The World As We See It

By the Publisher of The Observer

This column was first printed in the Abilene Times, a weekly newspaper which was published for many years in Abilene, Texas, and of which this writer was editor for a couple of years.

We have a clipping from it, dated something less than a year before Pearl Harbor, after a prominent admiral in the United States Navy had pooh-poohed the idea of Japan trying war with the United States. He said that the United States Navy would whip Japan in four months.

Commenting on this, your editor wrote early in 1940: "War with Japan is much more likely to last four years than four months, and before it is over, we will be fighting them in the islands of the Pacific, in Alaska, and possibly on our own west coast. It will be far the hardest war the United States Navy has ever fought. We will win it, but it will be costly and it won't be easy."

That prophecy, which came true, was based on facts that had been published through the years from World War I to 1940.

Basing another forecast on events that have been published in the newspapers since World War II, we have to recognize first that the war which is now on is something different from what we faced then, and depends to a larger extent of what kind of diplomacy Washington uses in the next few months—what is planned there, and what is agreed to.

Several possibilities emerge and our prophecy must be conditioned on some "if's."

The Administration's vigorous action the last few weeks toward Cuba has undoubtedly thrown the Soviets off balance. We do not have any secret wire to the State Department. But we may see a strategic pattern out in the open soon.

While most of us have been watching Cuba so close we haven't paid much attention to India, the people at the controls up there in Washington are very aware of what the Red Chinese are doing.

When they get far enough down in India, we could have Nationalist China beefed up with planes and transports, and their strong army could be hurled at the Chinese mainland—a thing they have been anxious to do a long time. With their neck out down in India, the Reds could be cut in the middle with a drive from Formosa.

Our government doesn't seem to have hesitated about letting

Continued on Page 2

Communities Shape Up Emergency Plans

What to do in case it happens? This question, in the minds of everyone since the discovery that missiles capable of striking anywhere in this area had been emplaced in Cuba, has been partially answered in a county-wide plan in process of being set up.

In the third meeting at the court house of officials most responsible, along with the Robert Lee Fire Department and several interested people from rural communities, it was decided that each county commissioner would appoint a community coordinator in each rural community.

In the incorporated towns, as previously announced, the mayor, or someone serving in his place will coordinate all emergency activity.

County Agent Sterling Lindsey, who has responsibility of providing information, will meet with each community on request after a preliminary meeting has been held to set up the community plan.

The community coordinator will be responsible for informing the people of his community as soon as possible after an alert has been sounded in the area. In the community meetings, to be held as soon as feasible, some plan for alerting everyone in the community as quickly as possible is to be worked out.

In the event of an alert, everyone is advised against use of the telephone except where absolutely necessary, and then to call your community coordinator, as the information needed will be passed to him from the court house, or

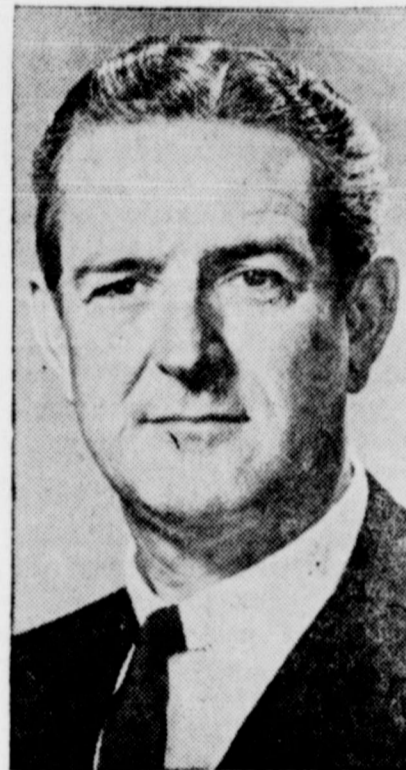

through the civil defense radio network.

Radio Hams Organized

Ray Shandley, who showed the meeting of some 50 people his two-way radio mobile radio set, said that private radio operators throughout the United States are

Demos Hold County Against Strongest Republican Effort

JOHN CONNALLY
...Elected Governor

With Jack Cox polling the highest vote ever recorded for a Republican candidate for governor in Coke County, John Connally won overwhelmingly in Robert Lee and Bronte, keeping Coke County in the Democratic column by 538 to 359 in the governors race Tuesday.

Preston Smith outpaced Connally to win 689 against 271 for his Republican opponent, Bill Hays.

This county, traditionally in the Democratic column, has never given a majority to a Republican in its history, so far as information available goes. In 1956 Stevenson polled 630 for President, Eisenhower 548. In 1960 Kennedy got 799 to Nixon's 575. In 1952 Stevenson got 738, Eisenhower 579.

Total vote in the governor's race this year was 897, as compared with a total vote in 1960 of 1374 in the presidential election of 1960, and the percentage of vote cast for the Republican in this

election was 40 per cent, while in 1960 Nixon got 42 per cent of the total vote cast in that race.

This election was the first for any Republican organization to function as such in the county and the first time for a Republican candidate for governor to make a serious bid for the county's vote. In 1956 the Republican candidate for governor got only 62 votes in Coke, while in 1960 the Republican, William N. Steger, got 255 votes.

Connally led Cox in the state by around 111,000 votes.

In Other State Races

The voting followed closely the figures in the Lieutenant Governor's race. County total are given, Democrats being listed first.

Attorney General
Waggoner Carr 731
T. Eventon Kennerly 225

Congressman at Large
Joe Pool 652
Des Barry 289

For Associate Justice Supreme Court,

Places 1, 2, and 3, as well as for Judge Court of Criminal appeals, there was no opposition to Democrats Meade F. Griffin, James R. Norvell, Zollie Steakley, and William A. Morrison, respectively.

For Railroad Commission

William J. Murray, Jr. was unopposed, and for the unexpired term, Ben Ramsey got 760 against 194 for Bernald L. Hanson.

Comptroller of Public Accounts,
Robert S. Calvert 725
Mrs. Hargrove Smith 171

State Treasurer,
There was no Republican opponent for Jesse James, who received 858 votes.

Commissioner of General Land Office,

Jerry Sadler 764
Albert B. Fay 188

Commissioner of Agriculture,
John C. White 742
Harry Hubbard 209

Associate Justice Court of Civil Appeals,
John C. Phillips was unopposed.

Congressman, 21st District,
O. C. Fisher 780
E. S. Mayer Jr. 174

Board of Education,
Penrose B. Metcalf 741
Joe Collins 211

State Senator,
Dorsey Hardeman had no opponent.

Representative, 78th District,
Ed J. Carpentel unopposed.

All county officers were unopposed.

News Office To Be Open In Emergencies

In the event of any emergency such as those covered by Civil Defense plans, if it occurs when we are not in our office, we will go to the office as quickly as possible, if possible.

The telephone will be available for the assistance of authorities. Bulletins if needed may be printed with or without electric power, in cooperation with officials, and furnished for posting where needed to help disseminate information or instructions.

We will continue to function as the community news office to whatever extent is possible, permissible, and needed.

City Commission Calls Advisory Group Together for Meeting Monday Night

The City Commission will meet Monday night at the City Hall with a representative group of Robert Lee men to consult with them in regard to remodeling and replacement needs in the water distributing system.

Members of the commission say some of this is of an emergency nature. Mayor Robert Vaughan said, following the meeting Tuesday night at the city hall that 1700

feet of pipe needs replacing. Also additional fire plugs are needed. Seven houses are being served off of 3/4 inch line, 11 are on one 1 1/2 inch pipe, and 17 are on one 2 inch pipe in the north part of town.

Also to be considered in the advisory meeting Monday night is the matter of more room for garaging the fire trucks, the new truck to be purchased by the county requiring more space.

day night at the city hall that 1700 feet of pipe needs replacing. Also additional fire plugs are needed.

Seven houses are being served off of 3/4 inch line, 11 are on one 1 1/2 inch pipe, and 17 are on one 2 inch pipe in the north part of town.

Also to be considered in the advisory meeting Monday night is the matter of more room for garaging the fire trucks, the new truck to be purchased by the county requiring more space.

The Lions Club Turkey Shoot at Silver is set for Saturday afternoon, 1 o'clock, until finished. Guns will be furnished. Coffee and doughnuts will be sold on the grounds. Proceeds go to Lions Welfare work.

VACCINE FRIDAY FOR STUDENTS, SUNDAY FOR ADULTS, PRE-SCHOOL

The Sabin Oral Vaccine for polio will be given Friday at the school to students whose parents authorize it in writing, and Sunday at the school to adults and pre-school children accompanied by parents.

Steer - Bulldog Melee Decides 8 - B At Loraine Friday Night

The Robert Lee Steers this week were tidying up their training for the conference decider next Friday at Loraine.

Both teams hold a 1,000 rating in 8-B play, and have looked about the same in scoring against the same teams, Loraine taking Hermleigh last Friday night 32-14 as compared with the Steers 37-14 against Hermleigh.

Considering non conference as well as conference games, Loraine Bulldogs had a split season with 4 won, 4 lost until last week, but had not met the same teams as the Steers in anything but two conference games.

The Robert Lee Steers ground-rushed and bombed their way to a 31-8 victory over a scrappy Trent Gorilla squad on Griffith Field here Friday night, matching their 37-14 win over Hermleigh last week.

It was Robert Lee's kick-off, and the first TD came after Bill Roach had downed a Gorilla on Trent's 30 yard line, Eddie Park-

er had knocked down a Trent pass, and Trent kicked to the Steers 41.

Hallmark and Lowder then swapped turns in ball carrying, plowing the line just past the 50 yard line to a 1st down, with 10 yards to go. Lowder took the ball on a pitch-out around right end to 1st and 10 on the Trent 25 yard line. Coalson got the ball on a reverse play, took it around right end again for a touchdown, and Lowder was over for the extra points.

The Gorillas came back with a roar, with fast, shifty plays to the Steers 20 yard line. They knocked down their pass. The quarter ended, but a pass, Griffith to Lawlis scored their lone touchdown of the game, and they added their two extra points.

The game on the ground the rest of the half was evenly matched, but the Steers took over the air power, intercepting two of the Gorilla passes. One interception by Coalson was followed by a

beautiful long pass Hallmark to Lowder for 36 yards to the Trent 25 yard line, then after a line play for 7 yards, the two teamed again for 30 yards and a touchdown, with Dodson over for the points.

The half ended with the score 16 to 8, and plenty of tension in the well filled Robert Lee stands.

But in the second half the Steers found holes in the Gorilla line—some neat blocking out there in the melee where the reporter couldn't catch the numbers, and alert ball toters finding the right spots. Trent kicked out to their 48. After a fumble and recovery the Steers had the ball on the Trent 25 yard line when Lynn White made a run to the right, cut back through a hole near the center of the line where he had the block he needed and was in the clear for a TD, then Dodson went through for the conversion.

On most plays the Steers hit a wall at the middle of the Gorilla

The World As We See It —

Continued from Page 1

India have more weapons. It may be the policy to neutralize Cuba for the present so that we have no danger from there militarily, then attend to the Chinese question, with the same sort of quick, well organized action.

This could stop the Red advance in its tracks over most of the earth. OR:

The administration could start negotiating disarmament with Mr. Khrushchev. This writer has not forgotten that while Khrushchev was traveling over the United States studying corn, pow-wowing with Americans, shaking hands, and having his picture taken, the Cuba debacle was being organized. No question but that while he was here he contacted his people who were working that out.

By the time the newspapers had stopped snapping Khrushchev, everything was fixed for Castro to have Cuba. Such a thing was not done until after John Foster Dulles was dead. But Mr. Herter, who succeeded him as Secretary of State thought we could negotiate with the Russians. So he did. So they did. So Castro did.

Another round of negotiations, and China will have India, Russia will have Cuba, and we will have the dickens.

But there are signs in the wind that something far different is afoot. When you have your opponents backing up in a football game is no time to stop for coffee.

Springers In Robert Lee Following Air Force Retirement

Mr. and Mrs. Harold L. Springer and five children are now residents of Robert Lee, following the former's retirement from the U. S. Air Force on October 31 after 20 years of service.

Mrs. Springer is the former Dora Richardson and resided in Robert Lee until a few years ago. Her marriage to Mr. Springer occurred while he was stationed at Goodfellow AFB in San Angelo.

Springer was separated from the Air Force in a special ceremony at McConnell AFB at Wichita, Kans., where he had been stationed the past 3 1/2 years. He retired with the rank of technical sergeant.

He specialized as an aircraft mechanic and his duties included those of a training officer and inspector.

Springer had three tours of duty overseas and he and his family were stationed with American forces in France prior to being transferred to the Kansas base.

Mr. Springer is a native of Burkburnet, Tex., and grew up at Santa Fe, N. Mex.

The Springers have five children. The three eldest have been in Robert Lee since the beginning of the present school term and have lived in the home of Mr. and Mrs. Roy Wyatt. Mrs. Springer and Mrs. Wyatt are sisters.

Mr. Springer's future plans are indefinite but he hopes to find a connection so that he and his family can remain in Robert Lee.

Observations

(A Personal Word
By The Editor)

You see, it's like this. There are two gangs out there, one from our school, the other from another school, and they line up facing each other—eleven on each side if somebody doesn't lose count.

Our team has the job of getting the ball from the center fifty yards to the goal line. That would be easy, except for a few stern facts—11 of them, in fact.

It's like the Battle of the Bulge. There were several good reasons why we didn't go right on to Berlin ahead of the Russians, and every one of those reasons was a German with a gun.

So, you see, Loraine, for example has a center, two ends, two guards, and two tackle (at least that's the way it used to be) two half backs, a quarter back and a full back (or slot-back or line-backer, or something like that) all of whom get awfully in the way when our boys start carrying that ball where it really ought to go.

We have four downs (that's when they all pile up, you know) to get ten yards with the ball, and if they don't get ten yards in four pile-ups, then the other side gets the ball, and they have four scrambles to make ten yards.

Understand it now, Honey? O. K. Relax, dear, and let's enjoy the game!

This is written before the election, but will be printed after it

is over. We repeat some things we have said before, and restate our permanent news and editorial policy in regard to political affairs.

The newspaper operates an advertising service for the public, along with its news service. The advertising space is paid for by the advertiser. The message in it is his own. Where there is only one newspaper in a community, it is under special obligation to treat all alike.

We do not consider campaign propaganda in the way of news releases to be unbiased news, and do not print it in our news columns.

The editor, before going back into the newspaper business, was honored by being offered the chairmanship of the Republican party in Coke County. This he declined, with appreciation to the able, conscientious Republican leader who made the offer.

We are leery of labels. They mean one thing this year, something different two years from now. We do know what we believe as to the principles of American government and believe they should be laid on the line for all alike.

Then we will do our own voting at the POLLS. This is our personal policy, our news policy, and our editorial policy. If we ever seem to stray from that in any article or item, it will be unintentional.

We have not in any manner joined the Republican party, and do not intend to do so, though we give any man the right to do that, and have the greatest respect for

him in making his own decisions. On the other hand, we have not delegated the responsibility of doing our thinking to ANY party, organization, movement, group or individual.

A. J. Kirkpatrick, former publisher and editor, maintains a friendly interest in the Observer, and still has a newswriting pencil with which he picks up appreciated items of local interest now and then.

Mr. Kirks' health has improved lately. He and Mrs. Kirkpatrick have both had friendly words for the Observer, which are especially valued, coming from those who know the work and the problems that go with the calling, which, once a man has put his heart into it, never ceases to engage his interest.

Jack Looney's Home Destroyed By Fire

Mr. and Mrs. Jack Walker went to Talequah, Oklahoma to see Jack Looney and his four sons, following the fire which destroyed the Looney home.

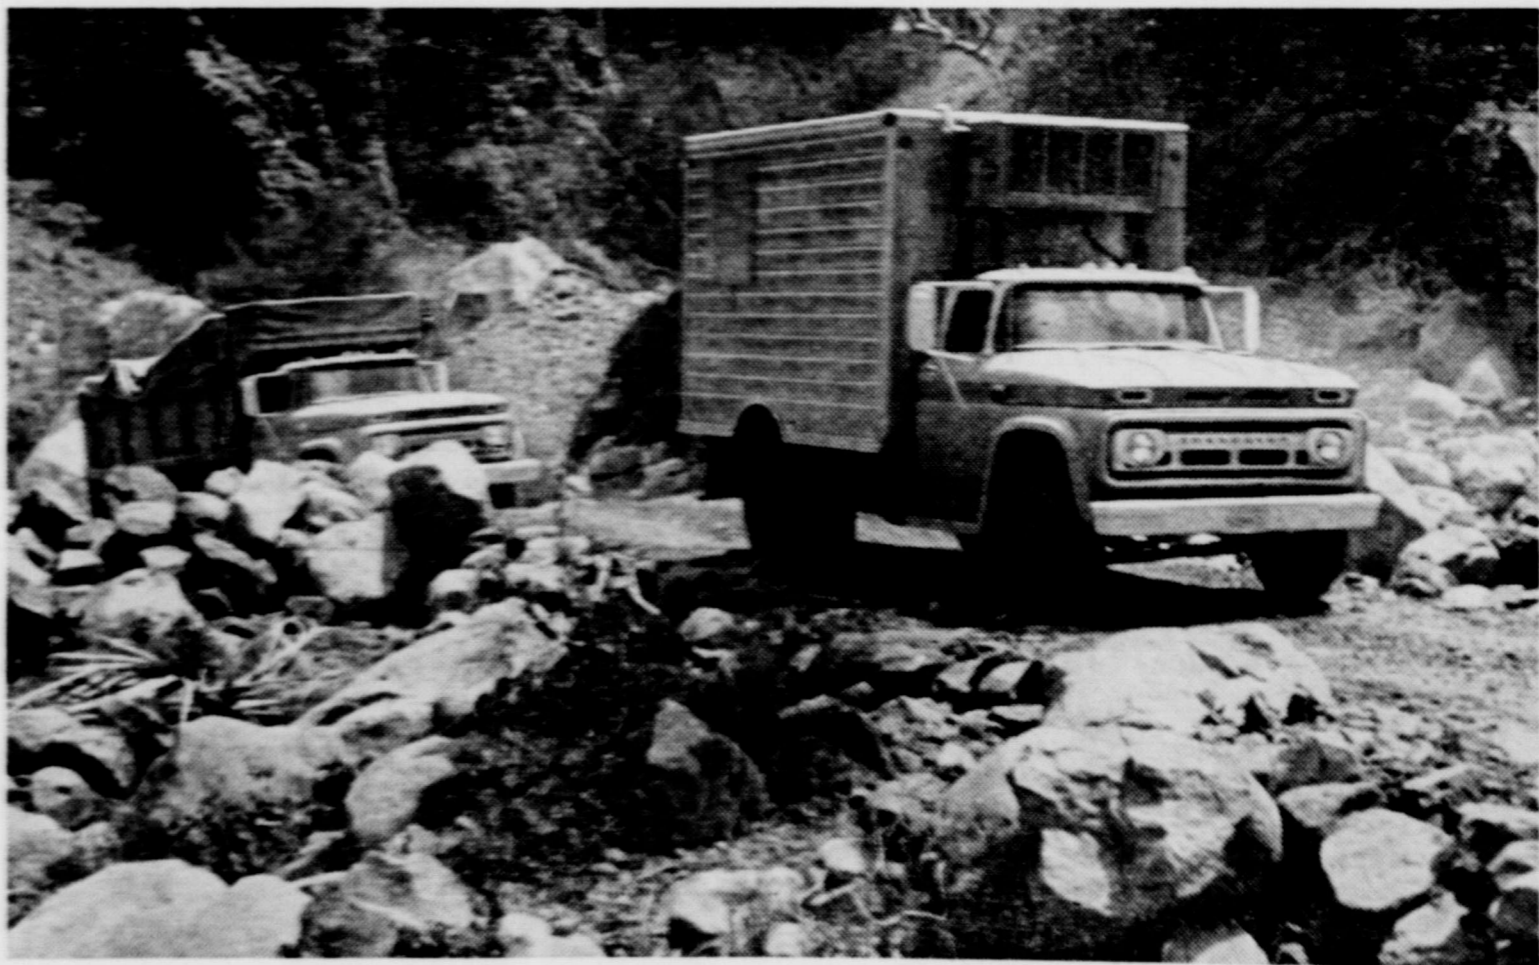

Jack and the boys, Robert, George, Bill and Joe Dan got out of the house with only their night clothes, everything else being destroyed.

The Walkers reported Mr. Looney and the boys have been doing well, and that their neighbors were very helpful after the fire.

Mrs. Looney, the former Lita Walker, daughter of Robert Walker, passed away in September of 1961.

'63 Chevrolet Trucks

THEY'VE ALWAYS BEEN TOUGH BUT NEVER STRONGER THAN NOW!

You can be sure that new engines, frames, suspensions that licked Mexico's Baja* Run will work for you long, faithfully and at traditionally low Chevrolet cost.

A Chevrolet truck has always been a sound investment because of its quality construction. This is what makes it give you an honest day's work every day at very low cost and—when you are finished with it—return more resale money to your happy pocket.

This year stronger frames, engines that can pull more, and practically tailor-made suspension systems make Chevrolet trucks a better buy than ever. If you're in the market now, we'd welcome the chance to tell you about, and let you drive, the new trucks. Just give us a call.

Sister of Robert Lee Deans Plans Meals For Millions

Sister of Douglas Dean and of the late Jeff Dean, Mrs. Nora May, now of New York, is in charge of food and cost controls for Sky Chefs, which prepares meals for more than 20 million people each year.

A subsidiary of American Airlines, and one of the 25 largest restaurant operations in the United States, Sky Chefs operates coffee shops, dining rooms, and service aboard aircraft.

Besides American, it caters food for Pan American, Japan Air Lines, and a number of airlines within the United States.

Mrs. May is the eldest of the eight Dean children, whose mother, Mrs. Claud Dean, lives on the family farm 12 miles south of Weatherford. She began her career with foods as a girl shortly after graduation from college opening what she called a "cracker box" restaurant in El Paso.

There she started making ham sandwiches and coffee for American Airlines flights. Now American Airlines alone serves 14,500 meals daily to passengers.

THE PRISONER'S COMFORT CAME FIRST

The early "hanging judge" was part of the Texas scene. But this sentence upon David Jones showed unusual if grim humor.

His Honor prescribed:

"The fact is, Jones, that this court did not intend to order you to be executed before next spring, but the weather is very cold—our jail, unfortunately, is in very bad condition—much of the glass in the windows is broken—the chimneys are in such delapidated state that no fire can be made to render your apartments comfortable; besides, owing to the great numbers, not more than one blanket can be allowed to each; to sleep soundly and comfortably, therefore, will be out of the question. In consideration of these circumstances, and wishing to lessen your sufferings as much as possible, the Court, in the exercise of its humanity and compassion, do hereby order you to be executed tomorrow morning, as soon after breakfast as may be convenient to the Sheriff and agreeable to you."

Jerry Quisenberry was home from Tarleton State College over the weekend. He brought a friend, Miss Diane Tipton, from Coffman, Texas. She also is a student at Tarleton.

Meeting Of Former Legion Auxiliary Members Thursday

The American Legion Auxiliary is to meet with Mrs. Sam Williams at her home, all who have been members being invited, at 2:00 o'clock this afternoon, Thursday, for a short business session. Some funds remained in the Auxiliary treasury when regular meetings were discontinued, and the disposition of this money is to be decided at this meeting.

Work Has Brought Team Up. Steer Coach Tells BCD

Coaches John Malone and Garland Davis, with team captains Comie Hallmark and Phil Lowder were guests of the Board of Community Development at their noon luncheon Tuesday.

The success of the team so far this season, Coach Malone said, came largely from their willingness to work, to throw their best into trying new plays, and the team has made up for size in "want-to" and extra work.

Except for light colds, the team is in good condition for Friday's district decider with Loraine at

Loraine, Malone said.

The coach expressed appreciation to the Quarterback Club in their work in fencing the field and on the stands.

Old Friends Of Allens Visit Here

Sam Haynes, ex-chief of police at San Angelo, and J. C. Woodward, 92, formerly deputy sheriff when Mr. Allen was Tom Green county sheriff, visited Mr. and Mrs. Hawley Allen Sautrday.

Sunday visitors in the Allen home were Mr. and Mrs. Arthur H. Martin and Mr. and Mrs. Ed Blanton, of Blanton Printers, friends of many years.

**Meeting At Sanco
Thursday Night On
Emergency Details**

J. B. Evans, president of the Sanco Community Association, has called a meeting at the community building Thursday night at 7:00 in connection with the civil emergency plans being set up for rural communities.

Mrs. Umer S. Bird, postmaster, has been appointed coordinator for civil defense and other emergencies. The county plan as worked out in recent meetings will be presented and details of alerting the community in the shortest possible time will be worked out.

**Local OES Officers
Active In State
Meeting Last Week**

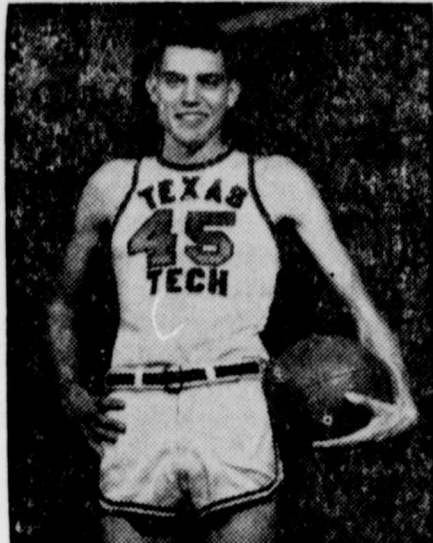

Mr. and Mrs. G. C. Allen, Mr. and Mrs. A. H. Jones, Mrs. Betty Ferrell, Mrs. Melvin Childress, and Mrs. W. T. Roach returned Friday from Houston after spending a week at the Texas Grand Chapter session of the Order of the Eastern Star.

Mr. Allen is the Junior Past Grand Patron of the Grand Chapter of Texas. Mrs. Ferrell is the Deputy Grand Matron of District 5, Section 1. Mrs. Allen is serving as Personal Page to the Associate Grand Matron, and Mrs. Roach is one of the Assistant Grand Wardens, while Mrs. Childress is the Worthy Matron of the local chapter.

Four thousand voting delegates were present for the state meeting, which was attended at times by as many as eight to ten thousand.

The Eastern Star carries on various welfare activities in Texas, chief of which is the Home for the Aged at Arlington. Another is ESTRAL, a group scholarship program for training ministerial students and others in religious work, from the various denominations.

Mrs. Ocie Duncan of Ft. Stockton has been in Robert Lee several weeks while taking treatment for a heart ailment and has been a guest in the homes of her brothers, Roy and Keith Hood. Mr. Duncan came from Ft. Stockton for a weekend visit with his wife. It is thought she will be able to return to her home within another week or two.

YOUNG TEXAN FOR NOVEMBER— Russell Stanley Wilkinson, Jr., of Lubbock has been named "Young Texan of the Month" for November by the 8,000 Optimist Club members of Texas and the Troy V. Post Foundation. Wilkinson, an outstanding student and athlete during his high school years, now is enrolled on a four-year basketball scholarship as a freshman student at Texas Technological College in Lubbock. He plans a career in teaching and coaching athletics. As a result of his selection as "Young Texan of the Month," Wilkinson will receive the state's highest youth recognition award—The Troy V. Post Award. Wilkinson was chosen for the honor in competition with hundreds of other nominees by a panel of state leaders headed by Governor Price Daniel.

**ALL THE SAME, HE
NEEDED THAT DIVORCE**

Antonio Gonzalez Mendoza, a shoemaker in Mexico City, asked police to find his wife, who disappeared a month ago, so he could divorce her.

He said he couldn't file for a divorce without finding his wife first because he couldn't remember where or when they got married.

THEY STILL DO DRIP

The springs in Coke County have not all dried up, to the surprise of visitors from Mississippi who visited Dripping Springs near the Homer Carwile farm recently.

R. L. Varner, and V. G. Varner, brothers of Mrs. Fannie Carwile thought the country was too dry for springs like that.

The Extension Press Editor of Pennsylvania State University sent a press release all the way down into this goat country to tell us that dairy goats are worldwide farm animals and goat milk is used by more people in the earth than cow's milk.

You can take a correspondence course on dairy goats by sending two dollars up there.

And we didn't know anybody in Pennsylvania would know a goat in the middle of the road.

Observer want ads are very effective and cost very little.

Lunchroom Menus

Silver All Around The Peak

By MRS. GEORGE FUGATE

Births

Mr. and Mrs. Don Dossey are the proud parents of a baby boy, born Oct. 29 at 11:30 p.m. at the Loraine Hospital. The baby weighed 11 lbs., 8 ozs. and has been named Steven Craig.

A son was born to Mr. and Mrs. R. D. Wallor of Arlington, Va., Oct. 31, at the George Washington University Hospital in Washington, D. C. The baby boy weighed 7 lbs., 12 ozs. and has been named Christopher David.

Mrs. Wallor is the former Ann Reed and maternal grandparents are Mr. and Mrs. Wayne Reed of Silver.

"Faith" Class Meets

The Faith Sunday School Class of the Silver Baptist Church held their regular monthly meeting, Tuesday evening in the home of Mrs. Earl Cook.

The class president, Mrs. Wayne Frost, presided at the business meeting and plans for their annual Christmas banquet were made.

Mrs. Charlie Davis presented the devotional.

Homecoming Game

The Silver Indians won their second game of the season last Thursday evening over the Lake View seventh grade with a score of 22-14.

Donnie Higginbotham and Ricky Whitaker made the touchdowns for Silver, with Robert Jameson making the 2 point conversions.

Thursday, Nov. 8, will be the date for the Silver Junior High Homecoming game with Ballinger. The game will be at 7 p.m. The football hero and sweetheart will be crowned during the half-time. The cheerleaders and pep

squad, under the direction of Miss Alice Land, will participate in the program.

Funeral services were held for Mr. W. A. Morgan, father of Mrs. P. L. Ferrell, November 5, at Aspermont, Texas, at Young Funeral Chapel.

Mr. Morgan died at 2:30 a.m., November 4, after a lengthy illness. Survivors include his wife of Aspermont; several sons; and one daughter, Mrs. P. L. Ferrell of Silver.

Mrs. Bob Hughes was a recent patient at Root Memorial Hospital in Colorado City.

The Silver MYF and guests enjoyed a hayride and weiner roast Saturday evening. Accompanying the 21 young people were Mrs. P. T. Wall, Mrs. W. W. Paul, and Mr. and Mrs. Arch Mathers.

Raymon Kincaid, son of Mr. and Mrs. Hale Kincaid, attended the District Meeting of the Future Teachers of America, Saturday, at Andrews. Raymond is a junior at Colorado City High School.

Visiting in Vernon last weekend were the Guy Wheelers who were joined by Mr. and Mrs. Mike Wheeler and son of Denton.

Stop Polio—Go Drink Your Oral Vaccine

Type II of the Sabin Oral Vaccine, instead of Type III as previously announced, will be given at the Silver School Cafeteria, Nov. 11. Time: 12 p.m. to 6 p.m.

Please bring the forms that were given Sept. 30, when you take Type II. As before, a doc-

tor and registered nurses will be present to administer the drug.

In order to be completely immunized, you must take all three doses of the vaccine. We hope that the 370 Silver residents who took Type I will come Nov. 11 and make the second stage of this program as successful as the first.

Remember the date—Type II—Nov. 11—12 p.m.—6 p.m.

Out of town guests in Silver last week were: Mr. and Mrs. Leonard Sharp and family of Tuscola; Mr. and Mrs. Paul Bradham and children of McAllen; the Joe Breeden family of Snyder, all visiting the O. W. Bradhams; Larry Cheatham visited his parents, Mr. and Mrs. N. K. Cheatham, Oct. 27; Tommy Stewart of Nike Missile Base at Abilene; Mr. and Mrs. J. A. Goodwyn of Waco visiting in their son's home, the Wayne Goodwyn's; the Don Yarbo family of Abilene, guests in the Paul Gilbert home; college students home last weekend were Larry Lindsey, Bill Newell, Curtis Higginbotham and Doug Wilkes.

Scouts Will Set Up Nursery

The Senior Girl Scouts will again set up a nursery at the Sun Rec. Hall, Saturday, Nov. 10. There have been several changes made since the last announcement.

Dates for Nursery are: Nov. 10; Nov. 17, Dec. 1, Dec. 8, Dec. 15. Hours are from 9 a.m. till 5:30 p.m. The group will charge 35c an hour. Each child will pay 25c for lunch or he or she may bring a sack lunch and drink. If the child is to be fed by the girls, he must be at the Rec Hall by 11:30 a.m.

Robert Lee State Bank

Native **LAMBS** are now being processed in the Center of the Southwest

Here, in the very heart of the Nation's largest sheep-producing area, a famous packer has established a lamb processing plant.

Any new industry contributes to the economy. But a new industry which processes a product of the area is doubly important.

We are convinced that this is a growing trend. It has become an important part of our continuing efforts to inform America's business leaders about our industrial advantages.

It is another reason why we say that we face GROWTH UNLIMITED here in the Center of the Southwest.

West Texas Utilities Company an investor owned company

Our Home Circle

By Fay C. Roe
Home Demonstration Agent

It's good to be back home and at work after a week in College Station attending the State Conference of Texas Agricultural Extension Service Agents.

"Pursuing Excellence Through Our Own Professional Improvement Efforts" was the theme. Many new people met for the first time, forming new friendships, and many old friendships were renewed—some of them classmates from college days.

A most enjoyed "extra" was a breakfast with former T.S.C.W. now T.W.U. graduates. Another rich experience was in sharing a room in the home of an eighty-two year old little lady in Bryan. Here's hoping I can be as alert and alive at 82. She was wonderful. Six other H.D. Agents were fortunate to share this experience with me.

Good reports are coming in from 4-H leaders who are working with Food Unit groups. Among them were reports from a Unit III group in Robert Lee led by Mrs. J. O. Rudd and Mrs. J. W. Service Jr. Nine girls are enrolled and all attended the first meeting. Mrs. Joe Rawlings, Bronte, reported six in Unit I and seven in Unit II. This sounds wonderful.

Usually the contents of this column interest women only, but this time there's a bit of information to pass on to the men and boys of the family. I hope you lady readers will read this article to the men of your household.

These tips from the American Institute of Men's and Boys' Wear, and can serve as basic guidelines for selecting apparel.

1. The Suit. As the foundation for any wardrobe, the suit should be selected with an eye to appropriateness, flexibility, and quality. Three suits for winter and three of lighter weight for summer wear are the suggested minimum for a man in the public eye.

2. The Accessories. A wise selection of a wide range of accessories will add color and variety to your suit. One bold touch is enough for any ensemble—do not use checks on checks or stripes on stripes unless you have the skill to do it properly; no single element should clash with another.

3. The Shirt and Tie: Consider these points: Does the collar style flatter your face; does the style of the shirt blend with the suit or sportcoat or general style of your outfit, and does the color and patterning of the shirt match the occasion? Neckwear is one of the best ways of expressing yourself.

4. The Hat. Many fashion authorities and most businessmen believe you cannot be correctly dressed without a hat. Besides its practicality, a hat adds a touch of maturity and assurance flattering to every man.

5. The Shoes. The really well-dressed man gives his shoes as much attention as any other item. Shoes are chosen to complement the color and style of the suit.

6. The Outerwear. The choice of overcoats and outercoats should be in keeping with the tenor of the wardrobe. The current trend is toward shorter, height-adding lengths.

7. The measure of fashion. Watch for the following indications of poor fit in a garment, and make sure they are marked for alteration: wrinkles in the coat, trouser sag, too much or too little collar exposed, cuffs too

long or too short; and improper coat length.

8. The basic ingredient. Next to an adequate wardrobe of appropriately fitting clothes, the most important ingredient in dressing right is good grooming. A daily shave, shower and change of linen, regularly scheduled haircuts and nail trims, a clean shirt and a pressed suit, polished shoes—all of these are must for the well-dressed man.

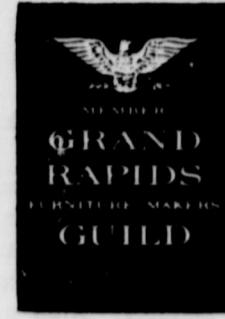

9. The Care. Proper care and cleaning of your wardrobe will increase its useful life. A well organized clothes closet, trips to the dry cleaners, careful packing and a small investment in wear and care accessories—like shoe trees, wishbone hangers and a shine kit—are a vital part of dressing right.

10. The over all effect. The size and variety of your wardrobe is determined by what you need and can afford. The best test to apply in evaluating is to answer these questions: Is the wardrobe adequate? Is it appropriate?

Breezeway window goes down—Mercury sales go up...up!

WHY DOES THIS BREEZEWAY REAR WINDOW help sell so many Mercury Montereys? This is styling that works! The recessed rear window stays clearer in rain or snow. It opens for controlled Flo-Thru ventilation. More wind, traffic noise and weather are shut out because the side windows can stay closed. The rear-window angle cuts glare, aids rear visibility. The extended Breezeway roof adds rear-seat headroom, shades passengers from the sun. See how practical elegance can be!

fully organized to function as a national network in case they are needed.

With the nightwatchman at Bronte, Oscar Renshaw, and Constable Ollie Roe, night watchman at Robert Lee both equipped with two-way radios in their automobiles, and with the sheriff's car and that of Deputy Jesse Parker at Bronte similarly equipped, the sheriff's department is organized to receive any alert that might come during the night or day. The sheriff's office is equipped with standard receiving and sending set tied in with the sheriff's of other counties and the State Department of Public Safety and is constantly tuned in during office hours.

By this means, even if telephones should be out of order, information could be spread to all homes in the county over the radio, and it is emphasized that all with any kinds of radios remember that information and instructions will be given over the radio and television.

The Robert Lee Volunteer Fire Department, consisting of 25 men, are all trained in first aid, and Fire Chief Calvin Wallace said they would be available individually or in teams when needed.

All 9 telephones in the court house offices would be put in service, and requests for aid outside incorporated towns should be channeled through the court house. Inside the towns, city offices should be contacted, but the phone was jammed with calls or for any other reason the mayor or city officials could not be reached, then someone at the court house would take the call.

The commissioners court at their meeting Monday voted to investigate costs of installing emergency power equipment to serve in the case of power failure, to maintain radio transmission from the sheriff's office and to provide lights for offices needed in any emergency as well as current for electric typewriters or other needed equipment.

line, but made yardage on end plays.

Passing again accounted for the fourth Steer tally, Hallmark to Lowder for 38 yards, Dodson up the middle for points, called back on penalty, then Caraway kicked goal for the one count, and added up the final point of 31-8.

A thrilling play was when Terry Thetford got through to recover the Steers own punt, another when Bill Roach intercepted a Trent pass and made a long run almost to the goal line, but was called back on a penalty. Also a couple of times John Jacobs slipped through the line on defense to make some exciting tackles back of the Trent line of scrimmage.

Season on Deer, Turkey Will Open Friday, Nov. 16th

Two bucks are still the limit when deer season opens in this county, according to Game Warden R. L. Flannagan. The bonus tag cannot be used here though doe may be killed in some counties — not in Coke.

Warden Flannagan says deer seem to be in fair supply, and are in very good shape — no poor deer have been seen.

The season opens November 16, runs through December 31. The turkey season follows the same dates, three gobblers being allowed per hunter. Turkey seem to be plentiful, though the hatch this year was poor.

Deer may be killed from thirty minutes before sun-up until thirty minutes after sunset.

Mr. Flannagan stressed the importance of filling out the tag, as the deer is illegal, even though the tag is attached, if the tag is not filled out by the hunter.

The Warden also reminded those who lease hunting privileges must have a shooting preserve license, which may be secured at the county clerk's office.

FHA SPONSORS SUPPER

The Robert Lee Chapter of the Future Homemakers will sponsor a Mexican supper before the homecoming game, Friday, November 16. The supper will be given from 5:00 p.m. to 7:00 p.m. at the school cafeteria. Prices for the Mexican plate will be \$1.00 for adults and 75c for sixth grade and under. Ex-students and other friends are especially invited to come and eat with the F.H.A. before the traditional Robert Lee and Bronte homecoming football game.

Guy Denmans See New Grandson On East Texas Trip

Mr. and Mrs. Guy Denman returned Monday through a wet country from Dallas to Coke following a rain all the way after a trip to Grand Prairie and East Texas.

They spent the first night with H. J. Gartman, former post master at Sanco and with H. J.'s son, Clyde and family, at Grand Prairie, then on to Kilgore for two days with son, Orval Denman and family, where they made the acquaintance of a new grandson.

Then at Quitman the Denman's spent a couple of days with his brother, Ernest and family.

At Abilene on the way home they spent the night with Mrs. Denman's sister, Mrs. Froney Scarborough and Mrs. Mattie Wall.

Where Guy used to cross in black mud at Quitman a two mile birdge spans a new lake.

OUT OF OUR MAIL BOX

We are getting Santa on the job, with an early notice this year. This letter was routed through the Robert Lee Observer by the post office people who

probably know that Santa will read the Observer carefully.

Dear Santa,
For Christmas I want all of Barbies wardrobe and all of Kens wardrobe and a little Miss Echo doll.

Love,
Mandy Jo
