Commission Grants Natural Gas Franchise

Site For Home Still Held Open

Unfavorable state-wide publicity and the state investigation of nursing homes has brought to a standstill financing new operations, at least for the present. This was brought out when Frank C. Dickey, who has handled legal phases of the Golden Heritage, Inc., project here, made a report Tuesday to the Board of Community Development, which has sponsored the project locally.

PTA Holds First Meeting, Makes Plans For Year

First P. T. A. meeting of the new year was held Sept. 19, 1963, in the school auditorium with Mrs. R. L. Flanagan presiding.

During the business session it was decided to have the annual Fun Festival on October 26 this year instead of in the spring. A Halloween theme will be used. There will be no preliminary fund raising efforts and the queens and kings of the Festival will be chosen solely from the income on the night of the festival.

It was also voted to buy an air conditioner for the other first grade room now in use.

Mrs. Pauline Coalson had charge of the program which consisted of the showing of slides of her European tour. She gave an interesting explanation of each slide as it was shown.

Refreshments were served by the Hospitality committee following the meeting.

FARRISES FIND LUBBOCK COUNTRY FLOURISHING

Mr. and Mrs. T. W. Farris combined a visit with the J. C. Leech family at Lubbock with a trip to market for holiday merchandise last week.

Mrs. Leech is a sister of Mrs. Farris.

Mr. Farris said the Lubbock country looks like the Garden of Eden, with lakes full of water and lush crops on un-irrigated as well as irrigated land.

On the way home they stopped by to see John King at the Slatonite for a brief visit.

WMU FAIR OCTOBER 8

The WMU met Tuesday morning with Mrs. C. J. Brooks, with 12 members and 2 visitors present. Mrs. Mark Chumley introduced the study book, "The Mandel Baum Gate," written by Dr. H. Leo Eddleman.

The hostess served ginger bread with cherry sauce, and coffee.

The W.M.U. Fair is to be held on Tuesday, October 8.

SALES GOOD

Both automobile dealerships in Robert Lee reported a good opening of sales on 1964 models, over twenty sales being made, and others in prospect.

The 1964 Mercury and Comet models go on display at Ivey Motor tomorrow, Friday, October 4. Chevrolet reports some seven pick-ups on order here.

Mr. Dickey recently conferred personally with the president of the company, who said that, while there are sub-standard nursing homes (anyone can operate one in any sort of building) that the homes built by his firm are not in any trouble.

However, until the air is cleared, financing a new home is doubtful. Deeds returning property here to the BCD were handed back to Mr. Dickey by the firm, with the agreement, accepted by the BCD that the deeds would be held from record thirty days so that if it should become feasible for Golden Heritage to proceed, the matter could be reopened.

In a round table discussion the BCD members studied other possibilities, with the understanding that, at the end of the thirty day period, the matter of further procedure will be taken up with those who donated money to the fund for providing site and preparing it, a considerable part of which is still on hand.

Lines Placed To Boswell Completed As Dual Producer

Gathering line for Standard of Texas Boswell 3, Nnit 1 were to be laid Wednesday, flowing oil to the Simpson Lease tanks. Work has been under way to complete this well as a dual producer, one pay being in the lower Strawn sand at 6,400, and the other in the Meneille Pennsylvania at around 5,000, the production level for the Northeast I.A.B. Field.

Standard's Boswell 4, reportedly passed through the Meneille sand is drilling ahead to the lower Strawn.

VON ROEDER ONCE WAS SPEAKER HERE

Nolan Van Roeder of Snyder, who died in Africa where he had gone for a big game hunt, was well known in Robert Lee. Several years ago he spoke at the Robert Lee High School, giving a demonstration on wild game calls and showing slides of an Alaskan trip.

He underwent an emergency operation at Tanyaricka, Africa, for a ruptured colon, died there, and the body was returned by jet plane to the United States, burial Wednesday at Snyder.

POTEETS VISIT OLD HOME

Rev. and Mrs. Horace Poteet were visiting Mrs. Poteet's old home at Sanco recently, taking lunch at the tabernacle, and making pilgrimage to the cemetery.

Married 46 years, they are now retired and live in Coleman. He is a Methodist minister, and she is the daughter of Mrs. M. B. Ulmer, San Angelo and the late M. B. Ulmer.

The family homestead was northwest of Sanco, just west of Horse Mountain.

Robert Lee is to be supplied with natural gas for domestic and business use. This was assured when the City Commission Tuesday night voted to grant Lone Star Gas a franchise giving them permission to pipe gas in here.

The vote was unanimous. Motion was by Commissioner Vaughan Davis, seconded by Commissioner Freeman Clark.

The Franchise, as city officials explained it, is not exclusive, and it places nobody under any obligation to use the gas. Lone Star Gas officials had previously told Mayor Robert Vaughan that they would start construction of a line to Robert Lee in the near future if the franchise were granted.

The city is to receive a 2 cent tax on gas supplied, similar to that paid by West Texas Utilities. The complete franchise as passed by the commission is to be published in legal form next week.

Dogies Meet Bronte There Monday After Coming Through In Second Half With Loraine For Season's Third Win

Paced by the running, whirling, ball tossing, ball kicking Gary Sam Williams, backed by a tight playing herd, the Robert Lee Dogies, Junior High School team, rolled up 28 points in the last half after a scoreless first half over the Loraine Junior High boys Monday night.

Loraine showed tough and well coached play, made some consistent gains through the Dogies line in several downfield marches, but always the Dogies tightened near their goal line to recover the ball.

The first half was hard fought, tightly played, with the Dogies losing one scoring threat on a fumble.

At the opening of the 1st half, Williams got the ball on a quarterback sneak to left end, then dodged, spun away from, and jumped opponents for the first touchdown, and McCabe was over for extra points — 8-0.

Williams kicked short to Loraine's 40, then Loraine played the ball through the line to first and ten on the Steers 25, lost the ball on downs about the 20. Steers recovered their own fumble, Williams passed to Randy Hall, no gain, then with 3d down and 13 to go on the Steers 18 yard line,

BIRTHS

Sterling Ray Braswell was born September 14, daughter of Mr. and Mrs. Eddie Ray Braswell of Colorado and granddaughter of Mr. and Mrs. Melvin Childress of Robert Lee. She's red-headed and weighs 7 pounds 6 ounces.

Her mother is the former Carolyn Childress. Paternal grandparents are Mr. and Mrs. George Arthur Braswell of Bronte.

There are two other children in the family, Ginger and Eddie Van. The parents formerly lived here, the father now being manager of the ASC office at Colorado City.

There have been fifty accidents this year in Coke County, January through August, compared with 45 last year. Last year 33 were injured in the January-August period, this year 12 were injured.

Iraan Due Here For Friday Tilt

The Robert Lee High School Steers ripped through a completely outclassed Sands team Friday of last week to a runaway score of 72-0, at Ackerley.

They meet Iraan, a Class A team here Friday, this week in the last home game of the season before going into their District 8-B schedule.

Last year the Steers defeated Iraan at Iraan by 42 to 12.

Ozona and Bronte loomed as the two teams most likely to show the Steers strong competition. Bronte defeated Rochelle 30-20 last Friday, while Ozona won over Rock-

springs 14-6. The Steers go to Ozona on October 11 and meet Bronte there in the final game of the season in 8-B, on November 15.

At Ackerley (Sands) the whole Steer squad, including reserves, took a hand in the game.

The following analysis of the Sands game is by one who has kept statistics for many Steer games and knows the game from personal observation and experience.

By RONNIE BAKER

From the very first, the defense of the Steers showed the difference. Their fast rushes and blocking of holes gave the Sands backs no running room.

The downfield blocking on offense and the speed of the Steer backfield found no resistance in the Sands defense.

The Steer defense held Sands to a minus 22 yards rushing and just 34 yards passing.

Sands received the opening kickoff, and in three plays had a 4th and 1 situation at the 22 yard line. A short punt put the ball on the 40 yard line. On the Steers' first place, Dodson circled end for a TD, but a penalty brought the ball back to the 45 yard line. Then with Dodson carrying for 10, White for 11, Coalson cut and twisted from the 24 for the first scoring touchdown. Dodson busted in for the extra points, score 8-0.

Dodson kicked off and the Steers held again. Coalson returned a punt to the 30. On the first play, Wink threw 30 yards in the end zone to Dennis Gartman for the T. D. Dodson again scored the extra points, 16-0.

Robert Lee kicked off again, and again they held. With the ball on the 50 yard line, White went for

MR. & MRS. WILLARD D. BELL

When he retired, Mr. and Mrs. Willard D. Bell moved back to their home here in Robert Lee, and here they are at their home. In the background is some tall okra, part of the gardening Mr. Bell does to raise their own vegetables, and give some to neighbors.

Taking a pride in his work or "pastime", Mr. Bell measured one of the stalks, nine feet, 10 inches

and brought the editor a sack of pods, ready for the stew pan.

Mr. Bell taught school, was a rural carrier in Bell County, was 25 years in charge of the heating system in San Angelo, then moved to San Antonio for awhile, has been back here six years.

He reached his 75th birthday in April.

Mrs. Bell was formerly Mrs. O. Z. Littlefield of this community.

School Assembly Has Good Time With Talent Show

Last Friday, 4th period, right before the "Beat Sands" pep rally, the student body met in the auditorium for an assembly — a talent show.

William Hood announced the following numbers:

Mr. Williams, band director played two solos on a violin and clarinet, accompanied by Mrs. Malone.

Then three folksingers, Robert (Peter) Holland, Derwood (Paul) Coalson and Bill (Marry) Roach, did a pantomime of "If I Had a Hammer." Their costumes included beards, sunglasses, Bermuda shorts, sweatshirts, tennis sneakers, and a blonde wig. They had everyone in an uproar of laughter.

The "Maidens Three" were next on the agenda with "I'm Gonna Wash That Man Right Out of My Hair" from "South Pacific." The "Maidens" are composed of Kitten Dean, Marilyn Wallace and Vernay Vaughan.

Kay Havins and Mary Wojtek sang their version of "Slowpoke."

Sherry McCutchen and Kay Roberts sang "Mr. Touchdown." The cheerleaders joined in and marched up the aisle to the gym, followed by the football team, and then the student body.

Highlights of the Pep Rally included a speech from Mr. Hamby, a skit by the twirlers featuring Robert Holland, and the announcement of the captains which were Robert Holland and Bill Roach, very busy boys that day. — Dianne Samuelson

Lunchroom Menus

Robert Lee school lunchroom menus for the week beginning Oct. 7 and ending Oct. 11:

Monday, Oct. 7

Hamburgers, corn, lettuce, tomatoes, onions, pickles, potato chips, milk, chocolate and vanilla pudding.

Bar-b-qued chicken, creamed potatoes, combination salad, hot rolls and butter, milk, jelly or honey.

Wednesday, Oct. 9

Italian spaghetti with cheese, cole slaw, English peas, hot rolls and butter, milk, applesauce cake.

Thursday, Oct. 10

Tamalies and chili, buttered rice, peach jello on lettuce, crackers, milk, cinnamon rolls.

Friday, Oct. 11

Pinto beans, buttered potatoes, pickled beets, spinach, corn bread and butter, milk, cherry cobbler.

Frankie Blair is in junior year at Texas Tech, to major in animal husbandry. His brother, Dennis, graduated in animal husbandry last January and is now managing a disease-free hog farm between Odessa and Midland.

State Will Spend \$160,000 On Coke Highways In 1964

The Texas Highway Commission has approved the expenditure of \$126,000.00 for highway safety and betterment in Coke County during 1964, District Highway Engineer J. A. Snell of San Angelo announced. He said a total of 4.4 highway miles in the county will be involved.

The work is part of the 1964 State Highway Safety and Betterment Program just authorized by the Texas Highway Commission. The program accounts for the saving of many lives on Texas highways every year.

A \$20 million installment in this program to make \$4.5 billion worth of existing Texas highways better and safer has been approved for 1964 by the Texas Highway Commission.

District Engineer Snell said a total of 109.9 miles in this highway district would be involved, at a total cost of \$560,000.00.

The following improvement projects will take place in this county:

State 208, 1.2 miles and 2:4 miles north of Robert Lee, a distance of 0.3 mile, construct bridge and widen bridge approaches.

State 158, between Robert Lee and Bronte (sections), a distance of 0.4 mile, widen three bridges and approaches.

U. S. 277, from Runnels County line to State 70, a distance of 3.7 miles, asphalt seal coat.

Progress means people working and getting somewhere with it.

Think On These Things

Create in me a clean heart, O God; and renew a right spirit within me.

Cast me not away from thy presence; and take not thy holy spirit from me.

Restore unto me the joy of thy salvation; and uphold me with thy free spirit.

—Psalms 51:10-11-12

'64 Jet-smooth Luxury CHEVROLET

'64 Chevrolet Impala Sport Sedan

Besides looks, ride and power - what's so special about it?

(it's so reasonably priced)

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look. Richer roomy interiors with subtle new blendings of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Chevrolet Impala Super Sport Series.

A choice of seven engines, no less, with output all the way up to 425 hp.* And a choice

of four smooth transmissions to go with them.

And underlying it all, the opulent feel of this '64 Chevrolet's Jet-smooth ride.

Matter of fact, the most noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself.

Let your dealer show you how much luxury that reasonable Chevrolet price now buys.

See five entirely different lines of cars at your Chevrolet Showroom—CHEVROLET, CHEVELLE, CHEVY II, CORVAIR & CORVETTE

IN AUTUMN WEDDING, PRESCILLA WYLIE BECOMES BRIDE OF TERRY FRANK BRYAN

The First Methodist Church of Robert Lee was the autumn scene for the wedding rites read, Saturday evening, September 21, for Miss Prescilla Jane Wylie and Mr. Terry Frank Bryan.

Officiating at the 7:30 double-ring ceremony was the Reverend Travis McNair, pastor of the First Methodist Church of Bandera formerly of Robert Lee, and the Reverend Dempsey Salter, pastor of the First Methodist Church of Robert Lee.

The altar was decorated with an arch covered with autumn leaves and large white mums. Baskets of white mums and autumn leaves set at the base of the arch. White tapered candles lighted the altar for the bride and groom.

The bride, daughter of Mr. and Mrs. T. M. Wylie, Jr., was given in marriage by her father. She wore a floor length gown of Italian white brocade satin with fitted bodice and scalloped neckline. The tapered sleeves were cut to full-length buttoning at the wrist, bell-shaped skirt, and finger-tip veil of tulle and lace attached to a satin-covered crown completed the dress. The bridal ensemble was constructed by Miss

Wylie. A necklace, given to the bride on her first birthday, a pearl and gold bracelet, a handkerchief made by her great grandmother, the late Mrs. J. F. Morrow and borrowed from her sister, Mrs. Mike Lomas; and a blue garter were worn by the bride for something old, something new, something borrowed, and something blue, respectfully.

Composing the bridal bouquet were white pompom mums surrounded by streamers of autumn ribbon and autumn leaves on top a white Bible.

Miss Wylie selected her sister, Mrs. Mike Lomas of Colorado City as matron of honor; Mrs. Gene Hinnard, sister of the bridegroom, and Miss Ann Craddock of Medina, cousin of the bride were bridesmaids.

They wore alternating autumn colored dresses, styled with street-length bell skirts and fitted bodice. All carried nosegays of large white mums and autumn leaves. Their accessories were hat and shoes matching the dresses, pearls, and white gloves.

Autumn leaves were scattered throughout the church by Miss Cookie Hinnard, niece of the

bridegroom. Ring bearer was Miss Lisa Lyn Lomas of Colorado City, niece of the bride. The young attendants dresses were styled with fitted bodices and gathered skirts.

Candles were lighted by Dickie Bryan, brother of the bridegroom and Frank Craddock of Medina, cousin of the bride.

Son of Mr. and Mrs. Wilson Bryan, the bridegroom was attended by his brother-in-law, Mr. Gene Hinnard. Mr. Mike Lomas of Colorado City and Mr. C. L. Martin, currently of Robert Lee served as groomsmen. The ushers were Jerry Blair and Richard 'Butch' Service.

Organ music was furnished before and during the ceremony by Mrs. Lena Russell. Mrs. Betty Ferrell of Carthage, vocalist, sang "The Wedding Prayer" and "O Promise Me."

After the service, a reception was held in the Community Center. Mrs. C. L. Martin, sister of the bridegroom registered the guests, while other members of the houseparty were Mrs. Bob Holloway, Mrs. James McClure, Mrs. Woodrow Gardner, Miss Elwanda Sparks and Miss Edith Ruth McGinley.

For traveling the bride wore a dress suit of blue and gray linen, accented with silver gray shoes and bag, blue gloves and hat. She wore a pompom mum corsage.

The couple will reside in Robert Lee on First Street.

Following her graduation from Robert Lee High School in 1963, Mrs. Bryan is now a student at Jean's College of Beauty in San

Angelo.

A 1960 graduate of RLHS, the bride groom attended San Angelo College, and is now employed at the Montgomery Sand and Gravel.

Following rehearsal Saturday

morning, Mr. and Mrs. Wilson Bryan entertained the honorees with a luncheon at Henry's Cafe. Members of the wedding party and immediate family of the couple attended.

Homes For Sale

ATTRACTIVE HOUSE in northeast part of Robert Lee, well built, only ten years old. Well planned ranch style, large living room in center, fire place, masonry walls. At one end are two large bedrooms with abundance of closet space, beautiful bath room. In other end is kitchen with nice builtin cabinets, washer and stove connections. Next is enclosed breezeway with pull out bed, and attached garage. Central cooling. Large shop building in rear for storage and one car. Beautifully landscaped front and back. Concrete storm cellar. Large corner lot, 100 ft. front and 300 ft. depth. This place was built well by J. D. Harmon and is owned by Mr. and Mrs. Bernard Petty. It is in an excellent state of repair and one of the nicest homes in the city. The price is \$12,500 and buyer can assume mortgage of about \$7,700 with monthly payments of \$78.40 and it likely could be refinanced for \$9,000. You must see this fine home to appreciate it. Call the undersigned for an appointment.

NICE 3-BEDROOM HOUSE 3 blocks south of court house on paving. Has large living room, dining room, well equipped kitchen, large bath and lots of closets. Also attached garage, central air conditioning, insulated ceiling and walls. Substantially constructed 12 years ago. Wall to wall carpeting, cedar lined clothes closets. Mr. and Mrs. Bob Bagwell must sell as he is being transferred to another job. This place has a 50 ft. front and included is another lot adjoining on the side and one in the rear. It is well financed with monthly payments of \$74 which includes taxes and insurance. Will take about \$1,500 to handle. Phone for appointment to see it.

ROCK HOUSE with living room, large kitchen, two bedrooms and bath. Redecorated and new floor coverings. Large rock garage with lots of storage space. Located high near school house, 100 ft. corner lot, paved two sides. Beautiful native rock walls used in house and garage and rock fences. Worth the asking price of \$3,000 with taxes and insurance paid for another full year. Glad to show it any time.

3 BEDROOM home with two baths, living room, kitchen and dining room and large family room. Carport and patio. Large corner lot between business section and hospital. A roomy, livable home that is priced at \$5,500. Glad to show you.

2 BEDROOM FURNISHED house to be moved. Comfortable small home with bath that is certainly priced worth the money at \$1,500.

3 ROOM HOUSE on 50-ft. lot paved street. Living room, kitchen, bedroom and bath. Asking price is \$3,000. Good renter given consideration.

ROBERT LEE is filling up and we may have the start of a small boom. School enrollment is up and rent houses are scarce. It may be a good time to buy property.

Robert Lee, Texas

Our Home Circle

By FAY C. ROE

Don't burn those autumn leaves! They're just the thing for a compost pile.

Soil specialists in the U. S. Department of Agriculture say that many home owners throw away valuable materials that could be saved for use in improving their soil. Leaves, grass clippings, old tomato plants, bean vines, even weeds can be turned into fertilizer for next summer's garden.

Such materials, after they have wintered in compost, make excellent organic matter. Compost, spread around trees and shrubs and worked into the soil in flower and vegetable gardens, makes the earth rich and porous. It loosens the ground so that roots can develop naturally, and air, moisture, and plant food can penetrate easily.

Here's how you go about making a compost pile.

Select a spot at the back of your lot, yet within reach of your garden hose. (That's because the pile should be kept moist.) Use ordinary wire fencing or boards to enclose an area 3 to 8 feet high and 3 to 5 feet square.

Dump leaves, lawn clippings and garden trash into the bin in layers 6 to 12 inches thick. To each layer add some commercial fertilizer (whatever you use on your lawn) and 1/2 layer of soil.

Moisten the leaves as they are added.

Keep building up the pile as you accumulate material. Top with 1 to 2 inches of garden soil.

Remember to keep the compost pile damp. If the pile is kept reasonably moist and has a cap of garden soil, it should have no odor. And, by May or June, last

year's leftovers will be ready to perform springtime magic in your yard and garden.

Spacious living and energy-saving features are emphasized in a new, two-level five-bedroom farmhouse plan developed by engineers and housing specialists of the U. S. Department of Agriculture and 11 western states.

Three bedrooms, two baths, workroom, U-shaped kitchen, dining room, and living room are on the first level. The 21 by 15 foot living room has cabinets and bookshelves built in on either side of a brick fireplace at one end of room. The front entrance opens directly into the living room.

A hallway leads from the living and work areas to the sleeping area. Here, the master bedroom has two large closets and a private bath with an enclosed shower. Another bath is located near the other bedrooms. An extra feature of each bathroom is a storage closet for towels and other supplies.

A large wall-to-wall linen closet, that opens from two sides, forms one side of the workroom. Clean linens can be stored in the closet from the workroom side, and removed from the hall side—which is near the bedrooms—as they are needed.

Other storage space in the house includes a closet near the kitchen for work clothes and cleaning equipment, a "lock-up" closet in the basement TV room where sporting equipment can be stored, and a large coat closet just inside the front entrance to the living room.

The basement level of the house has two bedrooms, a bath, TV room, and a recreation room. Space is provided in one corner of the basement for a fallout shelter that can also be used to store canned goods.

The basement recreation room has its own outside entrance and could be used as an office for the farm business. If a fallout shelter is to be built in the basement, then engineers suggest incorporating USDA Plan No. 7166, "Fallout Shelter for Six People." The shelter was designed for this five-bedroom house, Plan No. 713.

The exterior of the house features a front porch recessed between the master bedroom wing and a two-car garage. The porch is set off by ornamental iron work.

A larger porch is located at the rear of the garage, just off the kitchen. From this porch, an entrance leads into the garage and another entrance leads into the kitchen. This porch can be screened to make an ideal place for summertime entertaining or outdoor eating.

The new plan is a modification of a five-bedroom house built by Utah State University Extension agricultural engineer Wayne B. Ringer, a member of the Western Regional Plan Exchange Committee. The committee is made up of agricultural engineers and housing specialists in USDA's Agricultural Research Service and 11 western states.

Schedule

Thursday, Friday, Saturday, Oct. 3-5 — State Dress Revue, Dallas.

Monday, Oct. 7 — Office

Tuesday, Oct. 8, — H.D. Council meeting.

Wednesday, Oct. 9 — Office

Ida Lee Parker, Bronte Sr. 4-H club girl, will be a participant in the State Dress Revue in Dallas on Oct. 5.

The Revue is an annual event for blue ribbon winners of the twelve Extension Districts Dress Revue participants. Judging of garments on the girl will be held on Friday with award presentation.

ROACH'S DRY GOODS

COKE COUNTY Land For Sale

I have been employed by Mrs. Fred McDonald Jr. to sell her 440 acres adjoining Robert Lee on the south. It has a front of a mile on the Colorado River and 80 acres lays across the river near town. The ASC office shows 172 acres in cultivation and 270 acres of pasture. 85 acres come out of the soil bank this year and you can turn into it Jan. 1 for lots of excellent winter grazing. Has wheat and cotton allotments. River bottom pasture is considered some of the best in this area. About half the minerals are included. One of the good farms available and priced at \$85 an acre with \$10,000 down. Balance over a term of years at 5%. Possession Jan. 1.

350 acres west of Sanco, 7 miles north of Robert Lee, owned by Mr. and Mrs. Coke Austin. Sixty acres of crop land if you want to cultivate it. Good pasture, some of it in the hills, but it needs taking care of and will run a lot of livestock. Minerals included are 25% on 320 acres and all on the remaining 30 acres. Priced at \$55 an acre, \$7,500 down payment, carry balance at 5%. Possession Jan. 1, 1964.

BOTH PLACES should be owned by local residents. Outside bidders will not be invited until the end of next week.

All Around SILVER

By Mrs. George Fugate

Silver Remains Unbeaten, 30-24

The Silver Indians added another win to their season mark here, Thursday evening, with a 30-24 victory over the Ballinger Junior High School.

Indian scorers were Donnie Higginbotham, Ricki Whitaker and Charles Kennedy. Carl Bloodworth was responsible for a safety.

Outstanding defensive players for Silver were Lloyd Cone, Jimmy Millican, Larry Paul and Carl Bloodworth.

After game refreshments of Coke and cookies were served to the students by Mmes. Arch Mathers, Charles Kennedy and Ernest Clendennen.

Silver hosts Colorado City, Oct. 3, at the Indian Stadium. Game time is 7:30 p.m.

Boy Scout Finance Meeting

The Tri-Rivers Boy Scouts of America Finance Committee met in Ballinger, Sept. 23. Dinner was served at the Methodist Church.

Towns represented at the meeting were Silver, San Angelo, Junction, Menard, Eden, Ballinger, Norton, Rowena, Bronte and Robert Lee.

Local Finance Chairman Walter Paul and Finance Committeeman John Conley and Hale Kincaid attended the meeting.

Keith Jones, son of Mr. and Mrs. Billy Jones, was recently a second prize winner of the Colorado City Record Football Contest. Keith, a junior at Colorado High received two tickets to the Texas Tech-Texas A & M game.

San Angelo Man Guest Speaker

Dr. Everett L. Sutter, a psychologist from San Angelo, will be guest speaker, Oct. 8 at 7:30 p.m., at the meeting of the Silver P. T. A.

This year's theme for the P. T. A. is "We, the P. T. A. and the Family." Dr. Sutter will speak on mental health.

All residents of Silver and surrounding areas are invited to attend this meeting.

Scouts Honor Leaders

Senior Girl Scout Troop 262 were hosts to a dinner party, Saturday evening, at the Silver Peak School Home Ec Room.

Guests of honor were Mrs. George Fugate and Mrs. Wayne McCabe. The Scouts presented each of the ladies a charm in appreciation for their services as former Scout leaders.

The dinner, prepared by the Scouts, consisted of roast beef and gravy, mashed potatoes, English peas, combination salad and cherry pie.

Those present were the honorees, Mrs. Hale Kincaid and Scouts Fredda McCabe, Karen Fugate, Judy Kincaid, Susan Newell, Brenda Jameson, Aletris Ackerman, Debbie Hines and Cynthia Davis.

Guests in the home of Mr. and Mrs. George Connors were Mr. and Mrs. O. L. Snyder and Mrs. Wayne Caulder and baby of Sun

Visiting Mr. and Mrs. Curtis Parrish have been his parents, Mr. and Mrs. Floyd Parrish of Lufkin.

Mrs. Marvin Harden of Robstown is visiting her daughter and family, Mr. and Mrs. Vernon Hale and new baby, Ruth Ann.

Mr. and Mrs. V. Lehde of Sweetwater were weekend guests of their daughter and family, the Billy Jones.

Mr. and Mrs. Buster Jones are on a week's vacation, visiting relatives and friends in Longview.

Also on vacation are Mr. and Mrs. Fred Theis, who are visiting relatives in East Texas.

Mrs. Jerry Eubanks was a recent medical patient at the Colorado City Root Memorial Hospital. Her parents, Mr. and Mrs. E. C. Elder of Kilgore, were here during her confinement in the hospital.

NEW MYF OFFICERS

New MYF officers were recently elected at the Robert Lee Methodist Church. They are: Rhea Jean McCutchen, President; Buddy Thomas, Vice-President; Kitten Dean, Secretary; Glenn Roach, Treasurer; Vernay Vaughan, Reporter.

Observer want ads are very effective and cost very little.

Observations

(A Personal Word
By The Editor)

Too many organizations in this United States are directed in too much detail from the top. Chairborne leaders undertake to set detailed standards in Sunday school, women's clubs, various church groups, and activities of youth, some of which are ridiculous.

While it is necessary to have a plan to work on, when organizations go to the point of insisting that press reports must follow a pattern laid down by their headquarters, they must take into account the fact that those who give their lives to the newspaper business have ideas, too, about what is readable and how a news story should be written.

The Observer is glad to go along with any group in publicizing its activities. The Observer will not shape its news writing, however, to fit the chairborne ideas of someone in a state office.

Our news is written for the readers. We do appreciate very much reports from your organization, reserving always the right to edit those reports and to give them a more timely lead, or to add additional information.

**For '64:
the price is medium...
the action maximum...
the car is
Mercury**

PARK LANE WITH RACY MARAUDER STYLING

The "action" is provided by the type of V-8 engines that have made Mercury the new performance champion of the medium-price field—demonstrated in open competition including the most recent Pikes Peak Climb. A 390 cu. in. V-8 is standard, a 427 V-8 optional. And only Mercury offers you two entirely different styling choices in one great car.

'64 Mercurys are also available with Breezeway Design

Mercury delivers more than the usual in all these ways: more performance, with the most responsive engines in its field. More leg room, head room, and entry room. More trunk space—11 suitcases big (17.1 cu. ft.). And a far greater styling choice: racy Marauder styling (above) or unique Breezeway Design (right), with the only rear window that opens for ventilation, stays clearer in rain or snow. By STERLING LINDSEY

The screwworm situation, looking at the State as a whole, is not alarming, but could get that way very easily.

A total of 63 cases were confirmed in the State last week — not a large number, but several more counties reported cases than did the week before. Also, the counties reporting cases—most of them for the first time since July—were to the south of us. If the flies migrate northward, we could become involved.

Counties reporting their first cases in recent weeks were: Val Verde, Kinney, Kerr, Edwards, Maverick, Sutton and Uvalde.

Summing up the situation, we should be very watchful for screwworms from now until cold weather sets in. If a case is found, be sure to report it. We are still on the spot treatment program.

If the authorities know we have a case they can take the action deemed necessary. But, the sample must be submitted for them

The growing demand for beef in the United States will require that the number of beef cattle be increased at the rate of five per cent annually for the next seven years. The USDA estimates that we will have to have 14 million additional acres of grazing annually to produce this number of cattle.

Coke County entries in the Store Area Swine Show, held in San Angelo last Saturday won their share of the honors. Rebecca and Sharon Walker, daughters of Mr. and Mrs. D. J. Walker Jr., Robert Lee, exhibited the first place boar in the Store Area Show. Larry McKown, son of Mr. and Mrs. Bill McKown of Bronte, placed second with his top gilt in the County Show.

County Show results were as follows: Larry McKown, Mike McKown, Edwin Lindsey, David Scott, and Richard Scott, their entries placing in order of names listed.

Annually lightning causes about \$30 million damage and hundreds of deaths. Correct lightning rod systems, with proper interconnection of metal objects can protect buildings and their occupants.

For 1964...Comet announces a car that's every bit as hot as it looks...

Comet Caliente

This is the beginning of a new kind of Comet. Hot, husky, handsome—top series in Comet's '64 lineup. Engines range up to a 4-barrel Cyclone 289 cu. in. V-8 in all Comets.

"Caliente" means hot...

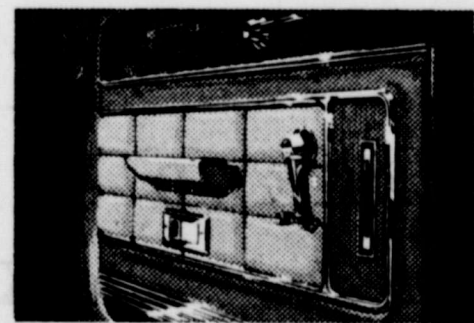

in Spanish. And this new Comet speaks the language. It looks hot. And it is! Your choice of four engines provides the punch. The topper is a big Cyclone 289 V-8—most responsive in Comet's field. More choice:

Now Comet offers 3 series...

the top-of-the-line Caliente, and the economical 202 and 404 series. Ten models... all bold and racy. A wide transmission choice, too, including a smooth, silent, new Multi-Drive Merc-O-Matic—unmatched at the price.

Elegance at a compact price

Prime example of Comet's new elegance is the Caliente, with the warm look of walnut on the interior trim... plus lavish biscuit-pattern upholstery.

Power steering... power brakes...

AM-FM radio... air conditioning... every luxury option is available in the new Comets. You can even get... but no! Ask your Mercury dealer about it. Soon.

COMET—A Mercury Product.

IRAAN FOOTBALL GAME —
Continued from Page 1

12, Dodson for 14, Coalson for 11, White for 5, and then Coalson went in standing up to add up, after Dodson made the extra points, to total Robert Lee 24, Sands 0.

At the start of the Second Quarter, Robert Lee kicked off again and again held on downs. With a series of line bursts by White and Dodson, a pass from Coalson to Wink, Coalson carried in for the extra points — score 32-0.

Robert Lee again held after kick-off and a Wink to White pass for 28 yards put the ball on the 15 yard line, and in four carries Jacobs smashed in for the touchdown. Wink circled left end for the extra points, and at the half it was Robert Lee 40, Sands 0.

Robert Lee received second half kick-off and Dodson returned to the 40. Coalson sprinted through for 20 yards, and then the Dodson-blocking combination circled left end for 40 yards and touchdown. Extra point attempt didn't go and the score was 46-0.

Robert Lee kicked off again, and Sands made only one first down, with a 17 yard pass. Robert Lee took over on the 50 yard line. Wink uncorked a long pass to Gartman on the first play for a TD. Try for point was no good — Steers 52, Sands 0.

The Freshmen went in and held them, then the regulars took over again and Dodson made a long end run, with good blocking for a T. D. Try for point was no good. Steers 58, Sands 0.

At this point the Freshman line took over solely by themselves and held Sands to just one first

down. Taking over on the 30 yard line, Dodson circled left end for 70 yards and a touchdown. Jacobs busted in for the extra points, and the third quarter ended 66 to 0.

In the fourth quarter the Freshmen played nearly all of it on offense and defense and showed considerable fire and desire.

The final TD came on an intercepted pass by Dodson, who returned it for 4 yards, making the final count 72-0.

The Seventh and eighth grade boys have been participating in state tests to test the physical ability of American children. Wednesday a week ago they ran the 50 yard dash and also were tested in throwing the soft ball.

Friday, they ran the 600 yard dash. Randy Hall was best with a one minute, 56 seconds. Minimum is three minutes.

Wednesday this week they did sit ups and chins. Quite a few got the 99 sit ups needed to be in top shape. Gary Parker led the choppers with 17.

Raymond McCutchen of Robert Lee has had lambs on feed throughout the season at Midwest yards in San Angelo — estimates that his total for the season will run near 100,000 head.

Dee is one of the owners of Midwest but his personal feeding operation is separate from those of the firm.
