New highway patrolman is a coon-dog fancier

Jackie Gunnels, 27, has been assigned to the Texas Highway Patrol office in Dimmitt to succeed Elias Nava, who has transferred to Lubbock. GUNNELS, who joins Bill Scott and Dyrle Maples on the local Highway Patrol staff, has served the past 4½ years at Wellington.

Gunnels' wife, Brenda, also was raised at Tulia, graduating from high school there in 1969. Mr. and Mrs. Gunnels have two sons, Jay, 3, and Brent, six months.

MRS. GUNNELS and the boys are staying with her mother in Tulia until the family can find a home here.

During his off-duty hours, Gunnels enjoys "just about all sports, especially hunting, fishing and golf." He also is a coon-dog fancier; he owns a registered Blue-Tick hound, "Bell," and a beagle-type dog, "Jo-Jo."

Kiwanians vote \$500 for Senior Citizens

A contribution of \$500 to the Castro County Senior Citizens, Inc., was approved by the Dimmitt Kiwanis Club directors in a board meeting Monday morning, and will be used to help equip the Senior Citizens Center in the former American Legion building.

ball coach, was the luncheon speaker, introduced by Jack Patton. He reviewed the remainder of the schedule for this grid season and said the opposition from here out will be "as tough as Slaton."

"We're real healthy now, and if we can just avoid injuries we're in good shape to meet the tough ones," the coach said.

He told the Kiwanians that his aim as a coach is to "teach the boys there are some values to be gained from athletics more than just big muscles; values that motivate teams to win and then motivate success in life after school is over."

Come Meet the Big Wheels!

It's curtain time for the new '77's! See them all... on display right here!

LTD Landau 4-door Pillared Hardtop

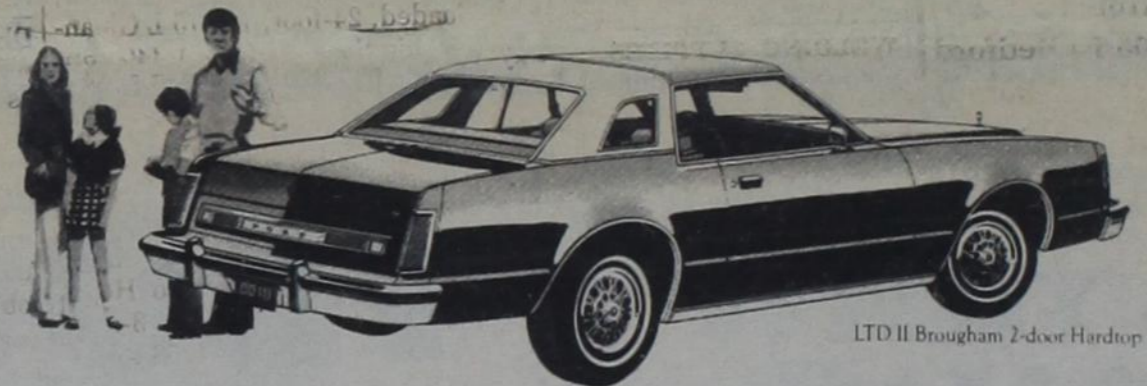

The full-size car that kept its size... Ford LTD.

This year, some car makers are making their full-size cars shorter and narrower. Ford believes that people who want a full-size car should have that choice. So the '77 Ford LTD hasn't been reduced by a single inch! Ford LTD has a longer wheelbase than the down-sized Olds '98, Buick Electra, and

Chevrolet Caprice and Impala (which have shrunk to the length of the mid-size Chevelle). And LTD still gives you its traditionally smooth, quiet ride, interior spaciousness, deep-well trunk, and 3½ ton towing capacity (with optional Trailer Towing Package). See the new Ford LTD at your Ford Dealer.

Test-drive one of Ford's better ideas for '77... and compare.

We're confident that when you measure Ford's better ideas for 1977 against the best that competition offers, you'll put Ford out front for value. And there's no better yardstick for comparison than to see the cars and take a revealing test drive. Come in today.

LTD II Brougham 2-door Hardtop

A new car: LTD II. Quality like an LTD. Sporty like a Mustang II.

For a 6-passenger car that's trimmer in size and price than LTD, look at Ford's LTD II. It combines LTD's high level of workmanship with a unique sporty spirit all its own. And LTD II, like Ford LTD,

comes with V-8, automatic transmission, power steering, power front disc brakes, steel-belted radials, DuraSpark Ignition system, and more standard. At your Ford Dealer now.

Bufs knock 'Horns from unbeaten ranks, 14-6

By MONTY UPTON
It was Darrel Royal—or was it Bud Wilkinson?—who said that when you pass the ball there are three things that can happen and two of them are bad.

FRIDAY night, the Hart-Petersburg conflict proved that statement—the bad things happened to Hart and the good ones to Petersburg as the Bufs

handed the Longhorns their first loss, 14-6.

The Longhorns posted four more first downs and almost 50 more yards rushing, but the difference proved to be pass defense breakdowns and poor pass blocking that rushed QB Eliazar Castillo into throwing two interceptions and caused him to be sacked five times.

The 'Horns kicked off to the Buffaloes' Mark Fullingim, who returned it to the Bufs' 33-yard line. Setting the stage for the hard-hitting game that was to follow, Hart's Gary Jackson knocked the ball loose from Fullingim on the first play from scrimmage. Berto Minjares fell on the ball to give the 'Horns an early break. HOWEVER, the Longhorns

were unable to move beyond the Petersburg 13 and turned the ball over. Neither team seemed able to move the ball effectively and Petersburg went to the air. However, Donald Robinson did a good job of knocking down the first pass from Buffalo QB Mark Scarborough and, on the last play of the quarter, Jackson and Joe Flores sacked Scarborough for an 11-yard loss.

After the punt, Hart lost yardage on three plays and punted only to their own 32-yard line. Petersburg took only two plays to score—the second a 30-yard Scarborough pass to David Vaughn for the TD with 9:04 remaining in the second. After a Hart penalty, Scarborough went back to Vaughn for the two-point conversion.

Unable to move the ball, Hart's Castillo punted from the 'Horns' 25 to the Bufs' 45 but Mike Jones bobbled the ball and Kelly King scooped it on the 43. Hart marched for two first downs on the next nine plays, one of those the only Hart completion in the half, before having to turn the ball

over on the Petersburg 19. The Bufs ran out of time before they could drive beyond the 43. Because of three QB sacks and three other plays that Hart lost yardage on, the 'Horns has a minus-one yard rushing in the quarter.

HART CAME out after half-time with a bang. Following a 13-yard Castillo kickoff return to the 28, Lester Aven carried the ball eight straight times for 41 yards and three first downs. But a Hart penalty and another QB sack forced the 'Horns to turn over the ball. It took only the first play for the Bufs' Fullingim to dribble the ball again and Jackson came up with the pigskin on the Petersburg 35.

The Longhorns' ground game sputtered again after penetrating to the 17. Then the Hart defense stiffened and forced the Buffaloes to punt from their own 38. The 'Horns used five first downs, a pass from Castillo to Bryon Irons of 18 yards, and two big gainers by Castillo before Castillo pushed it over from 11 yards out with 10:50 left in the

fourth. Aven's point-after run was short.

A Petersburg clipping penalty on the first play following the kickoff put the Bufs on their own 9 with 25 yards to go. Jimmy Lang's 31-yard run on the next play was the longest for either team and would have gone for a score if Joe Flores had not done a good job of tackling. Five plays later the Buffaloes punted into the end zone but a strong pass rush tipped the ball and tipped ball on the next play gave the Bufs' Stacy Underwood an interception on Hart's 37.

THE LONGHORNS' defense stiffened again and got the ball back on the Hart 27. But the offensive line got holes punched in it again and Castillo threw his second interception to Fullingim. Scarborough threw to Lang on the PAT but Irons knocked the ball down.

Johnny Newsom returned the kickoff 30 yards but a penalty moved it back to the 19. After one first down, a QB sack and a pass that hit the ground but was ruled a catch for a minus three yards, the Bufs used a

Hart penalty and a quarterback sneak to run out the clock. Hart had fallen from the ranks of the unbeaten.

The coaching staff gave special credit to Bryan Irons for his excellent offensive blocking and to Lester Aven for his second century game with 103 yards rushing. Defensively, Irons was cited for his 15 tackles and a knocked-down pass, Larry Marble for his nine tackles and Cary McLain for 11 tackles, one big hit, and the number of times in pursuit (7).

This week will be spent mainly on blocking and the secondary defense in preparation for Hart's home game against Friona next week.

County rate to yield \$641,000

The Castro County tax roll for 1976, as presented by Tax Assessor-Collector Kent Birdwell, was approved by the County Commissioners Court in its session Monday.

THE ROLL shows a total of \$641,101.82 in taxes due for the year, compared with a 1975 total of \$422,630.46, and reflects an increase projected by new tax rates set in July by the commissioners.

The hike in county taxes amounts to about 25 percent, to meet increased expenses due largely to inflation. The county tax rate was reduced from 95 cents to 60 cents per \$100 valuation, but appraised property

valuations were doubled from 9 percent of appraised value to 18 percent.

Total current assessed values of \$44,913,920 are shown on the 1976 tax roll, compared to \$19,881,260 for 1975, or a little more than doubled.

TOTAL taxes on the 1976 roll break down into \$291,829.94 county taxes, \$50,938.46 state taxes, \$106,123.55 county road taxes, \$22,248.11 water district taxes and \$169,961.76 hospital district taxes.

The comparative figures from the 1975 tax roll are \$188,884.16 county, \$21,726.41 state taxes, \$54,316.98 road taxes, \$9,788.92 water district taxes and \$147,913.99 hospital district taxes.

In other action Monday, the Commissioners Court authorized payment of \$10,000, previously appropriated, to the Castro County Historical Museum for improvement of the property the museum has acquired on West Halsell St.

VETERAN'S SERVICES

By **BEDFORD W. SMITH**
 County Service Officer

A new law effective Oct. 1 gives home loan guaranty benefits to peacetime veterans with 181 days service who served between June 25, 1947 and June 27, 1950. Prior to this time those who served between World War II and Korea were not eligible for this benefit.

CHILDREN and widows of some veterans may be eligible for a pension from the Veterans Administration despite the fact that the death of the veteran was not directly related to military service.

Children's eligibility is sometimes overlooked by the family when the mother is not eligible because of income, remarriage or divorce prior to the veteran's death.

Pension is available for widows, widowers and children of wartime veterans who died of nonservice-connected causes. The monthly amount of pension payable varies and is predicated on the annual income. No pension is payable to a surviving spouse whose annual income is in excess of an amount set by law.

The eligibility of children for pension, however, is independent of that of the mother if she is not entitled to pension. The eligibility of children for pension, likewise, is subject to an income limitation which is set by law.

There are no income limitations on eligibility for survivor's benefits for the surviving spouse and children of a veteran whose death was a result of military service.

None of the survivors benefits are automatically paid. They must be applied for and entitlement must be proved.

Additional information and assistance in securing any VA benefits for survivors of wartime veterans can be obtained from your local Veterans Service Officer.

Despite the Strike by UAW against FORD

We still have a good selection of new 1976 Ford Cars and 1976 and 1977 Pickups from which we can supply your needs.

It will pay you to see us before you make a car or pickup trade.

Stan Byrnes Ford, Inc.

See the new Pontiacs today

With its 1977 models, Pontiac is making history once again. You can see for yourself today (Thursday), when the new Pontiacs are introduced at C&S Equipment Co.

When you go to look them over, leave your conventional ideas about full-sized cars behind. With the most dramatically redesigned full-sized cars ever, Pontiac is making the biggest news since Wide-Track. The top-of-the-line Bonneville Brougham, the Bonneville and the Catalina are totally new automobiles, designed from the wheels up to provide elegance while giving better fuel efficiency.

Don't let the trim look fool you. Open the door and you'll find yourself transported to a new world of Pontiac roominess and comfort—with even more front headroom and rear legroom than last year's full-sized Pontiacs, and more trunk space, too.

The Bonneville Brougham and Bonneville are powered by Pontiac's all-new 5.0 litre [301 CID] 2-bbl. V-8. It's smooth, quiet and nicely responsive, with a very favorable horsepower-to-weight ratio. This engine incorporates the latest technology, and features a low-friction design to help reduce wear.

The Catalina is powered by Pontiac's 3.8 litre (231 CID) V-6 that's designed to meet today's performance standards. The 5.0-litre V-8 also is available in the Catalina.

The Grand Prix for 1977 has been refined to make it even more fun for the driver who really loves to take on the road. The Grand Prix SJ is available with a dramatic hatch roof that makes the sky your ceiling.

The other new Pontiacs—Firebird, Sunbird, Astre, LeMans, Ventura—are also refined for '77, with lots of new features that will mean more convenience and better fuel economy, along with traditional Pontiac dependability.

More about

Rain . . .

[Continued from Page 1] with some damage in the west-ern edge of the county and into Parmer County.

The greatest amount of rain-fall was reported by Easter Grain Co., a total of 1.6 inches, and Flagg Grain Co. gauged 1.1 inches. At the M. L. Simp-son place 10 miles north of Dimmitt, an inch was measured Tuesday in addition to Friday's shower.

KDHN Radio Station report-ed .99 of an inch total for the official Dimmitt figure. Dim-mitt Agri Industries' Nazareth office measured .40 of an inch over the weekend and .50 more Tuesday. Farmers Grain at Hart reported .75 of an inch, and Sunnyside Grain & Supply "about half an inch."

Of more concern to farmers here than the weather, King said, is a decline in grain prices which he says puts local corn and maize growers "in a tough situation."

Frances Jean Bryson of Dim-mitt received a bachelor of science in education degree from North Texas State Uni-versity at Denton in its summer commencement exercises. Her major was in secondary educa-tion.

Mrs. Wilson hurt in wreck

Mrs. Raymond Wilson was reported in satisfactory condi-tion at Plains Memorial Hospi-tal here Wednesday after she sustained injuries when she was thrown from a car in a col-lision in Littlefield Tuesday afternoon.

MRS. WILSON was riding with her husband in their 1974 Cadillac when it was involved in a collision with a White Freightliner pulling a tanker, according to a report by the Littlefield Police Dept. The Wilson car was a total loss.

The accident occurred at the intersection of the US 84 by-pass and East Business 84 at Littlefield. Investigating police said Wilson was driving south when he attempted a left turn to the east toward Lubbock and collided with the truck.

The truck was eastbound in the right lane of the bypass, the police report showed. The Wilson car hit the rear wheels of the truck and the trailer, then bounced back, throwing Mrs. Wilson from the vehicle.

SHE WAS taken by private automobile to a Littlefield hos-pital, where she was examined and released. A Castro County sheriff's deputy drove to Little-field and brought Mrs. Wilson to the hospital here.

CARROT PROCESSING, yields and markets are explained to those on the Castro County Media Farm Tour last Thursday by Albert Maxwell [fourth from right], Dimmitt manager of the La Mantia, Cullum, Collier & Co. vegetable firm. In foreground, a worker washes down the newly dug carrots in the dumping bay before they are conveyed into the processing plant, where they

undergo two more washings before being graded and packed for shipping. On the day of the tour, carrots were being packed in one-pound cello bags for food stores throughout the Southwest and in 1,000-lb. cribs for the Safeway chain. Yield is averaging about eight tons per acre.

Nazareth

Now, let's have some sunshine

By MRS. AGNES BROCKMAN

We have had several showers of rain in our locality lately. It was very profitable for the wheat, but now we're really needing sunshine and warm weather for the corn that is ready to be harvested. Quite a bit of irrigated wheat is up and looking good, and the rain will now bring up the dryland wheat. Some corn has been harvested and it is turning out quite well.

LAST WEEK Father Stanley had some cousins from California visiting him.

Friday evening Mr. and Mrs. Albert Venhaus, Mr. and Mrs. Paul Venhaus, Helen Backus and Agnes Brockman visited in Happy with Mr. and Mrs. George Venhaus.

Helen Backus spent a couple of days in Dumas with the Edmund Backus family.

Mr. and Mrs. Norbert Hoelting from Olpe, Kan. spent several days in Nazareth visiting relatives.

SATURDAY evening the Nub Hoeltings, Ronnie Hoeltings and Ella Hoelting all had supper at K-Bob's in Dimmitt.

Mr. and Mrs. John Schacher attended a get acquainted shower in Tulia Saturday night honoring Mr. and Mrs. Randy Pope.

The Alfred Schachers, Lucy Leinen and the Ed Drerups had relatives from Ohio visiting in their homes last week.

Mr. and Mrs. Joe Kitten and John Steffens from Slaton visited with Mrs. Regina Steffens and children Sunday afternoon. They came to celebrate Mr. Steffens' 87th birthday.

THE DAN Schmucker family, Ray Annens, August Husemans, Urban and Josephine Ball, Agnes Brockman and Sybil Steffens enjoyed the sausage dinner in Friona Sunday.

Mr. and Mrs. Dale Leinen and son of Lubbock and Florene Leinen of Dimmitt visited Mrs. John Stork Saturday afternoon.

Sunday afternoon Florene Leinen was the honored guest in the home of Mrs. John Stork, where all her sisters except the one from Fort Worth celebrated her birthday with a pot luck supper. The evening was spent in visiting and playing cards.

Mrs. Agnes Brockman spent a couple of days last week with the Tom Brockmans in Friona.

MR. AND MRS. Charlie Barker and Mary Lynn Wilhelm of Canyon, Vickie Wilhelm of New

Braunfels and Angie of Amarillo spent the weekend with their folks the James Wilhelms.

Nazareth will have their Homecoming this weekend. Thursday at 6:30 p.m. the Student Council will sponsor a chili supper, frito pies, hot chocolate and fried pies until the pep rally begins and after the pep rally. The Pep Rally will be at 8 p.m. at the football field, followed by the crowning of the Spirit King and Queen. Friday at 7:45 p.m. will be the crown-

ing of the Homecoming Queen. At 8 o'clock the Nazareth Swifts meet the Whiteface Antelopes. After the game there will be a Homecoming Dance sponsored by the CYO with music by West Texas Express.

And Sunday, Oct. 3 from 11 o'clock until 2 the Nazareth Homecoming Dinner will be served. Prices for the roast beef dinner are \$2.50 for adults, \$2 for children six through 12 and \$1 for preschoolers.

Head smut this year?

WHAT ABOUT NEXT YEAR?

For the most part, head smut occurs in fields that have been planted to corn for several years. It appears that farmers with a head smut-infested field have a choice for the use of that field next year. They can plant the field to another crop or can, with reasonable safety, plant corn hybrids that offer resistance to the disease. Pioneer has three excellent hybrid corn varieties that show strong resistance to head smut. One of these is well known to area farmers and is the most planted variety in much of this area... Pioneer brand 3306. Two other Pioneer varieties... 3184 and 3195... which were planted widely in this area for the first time this year, not only resist smut but have even greater yield potential than the well-known yield champion, Pioneer brand 3369A.

A RECOMMENDATION

If you have a field that shows signs of head smut infections, plan to switch to one of the three Pioneer varieties that provide resistance to the disease and, at the same time, give you a shot at the best corn yield you have ever had. You should also consider Pioneer brand 3780. It's an earlier hybrid which shows moderate resistance to head smut and demonstrates extraordinary yield capability.

Talk to your Pioneer dealer now about ordering Pioneer varieties 3306, 3184, 3195 and 3780. It makes a lot of sense to plant all four.

Swifts give Matadors rough test

By **BRENDA DURRETT**
 Zone contest at Matador. **SMITH** scored on runs of 83, 18 and two yards to lead the undefeated Matadors to their fourth straight win and their first District 2-B victory. Nazareth, 0-4 on the year and 0-1 in district play, chalked up its first touchdown of the season when Kenny Brockman scored on a two-yard run in the second period for the Swifts. Smith broke loose for 83 yards in the first quarter to put the Matadors in charge, 6-0. Brockman's touchdown tied the game, 6-6, and that's where the score stood at halftime. **THE THIRD** quarter belonged to the Matadors as they pushed into Swift territory three times. They scored on two of those drives and fumbled on the third. Smith's second touchdown came from 18 yards out, and Craig Christian hit Grant Johnson with a pass for the two-point conversion. Smith, the game's leading rusher with 147 yards on 18

carries, completed his scoring spree with a two-yard touchdown run later in the third. The point-after kick was off and a scoreless fourth quarter preserved a 20-6 win for the Matadors. **DERWIN** Huseman led the Swift offense with 67 rushing yards on 15 carries. Nazareth's offense ran for 114 yards and passed for 45, while Motley gained 166 on the ground and 43 in the air. Motley recovered three Swift fumbles, one in the second quarter when the Swifts were on Motley's 11, and Harold Dempsy intercepted three Swift passes. Nazareth had one interception and one fumble recovery. "We played a real good first half," Nazareth Coach Les Cowan said. "That fumble at their 11-yard-line in the second quarter really hurt us. 'I FEEL like the boys did a tremendous job and it was one of our better games. We played

wan. "Danny Gerber and Timmy Huseman (who have been sidelined by injuries) were at about 80 percent last week, and they should be at 100 percent by Friday."

DON JACKSON AND FRIEND—Air Force Sgt. Don Jackson of Dimmitt considered himself luckier than most when he "bumped" into Charro recently at the Las Vegas Airport. Sgt. Jackson had been in Mississippi for five weeks of special training when he flew to Las Vegas to join his parents, Mr. and Mrs. Al Jackson, for a short holiday with relatives, the C. N. Jacksons of California and the Joe Bob Jacksons of Oregon. Sgt. Jackson's mother said the famous South American singer-dancer was quite friendly, and readily agreed to pose for pictures. Sgt. Jackson has since flown to England, then to his post in Germany, where he expects to serve another year.

THE BEEF PICTURE—George Bagley [right] manager of Dimmitt Feed Yards, talks with visitors of the Chamber of Commerce Media Tour Thursday about the current cattle situation. Bagley explained that the feed yard is presently at 64% of capacity with 27,000 head on feed, despite the fact that those owning the cattle "are losing quite a little tad of money" at today's prices. He said that 90% of the feed yard's customers live within a 20-mile radius, "and that's fortunate because our local people understand the situation." Local cattlemen paid \$40 per cwt. for their animals and invest another \$40 per cwt. to feed them out, Bagley said, but as of last Thursday the market price for fed cattle was only \$36 per cwt.

Leasing a Zimmatic could be a turning point for your farm.

Look at it this way. You don't have to buy a Zimmatic to get the most out of your land. We can arrange for you to lease one direct from Lindsay through their new Lindsay Credit Corporation. That way you shouldn't have to dip into capital or tap your regular line of credit. Lindsay provides the financing and the Zimmatic should make payments out of higher yields. Pay you a good return, to boot. Because Lindsay owns the lease company, they set the right kind of terms. Build in features you need. Add extra flexibility because agriculture's not like other industry. It's seasonal. Special. And that calls for a special lease plan. Which is what Lindsay offers.

But the best part of this lease—you get a Zimmatic. Complete with exclusive Uni-Knuckle and flex system to ease stress on the line. Heavy-duty gearboxes. Micro-switch alignment control. External collector ring and electric control panel with pivot and tower read-out meters. Hot-dip galvanizing . . . all the other features that make Zimmatic an idea leader in center pivot irrigation. We can answer your questions on Lindsay lease plans, handle all details in our office on a single call. Stop in . . . it could mark a turning point for your farm.

Mahon receives NFIB citation

In a recent ceremony on Capitol Hill, Congressman George Mahon of the 19th District of Texas received the "Guardian of Small Business" award presented by the National Federation of Independent Business (NFIB).

MAHON qualified for the NFIB "Guardian" award by voting on the side of small business 84% of the time during the 94th Congress.

NFIB president Wilson S. Johnson, in conferring the award on Mahon, noted, "We initiated our NFIB evaluation system to give special recognition to those legislators who support small business and who have the courage to stand up and vote against the pressures of big labor and big business: the small businessman's greatest competitors for the ear of Congress."

Johnson continued, "NFIB polls its 464,000 member firms nationwide every six weeks to determine the membership's opinions on specific issues and establish the organization's legislative position. NFIB regards a 70% or higher rating on key small business issues as worthy of the 'Guardian' award. Too many congressmen go back home claiming to support small business simply because they voted for a Small Business Administration appropriations bill.

"I HOPE our 2,200 NFIB members in the 19th District will take note of Rep. Mahon's voting record and realize they have someone in Washington who is aware of the problems facing small business and who is trying to make sure that the small and independent businessman receives fair representation in Congress," Johnson concluded.

The median price of new house in US is \$43,600. It has doubled since 1970 and the number of consumers who can afford that price house is shrinking every day. To reverse that trend, Congress is trying to find new ways to keep builders and buyers of houses active and well.

This would sharply increase the number of prospective home buyers but would sharply reduce the cash flow of the lending institution in the early years since mortgage payments would be lower than on standard mortgage loans being made today. This approach to the problem is the one favored

Irene's Ideas

Praise loved ones-- don't just criticize

By IRENE KEATING

Praise or blame—which is easier to express?

Studies indicate that couples more often show disapproval of each other, rather than exposing their more positive feelings. And this is surprising since we all need, want and benefit from signs of appreciation and affection from those we love.

Why is it so difficult to express pleasure, appreciation or gratitude to our spouses for the many thoughtful things they do to make life more meaningful for us? One reason may be that we feel such declarations of love and affection leave us more vulnerable, or are a sign of weakness. Sometimes we are guilty of taking one another for granted and forget how much others have enriched our lives.

MARRIAGES are strengthened when husbands and wives realize the importance of sincere recognition of others' accomplishments. Couples also can indicate their love and appreciation for their partners by the way they treat one another—both in public and in private. A relationship based on mutual love and respect

provides feelings of self-confidence and support.

Husbands and wives acknowledge the worth of their partners when they live by justice and fair play. This means they try to understand and respect one another's point of view, even if they disagree. A relationship based on justice and fair play is one where responsibilities and satisfactions are shared.

Another way couples can show their love and appreciation for one another is to respect the need for privacy.

When you can understand that your partner's need to be alone is not a withdrawal of his love, then the situation does not seem so threatening to you personally. In fact, the time one spends alone with his thoughts often leads to greater appreciation of loved ones.

WHEN was the last time you showed your love and appreciation for your husband or wife?

Showing affection is not always easy, but the repercussions of pleasure, feelings of self-worth and pride make it one of the most important things you can do for your marriage partner today.

Fall wedding planned

Marriage vows will be exchanged by Kipa Wade McFarland and Michael Ray Koenning in the First Baptist Church at Happy Nov. 20.

MR. AND MRS. Gwen E. McFarland of the Arney community and Mr. and Mrs. Elmer Ray Koenning of Plainview are parents of the couple.

Miss McFarland is a graduate of Nazareth High School and received her degree in

nursing from the Plainview Vocational Nursing School after attending the University of Hawaii, Texas Tech University, Texas Women's University and West Texas State.

She is employed by Larry Karrh, M.D., in Plainview and Koenning is a farmer near that city. He is a graduate of Plainview High School and attended WTSU.

MR. AND MRS. SAM LANE
To celebrate 50th anniversary Sunday

50th anniversary reception planned

Mr. and Mrs. Sam Lane will be honored on their Golden Wedding anniversary with a reception from 2 to 4 p.m. Sunday in the Assembly of God Church, with all their friends and relatives invited.

FHA at Nazareth launches new year

Theresa Parson and Debbie Harris served fruit punch and home-baked cookies from a prettily appointed table. The cloth was peach tinted net over satin, and the centerpiece of red roses.

The Future Homemakers of Nazareth High School began a new school year with formal initiation of new members and a salad supper afterward.

THE SUPPER welcomed the initiates for a program planned to make a busy 1976-77 year. Parents of members were also guests, as were those interested in participating in the chapter's "secret granny" project.

Small Talk

By SUE COLEMAN

Whenever there's a chance I go to a meal served by Home Demonstration Club members. Those girls all seem to be good cooks. So naturally their recent tasting luncheon had one sure customer as soon as it was announced.

NOT ONLY was the food of super quality but the company was good, as I always find when I meet more Dimmitt people. My table neighbors were Genevieve Howe, Virginia Gilbreath, Jo Kirkpatrick and Juanita Bruegel—very nice.

Genevieve was saying that she is doing some coaching, helping a table of bridge players learn more about finer points of the game. Beral Hance is one of them, I know. "But I think," Genevieve admitted, "that I'm learning more from them than they are from me." She didn't say whether it was about bridge.

EATING comes first at a luncheon like that; afterward I looked over the Christmas Fair display of handmade decorations and gifts, but didn't buy one of the instruction sets because sad experience has taught me that my 10 thumbs, assembled on two left hands, were never intended for the crafts represented in the display.

While I was admiring a group of beautifully intricate items labeled with Phyllis Neill's name, I started talking with a woman looking at another person's exhibit, and learned that she was Mrs. Neill. Another nice acquaintance!

Young Homemakers will meet tonight

The Dimmitt Young Homemakers will meet tonight (Thursday) at 7:30 in the home-making room at Dimmitt High School. Deanne Clark will present the program, a bridge lesson for beginners.

YOUNG women between the ages of 18 and 35 who are interested in home and community activities are invited to the meeting, and to become members of the chapter.

Party given on birthday

A surprise birthday party honored Lois Waggoner Tuesday in her home. Doris Ward and Shirley Thompson were hostesses.

FRIENDS were invited to call at any time during the day, and many dropped in informally to

wish the honoree a happy birthday.

A heart-shaped birthday cake with floral decoration was cut and served with coffee and punch from a table covered with a lace cloth over yellow.
