Robert Lee, Coke County, Texas, Thursday, April 30, 1964

Single Copy 10c

At the marker erected by the state in honor of his cousin, Richard Coke, Confederate officer, judge, governor, U. S. Senator, Col. R. B. Coke was guest of Coke County Thursday, with Mrs. Coke, left, and his sister, Mrs. J. E. Salter.

Robert Lee Host in First of Coke County 75th Year's Events

Officially, with the dedication of a historical marker to the man for whom Coke County was named, local officials, civic leaders, and those who were here at the founding, opened a Diamond Jubilee observance expected to portray throughout some six months of 1964 the heritage of the county, its communities, and its people.

The first program was introduced by County Judge W. W. Thetford at a noon luncheon Thursday sponsored by the Board of Community Development, at the Recreation Building, at the Robert Lee County park.

Guests of honor included Col. B. R. Coke, a cousin of the renowned Governor Coke, with Mrs. Coke, and with Mr. and Mrs. J. E. Salter, as well as Elton Mims, historian, and a number of Coke Countians who were here at the time the county came into actual being April 23, 1889.

Mrs. Salter, mother of Rev. Dempsey Salter, pastor of the Robert Lee Methodist Church, is a sister of Col. Coke, a retired lieutenant colonel of the Air Force, veteran of World War I and II.

Mayor Robert Vaughan spoke briefly and presided in the introduction of guests. A total of 71 people attended the luncheon.

Mrs. Bryan Yarbrough, in charge of general arrangements for the day, spoke in tribute to pioneer mothers, Ulmer Bird

greeted pioneer fathers, Frank C. Dickey paid tribute to outstanding cowboys of the county's past while Elton Mims gave a brief historical sketch.

A quartet composed of Garland Davis, Mrs. Yarbrough, Mrs. Frank Coalson, and Bill Williams sang "The Old Spinning Wheel in the Parlor", and other songs of by-gone years.

Gerald Allen was master of ceremonies in the afternoon program, dedicating the Coke marker. State Senator Dorsey Hardeeman, of a pioneer Texas family, reviewed the life and work of Governor Richard Coke, emphasizing his contribution to free government in restoring popular rule following the reconstruction.

A land that has lost its legends has lost its greatness, Senator Hardeeman emphasized in a poem quoted in climax to his speech about the county and its founders.

"Each of us has an individual and a particular heritage," Elton Mims said, in presenting historical milestones in the area that is now Coke County.

(Names and account of the group of citizens here in 1889 with details will appear in the Anniversary Edition.)

Mr. and Mrs. Ray Mayhall, who have been living at Silver and had the Odom Cafe leased, have moved to Strawn, Texas, where Ray is now employed.

Homecoming at Sanco On First Sunday in June

Sanco Community Association made plans in a meeting Thursday night for the annual homecoming held on the first Sunday in June each year, this year on June 7.

Two programs are planned, one to come on Saturday night, June 6, at the Community Building, with singing and review of the community's place in the organizing of the county, as the 75 years of the county's existence.

A piano, bought during the year, will be available, at the community meeting place. Sunday's program will be held under the big tabernacle at the usual hour of 10:30, with meat furnished and other ingredients of a basket dinner brought by each individual or family.

Except for a program of around one hour, the day Sunday is given over to meeting and mingling, among relatives, friends, former residents of the community, and visitors.

Mrs. Nolan Pentecost is chairman of the program committee.

Mr. and Mrs. Eddie Roy Braswell of Colorado City came through Robert Lee Sunday on their way home from a Jaycee convention in Corpus Christi. Eddie Roy is president of the C-City Jaycees. While their parents were gone the Braswell children, Van, Ginger and Sterling, visited in the Leslie Copeland home near Silver and the George Braswell home in Bronte.

Golf Course Move Getting Under Way

A joint effort by Robert Lee and Silver has achieved a sufficient number of charter members to begin construction of a 9 hole golf course within the next week or 10 days. After more than 10 years and talking and planning, the Mountain Creek Golf Club became a reality Wednesday night when officers were elected and committees appointed to carry out the project.

The course will have its origin on the bank of Mountain Creek at the Park, cross the creek and meander along the creek bank behind Jerry Thomason's home; on into the Ellis Eubanks field, and ending back at the park. This location and setting can be made into one of the prettiest golf courses in West Texas. The layout

Balmorhea Man to Vocational Post In Robert Lee School

Elected at the recent board meeting to take the place of Bob Cox, resigned, Lee Roy McDaniel, 39, will come here from Balmorhea to teach vocational agriculture in the 1964-65 term.

Mr. McDaniel holds a Bachelor's degree from Abilene Christian College, Masters from Sam Houston State College. He has had ten years experience — three of these at Dublin and 7 at Balmorhea.

Mrs. Prine's Home Burned, Counts Loses Half Barn

The house in which Mrs. J. M. Prine, Sr., lived at Sanco burned to the ground from a fire that started at noon Monday.

She had just gone outside to look at some tomato plants, when she saw heavy smoke pouring from the southwest corner of the house. By the time her son, J. M. Prine, Jr., could come from his house, less than fifty yards away, flames had engulfed the small building, and it was impossible to remove anything from the building.

A high wind was blowing, and before the fire department could reach the scene from Robert Lee, the house was completely consumed.

Origin of the fire is not known. It started from the opposite side of the room from stoves or electric wiring of any kind. Mrs. Prine, alone at the house at the time, said she had not lit a fire since the day before, and there was no gas or gas appliances.

The fire department had a call the day before, Sunday, to the James Counts place on the DeWade, where a barn filled with hay was afire. Fire fighters cut the barn half in two, to save half of it.

TESTING GRAY SAND

Tucker No. 1 Campbell was testing the Gray sand early this week after reportedly failing to find pay in the 5,000 foot Sanco Menielle Pennsylvania. The well is also to be an Ellenburger test.

Sunday, Mr. and Mrs. Milton (Sarah Nell) Tomlinson of Sterling City visited her parents, the Foy Askins. They also visited Sarah Nell's grandmother, Mrs. Sam McGallian, who was in West Coke County Hospital recovering from recent surgery.

UCRA Engineers Ready for Permit To Study Sites

The story of an application for permit to study dam sites on the Colorado, published last Friday in the San Angelo Standard Times, concerns the study mentioned in the Observer of April 16.

There are two agencies involved in the impounding of any water on the Colorado River in this area. One is the Upper Colorado River Authority, with Gerald Allen of Robert Lee chairman of the

Board of Directors. The other is the Colorado River Municipal Water District, with offices in Big Spring, referred to as CRMWD. That district has done the core drilling just west of Robert Lee, and have indicated they expected to reach a decision between this site and the Mitchell County site some time in June.

By the time they have reached this decision and the UCRA have

completed their study, the two are expected to have some kind of joint meeting.

The UCRA directors have indicated that they are willing either to build a dam and sell water to the CRMWD, or else let the District build the dam and UCRA buy water that may be needed here and at San Angelo and other towns with which they have water contracts.

Forrest and Cotton, Inc., of Dallas, consulting engineers, who worked with San Angelo in the studies for Three Rivers Dam, filed a presentation for UCRA before the Texas Water Commission, asking for permission to make this study.

The Robert Lee dam would cost an estimated \$28.3 million and would impound 356,000 acre feet of water, with 310,000 of these for water supply and 46,000 for sedi-

mentation. The studies are along lines of a master plan drawn up by the ULS. Study Commission several years ago outlining projects to meet water needs of the area, up to the year 2,000.

A part of this tentative plan includes what is called the Stacy Dam. However, it would be most likely the UCRA is more interested in water impounding within its own area.

Heart for the Past, Face to the Future

"We should do this again." That was a comment from several following the county's birthday program.

Robert Lee was born as the county seat. That has given it a special mission, an opportunity to serve as well as to be served. That is a part of its past that cannot be lost sight of.

No people can turn their face to the past and keep traveling toward it. But every time we look at the court house, we are acknowledging that our past has much to do with our present and our future.

The court house came with Robert Lee. Robert Lee came with the court house. Our neighbors in Coke County have accepted that. None of them have ever seriously proposed to move it from here, we doubt any ever will.

In a very real sense, we are keepers of a trust, and one we must keep with pride—the kind of pride that can always be shared by every citizen of the county, from the County Line Road on Bozier Creek to south of Mt. Margaret at Tennyson, and from Silver Creek on the west through Bronte and the Kickapoo on the east.

We grow as we serve. Remembrance and appreciation have a very important place in our future. For out of that comes the feeling and the thought that what we do is worth while and will be when our future becomes someone's past.

Along with this comes a good will and an appreciation that moves us on, not as those who plod beneath a heavy load dreading the tomorrow, but those who go with shining eyes and quickened step and hearts inspired to meet the sunrise of a new day across our mountains.

Letter To Sanco People Everywhere

Dear Friends:

HOMEcoming time is just around the corner in June—the first Sunday, June 7th. It is the 75th Anniversary—Diamond Jubilee year for Coke, and the 76th for Sanco:

The post office was established in July, 1888, with J. L. Durham as the first post master, according to official records in Washington. This makes Sanco the oldest community in the county still in existence, and one of the oldest in this part of West Texas.

The program on Saturday night before the Sunday all-day meet will touch on the founding of the community. It will be arranged by local people, but those coming with instruments and voices will be invited to join in the singing. A piano has been bought and placed in the community building.

Meat will be provided. Bring whatever is handy in your box or basket to go with the meat. It's the same old friendly get together of people who love each other and don't mind letting it be known.

Maybe it was your grandad, or uncle, or just a good old time friend that brings you back to Sanco—whatever it is, don't forget to come.

Looking for you and yours,

Robert Lee Dogies Wind Up Year Of Many Successes on Athletic Field

The Robert Lee Dogies wound up their interschool competition Saturday, April 11, with the District 73-B Elementary Division Track Championship.

Gary Williams led this fine team effort with first place performances in the high and low hurdles, the high jump, a tie for first in the 100 yard dash, and a second place finish in the shot put event.

The relay teams, consisting of Gary Parker, Jeffrey McCabe, Randy Hall, and Donnie Devoll, did a fine job in placing a close third in each the 440 yard relay and the 880 yard relay.

Parker placed second in the 50 yard dash, second in the broad jump, and second in the discus throw in addition to his fine relay team work.

Hall turned in an eye-catching performance in the high jump, jumping as high as his head and placing second. Randy also gained points in the 440 yard run as well as the relays.

Donnie Devoll placed second in his other running event—the high hurdles and was our leading chinner in the meet.

All the boys who represented Robert Lee in the meet turned in fine performances—

Many other boys, though not qualifying for the meet in our workouts, turned in fine performances and may have given the boys who went the competition they needed to carry them to victory.

This completed a fine year which included a second place finish in the football district (with two close losses to Bronte), a fine basketball season (including the championship in the Bronte tourney), second place team finishes in tennis and in the district volleyball tournament, and the District track championship.

Mr. and Mrs. James Fisher and children are spending some time this week with Mrs. Fisher's parents, Mr. and Mrs. Ellis Eubanks. RE-ELECT DORSEY HARDEMAN STATE SENATOR ★ 25TH DISTRICT

To the people of the 25th Senatorial District:

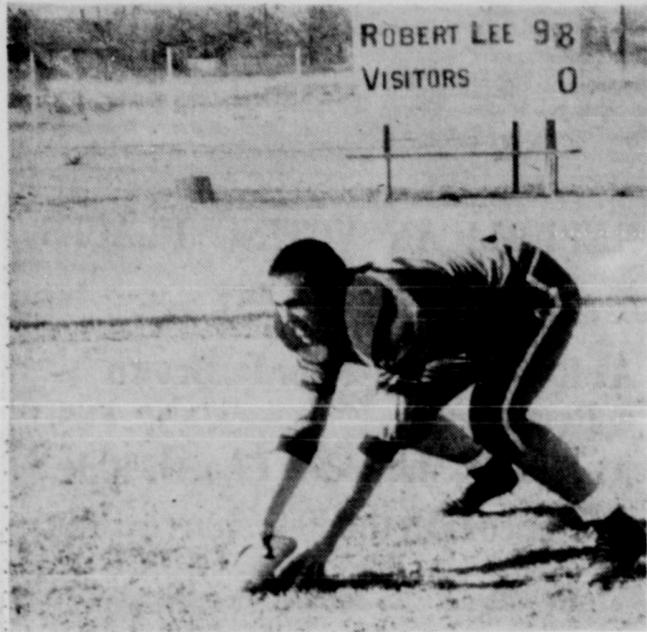

It has been my desire and effort to visit with each voter, personally, but the vast area of the 20-County District has made this impossible. Thus, I take this means of soliciting your vote and support for my re-election as your State Senator. Numerous issues must be resolved — redistricting, educational excellence at all levels, increased teachers' salaries, water resources conservation, industrial and tourism development, to mention a few. I pledge continued honorable, dignified and effective representation of all the citizens of the 25th District. My seniority of service, my experience, and proved qualifications are back of this pledge. On this basis I respectfully request your vote for me for State Senator, on May 2.

Sincerely,

ANNOUNCEMENTS OF SPECIAL EDITIONS

May is memorial month, ending with Memorial Day. It is especially so with us this year.

Last Thursday, April 23, the County of Coke observed its 75th birthday. At the first of June, Robert Lee Observer turns the leaf for its 75th year of publication—1964 is Diamond Jubilee for both.

We undertook to combine the two in May.

However, it has turned out that the material and support will simply outgrow one issue. Our staff and our facilities were not big enough to do it justice in one.

We still will solicit special ads for more than one issue from any one advertiser.

Copy for around 20 pages will be in the hands of the printer by the time you read this. This will reach you early in May.

In order to include all who should be included, another edition will reach you at the time of the newspaper's change of volume from 74 to 75, at the first of June. Advertisers appearing in the first edition will be listed among the sponsors in the second edition.

The first is already closed out. Material for the second must be in by the end of next week.

All advertisers are invited to furnish us with a brief sketch of the years their firms have served. Churches, schools, many business firms, most organizations, and school achievements of past years do not seem to have any accounts for reference, other than in the Observer files, and they are not collected or connected where they can be readily available to anyone except with extended research.

Let's get this on record. Extra copies will be published of both issues, and they may be bought and combined later to be kept for future use.

Democrats to Hold Precinct Conventions

Members of the Democratic party are reminded that precinct conventions will be held Saturday, which is also the date of the statewide primary election.

Precinct conventions are held for the purpose of electing delegates to the county convention set for the following Saturday, May 9. All eligible voters are invited to attend the precinct gatherings.

The convention for the Robert Lee voting precinct has been set for 2 p.m. Saturday in the conference room at the court house, according to A. J. Kirkpatrick, precinct committeeman.

State law provides that each precinct may elect one delegate to the county convention for each 25 votes cast for Gov. Connally

in the November election of 1962. On that basis Bronte may send eight delegates to the county convention the following week, and Robert Lee 7. All other precincts will be entitled to only one delegate.

In the matter of precinct conventions it is also pointed out that the chairman and secretary of the convention shall prepare two copies of the minutes of the session and give the name of the duly elected delegates. These minutes shall be filed in the office of the district clerk within three days.

Notice of the time and place of the county convention will be published next week.

By Adelle Davis

The Author studied at Purdue University, Columbia University, the University of California, and U.C.L.A. She has a Master of Science Degree from the University of Southern California Medical School. She served as a dietitian in Bellevue Hospital in New York City, and as Supervisor of Health Education in the public schools of Yonkers, New York.

Writes W. D. Currier, M. D., National Secretary of the American Academy of Nutrition, in an approving foreword: Adelle Davis' new book is a simple, sound, and above all, practical guide to the principles of nutrition.

Even as a physician, especially informed and interested in human nutrition, I learned much from this book, as I have from hearing the author lecture on many occasions.

Observations

(A Personal Word By The Editor)

As one native born to this county, and who at his first remembrance rode behind the two faithful farm horses on the old pasture road to Robert Lee, observation of the earlier years has a content it could not have for those who have more recently made it their home.

Yet it is something we can all share, for who is it who does not have curiosity about the origin of the things he sees about him? To each it has his own meaning.

There could be great value in an annual county birthday gathering, in which from year to year the emphasis might be varied. Next year, for example, recognition might be given to those who were here at the turn of the century and the decade before, and at the same time to those who had just lately come to help build this town and area.

The sons and daughters of the old families have, most of them moved to other areas. But to the younger generation who have remained and to those who have come to rent, buy, or build here and become one of us—to these we must look for the future.

Their day is ours. Our day is theirs. Editorially, we want to recognize that fact. We of the founding generations can have no community future apart from the young coming on and the families who have chosen and will choose us as their neighbors.

Mr. and Mrs. Dave Hoover had quite a house hunt before they located in Robert Lee, where Mr. and Mrs. Bernard Petty lived. Mr. Hoover, who superintends the Humble waterflooding and field operation out of their office in Robert Lee, could have lived in another town and carried on this work.

We hope the Hoovers are finding our town a good place to live and are with us a long time.

We welcome to Robert Lee Mr. and Mrs. Dave Gossep and their three children, Dave Allen, Dickie, and Brenda. Mr. Gossep is operator and pusher for Pool Well Service Company, which now has headquarters for the local fields in Robert Lee.

Another Pool family are Mr. and Mrs. Bill Holland, who have Teresa May, 4; Charlotte Ann, 2; and Eppie Jean, 1.

Mr. and Mrs. Hugh Brown, and Mr. and Mrs. Troy Banks, bring the number of families who came here with Pool up to four, to all of whom the Observer extends a hearty welcome.

Mrs. Cleve Casey is reported to be very much improved after having surgery recently in the San Angelo Shannon hospital. The family has moved her back to the West Coke Memorial for further treatment.

ROSANNA BOYKIN WINS FIRST WITH FIRE POSTER

The judging of the fire posters took place at the Robert Lee High School Thursday, April 23rd. Winning first place was Rosanna Boykin; Cary Ann Salter, 2nd place, and Jamie Kraig, 3rd.

In the Intermediate Division, Peggy Green, 1st place winner, Pat Lewis, 2nd, and Sharon Hughes, 3rd place. Mr. Garland Davis states that

all posters will be sent to the State for judging. All local poster entries were sponsored by the city.

A recent visitor at Sanco was Frank Henson, with the State Highway Department. He lived on the Rufe Whiteside place in the 1920's.

A Word to the Voters

If elected, I pledge to:

Work vigorously with all my colleagues in both the House and the Senate for the most favorable appropriation obtainable for the newly created San Angelo State College;

Support legislation designed to meet the increasing needs of our senior citizens;

Support a strengthened mental health program;

Continue the program aimed at attracting tourists and industry to Texas;

Support measures which will continue our superior road and highway system and the improvement and maintenance of this system;

Support all practical measures designed to promote traffic safety throughout the state;

Support programs to continue conservation of our natural resources;

Adhere to the principle that the government which is closest to the people is the best government; accordingly I favor state action when local government fails or is unable to meet its obligations.

If we are to have adequate and just representation, I believe our legislatures must be composed of dedicated men and women from a cross section of the business and professional community.

I believe in equality of opportunity for all... Only 12 to 14 per cent of Texas students are now finishing college. Establishment of vocational and technical schools would reduce welfare rolls by training people for gainful and useful employment.

They Rode Arizona Trails, Met Again To Talk It Over

Three former Arizona riders met on the street of Robert Lee recently—Frank C. Dickey, Ray Stewart and John Thompson.

Dickey cowboied in the Blue River Country of Arizona, and there knew "Rim Rock Thompson," in the days when Jim Williams was getting his cowboys for his famous cartoon strip "Out Our Way."

Mr. Thompson left Sterling City for Arizona in 1902, and is back there now. Mr. Stewart who ranches out near LaMesa, was back on a visit. He was a U. S. Forest Ranger in Arizona many years.

The three got together in front of Mr. Dickey's law office.
