Loraine Will Bring Good Team Friday, Steers Look Better

The last game on the home field scheduled for the year, the Loraine game turns out to be the district decider, this year as it was last, tomorrow (Friday) night.

The Steers meet a power-packed, smooth working football club here Friday night, in the game

Farm Bureau Meet Held at Bronte

The quarterly supper meeting of directors of Coke County Farm Bureau was held Tuesday night in the Fellowship Hall of First Methodist Church in Bronte. In addition to directors and their wives, guests present were Mr. and Mrs. J. E. Quisenberry, Mr. and Mrs. W. E. Jacoby, Mr. and Mrs. J. T. Henry, Rev. and Mrs. Austin Masterson, Rev. Dempsey Salter and Ronnie Sims.

It was announced at the meeting that Coke County Farm Bureau membership had grown to a total of 237 which is over 60 per cent of the approximately 400 farm families in the county.

The features of the Cooley Cotton Bill, HR 6196 were discussed by Fred McCabe Jr., policy execution chairman. This bill proposes a 10 per cent higher support price on the first 15 bales of cotton produced by each grower. It was pointed out that this would materially increase the cost of the cotton program and push its total cost up to an estimated \$765,000,000. This proposal goes against the philosophy of the Farm Bureau and the group is in favor of the secretary of agriculture using authority granted him in the Agricultural Adjustment Act of 1958 to bring about necessary adjustments to make U. S. cotton more competitive.

J. T. Henry, Bronte vocational agriculture teacher, brought a talk on the value of agricultural training for young people, and introduced Ronnie Sims as one of his top students.

It was announced that the Farm Bureau is offering a program to put hay buyers in contact with sellers, in an effort to increase the quality of hay which may be needed this winter.

to decide the championship of District 8-B. The overall average weight of the Loraine Bulldog roster that took Bronte apart 30-8 is 146, ten pounds lighter than the overall average of the Steer squad.

However, the Loraine starters in the Bronte game weighed an average of 173, which is enough backfield weight, depending on what they can do with it, and they have been doing very well with it.

A smoother, cleaner team than last year, these lads don't know that Robert Lee has the top team in District 8-B, much less the state, and they are going to have to be shown every step of the way.

Those who see Friday night's game here will see two of the smoothest operating hardest hitting, most determined teams in Texas Class-B football in what promises to be a good football game, in every respect.

Reports reach us that the Bulldogs have excellent quarterbacking to challenge the Steer generalship, which has shown up with the best in the state.

Their backs could match ours in power and speed but their line is going to have to show something no class B school anywhere around has shown yet in their line, or their backs won't be able to go where they want to go enough of the time.

So we give the Steers a slight edge in the backfield, maybe, and enough balance of power in the line to win the game. But if you want to know what happens when an irresistible force meets an immovable object, watch this football game. — USB

Last Week's Game
As reported by RONNIE BAKER

Facing a stubborn defense thrown up by the Trent team, the Steers' offense seemed to have bogged down in the early part of the game, but the stout defense continued to work with precision, and again held the opposing team outside the 30 yard line, and, statistics-wise, for little gain.

The first quarter went very fast, with no scoring. With an exchange

Homecoming Bonfire, Pep-Rally Announced

Homecoming observances for Robert Lee High School will begin Thursday night with the bonfire at the football field. Everyone is invited.

Then on Friday at 3:00 P.M. at the High School gym will be the Pep Rally for the Loraine game, with all Ex-es invited to meet there.

WILLIAM JOE HARMON RETURNS FROM SERVICE

William Joe Harmon, son of Mr. and Mrs. Finis Harmon, came in from a two year hitch in the Army last Thursday morning. He was stationed at Colorado Springs the entire time.

A member of the pistol team, he got to travel quite a bit — was in Georgia, Indiana, and Camp Perry (Ohio) and acquired several medals while in the service.

Sam Ed Skipworth, who is teaching this year at Kermit High School, was one of the speakers November 2, at the homecoming at Sul Ross State College, Alpine.

UCRA Proposes To Hold Joint Meeting With District Board

The Board of Directors of the Upper Colorado River Authority in their meeting here last week invited the Board of Directors of the Colorado River Municipal Water District to meet with them at a future date, to discuss the matter of water from any lake or lakes that might be built on the Colorado River.

Gerald C. Allen, secretary-treasurer of the UCRA, told the

Board of Community Development at their Tuesday noon luncheon that the CRMWD are not entitled to impound water in this area except as the rights of the people here are protected.

"We don't care who builds the dam," Mr. Allen said. "We could build it and contract water to them, or they could build it and contract water to us."

The Upper Colorado River Authority can issue revenue bonds and build a dam on the Colorado River, Mr. Allen went on to explain, if they can sell the water.

In the discussion that followed it developed that the UCRA could purchase storage in the reservoir and use it to supply the needs of the city here, or for other purposes, and that he hoped the CRMWD board will meet with UCRA and that something can be worked out.

LATE BULLETIN

Finis Preslar died in a San Angelo Hospital at 3:00 P.M. Tuesday, and funeral was to be held at Robert Lee Wednesday afternoon.

(The Observer goes to press at noon Wednesday. Complete story will be published next week.)

Vote Saturday on 4 Amendments, Tax

Interest appeared light, judging from the filing of only one absentee ballot for the election Saturday, with Tuesday the last day.

Commissioners Say Ad Valorem Needed in County

At a meeting of the Coke County Commissioners' Court Monday, November 4th, the Commissioners unanimously expressed their opinions in favor of retaining the present thirty cent Ad Valorem tax in the form of a County Ad Valorem Tax which will be voted on by the citizens of Coke County next Saturday.

Reasons cited for their thinking were based on the following advantages:

First, the services presently being provided, in the form of good roads throughout the county, can be continued only if funds are available for such operation. If more Farm-to-Market roads are to be constructed, purchasing and fencing rights-of-way will be necessary. These services will, by necessity, be curtailed if funds are not available.

Another advantage in voting this county Ad Valorem Tax is that homesteads are exempt, which is not the case with other precinct and county taxes. Voting this tax will not change present tax rates, but will be retaining the Ad Valorem tax voted by Coke County in 1944, and which citizens have been paying since that date.

If the citizens of Coke County vote down this opportunity, and still demand the services presently being provided by their commissioners, the other alternative to provide these funds will be an increase in property valuations or the voting of bonds, which the court feels are less advantageous to a majority of the tax payers.

Progress means people working and getting somewhere with it.

Four amendments to the State Constitution are to be voted on, also the question whether the ad valorem tax, which would otherwise be discontinued this year, shall continue to be levied as a county tax.

The amendments, No. 1 would repeal the poll tax, No. 2 Repeals the constitutional limit on money paid out of state funds to old age assistance, No. 3 Allows Jefferson County to provide disability benefits for employees, No. 4 would enlarge the Veterans Land Fund.

Voiting will be at the usual polling places throughout the county.

NEWMANS MOVE HERE FROM COLORADO CITY

New residents of Robert Lee are Mr. and Mrs. Billy Gene Newman and their three children, who moved here Saturday from Colorado City. They are living in the Bob Bagwell residence three blocks south of the court house.

Mr. Newman is employed at Sun's Jameson gasoline plant at Silver and has been with the company 7½ years. He was raised in East Texas as was his wife, the former Marilyn Coomer, whose home town is White Oak.

He is a son of Mrs. Jim Robertson, who also moved to Robert Lee recently from Colorado City.

The Newmans have two sons, Ronnie, 6, and Mike, 5, and a baby daughter, Sharon, 4 months old.

Crafts, Antiques, Handwork Shown Saturday This Week In Robert Lee, With Baked Goods Contest

Handiwork including arts, crafts, all sorts of needlework, gifts, and holiday decorations, will be on display Saturday in downtown Robert Lee. The exhibit will be in the Roe Building, north of the Post Office and will be open to the public from 10 a.m. until 5 p.m.

Antiques, quilts, clothing, and various kinds of needlework will be shown, as well as historical items. Any person desiring to display articles is invited to do so. All items must be in the Roe Building by 9:45 on Saturday.

The Adult Baked Goods Contest is open to the public. Anyone desiring is urged to enter yeast breads, breads, cake, pie, and holiday goodies. The baked items must be in the building by 8 a.m. on Saturday. Ribbons will be awarded winners in each division. Mrs. Royce Fancher, homemaking teacher, Bronte High School, will be chairman of the judging.

Mrs. R. W. Smith and Mrs. Floyd Crunk are in charge of the baked goods.

4-H Club girls are participating

in the exhibits by showing various crafts, gifts and clothing they have made. The Junior Baked Goods Division includes cookies, pies, cakes, yeast breads, breads. Ribbons will be award winners. Mmes. Truman Parker and Pat Rives are in charge of the 4-H division.

Mrs. Glenn Waldrop is chairman of the committee that has planned and made arrangements for the event. The exhibit is sponsored by the Coke County Home Demonstration Council. Other ladies serving on committees are Mmes. W. H. Robertson, E. L. Champion, Curtis Walker, Taylor Emerson, C. E. Arrott, O. R. McQueen, Kenneth Lackey, T. C. Berry, R. L. Page, J. C. Boatright, and Mrs. A. J. Roe Jr., IID agent.

Refreshments will be served throughout the day by HD members with Mmes. Tom Rives, Linzy McDorman and Finis Harmon in charge.

Everyone is urged to participate in the exhibit by showing articles and visiting during the day Saturday, according to Mrs. Roe.

Susan Newell, daughter of Mr. and Mrs. O. W. Newell, was crowned "Football Sweetheart;" Donnie Higginbotham, son of Mr. and Mrs. O. W. Hig-

ginbotham "Football Hero," at the Homecoming game at Silver, when the season winners, the Silver Indians, bounced the Sterling City Eaglets, 34-12.

In the election next Saturday we will vote on amendments to the Texas Constitution that within themselves are as long or longer than the entire constitution of the United States.

In the scriptures it is said in one of the gospels that if all the things Jesus said and did could be written down all the world itself could not contain the books that would be written.

This something of a pleasantry perhaps on the part of the gospel writer could well apply to the amendments to the constitution of Texas. If they keep on patching it and amending it, there will not be a library shelf in Texas big enough to contain the constitution of the State of Texas.

Some efforts have been made to rewrite this constitution so that it will not have to be amended so often so much. But this has not been done.

We wonder if we would reject all these amendments, every one of them, every time they come up we would cause to be worked out a constitution that would not have to be so constantly amended.

It's becoming ridiculous. Almost every time amendments of the constitution come before the voters we have to vote on whether some county or district is going to have permission to build a hospital in some remote part of the state or whether some particular county can pay a pension to its employees—something that concerns the people of some other county but not us—directly. The constitution is written to be a guide in the making of laws, not to make the laws in detail. Why hasn't the Legislature of Texas seen to it that whenever we amend the constitution to permit some county to build some kind of a hospital that we amend it so that any county in Texas that wishes to can build that sort of hospital. We doubt very seriously if we are doing ourselves or the State of Texas any good by constantly passing one amendment after another.

The constitution will be so bulky and contain so many words it will take a man a good part of his lifetime even to read it, much less understand it.

STUDENT WRITES OF PRIDE IN SCHOOL, WORKING TOGETHER

(Editor's Note: How the students pitched in and gave their rooms and other areas of the school that extra bit of clean up any building or set of buildings needed now and then is told in the following article by Gary Jack Thomason, Sixth Grader.

From considerable experience with youth this editor firmly believes that one of the experiences more needed by children today than any other and more often neglected is to give them the right opportunity and the right incentive to work with adults, and that the students are to be commended for their pride in the school and their willingness to turn a hand for it.)

Working Together at School By Gary Jack Thomason

Plans for Friday's work-day were simple. The elementary classes were to clean their own rooms. The sixth grade cleaned the music room, too. The upper grades cleaned their rooms and any other rooms that needed cleaning. The band painted the cafeteria.

The things accomplished were amazing. For example the sixth grade had collected quite a lot of dust. Now it even smells clean! The music room looked hopeless, but now it is very clean.

We are glad the faculty gave us the opportunity to help and work together in cleaning our school. We were not made to do this work. The students volunteered to do it. We are proud of our school and we don't mind working to help its appearance. If we ever have another work-day I will be glad to help and I think the other students will be, too.

A West Texas Layman Speaks Out On Race Problem and Spirit of Christ

Clarence N. Cosby, who once attended High School here, is living at Canyon now, and retired from his job in charge of campus maintenance at West Texas State College. He is a member of the Southern Baptist Church, spends considerable time studying and writing on public questions. Following is an extract from some of his recent writing. — Editor.

To say the Spirit of Christ, if practiced among men, would solve all racial problems is to speak the truth. It would not only solve the racial problem, but it would solve all problems connected with human relations.

But to say, or infer, that all who object to integrating and amalgamating the races are necessarily alien to the Spirit of Christ is not the truth.

To question the legal justice or the moral virtue of forcing the association of any group or race upon another is a prerogative that belongs to any free man. The right to dissent here is a prerequisite of liberty and entails in no way the stigma of prejudice or bigotry.

We have laws and courts and all enforcement agencies attendant thereon for the purpose of establishing equity and according to every one his just due, so far as it is possible to do so.

But law, as enacted by man, is weak in that it is limited in scope; it is subject to fallacy in that it is the work of man and is not always just. It prescribes rules of conduct to govern society, and by its arm of might it metes out punishment to those who offend. It governs to some extent the physical actions of man, but can go no further.

ROBERT LEE SENIORS TAKE COLLEGE TESTS AT SAN ANGELO SATURDAY

Saturday morning, November 9, most of the Senior Class members will take the ACT test at San Angelo College. This test is required or recommended by most colleges in the country. It will last from 8:00 to 12:00 during which time the students will be thoroughly tested on their knowledge of English, science, mathematics and social studies. The American College Test costs \$4.00 and will be sent to 3 colleges of your choice.

THETFORD, LEDBETTER, AND WHITE CAPTAINS AT TRENT

The "Beat Trent" Pep Rally featured a pep talk by Mr. Douglas Dean, a number by the twirlers, and a skit by the cheerleaders wearing football helmets.

Captains chosen were Terry Thetford, who was welcomed back into action after an injury, Mike Ledbetter and Lynn White.

SENIORS WORK AT PLANS FOR HOMECOMING GAME

The Senior Class sold mums for the Homecoming game this Friday. It is rumored that they are planning a donkey basketball game if details can be worked out. The complication they are running into is that there is not enough room in the gymnasium for the crowd called for in the contract.

At a class meeting, one Senior got his wires crossed and asked how plans were coming for the donkey "bar-be-que"! He knew it started with a B.

MEASURED FOR JACKETS

The Robert Lee football team members were measured for letter jackets last week. What the jackets will look like is always kept a secret until they are issued.

Man's attitudes, his inward emotions, his loves, his hates, his likes, his dislikes, his opinions occupy a realm beyond the reach of legal process, and remain inviolate within the private domain of his own consciousness.

The only justifiable reason for the existence of any law is determined by the extent to which it accords to each individual his just due and provides for the general good, peace and tranquility of the whole. Any attempt to extend its influence further is to destroy its virtue and make it an object for repeal rather than to be enforced — it is an unjust law.

If all the money expended in the attempt to integrate the races in America had been used to construct and to equip better schools, churches, and general living conditions for the colored people; and all the preachments had been directed toward teaching them individually and collectively that their their greatest earthly hope of happiness lies in their ability and determination to make of themselves, by the help of God, a generation of men not only worthy of respect but also capable of filling the jobs they need, the racial problem in America would be largely solved.

The crying need of America today is not so much greater opportunity as it is greater incentive. Clarence N. Cosby
2609 5th Avenue
Canyon, Texas.

Trent Game Brings Number of Former RL People Together

Several ex-graduates of Robert Lee High School attended last week's football game with Trent.

Ann Carwile and her roommate from Hardin-Simmons came. Ann, who was valedictorian of the Class of 1963, began her study at the University last summer and was given the accelerated English rating. This year she is taking Sophomore English. Ann represented RLHS in the regional Interscholastic League Ready Writing and Typing contests. She also won the English and Spanish Award for 1962.

John Kinsey, who is home from the Navy, was there, along with several SAC students — Comie Hallmark, Jimmy Caraway, Phil Lowder, and Joe Roe.

Douglas Coalson and James Arthur, students at ACC, and cousins of Derwood Coalson came to see the game. Also, Mr. O. W. Wakefield, principal of Wylie High School, and family came over.

Jimmy Gray, Assistant Football Coach at Hardin-Simmons, viewed the game, too. Jimmy's sister, Barbara Gray, is a Sophomore at HSU, and is majoring in P. E.

ROBERT LEE CLASS HAS HAYRIDE SANCO OUTING

Last Saturday night, November 2, the Baptist Training Class which consists of boys and girls who are from 13 to 15 years of age, had a hayride. Their sponsor is Gene Hinnard. The hay wagon was pulled by a tractor and there was a weiner roast at Sanco.

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

*Optional at extra cost

Gives Facts On Veterans Land Fund, For Amendment Enlarging Program

(Editor's Note: The following review of the Veteran's Land Fund Amendment to be voted on Saturday is furnished by Mr. A. J. Kirkpatrick. It is not intended to present the editorial view of this newspaper.)

A proposed amendment to the Texas Constitution on the Nov. 9 election ballot would increase the Veterans' Land Fund in Texas by \$150 million if approved.

Importance of the amendment has been reviewed by Arthur Si-

tas, veterans' service officer for Tom Green and Coke counties who like Texas Land Commissioner Jerry Sadler, is urging approval of the amendment.

The money used, if the amendment passes, would be for purchasing land to be sold to Texas veterans who served in Armed Forces between Sept. 16, 1940, and March 31, 1955.

"It (Veterans' Land Fund) is a fine program...one that provides veterans with the oppor-

tunity to own land," Sitas says. "And the program is not costing the taxpayers one penny. It is self-supporting and actually is making the state some money." The state fund provides veterans who want land to buy on a long term purchase plan with little money down. If total price of the purchase is below \$7,500, the land program will buy the land and sell it to the veteran for five per cent down and \$100 closing costs. With a 4% interest rate, notes can be secured for as long as 40 years.

Sadler recently compiled current status of the program. It was disclosed that 32,000 veterans have purchased land through the Veterans' Land Fund in Texas. The state bought for veterans 2,778,772 acres of land at an average price of \$78.18 per acre.

"We have more than 1,000,000 qualified veterans in Texas," Sadler said. "And since Jan. 1, 1955, more than 130,000 veterans have sent in applications to purchase land through the program."

An auditor for the program has predicted it will make \$80 million for the state. This is made possible, Sadler said, because of a one per cent differential on lending rates. "Since Jan. 1, 1961, we have adopted a policy whereby we keep a differential of at least one per cent between what we borrow for and what we loan for," Sadler said.

In case the additional issue of \$150 million is approved by the voters at next Saturday's special election, the bonds will be sold to draw 3½% interest. The funds thus derived will be loaned to qualified veterans at 4½%.

A number of Coke County veterans have bought land under the Texas Veterans' Land Program. An additional bond issue will make the service available to many others.

Advertising has told Americans the story of America's progress. It is business news for those who buy, those who sell, and those who build. More and more as time goes on, the advertisements in this newspaper will carry information every reader will find worth while.

Observations

(A Personal Word
By The Editor)

On a big flat rock on top of one of the mountains in my pasture, in big letters carved deep is this inscription, "A.D.1884," and under it JHA joined together as a brand. Lying beside the inscription on the rock is a strip of metal, one end evidently having been shop-worked, far from where any metal would accidentally be strewn.

It had lain there undisturbed for 80 years, the iron with which some cowboy had carved the date.

Up there on that ridge I have always felt the weightlessness of time. There one can shake hands with the past. Westward the view is clear across Yellow Wolf Valley to Meadow Mountains, and up the river to the Cedar Hill coun-

try, 20 miles.

To the east, a cove and another ridge of mountains have changed but little for the centuries.

I carved it high on ageless stone, But stone will wear and words will fade.

Another age will pass, unknown, The name I carved, the mark I made.

We, as individuals, won't have these mountains many years. Oil exploration and development have changed them some. But the real marks any of us will leave will be in the thoughts, hearts, and spirits of those who will live here after we have gone and pass on something of what we have passed on to them.

Ageless truth can last longer than the stones on which they were carved. Where are the tables on which the ten commandments were first written?

It is in the Word of God and the hearts of men they still live today, and passed on by the generations that have come and gone.

We Invite You

To help us with installing a new scoreboard at the football field. It is to be equipped with a big clock, well lighted, and will give the quarter, downs, and yards to go, up high enough so everyone can see it.

We believe this will make the games more enjoyable to everyone who sees them, and the information shown on them will be helpful to players and coaches as well as those who keep statistics and report games, officials and announcers.

PLEASE SEE CUMBIE IVEY JR. OR HOWARD VARNADORE IN REGARD TO WHAT YOU CAN DO TO HELP.

Any member of the Quarterback Club will accept your donation.

Quarterback Club

Countryside

By STERLING LINDSEY

Our moisture and pasture grass situation being what they are, the grain sorghum or other stalk or stubble that are left will probably be welcomed as cow or sheep feed. But we should not forget the conservation, plant food and soil building values of crop residues.

A definite addition of the three common plant foods, nitrogen, phosphorous and potash, is made each time residue is returned to the soil. But probably more important is the conservation and soil building values received from the crop left-overs.

Many operators shred their stalks shortly after the crop is removed. This practice and stubble mulching, or the two combined will protect soils from the hazards of rain and wind. Also, the soil is held open and rain or air can penetrate more easily. And, as the process of decomposition takes place, foods are released for the new crop to feed on and organic matter is added to the soil.

The addition of nitrogen may prove helpful and speed up the decomposition process. Adding nitrogen feeds the soil microbes. If nitrogen is not added, the soil bacteria may compete with the new crop for the nitrogen in your soil.

Of course, moisture is necessary for bacterial action and decomposition.

If and when we receive some rainfall, we should be prepared to store the maximum amount our soils will hold. Crop residues and organic matter can help us retain the moisture received.

I cannot write without mentioning the screwworm situation. The known cases dropped from the pre-

vious weeks State-wide report, but there were still 242 cases submitted during the week. Despite the reduced numbers, we should continue to be alert. One overwintered case could do the program great harm next spring. The program officials are attempting to avoid a build-up of any kind. If their desires are met, next year should produce fewer screwworms in all areas.

A new fire-retardant outside paint is being developed by the U. S. Department of Agriculture.

The new paint looks like ordinary paint and can be applied with brush or roller. But the paint's reaction to fire is entirely different. When exposed to flame, the paint develops a thick, carbon-containing layer that acts as a fire-retardant, insulating barrier.

The experimental formulations contain oil derived from tung nuts, an important crop in the Gulf Coast region. Research that led to the discovery is being continued at the Southern Utilization Research Laboratory at New Orleans.

The scientists are now seeking formulations that will require less paint for effective protection and still possess other properties desired in paints. No paint formulations or samples will be available for industrial testing until this work is completed, according to USDA officials.

KIMBERLY LEANN CASTON

Mr. and Mrs. Carlton Caston (Leta Bert Davis) are parents of a new baby girl, Kimberly LeAnn, born Nov. 1, weight 7 lbs, 3 ozs., in a Sweetwater Hospital. Grandparents are Mr. and Mrs. Leon Davis of Roscoe and Mrs. Bessie Caston of Robert Lee. The father works for J. D. Harmon as a caterpillar driver.

Observations

(A Personal Word By The Editor)

Early this week, word was that a bout with colds and flu that slowed the backfield last week with Trent, was pretty well in hand, and, barring injuries in work-outs, the Steer squad will be in form for Friday night's Homecoming game with Loraine, here.

From Ronnie Baker's account, the Trent Gorillas put everything

they had into the try at upsetting the Steers last week, but didn't have enough.

Take a Look at the Ads. A little time spent in reading them is time well spent.

Mrs. Richard Service

SAN ANGELO CHURCH WEDDING FOR RICHARD SERVICE AND GLENDA DREYER

Richard Service and Glenda Faye Dreyer were united in marriage Saturday, October 19, at 7:30, in a candlelight ceremony performed at Bellmore Baptist Church by the Rev. Joe P. Self, Jr.

The couple took their vows before an altar flanked with gladioli.

The bride wore a floor length dress of white satin, overlaid with white lace, with a corsage of white pom poms on a white Bible.

Bridesmaids were Ladene Dreyer and Sandra Dreyer; flower girl was Konny Service and ring girl

Kaylan Service.

Best man was J. W. Service, Jr., brother of the groom, and groomsman was Terry Frank Bryan. Ushers were Jerry Blair and Donnie Robertson, candlelighters John and Jay Lynn Service.

The bride is the daughter of Mr. and Mrs. R. H. Dreyer, 1008 Woodruff, San Angelo, and attended Central High School there. The groom is the son of Mr. and Mrs. J. W. Service, Sr., of Robert Lee, and is employed at Silver with Clendennen Welding Service. The couple will make their home in Robert Lee.

Our Home Circle

By FAY C. ROE

The Exhibit to be held Saturday in Robert Lee offers the public an opportunity to see some achievements of the girls, women and others of the County. The exhibits and adult Baked Goods Contest are open to all persons. I do hope you will bring something for the exhibit and contest.

Mrs. Glenn Waldrop is chairman for the event that will be held in the Roe building, just north of the Robert Lee Post Office.

Do read the article found elsewhere in the news and get busy. You will want to show off some of your handwork and of course, you will drop by between 10 and 5 Saturday. You will see numerous interesting things and will be served refreshments.

Mmes. Bill Blair, D. J. Walker, Jr., and Teddy Pitcock held the first meeting with their groups of 4-H girls last week. These girls are enrolled in Unit I foods. The adult leaders helped the girls with a "Cook-Out" meal of meat, carrots, potatoes and onion cooked in foil and Some Mores for desert. Plans were made for all the meetings of the two groups until Christmas.

Girls attending were Linda Blair, Jo Adkins, Gaye Dean, Peggy Green, Sharon Hughes, Sheri Pitcock, Rebecca Walker, Beverly Shandley, Gaylene Eldred, Jerry McDonald, and Debra Peyton.

This is the time of year that people begin to have colds, flu, and various virus illnesses. I hope you will study the article I am including in my column and decide which disinfectant suits your needs and that you begin

now to use it. It might save you money and seiges of illness now and this winter.

Pine oil is an effective laundry disinfectant for use against disease-causing bacteria which may survive usual home laundering.

Other good disinfectants are liquid chlorine bleach and quaternary and phenolic compounds.

All four of these disinfectants have been tested in the laboratory by textile bacteriologists of USDA's Agricultural Research Service and in household laundering by cooperating homemakers. Future research may reveal still other disinfectants that are equally effective.

The researchers began looking for laundry disinfectants after they found that normal home laundering methods did not kill all disease-causing bacteria, especially when there was sickness in the family.

To get the USDA nod of approval, a laundry disinfectant must kill many kinds of bacteria and be reasonable in cost. Also, it must not leave a residue that would be harmful to the skin, and it must not change the color or other properties of the fabric.

ARS bacteriologists offer the following suggestions to help you select and use commercially available disinfectants in your family wash:

Read the label on the container. Look for the word "disinfectant" then read the list of active ingredients.

If you choose a pine oil disinfectant, get a product that contains at least 80 percent pine oil.

Note the strength of phenolic or quaternary disinfectants. A product with a high percentage of active ingredients may cost more, but you won't have to use as much. For example, if you need a cup of a product that has 3-

percent active ingredients, you would need only a half a cup of a 6-percent products. From the cost standpoint, a product that is primarily a disinfectant is usually more economical than an all-purpose cleaner containing additional ingredients such as detergents or whiteners.

Follow directions on the label in using the disinfectant. Heed all cautions or warnings. They are placed there for your safety.

To make certain you use the right amount, find out how many gallons of water your machine tub holds. Then calculate the amount of disinfectant needed.

If you use liquid chlorine bleach, always add it to the wash water so the chlorine will be removed in rinsing. Add the bleach before putting in the clothes. Remember, chlorine bleaches are harmful to wool, silk, and certain dyes.

Phenolic or pine oil compounds may be added either to the wash or rinse water.

Because detergents in the wash water are likely to inactivate quaternary compounds, use this type of disinfectant in the rinse water only.

Schedule

Thursday, Nov. 7 — Conference 4-H Planning, Mrs. J. W. Service, Jr. and Mrs. J. O. Rudd.

Friday and Saturday, Nov. 8 & 9 — Exhibit.

Monday, Nov. 11 — Office

Tuesday, Nov. 12 — H.D. Council, 2 p.m.; 4-H council conference room, 6:30 p.m.

100,000 MILES AT OVER 105 MPH!

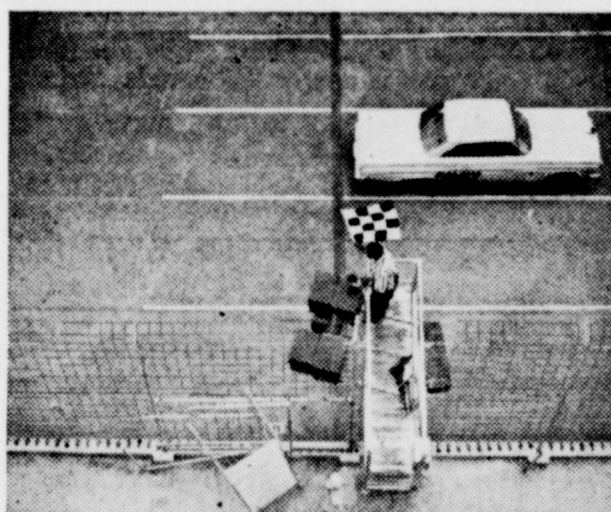

Comet Durability Run: toughest challenge of automotive stamina ever faced!

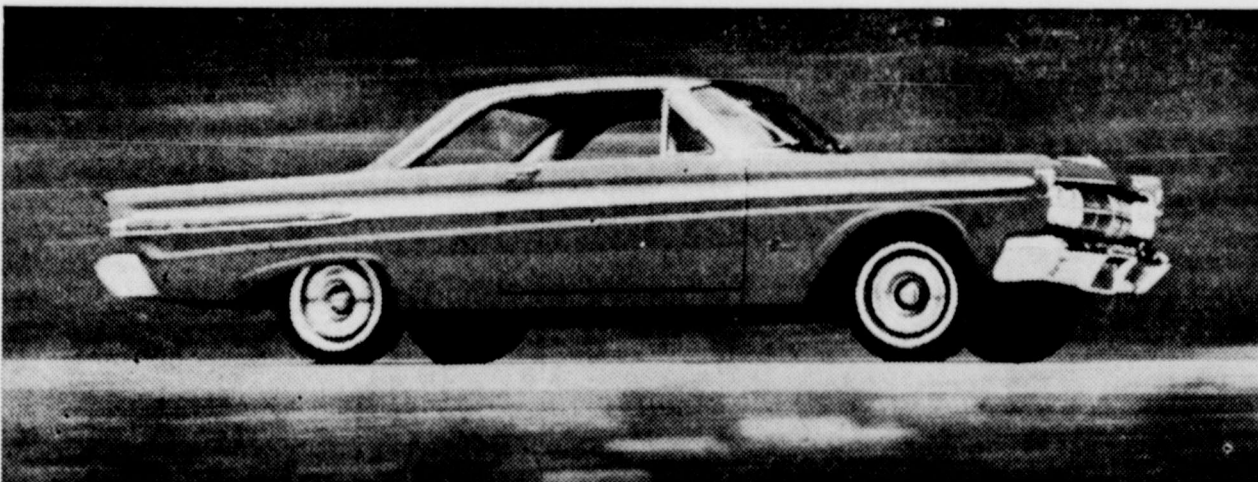

On Sept. 21, we set out to test the stamina and rugged construction of a specially equipped and prepared team of 1964 Comets at Daytona, Fla.

These Comets drove day and night for 100,000 miles. Average speed of the lead car—over 105 mph—includes time for refueling and maintenance.

During this challenging event, these Comets rewrote the record book, set over 100 world records*. Many were once held by famous foreign cars.

WHAT THIS MEANS TO THE NEW-CAR BUYER. This around-the-clock Durability Run was the most rugged test ever faced by a new car. These Comets proved their stamina and durability beyond question. And the same skills and engineering excellence that made Comet's performance possible are yours in every '64 Comet. For this is a hot and hefty new kind of Comet—newly styled, newly designed, newly engineered. It's bigger, bolder looking... with a solid, big-car ride. Try one—at your Mercury dealer's.

THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas — GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Coke County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: All those persons not in being having a vested, contingent, or possible interest in a mineral interest in 640 acres, more or less, in Coke County, Texas, described as Section 64, Block 16, H. & T. C. RR. Co. Survey, Defendants. Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Coke County at the Courthouse thereof, in Robert Lee, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of December A. D. 1963, to Plaintiff's Petition filed in said court, on the 15th day of October A. D. 1963, in this cause, numbered 2269 on the docket of said court and styled Vernon C. McKinley, Individually and as Independent Executor of the Estate of Charles McKinney, Dec'd., Plaintiff, vs. Sam J. Dotson, et al, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit to appoint a receiver pursuant to Article 2320 (c), Texas Revised Civil Statutes, 1925, to make an oil and gas lease in the case of contingent interests, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs Issued under my hand and the seal of said court at Robert Lee, Texas, this the 15th day of October A. D. 1963.

Attest: J. L. Tinkler, Clerk District Court Coke County, Texas By Winnie Waldrop, Deputy. (SEAL)

NO. 2268 VERNON C. MCKINNEY VS. SAM J. DOTSON, ET AL IN THE DISTRICT COURT OF COKE COUNTY, TEXAS 51ST JUDICIAL DISTRICT PLAINTIFF'S ORIGINAL PETITION TO THE HONORABLE JUDGE OF SAID COURT:

Comes now VERNON C. MCKINNEY, Individually and as Independent Executor of the Estate of Charles McKinney, Deceased, hereinafter called Plaintiff, complaining of BEULAH MCKINNEY, a widow, the surviving wife of CHARLES MCKINNEY; KARL MCKINNEY, MARY MCKINNEY and LAURA MCKINNEY, the minor children of VERNON C. MCKINNEY, individually and pursuant to Rule 42 (a) of the Texas Rules of Civil Procedure as representatives of the children, or their descendants, who have been or may be born to VERNON C. MCKINNEY and who may survive VERNON C. MCKINNEY; and SAM J. DOTSON, MRS. VANE WALKER, a feme sole, R. E. MCKINNEY, IVA KERLEY, and husband, W. C. KERLEY, and LESLIE A. JOHNSON, who are sued pursuant to Rule 42 (a) of the Texas Rules of Civil Procedure as representatives of the brothers and sisters, and their descendants, of CHARLES MCKINNEY, who may be living at

the time of the death of the said VERNON C. MCKINNEY; hereinafter called Defendants, and would respectfully show the Court the following:

1. The Plaintiff resides in San Angelo, Tom Green County, Texas, and the Defendants and their residences are as follows: BEULAH MCKINNEY, San Angelo, Tom Green County, Texas; KARL MCKINNEY, MARY MCKINNEY, and LAURA MCKINNEY, San Angelo, Tom Green County, Texas; R. E. MCKINNEY, San Angelo, Tom Green County, Texas, SAM J. DOTSON, Bexar County, Texas; MRS. VANE WALKER, Lubbock County, Texas; LESLIE A. JOHNSON, Lamar County, Texas; and IVA KERLEY and her husband, W. C. KERLEY, Scurry County, Texas.

2. Plaintiff would show that CHARLES MCKINNEY died December 31, 1956, having at the time of his death his domicile and fixed place of residence in Tom Green County, Texas, and that he left his written will which was thereafter duly probated in Tom Green County, Texas, a copy of such will attached hereto and marked Exhibit "A", and said exhibit being made part of this pleading the same as if it were copied at length herein. Plaintiff, VERNON C. MCKINNEY, was named Independent Executor of the Estate of CHARLES MCKINNEY, in said will and the estate, No. 5077, is still open and pending at the present time in the Probate Court of Tom Green County, Texas. In said will VERNON C. MCKINNEY, Plaintiff, is devised a life estate in the hereinafter described property and Defendant, BEULAH MCKINNEY, is likewise devised a life interest in the estate. The remaining Defendants are representatives of the classes of persons named as contingent remaindermen in the will of CHARLES MCKINNEY. The interests of such remaindermen will not be determined and do not vest until the death of Plaintiff.

3. The principal property in the Estate of CHARLES MCKINNEY, Deceased, is a mineral interest in 640 acres, more or less, in Coke County, Texas, described as Section 64, Block 16, H. & T. C. RR Co. Survey. There has been no development of this mineral estate prior to the institution of this suit. Such estate is in danger of drainage of oil, gas and other minerals unless it can be leased for mineral development, and the leasing thereof will inure to the benefit of both the life tenants and the contingent remaindermen under the will of CHARLES MCKINNEY.

4. Plaintiff would show that he has a vested interest as life tenant in the above-mentioned mineral estate and that said mineral estate is in danger of drainage of oil, gas and other minerals, that the leasing thereof for oil, gas and mineral development and the safe and proper investment of the proceeds will inure to the benefit and advantage of the persons entitled thereto, and that it is necessary for the conservation, preservation and protection of the property of both the life tenants and the contingent remaindermen, that the mineral estate be leased for the production of oil, gas and other minerals.

5. Plaintiff therefore requests that this Court appoint a receiver pursuant to the provisions of Article 2320(c), Vernon's Civil Statutes of Texas, pending the happening of the contingency and the vesting of the future interests created by the will of CHARLES MCKINNEY, Deceased. Such receiver should be authorized by this Court to lease the above described mineral estate, at private sale,

and upon the terms and conditions as the Court may direct, and the receiver should be authorized by this Court to receive, hold and invest the proceeds thereof under the direction of the Court for the benefit of the persons entitled or who may become entitled thereto according to their respective rights and interests, and conferring any other powers on said receiver deemed necessary by this Court.

6. WHEREFORE, Plaintiff prays that citation be issued to Defendants to answer herein and further that those unborn contingent remaindermen be cited as authorized in Rule 112, Texas Rules of Civil Procedure, in the same fashion as in suits against unknown owners or claimants of an interest in land. Plaintiff prays that the Court enter judgment appointing a receiver pursuant to Article 2320(c), Vernon's Civil Statutes of Texas, giving said receiver the power to execute oil and gas leases which will bind both the interests of the life tenants and the contingent remaindermen; and Plaintiff asks for such other and further relief both in law and in equity to which he may be entitled, including costs of court.

Respectfully submitted, PATRICIA H. MARSCHALL 605 First Savings Building San Angelo, Texas /s/ Patricia H. Marschall RUNGE, MARSCHALL & HALL Post Office Box 750 San Angelo, Texas /s/ Frank T. Crews, Jr. ATTORNEYS FOR PLAINTIFF VERNON C. MCKINNEY EXHIBIT A

THE STATE OF TEXAS COUNTY OF COKE

I, CHARLES MCKINNEY, usually known as Charley McKinney, of Coke County, Texas, do hereby make and publish my last will and testament, revoking all wills heretofore made by me.

(1) It is my will that all of my just debts be paid within a reasonable time after my death. It is my will that the debts be paid out of such money as I may have at my death and out of the personal property. If the money and personal property is insufficient to pay all of the debts, it is my will that the real estate be rented or leased out by my executor and the rents from such a lease be applied on the debts.

(2) All money and personal property, if any is left after the payment of the debts and the burial expenses and the expenses of probating this will shall go to my son, Vernon McKinney.

(3) I hereby give to my son Vernon McKinney a life estate in all of the real estate which I may have at my death. It is my will that he have the use and benefit of said lands and premises, receiving therefrom all of the rents and revenues during the period of his life, subject however to the payment of my just debts as above provided, and subject, however, to the gift to my former wife, Beulah McKinney, as hereinafter provided.

(4) Out of the rents and revenues from my real estate I give to Beulah McKinney, my former wife, while she remains unmarried, the sum of Fifty Dollars (\$50.00) per month.

(5) The above gifts to my son Vernon McKinney and to my former wife Beulah McKinney shall not be sold, conveyed, assigned, mortgaged or disposed of by them and shall not be subject to their debts. This provision shall not prevent my son Vernon McKinney from leasing the real estate for any period up to Five years, provided the lease contract recognizes the rights of Beulah McKinney under the above provisions of this will and makes the rentals payable to her insofar as her rights under this will are concerned.

(6) Subject to the life estate vested in my son Vernon McKinney I give all of the real estate owned by me at my death to the natural child or children who may be born to my son Vernon McKinney in lawful wedlock and their descendants who may survive the said Vernon McKinney. But if Vernon McKinney should die without leaving any such child or children or the descendants of their bodies, then it is my will that all of my real estate at the death of the said Vernon McKinney shall (sic) go and be vested in my brothers and sisters and the descendants of my brothers and sisters who may be living at the time of the death of the said Vernon McKinney, the descendants of my deceased brothers and sisters taking such share as such deceased brother or sister would have taken had he or she been alive. This is subject, however, to the Fifty Dollars (\$50.00) per month payable out of the rents and revenues to Beulah McKinney during her life time and while she remains unmarried as above provided.

(7) It is my will that Vernon McKinney be the executor of this will without the supervision of the County Probate Court except to probate this will and the filing of an inventory, and without the execution and filing of a bond.

I hereby declare and publish the above instrument as my last will and testament and sign the same in the presence of Susan Merle Dotson and Peggy Dibrell who I request to execute same as my witnesses this the 13th day of November, 1946.

/s/ Charles McKinney We, Susan Merle Dotson and Peggy Dibrell hereby (sic) sign the above instrument in the presence of Charles McKinney and in the presence of each other as

witnesses to the execution of said instrument by Charles McKinney and at his request. /s/ Susan Merle Dotson /s/ Peggy Dibrell

Silver All Around The Peak

By MRS. GEORGE FUGATE

Silver Wins Over Colorado City

The Silver Indians won their 8th consecutive game last Thursday evening, with a 30-6 conquest of Colorado City 7th and 8th grade team Rickie Whitaker scored 14 points for the Indians, Donnie Higginbotham with 10 points, and Gene Sorrels with 6 points.

The Silver team travels to Bal-linger Nov. 7 for their final game of the season. Score by quarters:

Silver	8	14	8	0-30
Colorado City	0	6	0	0-6

"Pow Wow" Favorite Elected

The following 9th graders were recently elected by the Junior High Students as favorites for the Silver Pow-Wow Annual:

Miss Silver Junior High: Debbie Hines.

Mr. Silver Junior High: Larry Paul.

Best All-Round Girl: Jeannie Sirus.

Best All-Round Boy: Charles Kennedy.

Band Sweetheart: Lynn Brubaker.

Football Sweetheart: Susan Newell.

Football Hero: Donnie Higginbotham.

Youth Attend Meeting

The Silver MYF was represented at the Southwest Texas Conference of Methodist Youth Fellowships, Saturday, held at the First Methodist Church in San Angelo.

Dr. Henry Johnson, education minister at Broadway Methodist Church in Indianapolis, Ind., was guest speaker. Workshops on the various phases of MYF and election of officers were also held.

Silver youth attending were Raymon Kincaid, Karen Fugate, Judy Kincaid, Susan Newell, Cynthia Davis, Robert Fugate and Mrs. Billy Jones, MYF sponsor.

Silver Wedding Anniversary

Mr. and Mrs. George Connors were guests of honor at a covered dish supper in celebration of their Silver Wedding Anniversary. The party was held Saturday evening, Nov. 2, at the Sun Recreation Hall.

Hostesses for the occasion were Mrs. Ollie Newell and Mrs. Blackie Keener. Mrs. Harold Keller made the three-tier wedding cake.

The honored couple were presented three pieces of sterling silver from their friends.

Among the 37 guests were their daughter, Mrs. Bob McKelvey of Abilene, and Mrs. Billy Jo Cruse, also of Abilene, sister of Mrs. Connors.

Bill Newell, a student at El Dorado Junior College in Kansas, was a recent guest of his parents, Mr. and Mrs. O. W. Newell.

Mr. and Mrs. Phil Wall, Mr. and Mrs. Jerry Eubanks and Mr. and Mrs. Wayne Goodwin were recent visitors in Dallas. While there, the men attended a 2-day meeting of Sun Oil Co. engineers.

Attending the Texas Tech-Rice game in Lubbock Saturday were Mr. and Mrs. Claude Walker, Mr. and Mrs. Hap Hendrix and Miss Sue Kennedy.

Visiting "Six Flags Over Texas" over the weekend were Mr. and Mrs. Ramey Jameson, Brenda, Rusty and Steve; Mr. and Mrs. J. P. Jameson, Robert and Kay; and Mrs. Homer Jameson.

Mr. and Mrs. Leonard Sharp and children of Tuscola were weekend guests of her parents, Mr. and Mrs. O. F. Bradham.

Mr. and Mrs. Bob Newell and sons were weekend visitors in Austin.

Mrs. Blackie Keener left today for a 10 day visit with her daughter and family, the Clinton Her-

Mr. Walls was born Feb. 16, 1899, in Decker, Texas. He lived in Silver and Blackwell until 1943, when he moved to Grand Prairie.

Survivors include his wife, Artie; five sons, T. F. Walls, Jr. of Mosley, Va.; Bob Walls of Andrews; T. J. Walls of Forsan; Troy Walls of Killeen; and Charlie Walls of Grand Prairie; four daughters, Mrs. J. C. Thorn of Midkiff; Mrs. Arch Mathers of Silver; Mrs. Randall McCutchen and Mrs. Royce Spradlin, both of Grand Prairie; one brother, Robert Walls of Midland; and one sister, Mrs. Allen Smith of Oklahoma City, Okla., and 11 grandchildren.

CLARK GODWIN HERE

Clark Godwin, freshman student at Texas A & M, was home for the weekend with his parents. Mr. Godwin, who had a stroke, is back home from a stay in the Sterling City hospital.

NOT THAT WE'VE GOT ANY QUARREL WITH PREACHERS

It's a good old fashioned custom to bring in to the Editor (or preacher) a sack of something special like from the farm, and Tom Wiginton hasn't got too new-fangled to do it.

He brought in a sack of cucumbers, one of them sixteen inches long, and not a bitter taste in the lot, every bite sweet and tender. Anybody trying to decide whether to bring things like that to the editor or preacher just let your conscience be your guide, but the Observer office is right handy when you're downtown.

FOOTBALL —

Continued from Page 1

of punts and a recovered fumble by Roach, the Steers went into the second quarter with possession of the ball.

Second Quarter

The Steers drove from midfield down to the 1 yard line with Dodson going over for the first TD. As Wink passed to Hatch for the extras, the Steers led 8-0. After

another exchange of punts, Mike Ledbetter recovered a fumble at the first half ended.

Third Quarter

Robert Lee kicked off to Trent to start the second half, with Glen Roach doing the kicking. The ball bounced off the receiver and Coalson recovered. From here the Steers drove to another TD, with Coalson scoring from 17 yards out with a beautiful cutback through a big hole. Extra points were no good, and the Steers led by 14-0.

Fourth Quarter

The final drive started with a 30-yard pass, Wink to Coalson, which set the ball on the 1 yard line. White went for five, Dodson for 8, Dodson for 1 more, and then Coalson went in standing up for the TD. Dodson broke through for the extra points, and the score, which stood, was Steers 22, Trent 0.

The Trent team went to a passing attack, throwing passes on every down. As the game ended, the final pass was intercepted by Terry Thetford.

As was said, the defense was the difference, with Hatch, Gartman, Roach, Askins, Ledbetter

Sparks, Parker plugging the gaps, Thetford, Dodson, Wink, and Coalson stopping the passing.

The linebacking of White and Jacobs made them, in personal observation, the outstanding individual players if any are to be picked, but it takes all of them to make a team.

Games yet to be played in District 8-B are: Nov. 8, Loraine at Robert Lee; Bronte at Trent; Nov. 15, Robert Lee at Bronte; Trent at Hermleigh.

Wylie goes to Hermleigh on Nov. 1, for a non-conference game.

Mr. and Mrs. J. C. McBride and Scott were weekend visitors with Mrs. Ethel Green in Robert Lee, also John Augustine, grandson, and Terry Davis, nephew, both attending Abilene Christian College. Mrs. McBride is Mrs. Green's daughter.

In case of fire Dial 453-4291.
