WE SUPPORT SENATOR GEORGE MCGOVERN FOR PRESIDENT OF THE UNITED STATES.

From remarks made in this column recently you may have already gathered that we favor Senator George McGovern for president of the United States. If there remains any doubt in your mind on how we stand regarding the top candidates on the general election ballot this year, be at ease. I am convinced that we don't need Nixon for four more years. Unlike those who say they are going to support the Democratic ticket "from the courthouse to the Whitehouse," I am going to support the ticket "from the Whitehouse to the courthouse."

If I had to give all of my reasons for supporting McGovern over Nixon, I would have to go back to the beginning of their political careers and trace them up to date. This procedure would take too long to research to publish here. But we might take just a short look at some of their differences.

In the first place the differences in the two parties they represent must be considered. If a poll was taken in any agricultural area...

Veterans' Day parade on tap

The first Veterans' Day parade in years here is being planned for Nov. 11, the "true" Veterans' Day.

THE REST of the nation may have observed the special day on its new "long weekend" date Monday, but the local celebration will be on the original date—the anniversary of the World War I armistice. The traditional Veterans' Day falls on a Saturday.

The Veterans' Day parade was the idea of Nolan Froehner, Nazareth High School Band director. Froehner said the holiday is a special event in many areas, and he felt it should be here, also.

FROEHNER said the county's other school bands, veterans' organizations, the County Activities Committee and area recruiting offices have all expressed a willingness to participate or help in the parade.

Plans for the event are now being formulated. If you have any ideas for the parade to honor local veterans, or want to take part in it, contact Froehner; Don Nelson, chairman of the activities committee; or Gerald Broadstreet, VFW post quartermaster.

Dimmitt will celebrate Halloween with a big indoor carnival Tuesday night at the Panhandle Compress & Warehouse on East Halsell Street.

FOURTEEN civic and service clubs, hobby groups, classes and school clubs will operate 24 or more game and concession booths.

THE FUN will begin at 6 p.m. Tuesday, and the carnival will close promptly at 10 o'clock, Minnick said. Admission will be 25 cents per person, with pre-schoolers admitted free.

The carnival will be a combination snack party, fun night and costume party. Prizes will be awarded to seven youngsters showing up in the best costumes. Six door prizes also will be awarded during the night, including a television set by Beta Sigma Phi sorority.

Christmas candy project begins; servicemen's addresses needed

Homemade Christmas candy will be mailed in just three weeks to Castro County servicemen around the world.

CANDY making can start anytime now. But the first thing needed is the address of any county serviceman or woman you know.

Beral Hance at the county agent's office is compiling the mailing list again this year, and all families with a man or woman in military service are urged to submit addresses to Mrs. Hance within the next two weeks.

Those making candy should deliver it to the Castro County Farm Bureau office on North Broadway. The candy deadline is 5 p.m. Friday, Nov. 10.

The following Monday, volunteers will start packaging the candy for shipment on Nov. 17. Mrs. JAMES WELCH of Bethel is chairman of the candy project this year.

She said homemade candies that will not melt in shipment are preferred, and that the candy pieces should be individually wrapped and placed in one-pound coffee cans. The cans should be cross-taped lengthwise to secure the lid, and the candy-maker's name should be on a slip inside each can.

Mrs. Welch urged individuals who are not making candy to contribute money for postage and wrapping supplies.

THE UNIQUE "Candy for GI's" project here was started by the Bethel Home Demonstration Club in 1967 and quickly became a county-wide undertaking. The popular project annually provides hundreds of pounds of homemade candy, commercial candy, nuts and other treats to the county's military men and women at Christmas time.

Last year, county residents serving overseas received an average of six pounds of candy apiece to enjoy and share, as proof that their "home folks" had not forgotten them at Christmas.

Letters of gratitude have poured in annually from all over the world to individual candy-makers, the News and project chairmen as proof of the project's popularity with Castro County men who can't be home for Christmas.

Pageant cancelled

The "Miss Castro County" pageant, scheduled for Saturday night, has been called off. THE CASTRO County Jaycees voted at their regular meeting last Thursday to cancel the pageant, subject to possible rescheduling next spring.

Four local men missing

Utah air search continues

SO LONG, D.S.T. — If Dimmitt's best-known clock could talk, it would probably flash this sentiment on behalf of local residents over the end of Daylight Saving Time Sunday—OBOY! In a farming area with early school buses and a sunrise-to-dark schedule, DST becomes an aggravation to many during the fall months before Standard Time goes back into effect. DST officially will end at 2 a.m. Sunday, so be sure to set your clocks back an hour before you go to bed Saturday night—and get that extra hour's sleep you lost last April!

SEARCHERS have had only three clear days so far to scan the rugged mountains and valleys of southeastern Utah for the missing plane that was carrying four men from the Hart Church of Christ on a mission trip to Canada.

One of the most extensive aerial searches in Utah's history continued Wednesday for four Hart and Dimmitt men whose light plane has been missing a week.

The single-engine plane was piloted by Harold McColum, Dimmitt contractor and minister of the Hart church. Accompanying him on the flight were three of the church's elders—J. C. Jackson, Hart garage owner; Mart Booe, employee of H&H Produce Co. and C. C. Hanes, Hart farmer.

Their plane was reported missing last Wednesday between Cortez, Colo., and Salt Lake City, Utah. The men were en route from Dimmitt to Oreville, Wash., and Bernaby, Canada, to inspect mission churches which the Hart church is supporting.

THE PLANE was last seen on a scheduled stop at Cortez.

At least seven Hart men have flown to Utah to take part in the search. They are Harley Wilke and Bob Hill, pilots, and Harold Smith, Kenneth Covington, Clinton Billingsley, Dwight Miller and Jerry Allen, aerial observers.

The men left Cortez at 10 a.m. last Wednesday for Salt Lake City, with a stop at Hanksville, Utah, scheduled in their flight plan.

At least seven Hart men have flown to Utah to take part in the search. They are Harley Wilke and Bob Hill, pilots, and Harold Smith, Kenneth Covington, Clinton Billingsley, Dwight Miller and Jerry Allen, aerial observers.

Their two planes were joined by 18 other Civil Air Patrol and private planes from Utah, Arizona and Colorado Saturday—the first day weather permitted a search.

THE SEARCH force increased to 21 planes Monday as Congressmen George Mahon and Bob Price enlisted the aid of the US Air Force's Air Rescue Service. Directing the search is Col. Athol M. Webb, Utah Emergency Services director.

Twenty-seven to 29 planes were scheduled to take part in the search Tuesday, but bad weather along parts of the flight path cut the search force to two military and three private planes.

Weather has seriously hampered the search from the start. For three days after the plane was reported missing, snow fell on the mountain ranges and valleys along the missing plane's scheduled flight path. The single-engine plane is white with gold and green trim, making the spotting more difficult in the snow-covered area.

Help make Halloween a safe night

They're small, quick, and turn up in the most unexpected places on Halloween. And motorists are urged to keep a watchful eye out for the youthful spooks who will be trick-or-treating.

ABSORBED in their fun, the youngsters sometimes forget safety rules and may carelessly dart out into dimly lighted streets.

Parents are also reminded to be sure their trick-or-treaters are dressed in fireproof costumes. The costumes can be flameproofed by dipping them into a solution of three quarts of warm water, seven ounces of Borax and three ounces of boric acid.

Children should never carry candles. Battery-powered lights are safer.

ALL COSTUMES should be made of light colored materials with reflective markings. Masks and costumes should be well fitted to prevent tripping and blocked vision.

Children should be warned not to eat unwrapped or homemade candy, fresh fruit or unfamiliar foods until they get home and their parents inspect it.

Halloween is a time of fun for youngsters of all ages, but every year, somewhere, some incident proves that the holiday can quickly turn into tragedy if adults are not aware of the dangers. There have been no Halloween tragedies here within memory, and an eye toward these safety precautions can keep it that way.

BILLINGSLEY and Smith returned to Hart briefly this week, then left Wednesday morning to rejoin the search. They described the terrain as "terrible, with mountains and alleys that are very, very rugged."

Search planes covered the route from Cortez to Hanksville early in the week, then started searching north of Hanksville, toward Moab and Price. If weather permits, the searchers plan to retrace the most rugged parts of that route today.

"The searchers aren't sure whether the plane ever touched down at Hanksville or not," Mrs. Kenneth Covington said Wednesday.

CORTEZ, in the southwest corner of Colorado, and Hanksville, in the southeast quarter of Utah, are 150 air miles apart. Along the missing plane's scheduled flight path are the Hovenweep National Monument, Abajo mountain range, deep canyons, the Colorado River flowing southwestward toward the Grand Canyon, the Dirty Devil River and the Henry Mountains with peaks rising to 11,485 feet.

Price is 80 air miles north of Hanksville, east of the Wasatch Plateau, with ranges of cliffs rising north and east of the city.

Prayer vigils are being held at 7 o'clock nightly in the Hart Church of Christ, and will continue until word of the men's fate is received.

For new library

Stock brings \$117,000

Stocks which Mrs. Ralph Perry of Plainview donated for a new county library in May, 1970, brought \$117,920.88 on the New York Stock Exchange Monday.

THE COUNTY commissioners' court ordered the stock sale Monday morning to provide cash to build the new county library building.

At the same time, the commissioners awarded the construction contract to Jerry Gailley Construction Co. of Lubbock, low bidder on the project. Gailley is to construct the library building or \$141,217, with 210 days to complete the project.

When they were sold Monday, Mrs. Perry's donated stocks brought \$900 more than they would have brought Friday. Monday's upsurge in the stock market was attributed to reports of progress in peace negotiations in Vietnam. Face value of the stocks was the highest Monday that it had been since June.

AND AT THE time of their sale, the stocks were worth \$25,000 more than when Mrs. Perry donated them 2½ years ago.

They were valued at \$92,000 to \$93,000 at the time they were donated to the county.

"We hope the sale will net an even \$117,000 after broker's fees," County Judge Raymond Wilson said.

The stock portfolio included 625 shares of Sears, Roebuck

and Co., 400 shares of Texaco, 336 shares of General Motors, and 100 shares each of Eastman Kodak, US Steel and Texas Gulf Sulphur.

IT ISN'T often that an extra \$25,000 profit can be realized on a donation, Judge Wilson observed.

"When Mrs. Perry first donated the stock, there was some talk about selling it at that time and putting the money into certificates of time deposit to draw interest," Judge Wilson said. "But if we had done that, we would have realized about \$15,000 less from the stocks, as it turned out."

The stock sale will give Library Board members and commissioners a solid base now to plan the total budget and set a firm goal for the local fund drive to complete the project.

In addition to the stock-sale income, the library project will receive \$50,000 in matching funds through the Texas State Library. The library fund also includes dividends earned by the stock during the last 2½ years, and \$5,000 or more in local donations to date.

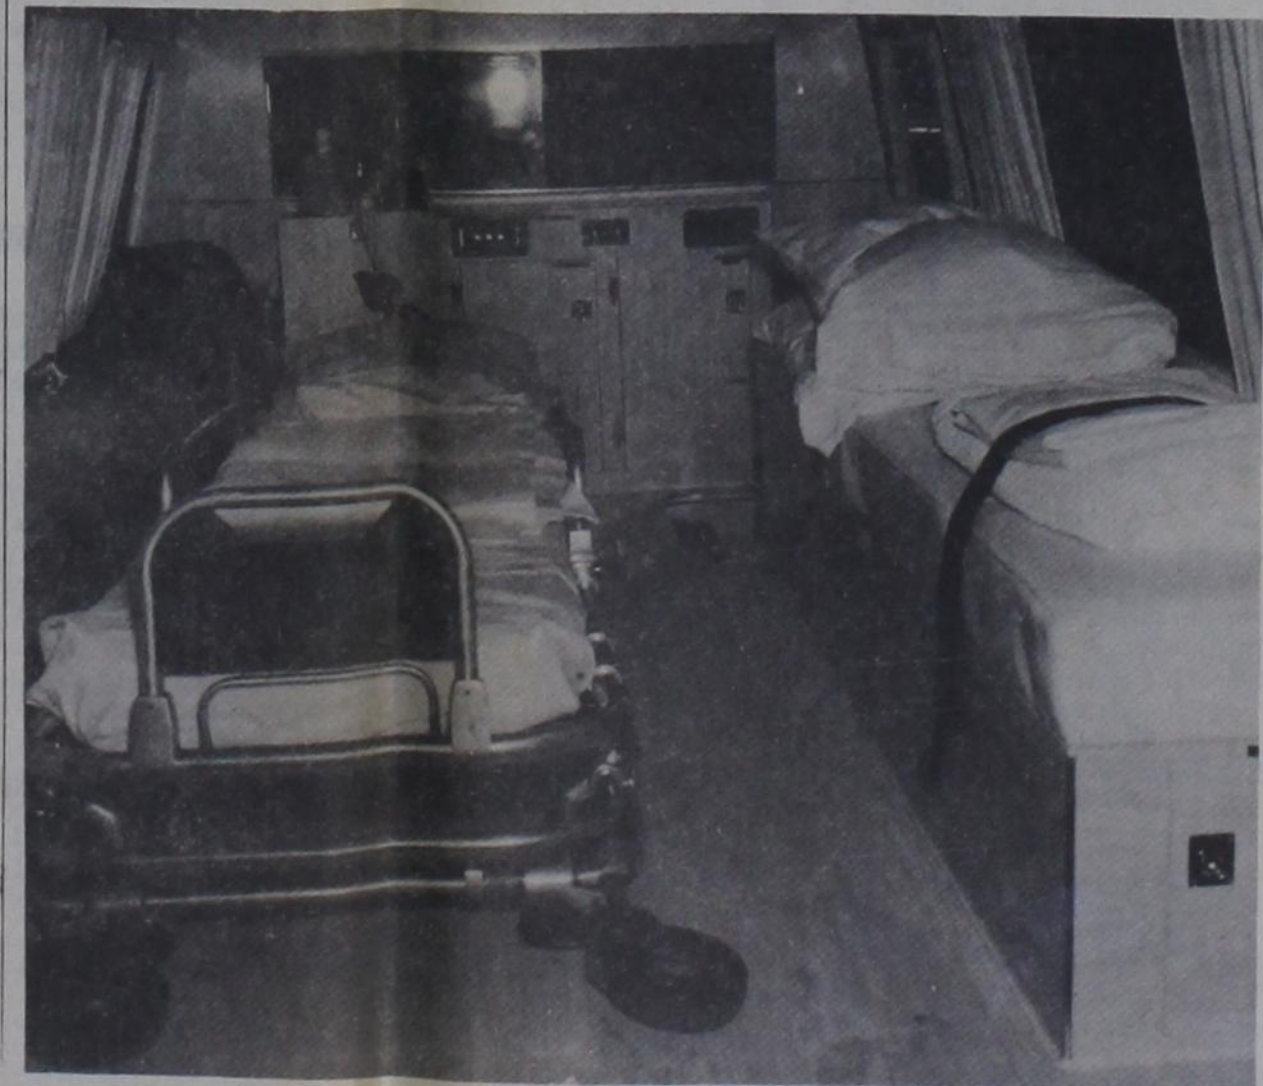

'Grover Girls' coming Saturday

The "Grover Girls" will be in Nazareth at 11:30 a.m. and in Dimmitt at 12:30 p.m. Saturday.

THE Grover Girls are 18 Amarillo women who are on a promotional tour for Sen. Hank Grover's bid for the governorship on the Republican ticket.

They will be accompanied by Young Republicans from Amarillo College and West Texas State University. Helene McFarland, Castro County Republican vice-chairman, will meet the group at the Republican headquarters in Dimmitt.

What's orange and goes wow-wow?

INSIDE NEW PUBLIC AMBULANCE... Rolling emergency ward, with room for four

By BECKY BERRYHILL
Is it a mountaineer wagon? Is it a fancy delivery van? Nope, it's Dimmitt's new ambulance!

ORANGE and white, the new Dennis Funeral Home ambulance is the latest model and meets all the federal requirements for public ambulances.

The new ambulance arrived in Dimmitt Oct. 13 and has already made emergency calls.

One of the most striking features of the new ambulance is its emergency siren. In town, the ambulance will be preceded by a high-pitched, fast-yelping siren. When on the road, the longer electronic whines will be used.

THE VAN, built on a GMC chassis, is white on bottom and orange on the roof.

"Orange is one of the two colors considered the brightest at night," Cecil Dennis said. "It also has nine emergency lights—one big one on the cab roof, six others on the front and two in back."

The van features built-in storage cabinets for emergency equipment. Four patients can be carried at one time—one on a roll-out cot, one on a padded storage base-cabinet and two on suspended stretchers.

DENNIS SAID the gross weight of the ambulance is

48,000 pounds. He expects the cruising speed to be only 70 mph, because the van is top-heavy.

Cost on the ambulance when fully equipped with emergency supplies necessary to care for the community will be in the neighborhood of \$10,000. It's the sixth ambulance purchased in 19 years by the local funeral home.

In addition to meeting the federal code, the ambulance complies with all the new state requirements to operate a public ambulance service. The State Dept. of Public Health issued Dennis a permit after the new ambulance was delivered.

OTHER features in the new ambulance include:

—Capacity to administer oxygen to two patients simultaneously.

—Three IV bottles that can be operated at the same time.

—56 inches of headroom, often necessary for attendants to give heart massage and mouth-to-mouth resuscitation.

—Air conditioning and heating in the passenger area.

—An intercom system to enable the driver to speak with passengers.

—Two-way radio system.

THE NEW ambulance is the only one of its type in a town (See What's Orange, Page 13)

ACC exes and parents attend homecoming in Abilene

By MYRTLE SHEFFY

Abilene was the place to go this week for many of the Dimmitt people. It was homecoming for Abilene Christian College. The band played and two of our kids are in that—Brent Miller and Ann Golding. And they all saw "Fiddler on the Roof" a musical presented by the college drama club. This has grown so big it was at the civic auditorium. The people I heard of going were the Goodwin Millers, the Jack Millers, the Carroll Webbs, they have kids in school there, the Carlos Calverts, the Ronnie Parkers, former students, the Lonnie Bells and Jeff and Lori. They visited Mike and Michelle and Rick and Suzie Bell.

Trellis and Dorothy Summers also visited son Lee. Seems he is the great debater. Jim and Liz Golding and his mother Mrs. Ben Golding of Amarillo visited Ann. Oh yes, she is not in band this year but she takes voice. Ronda Tidwell went as a guest of the Goodwin Millers.

Sonny and Donna McIntosh helped move his brother Bobbie McIntosh to Cumberland, Ky. last week. They came home through southern Indiana where they saw the Menonite people or Quakers. They were impressed with their style of living, clothes of the 200-year-old era, all in black. The man had a long beard, the lady in a long dress with a bonnet. They were traveling in a horse drawn carriage. They saw much pretty scenery on this trip.

THE GARDEN Club "Yard of the Week" is Mrs. Martha Pearl Sadler's at 400 W. Jones St. Will the children of the town please leave the sign alone? Someone took it from Mrs. Clevanger's yard and placed it at the high school yard. "Nix on that."

Suzie Ellis saw the play "Applause" with Patrice Munsell as the star. This was in Amarillo and a very good show.

Mrs. Ira Wimberly has worked and sang at two Lay Witness meetings recently, one at the Levelland Baptist Church, another at Bolton Street Baptist in Amarillo. If you can help any way at all with the Lay Witness at Western Circle Baptist this next weekend call Mrs. Bunch or Rev. Street at the church.

Noel and Oleta Gollehon and Mr. and Mrs. Raymond Annen went to Tucson, Ariz. last week to attend the Deaf Smith County Rural Electric or they were representatives from here to there. They had a good business time and fun time making tours of Old Tucson where the TV series High Chaparral were made. Many of the old western shows were made in that vicinity.

THE SEASON FOR . . . COLDS AND FEVER
THE COMMON COLD . . . one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution. There are many spiritual things that we do not know the answers to. These things we must accept on faith.
"The secret things belong unto the Lord our God; but those things which are revealed belong unto us and to our children forever, that we may do all the words of this law."
Deuteronomy 29:29
God has revealed himself, his son, and his commandments, these are the major things.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

CROP canvass on tap Sunday

Adults will drive and youths will knock on doors throughout Dimmitt Sunday in their annual "CROP Sunday" canvass. PURPOSE of the drive is to collect funds for food and commodities, self-help programs and disaster relief for people in the world's underdeveloped countries.

Workers will meet at 3 p.m. Sunday at the First United Methodist Church. Adult volunteers will provide transportation for youths conducting the canvass.

Larry Altman and Mrs. Kent Birdwell, coordinators of the drive, urged all interested youths and adults to take part in the canvass. A HALLOWEEN party for all youths taking part in the CROP canvass will begin at 7:45 p.m. Sunday in Lamar Fellowship Hall of the Methodist Church, Altman said. The party will include refreshments, movies, apple-bobbing and other Halloween games.

CROP is the community hunger appeal of the Church World Service. Objective of the program is to collect funds and commodities from the whole community to support the overseas programs of CWS. These include nutritional programs to alleviate starvation and build

strong minds and bodies, development projects that help people help themselves, and emergency assistance in times of disaster.

CROP was created by Christian churches around the world, and its programs are governed by a board composed of the churches' representatives. Crop contributions are distributed and used in meeting human needs through the established agencies of the various churches, in the spirit of Christian compassion and justice.

HOWEVER, CROP is self-supporting; it receives no grants from denominations. It does not seek gifts within congregations, but instead provides a channel through which church people can work with others in the community to help stop hunger.

CROP provides approximately \$1 1/2 million to \$2 million in cash and commodities for emergencies and ongoing CWS programs in 34 countries around the world each year. Annual shipments total about five million pounds, including high protein foods, seed, tools, agricultural equipment, pesticides and fertilizer.

CROP also administers the CWS Clothing Appeal, which provides additional aid valued at \$2 million annually.

CROP funds support work in agricultural and community development, cooperatives, family planning and education, offering new opportunities to people in underdeveloped areas. CROP aid is distributed on the basis of local need, without regard for race, creed or politics.

CONTRIBUTORS may designate their CROP gifts to overseas service agencies other than Church World Service. In an average year CROP remits some \$250,000 in designated funds, the principal recipients being Catholic Relief Services, World Relief Commission—NAF, Lutheran World Relief and Menonite Central Committee.

THE AL Hoeltlings, my husband and I had a great trip to Europe. Places of interest we visited were Rome, Assisi, Padua, Florence, Venice, Cologne, Munich. We spent ten great days with relatives, the Albrachts at Buren and Hoeltling relatives at Thule and Paderborn, Germany. In our tour group of 36 Franciscan Missionary Union from Cincinnati were people from many states.

While we were in Germany the tour went through Belgium, France and Spain. We joined the group at Geona, Italy after visiting relatives and went with the tour through Italy, Austria Switzerland and back to Frankfurt, Germany, where we landed and left for home on an Atlantis DC 3 plane carrying 258 adults and six children. It amazed me no end how so much weight can fly through the skies at heights of over 30,000 feet. Our plane landed at Hartford, Conn. It was a great experience, one we'll always cherish.

MR. ANR MRS. Albert Schulte and Mr. and Mrs. Joe Schulte of Hereford went to Slaton on last Sunday for the 60th wedding anniversary of the J. J. Kittens. Mass was offered for the couple followed by punch and cake and a dinner for close relatives and friends in Lubbock.

The cold front which moved in Wednesday brought freezing weather and rain to this area over the weekend. We received 1 1/2 inches of rain which was good for wheat and not so good for the cotton and milo harvest. The weather is bright and sunny this Monday morning and harvest can be resumed in a few days we hope.

DEE Williams came in high at our weekly bridge party with a score of 5,100; Josie Bradford was second with 4,350; my spouse, Jon Nell, came in third with 4,210; and Ramona Annen was fourth with 3,990.

Ellen Hrabal was hostess this past week, with Loretta Hucks hostess for Friday.

We have 24 persons signed for night bridge, with a close count showing up for which night to play. Right now Tuesday and Thursday nights are running neck and neck. An organizational meeting has been called for Thursday, Nov. 2 at the Country Club at 7:30 p.m. for prospective players to vote on which night they prefer and other matters. Please make your plans to attend this meeting, or call in your vote, so we can set up our night bridge.

★
B. B. SAYS that the average novice bridge player's first move is to draw trumps. This is sometimes a good idea—perhaps even more often than not. Often, however, it is a fatal error. Declarer's best first move at any contract is to think! If he thinks along the right lines, he usually sees whether or not on this particular hand it would be wise to draw trumps. No single general rule covers all cases, but Bertha has devised a simple little rule that has steered many novice players in the right direction. Draw trumps only when you can see no possible problem. Problems might

include the safeguard of a really long suit; if you want to ruff losing cards in the dummy; or you need dummy's trumps to stop the enemy's long suit.

★
HALLOWEEN made an early debut in Dimmitt last Saturday at the Country Club when my youngest daughter, Lori Beth, celebrated her seventh birthday.

Ghosts, witches and goblins were coming out our ears all afternoon (seems like) with a sprinkling of hippies, clowns, and at least one Batman stirring things up. The birthday girl's costume was voted the 'prettiest' (by mom no less)—however, every masquerader there had some prize ribbon pinned to their chest. So all ended well with no tricks or spells cast on the place.

Hostesses included Jon Nell Forrester, Polly Holland, Lisa Forrester and Nellie Reeves.

Any member wishing to reserve the club house for a party may call the Pro Shop and there is no charge. However, members are responsible for cleaning afterwards.

40,000-HEAD DIMMITT FEED YARDS USE 100 ACRES OF GRAIN DAILY

Using locally grown grain in the ration, Dimmitt Feed Yards is feeding 40,000 head of cattle. The feed yard is located on the Clovis Highway west of Dimmitt.

The feed yard was constructed in 1966 and began feeding 10,000 head. The pen space was increased twice to reach the current 40,000 head capacity.

"The feed yard uses an average of 100 acres of local grain daily in the feeding process," Ike Brandon said.

The feed yard has an average of 430 employees. Key personnel are Ike Brandon, manager; Delynn Smith, head bookkeeper; Jack Templar, head cowboy; and Bob Ellis, head mill man.

"When cattle enter the feed yard, they are started on a weak ration con-

centration and are gradually fed up to a higher ration concentration," Brandon said. "We use three ration concentrations, reaching the highest about a month to six weeks after entering the feed yard."

"The average pen is fed for 150 days or five months," Brandon continued. "Each animal will gain 400 pounds and eat two tons of feed during that time."

Brandon said a big portion of the beef coming out of Dimmitt Feed Yards goes to the area meat packers.

Dimmitt Feed Yards is a member of the Texas Cattle Feeders Association.

THE TEXAS swine industry is intensifying its efforts to eradicate hog cholera from the state. Hog producers are hoping the two-month absence of the disease continues. A state must go 12 months without a case of hog cholera being confirmed before it can attain the hog-cholera free status. Although the last case was reported in July, quarantines continue in Nueces and Parker counties. Nationwide, hog cholera has made an alarming comeback. During the first two weeks in September, a total of 25 hog cholera cases were reported; this compared with only one for the entire month in 1971. A new drive and a new toughness toward hog cholera eradication is underway.

Waggoner cows get DHIR rating

Registered Brown Swiss cows in the dairy herd of Winston Waggoner of Sunnyside recently completed outstanding official DHIR production records. THE TWO Waggoner cows were J Win Countess Melva and

J Win Royal Gretchen. The Brown Swiss Cattle Breeders' Association of America recognizes all cows on official DHIR test that complete 305 day lactations on 2x milking exceeding 559 lbs. of butterfat as two-year-olds, 600 lbs. as three-year-olds, 650 as four-year-olds and 700 at five years of age or older. The weighing and testing of the milk while these DHIR records were being made were under the supervision of Texas A&M University and the local DHIR supervisor, in cooperation with the National Brown Swiss Association.

Water, Inc., launches drive

More than 100 leaders of Water, Inc., will converge on Lubbock Saturday for the launching of the organization's annual membership drive. The kickoff meeting is slated at 2 p.m. in the Fifth Floor Meeting Room at the First National Bank. **FEATURED speaker will be Dolph Briscoe, Democratic nominee for governor.** Water, Inc., a non-profit, membership-based corporation, is in the forefront of efforts to solve future water shortage problems. It heads grassroots endeavors leading to the importation of water to the semi-arid western parts of Texas and eastern parts of New Mexico.

The Lesson Never Learned

A king of ancient times by the name of Canute once sat his throne on the seashore and defied the tides to engulf him. The tides, responsive to the laws that govern the universe, paid no attention to his edict. Since that time there is no record of any ruler trying the same stunt. **But since the days of Pericles, there have been attempts by various rulers to institute price controls in defiance of the laws that govern marketing which in many respects are as inexorable as the pull of the moon on the world's oceans.** Currently, the American government is involved in this endeavor, and so far the record does not look too promising, and in fact, there are now indications this strategy may turn out to be destructive of small firms. **The people in charge of the program have not stopped at putting a ceiling on prices, but also if a chain operation, while adhering to the price ceilings, shows more than a pre-control margin of profit, it is ordered to roll back prices to bring the profit margin down.** Now, as they say in the field of antibiotics, some side effects are showing up. **In the southern states especially, some of the corporate food chains, bowing to the**

Driver attends Mobil convention

Floy Driver, Dimmitt Mobil dealer, attended the 1972 national Mobil dealers' convention last week in Las Vegas, Nev. HE AND Mrs. Driver visited the Grand Canyon and tourist attractions in Utah enroute to the convention. This was the 14th consecutive year that Mobil dealers across the US have met in Las Vegas. The 1972 convention dealt with "Campaign for Customers" and how dealers must adapt to meet new needs of the motoring public. Dealers and Mobil Oil Corp. management personnel explored mutual programs and problems in a series of management panels and business conferences.

Correction

In a story last week on Pete Garza and Charles Hodges, new executive trainees at the First State Bank of Dimmitt, the News said Hodges "received a bachelor of science degree from Texas A&M this year." THIS sentence should have read, "He received a bachelor of science degree in education from Texas Tech in 1964 and a master of agriculture degree from Texas A&M last year."

Clayton to head land-use study

State Representative Bill Clayton of Springlake has been appointed chairman of a House interim committee to study land use management in Texas. HIS appointment was announced by House Speaker Raymond Price. Joining Clayton on the committee are Representatives Ray Lemmon of Houston, Bill Braecklein of Dallas, Frank Calhoun of Abilene and Tony Dramberger of San Antonio. In releasing the appointments at the close of the fourth called session, Price said, "I feel it is necessary that this committee be activated immediately because of the short time remaining before the next regular session. I can foresee the need of a state initiated program to operate in conjunction with the federal and local governments in the area of land use management." THE committee is to report its findings and recommendations to the next regular session of the legislature, which will convene in January.

ASCS notes

Triticale, Winter-Graze given separate treatment on acreage

By CHARLEY E. HILL, Executive Director
Triticale for 1973 will be classified the same as in previous years and will not count as feed grain or wheat history acreage. DeKalb Winter-Graze is a wheat, wheat-grass cross, is sterile, and under tests failed to produce grain. On the basis of this information, it has been determined that this cross will be considered a feed grain but not one covered by the present feed grain program and will not count as wheat or feed

grain history. Seed stock for DeKalb Winter-Graze is considered wheat and will count as wheat for history credit.

MINIMUM 1973 SET-ASIDE REQUIREMENTS

NATIONAL guidelines and standards have been announced regarding minimum size and shape of plots to be used for 1973 set-aside acreage. Only one plot of less than 5.0 acres in size will be accepted per farm, and must be at least 2.0 chains (132 ft.) wide. These requirements are in addition to other requirements such as the productivity requirement. Measurement service will be again available to determine the quality and quantity of set-aside.

PRICE SUPPORT LOANS

ALL commodity loans (grain sorghum, corn, soybeans, wheat and cotton) may be obtained at the County ASCS Office. County loan rates are: Grain sorghum \$1.80 per Cwt. Corn \$1.14 per Bu. Soybeans \$2.14 per Bu. Wheat \$1.27 per Bu. Cotton 19.45 cents per Lb. Middling White 1 inch.

1972 COTTON PRODUCTION RECORDS

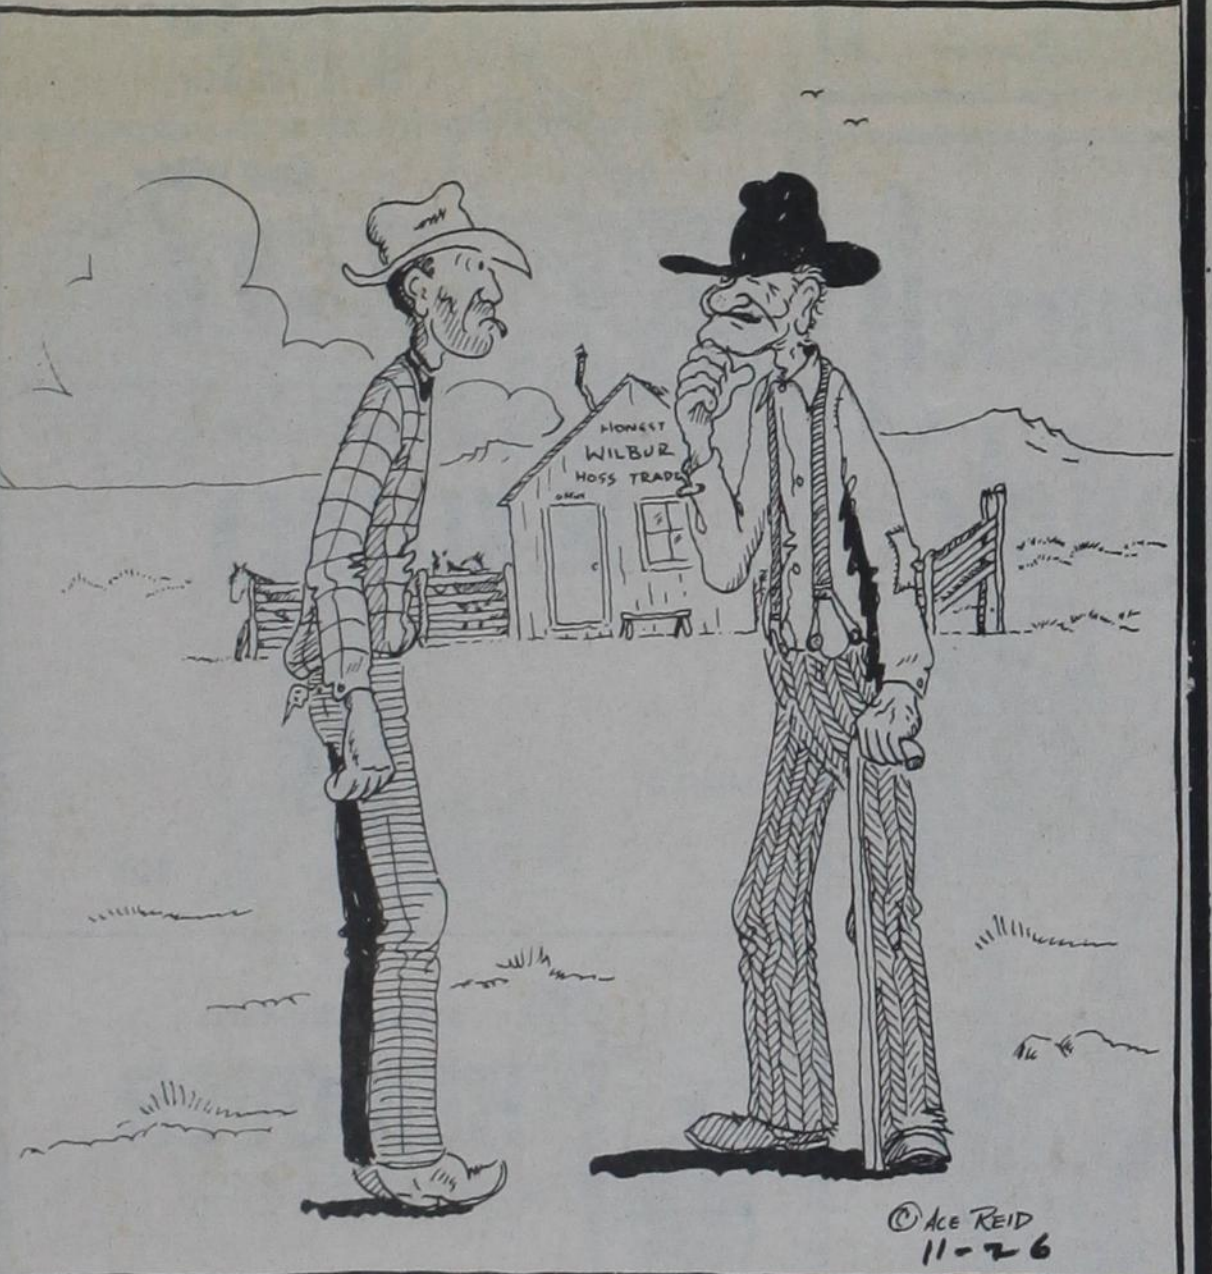

FORM ASCS-503 Carnus will be used in reporting cotton production. It is very important that you furnish the gin the correct farm number from which the cotton was produced. Any false reporting of cotton production could make the farm ineligible to participate in the cotton program. The county committee will review all production evidence for reasonableness and a minimum of 15 percent of all farms will be spot checked, which will include the ginner's copy of gin tickets as well as ledgers with a cross check of warehouse records.

1973 COMMUNITY COMMITTEE ELECTION

OCT. 27, is the final date for receiving nominating petitions. The ASC Community Committee election will be held on Dec. 1. **THOUGHT:** Today is the first day of the rest of your life.

Socially Yours

Couple establish home in Dimmitt

Mr. and Mrs. Joe Langford are now at home on Southwest Third Street in Dimmitt, following their Oct. 14 wedding.

THE BRIDE is the former Myrna Elliot.

Marriage vows were exchanged in the home of Zola Langford. Rev. Mack Turner, minister of the Sunnyside Baptist Church, officiated.

The bride was given in marriage by Ray Rowe as proxy for her father, Herbert Elliot. She wore an old fashioned ecru colored organza dress reminiscent of the 1900's. The distinctive floral lace rose to a high neckline, skimmed to modified leg-of-mutton sleeves, and gracefully flowed to the wrist. Lace scallops and ruffled flounces accented the long flowing lines of the skirt.

MATRON of honor was Cindy Rowe, and Cheryl Irons was bridesmaid. They wore blue dresses.

Tony Fisher was best man and the groom's brother, Fred Langford, was groomsman.

Langford is employed by Dimmitt Ready Mix Co.

Miss Gross

The couple will exchange wedding vows Dec. 16 in Cumberland Presbyterian Church in Lubbock.

HOME furnishings today have many moods. Because furnishings are expensive commodities trends do not change violently. Often you can update your furnishings with adding color or one new furnishings item.

The oriental look is popular and items available range from expensive handmade carpets to bamboo baskets. "Oriental goes with most styles of furniture and has a clean, crisp, understated look that is a refreshing change from overdone versions of still-popular Mediterranean.

Plastics are getting more and more acceptable. Plastic is lightweight, moldable, takes color well and can be made in any shape imaginable. Plastic furniture is inexpensive as it is molded and requires very little labor. The best plastics are sleek, clean-lined designs.

KNOCK-DOWN furniture is gaining momentum as it comes apart and is easily reassembled. This is good in our mobile society.

Furniture is becoming more and more versatile. Since most people live in several different places we need versatile furnishings that serve several purposes.

Ecology has influenced the return to nature in the use of woods, rush and cane, live plants and nature motif fabrics. Modern is also a continuing trend and uses today's materials such as chrome, glass, steel and plastic. There is also a return to the old styles of the 30's with chintz covered overstuffed chairs and sofas.

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article VII, Constitution of the State of Texas, be amended by adding a Section 6b, to read as follows:
"Section 6b. Notwithstanding the provisions of Section 6, Article VII, Constitution of the State of Texas, any county, acting through the commissioners court, may reduce the county permanent school fund of that county and may distribute the amount of the reduction to the independent and common school districts of the county on a per scholar basis to be used solely for the purpose of reducing bonded indebtedness of those districts or for making permanent improvements. The commissioners court shall, however, retain a sufficient amount of the cor-

VETERANS' SERVICES

By BEDFORD W. SMITH

We are announcing new office hours at our office on the second floor northwest side of the courthouse. Instead of longer hours on Wednesday and Friday, the new schedule will also include an additional day.

THE NEW hours will be from 9 to 12 and 1 to 3 on Mondays, Wednesdays and Fridays, except for holidays, and other times by appointment.

Should we be called away from the office on any of these days, an effort will be made to be open on the following day, with the exception of Saturdays.

The office phone (also used by State Welfare and Social Security representatives when they are in Dimmitt) is 647-4666. Our residence phone is 647-4368.

ON SEPT. 21, Public Law 92-425 with the President's approval established a new system of benefits for survivors of past, present and future members of the Army and Air National Guard, all Reserve components of the Armed Forces, the US Public Health Service, and the National Oceanic and Atmospheric Administration retirees.

This new program fills a serious gap in the area of service benefits. Before this law went into effect, the retirement pay of a member terminated with his death, unless he had earlier chosen to participate in the Retired Serviceman's Family Protection Plan.

The new law will in most instances be of great value to survivors of retired military personnel. Several electives are available to the retirees and their survivors. Details would take more space than can be used for these news items, but interested people may come to the office and secure more information.

VETERANS have been concerned over the possibility of the VA Hospitals being swallowed up in a national health program for all citizens. During a recent dedication of a new VA Hospital at Columbia, Mo., the President said:

"Fulfilling the nation's obligations to its veterans is a matter of justice and national honor. Meeting their medical needs is one of our highest national priorities. To insure that they are met I intend to maintain and reinforce the independent system of the Veterans Administration health care facilities when and as required."

According to the VA, 12,200 disadvantaged persons were trained in VA hospitals and clinics for health service and related occupations.

president; Tammye Hill, secretary and treasurer; LaDonna Hart, Council delegate; and Vic Hart, reporter.

Charles Hottel, Castro County agent, checked over the upcoming program with members.

The next meeting will be on Nov. 7 at 7 p.m. in the community room of Farmers State Bank, with a program on "Horses."

A new 4-H Riding Club is being formed, and any interested persons should contact Charles Hottel or Jerry Cluck.

LaDonna Hart was in charge of games, and Mrs. Joe Hart served refreshments.

Mrs. Joe Hart and Mrs. Max Marble are the new adult leaders. The club has a new member, Sandy Herk.

ROGER EDWARDS, Hart High School Band director, was in charge of the Monday noon program of the Lions Club in the community room of Farmers State Bank.

Rogers spoke of what the band meant to him, and expressed his deep appreciation for the financial and moral support from the local club. Jean Foster from the local ch. Jean Foster, the club sweetheart, modeled one of the new band uniforms.

The club presented to each past president a pin for his service to the club.

A pancake supper has been scheduled for Friday, Nov. 3, in the Hart School Cafeteria from 5:30 to 7 p.m. Adult tickets are \$1.25 and student tickets are 75 cents.

There were 19 members present.

THE HART P.T.A. 1973 birthday calendars have arrived and will be picked up from Mrs. J. D. Myrick or at the Hi-Plains Insurance Agency on Broadway.

FIRST Baptist Church juniors were honored with a Topsy-Turvy Time Sunday following the evening worship service, in fellowship hall of the church.

The room was decorated in the party theme, with high-lights of Halloween interspersed throughout.

Kipp Burnett was surprised with a birthday gift during the party. He works with the juniors in Training Union. Mrs. Everett Heller prepared a birthday cake for the occasion.

Topsy-Turvy games were played, preceding a sandwich supper served by the Sunday School teachers and officers.

Mrs. Max Marble, Mrs. Glyn Reed, Mrs. Jerry Kittrell, Mrs. Glen Gleghorn, Warren Lemons and David Smith.

XI MU IOTA chapter of Beta Sigma Phi sorority met last Thursday night in the home of Mrs. Tom McLain.

Mrs. Jerry Allen conducted the business meeting. One of this year's projects will be a book drive for the Castro County Library, now through Dec. 1.

Children's good books (only hardback) can be accepted and can be left at the Hart City Hall Monday through Friday from 10 a.m. to noon and from 1 to 5 p.m., or call Mrs. Jerry Allen, Mrs. Theron Morrison or Mrs. Ed Bennett, or any member and they will pick up books.

No paperback books can be used in the library. Donated books that cannot be used will be kept, and a book sale will be held with proceeds to be used for library needs.

Brent Sanders named 'Top Cat'; 16 contestants in race for lead

Senior Brent Sanders, playing his best game of the season against Littlefield Friday night, was named "Bobcat of the Week" by Coach Brown L Smith at the Monday night meeting of the Boosters Club.

TERRY POWELL and Lonnie Strickland were also singled out for special praise. The defensive unit played its usual tough game, but the offense was unable to move the ball as the Cats lost to a bigger, stronger Littlefield squad.

"We had hoped to be able to pass against them, but the

weather fixed that," said Coach Smith.

The Bobcats have an open date this weekend to recuperate and get ready for Friona Nov. 3. The coaching staff is hopeful that Albert Earl Ewing and Pete Davila will be off the injured list and ready to play by then.

THE SEVENTH grade lost a squeaker, 16-14, to Tulia last week and the eighth grade was defeated, 26-0. Both teams see action against Friona this week.

The freshman team had its best game of the season against Lockney although the frosh are still looking for their first win. Coach Jim Jefferies cited quarterback Ronnie Lawson for outstanding play. This week they go against Abernathy there.

Last Thursday saw the B team rack up its first victory of the year. The B-Cats also play Abernathy this week.

BECAUSE of the varsity's open date this weekend, there will be no meeting of the Boosters Club next Monday, but the football contest will continue as usual. The next meeting will be at 7:30 p.m. Monday, with game films of the Friona game.

The weekly winners in the football contest were Bill Sanders, first, and Delynn Smith and Mrs. Brown L Smith, second. At this point in the season totals, there are 16 people within three points of the lead.

Littlefield wins Cat-fight, 21-2

By JOHN BROOKS

Littlefield's powerful running game proved to be too much for the smaller Bobcats as the Wildcats waded off with a 21-2

win over Dimmitt here Friday night. HOWEVER, the game was much different than the 34-3 shellacking the Wildcats gave

the Bobcats last year, as the Dimmitt crew played a much better defensive game this time. The field became a quagmire as the two teams slugged

it out in an intermittent but heavy rain.

Littlefield's big-play offense chalked up over 200 yards total offense in the first half alone, all on the ground. Most of the yardage came on two touchdown scampers by Leneral Lewis and a 65-yard run by Arthur Soria.

DIMMITT's big problem was in not getting its offense sparked up. The punting game went well, with Lonnie Strickland lofting three punts that put the ball on the Littlefield 2 and 3 yard lines and one that went into the end zone for a touchdown. Altogether, he averaged over 40 yards a punt with the rain-slickened ball.

Littlefield first struck with a scamper by Lewis with about two minutes left in the first stanza. Larry Hobratschk kicked the extra point to give the Wildcats an early 7-0 lead.

The second stanza was scoreless.

After returning to the muddy gridiron from the locker rooms, neither team could get moving. Strickland lofted a punt to the Wildcat 2-yard line, where the Bobcats killed it. On second down, quarterback Terry Bryson downed the ball in the end zone for a safety to give the Cats their only points, making the score 7-2.

Again the Bobcat offensive machine balked and Strickland

punted, this one being killed at the 3. However, Littlefield was able to move it this time to midfield, then Lewis scampered 45 yards for the Wildcats' second TD. Hobratschk kicked the point to hike the Littlefield margin to 14-2.

The Wildcats scored again in the fourth quarter as Arthur Soria rambled 65 yards. Hobratschk's kick was again true and the scoreboard posted the final margin, 21-2.

The game left Littlefield with a 5-2 record while the Bobcats dropped to 2-5.

The Bobcats have an open date this week. Their next game will be Nov. 3 against Friona, there.

Horns win 14-6 mudbath; now stand 7-0 for year

By KIPP BURNETT

It was a cold, rainy, muddy, terrible night for football as the Hart Longhorns traveled to Farwell Friday for a District 3-A football showdown. The only dry place in the area was the dressing room—and one mud-coated player claimed it had leaks.

But with all this going against them, the Longhorns managed to win their third straight district game, 14-6, and boost their season record to seven wins and no losses.

It was a night of fumbles for both teams. The Steers coped with the slick ball better at first as they picked up early in the second quarter. They drove down to the Hart 4-yard line, and Roy Morton carried it across on the next play to give Farwell the lead with 11:45 left in the half. The extra point attempt failed.

Bouncing right back, Hart drove down to the Farwell 29, then all-stater Stanley Dyer broke several tackles and romped up the middle to put Hart on the scoreboard. Hart's extra point attempt failed, too, and the score with 6:33 remaining in the half was Farwell 6, Hart 6.

Both teams fumbled the ball back and forth until Hart's Jimmy Brown took a handoff from quarterback Dirk Rambo and had a clear path to the goal. The ball squirted from his arms, but Hart recovered this time on the Farwell 20. The Longhorns looked as though they might score, but Farwell stopped them on four consecutive plays and got the ball back with 10 seconds left in the half. This ended the first-half action with the score tied at 6-6.

The second half was almost a repeat of the first, as the rain kept falling and both teams kept fumbling. But Hart took advantage of one of those fumbles early in the third quarter. Following the second-half kickoff, Farwell fumbled on its own 25-yard line and Hart recovered. A few plays later, Jimmy Brown carried the ball across from six yards out and Stanley Dyer made the two-point conversion attempt good on a running play to break the deadlock and give Hart the lead, 14-6.

The Longhorns managed to

hold onto that lead the rest of the way, as neither team's runners could keep their hands on the ball or their feet on terra firma. The game ended 14-6 in favor of the Longhorns and kept them in first place in the district standings.

There were several outstanding players for the Longhorns, but senior guard Dan Sharp topped the list. He played an

excellent offensive and defensive game and seemed to be all over the field. Last week Sharp was a nominee for the Amarillo Globe-News "Player of the Week" award. His performance throughout the year has been excellent, according to Head Coach Lonnie Phillips. The Longhorns will travel to Kress Friday night to face the Kangaroos at 8 p.m.

District showdown due Friday when Wildcats host Chieftains

Last year's District 3-AA showdown did not come until the season's last two weeks. But this time, it's the first two weeks.

HISTORY may record the Littlefield-Friona game as being just another game, but after seven weeks of action, it has the earmarks of a championship shootout. And it will take place in Littlefield.

Friona comes in with a 6-1 record, best in District 3-AA, and Littlefield is just a step behind at 5-2. Each is 1-0 in district after opening with victories on a rainy, sloppy Friday night.

Friona won its battle with Olton 7-0 and the Wildcats dropped Dimmitt 21-2. And, to the Wildcats' credit, they are the defending champs, after winning a first-down battle with Floydada in a 0-0 standoff in the late stages of the 1971 season.

"WE WILL have to play the best ball game we've played yet, if we expect to win," says Friona Coach Bob Owen, and he chuckled, "This is one of those things you might want to put off for a while, but you can't do it. We have to play."

Owen's Chieftains held the upper hand against Olton, but the scoreboard reflected only one touchdown. It did not indicate the weather, which was lousy.

"I'd say we played pretty well," commented Owen, "for that kind of situation. It hindered both offenses, with the rain falling straight down all the game. We'd try to keep the ball dry, and our hands dry, but you can't. Most of the fumbles came from the quarterback-center exchange, and we fumbled a lot. But that's to be expected."

FRIONA scored its lone TD in the third quarter as sophomore reserve back Clay Bandy broke loose for 58 yards. Twice the Chieftains attempted field goals in the second half, to gain a 3-0 penetration advantage, but were unsuccessful.

"Usually, we stopped ourselves," said Owen. "A fumble or penalty, something. And at times, it looked like we were going to make good gains, but our backs would slip down."

The victory was Friona's first over Olton since 1966. LITTLEFIELD opened its bid for a repeat trip to the playoffs by scoring in the first period, and only a third-period safety prevented the Wildcats from posting a shutout. Leneral Lewis got the first touchdown and came back to score again in the fourth period, on a 45-yard spring. The second TD upped the count to 14-2.

Littlefield and Dimmitt also played in a sea of mud. Morton's Chiefs kept their uniforms clean and dry last week, as they had an open date. But they get into the district scrap this week at Olton, in the other 3-AA contest.

Youths seeking 'slave' chores

Youths of the First United Methodist Church will become "slaves" again Saturday, hiring out for odd jobs.

BAD WEATHER hampered the first "Slave Day" last Saturday, so the youths will continue the project each Saturday until they have met their earning goal, Rev. Jim Pickens said.

Young slaves can be hired for any type of work all day Saturday by calling the church office, 647-5306. Persons calling during the week to arrange for workers in advance will be given priority.

Money earned will go into the Methodist Youth Service Fund for mission projects in the US, an orphan fund and the Methodist Youth Fellowship building and remodeling fund.

er of the season, as Coach Brown L Smith's troops were assigned the second off-week in the district slate.

NEWS

By GERALD BROADSTREET Greetings Comrades, First thing I want to mention is our Halloween Masquerade Dance this Saturday. OUR House Committee has a fine program lined up; the music makers will be the Western Swing Kings. They have played for us before and everyone will agree, they know what they're doing when it comes to music. The best costume at this event will be awarded a prize. Dancing will start at 8:30 and end at 12:30. Admission price will be \$5 per couple. Y'all decide what costume you're going to wear and come on out and have a good time.

COMRADES at present we are trying to get together with other organizations for a big celebration Saturday, Nov. 11, the original Veteran's Day. Things are looking very favorable for a county-wide participation. I've done a lot of talking and contacting, and I should know something definite by next week, so be sure and read this column next week, it will definitely concern you.

OUR membership for this time of year is real good and I want to say thanks to all those that have sent their dues in early. It does make my job as quartermaster that much easier. If you haven't paid your '73 dues, please do it within the week. It will make my work load lighter and at the same time we'll make some good points with the District 13 commander.

YOU remember last week I told you about the Ladies Auxiliary collecting clothing for needy veterans and families? Well, Florene Leinen, president of the auxiliary, wanted me to be sure and tell you that if any one had some clothing that was good but you just don't wear it any more and want to get it out of the way, give her a call. She will see to it that arrangements will be made for the clothing to be picked up, or for you to bring the items to her. This collected clothing is forwarded to our district service officer, C. L. Walker, and he sees that it is distributed to the veteran families in need.

THE WEATHER has been a little unfavorable this past week, but according to our post custodian, Howard Cook, it hasn't affected our business any. Business has been real good and last Wednesday at Game Night we had a large crowd. Speaking of Game Night our new procedure seems to be very favorable with all those who have participated. If you don't know what I'm talking about and would like to observe, be at the post home Wednesday night at 8:30. Bring the family with you—they will enjoy it also. Comrades keep in mind our district convention in Littlefield is just three weekends away. Nov. 18-19 are the dates to remember, so make plans now to attend.

More About About Dimmitt

(Continued from Page 1) tural area in the United States it would show that a preponderant majority of the farmers, and the people that depend directly on agriculture for their business, would say that the Democratic party has always promoted the best interests of and been more favorable to a healthy agricultural economy. It follows that the election of a Democratic president and a Democratic congress is in the best interest of a healthy economic condition for the agriculture sector of the nation.

Something that is hard for this country editor to understand, is why the industrial areas of the nation, and the big business conglomerates, want to make the farmer the economic whipping boy of the nation. I believe it is a proven fact that the economic well-being of the nation is dependent on a strong agricultural economy. If the farmer does well chances are that the rest of the country prospers. Yet when the percent of inflation on a given item, made from a farm product is announced, the farmer gets the blame.

The political philosophy of the two men who are running for the presidency is not as important as their personal honesty and integrity. We have had enough of this business of credibility gaps in referring to our public officials. It is time that we elect people to office that will level with their constituents. Public opinion based on lies, half-truths and innuendoes, can very well undermine the moral tissue of the nation and lead to anarchy or a dictatorship. Mr. Nixon has said recently that he didn't care what the opinion of the public might be, it would not influence his opinion on major decisions. In a democracy, we believe that the opinion of the majority is right and should prevail, provided they are given the honest facts in the first place on which to make their judgment. It just might be dangerous to keep electing a man to the presidency that doesn't believe in that concept of democracy.

If it wasn't such a serious matter, the antics being performed by the administration to bring about some type of ceasefire in Vietnam would be comical. A statement made by Nixon in one of his campaign speeches four years ago has come back to haunt him. In effect he said that any man that couldn't effect some kind of peace treaty in Vietnam in four years didn't deserve to be elected to the presidency, and that he had a secret plan to end the war. Of course it is muddling when the Democrats recall that statement which is well documented.

The efforts that are being made now to get some sort of ceasefire agreement in Vietnam, is a reminder of the antics that won for Nixon the title, or name, of "Tricky Dick" early in his political career. We were told in the campaign four years ago that the old Nixon had been re-furnished and that he was a completely new Nixon. A majority of the people bought the idea and elected him to the highest office in the land. The new Nixon is being content to carry on a low key campaign, but the influence of "Tricky Dick" is showing up in places like the Watergate offices of the Democratic party, the AT&T affair, the unusual grain deals with Russia, efforts to infiltrate and disorganize the Democratic party, and numerous other shenanigans that would be unbecoming of the President of the United States but which seems to fit the character and role of "Tricky Dick."

Senator McGovern's credentials are not too well known throughout the land. He has been credited with many statements that he didn't make, and many of the statements that he has made have been taken out of context and made to convey a meaning that he did not intend. To date there hasn't been an iota of evidence that he has ever been engaged in shady or dishonest dealings. You can rest assured that if he had ever succumbed to temptation and committed a sin, the Republican truth squad would have found it out and made it public before now. He undoubtedly is an honorable man. He has time and again proven he is a friend to the farmer by supporting legislation that he deemed to be helpful to the farming industry. I also believe that he will bring to the national government a moral re-awakening that is so badly needed at this point in the history of our country.

According to all reports, the only thing that Nixon has accomplished, in line with the promises he made when running for the presidency four years ago, is an increase in unemployment. He has made good on that plank of his platform. I doubt if that accomplishment is very popular with the people who are out of work.

DON'T BE ALARMED when you first hear the city siren on Dennis Funeral Home's new high-top ambulance. Inside the city, the ambulance announces its approach with a yelping wow-wow-wow-emergency siren, but on the open road it switches to the

longer, more familiar "whine" siren. The new orange-and-white ambulance meets all the new federal and state requirements for public ambulances, with ample headroom, complete life-saving equipment and facilities for four patients at a time.

During Children's Story Hour last Friday I read "Bears on Wheels," "Bears Picnic," and "Sammy the Seal" to two new children, Blake Brown and Denise Layman, Lance and Cindy Smith, Lynn Roland, Stacy Jackson, Kathy Witt, Angie Kitchens and Todd Hill. And Chuck Braafladt brought his two children, Todd and Tiffany, in late. Chuck is so good with children I hired him (without pay) to come to Story Hour every Friday and entertain the children. (Maybe when it rains?)

INTERESTING people in the library last week: Nancy and Brooke Alexander brought their baby in to show him off. He is such a cute baby and we are so glad they brought him in the library... Bob Murdock, Ron Montgomery, David Allison, Don Carpenter, Dale Maxwell, Jesse Perez, and Jack Miller moved over one thousand books into the library last Thursday morning. Thanks, we need all the help we can get...

Saturday I went with Edna Riley to Canyon to attend the Texas Library Association District 2 Annual Meeting. Others attending from Dimmitt were Lynn King, Dorothy McCowan and Leola Filkins. Maxine Merriman, chairman presided over the general session. Frank Blackburn, WTSU Librarian, welcomed the Librarians. Messages for District 2 were from: Texas Library Association by Catherine Franklin; from Texas State Library by Dr. Dorman Winfrey; National Library Week by Judy Smith (Judy is the new Librarian in Plainview, replacing Mrs. Curry); TLA membership committee by Mary Louise Loyd; TLA Leg-

islative committee and ALA membership committee by Elizabeth Crabb (Elizabeth is back with Amarillo Public Library after a years leave of absence).

Mrs. Bonnie Merriman, managing editor of the Amarillo Globe-Times gave the main address on "Communication." During the lunch hour a group known as "The Youngbloods" entertained with several musical numbers. We went to section meetings in the afternoon. Edna went to the Library Trustees, Lynn and I went to the Public Librarians, and Dorothy and Leola went to the School librarians in the area. Mrs. meeting and we always enjoy the fellowship with other librarians in the area. Mrs. Reba King from Panhandle is retiring so at the close of the meeting Doris Jones from Dumas presented her with a gift certificate from all the librarians in this District. Mrs. Tylen Perry of Plainview was in the library Monday with her daughter and family. Mr. and Mrs. Darrell McClung and son, Tom, of Kansas City. They brought some books for the library. (As if Mrs. Perry hasn't done enough for us already!)

(Continued from Page 1) of Dimmitt's size. Dennis said. It is the Dimmitt area's official "public ambulance," with the emergency service partially subsidized by the city and county.

Pennis said the stiff new state code has forced many funeral homes out of the ambulance business because it's a money-losing proposition. Many communities have assigned the public-ambulance service to their fire departments, but officials here chose instead to subsidize the funeral home's service to help it meet the new state requirements.

Floyd B. Smith dies in Gallup

Floyd B. Smith of Gallup, N.M., a former long-time resident of Dimmitt, died last Wednesday night in Gallup's Rebo-both Hospital.

MR. SMITH, 60, was recovering from surgery when a blood clot caused a fatal heart seizure.

Born March 9, 1912, in Petersburg, he moved to Dimmitt with his parents in 1929 and graduated from Dimmitt High School in 1930. He was employed for many years by Sheffy Implement Co. here. He and his wife, the former Elva Garrison of Tulia, raised and schooled their children here.

Mr. and Mrs. Smith moved from Dimmitt to Gallup 16 years ago. He was an accountant for Dool Gas Co. there, was past president of the Gallup Lions Club, and was a member of the Church of Christ.

Damage slight in Monday wrecks

Police Chief W. W. Jones said damage was minor to two pickups involved in an accident Monday morning on Northeast Second Street.

A 1971 Chevrolet pickup driven by Oscar Lewis Gross of Rt. 5, Dimmitt, had been parked in front of the West Texas Telephone Co. office and was backing out when it collided with a 1968 Ford pickup driven by Karl Wesley Kirby of Sunny-

side, Jones said. Gross was cited for improper start from a parked position.

A TWO-CAR accident on West Bedford Street Monday afternoon resulted in minor damage to the cars and one traffic citation.

Jones said a 1971 Pontiac driven by Irene Willis Lee of 719 West Lee St. pulled out of the alley between Northwest Third and Fourth Streets and was struck by a 1961 Camaro driven by Phillip Barry Brandon of 1006 Maple. Damage to the Lee car was estimated at \$300. Jones said Mrs. Lee was cited for failure to stop when emerging from an alley.

4-H Horse Club to form Monday

There will be an organizational meeting of the new Castro County 4-H Horse Club Monday night at 6:30 at the Jerry Cluck farm.

ALL COUNTY youths of 4-H age are invited to attend. Parents are also welcome. If enough attend the organizational meeting, the club will be organized in age groups.

Two sentenced on DWI charges

Two Dimmitt men were sentenced to probated terms Tuesday in District Court after pleading guilty to driving while intoxicated, subsequent offense.

DISTRICT Judge John T. Boyd sentenced Howard Scoggin to five years' probation and ordered him not to drive a vehicle during the five-year period. Powers William Cayce was sentenced to two years' probation.

Restoration of death penalty dies in session

(Texas Press Service) A bill to restore the death penalty for certain cases of murder started too late to get through the Texas Legislature in special session.

IT WAS knocked out in both the House and Senate because it had not emerged from committees until the last 72 hours of the session.

The legislation sought to permit the death penalty (outlawed by the US Supreme Court) in cases of atrocity murder, murder by hired assassins, murder of prison guards, intentional homicide during kidnapping, rape, burglary, robbery or arson, murder of a policeman or fireman and killings during prison escapes.

TEXAS is becoming one of the major pork producing states in the nation. It now ranks 14th in total hog numbers with an inventory of about one million head. Hogs and pigs on farms in the 10 corn belt states are now estimated at 46.5 million head, one percent below a year earlier and eight percent below 1970 levels. Hog producers in the 10 states intend to farrow two percent more sows during September-November this year than in the same period a year ago. They expect to farrow seven percent more sows during the December 1972-February 1973 period than a year ago.

State candidate once lived here

Alma Canales, La Raza Unida Party candidate for lieutenant governor in the Nov. 7 general election, is a former Dimmitt resident and former employee of the Castro County News.

MISS CANALES, whose hometown is Edinburg, was a news assistant here in the summer of 1968. She was a junior at Pan American University at the time, and was here with her parents, who worked on the Ech DuLaney farm. During the school year, Miss Canales was a reporter for the Edinburg Daily Review.

She later worked for VISTA as a traveling teacher of migrant workers' children, and most recently has been employed by a branch of the University of Texas System.

Miss Canales is one of five state office candidates for the new La Raza Unida Party, and also is one of only four woman candidates for any state office on the general election ballot.

Hart's first bale ginned

W. H. (Jud) Davis brought in the first bale of cotton in the Hart area to the Hart Gin Co. Monday.

THE COTTON was raised on the Hill Farms and was pulled before the rain, according to gin owner Roland Shepard. Shepard said the cotton had a 2,290-lb. field weight and made a 550-lb. bale with 1,036 lbs. of seed.

Davis was paid 25 cents a pound for the cotton and \$75 a ton for the seed. It was ginned and baled free.
