Silver Invites Former Residents For June 24

"The Silver Homecoming will be on June 24 this year. We decided last year to have it each year on the last Sunday in June. This year we will meet at the Silver school for a basket lunch.

"A short program and a get acquainted time and time to renew old friendships will follow. All are cordially invited to come, and let us make it a worth while get together."

This announcement from Rev. H. L. Bloodworth, a member of the committee is for the second annual gathering at Silver, the first of which was held last year, with R. B. Allen of San Angelo master of ceremonies.

HD Council Plans Camp for Women

The Coke County Home Demonstration Council will hold a county encampment for women the last week in July, according to plans made in the council meeting Tuesday afternoon.

Mrs. C. E. Arrott is chairman of the arrangement committee for the county camp and appointed the following committees to help plan and develop the project:

Social Security Payments in Coke County Increase

Social Security benefits in Coke County have increased 22 per cent over last year's figures, amounting to \$18,818 monthly.

In the nation social security benefits are being paid at the rate of over one billion dollars per month, according to a press release direct from the U. S. Department of Health, Education, and Welfare.

The latest available tabulation, December 31, 1961, shows the following for Coke County:

Retired Worker, 195, \$11,734.00; Wife or Husband, 83, \$2,591.00; Widow or Widower, 24, \$1,192.00; Mothers and Children, 41, \$2,388.00; Disabled workers and dependents, 13, \$1,085.00.

Mrs. Joe Arledge and three children, Linda, Carol, and Wade, are at their ranch at Mill Iron, Montana, and expect to return to San Angelo and to their Sanco ranch some time in July. Carol plans to attend a summer camp.

old Walker ranch on Sand Creek will be coming back to Silver for the homecoming scheduled Sunday, June 24.

Not barefooted now, some of them are ranchmen, others retired with oil properties and living in nearby or distant towns, the Silver residents returning to the modern school building where the program and basket lunch will be held will look over a country changed by millions of dollars worth of investment since one room schools stood at Cedar Hill, Sand Springs, McKenzieville, and in the deep Silver sand.

Tradition of Mine

For those now planning the homecoming, the origin of the name and date when the first post office was established has been lost to view. Mrs. R. W. Odom, Postmaster, has addressed an inquiry to the Post Office Department to get whatever information is of record there.

Whether or not Silver Peak is the same mountain as that marked on maps connected with a silver mine known to have been worked in Spanish times, the name is connected with the tradition of such a mine.

Within the memory of some still living at Silver, the post office was first at the Walker home, then in a store near the river operated by the late O. E. Allen,

Tornado Aloft Has Countryside Alert

A tornado that didn't come to earth had the northwestern corner of Coke County under alert Friday night, with many Silver and Sanco people taking to their cellars, or to the road in their automobiles.

Several families from Sanco drove into Robert Lee to get ahead of the storm if it should dip down from the horizontal position the roaring, funnel shaped cloud center had as it passed over Silver and Sanco communities, without excessive winds on the ground.

Radio, television, as well as the sheriff's radio network kept track of the cloud in time for warnings to be given those who might have been in its path.

There was light hail and a little rain at Silver, without damage reported.

"We went into the cellar," reports Mrs. R. W. Odom, postmistress. Some went to the school house while others took to the road.

On the Jim Hamilton place in McKenzieville community, 1.3 in. of rain was reported.

RAIN WEDNESDAY MORNING ON WEST SIDE OF COKE UP TO 1 INCH

Rain started falling around 8:30 Wednesday morning at Silver, and spread over most of the west side of the county.

Sanco reported just over ½ inch. Leeper Ranch .4 at the house, perhaps more in the pasture. Fred McCabe ranch on the south side of the county had ¾ at the house, with a better rain to the northeast in the pasture.

BCD Discusses Fire Protection

The Board of Community Development of Robert Lee in their noon luncheon meeting Tuesday voted to meet every other Tuesday during the summer months.

Discussion centered around the need for better fire fighting equipment in view of the threat of grass fires, along with depreciation of the old equipment.

The next meeting is set for Tuesday, June 26.

D. R. Gartman and sister, Mrs. Velma Denman, are in Abilene to attend their sister, Mrs. Fronia Scarborough, who was to undergo surgery there Tuesday.

GRANT DAVIS

ELDEST OF DAVIS-LEWIS FAMILY GROUP

Senior father at the Lewis-Davis-Williams reunion Sunday will be Granville E. Davis, 83, a resident of Robert Lee since 1903, married in 1904, and father of ten children, nine of whom are living.

Known locally as Grant Davis, he reared his family here, earning their way with hammer and saw as carpenter and building contractor.

Many West Texas homes contracted by Grant Davis, some old,

still stand, some of them from the time when Mr. Davis rode out in his wagon and camped for the week while on the job, perhaps coming home for the week end.

Sons are Emory C. (Doodad) G. F. (Pete); G. Mitchell of Robert Lee; O. W. (Jake), and Bob L., both of Amarillo.

Daughters are Mrs. Ruth Vowell of Robert Lee, Mrs. Bernie Bell, Mrs. Geraldine Kinsey, all of Robert Lee; Mrs. Billy Zoet of Houston.

Sixtieth Wedding Anniversary for Hawley C. Allens

Mr. and Mrs. Hawley C. Allen are to be honored in an open house on the occasion of their sixtieth wedding anniversary on next Sunday, June 17, in the home of Mr. and Mrs. Gerald C. Allen at Robert Lee, with everyone invited.

Mr. and Mrs. Hawley C. Allen, Jr., and Frank V. Allen are also hosts.

Mr. Allen, 84, pioneer ranchman and peace officer of Coke and Tom Green counties, came to Coke County at the age of 9, worked for March Brothers Ranch as a young man, and then homesteaded four sections of land in Schleicher county, which he later sold and then moved to San Angelo.

Elected constable there, he served two years, and was then elected sheriff, served in that office several terms and then moved to Coke county. After ranching here awhile, he was drafted to run as sheriff and served in this county in that office some time.

Mrs. Allen is the former Amelia Carraway and was a teacher for some time. The Allens have had ranch interests in Coke County many years.

Clan Gatherings Grow In Numbers

With families of three generations coming together throughout June and planned for July and August, the Lewis-Davis-Williams reunion Sunday, one of the largest, points up more such pilgrimages under way from week to week.

Families grown to clans come back for old times sake to introduce their youngsters again to each other, slap the backs of

teachers who gave them their first paddlings, and search out old friends of many years.

In three rural communities — Sanco, Silver, and Edith, those who once lived in country towns and out among the cedars stop in reminiscence at old cemeteries, and at old home places, where a familiar tree still marks the scene of childhood joys, an old barn still stands, and for some the old home to visit again.

Family meetings appear in separate stories. The Sanco Homecoming was held the first Sunday in June, Silver is announced for the fourth Sunday in June, and Edith for the third Sunday in August.

Reunions booked for every week in July and part of August at the Robert Lee County Park will be announced in later issues.

Heart Attack Takes Chester Puett, Alaska

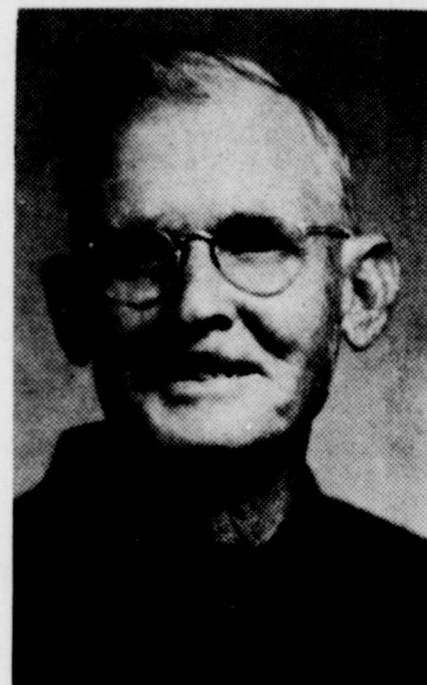

Chester Puett passed away with a heart attack June 7 at his home in Anchorage, Alaska, according to a letter received from his mother, Mrs. Augusta Puett, of Solomon, Arizona.

Chester was the son of the late A. W. Puett, who was editor of the Robert Lee Observer before his death in 1934. Chester was born in Robert Lee and lived here until he was 12 years of age, then went to the Masonic Home School. Death was just five days before his 39th birthday.

At 18 he enlisted in the Army and spent four years in New Guinea, and Australia, then after the war returned to the states, and went to Alaska, and has been there ever since.

Harless Puett went to Alaska for the funeral.

Besides the Mother, four brothers and three sisters survive.

GAIL BROWN

Sixty years at Silver, on the same farm since 1915, still active about his land which now is rented out, Gail Brown at 83 is the oldest father in his community.

Mr. Brown came from Williamson county, married Dolly Conner of Silver, and they operated their farm until her death in 1948.

The Browns reared four children: Mrs. Allen Jameson (Vera) of Silver, Mrs. Faye Moore of Big Spring, daughters; and two sons, Harold of Van Court and Grover (Skeet) of Vincent, Texas.

JOHNSON TO DEDICATE FLY PLANT FOR WORM CONTROL

By STERLING LINDSEY

Vice-President Lyndon B. Johnson will dedicate the 75 million per week sterile fly plant at Mission, Texas, headquarters of the Southwest Screwworm Eradication Program on Saturday, June 16. Governors from the five states included and the Secretary of Agriculture of Mexico have been invited to participate in the dedication ceremonies, as well as stockmen and others from the entire region involved. The plant will go under security regulations the next day, meaning some phases of the fly production operation will begin.

Just how great will be the impact of the increased numbers of sterile flies is yet to be calculated. The area requiring assistance is increasing weekly. But certainly it will be a giant step forward in this momentous program.

Reports have been received during the week of seven additional positive screwworm cases, making a county total to date of 14 cases. The seven latest cases came from six different operations. All are in the western half of the county as were the previous seven cases. We should be finding some of the

empty fly cartons, according to reports from an unofficial, but very reliable source. The informant stated that sterile fly applications are being made on the sites just south of Coke County where screwworms have been identified. In light of this information, if we have screwworms, we need to submit samples to let the Foundation know of our infestations.

They Came Back To Coke County for Old Times Sake

Tee Green of Tempe, Arizona, arrived early for the Sanco homecoming, with guitar and violin, his close companions since his boyhood at what is now known as the Gartman place between Sanco and Robert Lee.

In town, then Saturday night at Sanco, and on the program Sunday, the westerner played. He conducts a band constantly on the go in Arizona, and plays the frontier tunes familiar to cowboys of early days, throwing in more modern pieces as he goes along.

Veteran Printer

Albert Lamb, 79, of Colorado City, edited and set type for the Robert Lee Observer when Geo. Cowan and J. G. Berryman were publishers. At Sanco Sunday, Albert recalled setting type for several early day weeklies including one at Lorenzo and at Colorado City.

A four page edition per week was a sizeable job when you set it all by hand — ads, straight matter, heads.

S. B. Wallace of San Angelo, who taught many of the grandfathers and grandmothers of today, was once a weekly newspaper man, and founded the first newspaper at Bangs, and two others.

Berryman's Published Observer

Another Coke newspaper family — the late J. G. Berrymans — bought the Observer from George Cowan and sold it to "Bumbles" Puett. Carol, at the homecoming, said he set some type for his father, and Doyle, also present, said he did, too, when the pub-

lisher pushed him hard enough. Mrs. Berryman? No, she just did the cooking and housekeeping for the force, except for Albert Lamb, who gathered news a part of that time.

Lampasas Ranchman

T. K. Whiteside, with wife, the former Louise Preslar, and grandson, Tracy, son of Bennie K, said ranch conditions are good at Adamsville, Lampasas County, where he now ranches. T. K. has gone to goats recently, and has had some good rain lately.

Mr. George Cole from Boerne, John from San Marcos, and sister, Lela Robinson from Abilene represented the family that once lived on land known to oil people now as the Cynthia Malone lease.

Eubanks Group Returns

Children and relatives of the late Mr. and Mrs. A. R. Eubanks: Oliver and Annie Mae Eubanks of Eunice, New Mexico, with their son-in-law and daughter, John and Dorothy McCaslin; Bill and Ruth Eubanks of Maple, Texas; Joe and Idella Miller, of Comanche, Texas, and J. C. Eubanks, also of Maple.

Mr. and Mrs. Herman Carwile of Carlsbad, New Mexico, with their daughters, Alece, Nell, and Jane, with Jane's husband, John Skinner; Effie Carwile and Henry Carwile of Sanco, Mr. and Mrs. Wilson Carwile, Flora and Colleen, of San Angelo — these made up the Carwile family group, with the mother and grandmother, Mrs. Fannie Carwile of Sanco.

Mr. and Mrs. T. M. Wylie, Priscilla, and Miss Ann Craddock, niece of the Wylies are on a vacation trip to Austin, Galveston, New Orleans, and then to Memphis, Tennessee, where they will be guests of the Jerry Alsups, formerly of Robert Lee.

Family of Rev. Palmer Former Baptist Minister Meet in Robert Lee

B. P. Palmer, ranchman of Hext in Menard County, 73, is the senior father in the Palmer clan which gathered at Robert Lee over the weekend for their annual reunion.

These are the children of the late Rev. and Mrs. D. H. Palmer who lived at Bronte and passed away in 1953 and 1957 respectively. Other sons, brothers of D. P., are Albert of Brownwood, W. J. of San Angelo, John of Odessa. Daughters are Mrs. O. E. (Verna) Allen, Mrs. C. J. Brooks and Mrs. Curtis (Lula) Walker, all of Robert Lee; Mrs. Zimrude Cooper of San Antonio, and Mrs. Cora Virginia Kennedy of Plains.

Also present here was Mrs. Alene Hassell, of Albany, Australia, mother of the wife of a son of D. P. Palmer. Mrs. Hassell lives on an Australian sheep ranch, or station, as known in that country.

108 people were present for the lunch at the park. Church ser-

VICES were conducted at the morning worship hour by the Rev. David Strong of Ft. Worth, Baptist minister son-in-law of Mrs. Verna Allen.

Names of those present, listed in family groups follow:

Mr. and Mrs. Ben Palmer, of Hext, Texas; Mr. and Mrs. Walter Palmer, Mary Lou and Bill of Wichita Falls; Mrs. Ruby Davis and Karan of Sonora.

Family and relatives of the late O. E. and of Mrs. Verna Allen; Mr. and Mrs. Wayne (Violet) Russell; John Douglas, Dwaine, and Linda Walker of Colorado City, Texas. Mr. and Mrs. Elbert (Cora Bell) Faubion of Fort Worth and son, Stevie; Rev. and Mrs. David Strong, Mr. and Mrs. Jimmie Lewis, all of Ft. Worth; Bill Vanderland and wife, Berta, with their daughter, Jan, of Odessa; Mr. and Mrs. Jake Allen and Pam of Ruidoso, New Mexico.

RECIPE USED BY CLUB GIRLS IN 4-H CONTEST IS RECOMMENDED

By FAY C. ROE

Dawn Boykin and Jo Alice Evans, members of the Robert Lee Moonbeam 4-H club returned home Thursday from 4-H Roundup. The Roundup is held each year on the A & M College Campus with 4-H boys and girls from the twelve Extension Districts vying for state honors.

Dawn and Jo Alice presented a Dairy Foods Demonstration. They prepared "Frozen Fruit Salad." The girls did a fine job, but failed to place in the Contest. Twenty-two teams participated in the day long contest. To select the winners, scores from the demonstrations and from the record judging were added together then divided by two. Winners must have extra good record books as well as a good demonstration.

Mrs. Jay Evans and Mrs. Fay C. Roe, County Home Demonstration agent, accompanied the team to Roundup and were very proud of the demonstration the girls presented.

Dawn and Jo Alice were second place winners in the District 4-H Eliminations in April which entitled them to enter the state Contest in Dairy Foods.

PLANNING ANNUAL CAMP

Tuesday was a busy day around my office as the Home Demonstration Council Committee met to plan annual camp at 1 p.m. and Council met at 2. Club members will be hearing more about camp plans in the near future.

If you have tried to call our office this week and no one answered, do not think the phone has been out of order. Mrs. Douglas Dean, the secretary, has been on vacation! Wilma deserves this rest so am glad she can "vacate" with her family for a few days. I hope they bring home enough fish for a fish fry and that I am invited!

Some parts of the county have received good rains. I've been disappointed that they have not been more and more widely spread. We were caught out in the rain between Robert Lee and home Saturday night, and I can say, plenty of rain fell for a while!

CONTEST RECIPE GIVEN

"June is bursting out all over" with ideas for carefree meals and easy living. Milk is the best all-around health insurance available. There is a type of milk to fit into all levels of food budgets, whether large or small. Milk pays its way by coming up with generous amounts of protein, calcium, and other important nutrients, at very reasonable rates. A cup or glass of skim milk or buttermilk has only 165 calories, and when skim milk or buttermilk is the choice, you get all the nutrients in the milk except for the fat and Vitamin A. Universally recognized as an essential food for babies and growing children, milk is needed in the diets of all persons. Milk and dairy products should be the Cornerstone in every meal you plan and eat!

A good recipe for using a dairy product—whipping cream is used in the recipe:

FROZEN FRUIT SALAD

1 No. 2½ can drained fruit cocktail
2 cups miniature marshmallows
2 cups whipping cream or evaporated milk
½ cup mayonnaise
½ cup sugar
¼ cup chopped pecans
3 tablespoons lemon juice
1 tablespoon unflavored gelatin
¼ cup hot water

Soften gelatin in hot water. Add to fruit, sugar, pecans, marshmallows, mayonnaise and lemon juice. Whip cream and fold fruit mixture into whipped cream. Pour into large mold. Freeze. Unmold and serve. Serve with fruit as a garnish for dessert. If served as a salad, unmold on lettuce, watercress, or Romaine, garnish with crabapples, beets, and/or parsley. Wonderful! and can be prepared ahead of time as a convenience—it will keep from a week to a month or more in the freezer. Serves 16.

This recipe is an original one by Jo Alice Evans and Dawn Boykin. This is the recipe they used in the Dairy Foods Contest last week at 4-H Roundup.

Do So Many Home Buyers Insist on Medallion Homes?

"Live Better Electrically," the advertising slogan says. Modern homemakers know that it's more than a mere slogan — it's a fact. You CAN live better electrically when you buy a Medallion home. Here's why. The man who built that home, the Medallion home, EARNED the privilege of displaying the medallion by observing certain minimum electrical standards in the design and construction of the home, and in the appliances which are a part of the plan for living. It has been called "the Hallmark of Excellence." And it is. So look for the "Live Better Electrically" medallion when you are thinking of buying a new home. Enjoy FLAMELESS electric living!

SILVER INVITES —

Continued from Page 1
and then by his brother, R. B. Allen, now by Mrs. R. W. (Thelma) Odom, daughter of R. B. and niece of O. E. (Arville) Allen.

At one time the office was discontinued, the mail coming addressed to Sanco, but oil development restored it, and now it operates as a third class office, with considerable volume of mail. The building of oil field "camps", refineries, with the related businesses, including one of the largest grocery stores in the county, built the present town near Silver Peak, overlook the earlier communities.

Pastures Invaded by Machines
Bulldozers blazed roads out into pastures where men on horseback had been the only human visitors. Legends that still linger over Grubbs Canyon, along with review of old landmarks whose meanings have been lost to a younger generation and memories of isolated pastures where heavy motors drum constantly today will be a part of the modern scene when these old neighbors get together.

Headquarters for the district office of Sun Oil Company, oil field roustabout service, and oil field welding, Silver made the change to modern industry with cattle and sheep grazing uninterrupted on ranches remaining in many cases in the same families since the community was young.
