In Better Years Stockmen Still Remember Range Drouth Disasters

Figures from the Statement of Condition of the Robert Lee State Bank published last week and this week reflect a much sounder ranch business, but we must not get the idea that stockmen are rolling in wealth.

It does mean that Coke County ranches have recovered from the 10 years drouth and have re-stocked their pastures and perhaps a majority of them have paid for their stock and use what loans they get now for operating purposes, and if prices hold firm can enjoy a fair income from their work and their investment until the next long continued drouth.

How much of this has come from money actually received from their livestock and how much of it is government money for building dams and certain other conservation practices would be hard to say.

But to put it conservatively, the business is getting on its feet again. This is the story told in the bank's figures and also in the conversations over the coffee cups.

With a few more years of reasonable moisture we could be in shape for the stock business permanently to stand on its own feet, without subsidy or controls, as the Farm Bureau has been contending it should, and as the leaders of the National Wool Growers Association seem to be emphasizing in their 98th annual convention announced for Las Vegas, Nevada, January 20 thru 23.

While there is some grass on the ground and we can keep our stock on our pastures might be a good time to keep that next drouth in mind if we are ever to have a stock business that can face the future with confidence and stay profitable long enough to rebuild our country towns and communities.

Strong Support Given Youth In Sale At Show

Sweetwater Cotton Oil Company paid top premium on the champion fine wool lamb, \$130, while San Angelo, Bronte, and Robert Lee business firms joined in awarding premium bonuses to 4-H and FFA boys and girls whose animals were exhibited and placed in the sale.

These premium bids were donations outright, the hogs then being sold to Premium Packing Company of San Angelo at an over-all price of \$16.50 per hundred weight and the sheep to Producers Auction Company of San Angelo, at an overall price for lambs of \$17.50 per hundred

weight. A log fire burned outside, and an improvised stove inside the sheds as stockmen, their families and others backing the youngsters braved the freezing weather Monday morning to get the showing under way.

WOJTEK CAR DAMAGED IN HIGHWAY COLLISION

The V. V. Wojtek automobile was badly smashed when struck by a car driven by Percy Laverne Shaver of Lubbock, about 1 p.m. Tuesday as the Wojteks were turning off Highway 208 at the road to the Tom Wigginton place north of Robert Lee.

Sheriff Melvin Childress reported extensive damage to both vehicles, but no injuries to occupants of either car.

All of the Ern Mathers children were in Robert Lee during the holiday season to visit their parents here. There was Nona Mathers Pennington of Colorado City, Ernestine Mathers Kuhn of Midland, Upton Mathers from Seminole, Oklahoma, and Chrystell Mathers Higgins.

Eight grandchildren were among them.

A new trophy donated by N. C. Pentecost of Sanco went to Gaylon Pitcock, son of his neighbor and fellow Hereford breeder, T. E. Pitcock, for the champion fat steer of the show, while Mr. Pentecost's son, James, took reserve champion. Showmanship award went to Robert Wink.

Donnie Devoll received lamb showmanship award, Noel Gregston, showmanship in swine and champion in marketing swine with a Duroc barrow.

A medallion went to Bob Blaylock, son of Mr. and Mrs. Bert Blaylock for the champion ram of the show, a showmanship award to Bob Wells, and to Cathey Service, daughter of Mr. and Mrs. J. W. Service, Jr., and the Nathan Jeweler's trophy for champion lamb of the show.

Bouncing Basketballs Banging Backboards Thru Busy Week

Bronte basketballers come here tonight at the Robert Lee gym for two boys' games and a girls' game. The local junior-varsity boys and the girls go to Eden on the weekend, Friday and Saturday, January 18th and 19th, and both teams are booked for Rochelle.

The locals have been banging at the backboards in a whirl of matches, the girls trounced by Silver 50 to 24 last Thursday night. Ronda Gartman rang up 22 for Silver, and Linda Thetford was high point girl with 16 for Robert Lee.

Then Friday and Saturday, January 11 and 12, Robert Lee 7th and 8th graders went to the Bronte Elementary School Tour-

nament. There the Robert Lee girls won a second place trophy and Diana McClure, guard, won an individual trophy for being placed on the all-tournament team.

Robert Lee boys were eliminated by second-place Roscoe in what Coach Garland Davis described as a very interesting and very close ball game, and Gary Sam Williams made the boys all-tournament team, receiving a nice trophy.

One Point Winners

In the first game for the girls, Robert Lee nudged one point over Bronte, 14-13, with Rhea Jean McCutchen and Rinda Beth Wojtek each scoring 4 points for the locals.

Year End Summary Shows County Running Finances Well Under Budget

Coke County is one government with expenditures in the black.

This appears from a summary of 1962 county finances, which, according to County Judge W. W. Thetford, shows expenses for the year running a total of some \$6,000 less than the 1962 budget.

Total indebtedness amounts to \$589,000, with a \$461,651.41 cash balance showing in all funds. If figured as a corporation or indi-

vidual figures, with all assets included, the total county owns far more than enough to make the county government solvent.

In other words, the government of Coke County could sell out for far more than it owes.

"As long as we plan a budget we can live with, going along lines we are following now, the county is and will be in good shape," the judge commented, and complimented the commissioners for pursuing a policy that makes this possible.

The County Commissioners in their session Monday set salaries of all county officials as the same figures as those in the 1962 budget.

HD Council Sponsors Stock Show Barbecue, Hold January Meeting

The Home Demonstration Clubs of Coke County served barbecue lunch at the Community Center Monday to 250 people, who consumed most of 9 goats donated by Coke ranchmen and barbecued under the supervision of J. O. Rudd who brought help from the Aldwell-Rudd Ranch.

All of the clubs were represented among the ladies who helped prepare and serve the food, with Mrs. Fay Roe, Home Demonstration Agent present and helping.

Served with potato salad, slaw, beans, and topped with homemade pies, the western style menu satisfied the customers and netted a fair profit for the County Home Demonstration Clubs activities as administered through the County Home Demonstration Council.

The council held its monthly meeting at the court house, with five clubs represented by four club presidents, four delegates, and two alternate delegates, meeting with Agent Mrs. Fay Roe, a total of 16 present.

Officers for 1963 are Chairman, Mrs. R. L. Page; Vice-chairman, Mrs. Glenn Waldorp; Secretary-Treasurer, Mrs. J. C. Boatright, and Parliamentarian, Mrs. Curtis Walker.

Mrs. Floyd Harmon is reporter.

Roach Dry Goods has a January Clearance Sale on, with some values marked away down.

In the second girls' game, Robert Lee again made that fateful one point win, over Novice, 15-14, with Kitten Dean scoring ten points to lead the girls scoring.

But in the third game, Eola battered the boards to lead the locals 43 to 13, Kitten Dean again high pointer for the home folks, with Rhea Jean McCutchen close behind — 5 and 4 points respectively.

Outstanding guards for the local team in tournament play were Diane McClure and Melinda Perciful.

Boys Win Over Bronte

In the first game, Robert Lee boys scored 47 points, Bronte 19, with Gary Sam Williams high RL man, 15 points.

The second game was close, with the Roscoe boys 35, Robert Lee 30, Buddy Thomas 11 points and Williams 10.

Sacred Heart Close

Monday, January 14, the seventh and eighth grades lost to the Sacred Heart Dragons of San Angelo 15 to 12 for the girls, 28-24 for the boys. High point girl was Rhea Jean McCutchen with 6, for the boys, Gary Sam Williams with 10.

Tonight's games with Bronte start at 6:30.

O, WELL IT WAS COLD THIS TIME LAST YEAR

Cecil Mayfield said there were more bursted pipes than he could count when a couple of hours thaw came Monday afternoon following the weekend cold spell.

Weather moved in from that cold country Friday and temperatures were reported down as low as 3 above.

Until this spell freezes had been so mild that some plants had not been killed. J. B. Robertson a few days before reported a few green leaves left on three young pecan trees at his home in Robert Lee.

On the same dates last year the temperatures were pretty close to the same.

BCD Hears Report On Visit To Rest Homes In Operation

W. D. McAdams reported to the Board of Community Development at their noon meeting Wednesday on a trip he and Melvin Childress made to Stephenville and to Cisco to confer with owners and operators of homes for the aged.

County Judge W. W. Thetford suggested study of what arrangement would be made to finance medical care for inmates of the home at such times as they might become hospital cases.

SMITH BURGLARY COUNT TO GRAND JURY IN FEB.

Pending action of the grand jury in 51st District Court, which is called for Feb. 3 at Robert Lee, a burglary charge has been billed against Nate Smith of Blackwell.

Fishing rods and reels, a television set and other items taken from the Louis Wheat cabin on Oak Creek Lake were recovered in a San Angelo pawn shop and held as evidence.

Bond was set by Justice of the peace Roy Ross at \$1,000.

WORLD AS WE SEE IT —

Continued from page 1

Stockmen have been selling off their culls and old ewes this fall, at a better price. Those who have been in the business longest and most successfully are trying to keep their grass ahead of their stock at all times, rather than ever let their stock get ahead of their grass.

Some of the range development practices of the Soil Conservation Services have worked, some have not, but wherever pastures have been allowed to seed well from time to time in native grasses, at least twice the stock are grazing now than those that have been too closely grazed in good times.

While our country looks better all over, it has always been our failing here to keep as many stock as we could shut the gate on when times are good, and has always pained us to see a blade of grass extra without something ready to bite it down.

If we can keep our turf intact always and enough seed in the ground to keep it that way, our flocks trimmed to young and vigorous breeders and get ahead of the next drouth instead of letting it get ahead of us, we could be on our way in this country.

More emphasis is being placed on feeding—a science and a business of its own. Know-how has come out of these fat stock shows and projects in which parents have joined to help their youngsters. With some few irrigated fields closer to home so that in dry times we wouldn't have to move stock too far to temporary grazing, we might avoid some of these times when costly moves take most of the breeding stock out of the country.

APPRECIATION

Thanks this week to Garland Davis for one of our leading front page stories — the basketball round-up. Garland helped us out

a lot on football too, completely writing up some of the games.

One third off on a selection of mens' trousers at Roach's.

Observations

(A Personal Word
By The Editor)

A. W. Puett, when he was editor of this newspaper used to run "The Cow, the Sow, and the Hen" above the front page title.

Since then agriculture has specialized and has added the Ewe to Coke County. But not many people grab the milk bucket at five o'clock in the morning any more, squat down on the south side of a barbed wire fence and milk Old Pied while the icicles hang from her nose.

We milk Old Gandy and Old Foremost instead. But ranching is still with us, along with an increasing business of feeding the stock we raise. As the oil is drained from underneath, livestock come again to the front as the leading industry on which our future here depends.

Situated as we are here just under the feed producing plains and in one of the best sheep and cattle breeding country in the United States, wouldn't it pay somebody to build up a sheep and cattle market right here in Robert Lee? There are stockmen in our own county who have stock fed in pens thirty miles away.

Somewhere just outside of town feeding pens and auction sale or some kind of a market would add much to the future of the town, if it could be made to pay, as well as being a great convenience to producers and feeders in the surrounding country.

The Directors of the Coke County Livestock Association, sponsoring the Coke County Livestock Show, have asked us to express to all those who contributed to the premiums paid the 4-H and FFA young people on their livestock their deepest appreciation for making success of the show possible.

How Ford spent \$100 million to give you more quality for your money

The Ford Motor Company spent \$100 million in the past two years alone to bring you a combination of quality features found in no other cars. And here's how Ford quality pays off for you... whether you drive the big Super Torque Ford, the middleweight Fairlane, or the fun-filled compact Falcon!

FALCON—AMERICA'S ALL-TIME ECONOMY CHAMP

FAIRLANE—HOT NEW MIDDLEWEIGHT

SUPER TORQUE FORD—FEELS LIKE THUNDERBIRD!

Superior ride and performance. For example, \$10 million was poured into the development of the Super Torque Ford's incredibly smooth new ride. Additional millions went to design 6- and 8-cylinder engines that let you choose sensational performance or sparing gas economy... all with minimum maintenance.

More care-free driving. Millions more were spent to perfect Ford's twice-a-year or 6,000-mile maintenance features... now in all Fords and Falcons*.

Greater safety. Brakes adjust themselves when necessary. Roofs are reinforced. Doors have safety locks.

Added luxury. Richer, longer lasting upholstery. Carpeting that wears up to twice as long as in some cars.
F.D.A.F.

Smarter styling. Ford's Thunderbird-inspired lines have set the trend for the whole industry.

Greater resale value. From the big, important items like specially galvanized vital underbody parts and long-life batteries... to the "tremendous trifles" such as extended-life light bulbs and stainless steel exterior screws... your Ford or Falcon will stand up better.

And don't forget—Ford Dealers are quality dealers! We want to keep you happy after you buy... and this is your finest guarantee of value!

Business Population in Coke Up 13 Pct.

Today, A. J. Hemphill, district manager of the Fort Worth office of Dun & Bradstreet, Inc., announced statement requests were mailed to 54 businesses in Coke County. He said figures obtained from physical count of the Dun & Bradstreet Reference Book for January, 1963 totaled 54 manufacturers, wholesalers, and retailers in this area as compared with 48 in January, 1962—an increase of 13 per cent for the period.

According to Mr. Hemphill, each January business concerns in all parts of the United States are asked by Dun & Bradstreet for copies of their financial statements. This year requests are being sent to approximately three million business concerns—to the corner grocery store worth a few thousand dollars as well as businesses worth millions.

The Dun & Bradstreet Reference Book lists those manufacturers, wholesalers, and retailers who seek or grant commercial credit but it does not include some of the service and professional businesses such as beauty and barber shops, security deal-

ers and real estate brokers. Therefore, the figures for total business in the United States would be higher than the three million quoted above.

During the past year, Hemphill added 43 changes were made in the Dun & Bradstreet Reference Book Listings of Coke County businesses, including 12 names added, 11 names deleted, and 20 changes in the ratings of continuing businesses. The changes occurring in Coke County are higher with the rest of the country where a change of business significance is counted every five seconds.

Using the Dun & Bradstreet Reference Book listings as a guide, it is interesting to review what has happened in the principal Coke County communities during the past year.

He is employed at Ivey Motor with Elmo Bell in the body repair, refinishing, and painting business. Since leaving here Jimmy has worked in body shops and on his own at Amarillo and at San Angelo.

AMONG THE MEN

At the six o'clock club (seven on Sunday) editor observed he had rigged up a new well, reworked an old reservoir, bought a float for the float valve, with brass rod and everything, put it together, and had it made.

Couple of days later drove up to the place. The brass nut had been unscrewed, float lying a few feet from the trough, and water drained out of the reservoir.

Mike Casey allowed either somebody didn't like something editor put in the paper, or else a coon had been around there. J. O. Rudd spoke up to say he had been down on the river and saw two coons, one was holding a cookie jar while the other was unscrewing the lid????

Then Mike told one that was told him. Repeat for emphasis—it was TOLD him, but VOUCHED for by honest men... who had been fishing down on the river, caught some fish, put them in a sack, waded out about shoulder deep or so, weighted the sack down with a rock.

They came back, found the sack up on the bank, a hole in it, no fish, but bones and coon tracks all around. Must have located the fish by radar, dived for them, pulled the sack out of the water.

Folks who have been pestered around farm places by those furry imps can tell plenty of true stories on them that sound like fiction.

CHEVROLET... the Quality truck!

WALK AROUND IT. SEE THE DIFFERENCES.

Start at the rear of this Fleetside pickup. Grab the tailgate and pull hard. No give. Two wedge latches keep it tight. Now unfasten them and let down the gate. Jump up and down on it. Does it sag? Notice how the chains are wrapped in rubber so they won't rattle or mar paint.

Now look at the lower side panels. Two walls. You might dent the inside one but it won't show through. The floor will never rust. It's select wood, not metal.

Now please sit in the cab a minute. Comfortable? It also is double walled and the roof is insulated. Let's start 'er up and look for a washboard road. Chevrolet coil-spring suspensions fight road shock better than other types, good for the truck, load and the driver.

There are other things. But you can see why this is a truck that does a job without a lot of pampering. It's built right. Which is why it's usually worth more at trade-in. When would you like us to deliver it?

Farm Bureau Leaders Have Meeting, Dinner At Robert Lee Park

Claud Anderson of Eola, newly elected state director from District 6 of the Farm Bureau, was speaker for a meeting of officers and directors of the Coke County Farm Bureau last Thursday night. With their wives as guests, the group met in the Park Shelter at Robert Lee. Mrs. Anderson accompanied her husband to Robert Lee.

Following the meal, Anderson spoke on the role of present day government in agriculture. He told the group that there is important legislation coming up for consideration in Washington which directly concerns the nation's farmers and ranchers and that some of these proposals threaten to further encroach upon the freedom of agriculture. He pointed out that the joint cooperation of all segments of our economy, which are interested in maintaining our individual freedoms, should be sought. Mr. Anderson recently attended the National Farm Bureau in Atlanta where the Farm Bureau's policy of opposition to further centralization of power in the Federal Government was reaffirmed.

A discussion of the Farm Bureau's young people's program was held by the area fieldman, Edward Cumbie. Purpose of this program is to interest young people between the ages of 17 and 30 in Farm Bureau activities. This program contemplates the formation of a young peoples committee in each county. Cumbie said Coke County has many young people whose abilities should be recognized and used.

Land For Sale

160 acres close to Robert Lee, all in pasture now but 60 acres previously in crops. Two good surface tanks, water well and windmill, good fences, cross fenced. Priced worth the money at going land prices. Suitable for two veterans.

VETERANS ATTENTION! You no longer have to wait to buy land under the Texas Veterans' Land Program, and funds are still available. Loans at 4 1/2% for as long as forty years. Loans are made on a 100% appraisal equal to the going price of land in the areas. That's far better than insurance companies or the Federal Land Bank will do.

To be eligible to participate in the Texas Veterans' Land program, a veteran must have served not less than 90 days on active duty in a branch of the Armed Forces of the United States between September 16, 1940, and March 31, 1955, and be honorably discharged. He must have been a resident of the State of Texas at the time of entry into military service, and also a resident of Texas at the time of filing an application to participate in the Program.

I will be happy to make out forms for veterans who wish to make application.

Any veteran who has the time and is interested in running a few head of livestock can make the payments on his land. That's what you can expect to do if you buy the 160 acres listed above. Small places are not so numerous in this locality but I'll be happy to show this tract any time.

We need more listings and invite land owners to come see us.
