Masons Honor Bruce Clift on Fiftieth Year of Membership

Fifty years a Mason and all of them in Coke County, Bruce Clift, above, receives recognition from Hayrick Lodge No. 696, Robert Lee, which gets its name from and dates back to old Hayrick, once the county seat of Coke County.

The fifty year pin, awarded to him at a recent supper held by the lodge. To his right, Mrs. Clift and their daughter, Mrs. Dorothy Davis, Ballinger, share the honor with him as John H. Collard of Spearman, Right Worshipful Grandmaster of Texas, makes the

Trimbles Establish Recreation Center In Farris Building

Jack and Juanita Trimble have opened a family-type recreation center on Austin Avenue in Robert Lee. The building next door to Farris City Drug has been redone inside. Coin operated bowling alleys using the smaller type balls have been installed, and a coin operated shuffleboard.

There are a couple of domino tables and pool tables were to be installed some time this week.

With the leasing of another building to Humble Oil Company, this leaves only one vacant building on the west side of the block, where four were vacant a year ago.

Auto Crash Takes Life Of Neilan Lynn Creighton

A telephone call to the Observer from Bowie, Arizona Tuesday brought word of the death of Neilan Lynn Creighton, only son of Mr. and Mrs. T. C. Creighton in an automobile accident Sunday night near Nogales, Arizona.

Funeral is set for today, Thursday, at 2:00 o'clock at Bowie.

Besides his parents, he is survived by his wife, Fay, and daughters, Jeanne and David, and by one sister, Mrs. Henry Grizzle.

The message was from Mrs. Milton Stansberry, an aunt, of Benson, Arizona.

T. C. (Tennis) Creighton was reared in the Sanco community and ranches near Bowie.

OPEN INVITATION TO BAND MEETING TUESDAY

A meeting of all persons interested in the Robert Lee High School band, under the auspices of the Band Boosters Club will be held Tuesday at 7:00 P.M. in the Music Room. Everyone is invited to attend.

presentation. To the far right, Jack Denman of Silver, District Deputy Grand Master of the 77th Masonic District of Texas, looks on, appreciatively.

Only two fifty year pins have been awarded to Robert Lee Masons. The other was to Will Milligan. Both earned the recognition by fifty years membership in the local lodge.

Mr. Clift, twice critically ill this year, is up and around to receive the congratulations of life-long friends. In the mercantile business many years, and more recently owner of the Clift Ambulance Service and undertaker here and at Bronte, he has kept an active interest in Robert Lee and all of Coke County throughout an active life from the time of his early youth at Ft. Chadbourne.

He has held a number of offices in the local lodge, including that of Grandmaster twice during the fifty years.

Humble to Open Field Office In Robert Lee Soon

Humble Oil Company is to open a local office soon for the IAB-Menielle field in Robert Lee, with Dave Hoover to be superintendent. This is to be a field office, and one of Robert Vaughan's buildings on Austin Avenue has been leased for the purpose.

Mr. and Mrs. Hoover have been prospecting for a place to live in Robert Lee.

Seven pumpers are employed in the field, most of whom live here.

MRS. COALSON TO SHOW PICTURES OF PALESTINE AT PECAN CHURCH SUNDAY

Everyone is invited to the Pecan Baptist Church Sunday night at 8:00 o'clock when Mrs. Frank Coalson will show pictures of the Holy Land made while she was on tour of Europe and the Middle East last summer.

Mrs. Coalson, teacher in the Robert Lee Schools, showed the pictures last Sunday night at the Robert Lee Baptist Church.

Pecan Baptist Church is ten miles west of Robert Lee on the Sterling City Highway (158).

On September 26, 1963, the 4-H Girls elected officers: President, Daphne Roe; Vice-President, Barbara Blaylock; Secretary, Leta Fay Robertson; Reporter, Elaine Fikes; Council Delegate, Sharon Walker; Alternate Delegate, Sharon McCutchen.

Officers Ask Help In Tracking Down Prowlers in Area

People in Robert Lee and area are advised to be on the lookout for automobiles or persons on or near premises where people are not at home, or who might arouse suspicion as possible prowlers.

Sheriff Melvin Childress at the BCD meeting Tuesday said there has been a rash of break-ins or simple entries on premises lately, with little of value taken.

"We would appreciate it if anyone observing an automobile that arouses their suspicions would call the sheriff's department and give us the license number," Sheriff Childress said. You might be surprised at how much help to law enforcement such information can be at times.

The Sheriff also said a number of anonymous telephone calls had been reported. With the cooperation of persons annoyed by these calls, it is possible to locate the source of them, but neither this nor apprehending persons guilty of depredating on premises and entering houses is very simple.

Citizens are asked to report such offenses immediately and keep their eyes open for facts and information that would be of help in tracking down the offenders.

A strong box was taken from one Robert Lee home, and a commode removed from another.

Annual Convention Coke County Farm Bureau Tuesday

Annual Coke County Farm Bureau convention will be held next Tuesday, Oct. 15, at 6:30 p.m. in the Bronte school lunchroom. A barbecue supper will be served and ladies are asked to bring pies, cakes, or salads.

A business meeting will be held following the supper.

J. P. (Snipe) Conley was in town last week. He's spending a few days with his son, John Conley and family of Silver, and to attend the old timers reunion at Midland, where he expects to meet old acquaintances of the past thirty years, many of them early day oil field people. He's living at Scottsdale, Arizona, 1827 North 87th Street.

At Ozona Tomorrow Steers Powered For Real Scoring Threat

By The Editor of the Observer

The Robert Lee Steers on the home field Friday night against the Iraan Braves showed a powerhouse drive, backfield generalship, shifty broken field running, and passing combination that should give Class A Ozona next Friday all they want to do, at Ozona.

The score was Steers 40, Braves 0 against a hard fighting squad in a game stopped repeatedly by

Oct. 7 — Leon Gregston dismissed.

Dogies Drop One To Bronte In Off Schedule Monday

The Dogies, Robert Lee Junior High team, dropped their first game by one touchdown at Bronte Monday 36-28.

Not on the district schedule, the game will not affect their standing in 8-B.

A with on D scor

penalties against both sides, and by repeated times out for both sides.

It was a pile-driving, sledge hammering, line plunging, rough and tumble battle all the way, but the Steers had the power, with 15 men over 150 pounds against the Braves 9 men over 150, and they had the motion to go with it.

Taking the whole roster, the 25 Steers weighed 3,900 pounds, an average of 156 per man, while the 21 Braves weighed 3,141 pounds, averaging 150.

In the daily press rating of Class A schools, Ozona ranks considerably above Iraan. Last year the Steers won over Iraan 42-12 and lost to Ozona 0-12.

See Steer Powerhouse, Page 10

CONNERS VISIT HERE WITH LATHAM, BACK HOME FROM BRAZIL

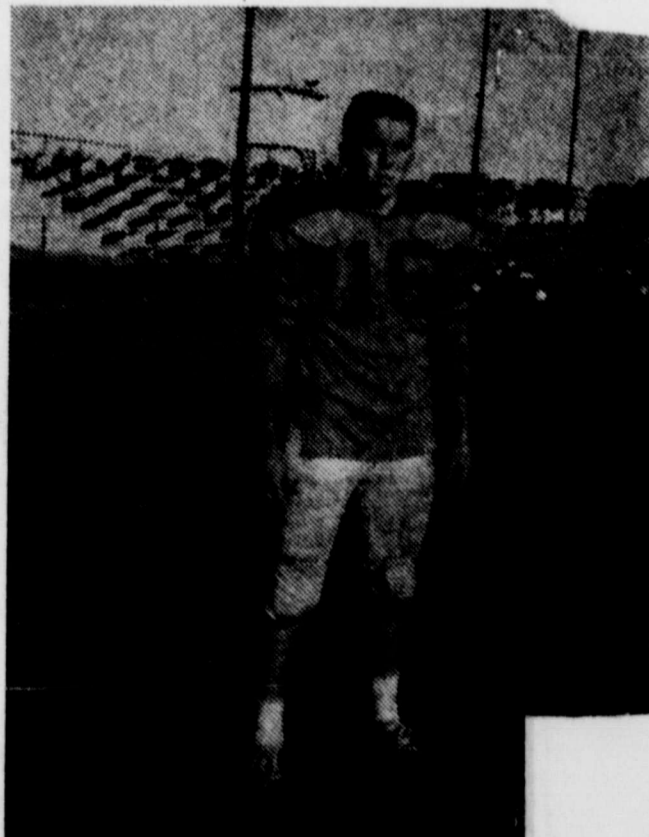

Meeting here last week with Mrs. Ethel Conner Green of Robert Lee were her brother and sister-in-law of Bolin, Brazil, her sister and husband, Mr. and Mrs. Ed Gray of San Angelo, Russ and Letha Mathers, San Angelo; Mrs. A. L. Wilkinson, sister, of Carlsbad, New Mexico; Mr. and Mrs. J. D. Green, Judy, and Nancy of Big Lake, Texas; Mrs. J. C. McBride and Scott of Big Spring; Mr. and Mrs. Billy C. Green, Mrs. Johnny Kramer, Scottie and Nolette, San Angelo; Mr. and Mrs. Leon Nixon, Joy Lea, Nicki, Leon Jr., Glen Fred, San Angelo, and Mrs. Jack Conner, San Angelo.

The Latham Connors are home from Bolin Brazil.

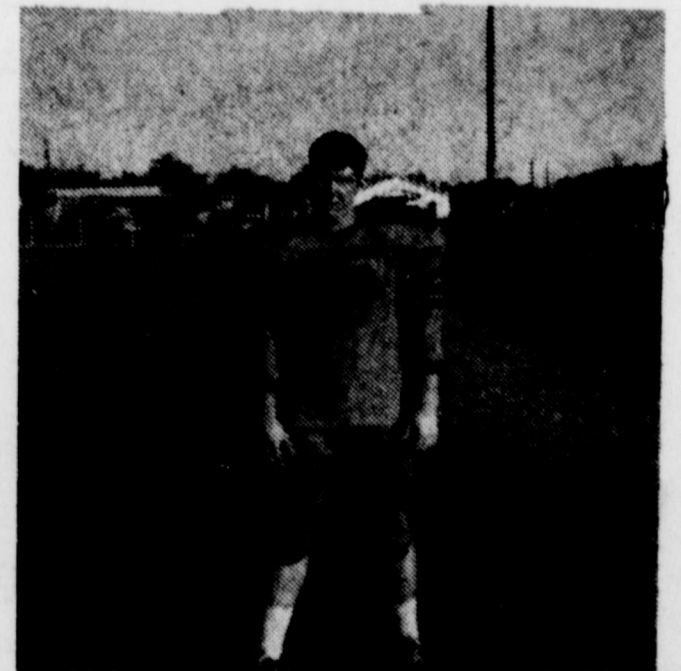

BOY SCOUT BREAKFAST

Kick-off breakfast for the drive for Boy Scout funds will be held Tuesday morning, October 15 at 6 a.m., Henry's Cafe.

Bryan Yarbrough is recovering at West Coke County Hospital.

Good Harvest Is Reported From Alaskan Valley

At Palmer, north of Anchorage in the southern part of the main body of Alaska, the Frontiersman, a twelve page weekly newspaper records in the issue of September 19 that farmers were having the best weather — or were having the best weather for harvesting they have had in many years.

Harvest conditions had been ideal for three weeks, temperatures above normal, no frost. Combines were harvesting barley, getting ready to harvest oats. Considerable acreage of oats had been bound and shocked, mostly to be fed in the bundle. A second crop of brome grass had been harvested.

Commercial growers were digging potatoes. Harvest of head lettuce, cabbage, carrots, celery, and minor vegetables was continuing, with quality reported good.

Palmer is where Dan Turner is teaching in the high school.

The issue carried 54 legal notices in connection with homesteaders taking up land from the U. S. Department of Interior.

GREEN MOUNTAIN CLUB

The Green Mountain Home Demonstration Club met Tuesday, Oct. 1, with Mrs. Dave King. Discussion and work was done on hand work. Refreshments of ice cream, jello with coffee and cookies were served.

An all day meeting will be held at Green Mountain Community Center Tuesday, October 15, the club's next meeting day.

The 1963 Mitchell County Fair is set for October 10, 11 and 12 in Colorado City.

FOOD TO NEEDY IN FOREIGN COUNTRIES

Church World Service have scheduled for distribution in 1964 446,564,000 pounds of foods for the needy in Africa, Asia, Latin America, Europe and the Middle East.

This food goes to disaster victims, supplemental feeding for orphans, widows, and children, hospital patients, the aged, to refugees and others in distress.

More recently certain types of commodities are being used as partial payment to workers in community betterment projects.

Bob L. Davis In Charge of Austin Columbian Office

Bob L. Davis, in Robert Lee for a brief visit recently, has moved from Amarillo to Austin, where he will have charge of an office of Columbian Securities Corporation which is to be opened at the capitol, in the Western Republic Building.

Mr. Davis has been 12 years with this company, 8 of which has been in charge of the Amarillo office. After serving as County Judge of Coke County, he went to Pecos as City Manager and served in that capacity from 48 to 51, and since then has been connected with this firm.

He and Mrs. Davis, the former Nona Inman, have three sons, Kenneth, Junior in High School; Charles, in the 8th grade, and Jim Bob.

Net effect of private U. S. foreign investments in 1962 was to improve the U. S. balance of payments. Although \$3.3 billion was invested abroad, income from previous investments amounted to \$3.8 billion, a half a billion dollar surplus.

Observations

(A Personal Word By The Editor)

Can't think of any baseball game we would camp on a pallet Wednesday to Friday to get a ticket for which.

The Texas Sheep and Goat Raisers Association has named Elmer Kelton as Editor of their magazine, "The Sheep and Goat Raiser."

Kelton has been with the Standard Times for 15 years.

Ever once in a while some expert worries in print over how the world is going to be fed in the future.

With farming being developed in Alaska, new deserts going under irrigation and land being made more productive throughout the United States, maybe we can postpone our worries along that line while we worry about OVER-production, taxes, and socialism.

One trade in which there is now no unemployment is that of skilled printers, or semiskilled, for that matter. Twice as many ads are appearing in trade publications wanting printers as for printers wanting jobs.

In retail selling, all business is local, and there isn't anything more "local" than the home town paper, an N. W. Ayer & Son, Inc. executive told Maryland and Delaware editors recently.

The State Fair of Texas is in progress from October 5 through October 20.

In case of fire Dial 453-4291.

The Observer, Robert Lee, Texas

Oct. 10, 1963

Lloyd Harmon brought in some of the biggest sweet potatoes ever seen in Coke County. He says this is one other thing Coke County is good for. He gathered a wash tub full off of four vines. One weighed 4 pounds, another 3 3/4 pounds.

SCORING THREAT AT OZONA

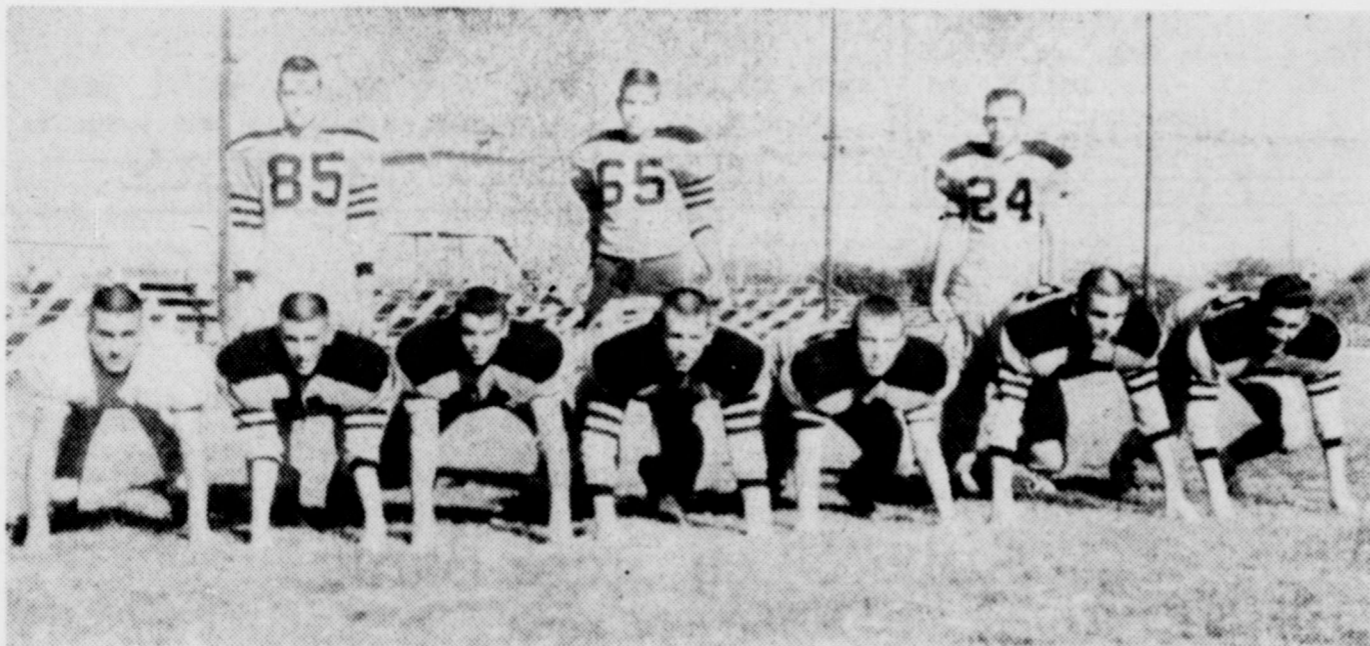

The Steer Main Backfield line up at workout here. Left to right, they are Lynn White, Rusty Dodson, Robert Wink, and Derwood Coalson.

Nephew Dennis A Menace

Gartman, End, Catches 'Em

THESE MAKE THE THREAT GOOD

When a line and linebackers like these team up with the backs above, they make whoever scores know they've been to a ball game.

At front is the line centered by Big Tom Roach, 220. Opponents have to go around him, and when they do, they have to deal with: Front row, left to right: Dennis Gartman, End; Charles Askins, Tackle; Mike Ledbetter, Guard; Roach; Mike Malone, Guard; Robert Holland Tackle; Ricky Hatch, End, who also has caught some of Wink's passes to add to the scoring.

Linebackers for defensive play, standing, are Eddie Parker, C. L. Sparks, and John Jacobs.

Malones Combine Science, and Math With Coaching Winning Ball Team

MRS. JANE MALONE

Mrs. Jane Malone, above, had a wide range of practical experience as a chemist, in addition to a Bachelor of Science in Chemistry from Iowa Wesleyan College, with minors in physics, math and music.

Before becoming a teacher, she worked as a control chemist in an explosives plant, research assistant to an enzyme chemist at the University of Nebraska, and research chemist on cotton at the University of Texas. She also did graduate work in education at the University of Texas.

Mrs. Malone teaches science in the Robert Lee Schools, where her husband, John Malone, is head coach and athletic director.

JOHN N. MALONE

Archer City High School, Mesa Junior College in Colorado and the University of Texas are the educational background of Mr. Malone, who teaches Mathematics and Science in the Junior High School and is athletic director.

He is the man who herds the football-playing Steers, basketball, baseball and track for the Robert Lee schools.

He and Mrs. Malone, who also teaches here have three children—Michael, 16 (that's Mike); Kathryn Ann, 5, (Kitty); Patrick 2, (Packy).

Observations

(A Personal Word
By The Editor)

The men you hire tomorrow are the kids you help today. This, from the front page of "The Electric Times," West Texas Utilities publication, is worth the thought of all citizens as well as business men in particular.

The daily papers are tabulating the scoring made by individual players, with several Robert Lee players high on the list.

Nobody knows better than the boys who make these high scores how many different factors enter into the scoring records.

A runaway game like that with Sands will add up more scores in one evening than can be made by the most skillful and hard fought playing in three other games.

Likewise, the type of opposition may yet call for a different type of scoring strategy.

So while it is interesting to foot up scores by individuals, the men who make the highest score will be the quickest to give their teammates credit for the kind of teamwork that makes a winning team, and it is on winning teams that individual players make the best scoring records.

We believe the Steers can go all the way this year, if they continue to play as a team.

In the kind of team we have had so far this year, every score that was made, the whole team made it.

Catholic Movement Toward More Bible Highly Significant In Future Of The Christian Churches In All The World

The movement inside the Roman Catholic Church to place more emphasis on Bible study and on the Bible as authority, compared with the traditions of the church, could have far reaching effects in our time.

That has been one of the main differences between Roman doctrine and Protestant doctrine all along. The great debate going on now in the Ecumenical Council in Rome will likely settle the question for Catholics for years to come.

It appears likely the Catholics will put some less emphasis on church tradition, more emphasis on Scriptural authority, which will bring their position closer to the Protestants — those Protestants who still believe the Bible.

In that case, while side-line teachings may vary, the Catholic position may come closer to Bible believing Protestantism than Bible believing Protestantism is to the clerical atheism which has a firm foothold in high spots in many Protestant churches today.

These clerics believe practically nothing of the Bible, parrot atheistic communism's party line, find

no fault with the religious persecutions communism has carried on in every country where they have had control.

These atheistic church-robbed American ecclesiastical reds take part in racial demonstrations, oppose the Committee on Un-American Activities, raise a protest wherever it serves red interests to protest, but never one word in support of the missionaries who the Chinese communist hounded out of that country or the Christians they murdered there and in North Korea.

While the term "Ecumenical" can mean nearly anything, the movement now under way in the Catholic church deserves the thoughtful study of us all.

How deep it will go and how far remains to be seen, but it could go very deep and very far. — Observer Editorial.

The federal Bureau of Indian Affairs has 12,000 employees, about one for every 34 Indians on reservations.

Progress means people working and getting somewhere with it.

Lunchroom Menus

Lunchroom menus for Robert Lee school for the week beginning Oct. 14 and ending Oct. 18, are as follows:

Monday, Oct. 14

Hot dogs with chili, buttered corn, combination salad, milk, chocolate chip cookies.

Tuesday, Oct. 15

Steak fingers and gravy, creamed potatoes, green beans, celery sticks, hot rolls and butter, milk, jelly.

Wednesday, Oct. 16

Vegetable beef soup, cheese sticks, peach jello on lettuce, crackers, milk, applesauce cake.

Thursday, Oct. 17

Macaroni and cheese, vienna sausage and pickle relish, black-eyed peas, spinach and boiled eggs, hot rolls and butter, milk, fruit salad with whipped cream.

Friday, Oct. 178

Fish with tartar sauce, buttered

potatoes, garden salad, hot rolls and butter, milk, banana pudding.

JOE LARA ON SHIP FIRING ANTI-SUB ROCKET

USS CONE (FHTNC) Joe Lara, seaman apprentice, USN, son of Mr. and Mrs. Luther Lara of Robert Lee, Tex., participated in the first firing of the Antisubmarine Rocket in the Mediterranean aboard the destroyer USS Cone.

The destroyer left Charleston, S. C., Aug. 6, for a four-month tour with the Sixth Fleet. Upon arriving in Naples, Italy, Aug. 31, the crew made visits to the Isle of Capri, the ruins of Pompeii, and the historical city of Rome. Before returning to the U. S., Cone will visit other Mediterranean ports.

Standard's Boswell No. 1 Unit 1 was waiting on orders Monday after reportedly drilling to the lower Strawn.

CLOSED ON SUNDAYS

42. He started picking up wool at 18, kept taking a try at the shears now and then until he soon was a full fledged shearer.

Luther Lara and Santos, veteran shearing crew operators, are not shearing this fall, due to a sort of numbness in the arm muscles used so long in handling the shearing head.

Whose sheep pen? Well, only one rancher in Coke County would have a pen like that, and that's probably because he spends so much of his time around town.

Sheep had been tied for shearing their backs and sides. In the lower picture, Gloria is at work over his sheep.

Fall of the year has always been one of the shearing times for goats, but in the past few years more ranchmen are also shearing their sheep twice a year.

May a few years ago was the big shearing month, but now sheep are sheared through April, and a number of ranches shear in September.

Above, Faustino Gloria, operating Luther Lara's machine, stops for a picture, with his shearing companion, Ramon Sanchez, left, and with Jimmy Killam, right

who was picking up wool that morning.

Faustina is a brother of Jessie Gloria, who works at Ivey Motor. He has been in this community since 1923, starting out as a boy picking cotton when there was cotton to pick.

He has been shearing every season since 1942 — 21 years in the shearing pen each year, doing other work on ranches or construction jobs between seasons.

Sanchez, who lives at Bronte, has also been shearing since 19-

Kenneth Caulder Dies in Accident, Funeral Sunday

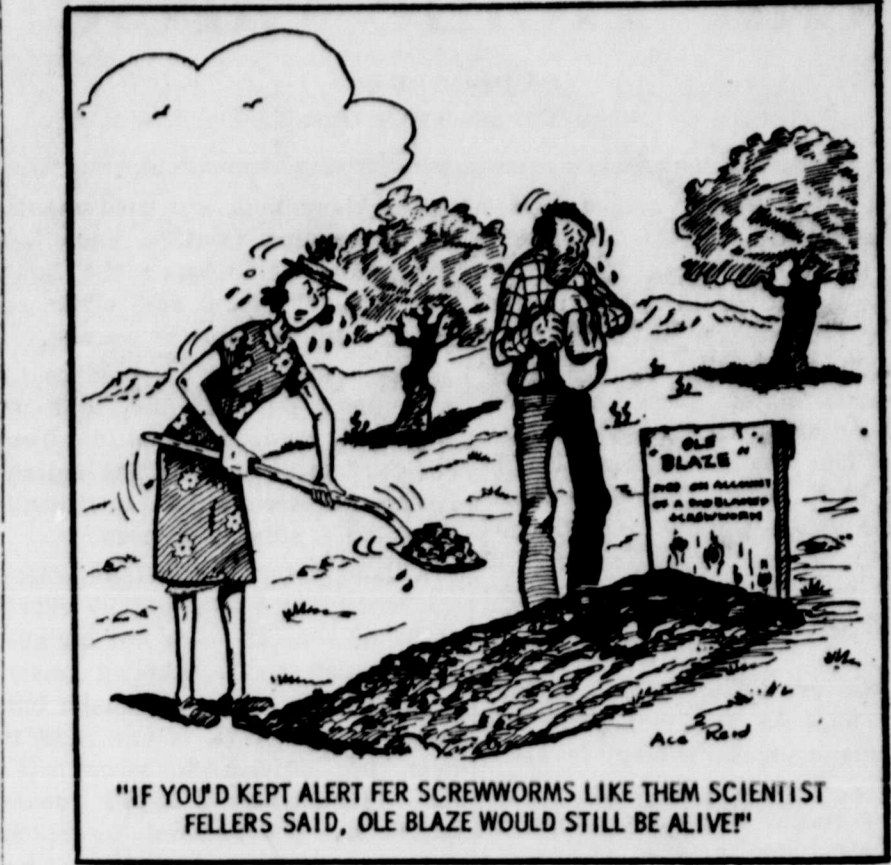

(From Bronte Enterprise)

Kenneth Edward Caulder, 21, was killed early last Saturday morning in a one-car accident about four miles north of Bronte. Young Caulder was thrown from an automobile being driven by Don Andrews when it turned over. Justice of the Peace J. T. Liles ruled that death was caused by head injuries and a broken neck.

Funeral services were held Sunday afternoon at Central Baptist Church with the Rev. Wayne N. Stout, pastor, officiating. He was assisted by the Rev. Murrell Johns, pastor of First Baptist Church. Burial followed in Fairview Cemetery under direction of Cliff Funeral Home.

Caulder was born Nov. 10, 1941, at Loraine. He grew up in Bronte and attended school here. He was married in San Angelo Jan. 8, 1961, to Miss Ava Dehnel. He was a member of Central Baptist Church.

Survivors include his wife of Midland; a daughter, Cynthia Ann; his parents, Mr. and Mrs.

Lewis Caulder of Bronte; two sisters, Mrs. Shirley Shaffer of Midland and Jean Caulder of Bronte; three brothers, Doyle Caulder of Texas City, Earl and Wayne Caulder of Bronte; his maternal grandmother, Mrs. Onie Adams of Midland and his paternal grandmother, Mrs. Susie Caulder of Robert Lee.

The fatal accident occurred on a curve north of town. Apparently Andrews lost control of the car as it knocked down several guard posts and then turned over. Caulder was thrown from the vehicle and was about 20 feet from it when it came to a stop. Miss Georgia Owens was in the car with Andrews and Caulder at the time of the accident. She and Andrews were hospitalized at the Bronte Hospital. It is thought that neither is injured seriously. The car was heavily damaged.

Pallbearers were D. W. Sims, Richard Spencer, Bob Wrinkle, Benny Corley, Mickey Black, Joe Davis, Rudy Phillips and Stanley Daulong.

Mr. and Mrs. Caulder had another son killed in an accident in 1856. Raymond Caulder was serving in the Navy in Italy and was killed while riding a motorcycle which was in collision with a truck.

Mr. and Mrs. Pete Hickman, Terry and Grant from Ozona were weekend guests of his mother, Mrs. Ed Hickman and other relatives. Mrs. Hickman went home with them for a visit.

W. T. Roach of Roach Dry Goods firm returned early this week from a trip to Dallas where he attended the Men's Apparel Market.

To the left, the driveway turns into Highway 208 for San Angelo. To the right, it turns into a paved street to Robert Lee, downtown.

The photographer is standing at the intersection of the highways from Bronte to Sterling City and to Colorado City.

Ida Lee Parker and I had a wonderful time in Dallas attending the State Dress Revue. Ida Lee was one of forty-two participants from Texas in the Revue.

Judging took place Friday in the Adolphus Hotel. The Revue was held Saturday at the State Fair.

Ida Lee was not among the ones who won prizes, but she represented Coke County and District 7 well in competition as well as looks in the style show! I was proud of her.

If you are staying ahead of your bills, chances are that your money management system is satisfactory.

Now might be a good time to evaluate your system of money management and determine if there are ways of improving it.

You may be spending according to a workable pattern established when you did use records of expenditures, but nevertheless, you are likely planning ahead for larger expenditures or emergen-

Football, Ag Work Represented When Winks Get Together

Kenneth and Kay Wink, students in Texas Tech, spent the weekend at home with their parents, Mr. and Mrs. Leslie Wink.

Kenneth is a Senior this year, to graduate with a degree in Agriculture. Kaye is a sophomore, majoring in Home Economics.

Milburn came in Friday from Hamlin, where he teaches vocational agriculture to see the football game Friday night. His brother, Robert, is quarterbacking the team this year, and his nephew, Dennis Gartman, plays end.

The Wink boys have all played football at Robert Lee, and all the family is active in agricultural work.

FORMER COKE COUNTIANS GRANDPARENTS OF TWO SETS OF TWIN BOYS

Mr. and Mrs. Wilber Lee Reid of Arlington, Texas, are parents of twin boys, their first born, on Oct. 4. Donald Lee and Ronald Lee weighed six pounds and 12 ounces and six pounds and eight ounces at birth.

The Jim L. Reids of Grand Prairie are grandparents of another set of twins, Mr. and Mrs. Jimmy Reids' sons, Bobby Lohn and Billy Lee, six years of age and started to school this year.

Maternal grandparents are Mr. and Mrs. Allen Strickland of Lamesa.

Great grandparents are Mrs. Lura Reid of Sanco and Mr. and Mrs. T. S. Allred of San Angelo.

One out of 1200 firstborn births are twins.

Every year youths spend in high school can be worth an average of \$17,500 to each of them. A full four years can be worth \$70,000. That is how much extra they will earn on an average over their working lives by going to school, according to the Chamber of Commerce of the United States.

Water A Problem In Lower Strawn Dual Completion

Effort to complete Standard of Texas No. 3-1 Boswell in the lower Strawn at 6,400 has met with problems, and the final results are evidently as yet unknown.

Production seems assured in the Meneille Sand, the production level of the Northeast IAB Field. In the effort to bring in the lower sand and make this a dual producer, operators came to the well Monday with swabbing tools and found the well flowing on its own — 80 barrels of oil and 20 barrels of water Monday night.

In the Meneille sand no water had been encountered — in fact, this is the first real water problem in this field.

Location has been made ready for Tucker Drilling Company's planned re-entry of Ocie Devoll No. 1, some 1/2 mile north.

At recent report, Standard's Boswell No. 4 had cored the lower Strawn sand.

BRIEF COMMENTS

About most of the games people play—they're alright when they're run right; all wrong when they're not run right.

November 22-28 is National Farm-City Week. The idea is for farm and city folks to understand each other better. Maybe we could get together the farmers who live in the city and the city folks who live on the farms, and we might rake up a few farmers who live on the farms.

cies. Many bills are paid monthly. Observing families know approximately how much the housing, utilities, food and other regular family living costs are.

Many families are paying installments on a home, car or household equipment. Often from one-third to one-half of the monthly income is committed to installment or regular expenses.

Although just knowing where the money goes — either by check stubs or records — is not budgeting, it can be a starting place. A good budget may not make one dollar do the work of two, and it may not reform a spendthrift, but it should help a family decide on definite needs and interests.

When family members really talk over their wants and needs and agree on priorities, some changes generally will take place. A spending plan is not intended to just get you out of a financial "jam", but to keep you out of one, it is pointed out.

Schedule

Wednesday, Oct. 9 — Office.
Thursday, Oct. 10 — Mitchell County Fair
Friday, Oct. 11 — Conference, Miss Maeona Cox, Food & Nutrition Specialist
Monday, Oct. 14 — Office, 7 p.m., 4-H council
Tuesday, Oct. 15 — 4-H leader training, Bronte, 9:30 a.m.; Robert Lee, 2 p.m.

City Ordinance Granting Gas Franchise

EXTRACT FROM MINUTES OF TOWN COMMISSION OF ROBERT LEE, TEXAS

The Town Commission of the Town of Robert Lee, Coke County, Texas, convened in regular session on the 1st day of October, 1963 at 7:00 P. M. with the following persons present:

Mayor: Robert Vaughan
Commissioners: F. C. Clark
Vaughan S. Davis
Absent: None

A quorum being present, came on to be read and considered Ordinance No. 63-8 granting to Lone Star Gas Company, a Texas corporation, a franchise to furnish and supply natural gas to the general public in the Town of Robert Lee and environs thereof. On motion made by Commissioner Davis and seconded by Commissioner Clark, which carried unanimously, the Commission voted to pass said franchise ordinance and to record same at length in these minutes.

STATE OF TEXAS COUNTY OF COKE TOWN OF ROBERT LEE

I, Yvonne Devoll, Town Secretary of the Town of Robert Lee, Texas, do hereby certify that the above and foregoing is a true and correct copy of the proceedings of the Town Commission of the Town of Robert Lee, Texas, at a regular session held on the 1st day of October, 1963, in connection with the passage and adoption of Ordinance No. 63-8 granting a franchise to Lone Star Gas Company and that the same is of record in Volume 2, page 73 of the Minutes of the Town Commission.

WITNESS MY HAND AND SEAL OF OFFICE, this 2nd day of October, 1963.

Yvonne Devoll
Town of Robert Lee, Texas
Secretary

(Seal)

AN ORDINANCE GRANTING TO LONE STAR GAS COMPANY, A CORPORATION, ITS SUCCESSORS AND ASSIGNS, A FRANCHISE TO FURNISH AND SUPPLY GAS TO THE GENERAL PUBLIC IN THE TOWN OF ROBERT LEE, COKE COUNTY, TEXAS, AND THE ENVIRONS THEREOF; FIXING RATES AND CHARGES FOR NATURAL GAS AND NATURAL GAS SERVICE; PROVIDING FOR THE PAYMENT OF A FEE OR CHARGE FOR THE USE OF THE STREETS, ALLEYS AND PUBLIC WAYS, AND PROVIDING THAT IT SHALL BE IN LIEU OF OTHER FEES AND CHARGES, EXCEPTING AD VALOREM TAXES.

BE IT ORDAINED BY THE TOWN COMMISSION OF THE TOWN OF ROBERT LEE, TEXAS:

SECTION 1. That the Town of Robert Lee, Texas, hereinafter called "Town," hereby grants to Lone Star Gas Company, hereinafter called "Company," its successors and assigns, consent to use and occupy the present and future streets, alleys, highways, public places, public thoroughfares and grounds of Town for the purpose of laying, maintaining, constructing, operating and replacing therein and thereon pipelines and all other appurtenant equipment needed and necessary to deliver and sell gas to persons, firms and corporations, including all the general public, within the Town's corporate limits and the environs thereof, said consent being granted for a term of twenty-five (25) years from and after the date of the final passage and approval of this ordinance.

SECTION 2. Company shall lay, maintain, construct, operate and replace its pipes, mains, laterals and other equipment so as to interfere as little as possible with traffic and shall promptly clean

up and restore to an approximate original condition, at its cost, all thoroughfares and other surfaces which it may disturb. The location of all mains, pipes, laterals and other appurtenant equipment shall be fixed under the supervision of the Town Commission or an authorized committee or agent appointed by said Council.

SECTION 3. When Company shall make or cause to be made excavations or shall place obstructions in any street, alley or other public place, the public shall be protected by barriers and lights placed, erected and maintained by Company; and in the event of injury to any person or damage to any property by reason of the construction, operation or maintenance of the gas distributing plant or system of Company, Company shall indemnify and keep harmless Town from any and all liability in connection therewith. Company shall repair, clean up and restore to an approximate original condition all streets and alleys disturbed during the construction and repair of its gas distributing system.

SECTION 4. In addition to the rates charged for gas supplied, Company may make and enforce reasonable charges, rules and regulations for service rendered in the conduct of its business, including a charge for services rendered in the inauguration of natural gas service, and may require, before furnishing service, the execution of a contract therefor. Company shall have the right to contract with each customer with reference to the installation of, and payment for, any and all of the gas piping from the connection thereof with the Company's main in the streets or alleys to and throughout the consumer's premises. Company shall own, operate and maintain all service lines which are defined as the supply lines from the Company's main to the consumer's curb line when mains are located in the streets and to the consumer's property line when mains are located in the alleys. The consumer shall own, operate and maintain all yard lines and house piping. Yard lines are defined as the underground supply lines extending from the point of connection with Company's service line to the point of connection with consumer's house piping.

SECTION 5. The Company shall not be required to extend mains on any street more than fifty (50) feet for any one consumer of gas.

SECTION 6. Company shall be entitled to require from each and every consumer of gas, before gas service is commenced, a deposit of twice the amount of an estimated monthly bill, which said deposit may be retained by Company until service is discontinued and all bills therefor have been paid. Company shall then return said deposit to the consumer, together with six per cent (6%) interest thereon from the date of said deposit up to the date of discontinuance of service. Company shall be entitled to apply said deposit with accrued interest, to any indebtedness owed Company by the consumer making the deposit.

SECTION 7. The rights, privileges and franchises granted by this ordinance are not to be considered exclusive, and Town hereby expressly reserves the right to grant, at any time, like privileges, rights and franchises as it may see fit to any other person or corporation for the purpose of furnishing gas for light, heat and power to and for Town and the inhabitants thereof.

SECTION 8. Company shall furnish reasonably adequate service to the public at reasonable rates and charges therefor; and Company shall maintain its property,

equipment and appliances in good order and condition.

SECTION 9. Company, its successors and assigns, agrees to pay and Town agrees to accept on or before the first day of April, 1964, and on or before the same day of each succeeding year during the life of this franchise up to and including the year 1968, a sum of money which shall be equivalent to two per cent (2%) of the gross receipts received by Company from the sale of gas to its domestic and commercial consumers within the corporate limits of said Town (expressly excluding, however, receipts derived from sales to industrial and governmental users and consumers in said Town) for the preceding calendar year, which annual payment shall be for the rights and privileges herein granted to Company including expressly, without limitation, the right to use the streets, alleys and public ways of said Town. And it is also expressly agreed that the aforesaid annual payment shall be in lieu of any and all other and additional occupation taxes, easement and franchise taxes, or charges (whether levied as an ad valorem, special or other character of tax or charge), in lieu of municipal license and inspection fees, street taxes and street or alley rentals or charges, and all other and additional municipal taxes, charges, levies, fees and rentals of whatever kind and character which Town may impose or hereafter be authorized to levy and collect, excepting only the usual general or special ad valorem taxes, which Town is authorized to levy and impose upon real and personal property. Should Town not have the legal power to agree that the payment of the foregoing sums of money shall be in lieu of taxes, licenses, fees, street or alley rentals or charges, easement or franchise taxes or charges aforesaid, then Town agrees that it will apply so much of said sums of money paid as may be necessary to satisfy Company's obligations, if any, to pay any such taxes, licenses, charges, fees, rentals, easements or franchise taxes or charges.

In order to determine the gross receipts received by Company from the sale of gas (expressly excluding the sale of gas to industrial and governmental consumers) within the corporate limits of Town, Company agrees that on the same date that payments are made as provided in the preceding paragraph of this Section 9, it will file with the Town Clerk a sworn report showing the gross receipts received from the sale of gas to its domestic and commercial consumers within said corporate limits for the calendar year preceding the date of payment. Town may, if it sees fit, have the books and records of Company examined by a representative of said Town to ascertain the correctness of the sworn reports agreed to be filed herein.

Receipts from sales to governmental users or consumers shall include all those receipts derived from the sale of gas to federal, state, county or city governments or branches and subdivisions thereof, school districts or other similar districts, it being the intention to include within the term "governmental users and consumers" all tax-supported institutions owned or operated directly or indirectly by said governments and branches or subdivisions thereof, such as schools, colleges, hospitals, eleemosynary institutions, army or training camps, airports, courthouse, city hall and other institutions of like or similar kind and character.

"Industrial users or consumers," as herein used, are those generally and commonly classi-

fied as such by Company.

The payment herein provided shall be for the period January 1 to December 31 of the respective year that the payment is made.

SECTION 10. Effective with the first gas bill rendered after the effective date of this ordinance, the rates and charges for sales of natural gas and natural gas service rendered to residential and commercial consumers within the town limits of Town by Company are hereby fixed and determined to be as follows:

(Based on Monthly Consumption Registered on One Meter)

First 600 cu. ft. or less \$1.50 net per month.

Next 1,400 cu. ft. @ \$1.482 per MCF gross; \$1.334 MCF net.

Next 3,000 cu. ft. @ .927 per MCF gross; .834 per MCF net.

Next 20,000 cu. ft. @ .649 per MCF gross; .584 per MCF net.

All Over 25,000 cu. ft. @ .593 per MCF gross; .534 per MCF net.

Net rates shall apply to bills paid with in ten (10) days from the date of monthly billing.

Add to or subtract from the above rates the amount of any increase or decrease, respectively, in the present authorized intracompany city gate charge as fixed by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers in the Town of Robert Lee.

The above rates and charges are applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

The rates and charges herein provided, however, shall be subject to revision and change by either the Town of Robert Lee or Company in the manner provided by law. Service hereunder is sub-

ject to the orders of regulatory bodies having jurisdiction and to the Company's rules and regulations currently on file in the Company's office.

SECTION 11. If any provision, sub-section, section, exception, paragraph, sentence, clause or phrase of this ordinance or the application of same to any person or set of circumstances shall for any reason be held unconstitutional, void or invalid, such invalidity of the remaining provisions of this ordinance or their application to other persons or set of circumstances and to this end all provisions of this ordinance are declared to be severable.

SECTION 12. Company shall file its written acceptance of this franchise ordinance within sixty (60) days after its final passage and approval by said Town.

PASSED AND APPROVED on this the 1st day of October, A.D. 1963.

Robert Vaughan
Mayor
Town of Robert Lee, Texas

ATTEST:
Yvonne Devoll

Steer Powerhouse Turns Voltage On Class A Iraan In Line Pounding Football To Meter A Count of 40-0

LAST WEEK'S GAME

Dodson kicked off to open last Friday's game here, Iraan failed to make a first down, and it was 1st and 10 yards to go on Iraan's 35 yard line. Steers took an offside penalty, and it was 2nd and 15 to go. Coalson, Wink and Dodson on straight line end runs, pitchout and handout plays, soon had the ball on the 8 yard line, then Wink handed the ball to Coalson who took it for a touchdown, and a Wink to White pass netted the extra points, for a score of 9 to 0.

Dodson kicked, Morgan returned to the 36, Braves made a first down through the line, then made another 1st down to the Steers 45, Smithson leading the ball-carrying. Braves took a penalty, illegal use of the hands, Smithson tried to pass, but all his Indians were covered by Steers, passing attack fizzled, and the Steers had the ball on the 27 yard line.

Came on now a battle of the penalties. White was around his left for first down, Wink completed a pass to Gartman, Steers

took a penalty. After an incomplete pass, then a handout play to Coalson, then a clipping penalty of 15 yards. Dodson was around the end, forced out of bounds on the 29, and the quarter ended.

SECOND QUARTER

Quick in the second quarter on the second play, Coalson was through the whole tribe like an arrow through a gunnysack, for a touchdown, and then Dodson over for the extra points, 16-0.

The Braves were still fighting hard. They returned the kick to the 43, got a hard-earned eight yards in two plays, lost the ball on a fumble as Lynn White recovered on the Steers 39.

Then one of those quick slick tosses, Wink to Gartman put the ball to 1st and 10 on the 33, Coalson picked up 11 yards to first down and goal to go on the 9.

Wink tossed a quick one to Hatch for a TD, then a pitchout to Coalson, and it was 24-0.

The Braves returned Dodson's kick to their 46, Smithson bulletted through the Steers to a first down on the Steers 40, a completed pass to Steenson put it on the Steers 15 yard, and a first down for the Braves. Coalson knocked down their next pass back of their goal line, and the half ended with the Braves still making a serious threat.

SECOND HALF

The third quarter was scoreless, with penalties, times out, and Brave fumbles, both teams going at it with brute strength, Robert Lee recovering Iraan fumbles, ending the quarter with 3d down and 14 to go on the Braves 25.

Steer pass was incomplete, and the ball went over to the Braves on their 14, Steers recovered a Brave fumble on the Braves 26, White went to the right for a good gain, and the Braves held them on the 3 yard line for three plays until the Steer battering ram, Rusty Dodson, whammed it across, and Wink tossed another Uncle to Nephew for extra points, 32-0.

Iraan returned the kick to their 39, on the second play lost the ball to a hard tackle, Dodson recovered on the 45. The Steers didn't go, punted, then on the first Brave play there was another Brave knocked into a fumble by a hard tackling Steer, Coalson recovered.

The next few plays included a pass to Dodson, an offside penalty, then Coalson was through to 1st and 10 on the Iraan 36, then again through the whole tribe to a touchdown, and again got the ball to go over for the extras — 40-0, and there ended the game.

Between half feature was a precision drill by the Robert Lee High School Band, some fifty uniformed players, under the direction of Band Instructor Bill Williams, and led by Drum Major Jo Alice Evans, with twirlers Mary Wojtek, Linda Jacoby, Sandy Thomas, Rhea Jean McCutchen, and Nancy Jacoby.

BRIEF COMMENT

If Bobby Kennedy and the Department of Justice he heads will bust the rackets in the United States, he will have earned his pay, and a lot of respect he has lost in playing around with the demonstrators.

Ranchmen in Coke County are having water problems, with a dry fall and very little wind lately to pump water. Some with good wells are hauling water, moving stock, or installing gasoline engines with pump jacks.

For one time a norther would be welcome to turn some mills.

Washington Newsletter

By O. C. FISHER

After month's of hearings, the House Ways and Means Committee has finally come out with a new tax bill. It would trim \$10 billion from the annual cost of tax payments. By a one-vote margin the committee declined to tie any cut to a requirement that spending budgets be reduced.

While tax reduction is over-due, the Congress is faced with a dilemma: can a \$10 billion cut be justified at a time when the annual deficit is estimated at \$10 billion — thus making a \$20 billion net deficit the first year?

While it is true that a reduction in taxes can be expected to stimulate some increase in revenue by encouraging business activity, it will take a year or two for this to become noticeable.

In the meantime, prospects for a retrenchment of federal spending is very uncertain. With a dozen new spending programs, all admittedly non-essential now pending in the Congress, no move has been made to forego these new ventures in spending in order to justify a tax cut. If that were done several billion dollars could be saved, and the tax cut would make more sense.

In short, if we are to have fiscal responsibility in the operation of the government it seems imperative that any tax cut should be tied with a clearly defined program of reduced spending. Otherwise an increased deficit will lead inevitably to more inflation — a dollar that is not worth so much and will not buy as much.

Cloak rooms have been buzzing recently with talk about Harry Truman. While he was President, Truman was an advocate of civil rights legislation, then considered rather radical. But recently he has frowned on sit-ins, freedom rides, demonstrations, and some of the more radical legislation now being proposed. And, incidentally, he has spoken out against a tax cut without retrenchment in spending.

In a Cleveland speech the other night the former President was blunt and outspoken. "The argument on civil rights," he said, "has been stirred up by Boston and New England demagogues just as the War between the States was brought about by Harriet Beecher Stowe and William Lloyd Garrison.

LIGHT FROST

A touch of frost in September? Robert Walker noticed some green heel burr vines had been nipped on his river place. Mesquites are turning yellow in spots over the countryside, some leaves falling.

Some leaves are falling from trees that have been watered. Dry weather could account for the leaves falling, some say. But a couple of mornings a couple of weeks ago felt right frosty about five o'clock.

The cotton crop is light, with some of it already defoliated and being gathered by mechanical strippers. Ben Boykin is gathering a bale to around 6 to 8 acres. All the cotton has to be hauled outside of Coke County for ginning.

Revision of Sun Oil Company's Jameson Gas Plant is in full swing now, with a number of local men being employed.

The Observer, Robert Lee, Texas

Oct. 10, 1963

The growing demand for beef in the U. S. will require that the number of beef cattle be increased at the rate of 5% annually for the next 7 years. The USDA estimates that we will have to have 14 million additional acres of grazing annually to produce this number of cattle.

Mrs. O. E. Allen is at home after spending a month in New Mexico, where she visited four of her children, one each at Hobbs, Ruidosa, Alamogordo, and Santa Fe.

Fall wool has been selling right along, bringing around 42 to 43½ cents per pound.
