water during the day. City Water Supt. Sam Jay and a crew were successful in making a temporary connection with the use of fire hose, and service was restored late that night.

Later permanent repairs were completed by the installation of new steel pipe which is expected to withstand future floods. The old cast iron pipe was broken at connections on each side of the creek and was also pitted by boulders striking it as they were rolled down in the torrent of water.

The new pipe was laid deeper under the creek bed and is surrounded by re-enforced concrete.

DIVORCE GRANTED

A decree of divorce was granted by Judge Joe L. Mays during a brief session of District Court here Oct. 24. Parties in the suit were Laura Baker, who obtained a divorce from Leon Baker. The former Robert Lee couple were married here May 29, 1955. They have a daughter, Deborah Laura, born Aug. 6, 1956. Baker did not contest the action and was not ordered to contribute to the child's support.

Schools Hit By Influenza

Robert Lee and all sections of Coke County have experienced much illness the past week from influenza. Hospitals in Robert Lee and Bronte have been full but no serious cases have been reported.

Absences in the Robert Lee school ranged from 25 to 30, while at Bronte at least 90 were absent on Wednesday.

Dr. J. D. McDaniel, Robert Lee physician, said there was a possibility of a continued flu outbreak and it may even become more serious by next week. The prevailing sickness has not been diagnosed as to whether it is Asian or just plain ordinary influenza.

Dr. McDaniel announces that he has sufficient Asian flu vaccine on hand to treat everyone who wants it. Flu shots are recommended by most medical authorities.

New Ford Goes On Display Here Next Thursday

The new line of 1958 Ford passenger cars will be shown to the public next Thursday, Nov. 7.

Ivey Motor Company will have seven new models on display in Robert Lee and the public is invited to come by and see them. Refreshments will be served.

Showing of the new Mercurys has been postponed from Nov. 4 to Nov. 14, according to a statement issued by Ivey Motor Co. yesterday.

BACK FROM ARKANSAS

Willie I. Tubb, who now makes his home in San Angelo, recently returned from a trip to Arkansas where he visited the families of Bruce McFerrin, Joe Proctor and Bud Holden. He reports most of the area he visited had too much rain this year, and there was little fruit because of an early freeze. Mr. Tubb took Mrs. McFerrin and her sister, Mrs. Proctor, back to Arkansas, after they attended the wedding of Walter Robert (Rabbit) McFerrin at Andrews. Mr. McFerrin returned to West Texas with Mr. Tubb and went on to Andrews to visit his son.

FROST WAS EARLY

Coke County experienced its first frost Sunday morning when the temperature dropped to 29 degrees. Some vegetation was killed but a heavy freeze did not occur. The date of October 27 is earlier than usual for a killing frost in this locality. The cold wave was general over the state.

More Than 400 At Barbecue For Oil Folks

More than 400 people were entertained at Robert Lee's free barbecue for the oil people Friday night. The event took place in the school cafeteria when cold weather made it impossible to serve supper at the football field.

Many compliments were heard on the excellent barbecued beef prepared by Henry Childress. Several oil men from Silver joined Robert Lee business men in serving the supper.

Most of the guests remained for a program in the high school auditorium which opened with a welcome from the Rev. Travis McNair, Board of Community Development president.

Western and hillbilly music was presented by Jack Denman and his Rabbit Twisters who included Donny Duncan, Eddie Garvin, R. C. Scuddy and "Gob" Franklin. The latter made a special trip over from San Angelo to help out with his steel guitar.

Highlight of the program was appearance of C. C. Pope, Sun Oil Co. landman of San Angelo, who showed movies and slides taken on his recent trip to the South Sea Islands. Mr. Pope's programs are always highly interesting and his pictures this year are among the best.

Negro Given Six Years for Burglary

James Horton, 23, Sweetwater Negro, was sentenced to six years in the penitentiary after pleading guilty to a burglary charge here last Thursday.

The sentence was read by Judge Joe L. Mays, who presided over a brief term of district court. Frank Dickey, Sr. was appointed by the court to represent the defendant.

After receiving the sentence Horton waived his right to appeal and was turned over to Tom Green county authorities for questioning before being taken to Huntsville.

The Negro entered the Turney Casey home north of Bronte on the night of Sept. 26. He was inside the house when Mr. and Mrs. Casey returned from a football game. He threatened the couple and left after obtaining \$4.00. Later that night he was apprehended on the highway a few miles from Bronte.

Army Engineers Will Give Advice On Mountain Creek Spillway Repairs

TURKEY SHOOT AT SILVER

Annual Turkey Shoot at Silver has been set for Saturday, Nov. 9. The event takes place at the football field and runs from 1 p.m. until 8 p.m. There will be ten targets and rifles and ammunition will be furnished. The supply of dressed turkeys is unlimited. The event is sponsored by the Silver Lions Club and proceeds will be used for boys and girls projects in the Silver area.

Allen Heads Coke Wildlife Association

Annual meeting of the Coke County Game Management Association was held Thursday evening of last week at the Clarence Arrott ranch, northwest of Tennyson. Mr. Arrott and his neighbors served a barbecue supper to the crowd of 150 persons in attendance.

C. D. Vann, local game warden, explained existing hunting laws and a talk on the State Fish and Game Department was given by District Game Warden Woods.

For the first time in a number of years Coke will have an open season on deer, turkey and quail, under regulations prescribed by general laws of the state. Most farmers and ranchers agreed with Game Warden Henry Burkett of San Angelo who pointed out that closed seasons don't rebuild your wild game. Rains, cover and water are necessary to bring game back, he said.

New officers of the association are G. C. Allen, Robert Lee, president; D. K. Glenn, Bronte, vice-president; and J. E. Quisenberry, Jr. of Robert Lee was re-elected secretary. Elected directors were James Arrott, Bert Blaylock, Finneil Smith, Jack Walker and W. C. Shambliin.

Next year's meeting will take place at the new County Park at Bronte. A plan of selling memberships in the association will be adopted in the future.

New Chevrolets Now On Display

Crowds visited Vaughan Chevrolet Co. in Robert Lee Thursday anxious to get a closeup view of the 1958 models.

Four of the brand new passenger cars were on display and the public showing will continue through Friday and Saturday. Coffee and donuts were served Thursday and gifts were presented to visitors.

Robert Vaughan, owner and manager of the Chevrolet agency here, said he was happy with the manner in which the 1958 line was received by Robert Lee people.

Dramatic new styling and outstanding engineering advances are prominent in the new models.

FULL GOSPEL REVIVAL

A revival meeting will start Sunday at the Full Gospel Church, one block east of the court house. Sister Pearl Bass of San Angelo will do the preaching. Only night services will be held.

Vaughan Davis left last week for Jasper, Ala., to join his wife and little daughter, Sherill, who have been visiting there with her parents for the past three weeks. They are expected home the end of the week.

Army Engineers are being called in to help the UCRA and City of Robert Lee in making repairs of the spillway at Mountain Creek Dam.

G. C. Allen of Robert Lee, secretary of the Upper Colorado River Authority, advised The Observer yesterday that the colonel in charge of the Corps of Army Engineers at Fort Worth, said they would render all possible assistance.

A representative of the Engineers is expected here within a few days to make preliminary investigation. It is not known to what extent the government engineers can go in the matter, but since it is a flood control project, they may be able to help considerably, Mr. Allen stated.

Directors of the UCRA met here Wednesday of last week and inspected the spillway damage caused by the flash flood of two weeks ago when runoff water was from 5 to 6 feet deep. At least one-third of the 500-foot spillway concrete apron was washed out and the entire installation was damaged.

Banker L. T. Youngblood of Bronte is president of the UCRA and another local director is Cumbie Ivey. All members of the board want to see a permanent solution of the spillway problem before they put more money into repairs.

The engineering firm of Parkhill, Smith & Cooper of Lubbock are no longer employed by the UCRA, and no other firm will be engaged until the Army Engineers make a report.

Rainfall of probably more than 8 inches fell on the Mountain Creek watershed during the night of Oct. 12. Exact measurement was impossible, since all rain gauges overflowed. Oldtimers report it was the biggest rain ever known in the area to the north and northeast of Robert Lee.

The Mountain Creek dam and reservoir was built by the UCRA as a municipal water supply and the initial cost was \$81,088.94. The City of Robert Lee contracted to pay \$350 per month to reimburse the UCRA. First payment was made in July 1951, and up to the present time a total of \$26,600 had been paid by the city.

However, spillway repairs have since cost \$28,820.99 and these costs will have to be paid by the city after the original cost has been paid off.

Earl Roberts Will Re-Open Grocery Store

Mr. and Mrs. Earl Roberts are re-opening a Grocery & Market in their former location in downtown Robert Lee.

The building has been vacant since Vaughan and Copey Davis closed out their store a month ago and moved the stock to Silver.

The familiar location has been used for a food store the past 50 years, and a distinct void was evident in the business section of Robert Lee when the store closed.

Mr. Roberts is an old hand at the trade and he knows the grocery and meat business. He has made some noticeable changes in the store and has a complete stock of new merchandise throughout.

Opening day is Friday, Nov. 1.

Coach Davis's basketball girls are showing much promise this year. They all look good on shots and ability to move the ball. The squad consists of 4 returning lettermen, 13 returning squad members and 7 freshmen. If the girls continue to do well they should have a winning team and a good chance for a first place district finish. Miles and Norton will most likely be their toughest district opponents.

The Steerettes will play in two tournaments, one at Lakeview and the other at Garden City. The first four games for A, B, and freshmen teams will be:

Nov. 14 — away — Lakeview
Nov. 11 — home — Lakeview
Nov. 18 — away — Winters
Nov. 25 — home — Winters

District play begins Dec. 17 at Water Valley. Games will be played in a double robin (This means each team plays one another twice) affair.

Squad members are: Forwards — Pat Fowler, Co-Capt., Lavina McDaniel, Charlene Robertson, Kenney Sawyer, Bonnie Butcher, Joydell Kinsey, Eunice Blair, Jo Ann Hood, Berniece Seltz.

Guards — Betty Hood, Co-Capt. Annice Gartman, Jerry Dale Sparks, Ellen Counts, Marilyn Reid, Martha Humphrey, Patty Gray, Peggy Boone.

Freshman — Gayle Lewis, Brenda Cowley, Louise Sparks, Vicki Wojtek, Brenda McDorman, Gladys Rives, Sharon Knapp. Coach — Garland Davis. Manager — Sandra Roe.

Wednesday, the Junior Student Council gave a devotional program, broadcasting from Mr. Webb's office through the public address system. The Council plans to sponsor a devotional each Wednesday morning with each grade taking its turn at providing the program. Last week's program featured:

Derwood Coalson — Master of Ceremonies.

Diane Samuelson sang "Fairest Lord Jesus"

Bill Roach — Closing Prayer.

The sixth grade has organized an English Club. The officers are as follows:

Dick Waldrop — President

John Jacobs — Secretary

Bobby Blaylock — Treasurer.

The eighth grade students have been studying poetry in their English class. Each one wrote some poetry which was very clever and original. Here is one student's work.

3 cups of likeableness
4 sifts of sweetness
1 pure heart of gold

Take the dash of variety and mix well with the three bushels of naturalness and five shakes of kindness. When these are thoroughly blended, combine the patience and love with them. Then slowly, but deliberately, mix in trust and faith followed by a whole three cups of true likeableness. When these turn you into a mellow personality, then add four sifts of sweetness and one whole heart of gold. Good luck.

Jo's Horse Sense

(JOYDELL KINSEY)

Problem: Is there any effective way to stop blushing. Every time I so much as glance at a boy that I like, I turn beet red. I'm never at a loss for words during a conversation with a boy, but I get very nervous when I feel my faces getting hot.

I wish you could help me, as my friends always did me about this. Also it's getting so that I can't even keep whom I like a secret any more.

Answer: Chances are that as you get more and more used to boys, you'll blush less and less. But that isn't much help right now, is it? Right now, ask yourself whether blushing is really hurting your popularity. Suppose it does let a boy find out you like him Will that keep him from liking you? Or might it, instead, help give him that extra drop of courage many boys need to dare to like a girl ... and show it?

Then there's popularity with the girls. Do you think your blushing has diminished their liking for you? Or might their fondness for you actually have increased because the blushing shows you are sensitive and human? Or because this Achilles' heel of yours may equalize for them your envied gift of being able to talk to a boy?

If you can stop being afraid of blushing, then you may stop getting so flustered — and that may help. You might consider, too, whether what you believe to be

a horrid red beet might not seem to boys, a becoming rose. Who knows? Someday, some may even remind you wistfully of the time when you still blushed.

Fate of 3 Amendments Up to Voters At Special Election Next Tuesday

Next Tuesday, Nov. 5, voters of Texas will decide whether they want to let the state set up a \$100 million borrowing fund for local water projects, increase annual welfare payments \$5 million a year, and increase state and state employee contributions to the state workers' retirement system.

Voters who cannot get to the polls for the special election next Tuesday may vote an absentee ballot in the office of County Clerk J. L. (Chilly) Trukler. Friday of this week is the last day to vote absentee.

Nine additional constitutional amendments will be voted on in November, 1958, but only three are to be submitted this year. The League of Women Voters of Texas points out that since the Texas Constitution was adopted in 1876 the voters have approved 226 and defeated 87 amendments to it. On a strictly mathematical basis, then, the odds the pending amendments will be adopted are about five to two.

The water amendment would create a board with authority to issue state bonds up to \$100 million; and the legislature, by a two-thirds vote, could authorize the board to issue another \$100 million. They could not bear more than four per cent interest a year, says the league.

Money from the sale of the bonds would be made available to river authorities, conservation and reclamation districts, interstate compact commissions to which Texas is a party, cities, municipal corporations, and other political subdivisions. The money would have to be repaid to the state, with interest.

Projects for which the state could pass out the money would include control, storing, and preserving of storm and flood waters and waters of rivers and streams, the acquisition, improvement, and construction of dams, reservoirs, and other water storage projects.

The legislature passed a law

setting out further details: it will go into effect if the amendment is adopted. It provides the board (appointed by the governor) will have a lawyer, an engineer, a farmer or rancher, a businessman, and two men in public or private finance.

The state cannot help any one political subdivision more than \$5 million, or one-third of the cost of the project, whichever is less. The money would be loaned to the subdivision by buying its bonds or other securities.

THE WELFARE AMENDMENT would increase slightly the ceiling on old age pensions and increase from \$42 million to \$47 million the constitutional limit on the total amount of state funds available a year for aid to the needy aged, needy blind, and needy children.

The ceiling on the maximum monthly aid payment to needy citizens over 65 from state funds would go from \$20 to \$25, but no payments over \$21 would be made from state funds unless the additional amount were matched by the federal government.

An enabling act would transfer \$4,900,000 for old age assistance, \$175,000 to aid for the blind, and \$525,000 for aid to needy children from the omnibus tax clearance fund.

The old age assistance reasoning in the amendment goes like this:

The first \$30 of any old age assistance grant is \$24 federal aid and \$6 state money. The next \$30, or any part of the next \$30, is 50-50 between the federal and state governments. Federal participation ceases when the pension check reaches \$60 monthly.

Thus, the maximum payment possible under the proposed amendment would be \$39 federal money and \$21 state money, unless the federal participation increased. With the state now contributing \$20 the upper limit is \$58; with the state contributing \$21 it would be \$60.

The New retirement amendment would—in enabling legislation to carry it out—set a minimum retirement benefit of \$30 a month. Employees would contribute 4.5 per cent of their salaries to the retirement system, with the state matching.

Mr. and Mrs. Douglas Waid returned Tuesday of last week from a two weeks' vacation with their parents and other kinfolks at Jasper, Ala. Mr. Waid is employed at the Sun Grocery in Silver. He is a brother of Mrs. Vaughn Davis.

PERSONALS

Mr. and Mrs. Weldon Fikes returned Friday from Houston where they attended a convention of the state association of County Auditors. The event was held at the Shamrock Hotel. They also stopped at Bridge City and visited Mrs. Fikes' aunt, Mrs. Emma Smith. The latter is past 85 years of age and is bedfast. Her husband was a school teacher at Saco many years ago.

Mr. and Mrs. Jack Waide and children of Midland came Saturday for a visit with Robert Lee friends and were overnight guests in the home of the Rev. and Mrs. Travis McNair. A former Coke County agent, Mr. Waide is now employed by a large freight trucking company.

Mrs. Robert Vaughan was hostess Tuesday afternoon at a party honoring her little daughter, Paula, on the occasion of her fourth birthday. The happy event was attended by a large group of little folks, who enjoyed games and refreshments. Paula received many nice gifts.

SMALL TALK

By A. J. K.

DAVID FURR

... He's doing well

You ought to see this little 5-year-old get around on his new crutches. A polio victim since he was 14 months old, David was never able to re-gain use of his legs, but he is walking now with the aid of braces and crutches.

The son of Mr. and Mrs. James Furr of Silver, he was born Dec. 17, 1952, when his parents lived down in the Rio Grande Valley. After being afflicted with infantile paralysis he spent six months in the polio center at Harlingen and the family moved to Robert Lee late in 1954 when Mr. Furr was transferred to Silver by Sun Oil Co.

The past year he was admitted to the Shriners Crippled Childrens Hospital in Dallas. Minor surgery was performed and later the crutches were fitted. He was taken to the hospital for examination Oct. 9 and is due back for a checkup the end of November.

Doctors feel that he is responding very well and his parents are happy over the treatment he has received. They want to thank all Coke County friends who have helped David and are so interested in his welfare.

It appears Robert Lee is not to be further penalized because of an ineligible football player being used earlier in the season. All games in which he played have been forfeited and he is no longer on the team. Supt. Frank D. Coalson, who is chairman of District 6-B, contacted the other four schools in the conference and asked them to make it known at once if they wished to inflict additional penalty. None of them were inclined to do anything about it and it would appear the matter is closed.

Discussion of the Farm Bureau resolutions still has to be carried over until a later issue.

SILVER SCHOOL NOTES

Silver Indians junior high football team defeated Hermleigh last Thursday night by a score of 32-13.

Thursday night of next week Silver plays in Colorado City against the 8th grade team.

The game scheduled here with Robert Lee on Tuesday of this week was cancelled because of a flu epidemic hitting Robert Lee. It is hoped the contest can be played later in November.

The annual P-TA sponsored Halloween Carnival at the school house Saturday night was a grand success and net proceeds are reported at \$150.

School trustees held their regular monthly meeting Monday night. Among business transacted was the hiring of Mrs. W. W. Koonce to be secretary in the superintendent's office, succeeding Fredine Theis, who resigned. Mrs. Koonce's husband was recently transferred to Silver by Sun Oil Co. He is employed at Jameson gasoline plant.

Mrs. Homer Jameson underwent major surgery early last week at Malone-Hogan hospital in Big Spring. She is making a good recovery and expected to return to her home here the middle of the week.

Attending the Texas A & M-Baylor football game at College

Station Saturday were J. D. Jett, E. W. Taylor and Ole S. Johnson, all employees of Sun Pipeline.

Good reports come from Mrs. Ole Johnson, who underwent major surgery last week at a Houston hospital. She has been dismissed from the hospital and is spending a few days with relatives before returning home Sunday of this week.

John T. Stewart and R. L. Coffman returned last week from a hunting trip in the Colorado Rockies with a group of Colorado City friends. They experienced bad weather and hunting was not good. Bob Coffman bagged a buck and one of the other hunters got two bear.

Ladies Night was observed at the Tuesday night meeting of the Silver Lions club.

Buster Jones and Bill Roe of Robert Lee were squirrel hunting over the week end in the Comanche area.

Mrs. R. L. Coffman has returned from a two weeks visit in New Orleans while her husband was on a Colorado hunting trip.

Bobby Hugh Odom returned home Saturday from a San Angelo hospital where he was a medical patient for a week. He is much improved and returned to his work Tuesday with J. P. Jameson roustabout service.

Sun Oil Co. employees here received Asian flu shots at the recreation hall Tuesday afternoon.

Mrs. C. A. Dukes returned home Saturday from Houston where she underwent treatment from a medical specialist. She is due to return there Thursday of next week.

Bob Hughes and family visited Waco relatives over the weekend, and the former went on to College station to witness the A&M-Baylor football game.

Earl Barnard, Sun production field clerk, spent the weekend with his parents at Kilgore.

Mr. and Mrs. Earl Boggus and Danny have returned from a two weeks vacation which they spent in East and South Texas.

Mr. and Mrs. Leonard Sharp and son, Larry, of Abilene, Mrs. R. C. Grounds of Abilene, and Mr. and Mrs. J. H. Breeden and children of Snyder were weekend visitors in the O. F. Bradham home. Mrs. Sharp and Mrs. Breeden are daughters of the Bradhams and Mrs. Grounds is a sister of Mrs. Bradham.

J. Weldon Phillips, who is stationed in the Air Force at San Antonio, spent the weekend in the parental home of Mr. and Mrs. C. Z. Phillips.

Mr. and Mrs. R. B. Allen have returned from New Mexico where they visited relatives.

Mr. and Mrs. Allen Jameson were recent guests of their son, G. A. Jameson, and family at Big Lake.

Mrs. Leroy Gressett of Westbrook was here recently visiting her son, Don Gressett, and family.

Mr. and Mrs. Dalton Millican of Midland and their children, Carolyn, Homer and Larry, came for a weekend visit with relatives and friends and attended the Halloween Carnival Saturday night.

O. F. Bradham has returned to his work as a Sun gang pusher after a week's fishing at Falcon Dam on the Rio Grande. In company with his son-in-law, Joe Breeden of Snyder, and W. A. Preston he had a wonderful outing and the group caught 361 catfish during the week.

Phil Wall, Sun engineer, witnessed two big football games Saturday. He was at College Station in the afternoon for the A&M-Baylor contest and then went to Austin to see the Texas U Longhorns defeat Rice. Phil made the trip by plane from San Angelo.

Weekend visitors in the Frank Mullican home were Mr. and Mrs. E. L. Ledbetter of Abilene, Mr. and Mrs. Frank Barrett and Bob of Overton. Mrs. Mullican and Mrs. Barrett are nieces of the Ledbetters. Also present for the weekend were the Mullican children, Frank, Jr. and Jerry and their families and Lee of Lubbock and Mr. and Mrs. Bill Hood and Kregg of Dallas.

Mr. and Mrs. Bob Odom and the former's sister, Mrs. R. M. Arthur of Saltillo, Tex., left last Thursday to attend the national postmasters convention in Los Angeles. They planned to visit enroute at Yuma, Ariz., and Winslow and other points in Arizona. Mrs. C. T. Wilkes is in charge of the Silver post office during Mrs. Odom's absence.

MISS CLIFTON HONORED
A pre-nuptial shower honoring Miss Barbara Clifton was given Oct. 22 in Sun Recreation Hall. Refreshments were served from a table covered with white net. The centerpiece was a small white church, decorated with red and white carnations, with a miniature bride and groom in front.

Elaine Higginbotham served coffee, Fredine Theis served cake and Yvonne Higginbotham poured tea. Silver and crystal appointments were used. The cake was decorated with the names of the honoree and her fiancé. It was decorated with icing resembling red roses and green leaves.

Approximately 45 guests were present, including the bridegroom elect's mother and aunt from out of town. The affair was planned by a group of 18 hostesses.

Miss Clifton, daughter of Mr. and Mrs. John A. Clifton, will be married the night of Nov. 11 to

Martin Bowman of Munday. The wedding will take place in the Silver Methodist Church.

PERKINS-PROTHRO CAMP
Guests in the home of Mr. and Mrs. Zeddie Beal and family this weekend were Mr. and Mrs. Bill Gunnells and Billy of Abilene.

Mrs. H. H. Long of Big Spring spent last week with her daughter and family, Mr. and Mrs. Wilbern Millican and boys.

Mrs. John Harvey of Colorado City visited in the home of her daughter and family, Mr. and Mrs. Hubert Moore and Sue.

Three Attending Hardin-Simmons From Robert Lee

Mrs. A. F. McKinley and daughter, June, and Bobby Earl Seltz, all of Robert Lee, are among the more than 1,500 students attending Hardin-Simmons University in Abilene, Texas this fall.

The fall semester got underway Sept. 20. The first university holiday will be Thanksgiving to be observed Nov. 27 through Dec. 1. Students will leave the campus at noon Dec. 21 for the Christmas vacation and return on Jan. 5.

Final examinations for the semester will begin Jan. 27. Registration for the spring term is set for Feb. 3-4.

Hardin - Simmons University, founded in 1891 by the Sweetwater Baptist Association, is a liberal arts university. Dr. Evan Allard Reiff is president. HSU is world famous for its outstanding activities. The Cowboy Band, directed by Marion B. McClure, is widely known for its showmanship and music. The Cowboys, coached by All-American and professional football great Sammy Baugh, are gaining prominence on the national football scene.

Hardin-Simmons, a Christian institution, is also noted academically offering more than 550 courses in more than 40 fields.

I attended a meeting of the Sorosis Study club in the home of Mrs. Clyde Lee of Bronte last week. I gave a program on party refreshments and snacks. We were very pleased to eat as everyone got "samples" of the food prepared. I always enjoy meeting with these ladies as I seldom see them elsewhere.

We have an important event coming up soon of interest to 4-H members and their parents. It is the Achievement Program on Saturday, November 16, at 7 p. m. in the Robert Lee school lunch room. Congressman O. C. Fisher of San Angelo and Mr. R. I. Cross of Amarillo will be guest speakers. Committees for this program are made up of both boys and girls of the Committees as listed.

Decorations and arrangement, Robert Lee. Food serving, Bronte; Clean up, Silver and Tennyson.

Hope there is a nice crowd out Friday for the program of Cake Decoration. This Mrs. Robert Ellis is good at this job. Bring your friends and neighbors.

Range Field Tour In Blackwell Area Next Wednesday

(SCS News Release)

Landowners and operators of the Coke, Runnels, Upper Clear Fork, and the Middle Clear Fork Soil Conservation are urged to attend a range field day Wednesday, Nov. 6. The tour will stress the practice of control of mesquite. The group will meet at Blackwell at 2 p. m. and travel in groups to observe the control of mesquite by root-plowing and growth of blue panicum, according to C. N. Webb, Chairman of the board of supervisors of the Coke Soil Conservation District.

Elmer Jordan, district supervisor of the Upper Clear Fork Soil Conservation District, will conduct the tour.

Root-plowing is a new conservation practice that is showing outstanding results when seeded with a mixture of grasses and deferred

during the first growing season. Moisture penetrated the soil as much as six feet in root-plowed land, as compared to six to eight inches on adjoining land not twenty feet away. Runoff from root-plowed land was very small.

"During the six to eight inch rain that I received Oct. 13 on the Wilkins place, the runoff water did not fill my little spreader dams," R. E. Hickman said. "Before I plowed the mesquite and seeded the blue panicum and blue grama, a half-inch rain would have run the spreader dam," he said.

5,300 pounds of dry feed per acre was clipped on Mrs. H. G. Wendland's mesquite infested rangeland that was root-plowed and seeded to blue panicum in May of this year.

On the tour, the group will observe mesquite infested rangeland on the O. T. Colvin and Maureen Stewart farms, west of Blackwell. The latest information on root-plowing operations, seeding of grass, and management of grass will be stressed on the tour.

Editor and Mrs. A. J. Kirkpatrick motored to San Antonio Saturday morning where they were weekend guests in the home of Mr. and Mrs. Roy Hawkins. The ladies are sisters. A light frost occurred at San Antonio Sunday morning.

58 FORD
COMING
NOV. 7

Nothing newer

AROUND THE WORLD

The 58 Ford has been proved around the world. This is the most dramatic and most grueling test ever given a new car before its public announcement.

The whole world was used as a test track for the 58 Ford. The car drove through England, France, Switzerland, Italy, Yugoslavia, Greece, Turkey, Iran, Afghanistan, Pakistan, India, Malaya, Thailand, Cambodia, Vietnam, and finally back to the place it started—Detroit, Michigan, U.S.A.

The Ford powered over the great mountain ranges of three continents: from the Alps to the Himalayas and the Rockies. It crossed the great rivers of history: the Thames, the Seine, the Tiber, the Arno, the Tigris, the Euphrates, the Indus, the Ganges.

This car stood at Buckingham Palace, rolled up the Champs Elysees to the Arc de Triomphe, and paused at the Eiffel Tower. It was greeted by the great Paris couturieres at the famous fashion salons where its "sculptured in steel" styling was applauded by the most style-conscious audience in the world.

The 58 Ford rode smoothly down the rugged, beautiful seacoast of Tito's country, to a festival in Dubrovnik, and into Greece to Athens, where this newest classic met such ancient classics as the Parthenon and the Temple of Poseidon.

Into Turkey; and the 58 Ford passed the great white lacework palaces of the Sultans along the Bosphorus and the Golden Horn. Then the Ford went where few but nomads travel, up into the hot days and chill nights of the ancient mountains of Afghanistan. And thence along the route Alexander the Great followed with his chariots to cross the historic Indus river.

On and on the Ford moved, down into the heat of mysterious India, through New Delhi to the Taj Mahal, and to the great pink palace of the Maharajah of Jaipur.

This great new car met the challenge of the monsoons—rains that for centuries have stopped all road movement throughout Indo-China, but didn't stop the 58 Ford. It drove on to Penang in Malaya, and then north to Bangkok.

Further on came Saigon, the Paris of the Orient, at the farthest tip of Southeast Asia. Finally, it powered across the great Rockies and plains of North America and back, at long last, to Detroit, Michigan.

The 58 Ford . . . has been proved and approved around the world. A natural question arises. Why did Ford go to such great lengths with its 1958 model? Why spend so much money and time and go through all the problems of negotiations, customs, border transit, diplomacy in so many countries?

The answer: in the competitive automobile market of today, only the best in all-around value can survive. And this round-the-world test is the most decisive possible demonstration of the best.

The 1958 Ford is value: hard-dollar value. It is also style, power, performance, and a dozen great new features. But above all, it is value.

This is the car you've been waiting for. See it November 7—there's nothing newer in the world than the 58 Ford!
