How Close Will We Let Them Get?

President Kennedy is using some stout words toward Cuba. We don't know whether he will back up those words any better than he did when he got stout with them once before or not.

Words that fired off like cannon turned into actions that fizzled like a wet firecracker. By the time the fourth floor of the State Department got through with his plans to recover Cuba, the planes had turned tail and left some brave men to rot in Cuban prisons.

Our disposition is to blame the president for that. Perhaps he could have been more resolute and gone through with it. But if he did that and got us into a young war down there, how would the mothers and dads of the reserves and the National Guard called into duty have backed him up? What would the rest of the country have done about it?

We like to stand up to the Commies—WITH WORDS. But while they are moving in their forces and getting ready to take over Latin America exactly like they are now taking over Algiers—will this United States of America ALLOW its president to back up his stout words?

We may have to hear the guns along the Rio Grande before we will do that.

Now might be a better time.

The whole maneuver is aimed at eventual invasion of the United States from south of the border. It is a plan the Germans had but never got close enough to carry out. The Russians are getting close enough, and have a far more effective organization and plans for doing it.

Preslar Test Good, New Location On Bird

Apparently with two good wells in the Sanco area completed last week, location was made for a Tucker rig just west of the Tucker No. 1 I. A. Bird, on the 80 between it and Highway 208.

The rig completing Tucker's Preslar well was expected to move soon to the new spot on top of the hill east of the highway, south of the cut off road to Sanco

from the I. A. Bird ranch.

Drill stem test on Tucker No. 1 Green Preslar had 1360 feet of free oil, 42.3 gravity, surfaced in 14 minutes, with 140 feet of heavy oil and gas cut mud.

Shut in pressure was 1820 pounds, no water.

Location is on the S.W. ¼ of Section 461, 1000 feet from the west line, and 660 feet from the I. A. Bird north line. It is a farmout from Humble to Tucker, and was drilled by a Tucker rig.

The Standard well on the hill just west of Sanco was reported a good well as it should be, since it is in proved production. The rig was down on the location late last week.

The Preslar well extends the I. A. B.-Meneille field one location north, adding some prospect of more drilling in that direction.

Mrs. Luther Sparks Services Tuesday At Baptist Church

Following a lingering illness Mrs. Luther L. Sparks passed away Saturday night, September 8, in a San Angelo Clinic, and funeral services were conducted Tuesday afternoon at 4:00 o'clock at the Robert Lee Baptist Church, Rev. Robin Guess officiating.

Burial was in the Robert Lee cemetery.

Estella Violet Sparks was born in Erath County, Sept. 9, 1914, and lacked but one day of reaching the age of 48. She was the daughter of Mr. and Mrs. Harris Elledge, and her mother's maiden name was Mary Powers.

Nov. 19, 1932, Estella Violet Elledge was married to Luther L. Sparks at Green Mountain, southwest of Robert Lee.

They lived in the Edith community, farming, for 17 years, and from then until her death in Robert Lee.

Survivors include her husband; five sons, Marion of Sweetwater, Loyd of San Bernardino, California; George Ray, Gary Don and Terry Wayne, at home in Robert Lee; six daughters, Mrs. Peggy Evans of Norfolk, Virginia, Mrs. Shirley Thomas of Midland, Mrs. Louise Drennan of Alpine, and Elwanda, Pauline, and Martha Ann Sparks of Robert Lee.

Three brother survive: George Elledge of Hobbs, N. M.; J. D. and Marvin Elledge of California; one sister, Mrs. Etta Tracy of Roswell, New Mexico; and eight grandchildren.

Pallbearers were Crowley Harmon, Charley Drennan, Bill Gilbert, Finis Harmon, J. B. Robertson, and Floyd Harmon.

Mrs. Roy Taylor Funeral Pending

Mrs. Roy Taylor, 72, succumbed at Coke Memorial Hospital Tuesday afternoon about 6:00 o'clock.

Born August 26, 1890 in San Angelo, Inez McDorman, daughter of Mr. and Mrs. L. H. McDorman, was married in Robert Lee Sept. 19, 1910, to J. Leroy Taylor.

She is survived by her husband; Mrs. Mildred Ligon of Odessa, Mrs. LaVelta Eubanks and Mrs. Beatrice Counts of Robert Lee, Mrs. Sylvia Kennemer of Longview, Mrs. Jane Goldsmith of Akron, Ohio, Mrs. Bobby Mahon of Weimar, Mrs. Kitty Martin of Pagosa Springs, Colorado, Mrs. Patty Sheppard of Spearman, and Mrs. Dixie Jones of Brownfield, daughters; a sister, Mrs. Daisy McCutchen of Robert Lee; thirty grandchildren and two great grandchildren.

Services will be conducted at 4:00 o'clock Thursday afternoon, at the Methodist church, Rev. Dempsey Salter, pastor.

Committees have been appointed and date tentatively set for the annual Coke County Farm Bureau Convention to be held in October.

September 28 Date In Robert Lee For Polio Immunization

The Sabin oral immunization for polio is to be available to both children and adults Friday afternoon September 28, beginning at 1 p.m., according to Dr. John D. McDaniel.

Superintendent Dorman Thomas said arrangements would be made to get the necessary forms ready for parents to fill out authorizing giving the vaccine to their children.

Members of the Board of Community Development at their noon meeting Tuesday made plans to cooperate with Sheriff Melvin Childress who will coordinate the furnishing of transportation to those who need it.

The procedure is about the same as has been announced at Silver and other places, and further details will be announced later.

JUNIORS ELECT OFFICERS

The Junior Class of Robert Lee High School met Thursday, September 6, to elect officers. The results were: President, Bobby Blaylock; Vice-President, Ben Boykin; Secretary-Treasurer, Eddie Parker; Reporter, Marion Fikes. Junior representatives to the Student Council are Rosalind Bradham and Bill Roach. Class sponsors for this year are Mrs. Dempsey Salter and Mr. Bob Cox.

INFORMATION ON THE SILVER IMMUNIZATION POLIO PROGRAM

By Mrs. George Fugate

DATE: Sept. 16th.
TIME: 12 p.m. until 6:30 p.m.
WHERE: Silver School Cafeteria.
WHO TAKES IT? EVERYONE, from the ages of 3 months up to ONE HUNDRED.

Bronte Junior High Team Here Thursday, Dogies Set Schedule

The Robert Lee 7th and 8th grade Dogies will entertain the Bronte Shorthorns at 8:00 p.m. Thursday, September 13, on the Robert Lee School gridiron.

The local youngsters have a six-game season scheduled and are hopeful of engaging the San Angelo Sacred Heart Dragons for a two-game set-to.

The Dogies have home-and-home game agreements with Bronte, Loraine and Silver. Playing dates are:

Sept. 13, Bronte at Robert Lee, 8:00 p.m.
Sept. 25, Loraine at Loraine, 7:30 p.m.
Oct. 11, Silver at Robert Lee, 7:30 p.m.
Oct. 18, Bronte at Bronte, 7:30 p.m.
Oct. 23, Loraine at Robert Lee, 7:30 p.m.
Nov. 15, Silver at Silver, 7:00 p.m.

Team members are: Gary Sam Williams, Gaylon Pitcock, Drexel Skipworth, Ray Roe, Glenn Roach, Buddy Thomas, Buddy Vosburg, Tooter Fields, Alfred Blair, Jimmy Varnadore, Donny Devoll, Jimmy Blair, Bob Lomas, Keith Waldrop, Edward White, LeRoy Casey, Lynsey White, Randy Hall, Ronnie Devoll, Ronnie Varnadore, Larry Bell, Larry Brock, Craig Thomason, Gary Parker, Jeffery McCabe.

Steers Hold Menard; Go To Eden Friday

By The Editor of the Observer

Evenly matched in yard gaining on the ground in the first half and out played in the breaks, the Menard Yellow Jackets got away on the wing from near center field in the last minute of play Friday night to tie the Steers 6-6.

Statistics make something for the dopsters, and ball carriers get noticed, but Friday night on the home field it was teamwork that overturned the dope bucket and had the Jackets out of luck most of the way by using the luck.

The locals played a close, eager game to cover fumbles and use

their opportunities. Both sides had difficulty in holding the wet ball, and the Steers never quite connected their passes.

Fumble Sets Them Up

When the Steers punted on fourth down early in the first half to the Jackets 42 yard line, a Jacket fumbled, Phill Lowder recovered for the Steers. Then Dodson and the team made 6 yards over right guard, Lowder got the ball next for 1st down on an end run.

Robert Lee got a 5 yard penalty for off-sides. With fifteen yards to go Lowder took it again on a left end run, Pullen brought him down, but it was first down and goal to go.

Hallmark took it on a quarterback sneak through the middle of the Wasps, and it was over the goal, but right end run failed, and the score was 6-0 for the locals, where it stood through most of the rest of the game.

Straight Play — Even Battle

The rest of the first half was even-up football, with tries on passes incomplete, the Jackets backfield probing for a place to run but blocked out or grounded in most cases, and the half ended with 78 total yards gained by the visitors, 80 by the home team.

There was good punting on both sides. Menard had to run a shifty backfield, and some of their boys looked fast whenever they could find anywhere to go.

Caraway kicked off in the second half, with a homeside recovered by a Steer. It was an even duel for awhile, then the Jackets started a campaign of end runs, Continued on back page

Rain Runs River Highest Since 1957, Spotted In County

Spotted rains which started Saturday a week ago continued Wednesday morning, Thursday night, and Friday morning, turning into floods at places, and barely sprinkling in others.

Silver received three inches Thursday night and Friday morning. From McKenzieville area came reports of 7½ inches, and Green Preslar reported a flood of rain on his lease in the Sweetwater area.

Friday morning Sam Duncan said he had got ½ inch. South of Robert Lee up to that time had been light, as well as Robert Lee itself.

Up until 2:30 p.m. Friday, Sept. 7, the Soil Conservation Gauge at the court house had chronicled 8.15 for the year at Robert Lee, and .73 in September, with dark heavy clouds overcast.

A heavy cloud from this northern rain belt moved down over Robert Lee at three o'clock Friday, had water running in the streets for awhile.

H. C. Allen reported .8 at his home that afternoon, with .6 previously, making a total of 1.4 at Robert Lee. Saturday morning the river at Robert Lee was still rising, and was about up to the first banks. It had gone down a couple of feet Sunday, but still was running red.

ROBBIE DON GODWIN GOES INTO U.S. ARMY SERVICE

Mr. and Mrs. Robbie Don Godwin spent from Saturday to Monday with his parents, Mr. and Mrs. Bob Godwin. Robbie Don received his Master's Degree in Business Administration at Texas A&M in August, and is entering the Army service with a commission as second lieutenant, to be assigned to the Psychological Warfare Battalion at Fort Bragg after 9 weeks special training at Fort Knox.

Observations

Apologies to C. L. (Buckles) Sparks and the Texaco Station for leaving the station off of the football ad accidentally after he had authorized us to carry it as one of the sponsors.

There are several others we did not contact — some we tried and didn't get on the telephone.

Never think because somebody's name isn't on any particular ad we get up that person or firm is branded as disloyal. We do not run a newspaper that way.

A signature ad is a means of getting the money to finance the announcement and the news. There may always be someone we failed to get in touch with.

Those who weren't contacted, we'll have another one for you if you want one.

If we had a medal to award in Robert Lee it would go to Tommy Hood. Thrown for about the heaviest loss a man could take, he never let it down his spirit.

Any boy or girl who thinks the odds are against him should go around for a visit with Tommy, and hear his cheerful voice. Our hats are off to any man, young or old, who can hit the line like that.

With two polio victims, children from Stamford in an Abilene hospital, and another little girl who may have it, immunization has picked up in Stamford, with a rush for the vaccine.

Next week was this week and Mrs. Sam Powell was back teaching last week, but anyhow we got her on the job, thank goodness.

Naomi Lee graduated from Robert Lee High when L. S. Bird was superintendent, prepared herself to teach, and has been a friend to childhood in the school room ever since.

Community Calendar

The Robert Lee Home Demonstration Club will meet Thursday, September 13, 9:30 a.m. at the Recreation Hall, to elect new officers. The meeting is open not only to members, but to others interested.

The Steers go to Eden Friday for the second game of the season.

The Board of Community Development will meet Tuesday noon, each week.

The Quarterback Club will meet Tuesday night next week at the school cafeteria. On alternate weeks they hold their meetings Tuesday, when the Volunteer Fire Department meets on Monday. On other weeks, the QB's meet Monday night.

The Parent-Teachers Association meets Thursday night, September 20, at the school building to organize for the year.

Polio immunization for Robert Lee Friday, September 28, in the afternoon.

As far in advance as possible, send in to the Observer for this calendar events scheduled by your organization or activity.

The Order of the Eastern Star announces a bake sale at 9:00 o'clock Saturday of this week, September 15, at the West Texas Utilities Building, proceeds to go to their welfare program.

Jerry Hurley Is With the Fleet

COAST OF CALIFORNIA (FH-TNC) — Jerry M. Hurley, radarman second class, USN, son of Mr. and Mrs. Carl Hurley of Robert Lee, Tex., is serving aboard the destroyer USS Wedderburn, a unit which participated in "Exercise War Dance," a training exercise off the Coast of California, Aug. 27-31.

The exercise, which involved 11 ships and 10,000 men of the First Fleet, centered around a fast carrier striking force which was opposed by submarines and aircraft. Air opposition was provided by jet and propeller-driven aircraft, including medium bombers, using all types of weapons.

The exercise began with a hypothetical limited war situation which escalated rapidly and culminated in a supposed general war.

The special exercise was commanded by Vice Admiral R. T. S. Keith, commander of the First Fleet.

Mr. and Mrs. M. J. Jennings of Silver spent a two weeks vacation at Port Arthur with his father, W. D. Jennings, 87, and their daughter, Mrs. Don Postlethwaite, and grandchildren, Donna Ann and Paula Jane.

I want to give you my favorite Ice Box Cookie Recipe. It is one that has been in my family some 25 years and as yet I've never found one I like any better. It makes a quantity of dough which makes it even better since it is a timesaver!

ICE BOX COOKIES

Melt 1 pound butter or margarine, mix with 1½ cups brown sugar, 1½ cups white sugar, 3 well beaten eggs, 2 cups pecans, 2 tsp. cinnamon, and juice of ½ lemon. Sift together 1 tsp. soda and 6 cups flour. Add to mixture. Mix and shape into rolls, wrap in waxed paper or foil, place on cookie sheet in rolls, refrigerate 12 to 24 hours. Slice very thin, bake at 375 degrees. Note — Cookie dough may be wrapped in foil, frozen and kept up to 3 months. Remove from freezer, slice and bake as above.

Here is a little fashion news for fall and winter clothing.

The shape of fashion for fall is still predominantly spare, lean lines, stripped of ornamentation. Many designers have dropped sleeve lengths on coats and suits to the wrist bone, while whittling backs of the garment to less fullness.

Texture, color and shape in 62 terms are artfully combined in a spare shaped coat of wide wale corduroy colored an elusive green gold, with the wales arranged to run diagonally from shoulder to hem and hem to shoulder.

Other dominant themes include grainy textures, such as homespun, that give a handwoven effect; double knit cottons which simulate a pique weave; woven fabrics that look like knits; and

the warmth-without-weight laminate and other tailored cottons. Brown — ranging from pale beige to deep dark — is the leader in the color field. Camel and grey combinations also will be seen. Muted colors will be brightened with vibrant reds, blues and greens.

Hunters who enjoy hunting but dislike the gamey flavor of their catch will find good news in a new publication. "Wild Game — Care-Cooking," put out by the Extension Service, Texas A&M College.

The quality of game meat depends to a large extent on how the game is handled from the time of kill until served, according to the bulletin written jointly by specialists in wildlife conservation and foods and nutrition.

The new publication describes with detail and illustrations the proper care of small game, big game, and game birds while in the field, in camp and at home.

Methods of cooking big game are given along with tricks for tenderizing mature and tough Small game cookery and care is also explained. The flavorful cooking of many kinds of Texas game birds is discussed and tips on the freezing and storage of all types of game are given.

The bulletin comes to a delicious conclusion with a list of many wild game menus calculated to convince the hunter that Texas wild game is good for more than tracking and hunting.

"Wild Game — Care — Cooking" can be obtained from my office by dropping by, calling or writing for a copy.

County Agents News Column

By STERLING LINDSEY

The National County Agricultural Convention was a great experience.

Agents were there from 42 of the 50 states. In all, 1956 people registered and participated. Talking to individuals from other states in recesses and after sessions was an experience in itself.

This is a bit early, but early stalk destruction is being pushed as an aid to insect control. Shredding and plowing under as soon as possible after harvest and after shredding will aid in the control of pink bollworms and bollweevils. Removing the weevils food supply early normally reduces the number that overwinter.

leading producer and exporter of mohair. Texas produces 97% of the U.S. mohair output.

The United States lamb crop is 6% smaller than the 1961 crop, but is 11% above the 1951-61 average. Texas produces about 15% of the United States lamb crop.

Club members deserving recognition on their record books that we failed to get in the paper last week are: Jimmy Varnadore, for his work toward the Sheep and Wool Award; Jerry Parker, son of Mr. and Mrs. Truman Parker, Bronte, in swine; and Nicky Arrott, son of Mr. and Mrs. LeDrew Arrott, Juniper, in Achievement.

Sorghum midge is a problem not too far north of us and could invade this area.

Midge is a small gnat like insect that sucks the juice from milo heads and causes them to blast. Externely heavy concentrations of them have been found in and around Lubbock County lately.

Midge damage occurs the first four days after the head emerges from the boot. The damage is seen later, but control measures must be employed at or near head exertion time to control midge. Midge is increasing in the State and it would be well for us to watch for it as feed and milo crops begin to head out.

John Gunnels, who is temporarily living in San Angelo for medical treatment, is reported much improved.

Progress means people working and getting somewhere with it.

John Kinsey Speaks On Life In Navy To High School Classes

While home on leave John Kinsey visited history classes in the Robert Lee school and made some talks on the Navy.

John decribed the daily routines of Navy life common to all recruits at boot camp. He encouraged boys who are not sure what they plan to do in the future to look into some of the many programs the Navy offers.

All recruits, according to Kinsey, are awakened at three every morning. They are then instructed through a series of classes dealing with fire fighting, first aid, ship's technique, how to shoot a rifle correctly, and the basic fundamentals of Navy life. John stressed the point that at boot camp one learns to take orders and like it.

From John's attitude toward the Navy, it is plain to see that he really enjoys it. He stated that he wouldn't trade his Navy life for anything in the world.

In the Navy, he continued, it's up to you to study and it is to your advantage to do so. John referred to his pay in comparison with the pay of some of his past classmates in the Army and Air Force. His compensation turned out to be more than the last mentioned.

He explained further that in the Navy there are many opportunities to go to college while on active duty. The sailors pay only a small percentage of the cost; the Navy pays the larger part.

John will be with us till the ninth of this month at which time will go aboard ship at Longbeach,

VACCINE AT SILVER SUNDAY, INFORMATION FROM LEADERS

The following questions and answers have been compiled by the Medical Association in an effort to erase any doubts or fears you may have about this vaccine. If you have other questions, please contact your physician. We must make this program successful in order to eradicate this disease.

Q. Are there any reactions from the vaccine?

A. NO. All studies show it to be absolutely safe. No side effects of any sort have been connected with the Sabin vaccine. (Vaccine should not, however, be given to acutely ill children or adults. Fever over 102 degrees or over, an appendectomy or tonsillectomy within two weeks, are considered reason NOT to take the oral vaccine at this time.)

Q. What are the advantages of oral vaccine over other types.

A. The ease with which the vaccine can be given—by mouth, instead of by an injection needle, is a big advantage. Unlike other polio vaccines, the individual is not only immunized against polio by being provided with antibodies in his blood, but he is also less likely to be a carrier of the disease.

Q. How is the vaccine administered?

A. The vaccine may be taken orally (by the mouth) either from paper cups, or if a concentrate is used, on sugar cubes. Silver will use paper cups. It is very pleasant tasting.

Q. Is Sabin oral vaccine safe?

A. Millions of doses have been given so far in the United States with complete and absolute safety.

Q. What is oral vaccine?

A. It is a live virus vaccine, taken by mouth, which has been modified (weakened) for the purpose of producing immunity without producing clinical illness. (Smallpox vaccine is also a live vaccine).

Q. Is polio always caused by the same virus?

A. NO. There are three known different types of polio that cause poliomyelitis (infantile paralysis). To be fully protected against the disease, one must be protected by immunization against all three. Sabin vaccine does this.

Q. Is Sabin oral effective?

A. YES. It is expected that oral Sabin will break the chain of transmission—or carrier state. Anybody of ANY age can "CARRY" polio virus or viruses. Killed vaccine (SALK VACCINE) does not eliminate the carrier.

Q. Well, should you have the Sabin if you've already had the Salk Vaccine?

A. YES! It will increase your own, your family's, your community's safety for the polio virus. It is a simple form of protection from one of the world's most complicated diseases.

Q. How much will it cost?

A. Nothing! It is free. Cost to Silver and Mitchell County will run approximately \$5,000. So there will be little receptacles for donations from grateful citizens who want to help finance the project. There will be no pressure brought to bear about donations. The vaccine is free to all.

Robert Lee Rec Hall Hamilton Reunion Scene

ABOVE IS Jerome Hanna of Robert Lee with his 16 inch rainbow trout caught at Red River, New Mexico.

Horace Mitchell Buried Wednesday At Leagueville

Howard Marshall Mitchell, formerly of Coke County, passed away Sept. 4 at his home in Brownsboro, Texas, after a long illness.

Born Sept. 11 in Brownsboro, Mr. Mitchell came to Coke County as a young man. He was married to Laura Plumlee Sept. 4, 1930, at Sterling City.

Surviving are his wife; one son, Marshall, in the Air Force at Shreveport, Louisiana; three daughters, Mrs. J. D. Adkins of Christoval, Mrs. N. D. Adkins of Snyder, and Judy Carol, at home; two brothers — Clarence Mitchell of Robert Lee, and Joe, of Snyder; two sisters, Mrs. Orien Tanner of Tyler and Mrs. Margaret Johnson of Hamden, Indiana; and five grandchildren.

Services were at Leagueville Baptist Church at 4:00 o'clock Sept. 5 with burial in Leagueville Cemetery.

Former Silver Woman Receives B. S. Degree At Howard Payne

Mary Ann Caldwell Teague received a Bachelor of Science degree Friday, Aug. 24, from Howard Payne College in Brownwood. She majored in elementary education and art. She was a 1958 graduate of Colorado City High school. Mrs. Teague is the daughter of Mr. and Mrs. D. H. Caldwell of Silver. Her parents attended the commencement exercises held in the Mims auditorium. Dr. Henry A. Hodges, vice president of the Pan American College in Edinburg, Texas, gave the commencement address.

Larry Cheatham, who has been working as a summer roustabout at LaVenne, Oklahoma, is to return to East Texas State College at Commerce, where he is a Junior this year, after a brief visit with parents at Silver.

Progress means people working and getting somewhere with it.

SEASON-SPANNER—Today's elegant cotton knits are ideal for year 'round wear. Washable and wrinkle resistant, this smart two-piece town costume includes a cutaway jacket with set-in sleeves and a slim skirt. Created by Designer Stephanie Koret of California.

Low-slung and spirited, Ford's all-new compact Falcon Futura convertible leads off Detroit's 1963 parade of new car models. Designed with a sports car flair, the car offers luxury-car interior appointments, an electrically operated power top and a complete range of performance options. Wire wheel covers, bucket seats and a floor mounted, 4-speed transmission are a few of the many options available.

This newest addition to Ford's industry leading compact line—more than a million Falcons have already been produced—will be introduced in dealer showrooms Friday, September 28.

STEERS HOLD MENARD —

Continued from page 1

shifting from their right to their left and back, with backs Wayne Pope and James Woods doing some fast running, but too much of it down the line of scrimmage or in their own territory.

Play Loosened for Air Push

The pay off came however, when their shifty tactics loosened up the play to where their passing duet of Sheen to Pope could connect.

Alertness of the Steers paid off once more when Robert Lee recovered a fumble almost on their goal line, then lost it on a fumble the next play, held Pope to a touchback, and kicked out of danger.

Then it was that Menard flashed a quick and brilliant play that saved the day for them. Making a short return of the Steers punt to their own 30 yard line, their ball carrier went to the left on an end run that brought them about 15 yards to their 45 yard line, and on the next play Sheen tossed a sweet 30 yard pass, and Pope had got there to get it.

Then the combination quickly repeated with a 25 yard pass, which Pope caught at the goal line, and the score was 6-6. On the try for points with another pass, Taylor Jones for the Steers slipped through the wasp nest and intercepted.

Jacket Have Edge Statistically

Coaches Henry Hall and Chet Halley of Menard both took a grim view of the prospect just before the game, as did Coach John Malone of Robert Lee. Both teams looked stout to the other.

The Menard mentors gave their line poundage at 165 for the heaviest man, Belvin Brummet, and others at 160, 165, 160, 165. Asked after the game if they were surprised in what they met, the answer was "To some extent, yes. We should have gone in the air earlier in the game."

Asked about his backfield speed, Hall wryly commented, "You didn't get to see our boys run."

Statistics

Statistics of the game show Menard slightly ahead except for recovery of fumbles, where the

Steers took 4 from the Jackets, and lost only 1 to them.

The visitors had 40 men in uniform, the locals 21.

Booked by sports writers to lose, Coach John Malone saw a little luck with a lot of fight bring his boys through, against an excellent squad.

Menard		Robert Lee	
9	First Downs	8	
181	Yds. Rushing	128	
55	Yds. Passing	0	
2-5	Passes Completed	0-6	
4	Fumbles Lost	1	
4-40	Penalties and Yds.	5-32	
2-36	Punts, Avg.	6-33	

Last year the Yellowjackets handed the Steers a 28-14 defeat in a hard fought game at Menard.

According to the Menard News, their coaches described their main offensive play in the opener this year as a Slot-T formation which Hall said he and Halley designed themselves to make for greater maneuverability in the running attack and to take advantage of speed and offset lack of size.

CORRECTION

Last week the word "only" should not have been used after the word "Saturday" in a Want Ad announcement by Vivian's Beauty Shop, which intended to announce the shop would be open Monday through Saturday.

Mr. and Mrs. Rufus G. Floyd in Robert Lee to attend the funeral of Mrs. Frank Bryan, Mrs. Floyd's aunt, made the trip from their home at Edinburgh and back in a plane piloted by their son-in-law, Ed R. Walker, who operates an airport and crop dusting service.

The Floyd's farmed on the Joplin and the Russell place 20 years, and left here 22 years ago.

Oscar Kresta on FHA Committee

Oscar E. Kresta of Robert Lee, has been appointed as a member of the three-man Coke County Farmers Home Administration committee, the agency's County Supervisor Alton R. Pyburn, announced this week. The appointment is for three years.

Kresta succeeds V. V. Wojtek whose three-year term expired this year. The other two members are James P. Arrott of Tennyson and Finnell E. Smith of Edith Rt., Robert Lee.

The local Farmers Home Administration county committee reviews applications by farmers and other rural families for six different types of agricultural housing and water loans made in Coke County. In addition, the committee edvises with the county supervisor regarding the adapting of national loan policies to local

conditions.

During the past fiscal year ended June 30, a total of \$319,660 in Farmers Home Administration loans were made through the agency's local FHA Nolan and Coke County office. Each loan is accompanied to the extent necessary by technical farm and financial management assistance.

Mr. Kresta has spent his life-

time in farming and is currently owner-operator of a 212 acre stock farm. In addition he rents 225 additional cultivated acres.

County Supervisor Pyburn says that Mr. Kresta's practical farming experience will enable him to make a real contribution to the county committee's actions when they review loan applications.
