72 Per Cent of **Coke Autos Have Been Inspected**

A representative of the Department of Public Safety reported this week that Coke County vehicle owners are doing well in getting their cars and trucks inspected. Seventy-two per cent of the registered vehicles already have new inspection stickers, according to a survey made of the five inspection stations in the county.

A total of 2,398 vehicles were registered and 1,737 have been inspected.

Deadline for all vehicles to be inspected is April 15. Coke County inspection stations include Ivey Motor Co. and Vaughan Chevrolet Co. in Robert Lee, and Bronte Motor Co., Home Motor Co. and Caperton Chevrolet Co. in Bronte.

BIRTHS

STRENG - Mr. and Mrs. Virgil Streng (Mary Catherine Walker) of Robert Lee are parents of a daughter born at 11:10 a. m. March 29 in Coke County Memorial Hospital. She weighed 5 pounds, 131/2 ounces and has been named Virgilla Helen. She has a sister, Melissa, 3 years old. The father is employed by Empire Drilling Co. Streng of Muenster.

Bond Election

Discussion of the April 25 paving bond election in Precinct 1 featured the Robert Lee Board of Community Development luncheon Tuesday noon at Varnadore Cafe.

County and city officials, with an advisory committee from the BCD, have been studying the matter and will have information to release to the voters in the next two issues of this newspaper.

Any early plans designating what streets are to be paved are purely tentative. It is obvious that streets closest in which lead to the business section, churches, etc., will receive first consideration. The exact amount of paving which can be done will depend entirely on the cost of the improvement per block.

The "Senior Play Night" was a success, and many expressed the like of having two short plays instead of one long play.

The Bachelors' Quartet with Donny Duncan entertained with song and music at a sock hop at the Sweetwater Country Club Thursday night, March 26. The Bachelors are composed of Jerry Dean, Don Weathers, Richards Sims and Ronnie Sims. Duncan is a '53 graduate of RLHS.

Mrs. Virginia Jay, city secretary, spoke to Mrs. Frank Coalson's government class last Wednesday. March 25. Her talk concerned the city's government and how it was run. The class had finished its study of cities' government.

Several track boys are scheduled to participate in the Trent track meet Saturday. The following week the track and field teams will attend the district meet at San Angelo.

Note of Correction: Freddy Mc-Donald's name was unintentionally left out of the one-act play

Convertible or station wagon, there's year-round fun for the family choosing its favorite vacation Ford right now. For here in Texas we're year-round travelers. It's always the right time to visit friends - or take the family on a nice trip.

The big demand for these popular models isn't until Spring when families make plans for vacation travel. Today, your Ford Dealer has an excellent selection of wagons-all six in the exciting Ford line. And he has two of the most popular convertibles in America-the Galaxie Sunliner and the Galaxie Skyliner, the world's only retractable hardtop.

A wide selection of color combinations as well as options and accessories are available to complete the Ford of your choice. So see your Ford Dealer now, while he has the car you want and can deliver it without delay. You'll discover, too, that you save more than ever when you make your next wagon or convertible a Ford.

Get ahead of the rush. Start now to enjoy the world's most beautifully proportioned car . . . the spectacular 59 Ford.

SMALL TALK By A. J. K.

LETTER FROM THE EDITOR In order hat Mrs. N. C. Pentecost (Mary Jo Bird) and her friends will not be disappointed too badly, will comply with the request that I answer some questions asked in her recent letter.

Concerning the loyalty matter. I have never accused rural people of being less loyal to Robert Lee than a lot of folks living right here in town. And it still goes with me. A good citizen should be loyal to his home town and its institutions no matter where he lives. You admit you're loyal IF! I said in a news article when the road bond petition was filed that "Robert Lee citizns feel they have paid county road taxes and auto license money over a long period of years and received very little in return. Many city streets are impassable in wet weather, while most parts of the county rural roads are well graded and surfaced for all weather travel."

You wrote that the article said Robert Lee people were tired of paying taxes (not county road) taxes) and that's the difference. You got to quote me right, or your case will be thrown out.

Then the telephone business. Robert Lee city officials and busiiness men did about everything they could, and still you kick. We backed the group who tried to get REA phones, but it couldn't be done because General wouldn't give them enough territory. But Robert Lee city officials stood pat. Instead of the new lines costing \$700 a mile, everyone who previously had a telephone is being given new installations at no additional cost. You tell your husit.

Now you brought up another matter, suggesting that the rag tags have been putting over all these bond issues. Little taxpayers that is, people who don't own big spreads and shouldn't be allowed to vote on such matters. How much wealth do you think 3,710 feet in lime and shale.

would be a proper limit of eligibility?

The law says "qualified voters with taxable property who render ed to 300 feet. it for taxation." Some people dot of it that they don't turn in for taxes.

You stated that Robert Lee and Bronte together are paying only No. 4 McKinley. 3% of the county taxes and the big burden was upon the farmers locations on the R. H. Harris and ranchers. Well the complete story is that town lots in Robert Lee and Bronte last year were Robert Lee. The locations are assessed at \$688,380. That don't include personal property, merchandise, autos, etc. But here's the big statement: More tahn 590 thousand acres of land in Coke County was assessed at only \$2,-714,920. (\$4.52 an acre. Would you take \$50?) That is just 11% of the total taxing value. Oil properties are assessed for 80% of the 25 million dollar total.
