# ROBERT LEE SCHOOL TO OBSERVE **PUBLIC SCHOOLS WEEK MARCH 3-7**

Supt. Frank Coalson of the Robert Lee School system has announced a varied and interesting program during the week March 3 through 7. On the night of Friday, March 7, a special program will be held at the school building. at seven o'clock.

At that time parents will go through a short program following the schedules of their children meeting their classes and getting acquainted with the teach-

Then, at the close of this period, parents will pass to the auditorium, where they will hear a panel of students discuss the history of education in Texas. Also, Mrs. Dean will present her choir of children's voices singing "Texas Our Texas," our state song. Later Mr. Coalson will discuss the status and operation of the Robert Lee school system.

Teachers and students hope that people of Robert Lee will avail themselves of this opportunity of acquainting themselves with our school program and at the same time meet and know personally our fine teaching staff.

Texas Citizens' Committee on Public School Week has urged that all schools participate in the statewide program, which is held an-

# Cage Season **Ends With Wins Over Norton**

Robert Lee high school closed out the basket ball season with a twin victory over Norton on the local floor Friday night.

The girls contest resulted in a score of 48-35, with Doris Sparks getting 16 points. Other scorers were Pat Fowler 10, Bonnie Butcher 9, Lavina McDaniel 6, Eunice Blair 3, Kenney Sawyer and Jo Ann Hood 2 each.

Mary Ann Harris accounted for 30 points for the losers.

Robert Lee Steers won their game 51-25. The scorers were Dennis Blair 19, Tom Sawyer 12, Monty Trimble 10, Jerry and Paul Tinkler 5 each. Mannie Turner made 14 points for Norton.

The District 20-B championship went to Wall after their playoff win over Miles Saturday night. Wall continues its winning ways, taking its bi-district game from Forsan Tuesday night. Wall next goes into the regional meet at Brownwood.

Robert Lee boys will now devote attention to base ball and track.

# Garden Club **Members Enjoy** Travelogue

Members of El Valle Garden Club were entertained Feb. 14 in the home of Mrs. S. E. Adams in \$17. San Angelo, with Mrs. J. N. Adams and Mrs. H. S. Lewis, Sr. as co-hostesses.

An interesting program was given by Mr. and Mrs. Stanley Adams, who showed colored slides and spoke of their travels in Old Mexico.

Refreshments were served by Mrs. Claude Carter and Mrs. Stanley Adams.

Guests included Mrs. Carter and Mrs. Lynn Brown of Harlingen, Mrs. Cecil Kemp of Bronte, Mrs. J. S. Walker, Mrs. Effie Roe, Mrs. Marvin Simpson, Jr., and Carolyn Simpson of Robert Lee.

Moisture amounting from 21/2 to 3 inches all over Coke County was received the past weekend. It resulted from a steady downfall starting Friday and continuing until Saturday night. There was no runoff and as a result the ground is well saturated to a considerable depth.

It boosted the total February rainfall to 2.83 inches and 4.62 since the first of the year. The first two months of 1957 brought moisture of only 1.79 inches.

Farmers and ranchers say it is the best winter rain received here in many years, and optimism continues that the long drouth is finally broken.

Grain fields will be benefitted immediately and weeds in pastures will furnish additional grazing. Oat fields have furnished excellent winter grazing in this locality and many farmers are now looking forward to harvesting a grain crop.

However, farming operations in Coke County will not be as extensive as in previous years since a considerable acreage has gone into government soil bank and reserve programs.

J. E. Quisenberry, county SAC secretary, advises that 21,000 acres of Coke farm land is in the 5 - year conservation program,

The county's cotton allotment for 1958 is 7,971.3 acres. The soil bank got 1,483 acres of cotton land during the first four days of the signup period, and the quota of \$27,616.93 was taken up. Payments on cotton land range from \$14 to \$20 an acre, with an average of

Many other farmers wanted to put their cotton land in the soil bank, and steps are being taken in Washington to increase the acreage.

Mr. Quisenberry says he has a waiting list of 2,387.5 acres to go in the soil bank if allotments are increased. These additional acres would mean government payments

dent, announced the district Garden Club convention will be held in Cisco March 12 at Cisco Junior College. Members were advised that reservations must be made

# Mr. and Mrs. J. D. Gilbert of Silver **Honored on Wedding Anniversary**

(Special to The Observer)

Close friends of Marie and J. D. Gilbert honored them with a surprise dinner on their 25th wedding anniversary Saturday evening in the home of Mr. and Mrs. Woodrow Koonce.

They were welcomed at the door by Bess and Blackie Keener, who presented them with flowers as Maydell Koonce played the traditional Lohengrin processional.

Ollie Newell, with a few welchosen words, presented them with a beautiful silver serving tray. J. D. accepted for the happy couple with a nice speech.

An elaborate buffet dinner was served to the guests. The table was beautifully arranged, covered with a white lace cloth, appointed with silver and crystal. The centerpiece was a two-tiered wedding cake topped with a miniature bride and groom. The cake nestled in a circle of carnations and was created for the occasion by Irene Newell.

Individual tables, equally beautiful, were arranged for the seating of the guests. Music during the dinner added to the total enjoyment of a memorable evening.

Those present were Mr. and Mrs. H. W. Keemer, Mr. and Mrs. R. R. Cones, Mr. and Mrs. W. W. Koonce, Mr. and Mrs. W. S. Reed, Mr. and Mrs. O. L. Newell, and Mr. Hank Baker.

and Mr. and Mrs. J. M. Shimer were overnight guests in the G. of Colorado City.

Mr. and Mrs. Gilbert have been residents of Silver for eight years. He is a long time employee of Sun Oil Co. and is superintendent of the company's Jameson natural gasoline plant here. The Gilberts have a daughter, Betty, who attends Colorado City high school.

#### METHODIST CHURCH

The Rev. Charles Camp is leaving the Silver Methodist church to accept a pastorate at Midkiff. Following services last Sunday the minister and his wife were given a farewell dinner.

Members of the congregation enjoyed a covered dish dinner at the church dining room. Rev. Camp was presented with silver cuff links and tie clasp and Mrs. Camp was honored with a stork shower.

The pulpit here will be filled each Sunday at 9 a.m. by Rev. Travis McNair, pastor of the Methodist Church in Robert Lee, until a resident preacher is assigned June 1.

Rev. Camp has been preaching here more than two years, succeeding Rev. Warren Ellis. He was a student at San Angelo College for a year and is now attending McMurry College in Abilene.

Their many friends in Silver wish them success and happiness in their new home.

# Texas Public Schools Week

# MARCH 3RD THRU 7TH

Dear Patron:

What importance do you put upon Public Education?

As a good parent you are interested in knowing and seeing the good that comes from tax dollars spent on public schools.

Texas Public School Week has become a very important date on your calendar every year. This year the date is March 3 through 7.

During that week a special effort is made to induce patrons to visit their public schools. The ultimate goal of the State Board of Education is to get every patron in Texas to visit his schools. Last year during this period more people visited the public schools than ever before.

Your local Board of Education, your Administrative staff and teachers invite and urge you to come visit your own schools during that period. Come and stay all day! Work and play with us! We shall be expecting you!

Sincerely yours,

PAUL ASHBY, Superintendent

#### RESOLUTION

WHEREAS:

The State Board of Education recognizes the need for planned opportunities whereby citizens can learn about the accomplishments of their schools and obtain information about problems which may need attention in their own school district, and

WHEREAS:

The Texas Citizens' Committee for Public Schools Week has worked diligently and effectively since 1950 in cooperation with local school officals to bring the one purpose of Texas Public Schools Week to the attention of all the people in Texas, that purpose being to encourage citizens to visit in their local schools.

BE IT THEREFORE RESOLVED:

That the State Board of Education hereby designates the week of March 3-7, 1958, as the Eighth Annual Public Schools Week in Texas and urges all citizens in the State to visit a public school during this week, and

That the State Commissioner of Education and the State Department of Education staff shall join with the State Board of Education in encouraging public school administrators and teachers to work hand-in-hand with individual citizens, parent-teachers associations, and other organizations and agencies interested in improving the educational opportunities available to the children of their respective communities, and

That Public Schools Week be suggested as an appropriate week for local school officials to plan events and educational programs which will give to each pupil and to each citizen who visits in the schools a better understanding of the vital important responsibility which rests upon the public school governed by and for the people.

4-H Clubs have been active in Texas for more than half a century. The basic principle of uniting "Head, Heart, Hands and Health" for the betterment of homes, schools, churches and communities, has remained a major objective of the 4-H organization.

In Texas, the state's 111,535 members will also make a special effort to inform the public about 4-H training and its value in character building and citizenship devolpment. The 4-H story will be told in many ways and boys and girls will be encouraged to enroll. Too, during the week, members with their parents will have an opoprtunity to check over past achievements and plan together for the future.

4-H clubs are proud of their record and citizenship activities and the lack of juvenile problems within their organization. # For Women Set For March 7th

A Driver's Clinic will be held Mr. and Mrs. Wilton Robertson next Friday, Mar. 7., from 1:30 to 4:30 in the Robert Lee High here Sunday afternoon and burial School. The event is being sponsored by the Coke County Home Demonstration Council in cooperation with West Texas Utilities Co. Mrs. Pat Rives is chairman of the Council.

On the program will be Ben Walker of San Angelo, Safety Officer for the Texas Department of Public Safety, who will speak on "Traffic Laws and Traffic Problems;" Dr. Donald Cunningham, San Angelo, who will speak on "Vision and Highway Safety"; C. D. Manire, "What Every Driver Should Know About the Automobile"; and Miss Eudora Hawkins of West Texas Utilities Co., Abilene, who will talk on "Women and Traffic Safety."

A detonator test will be given to show reaction time and stopping distance, and films and slides will be used. Favors will be given to all attending, and door prizes will be awarded.

Mrs. Fay C. Roe, County Home Demonstration Agent, reported that the Clinic is planned primarily for women and teenagers, but that men would be welcome. She said Home Demonstration Clubs all over Texas are including Traffic Safety in their programs, but Coke County Council is one of the first to plan a county-wide program.

The 3-E's Committee of the Council is assisting Mrs. Rives and Mrs. Roe. Ladies on this committee are Mmes. A. D. Fields

#### Senior News (NETTIE BOB BELL)

Last week, all members of the Senior Class took a Kuder Preference Test, sponsored by San Angelo Junior College. The test showed where an individuals' interest lies. For example:

Virginia Jones was highest in literary science and would be good at writing.

Bub Burson was highest in out door life and would make a good agricultural teacher.

Doris Sparks was highest in clerical work and would be good as a secretary or math teacher.

Several seniors missed the test due to illness but those who did take it found it to be very interesting. Some of the members of the class doubted, at first, the accuracy of the tests; however after their results were tabulated, each one confessed that their ratings coincided exactly with their real interests.

# PERSONAL

Pvt. Thomas G. Lee is now stationed at Ft. Eustis, Va., having been transferred from Ft. Leonard Wood, Mo. The former Robert Lee youth enlisted in the army late last summer.

J. L. Robertson enjoyed a visit over the weekend from his son, Otis, and family and a daughter, Mrs. Geraldine Foster and her children, all of Lubbock. Mrs. Foster's husband is expected home soon from army duty in Korea. Otis has re-enlisted in the Air Force for five years with a staff sergeant rating. He had been employed as a civilian mechanic at Reese AFB. Otis and his wife have a little daughter, Rhonda.

Frank Allen arrived the first of the week for a visit with his parents, Mr. and Mrs. H. C. Allen. Frank has been in California the past couple of years, but recently had been at Ogden, Utah, where he became ill.

#### BAPTIST LEADER COMING

Mrs. Pat Crawford is to lead the Robert Lee Baptist Chnrch in a Training Union Think-Nick beginning Sunday evening March 2-6. She is coming as an educational worker, and will observe and help in any of the church organizations where possible, but the main emphasis will be on Training Union.

Mrs. Crawford has very recently closed a five day meeting with the First Baptist Church of Silver and the report was an excellent job done in the study of Training Union methods. The work at Robert Lee will be a different angle of thought, for the study will be vocational. The theme will be "God Calls." Weekday services will begin at 7:00 p. m.

Death has come to Mrs. A. J. resident. Her passing occurred her son-in-law and daughter, Mr. and Mrs. Earl Evans, 2410 Johnson St., in Big Spring.

Funeral services were held Saturday morning at Nalley-Pickle Chapel in Big Spring. The body was then brought to Robert Lee where graveside services and burial took place in Robert Lee cemetery.

Louisa Exine Hammock was born in July, 1867, in Hamilton, Tex., and married Andrew Jackson Taylor there. They moved to Robert Lee in 1900 where Mr. Taylor was engaged in the grocery business and served as justice of the peace and county commissioner. He died in 1927.

For a number of years Mrs. Taylor made her home here with her son, Roy Taylor and family. About 12 years ago she went to Big Spring to live with the Evans family. She was a victim of creeping paralysis and had been bedfast most of the past 11 years.

She passed away in her sleep last Thursday, her death being discovered by the daughter about 2 p. m.

Survivors include the daughter, Mrs. Layla Evans; two sons, Roy Taylor of Robert Lee and A. J. Taylor, Jr. of Seagoville; a brother Warren Hammock of Ireland, Tex.; two sisters, Mrs. Lizzie Freeman of Waco and Miss Sally Hammock of Hamilton; 24 grandchildren; 51 great-grandchildren and one great-greatgrandchild.

She was preceded in death by a son, Charlie, and a daughter, Lola.

COKE SOIL CONSERVATION DISTRICT NEWS

Present Supervisors -C. N. Webb, Chairman; W. E. Burns, Vice Chairman; D. K. Glenn, Secretary and Treasurer; Robert Walker; Bryan Yarbrough.

J. S. Walker, rancher near Silver, is presently constructing net wire diversions on his ranch northeast of Silver. The diversions are designed to spread concentrating runoff water over adjacent flat rangeland without destroying existing vegetation near the diversions. They are constructed of post set in the ground, ten feet apart, with doubled sheep wire fastened to them to a height of 12 or 16 inches. Vegetative litter builds up behind the structures, forming a more or less natural dam. A portion of the runoff is filtered through the diversion and the remainder is carried to the end and spread out over adjacent areas.

Advantages of this type diversion over earthen structures are: the net wire diversions do not destroy existing vegetation while they are being established as do the earthen diversions. Since some soils are highly susceptible to water erosion when vegetation is removed, this is a big advantage.

Another advantage is that the wire structures can be relocated when the need arises and they require little maintenance. The earthen diversions are of a permanent nature and require more maintenance.

Food for Thought in Range Conservation - When soil temperature is 70 degrees F., grasses use all available moisture for growth. When soil temperature is 100 degrees, grasses use 75 percent of the moisture for growth and 25 percent to keep cool. When soil temperature is 130 degrees, grasses use all available moisture to keep cool and none for growth. When soil temperature is 140 degrees, soil bacteria can not exist. When air temperature registers 108 degrees, a thermometer on bare ground will register 130 degrees. At the same time, a thermometer placed under a healthy clump of Bluestem grass and mulch cover will register only 90 degrees.

Oxygen carried into the soil by rainfall is almost as beneficial as the water itself. Seventy percent of root storage produces only 10 percent of the new top growth in the Spring. During a period of two or three years, the root system of a grass plant is replaced. When range livestock start losing weight, the grassland is already damaged beyond a point of quick recovery.

It is estimated that 71 percent of the total annual precipitation is returned to the atmosphere through evaporation and transpiration.

The city's business has been in good hands and our citizens should make it their business to persuade competent men to continue to fill these positions. Mayor Cumbie Ivey, Jr. has declined to serve longer. We think he should take it for two more years. Commissioners Wayman Robertson and Curtis Walker might be persuaded to be candidates for re-elec-

I think it would be a disgrace for the people of Robert Lee to let this matter go by the boards.

Beatitude of a leader:

Blessed is the leader who considers leadership an opportunity for service.

Citizens of the Silver community are cooperating with school officials in directing attention to Public School Week. A community program is being planned for Thursday night, March 6. Your attention is invited to the Silver school page in this newspaper.

School trustee elections come up in Texas the first Saturday in April, and we need to do something about filling those positions, too.

Attention is directed to Coke which appears in this newspaper. Here's your opportunity to learn where your tax money goes and the report will be studied with interest. The report will be completed next week with tabulations of receipts and expenditures of all funds in addition to a complete report on the bonded indebtedness.

I wouldn't miss the band concert Friday night. Robert Lee has a fine band and the young musicians and their director deserve your support.

## 4th Menielle **Well Flows** 211 Bbl. Oil

Sun Oil Co. No. 4 Menielle has been completed for a potential flow of 211.13 barrels of 46.5 gravity oil, no water, during a 22-hour test. Gauge was through a quarter inch choke with tubing pressure of 500 pounds. Gas-oil ratio 1,217-1.

Production is from IAB (Menielle Penn) with perforations from 5,560-73, 5,583-92 and 5,648-84 feet, with four shots per foot. It was a natural completion.

Location is in section 483, 1-A-H&TC, 10 miles northwest of Rob-

Empire Drilling rib was moved to Sun No. 6 Menielle, which is 1,800 feet east of Sun 5 Menielle and 1,800 feet southwest of No. 3.

### RECOMPLETION

Sun has perforated 33 feet of pay farther up the hole in its No. 3 Menielle. A new potential indicated a flow of 136.62 barrels of 43.5 gravity oil, no water, during a 24-hour official test. Flow was through a 9-64 inch tubing choke and the gas-oil ratio 1,222-1.

The well was originally completed from a section 5,758-70 feet, but had failed to continue its potential flow of 126.97 barrels of oil. After perforating the new 33-County's 1957 Financial Report foot pay section was treated with 18,000 gallons of acid.

> Sun No. 5 Menielle drilling early Tuesday at 5,352 feet in shale and lime.
