

FIRST WHEAT OF 1977 is cut on the Gerald Acker farm two and one half miles northeast of Nazareth. The Early Triumph brand yielded about 30 bushels to the acre on the first 12 acre

swath. Acker said the land was irrigated and had been grazed some. "The wheat and the weather are all right, but the price isn't," Acker quipped.

GERALD ACKER [center] and his sons [from left] Russell and Kevin deliver the first 1977 wheat to Dimmitt Agri Industries at Nazareth. Here, Mike Boothe and Lucy Leinen, employees of DAL, help with the weighing and testing of the wheat. With an

overall weight of 21,820 pounds, the wheat had a 61 pound bushel weight and the moisture content tested out at 10.4 percent.

'SENTRY OF THE PLAINS'—This old windmill, which started its life half a century ago at the Carlos Reynolds home in Dimmitt, soon will be standing again and pumping water at the Castro County Historical Museum. Beyond the tower, a Kenneth Jackson Ditching Service back-hoe digs the pit Tuesday mor-

ning; drilling of the well started Tuesday afternoon. All those involved in the project are donating their services. George Bagwell bought the windmill after Dimmitt built its municipal water system in the late 1930's; it has stood on his farm since then.

## Old windmill 'comes home'

By SUE COLEMAN

A windmill in the city of Dimmitt—a memory of the past?

NOT SO. In the yard behind the Castro County Historical Museum building, drilling is underway and a windmill which once pumped water for a city resident's household is laid nearby, ready to be put to work again.

The windmill—and all the work required to make it operative again—are being donated. It is typical of the many life-sustaining windmills used

here in pioneer times. Practically every home had its own windmill, and this one was used by the family of Carlos Reynolds until Dimmitt had a city water system, in the late 1930's.

IT WAS sold to George Bagwell in 1938 or 1939, and has stood on his farm since then. About three years ago, Bagwell said, the water level

## Midnight fire loss is total

When Mr. and Mrs. Clinton Dale McLain returned home about midnight Friday they found their house in the Bethel community completely engulfed in flames.

LOSS IS estimated at \$18,000 or more for the building alone. Fire Marshal Guy Waldrop said, not including furnishings and other contents which were a total loss. The stucco house, which had a basement, had been fully remodeled in recent months.

The McLains turned in the alarm, received at the fire station here at 12:10 a.m. Saturday, Waldrop said, but by the time Dimmitt Volunteer Firemen reached the scene the roof had already fallen in.

Building and contents were entirely destroyed and the firemen could only contain the blaze and prevent its spread to nearby buildings. Waldrop said it was impossible to tell where the fire started.

Dovie Givens of Dallas is the owner of the place where the house was located.

Neighbors of the McLains in the Bethel community and other friends were to have held a shower for the couple Wednesday afternoon in the Houston Lust home, to help replace household articles and clothing lost in the blaze.

dropped so the windmill pipe did not reach it, and the machinery has been standing idle.

The windmill was old when he bought it, Bagwell said. It has been repaired with new lumber.

Harley Dyer brought the windmill tower in to the museum. Dyer Well Service will erect it without charge. E. M. Jones of Jones Ditching Service volunteered to dig up the original anchor posts and bring them in.

KENNETH Jackson Ditching Service dug the pit as a preliminary to the actual drilling operation, which began Tuesday afternoon. Bill Goynes of Goynes Drilling Co., Edmonson, is providing the drilling free, and also furnishing the casing. Dimmitt Ready Mix is donating gravel. Ted Robb will give an overhead storage tank to store the water.

When work is finished, the old windmill will again pump water from beneath the soil of Dimmitt, supplying a sight that will bring memories to older residents and be a completely new experience to many of the younger ones.

It is expected to be an especially popular attraction to the children who visit the museum, either with their families or in groups from schools and churches, according to B. M. Nelson, president of the Museum Association.

## Anti-hail plan is 'modified'

Weather modification firms and their opponents each got "half a loaf" in a compromise decision rendered by the Texas Water Development Board last week at Austin, on an application for permit renewals.

AFTER A hearing attended by a number of farmers from this area—both supporters and opponents of the renewal applications by two South Plains weather modification companies—the six-man board announced a compromise ruling.

It approved permits to both firms, Atmospherics Inc. of Levelland and Plains Weather Improvement Co. of Plainview, but instead of the four-year permits they had requested, approved limited permits for operation only through Oct. 31, 1977.

Both the companies conduct cloud-seeding operations in parts of Castro County, aimed at hail suppression. Farmers who are members of Better Weather, Inc. support this weather modification program and finance it.

OTHER farmers, mostly those in dryland area, oppose

the program because they say it suppresses rainfall as well as hail.

They formed an organization last year to urge the TWDB not to renew the companies' permits, and claim 4,000 members favoring "natural weather."

The matter has been contested through a series of hearings and decision was postponed until the hearing at Austin.

The Natural Weather organization has urged a system of elections that would permit farmers in each county to determine whether or not to permit cloud-seeding.

THE TEXAS Legislature in its recent session passed legislation providing for such voting and Gov. Dolph Briscoe is expected to sign it.

Farmers are waiting now for a formal order to be drawn up by the TWDB's counsel, Bruce Bigelow, to clarify the board's apparent encouragement of such elections.

Confusion arose over whether the board was actually ordering the elections or simply suggesting them.

"I DO SOLEMNLY SWEAR..." Postal Service Sectional Center Manager, C. T. Davis of Amarillo (left), swears in Kathy

Acker (right) Monday morning as Postmaster of the Nazareth office, as her parents, Mr. and Mrs. Anthony Acker of Nazareth, look on.

## 1977 wheat harvest off to good start

Wheat is beginning to come in all over Castro County, with several elevators reporting first loads. Gerald Acker of Nazareth reported the first load for the county on Monday afternoon.

ACKER took his grain to Dimmitt Agri Industries of Nazareth from his farm northeast of Nazareth. Test weight was 61 pounds, with moisture at 10.4 percent.

Another Nazareth man was the first to bring a load to Star Grain in Nazareth Tuesday. George Schacher's wheat from the Melcher place had a test weight of 63, with moisture at 13.

Dodd, Flagg and Sunnyside Grain Companies each reported their first customers Tuesday.

W. L. Hansen of Dimmitt took his wheat to Dodd, where it tested at 63 pounds with the moisture at 13.5.

FLAGG received Bob and J. D. Phipps' wheat from their place near Flagg. Test weight was 60 pounds and moisture was 11.5. The Haydon brothers of Sunnyside took their first load to Sunnyside and registered a test weight of 55, and moisture at 11 percent.

Wednesday Calvin Lippard brought in the first load of wheat to Dimmitt Agri Industries from Boys' Ranch place, with a 60 lb. test weight, and 12.5 percent moisture.

Other elevators that could be reached reported no wheat deliveries as of Wednesday morning.

## Young Nazareth woman is state's newest postmaster

Katherine Acker, 22, was sworn in Monday morning as the youngest postmaster in the Panhandle.

SHE BECAME the new postmaster for the Nazareth Post Office after serving as officer in charge there since July of last year, replacing Mary Harlan, who was promoted to postmaster at White Deer.

Sectional Center Manager C. T. Davis of Amarillo administered the oath of office to Miss Acker before a small crowd of her family and friends. Dimmitt Postmaster

Bill Sava was also present and presented Miss Acker with a corsage of red, white and blue.

Miss Acker has been a postal employee since 1974 at Nazareth and Dimmitt. She has "a wealth of postal knowledge and is considered as one of the outstanding postal employees in the area," according to Davis.

DAVIS also commented, "I know the postal customers of Nazareth are indeed fortunate to have a postmaster of Miss Acker's fine caliber, as she is dedicated to serving postal customers with the best in courteous, helpful postal service. It is wonderful that postal employees of Postmaster Acker's caliber have the oppor-

tunity for promotion within the US Postal Service."

Davis added, "It has been a hard fight to get a postmaster for Nazareth, but now we finally have one." The Nazareth Post Office was once in danger of being closed in a Postal Service cutback in smaller communities.

Sava said that Miss Acker is one of the youngest persons to ever gain the rank of postmaster by "coming up through the ranks" rather than by appointment.

TEN OF Miss Acker's 11 brothers and sisters, as well as her parents, Mr. and Mrs. Anthony Acker, were present for the swearing-in ceremony.

## Three sentenced after pleading guilty in court

Three Dimmitt men were sentenced to jail and prison terms Tuesday after pleading guilty in 64th District Court to felony offenses.

JUDGE John T. Boyd sentenced Jose Lopez to six years in the Texas Dept. of Corrections after Lopez pleaded guilty to burglarizing Dimmitt Shell & Western Auto two years ago.

The court revoked Mario Gil's probation and ordered him to serve three years in the Texas Dept. of Corrections after Gil pleaded guilty to attempted murder in connection with a May 29 stabbing incident here. Gil was on probation for a felony DWI conviction at the time of the stabbing, and the incident constituted a violation of that probation.

Jeremiah Worsham was ordered to serve nine months in the Castro County Jail after pleading guilty to felony DWI. (Driving while intoxicated is a misdemeanor on the first offense but a felony on the second and subsequent offenses.)

## Castro County approved for drought assistance

Castro County is one of 11 counties in West Texas which were recently added to those approved for emergency drought assistance by the Federal Interagency Drought Emergency Coordinating Committee.

OVER TEXAS, 46 additional counties were approved for the assistance, according to Congressman George Mahon.

The designation does not mean that emergency assistance will be automatic, Mahon was informed. Applicants must qualify on an individual basis with the appropriate local agency.

Charley Hill of the local ASCS office said this week that he assumes his office will handle a part of the program, that related to conservation measures, but he had not received official notice of the office's responsibility.

Wayne Pipes of the Farmers Home Administration office expects that office to handle applications for improvement in irrigation water supplies.

## 'Oversize' trash? Call the city hall

If your summer yardwork yields tree limbs or other trash that won't fit into the city's alley boxes, call the city hall for a special trash pick-up, City Manager Garnett Holland says.

"IF YOU have something that won't fit in the box, we'll send out a flatbed truck to pick it up," Holland said. "Otherwise, all trash—including grass clippings and everything else that will fit—must be put into the trash boxes to be picked up."

SCHOOL TIME AGAIN?—No, it's the Summer Day Activity Service Program for children 5 to 14 with working parents. Program coordinator Anita Arrellano said that more than 35 children are enrolled in the new program so far, and that others may enroll at any time until the maximum of 95 is reached.

Various supervised activities are provided for the children, as well as breakfast, lunch and an afternoon snack. "We're still getting organized," Miss Arrellano said, "but we hope to have indoor activities with various interest centers set up soon."

Nazareth

# Workshop conducted for CCD teachers

By MRS. AGNES BROCKMAN

A CCD workshop for teachers, room sponsors and any one interested was held Sunday afternoon. Father Ken Keller conducted the workshop.

MRS. MARIE HANSON and Mr. and Mrs. James Hanson and daughter spent Memorial Day weekend with Mr. and Mrs. Dan Koelzer and family in Bovina.

Mr. and Mrs. David Brandt of Amarillo are the proud parents of a baby girl, born June 2. She was named Melisa Diane. Mrs. Brandt is the former Agnes Hanson.

June 2 a number of relatives attended the graduation exercises of Malia Hubbard, which took place at the Will Rogers Memorial Coliseum.

Camil Sinclair of Yuma, Ariz. visited the Book families and attended the wedding of Peggy Book and Sidney Birkenfeld.

MR. AND MRS. Raymond Annen and Cornelia Annen visited with Dale and DeLinda

McLain Sunday evening in the home of the Tommy Stantons. Dale and DeLinda had the misfortune of losing all their possessions in a fire Friday night. Neither one was at home when the fire started, so nothing was saved.

Helen Burt and her granddaughters Bonnie and Lorri Huseman spent last weekend in Longview visiting the Sam Burt family.

Mr. and Mrs. Tony Acker went to Lubbock Sunday to help install the new officers of the Catholic Daughters Court there in a ceremony at the morning Mass.

MR. AND MRS. August Huseman and Cornelia Annen spent Monday in Amarillo.

Word has just been received here that Bob Wills died last night. His wife is the former Teresa Schulte. Bob had been quite ill for several years off and on.

Mrs. Marie Hanson visited with her daughter Mrs. Agnes Brandt and new granddaughter at Canyon Hospital on Friday

afternoon. Mrs. Cornelia Annen flew to Fort Worth to spend a few days with relatives there and also in Mansfield.

MRS. LENA Delsing, Mrs. Kenneth Prochazka and daughter Tammy of Hemingford, Neb., Mr. and Mrs. Charles Wood of Lubbock visited with Mrs. Cornelia Annen and the Raymond Annens a couple of days last week.

Lisa, Cara and Launa Brockman spent a couple of days with their grandmother Agnes Brockman.

Max Acker left Friday with the H. D. Whites of Amarillo for Dallas and San Antonio.

MR. AND MRS. August Huseman visited with Frank Annen on Friday. Frank is doing some better the past few weeks.

Mr. and Mrs. Albert Gerber

and Patricia went to Odessa Sunday where Gene is personnel director of the city there. They ate dinner with Bernita and Billy Ed Hoelting.

Lorene Brockman and a friend from Kansas City spent the weekend in Nazareth visiting her folks the Lon Brockmans.

The junior class went on a picnic to Palo Duro Canyon Sunday.

Denise Caraway visited the

Book family over the weekend. Also visiting the Book families was Camil Sinclair of Yuma, Ariz. and Karen is home from Bay City for several weeks, Jackie from Arlington is home for several days.

The weather here has been quite warm lately, around 90-some degrees. And we sure could use some rain again. Most farmers have their wells going again, and the wheat is ripening very fast.

TO SAVE money, make lists. buy" — the cost of forgetfulness. Make lists of "to do" and "to is money.

### small talk from South Hills Manor

By DOROTHY HOPSON

Spring fever seemed to have everyone in its grip Sunday afternoon as I entered the lobby at South Hills Manor snooping for news.

EVA McGowan was one of the ones resting and chatting, and I learned that she has been a resident at SHM about two months. Eva has lived in Dimmitt since 1942, had three children and six stepchildren. She reports that they all live away from Dimmitt and she was recently pleasantly surprised by a visit from Jerry McGowan of Midland.

Lucille Fifer was keeping an eye out for her son Bob Myers and his wife and young son. However, she conceded, the weather did look like good golf weather and she wouldn't be too surprised to hear that Bob was out playing a few holes. Mrs. Fifer's home was in Kerrville before coming to Dimmitt, so she doesn't know too many people. She'd enjoy a visit from you.

Slim and Kathryn Vardell were out visiting Kathryn's mother Mrs. Easter. Mrs. Easter taught school in Hereford before marrying Mr. Easter and moving to Dimmitt in 1918. Mrs. Easter was our county librarian for 25 years.

I MET Mrs. C. L. Thompson who came to Dimmitt from Kansas and Amarillo. Mrs. Thompson's niece, Mrs. Gordon Fore, lives in Dimmitt and was instrumental in persuading Mrs. Thompson to move to Dimmitt. She said that she has lived in three other rest homes, but South Hills Manor is the best one she's ever lived in.

Mrs. Addie Miller, mother of Betty Cartwright of Dimmitt, came to South Hills Manor a few months ago. I asked her if her husband had not been sheriff of Deaf Smith County at one time. She recalled that he had served for eight years until his death. Mr. Miller was killed in a car accident. Mrs. Miller served as sheriff for one year. She confided that most of her duties concerned paper work. Mrs. Miller said Jack Newell served as one of her deputies,

and he took care of the "bad ones" for her. This was about 40 years before the Equal Rights Amendment.

J. B. Gossett came to Dimmitt in 1957. He worked as an all round ranch hand on the Flagg ranch back in those days. He said he rode fence, busted horses and did about everything there was to do. Mr. Gossett has a son, a granddaughter and one great granddaughter, who live in San Antonio and California. He has one brother, Pope, who lives in Hereford. He would enjoy a visit from you.

LORENA Harris said that her sister Juanie Stevens and little grandson Shane had been in to visit. Shane lives in Slaton and was sporting a broken arm as the result of jumping from a swing.

Every few weeks I make a plea for volunteers to come out to visit or entertain, adopt a grandparent, bake a cake or share a freezer of ice cream with our folks. I'm asking again. We need you. Come out and talk to Dorothy Musick; she'll show you around and tell you of the needs. Dorothy is at SHM Monday through Thursday each week and she will be glad to talk to you by telephone when she is at home. Her number is 647-2321.

We are happy to report that several people have responded and our list of volunteers continues to grow. Those participating are Jean Lunsford, Bobbi Wooten, Teeny Bowden, Deanne Clark, Betty Williams, Lavern Rudd, Irene Wilkerson, Vera Jones, Jo Parks, Reba Fleming, Dorothy Mayfield, Hershel and Retha Wilson, Leonard Tittle and Ronnie Travis.

Those in the hospital this week are Mrs. Minnie Simpkins, P. A. Cowan, Jeton Butler in Dimmitt and Mrs. Dora Mooney at Hereford.

IF YOUR church group would like to conduct a Wednesday night service this summer Dorothy Musick would like to talk to you about that. Devotionals, preaching or singing are always a treat.

### Musical drama 'Texas' opens season June 15

The rider will return to the saddle in the cliff at the Pioneer Amphitheatre in the Palo Duro Canyon and lift his flag to open the 12th season of the musical drama, "Texas", at 8:30 p.m. Wednesday, June 15.

MEMBERS of the Texas Panhandle Heritage Foundation, Inc., the producers of "Texas", will gather in special sections to greet the 12th version of the Paul Green script. This year, their special guests will be the representa-

tives of the oil and gas industry in the Texas Panhandle. As is the custom, the program for the opening will carry the story of a part of the growth of the area, the story of the unexpected and spectacular development, oil.

Members of the families of the oil pioneers will be special guests at this opening night of "Texas". The developers of the oil industry will be included.

From 7:30-8 p.m. there will be a reception near the bust statue of Quanah Parker at the theatre. At 8:15 there will be a short ceremony on the stage of the theatre. George Lokey, president of the TPHF, will preside.

The opening night show will start at 8:30 p.m. For tickets and information write "Texas", Box 268, Canyon, 79015, or call 806-655-2182. Please make reservations as early as possible.

## Businesses join with 'Manpower' to provide summer jobs for youth

"It's a kind of 'I choose you—you choose me' sort of proposition," said local Manpower Office director Paul Catoe in explaining how the employers participating in the Summer Youth Employment Program got matched up with workers at a special meeting for that purpose Friday at the courthouse.

**EMPLOYERS** include the Dimmitt, Hart and Nazareth school systems, Rhoads Memorial Library, Castro County Senior Citizens' Center, City of Dimmitt Parks Dept., Community Action offices, Dimmitt baseball parks, Nazareth Baseball Association, and the Governor's Office of Migrant Affairs.

Castro County Judge Weldon Bradley is in charge of the program in Castro County, Baker Duggin, a counselor at Friona High School, is also working as the coordinator of the program for a five-county area. Catoe is also helping with the project.

"About 55 or 60 kids ages 14 to 21 are participating in the program this year," Catoe said, adding that the majority of them could be classed as economically disadvantaged. He said that the youth will be paid the minimum wage of \$2.30 per hour, starting Monday. Some of the jobs will last eight weeks, some will last ten weeks.

Duggin stated that all the openings available have been filled, but that a youngster may still register with the Manpower Office in hopes of a future opening.

"NOW, YOU REPORT FOR WORK"... their duties will include under the Summer Youth Employment Program. Rhoads Memorial Library librarian Brick Autry instructs his future employees in what

## Lindsey opens real estate firm in city

Another new business in Dimmitt has opened, at 512 S. Broadway. Lindsey Real Estate is owned and managed by Bob Lindsey, licensed real estate broker.

IT IS located in a remodeled office in the same building as the Blue & White Laundry. Ben Derrick, licensed in real estate sales, is the company's salesman. The firm handles general real estate listings, farm and ranch land, homes, business property and building sites.

Lindsey has lived in Dimmitt 21 years and has been in the real estate, dry-cleaning and automotive business here. He received his broker's license last year from the Texas Real Estate Commission.

A Castro County resident more than 25 years, Derrick has been active in farming, cattle feeding and cattle buying. He earned his real estate salesman's license this year. He said he will continue buying cattle as a bonded order buyer-dealer.

### 15—LEGAL NOTICES

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Corn Growers Association, 105 E. Bedford, Dimmitt, Texas 79027, a referendum election on July 29, 1977, under provisions of Article 55C, Vernon's Civil Statutes on the proposition of whether or not corn producers in the following counties shall assess themselves an amount not to exceed 1/2 cent per bushel on all corn sold to be collected at the first point of sale, and to elect members for a 6-person commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, promotion, and education designed to encourage production, marketing, and use of Texas corn.

Counties included in the referendum are: Area I - Deaf Smith, Parmer, Castro, Bailey, and Lamb. Area II - Randall, Swisher, Brisco, Hale, and Floyd. Area III - Dallam, Sher-

man, Hansford, Ochiltree, Hartley, Moore, Hutchinson, and Carson.

The referendum and election will be held by physical ballot with voting place to be at each county courthouse in the referendum area. Polls will be open at 7 a.m. and close at 7 p.m. Producers who will be away from their particular voting box location on election day may obtain an absentee ballot from county agent offices, or of the Texas Corn Growers Association. Absentee ballots must be mailed in the self-addressed envelope to the central balloting place at 105 E. Bedford, Dimmitt, Texas 79027, before midnight three days prior to the election date. Any person within this referendum area engaged in the business of producing or causing to be produced corn for commercial purposes is eligible to vote, including owners or farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
TO: Socorro Gil, Respondent:  
GREETINGS:

**YOU ARE HEREBY COMMANDED** to appear and answer before the Honorable 64th District Court, Castro County, Texas, at the Courthouse of said County in Dimmitt, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Jose T. Gil and Sophia Gil, Petitioners, filed in said Court on the 1st day of June, 1977, against Socorro Gil and Mario Gil, Respondents, and said suit being numbered 4450 on the docket of said Court, and entitled "In The Interest of Vasilio Gil, a Child", the nature of which suit is a request to Termination of Parent-Child Relationship between Mario Gil, Socorro Gil and Vasilio Gil and for Adoption of said child. Said child was born the 31st day of May, 1973, in Littlefield, Texas.

The Court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Dimmitt, Texas, this 2nd day of June, 1977.

## Applicators' workshop set at Hereford

Commercial and noncommercial applicators interested in training programs for the categories of Field Crop Pest Control, Fruit and Vegetable Pest Control, and Weed and Brush Control will have an opportunity to participate in a workshop scheduled for June 13-14, at the Bull Barn in Hereford.

The initial session of the workshop will include subject matter applicable to all categories of commercial and noncommercial applicators. Sessions that follow will deal with category specific subject matter.

Certification is granted by the Texas Department of Agriculture on the basis of an examination on the afternoon of the 14th at the Bull Barn.

The workshop is not a requisite to certification as a commercial or noncommercial applicator and is not a part of the official certification process.

**ART STUDENT**—Marla Morgan of Lubbock, daughter of Mr. and Mrs. Herb Mayfield of Dimmitt, will study the next six weeks in Taos, N.M. to complete work for a degree from the art department of Texas Tech in July. She will study with Tech Professors Frank Cheatham, Jamie Howe and Paul Hanna.

**SEMINAR CHOICE**—Melanie Upshaw, who will be a senior in Hart High School next term, has been selected by the Castro County Farm Bureau to attend an Americanism Seminar July 11-15 at Baylor University in Waco. Both girls and boys will attend the statewide seminar. Miss Upshaw, daughter of the Preston Upshaws, will go by chartered bus from Plainview with other area students.

## Wescott rites set Wednesday

Funeral services for Clarence Taylor Wescott, 71, of Seminole, brother of J. V. Wescott of Hart, were scheduled for Wednesday afternoon in the First United Methodist Church at Seminole with Rev. Weldon Rives, pastor, officiating.

A FARMER and rancher who had lived in Gaines County since 1921, Mr. Wescott died Tuesday morning in an Andrews hospital. He was born in Scurry County and married Lola Mae Hill at Seminole in 1929.

Survivors include his wife, three daughters, a son, two sisters and three brothers.

## Corn and cattle producers to hold July referendums

Growers of cattle and of corn in Castro County are looking toward separate referendums in July, both to approve or reject plans for a checkoff system for collecting funds to promote their products.

CATTLEMEN must register before June 17 if they are to be eligible to cast votes in their referendum between July 5 and 15. Registration and voting will take place at the Agricultural Stabilization and Conservation Service office. Registration began Monday.

Anyone who owned cattle during the past 12 months may register and vote. Registration is open to women as well as men, and there is no age limit so youngsters who own cattle in 4-H or FFA programs are eligible. Ownership of one animal qualifies a voter.

If the vote is favorable, a board with as many as 68 members will be named by the Secretary of Agriculture from nominees of producer organizations. The program would conduct beef research, finance informational and promotional activities to encourage wider use of beef in American diets, and promote foreign market development.

This program would be financed by collecting 30 cents on each \$100 from sale of cattle by the producer.

THE CORN growers' referendum, which has a similar purpose to be financed by a small assessment on the sale of corn at the elevator, will be held on one day, July 29, at the courthouse of each county involved.

The Texas Corn Growers Association has been approved as the agency to conduct the election, which will be held in 18 corn-producing counties of this area.

Absentee balloting will be

conducted until midnight three days previous to the voting date, July 29.

Eligible voters are persons "who produce or cause to be produced commercially, corn" including farm owners, tenants and share croppers.

After the election, votes are to be canvassed by representatives of the TCGA, Texas Department of Agriculture, Extension Service and a county judge from one of the 18 counties.

PRECEDING the referendum, representatives of the National Corn Growers Association are calling on corn producers in this area to enroll members in the association. The membership drive is being

## First rodeo for Nazareth club set for June 17-18

The Nazareth Rodeo Association has scheduled its first Annual Amateur Rodeo and Wild West Show for June 17-18 at the association's arena at Marvin Schulte's place five miles east of Nazareth on Highway 86, beginning at 6 each evening.

"THIS WILL be our first project as a club," said Schulte, one of the association's organizers. He added that the funds raised from the rodeo will go to help complete the arena and to sponsor various youth activities. The club has about 30 members.

According to David Bownds, another of the group's organizers and publicity chairman for the rodeo, bareback, saddle bronc, bull riding, bull dogging, calf roping, barrel racing

conducted on behalf of the TCGA.

When a farmer becomes a member of the TCGA he is automatically a member of the national association, according to Bob Roark of the NCGA's Denver office. He said the national organization has a policy of assisting state organizations.

Roark also said the NCGA wants to increase its lobbying power in Washington, so corn growers can make their needs known to legislators.

The Texas association has been in existence only five years. Carl King of Dimmitt has been its president since it was formed. Glenn Odum is vice-president and Barry Love secretary-treasurer.

and team roping will be the rodeo events, with fees ranging from \$25 to \$45 per event and jackpot prizes.

The Wild West Show will include a wild mare race, wild cow milking, Saturday night bath race, fat man's watermelon race, kid's calf scramble, boys' steer riding and a 15-mile pony express ride to the arena.

A DANCE will follow the rodeo each night from 9 p.m. to 1 a.m. in the Nazareth Community Hall. The Tommy Lee Band of Lubbock will be featured.

Beginning at 5 p.m. Friday and 4 p.m. Saturday of the rodeo, Joe Drerup and his crew will be serving barbecued German sausage at the arena.

Books for the rodeo events will open at 10 a.m. June 15. Call 945-2521.

## State convention report heard by Dimmitt Lions

At their June business meeting Tuesday, members of the Dimmitt Lions Club looked over awards won at the district-state Lions convention in Amarillo last weekend and presented a plaque to their club sweetheart.

PRESIDENT Gary Hufhines displayed award certificates which were presented to the local club for 100% participation in the Texas Lions Camp for Crippled Children, the Hi-Plains Eye Bank, Inc., and the Lions International Service Fund.

Hufhines announced that the Dimmitt club's golf team finished fourth in the district tournament during the conven-

tion, and that Club Sweetheart Beth Cleveland was among the top 10 finalists in the District Sweetheart Contest.

The club's annual Installation Banquet and Ladies' Night will be held at 8 p.m. June 23 in the Country Club, Hufhines said. Ken Justice will be installed as president for the coming year, and other officers will take their posts. A barbecue dinner will be catered, he said.

MISS CLEVELAND, at her last meeting as Lions Club Sweetheart, was presented a plaque in appreciation for her services during the past year. She also reported on the District Sweetheart Contest held Sunday.

Mary Jones will succeed Miss Cleveland as Lions Club Sweetheart next week.

Hufhines announced that the new \$20,000 administration building at Girlstown USA—built by donations from Lions in District 2T-1—will be dedicated Sunday, with a barbecue dinner at 1 p.m. and dedication ceremonies at 2:30. He urged all local Lions and their wives to attend the dedication.

MEMBERS voted to donate \$100 to the Texas Track Club to help sponsor Vicki Cleveland's trip to Mexico City, where she will compete June 30 in the 100-meter intermediate hurdles in international competition.

The 15-year-old Dimmitt High School sophomore qualified for the Mexico City meet at a US Track and Field Federation meet last month at Wichita, Kan. Co-sponsored by the Lions and Kiwanis Clubs, she will compete in the Mexico City meet with other members of the Texas Track Club, a statewide association of amateur athletes.

## Fire calls

Dimmitt Volunteer Firemen responded to a call to the John Wait home, 220 N.W. 11th, at 3 p.m. Tuesday. The fire was in a mattress in the garage. Damage was minimal.

A COTTON dust standard proposed by the Occupational Safety and Health Administration could severely affect the cotton industry, contends an agricultural engineer with the Texas Agricultural Extension Service. The proposed standard is designed to protect individuals from the disease byssinosis.

## LEGAL NOTICES

NO. 4452  
IN THE INTEREST OF  
J. E. K.,  
A CHILD  
IN THE 64th DISTRICT  
COURT OF  
CASTRO COUNTY, TEXAS  
ORIGINAL PETITION FOR  
TERMINATION AND ADOPTION OF STEPCHILD

This suit is brought by KENNETH DON HEARD, age 49, and NONA MATTIE HEARD, age 38, Petitioners, who are husband and wife and who reside at 1600 West Bedford, Dimmitt, Castro County, Texas.

Petitioner, NONA MATTIE HEARD, is the natural mother of the child.

Petitioner, KENNETH DON HEARD, is the stepfather of the child.

I. No court has continuing jurisdiction of this suit or of the child the subject of this suit.

II. The following child is the subject of this suit: NAME: James Edwin Klein SEX: Male BIRTHPLACE: Landstuhl, Germany BIRTHDATE: September 3, 1961 PRESENT RESIDENCE: 1600 West Bedford, Dimmitt, Castro County, Texas.

III. The mother of the child is NONA MATTIE HEARD, who is one of the Petitioners herein and thus no service is necessary at this time.

The father of the child is RICHARD VANN KLEIN, who is 43 years of age and whose residence is unknown.

Citation of the father by publication or other substituted service is necessary for the reason set forth in the Affidavit filed with this Petition.

There are no court-ordered conservatorships, court-ordered guardianships, or other court-ordered relationships affecting the child the subject of this suit with the exception of one certain Decree of Divorce entered in the 99th District Court of Lubbock County, Texas, in Cause No. 42,143 on June 6, 1963, wherein NONA MATTIE HEARD, one of the Petitioners herein, was given custody of the named child.

IV. RICHARD VANN KLEIN, named above, is presumably a non-resident of the State of Texas. The child, the subject of this suit, resides in Texas as a result of the acts or directives or with the approval of such non-resident parent.

V. No property is owned or possessed by the child the subject of this suit.

VI. Termination of the parent-child relationship between RICHARD VANN KLEIN and the child is in the best interest of the child, and such termination is requested. As further grounds for termination, Petitioners allege that this parent has failed to support the child in accordance with his ability during a period of one year ending within six months of the date of the filing of this Petition.

VII. It is in the best interest of the child the subject of this suit to be adopted by KENNETH DON HEARD, and adoption of such child is sought.

VIII. The child will have lived in the home of Petitioners for at

least six months when this cause is heard.

IX. The written consent of the above Managing Conservator (natural mother) is or will be filed herein.

X. The written consent of the child 12 years of age or older is or will be filed herein.

XI. Petitioners request that the name of the child, JAMES EDWIN KLEIN, be changed to JAMES EDWIN HEARD.

XII. Petitioners request the Court forthwith to appoint an investigator to make and prepare a social study into the circumstances and condition of the child and of the home of the Petitioners and to set a date for its filing.

PRAYER  
Petitioners pray that citation and notice issue as required by law.

Petitioners pray that the Court determine what parent-child relationships exist between the child and any other persons, that same be terminated, that KENNETH DON HEARD be granted a decree of adoption of such child, and that any other relief above requested be given.

Petitioners pray for general relief.

Respectfully submitted,  
McCLESKEY, HARRIGER,

# SUMMER CASH BASH!

**\$2000 CASH\***

Placing an order now is to your advantage. This will insure that you get today's machine prices and there will be more time to plan your installation before the growing season. If you buy a quarter section machine, the \$2000 Cash Bash savings should take care of your interest well into the 1978 crop season.

**WHY BUY NOW?**

Higromatic offers the most complete line of pivotal irrigation systems in the industry. The full-size machines cover 130+ acres and are offered in Electric and Water Drive units. A modified Warren Truss design gives your irrigator maximum strength with minimum weight. Higromatic's unique freestanding pivot allows you to build your pivot pad with 1/2 to 1/3 the concrete usually required.

The highly portable line of Fieldhopper™ irrigators are available in one, two, and three tower systems irrigating from 6-50\*\* acres per circle. A trailer-type pivot option (pictured) makes this line very versatile.

All Higromatic irrigators are constructed with exceptionally high quality parts and a wide variety of options are available to meet your field requirements.

At participating dealers

Orders received by Higromatic during the summer months allow us to maintain an efficient production level during a seasonally slow period. This continued efficiency creates savings that Higromatic will share with you during our Summer Cash Bash (June-August).

Buy any Higromatic™ irrigation system during the summer months and receive a Cash Bash savings direct from Higromatic of \$1.56 per foot on the total length of your machine. On a standard quarter section irrigator (1285 ft.) this is over a \$2000 savings to you. All machines purchased under this special offer will be shipped at Higromatic's discretion.

\*On price of 1285 ft. machine  
\*\*Dependent on flow rates and end-gun selection.

### Dress Revue garments made

Each girl in the Bethel 4-H Club made a garment to be entered in the County 4-H Dress Revue June 24, at all-day workshop meetings held in the Bethel Community Building. The group met from 9 a.m. to 5 p.m. Tuesday, Wednesday and Thursday last week.

**THE GIRLS** are Kyla Boozer, Martha Flores, Becky and Beth Benton, Laurie Sides, Janis Hutcheson, Donna Bishop and Dina Heard.

### View from the Library

By BRICK AUTRY Librarian

**ATTENTION:** Here is a news bulletin from the Texas State Library:

Young readers at Rhoads Memorial Library will be among more than 100,000 young Texans who'll be taking

a "Jungle Journey" this summer as participants in the Summer Reading Club. Sponsored jointly by the Rhoads Memorial Library and the Texas State Library, the Reading Club encourages readers to use the recreational and informational materials they can find at the library.

**POSTERS,** reading logs, and bookmarks this year feature jungle animals. Each participant will receive a reading log on which to record what he or she has read. In addition to the list of books each reader compiles, the log includes a pair of crossword puzzles and a maze.

Summer is always the busiest time of the year for the children's collection in public libraries. Whether summer reading is entirely for entertainment or is also for information, it's different from the required reading that students must do during the school year. At the same time, however, it builds valuable reading skills.

During the summer many libraries also plan special activities. Rhoads Memorial Library will have films at 3 p.m. on Fridays and a Story Hour at 1:30 on Fridays. There also will be puppet shows and they will be announced.

**I HAVE** also been asked to report the following: The Rhoads Memorial Library has received a gift from Alice K. Klegberg Fund of Kingsville. The library got a gift copy of the book "The Golden Free Land - Reminiscences and Letters of Women of the American Frontier" by Crystal Sasse Ragsdale. The book is 200 pages and an extensive bibliography and notes.

The book is a collection of rare personal narratives and letters as related by 10 German pioneer women who lived in the Texas frontier from 1832-1888. Mrs. Ragsdale, the author, spent 10 years locating, researching and editing these first-hand stories.

Summer Reading began June 7. We already have many club members. All are invited to attend. Come see our jungle.

### Sunnyside

## Delegation flies to hearing

By TEENY BOWDEN

Gale Jones and Lee Brown were married Saturday night in the First Baptist Church of Springlake. Rev. Raymond Jones performed the impressive double ring ceremony. Mrs. Gale Sadler was at the piano. Lynn Brown and Mike Jones were groomsmen. Billy O'Hair of Earth was the best man. Karen Jones and L'Anna Sulser were bridesmaids. Sharon Jones was the maid of honor. Lynn Brown and Karen Jones were also the candle lighters. Lonnie Wilson was one of the ushers. Mrs. Hershel Wilson and Mrs. Ed Dawson helped with the reception. Out of town guests included Mr. and Mrs. Earl Jones of Plainview, grandparents of the bride; Mr. and Mrs. E. R. Brown of Lubbock, grandparents of the groom; Mr. and Mrs. Hylton Brown and children of Plainview, Mr. and Mrs. Bud Woodward, Nancy Copeland and Jennifer of Lubbock, Mr. and Mrs. Jim Bob Swinney and Dawn of Lubbock. After a honeymoon at Greenbelt Lake the couple will make their home in Plainview, where he will finish court reporting school.

**CHARLES** Axtell, Mr. and Mrs. Gerald Graham, Mr. and Mrs. Orville Cleavinger, Mr. and Mrs. Gale Sadler, Mr. and Mrs. Embree Roy Sadler and Mr. and Mrs. L. B. Bowden were part of a group of 111 who chartered a plane at their own expense and flew to Austin Thursday to appear before the Texas Water Board as they made a ruling on a permit for weather modification. The limited permit was better than no permit, and the group did accomplish an adjustment on the agenda. The weather modification decision was number 12 on the agenda, but they took it first due to the large group and the distance they traveled to attend the hearing. The group also visited the governor's office, and signed the register asking him to veto Senate Bill 632.

Gale Sadler, Charles Axtell, Gerald Graham and L. B. Bowden attended the Better

Weather Inc. meeting in Earth Tuesday night to discuss whether or not to go to Austin.

There were 46 registered at the Vacation Bible School preparation day Saturday. Those present enjoyed a picnic lunch at the park at noon. Commencement will be Friday night at 8. Everyone is invited.

**J. C. HOLBROOKS** was admitted to Plains Memorial Hospital in Dimmitt about noon Friday with broken ribs and bruises after a tractor accident. He was working on a drainage ditch near the bar ditch between their house and the Ricky Little house. When he looked back to see what he was doing the tractor front wheels got too close to the bar ditch embankment and overturned. The tractor landed in the bar ditch and he was thrown onto the pavement. Ben Montiel saw the accident and with Ronnie and Roy McGowen helped get him into his car and Mrs. Holbrooks took him to the hospital. He was still undergoing therapy Sunday.

**R. E. Duke** was admitted to Plains Memorial Hospital Thursday after suffering a light stroke in South Hills Manor. He is recovering satisfactorily.

**Milburn Haydon** and Gayland Burns of Sudan delivered a church bus from Plainview to the Baptist Church at Roma on the Gulf Coast Monday. The church at Roma bought the bus for a much needed ministry on faith. They returned home Friday.

**Mr. and Mrs. Noah Spencer** attended the funeral services of Mrs. Alma Gamblin, mother of Nacomas Gamblin of Sunray Sunday in Yantis. She was 91 and had been in a nursing home in Dumas the last year or two.

**Mr. and Mrs. John Graham** returned home from a two-week visit in Ohio with relatives and friends and attended the graduation exercises of a granddaughter there.

**MR. AND MRS. J. C. Holbrooks** attended the graduation exercises of their grandson Kevin Henderson in Plains, Kan. the 16th and visited a few days with the Ronald Hender-

son family. They attended the graduation exercises of another grandson Haydon Walling in Bovina last Friday night. Tiny Walling and Shane of Grand Junction, Colo. also attended the exercises and spent last Saturday night with Mr. and Mrs. Holbrooks.

**MR. AND MRS. Cliff Brown** and Lynn spent last weekend at Greenbelt Lake. Mr. and Mrs. Jim Bob Swinney and Lee Brown joined them Sunday.

**Tommy and Michael Graham** and Clint Dawson attended the dinner for youth at the First United Methodist Church in Earth Sunday.

**Patricia Parson of Friona** spent the weekend and will spend the week with Mr. and Mrs. Thomas Parson and children to attend VBS with them.

**Mrs. Noah Spencer** took her mother Mrs. V. E. Bearden of Hart to Plainview Tuesday and again Saturday for tests.

**MR. AND MRS. Harold Waggoner** and Aila of Roswell arrived Thursday night to spend the weekend with his parents, Mr. and Mrs. Euleless Waggoner and his brothers, Eddie and Winston Waggoner and his family. Mr. and Mrs. Alan Jackson of Midland joined them Friday night, and Mrs. Jesse Pharis, Randy, Russell and Kyla of Midland and Dr.

**Mrs. Michael Tinsley** of Canyon and Mrs. Ralph Hill and Kyla of Hereford visited last Saturday with Mr. and Mrs. Noah Spencer and with Mrs. V. E. Bearden of Hart.

**Mr. and Mrs. Cliff Brown** and Lynn spent the day Sunday in Lubbock with Mr. and Mrs. E. R. Brown and other members of the family to help Mrs. Brown celebrate her birthday.

## DEKALB'S NEW SX-7+

### Greenbug Resistance in a Summer Forage

Kenny Brockman

Ladonna Brockman

Cheryl Hartman

### Nazareth delegates named for Boys and Girls State

Chris Book and Kenny Brockman of Nazareth left Wednesday afternoon to attend the Boys State Convention in Austin, which began today (Thursday). They are being sponsored by the Nazareth American Legion Post.

**THE NAZARETH** Legion Auxiliary Unit will send Ladonna Brockman and Cheryl Hartman to the Girls State Convention in Seguin Tuesday.

Traveling on chartered buses, the groups will spend one day each visiting the Capitol Building in Austin. Other activities will include learning the fundamentals of government, with students organizing into cities and counties and then conducting campaigns to run for various local, county and state "offices".

Book is the son of Mr. and Mrs. George H. Book. He has been nominated to "Who's Who in American High Schools" and has maintained an A average during his three years at Nazareth High School.

Active in sports, he has lettered the past two years in football, and last year played on the varsity basketball team. Recently he placed second in the Catholic State League essay contest. He plans to pursue a career in science.

Brockman, son of Mr. and Mrs. Jerome Brockman, was president of the Junior Class at NHS. He is involved in FFA

and the Catholic Youth Organization. Named to Who's Who and the Society of Distinguished High School Juniors, he was active in football and track and participated on the Learn and Live Team in Amarillo.

**MISS Brockman**, daughter of Mr. and Mrs. Ernie Brockman, has maintained a high scholastic standing her three years at NHS. This last year she served as Junior Class secretary, head twirler, and a member of the Class B State Championship girls basketball team. For the next school year she has already been named head cheerleader, CYO president, student council representative and FHA treasurer.

As a freshman she was class secretary and a regional qualifier in the 880-yard run. Her sophomore year she was a twirler, FHA secretary, CYO historian and a regional qualifier in science. She is listed in Who's Who and in Distinguished Students.

**Miss Hartman**, daughter of Mr. and Mrs. Albert Harman, has a great interest in sports evidenced by the many honors she has won, including being named to the All-district basketball team two years, Most Valuable Forward in the district, All-regional, All-state forward, All-state tournament team and High School all-Am-

### Tractor pull is announced at Tulia

A tractor pull sponsored by the Swisher County Activities Association and the Plainview Young Farmers will be held Saturday at 7 p.m. and Sunday at 1:30 p.m. at the Cobb-Wheeler-Mote Arena east of Tulia.

**ALL AREA** farmers are invited to bring their tractors that fit either the 7,000 pound local stock (1959 and older tractors) or 15,000 pound local stock classes and participate in the pull. Trophies will be given by Tulia and Plainview merchants.

Everyone is invited to come to the pull and see the modified stock and super stock tractors pull. Some of the modified tractors will use the power of two engines.

The Home Demonstration Council of Swisher County will operate the concession stand. Admission is \$4 for adults, 12 for 12 and under, and preschoolers are admitted free.

### 15—LEGAL NOTICES

#### NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF HENRY JOHN KUPER, DECEASED

Notice is hereby given that original Letters Testamentary upon the Estate of Henry John Kuper, Deceased, were issued to me, the undersigned, on the 6th day of June, 1977, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such Letters. All persons having claims against said estate, which is being administered in the County of Castro, are hereby required to present the same to me, respectively, at the address below given, before the general statutes of limitation, before such estate is closed, and within the time prescribed by law. My residence and mailing address is P. O. Box 51, Summerfield, Texas 79085, being in the County of Castro, State of Texas.

DATES this 6th day of June, 1977.

erican, all in basketball. She also was a state qualifier this year in the mile run and a regional qualifier in the high jump for two years in a row. For the coming year she has been named fifth vice-president for the FHA and secretary of the CYO.

Jose M. F. Lombrana

### City woman's brother dies

Funeral services for Jose Maria Falcon Lombrana, 55, of Tipton, Calif., brother of a Dimmitt woman, were conducted Friday morning in Our Lady of Guadalupe Catholic Church after rosary services last Thursday in a mortuary chapel at Delano, Calif.

**REV. RAY** Tittle and Rev. John Foster officiated. Burial was in North Kern District Cemetery.

Mr. Lombrana died May 31. He was born at Sonora, Tex., and was a World War II army veteran. He was assistant foreman of Alina Farms at McFarland, Calif., for nine years and lived the last six years in Tipton.

Survivors include his wife; two daughters, Lydia and Socorro, and a son, John, all of Delano; five sisters, Margarita Lopez of Dimmitt, Leonor of San Angelo, Ruth of Plainview, Lupe of Odessa and Alejandra of Sweetwater; four brothers, Petacio and Caetano of San Angelo, David of Junction and Manuel of Wilcox, Ariz.; and five grandchildren.

### Nazareth's LL starts its season

Action began last week in the Nazareth-Happy Little League, which includes three teams from Nazareth and two from Happy.

**TEAMS** and their coaches are: Dodgers, Elmer Schulte; Astros, Joe Drerup and Ralph Albracht; Rangers, Fred Acker and Edwin Huseman; Braves, Pat Sims and Jim Judah; Chiefs, Ricky McPherson and Billy Taylor.

Games are played on Tuesdays and Fridays, all beginning at 8 p.m.

The schedule for the coming week: June 10, Braves vs. Astros at Happy, Dodgers vs. Rangers at Nazareth; June 14, Chiefs vs. Dodgers at Happy, Astros vs. Rangers at Nazareth; June 16, Braves vs. Rangers at Happy, Astros vs. Chiefs at Nazareth.

## Wording of mobile-home ordinance spurs dispute, headache for city

The city's mobile-home ordinance, adopted last year, allows "one mobile home per platted lot within the Original Town of Dimmitt."

**BUT IT** doesn't say anything about half-lots, or about minimum frontage for mobile homes.

That omission led to a headache for the city commission at its Monday night meeting as neighboring property owners brought a mobile-home feud before the commission for a ruling or clarification.

Mr. and Mrs. James Slough, 303 NW Fifth St., told the commission that they and Mr. and Mrs. Clyde Vick own 1½-lot parcels next to each other, and asked that Vick be prohibited from placing a mobile home on his extra half-lot.

Vick argued that a mobile home can be placed on the half-lot and still comply with the city's requirements on setback clearances from the property lines.

"I DON'T usually meddle in other people's business, especially where it concerns a person's private property," Mrs. Slough said, "but this, I feel, infringes on my private property and safety."

Vick told the commission that his son and son-in-law—who are mobile home dealers—placed the mobile home on his half-lot "overnight... until they could move it on." But, he

said, "There was so much hell raised about it that we decided just to leave it there."

Vick said he hadn't decided yet whether to place a mobile home on the property permanently, but defended his right to do so.

"I THINK the main problem here is a prejudice against them, too, until I got into the business and could see the other side of the matter—the problem of finding a nice place to put them."

City Attorney Jack Edwards said the wording of the ordinance would allow Vick to place a mobile home on his half-lot, although that wasn't the intent of the ordinance.

"I think the intent of the city council was to require 50 feet of frontage for each mobile home," Edwards said, "but that isn't what the ordinance

says."

**HE ADDED** that under the ordinance's present wording, the placement of a mobile home on half of a lot by one owner would simply prohibit the owner of the other half-lot from putting a mobile home on his half.

The platted lots in the Original Town of Dimmitt are all 50x150 ft.

Edwards recommended that the commission "amend the ordinance to require a 50-ft. frontage for a mobile home," but said the amendment couldn't become law until July 1 because of the legal requirements for publicizing a change

in the zoning code before final adoption.

**EDWARDS** said that Vick could still locate a mobile home permanently on his half-lot under the present ordinance before July 1, and that it would then constitute an "existing situation" to which the amended ordinance would not apply.

After a long, sometimes-heated discussion, the commission adopted a motion by J. R. Brown to amend the disputed portion of the mobile-home ordinance (Section A, Ordinance 4-194) to require 50 feet of frontage for any mobile home in the Original Town of Dimmitt.

### Texas sales total rises

State Comptroller Bob Bullock reported Friday that gross sales in Texas for the last three months of 1976 exceeded \$43.3 billion, raising the total for the year to \$142.4 billion.

**THIS IS** \$27.5 billion more than the total for calendar 1975, an increase of 23.9 percent, Bullock noted.

The computer analyses released by Bullock break down reported gross sales by county and by Standard Metropolitan Statistical Area (SMSA).

The totals for the state's 25 SMSA's are further divided into 21 different classes of sales, such as agricultural, mining, manufacturing and retail.

Harris County, the state's most populous, again led the state with gross sales totaling \$11.2 billion. Dallas County recorded sales of \$7 billion, Tarrant \$2.5 billion and Bexar \$1.9 billion.

The figures are based on reports from 287,672 business outlets holding sales and use tax permits.

### Dimmitt man named in Jackson column

Carlos Calvert of Dimmitt was mentioned recently in a front page column in the Jackson Daily News.

**JIMMY WARD**, in his "Covering the Crossroads" column, said, "The story about Old Blue, the legendary dog of Ole Miss fame that was printed here again several days ago, is gaining fame. Word comes from Carlos Calvert of Dimmitt that Old Blue is the topic of one of his speeches. Calvert, a farmer and humorist, says Texas may have larger tomatoes, but Mississippi raises smarter dogs."

### Seniors at Hart receive awards

Scholarships and awards were presented to Hart High School seniors at the close of the school year.

GARY Jackson received three awards, one from the Lions Club, also the "I Dare You" award which he shared with Lisa Nelson, and the American Legion Medallion award, with Jana Mapp as the girl recipient. She also was given the Zealot Club scholarship.

The faculty scholarship went to Larry Davis, the Perry Foundation science award to Charles Ray Jones, the Chi Psi award to Berto Minjares and the Xi Mu Iota award to Bryan Irons.

Junior high students also received American Legion awards, which went to Tamara Bowden and Chad Black.

**POTENTIAL LIFESAVERS**—Ten members of the Castro County Lucky 7 CB Club completed the American Heart Association's cardio-pulmonary resuscitation [CPR] course here last week, and are now qualified to perform basic life-support procedures for victims of electrical shock, drowning or other accidents that cause stoppage of the heartbeat or breathing. Jerrold Welborn [standing, rear], cardio-pulmonary technician at Plains Memorial Hospital, conducted the six-hour course in the hospital's classrooms, using training aides

provided by the American Heart Association and the hospital. Here, course graduates show their "vest patches" and certificates that depict their completion of the training. From left are CCL7 members Roy Leingang, Janice Talley, Kenneth Talley, Robert Woolbright, Rose M. Woolbright, Mildred Washington, E. L. Washington, Kay Mansell, Ron Dahlquist and Raleigh Strother.

### Hearing Tests Set For Dimmitt

DIMITT — Electronic hearing tests will be given at the Senior Citizens Center on Wednesday, June 15 from 10:00 to 2:00 p.m.

Factory-trained Hearing Aid Specialists will be at Third & Lee to perform the tests.

Anyone who has trouble hearing or understanding is welcome to have a test using the latest electronic equipment to determine if his loss is one which can be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will be shown.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the latest methods of hearing correction can help them hear better.

The free hearing test will be given Wednesday from 10 a.m. to 2 p.m. at the Senior Citizens Center. If you can't get there on Wednesday, call 647-2654 and arrange for an appointment at another time. In-home testing is also available.

### Sgt. Varner in fleet exercise

Marine Staff Sergeant Marcus J. Varner, son of Berty F. Varner of 802 W. Andrews, Dimmitt, recently participated in the major NATO exercise "Dawn Patrol '77" in the Mediterranean Sea.

HE IS serving as a member of Marine Composite Helicopter Squadron-261, homebased at the Marine Corps New River Air Station in Jacksonville, N.C. his unit is the aviation element of the 32nd Marine Amphibious Unit, which is the force-in-readiness for the US Sixth Fleet.

"Dawn Patrol '77" was a two-week exercise designed to test the ability of NATO forces to provide rapid reinforcement of southern Europe. US Sixth Fleet units joined with naval, air and land forces from Italy, Turkey, the United Kingdom, the Netherlands, Belgium and West Germany for the exercise. Varner attended East Carolina University, Jacksonville, N.C., and joined the Marine Corps in May 1970.

### Small Talk

By SUE COLEMAN

With the car windows open these nice spring mornings as I drive to work down the highway, I get a bonus in being able to hear the field larks whistle along the way.

IN FACT there is quite a lot of interesting wildlife that you notice when you travel the same route day after day. Mostly it is birds, since you don't see rabbits much any more in this country and we never were overrun with buffalo in this century.

The huge flocks of small black birds that wheeled and settled over grain fields all winter are gone now—presumably north with the ducks and geese. But there is a stray duck or two occasionally, beating across above the highway on a misty morning in very picturesque fashion.

There are plenty of sparrows, of course, and a lot of black birds with bright orange spots on their shoulders, that perch on top of fence posts or the tallest branch of any bush or weed in sight.

NOT WILDLIFE, but very interesting animals are more or less steady occupants of farms along the highway. At the Arthur Clark place there is a succession of yearlings in the pasture on the slope, and usually a horse or two—right now a white and a buckskin.

Last year a mare and colt occupied a pasture south of the Jim Elder place but there are only cattle now.

At the Simpson farm there are the Holsteins that appear to be posing for the "contented cow" ads we used to see, and at a mobile home near there, a single calf is usually tied, grazing.

This side of the Elder place, a yard holds a bunch of white ducks, waddling about with a couple of small black-and-white dogs. And in the edge of town at the Robb Pump yard, a big watchdog has a brand-new house. They're all nice to get acquainted with—in passing.

### Pirates, Nazareth are BRL winners

Coming on in relief after the Giants had tied the score with three runs in the fifth inning, Terry Mixson set the Giants down in order the last two innings for an 8-6 Pirate victory in a Junior Babe Ruth League game Monday night.

ROBIN RYAN was the leading hitter for the Pirates and Henry Ogas for the Giants. Zeke Garcia started on the mound for the Pirates and gave up three runs before he was relieved.

The game left the Pirates with a 3-1 record for the season and the Giants 1-3.

The Tigers had fallen to the Pirates in a Thursday contest last week as Ryan and Mixson pitched and hit for a 7-5 win. With four innings on the mound, Ryan was credited with

the victory. LARRY Espinosa gave up only three runs in five innings as he took the loss. He led Giant hitters with a triple and a double, scoring two runs.

Another Monday game at Nazareth was a wild one with the Giants committing too many errors and walks against the free-hitting Nazareth Aztecs and winding up on the losing end of an 18-11 score.

After the game the Aztecs were 3-0 in standings and the Giants 1-2.

CHRIS Schulte was the winning pitcher and Doyle Williams the loser. D. Acker, Jeff Schmuicker and V. Huseman led the Nazareth hitting attack. Ogas and Leroy Ramirez the Giant hitters.

Babe Ruth League games scheduled today (Thursday) match Giants vs. Tigers at Nazareth, Pirates vs. Nazareth at Dimmitt.

Monday games will put the Tigers against the Pirates at Nazareth, Giants against Nazareth at Dimmitt. All games begin at 8 p.m.

PEOPLE are like stained glass windows. They glow and sparkle when it is sunny and bright; but when the sun goes down their true beauty is revealed only if there is a light from within.

ISN'T it odd how each family on Main Street wonders how its neighbors can consistently live beyond their means?

### Sorghum producers will elect board Sept. 15

Grain sorghum producers in a 29-county area of the Texas High Plains will elect four members to the Texas Grain Sorghum Producers Board Sept. 15.

TERMS OF four current board members expire at that time. They are C. C. Reed of Kress, Worth Jones of Happy, Lee Hill of Dalhart and A. R. Dillard of Hereford. All incumbents are eligible for reelection to the 6-year, non-salaried position as long as they are bona fide grain sorghum producers.

Any person in the 29-county TGSPB area who produces grain sorghum and pays the board assessment is eligible to vote, including owners of farms and their tenants and sharecroppers. Any person eligible to vote is also eligible to make nominations for director.

Qualified persons wishing to have their name placed in nomination for membership on the board may do so by application to the organization, signed by himself and 10 others who are also eligible to vote.

APPLICATION must be filed by Aug. 15, at the TGSPB office, 1708-A 15th., Lubbock 79401. Forms are available at that office.

Ballots will be mailed to voters and must be returned to the TGSPB office by Sept. 15. Any person qualified to vote who does not receive a ballot by Sept. 2, may obtain one at his local county agent's office.

Counties involved are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall Sherman, Swisher, Terry and Yoakum.

# Mooney-Wohlgemuth vows spoken in church wedding

The marriage of Janet Lynn Mooney, daughter of Mr. and Mrs. Bob Mooney, and Jon Max Wohlgemuth, son of Dr. and Mrs. J. E. Wohlgemuth, was solemnized in an early afternoon ceremony Saturday at the First Presbyterian Church.

REV. ED Manning read the service in an altar setting of yellow daisy pompons and fresh foliage arranged with candelabra. The ceremony closed with lighting of the unity candle by the couple.

Theresa Adams of Austin was the bride's only attendant and Gene Veals of Houston was best man. Serving as ushers were the bride's brother, Joe Mooney, and Lee Stokes.

The bride's sister, Mrs. Gerald Davis of Amarillo, was the organist and Kimberley Pegram the vocal soloist who sang "Love" and "Wedding Song" as a prelude to the exchange of vows. Processional music was "Maria's Wedding March" from "Sound of Music."

WHITE organza made the bride's gown. Its empire bodice had a cameo neckline and lantern sleeves. Cuffs and waistline were accented with lace inserts. The layered skirt was gathered to the bodice.

She wore a picture hat encircled with daisies and carried a bouquet of yellow miniature roses intertwined with greenery, babybreath and ribbon tufts.

The maid of honor was dressed in yellow, wore a crown of babybreath in her hair and carried a single long-stemmed yellow rose.

A reception in the Castro County Country Club followed the wedding. A bouquet of daisy pompons decorated the table where the wedding cake and punch repeated the yellow and green colors.

THE BRIDE'S sisters, Mrs. Gary Moore of Sunray, Mrs. Ted Burnett and Mrs. Rick Bell presided at the table. Meredith Hooper also assisted at the reception.

Leaving on a honeymoon trip, Mrs. Wohlgemuth wore a jump suit in yellow with a multicolor striped yoke. After this week the couple will be at home in the Cambridge Apartments at Canyon.

The bride will attend Canyon High School in the fall and the groom will be a student in

MRS. JON MAX WOHLGEMUTH  
... Formerly Janet Lynn Mooney.

West Texas State University.

She has been attending Dimmitt High School. He is a DHS graduate, has attended WTSU and was employed by Higginbotham Bartlett Co. the past

year and a half. He is employed with Carroll Vaughn of Canyon.

Preceding the wedding, the rehearsal dinner was held at the Colonial Inn Friday evening.

## Visiting fiancee feted at shower

Charlotte Uecker of Dallas, fiancee of Ron Huckabay, was a visitor in Dimmitt on the weekend and was complimented with a bridal shower Saturday afternoon in the home of Mrs. Durward Patterson.

THE HONOREE'S mother, Anna F. Uecker, and her grandmother, Mrs. Robert Frazier, were here from Dallas to meet friends of the Huckabay family.

Other special out-of-town guests were Mrs. V. O. Newton, grandmother of the prospective groom, Mrs. Larry Blakeman and Lisa Perkins, all

of Lubbock; Mrs. C. C. Goodwin and Fonda Goodwin of Earth.

Mrs. Mike Perkins, sister of Huckabay, presided at the table which had a centerpiece of silver candelabra twined with yellow rosebuds and babybreath.

Mint julep was served from a hand-painted china punch set and other refreshments from matching china, all painted by Mrs. Janie Hastings several years ago.

Mrs. Patterson was assisted by 24 women of the hostess party.

## Socially Yours

### Irene's Ideas

#### Shine yard furniture

By IRENE KEATING

Outdoor furniture, which may include wrought iron, redwood, wicker or aluminum, should be checked and refurbished before heavy seasonal use takes its toll. Here are some methods.

**WROUGHT IRON** — Hose off with detergent or soap suds and rinse. Retouch nicks or chips with enamel paint to prevent rusting. If paint is cracked or peeling, remove it and traces of rust with steel wool or a stiff brush. Then wash with a metal conditioner, according to directions. Rinse and dry. Coat wrought iron with metal primer and then enamel. Maintain the finish by applying a metal-wax coating periodically.

**REDWOOD** — Remove dirt by vacuuming with a vacuum hose attachment, or by wiping with a damp cloth. If pieces are cracked or split, pry apart gently and work in waterproof glue. At least once during the season, seal redwood underneath and on top with a redwood sealer, which protects the wood against moisture, dirt and stains while restoring furniture to its original color. If the furniture needs to be refinished, apply a paint remover, rinse and allow to dry thoroughly. Since redwood scratches easily, sand away surface stains or marks with very fine sandpaper, wipe away any residue. Then apply clear or lightly tinted wood stain, a waterproof penetrating finish or a redwood preservative to bring back its natural color.

**ALUMINUM** is rust-resistant, but can become dull, pitted and dirty. Use a stiff brush dipped in detergent or soap suds to remove dust and dirt from aluminum frames, and polish with a steel wool soap pad and rinse. Dry with a clean cloth. Restore luster with auto paste wax. To remove discolorations, wash aluminum

with a metal conditioner, rinse and polish with steel wool. Wipe clean with paint thinner, then coat aluminum with a clear, non-yellowing acrylic lacquer.

**WICKER AND RATTAN** should be vacuumed thoroughly to rid surfaces of dust. Repair loose strands with waterproof glue. Tack into place with rustproof nails. When glue has dried thoroughly scrub wicker or rattan with a brush dipped in detergent or soap and warm water. Rinse and dry thoroughly. Spray with a coat of clear varnish. If badly stained, spray the furniture with outdoor enamel after washing.

Accessories or component parts — plastic webbing, plastic or canvas cushions and seats, hammocks — should also be either restored or replaced. Mend frayed or ripped areas, if possible, and wash webbing and seats with a sudsy brush or sponge. Rinse and dry.

### Mrs. Andrews earns degree

Carolyn Simpson Andrews of Hereford, a 1967 graduate of Dimmitt High School, received a BS-RN degree from West Texas State University's School of Nursing in commencement exercises in Canyon May 14.

MRS. ANDREWS is the daughter of Mr. and Mrs. M. L. Simpson of Dimmitt.

Her husband, Ronnie, farms in the Frio community, and they have two sons, Kyle and Jim.

MRS. SIDNEY BIRKENFELD  
... The former Peggy Book

## Birkenfelds at home after Las Vegas trip

Mr. and Mrs. Sidney Birkenfeld will be at home in Nazareth after a wedding trip to Las Vegas.

THE COUPLE was united in marriage in a formal, double ring ceremony Saturday afternoon in the Holy Family Catholic Church at Nazareth, with Father Stanley Crociola officiating.

The bride is the former Peggy June Book, daughter of Mr. and Mrs. George H. Book of Dimmitt. Parents of the groom are Ida Birkenfeld and the late Harry Birkenfeld of Nazareth.

The bride, given in marriage by her father, was attired in a full length lace dress with train, scoop neckline, long lace sleeves and a satin bodice which was adorned with sequins. A white headpiece held the fingertip length veil.

THE MAID of honor was Karen Book of Bay City, sister of the bride. Bridesmaids were

Jackie Book of Arlington and Kelly Book of Nazareth, both sisters of the bride, and Camille Sinclair of Yuma, Ariz., cousin of the bride. They all wore full length dresses in pastel eyelet. Ruffles fringed the hems and necklines. Picture hats and baskets of daisies completed each outfit.

James Birkenfeld of Denver City, brother of the groom, served as best man. Groomsmen were Nick Book of Nazareth, brother of the bride, Gerald Brockman of Lynch, Wyo., brother-in-law of the groom, and Roger Gerber of Nazareth.

Gayle Book, Loretta Book and Roxanne Birkenfeld served as candlelighters. Joshua Book was ring bearer and Audrey Brockman was flower girl. Ushers were David Olvera, Mick Gerber, Raymond Huseman and Virgil Brockman, all of Nazareth.

Mary Wilhelm played the

## Singers invite homefolks to hear concert

The concert program which the Hereford Chambers Singers will present in Romania next month will be previewed for home folks at the Hereford High School auditorium at 8 p.m. June 30. The public is invited, with no admission charge.

INVITED to visit the East European nation and sing in an international exchange program, the Chamber Singers is a chorus made up of area residents, including Dr. and Mrs. B. D. Murphy of Dimmitt.

After it was invited to make the trip to Romania the chorus has raised funds in a variety of projects. The concert this month will be a "thank-you" gesture to all those who are making the trip possible.

Bill Devers will direct the singers in the selections they will present in Romania, including a traditional patriotic song of that country which they are learning in the Romanian language.

The Chamber Singers are to leave July 14 on the trip, their second to Europe. They have previously sung in England.

organ as Mrs. Pat Brockman sang "Twelfth of Never", "Heart of Jesus", "Love Theme from Dr. Zhivago" and "Wedding Prayer."

Following the ceremony a reception was held in the Nazareth Community Hall, decorated in pastel colors. A meal was served.

THE BRIDE is a 1973 graduate of Nazareth High School, and just graduated from the WTSU School of Nursing. She plans to start working at Swisher Memorial Hospital in Tulsa.

The groom graduated from Nazareth High School in 1971 and is employed by the Amstar Corp. in Dimmitt.

DON'T throw away small kitchen utensils or dishes before you consider the possibility of using them for attractive containers for small plants.

# The Beef Referendum

## What it is.

Soon you'll have an opportunity to vote on the beef research and information plan. Here are some facts to consider.

It's a self-help program. If the beef business is going to get more profitable, producers themselves are going to have to make it more profitable. The beef referendum provides the tools—promotion, research, foreign market development, marketing information—to do the job.

It's producer-controlled. The plan will be run by a Beef Board made up of cattlemen who have been recommended by their fellow cattlemen. Every state or region will be represented in proportion to its beef production.

It's fair. The investment needed for the program is provided by a collection of just 3/10's of 1% on the sale of each animal. It's based on a "value added" system that guarantees each person pays only his fair share.

It's needed. The beef industry's present research and information effort is inadequate by any standard. We spend a small fraction of what many other, smaller commodity groups spend (e.g. cotton, citrus, dairy, soybeans). The referendum will generate the \$30 to \$40 million a year needed to solve our problems and strengthen our markets.

It's accepted. Nearly 90 producer organizations endorse the program. During a series of six public hearings held by USDA, 150 beef and dairy leaders spoke out in favor of the program; only 6 against.

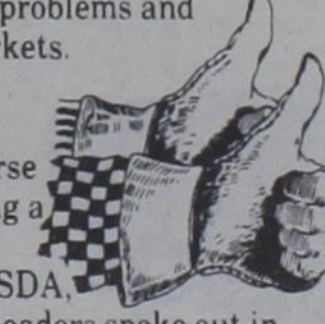

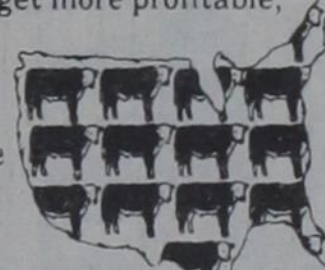

## What it isn't.

It's not a government program. This is a producer program. Producers wrote the law. Producers are paying for the referendum through voluntary donations. And producers will run the program from day one, once the referendum passes. The government's involvement is limited: The Secretary of Agriculture formally appoints the Beef Board members, who are nominated by producer organizations; he is also responsible for seeing that the money is spent according to producer wishes, as set out in the law.

It's not a tax. The program is voluntary. The collection is automatic. But if anyone, for any reason, doesn't want to participate, he can ask for a refund and get it promptly. With no red tape. That's the law.

It's not just an advertising program. The program is comprehensive. Some of the money will go for consumer education. Some for foreign market development. Some for production research. Some for new product development. Some for improving marketing and distribution. And some for advertising and promotion—whatever producers, through the Beef Board, decide they need.

It's not just for the big guy. Beef Board members will be both big producers and small, from all across the country. Cow-calf operators. Farmer-feeders. Stocker operators. Feedlot people. Dairymen (dairy cattle account for 20% of beef production). This program will help every body. Now, it's up to you. Register at your ASCS office. Then, vote "yes" in the beef referendum.

# Research proves insecticides effective against corn borers

Lorsban, Furadan and Azodrin insecticide sprays will do a good job of controlling Southwestern corn borer when applied in late July and early August. Three years of research by Norris Daniels, Texas Agricultural Experiment Station Entomologist at Bushland, proves this. These insecticides have increased corn yields up to 40 bushels per acre at the USDA Southwestern Great Plains Research Center.

**NORRIS DANIELS**  
... Checking for corn borers in research project

"I USED to think spraying insecticides to control corn borer was a waste of money, but these three new insecticides changed my mind," Daniels said. "The field research is done and farmers can use the spray if and when EPA grants the labels," he continued. Granular Furadan at one pound per acre is the only foliar treatment labeled for corn borer control that Daniels tested in 1976.

In 1976, some other ideas that looked good were tested. Sidedress application of Furadan granules at layby gave good corn borer control. Sidedressing with Furadan not only controlled corn borers in the crop but a few borers that managed to get into the corn were killed during the winter by insecticides in the soil. According to Daniels, this treatment has potential use in no-till corn.

As part of a long term research program, Daniels evaluated several possible methods of controlling corn borer in 1976. He applied foliar sprays to separate plots on either July 16, Aug. 6 or Aug. 13. In another study, foliar sprays were applied on July 26 and repeated to the same corn Aug. 6.

He also applied the first spray on July 26 and the second on Aug. 13.

In another study on July 28, he compared broadcast application of granular Furadan and granular Lorsban. Daniels tested another idea when he compared furrow application of granular Furadan one inch deep over the seed at planting with sidedress band application 1.5 inches deep beside the plant row when corn was 20 inches tall.

In experiments where insecticides were sprayed on three dates, yields with Furadan,

Azodrin and Lorsban ranged from 105 to 116 bushels per acre. This compared to 88 bushels per acre for untreated corn. Spraying twice on July 26 and again on Aug. 13 with Furadan at 0.5 pound per acre produced 132 bushels of corn per acre.

"OUR insecticidal sprays in 1976 increase our confidence in Lorsban, Furadan and Azodrin for controlling corn borers at a profit," Daniels said.

Granular applications of Furadan and Lorsban broadcast at one pound per acre on July 28 reduced borer infestation to 30 percent. Untreated corn was 72 percent infested in this study. This control increased corn yields from 98 to 114 bushels per acre. Granules that fall on plants last longer than small spray spots and control insects for a long time after application, Daniels explained.

Furrow applications of Furadan at planting reduced borer infestations about 50 percent and increased corn yields about 20 bushels per acre. Sidedress application in a band 1.5 inches deep beside plants when corn was 20 inches tall was more effective. At harvest, untreated plants were 75 percent infested. Rows sidedressed with two pounds per acre of Furadan were only 15 percent infested. The treatment was so effective only three percent of the corn lodged because of borer in-

festation. Sidedressing 20-inch corn was more effective than treating at planting because more chemical persisted until August when borers struck.

Control with this treatment carried over to the spring of 1977. None of the stalks had live larvae in March. Daniels is optimistic about the new treatment because none of the larvae in infested stalks lived over winter. At the present time disking or disturbing corn stalks with tillage is the only way to destroy overwintering larvae, according to the scientist. This chemical treatment has the potential of controlling the southwestern corn borer in no-tillage corn.

IN 1977 farmers will have to rely on granular applications of Furadan to control Southwestern corn borer. "Research shows good prospects for more profitable control with Lorsban, Azodrin and Furadan sprayed in late July to mid-August," Daniels said.

business and industry

**On Wall Street**  
By Bob Hill  
A. G. Edwards & Sons, Inc.

The law of diminishing returns applies tremendously to home security. With a little expense, you can discourage a high percentage of housebreakers. A fancier, more expensive home security rig will only give you a little more protection.

According to FBI figures, few house robbers are skilled professionals. More than half of them are under the age of 18 and 85% are under 25. In most cases these housebreakers are looking for easy pickings, not a nasty face-to-face meeting with a scared homeowner.

Your best protection when you go on vacation is a "house sitter". Your house should have an occupied-at-the-moment look. Next best is having a neighbor check in often and most people will do that for nothing.

A neighbor should stop by daily to collect newspapers and mail. Window shades should be repositioned, lawn furniture should be moved and evidence of signs of life should be obvious. The "schedule" and locations of timers attached to lights, radios or air conditioners should be changed.

IF YOU can't have someone change the appearance of the house, your attempts to get the "occupied-at-the-moment look" won't be very convincing. In fact, even the dumbest of burglars can quickly spot all the unoccupied houses on a given street. Stop mail deliveries, and a would-be thief can get an idea who's on vacation in the area merely by

shadowing the mailman for a few blocks. If you put a timed light in the window, your local housebreakers will guess you're out of town simply by watching it go on and off at the same time two nights running.

An empty garage says you're away, and so does a row of empty garbage cans. On a sweltering day or night in most

plush suburbs, an air conditioner that isn't running is almost a sure indication that nobody is home.

ANY SIGN of good security can slow down housebreakers. An alarm bell on the outside of

the house can help, and so can outside lights, good locks, fences—even stickers that say a house is protected. Police often recommend makeshift alarms before going on vacation.

## Proposed Hart school building plan studied

Preliminary drawings of a proposed 700-seat auditorium and a kindergarten building for the Hart Independent School District were presented to the Hart Board of Education in a special meeting last week.

BOARD members studied the drawings submitted by Herman Rihard of Rihard, Huckabee and Donham of Lubbock. The additions to the Hart school plant are being considered for a possible building program.

In other action the board: Accepted the resignations of Mr. and Mrs. Kenny Barnes, who will take teaching and coaching positions with the Hereford schools, and Janina

Johnson. APPROVED Insurational's student accident insurance program for the 1977-78 school year.

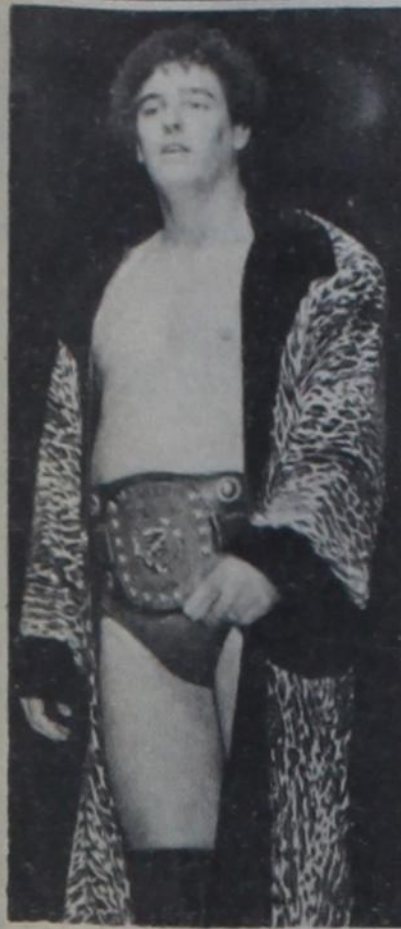

Approved carryover of sick leave from year to year for teacher aides and secretaries, as teachers are presently able to do.

Gave the Farmers State Bank approval for the depository bond pledge contract from Sept. 1, 1977 to Sept. 1, 1979.

Approved \$3,055 for equipment and tools for the vocational agriculture program with matching federal funds. The school will pay 32 percent and the Federal government 68 percent of the cost.

**DORY FUNK JR., FORMER WORLD CHAMP**

... Will try for Western crown

ors, he was an All-American in two sports, wrestling and football—the first to attain the double honor in the school's 100-year history. Since turning pro he has won and held many regional titles.

With the opening bell at 8:30 p.m., two top-flight competitors will square off. Youngster Bobby Pico, with a little over three years on the pro mats, will have his work cut out for him when he challenges top-known promoter/wrestler Jerry Kozak.

PICO comes from a wrestling family. Both parents were well-known. His mother is a former top woman competitor, Anna Villa, and his father is Pancho Pico. His sister is current Texas Women's Champion, Miss Marie La Vern. Pico's credentials stack high, but so do Jerry Kozak's.

Kozak is one of the top contenders for both junior and

## Plant now for summer bloom

Texans are fortunate in having a number of flowering annuals available now that will withstand the often hot and dry summers.

"PLANTS such as marigolds, zinnias, periwinkles, cleome, portulaca, gloriosa daisies and globeamaranth brighten home landscapes quickly," says Dr. William C. Welch, landscape

horticulturist with the Texas Agricultural Extension Service. These will all tolerate full sun if grown in reasonably fertile, well-drained soil with sufficient moisture.

"For shaded areas, choose from impatiens, begonias, caladiums or coleus," suggests the horticulturist.

## Wrestling scheduled at Expo Center Monday

The Dimmitt United Lions Club will bring professional wrestling to Dimmitt Monday night. It will be the first matches held here in a number of years.

THE CASTRO County Exposition building is the site of the matches, which will get underway at 8:30 p.m.

There will be no advance ticket sales. Tickets will go on sale at the door the night of the matches at 6 p.m. All ringside reserved seats will be \$3.50, and general admission (bleachers) \$2.50. General admission tickets for children under 12

will be \$1.50. Amarillo wrestling promoter Jerry Kozak has signed a four-match lineup of noted competitors.

A BIG double main event has been confirmed. One of the mains finds two of the best of the sport squaring off. The Western States Heavyweight Championship will be up for grabs when Champion Doug Somers defends against another top-rated competitor, Super Destroyer.

Somers hit Texas at the first of the year, bringing an outstanding record. In short order he won the important top regional belt and has dominated it since. He hails from Minneapolis, Minn., and has built a successful career since first coming into the business just a little over three years ago. Using his 6-3 powerful frame of 240 pounds, the champion has been a success over many top-name foes.

FORMER International Champion Super Destroyer is one of the best around. He has retained the International title more than any other wrestler since it was established, classed as only second to the world trophy. The masked rival has attained a vast reputation through the mat kingdom and will be using his top condition and ring experience to try and dump Somers here.

A victory would push him a step towards the goal of gaining the International and World titles.

A lot is at stake for both champion and challenger in this one. DORY FUNK Jr., former holder of both the International and World crowns, is signed to fight Cyclon Negro. However, Funk Jr. was to make a bid for the World Heavyweight Wrestling Championship as recognized by the National Wrestling Alliance in Amarillo Wednesday night. Should the former titleholder win the world belt for a second time, he will be immediately off for Japan to fulfill the champion's commitments. Current World Champion Harley Race would finish out Funk's current commitments.

Cyclon Negro was watching the world bid closely, knowing either man will be tough competition. Negro claims the second highest prominence and distinction in professional wrestling as International Champion and will have to be prepared for Monday's match against either of two potential opponents. Both Race and Funk have an entirely different style in the ring. Negro knows them well due to past encounters, but both are unpredictable.

Dory Funk Jr. held the world crown longer than any other man in the history of the title. The soft-spoken Texan defended the title and belt before turnaway crowds, and was considered the most popular champion of an era. Since losing the belt, he has remained in the top 10 of world ratings.

HARLEY RACE of Kansas not only won the world trophy once, but twice, and with the added distinction of defeating the only brothers of a family to ever win the title. He took the title from Dory in Kansas City in May, 1973, making him the 55th champion. Then earlier this year in Toronto, Canada, he won the title from Terry Funk, being the 60th champion to be registered in the record books.

The South American Superstar will have to have it all together regardless of his opponents.

In the second match of the evening, popular Indian star

## ENERGY EFFICIENCY RATIO and AIR CONDITIONING

Maybe you've heard mention of or read about EER... but didn't pay too much attention at the time. EER stands for ENERGY EFFICIENCY RATIO and is a measure of the efficiency of various appliances or equipment in using energy. Some do the same job using less energy than others.

We have a booklet in our offices that's free for the asking. It's called "The ABC's of EER," and it briefly and simply gives you an adequate explanation of what EER means to you if you're about to buy air conditioning equipment.

It's at your Public Service office... ask for one.

**Dimmitt Agri Industries, Inc.,  
 expands its fertilizer service**

Dimmitt Agri Industries, Inc., is expanding its fertilizer department into a large, complete fertilizer center.

THE COOPERATIVE has purchased the Farmland Industries dry-fertilizer blending plant and incorporated it into the DAI fertilizer department.

And last week, Dimmitt Agri Industries hired a new fertilizer department manager to carry out the expansion program.

The new department manager is Mark Holloway, 35, who has been in the fertilizer business seven years. He was the manager of the agri-supply division of Taylor-Evans in Tulia before joining Dimmitt Agri Industries, Inc., last week.

HOLLOWAY'S office is in the dry-fertilizer blending plant just west of the cooperative's main elevators.

Raised at Anson, Holloway attended Tarleton State College at Stephenville, where he received an associate degree in agricultural education. He also attended Hardin-Simmons University.

In Tulia, Holloway worked with 4-H Clubs, was active in the Baptist Church, and was a member of the Swisher County Activities Association, which coordinates the county's annual livestock show, rodeo, and other community and youth functions. He is a member of the Masonic Lodge.

HE AND HIS wife, Stella, have two sons—Greg, 12, and Troy, 11. The Holloways are still living in Tulia until they can find a house here.

The fertilizer department of Dimmitt Agri Industries, Inc., provides soil analysis, sells anhydrous and custom-blended dry fertilizer, and has the application equipment for dry fertilizers.

When you need fertilizer service or consultation, see Mark Holloway at Dimmitt Agri Industries' fertilizer sales office in the dry-blending plant, or call him at 647-2564.

# DHS report cards out

Dimmitt High School principal D. W. Harkins announced that those students who turned in a self-addressed, stamped envelope before the end of school should be receiving their report cards in the mail soon.

HARKINS added that those who did not bring an envelope may come by his office at the high school on weekdays between 8 a.m. to 12 noon and 1 to 4 p.m. and pick up their report cards.

It is clear that an individual's best work is accomplished when that person believes in what he or she is doing. At The Bankers Life, we have always searched out those men and women whose attitudes reflect the self-respect that comes with a genuine interest in people and their needs. It's one of the best ways we know to assure that our policyowners receive that extra measure of protection to which they are entitled.

In keeping with this spirit of pride, it is a pleasure to salute Ronnie Parker and award him membership in our 1977 Premier Club and Honor Council. To earn this recognition Ronnie helped create more than \$2¼ million of new insurance protection for his policyowners during 1976.

It's clear that Ronnie believes in what he's doing for the good of his policyowners.

THE BANKERS LIFE

BANKERS LIFE COMPANY DES MOINES, IOWA

ALL-STARS in the Dimmitt Senior Girls' Softball League were announced Friday night after the final season games at the newly lighted softball field in the city park. From left are Pam Nelson, Jerri Small, Erie Rivers and Jackie Rivers of the Bionic Bombers; Virginia Smith, Jan Robb and Carla Carpenter of the Honey Bees; Mary Ewing, Beth Benton

and Becky Andrews of Charlie's Angels; and Beth Mohon and Cora Lee Ewing of the Lady Bugs. The Bionic Bombers and Honey Bees finished in a first-place tie in the four-team league. Mrs. Gerald Schinkus, who emceed the final ceremonies, announced that twice as many teams participated in the league this year as during the first season last summer.

## Little League games pappered with homers

Homeruns punctuated games in the Dimmitt Little League last week, three of them helping the Tigers scrape past the Dodgers Thursday 11-10 and hold onto top spot in the standings.

THE WINNERS hit four-baggers in the first, second and fourth innings to stay ahead of the Dodgers, after the score was tied at 7-all in the third inning.

Other wins that day were by wide margins, the Astros defeating the Yankees 15-4 and the Cards walloping the Braves 17-3. The Yanks hit a couple of homers, one with two on, and the Astros also got two in their game.

Little League standings at the end of the week: Tigers 5-1, Astros 4-2, Yanks 3-3, Braves 3-3, Cards 2-4, Dodgers 1-5.

In this week's schedule, it was the Yankees vs. Tigers, Braves vs. Dodgers and Cards

vs. Astros in Monday games; Cards vs. Dodgers, Astros vs. Tigers and Braves vs. Yankees Thursday. Next Monday's games will be Astros vs. Braves, Yankees vs. Dodgers and Tigers vs. Cards.

MINOR League games May 31 were won by the Cards, 18-10 over the Yankees, and Dodgers, 22-14 over the Rangers. Second games of the week resulted in a 16-13 win by the Dodgers over the Astros and a close 13-12 victory of the Rangers over the luckless Yanks.

Standings in the Minor League: Dodgers 5-1, Rangers 4-2, Astros 3-2, Cards 2-3, Yankees 0-5.

This week's schedule: Rangers vs. Cards and Astros vs. Yanks Tuesday; Rangers vs. Astros and Cards vs. Dodgers Friday. Next Tuesday the Cards will face the Astros, and Dodgers the Yankees.

## ASCS news

### Acreage reports due

By CHARLEY E. HILL  
County Executive Director

All producers are being requested to measure and certify

to all 1977 crop acreages. The Agricultural Committees have reported out farm bills which provided that if a set-aside is implemented for the 1978 crops, the acreage required to be set-aside as a condition of eligibility for program benefits may be based on a percentage of the acreage planted for harvest in 1977.

IT IS very important that you measure your acreage and make a correct certification, since we will be required to make quality control checks, and errors in certifying could have an effect on program benefits.

You are urged to certify to all your crop acreages by fields as soon as possible, but no later than June 20 for wheat and Aug. 1 for cotton and peanuts.

DISASTER feed grain and cotton acreage—To be eligible for disaster payments, the requirements are the same as for wheat. You must report your acres and have them appraised prior to making other use of the land.

An appraisal should not be requested until you have made up your mind to make other use of the land. The appraisal procedure assumes that all conditions will be favorable for the production of that crop from the time it is appraised until harvest.

HOUSES with light-colored sides and roofs, smooth exterior surfaces and drawn drapes reflect sunlight and heat to make them cooled inside advises Glenda Moore, housing and home furnishings specialist with the Texas Agricultural Extension Service.

# Now! What you pay to lease a Zimmatic depends on the price of corn.

Here's another first from Lindsay . . . the Zimmatic Corn Crop Lease. Instead of a fixed lease payment, you pay for your Zimmatic based on the price of corn. If corn prices plunge, so does your lease payment.

By offering this new lease, Lindsay is sharing some of the same risks that you face every year. Corn prices fluctuate, which affects your profit picture. That's why Lindsay developed the exclusive Zimmatic Corn Crop Lease . . . a revolutionary program that tailors your lease payments to the changing price of corn, from one year to the next.

The Zimmatic Corn Crop Lease is designed so you can lease a Zimmatic without using your normal operating credit sources . . . your Zimmatic pays its own way by turning on your production.

The number of Zimmatics available under this program and the time period of this offer are

limited so come in soon and get all the details on the Corn Crop Lease and other exclusive leasing programs available only through Lindsay Credit Corp.

Take advantage of a program that has never been offered in the industry before . . . it's the lease we can do for you.

River boat trip and Indy 500 race enliven vacation

By MYRTLE SHEFFY

Jo Smith is home from a ten-day fun trip to Burlington, Iowa, where she visited friends. They had a boat trip down the Mississippi River, a few fishing deals and several extra good dinners out. One day she had dinner with Lorraine Oetken and 14 other folks. Lorraine is the daughter of Maureen Henderson. The highlight was the Indianapolis 500 big car races. She saw A. J. Foyt win a very exciting race. Jo is the lady with the smiling face at the Colonial Inn Restaurant.

JUANITA BRUEGEL and Helen McLean were hostesses to about 30 friends at a visiting party Friday afternoon. We all gathered together on that big glassed-in south porch for talk, sandwiches, coffee and Cokes. Helene McFarland came over from Arney and Kay Willis Rogers was there from the ranch near Santa Rosa, N.M. and Monette Ray from Justin, near Fort Worth. She is also visiting her mother Faye Kenmore. Jo Kirkpatrick gave a talk and demonstration on pot plants and she showed the pots with the correct soil and how to transplant things. Jo's daughters Keri Carmichael and Meri Killingsworth assisted with the plantings.

Joe and Ben Scott and Jim Cleavinger and Ray Martin of Abernathy went to Devils River near Del Rio to fish. Ben says they caught drum, hybrid stripes, bass and catfish. I never heard of the first two fish. Anyway they had a big fish fry at Ben's house on Cemetery Road Saturday evening. Several guests there besides family. Mrs. Joe Scott's sister Melba and her daughter from California and Dorothy and Jim Elder and Jim and Ina Cleavinger.

Probably 25 of the junior high youngsters went to Six Flags for a holiday. They made the money by washing cars, being maids for a day. Several parents went along.

MARVIN and Jan Roark and children attended the Methodist Annual Conference at Abilene last week, then went on to Fort Worth and area to visit friends and relatives. The young college and high school people had charge of the local Methodist Church service Sunday. Connie Nelson, daughter

of Don and Verbie, brought the lesson with Susan Wise and Kyle Touchstone reading the Scripture and prayers. Bill Anderson directed the youth choir and sang the anthem. All the churches in Dimmitt are having vacation Bible school for the young ones.

DAVE AND Cindi Noble have moved back to Dimmitt from Lubbock. They will live in a mobile home on Western Circle Drive, and Dave will be associated with his father, E. B. Noble, in Retail Merchants Inc.

Krista Roberson, 12-year-old daughter of Tommy and Judith, has been here from Oklahoma City visiting her grandparents, Marge and M. E. Cleavinger, for a week. Marge took her to

Amarillo Saturday to catch a plane home.

Sheriff and Mrs. Granville Martin celebrated their 40th wedding anniversary June 2. No party because Mrs. Martin had to go to Paducah to be with her father Lewis Detwiler, who is very ill.

Mr. and Mrs. Marshall King of Jal, N.M. have been here to visit his grandmother Lillie King of Sunnyside. I saw them at the cafe having dinner Friday. Also saw Mrs. Keel and her half-dozen student nurses having dinner. They will soon graduate from the LVN school.

Bill Stephenson and son Laurence spent a few days in El Paso last week visiting his sister Harriet and her husband Johnny Goodwin. Bill is with the Dimmitt school system.

MARK ROGERS, small son of Kay and Andy Rogers of Santa Rosa, will stay a few days with aunt Jan Baca because he wants to learn how to swim at Ruskin Circle's enclosed pool. Nice out there, pool and three tennis courts.

Donna Carmichael is living in Dimmitt now with her parents the Dale Carmichaels. She is working in the county tax office for Kent Birdwell. They all went to Hereford for pizzas Friday.

Bill and Jacque Sava and children had much company recently, her mother Rose Freymuth of Tucumcari one week, then Bill's parents came later. They are Fred and Barbara Sava of Texarkana. They were here for the band concert, then a sister Helen Marston and children Mark and Nancy came

over from Tulsa. Of course, all of you know that Bill is the postmaster.

Charley and Beverly Hill went to McLean to see his mother Ella Hill, who has had a short stay in the hospital. The Hills are busy now with Little League baseball. Charley coaches 15 boys.

Thursday niece Maxine Struvie came over from Olton to have dinner with me, only we both had dinner at the Steak House with Don Nelson and my daughter-in-law Mildred Sheffy. We also visited Maxine's aunt Fannie Mahan out at South Hills Manor.

MR. AND MRS. Virgil Justice had a good trip to Warrensburg, Mo. where they visited their daughter and husband Mr. and Mrs. Cliff Lewis, Kerry and Ronna. The Justices are planning a tour of Europe soon, several other Dimmitt folks going too. We will tell all about it later.

Mr. and Mrs. Kelton Hickman of Canago Park, Calif. have been here for a week visiting kin—his cousin Allan Webb and of course to eat some of Peggy's good cooking, his aunt Vera Webb, also the other cousins, Kent and Mary Jo Birdwell, Bill and Kathryn and all.

Opal Bearden went to Lubbock last weekend to attend the golden wedding reception for her in-laws, Roy and Rena Simpson. Their son Bob and daughter Mrs. Claude Hendrick were host and hostess for this party.

Ouida and G. L. Willis have been married 38 years this

month, so to celebrate they left for a trip to California to see what they can see. Hills, deserts and ocean, and the big towns out that way.

TRAVIS Tadlock and his friend Mary Giedel of Amarillo, both Tech students, were Sunday guests of his grandmother Flora Stanford. They attended church with the Methodists.

Tommy and Donna Stafford and three daughters came over from Lawton, Okla. for a visit with the parents Roy and Florene Stafford and Mrs. Rex Sheffy and family. Tommy must go back to the hospital for more treatments for the auto wreck.

Rachel Graham and daughter Dorothy (Ted) Sheffy went to Marlowe, Okla. to visit Rachel's sister Henry McMurry. Miss Henry hasn't been too well this summer.

Cindy Ringo Feldman, who now lives in De Smet, S. D., has been here for a visit with her sister Debbie and Eddie Harris. And the Harrises have had a trip to Lamar, Colo. to see his mother and his sister Melinda and Gary who were there from Alaska. They live on that small island where it doesn't get quite so cold, due to the Japanese Current.

KEN AND Francie Gear of Hereford were Sunday guests of friends Janie and Johnny Vick. They Vicks have moved back to Dimmitt from Hereford in a house at 504 Andrews. One of the Clyde Vick houses. They drive to Hereford to work—Johnny at their mobile home park and Janie is with the

Chevy car folks. Roy and Christene Hickman of Morton were weekend guests of her mother Clara Fuller and brother Winnifred and nephews Bruce and Craig and the two Nancys.

Gordon and Chareese Cook have moved to Rapid City, S.D. Gordon is the son of Beth and Howard Cook.

A group of friends called on Courtenay Armstrong for a visiting party one day last week. They gave her a new robe since she will have surgery in an Amarillo hospital Wednesday. Seems she must have one of those new steel or plastic hip joints added. Good wishes go from all of us. Her bridge friends were Doris Lust, Mona Merritt, Dorothy Gilbreath, Carolyn Jones, Ruth Jackson and Ina Cleavinger.

GUESTS in the home of Elzie and Serena Teague were Mrs. Toy Stine and her daughter Maybelle and children of Lubbock were there Saturday. On Sunday their grandson Joe and Debbie Mapes of Trinidad, Colo. were here. Another day Serena and Ruth Snider went to Muleshoe to attend a party at the community room for Sheila Wilcox Myers, or Mrs. Jeff Myers. Sheila's mother Gail Wilcox lives in Muleshoe.

Leland and Zelma Smith spent a few days at Tres Ritos, just for a change of scene and vacation.

The Jesse Wootens, the Richard Wootens and the Hal Markleys were among the thousands at Conchas Lake. They report no fish caught. The Ginns say some fish caught at

Childress Lake. Not many at Greenbelt. They visited the Memphis Moores.

George and Carolyn Sides and Weldon and Ruth Skinner went to Abilene for the annual Methodist Conference and the Skinners brought her mother Mrs. R. W. Brittain home with them for a month's visit.

Nolan and Evie Froehner went to Dallas for the graduation from medical school of their son Robert. He is now a full doctor of medicine.

Juanita and Melvin Summers went to Ardmore, Okla. last week. I believe they see the arthritis doctor. That is pretty country, too.

Sal and Alice DiCuffa and Emily Clingsmith have been in the Fredricksburg area helping their kids gather the peach-

es and apricots. I heard the orchard people near Sunset are getting \$20 per bushel. As for me, they can keep them at that price.

Do go by West Stinson street and see that beautiful yucca plant in the yard of the W. B. Hammonds.

DR. JAMES E. WOHLGEMUTH OPTOMETRIST

300 West Bedford Ph. 647-4464 Dimmitt, TX.

An Exceptional View

By IKE MOORE Supervisor of Special Education

Project Child Find:

On March 3, 1976 Project Child Find began in Texas. This was an attempt to locate an estimated 10,000 handicapped children in our state who were not being served by the public schools.

IT WAS estimated that as many as 5000 children were severely handicapped—to a degree that parents did seek or know about services available in Texas. Child Find was begun, not only to identify but inform and begin services to these children.

By the end of October, 1976, Child Find had discovered some 7000 children that were eligible for services provided by the local school districts under Plan A. Most of those identified were children ages 3-5 and over half of this group was severely handicapped.

Many were legally blind or deaf, some were orthopedically impaired, others were mentally retarded, and a few were emotionally disturbed. By Oct. 31, 1976, 76% of the total number of children identified as unserved handicapped were being served.

PROJECT Child Find is still in operation and parents of children who are handicapped are urged to contact the public schools so that these children may have the benefit of the services now provided in our state. Any child in the age group 3-21 is eligible for these services.

Officials have estimated that some 1500 children are still in homes that have never sought the help that is provided in Texas. If you suspect that your child may have a handicap please contact the administration or Plan A personnel in schools of Castro County.

Just call 647-3103 and action will be started toward testing and planning for services for your child. Remember that early identification is vital in planning and working with exceptional children.

Next week: Plan A in Castro County.

Precious SIGHT

No price is too high to pay to protect the eyesight of ourselves and our children. Good eyesight is an absolute necessity in the earning of our livelihood, in the school work of our children, and in the enjoyment of all of life.

But there is another type of sight which in these times is often neglected — spiritual sight. We and our children need to be established and grounded in the love of God and His commandments, and to rely on Him. We need to meet His requirement of loving our neighbors as ourselves, thus making a better home life, community life and a better world. Psalms 34:8 reads, "O taste and see that the Lord is good: blessed is the man that trusteth in Him." Attend the church of your choice

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. REINING, junior—Ronnie Autry first.

POLES, junior, Clark second.

### Castro County Country Club News

The Ladies Golf Association held its partnership tournament June 2 at the Castro County golf course, with good participation of teams entered in the event. The championship flight was won by Betty Wardell and Gloria Cushingberry, with second place going to Juanita Simms and Helen McWhorter; first flight won by Nancy Jackson and Eunice Graham, with second going to Kathy Wilson and Miss Wylie; second flight was won by Bobby George and Bessie Elder, with second place going to Shirley Langford and Audrey Shottenkirk; third flight was won by Bernice Hill and Kathy Thomas, with second going to Shari Shugert and Connie Lewis; fourth flight won by Patty Summers and Patsy Morris with second going to Anita and Shirley Adams.

CONGRATULATIONS to those scoring well enough to place in these flights. Joan Thrasher, tournament chairman for the year, did a splendid job in setting up the tournament.

The Castro Country Club will host its Doc Render Memorial Partnership tournament this weekend at the club course. Call the pro shop for the particulars of this event. Each member of the Ladies Golf Association has been asked to have two dozen sandwiches at the clubhouse early on Saturday morning. If you can work during this event, talk to Patty Summers or just show up and work.

Hi Plains LGA will be hosted by Friona June 15. Tee off time for this event is 9 a.m.

The weather is nice, the course in good shape and the mosquitoes have been taken care of by spraying, so get out and play.

Swimming lessons for adults will be conducted at the Castro County Country Club beginning at 7 p.m. June 13. Residents who are interested in the instruction are asked to be present to register at that time.

INFORMATION about the classes may be obtained by telephoning Libby Cleveland at 647-4450.

JUNGLE JOURNEY participants [from left] Todd Hill, Bruce Bryant and Greg Sava, are getting head-start on the 10 books needed to complete the journey. Rhoads Memorial Lib-

rarian Brick Autry said that participation has been very good so far in the program which officially started Tuesday.

### J. L. Brooks funeral held

Funeral services for Jimmie Lee Brooks, 77, a Castro County farmer who moved to the Frio community in 1939, were conducted in the Frio Baptist Church Tuesday afternoon by Rev. Johnny Timms, pastor.

BURIAL was scheduled Wednesday afternoon in Fairlawn Cemetery at Comanche, Okla., after graveside rites.

Mr. Brooks was an Oklahoma native and married Beatrice McClennen April 22, 1923, in Corum, Okla. He was a World War I veteran, having served in the US Navy.

In addition to his wife, he is survived by a daughter, Juanice Taylor of Friona; a sister, Eula Hays of Comanche; two brothers, Ernest of Comanche and Cecil of Modesto, Calif.; four grandchildren and five great-grandchildren.

### Happy anniversary!

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

JUNE 9 — Mr. and Mrs. Tommy Swaringen, J. R. and Rickie Mixon, Emmett and Sue Broderson.

JUNE 10 — Mr. and Mrs. Tom Persons, Clark and Geneva Dobbs, Odie and Clarence Schulte.

JUNE 12 — Bill and Jacque Sava, Ralph and Sharon Brockman.

JUNE 14 — Dana and Lee Wall, Edgar and Betty Dennis, Charlie and Lois Wales.

JUNE 15 — Jimmy and Mary Cluck.

JUNE 16 — George and Ruby Bagwell.

STOP worrying about what your neighbor does and you might be able to take better care of yourself.
