Marilyn Wallace

Danny Smith

Smith, Miss Wallace Mr. and Miss RLHS

In recent elections held by the R.L.H.S. faculty, Danny Smith and Marilyn Wallace were chosen Mr. and Miss Citizenship. These awards are based upon such traits as representation, conduct, dependability, academic standing, and general character.

4-Hers Place High In Abilene Show

Coke County 4-H Club members exhibited several high placing animals in the Abilene Fat Stock Show last week. Walter and Jeania Tinkler topped the list with their first and second light weight finewool lambs and also the coveted champion finewool lamb of the show. The lamb, bred by their father, Roy Tinkler, sold for \$175 in the auction sale.

Showing in the same class with the Tinklers, Konny Service and A. J. Roe III came in eighth and ninth, respectively.

Kathy Service and Jan Magness also exhibited high placing lambs. Kathy exhibited a lamb bred by J. F. McCabe, Jr., to the third slot in the light weight crossbred class. Jan, exhibiting a Hampshire lamb bred by Howard Varnadore, formerly of Robert Lee, also placed third.

In addition to the above placing, Linda McDaniel placed 19th in the large class of heavy weight crossbred lambs. A. J. Roe's lamb stood 23rd in the same class. Jan Magness' second entry, placed 26th in the Southdown class.

Three club members were successful with their swine entries. Sue Lindsey placed her crossbred pig sixth in the light weight class. Eddie McDaniel's light weight Duroc was seventh, and Darrel Pitcock was next in line in the same Duroc class.

Marvin Simpson, Jr., on his first venture in major competition, placed 20th with his light steer in a class of 50 steers.

The 4-H members next competition will be in the big Houston show the last of February. This will be followed closely by exhibits in the San Angelo Stock Show and then the Sears Foundation county and district contests in March.

Marilyn, daughter of Mr. and Mrs. J. C. Wallace, Jr., is a cheerleader this year as well as editor of the Corral and Student Council officer. Throughout high school, she has been a member of such organizations as the National Honor Society, Future Teachers, Future Homemakers, Annual Staff, Pep Squad, and Spanish Club. She has also served in the capacity of class officer, including President during her junior year. She plans to attend Abilene Christian College next fall.

Danny, son of Mr. and Mrs. Fred Smith, is also active in R.L.H.S. activities, especially in the sports field. He has played tackle on the Steer team for three years, and has also participated in basketball and baseball. He was in the Future Farmers of America and Vocational Agriculture for two years, and this year was chosen F.H.A. Beau by the Future Homemakers organization. He plans to attend Texas Tech College in Lubbock next year.

Important BCD Meeting Next Week; Air Of Mystery Surrounds Program

Next week's BCD meeting will be something special and all members are invited and urged to be present for the special program. President Hugh Lewis said at this week's meeting that all details of the program have not been worked out, but he promised that the session next Tuesday would be well worthwhile for all members.

"I regret very much that I cannot announce details of next week's program, but I would like to urge that every member of the BCD make a special effort to

be present," the president said.

In this past Tuesday's meeting Garland Davis, Explorer advisor, announced that Explorers completed painting the exterior of the scout hut during a work day last Saturday. He reported that the boys tried out the fire place in the hut and found that it works much better since the recent repair work. A number of broken window panes were also replaced, but this job was not completed and will have to be continued on another work day.

Housing Nearly Complete

Lewis, who is also president of Robert Lee Housing Authority, said that the new low rent housing units in the city are almost complete. Several minor jobs as well as laying floor tile remain to be done. Feb. 8 has been set as the date for a final inspection of the project. A meeting of the local authority is planned in the next few days and an open house for the public to visit the project will be discussed.

Trees and shrubs were being set out Monday and Tuesday, and plans call for seeding lawns later in the spring. A plan for yard maintenance will have to be worked out later, he said.

Lewis said the authority directors hope to be moving tenants into the project by March 1.

Lewis told BCD members that the three bedroom units have central heating furnaces, while the two bedroom units have panel ray heat with thermostat controls.

A number of prospective tenants have signed applications for the new units. However, more applicants are needed. Anyone who feels he might be eligible for one of the low rent units should contact Mrs. Bill Allen.

John Marion, a vehicle inspector from San Angelo, was a guest of Cumbie Ivey Jr. at the meeting. Twelve members were present.

Service Held For Josh M. Stewart

Funeral services for Josh Monroe Stewart, 91, were held at 3 p.m., Saturday, Jan. 27, in the Tennyson Baptist Church. The Rev. R. L. Denton and the Rev. O. L. Frasure, both of San Angelo, officiated. Burial was in Fairview cemetery at Bronte.

Mr. Stewart died Friday, Jan. 26, in Clinic Hospital in San Angelo.

He was born July 13, 1876 in Karnes County, Texas. He came to this area more than 50 years ago. He had lived in San Angelo since 1959.

He was married to Nancy Ann Custer Dec. 16, 1896. She died Sept. 27, 1957, after 61 years of marriage.

Mr. Stewart was a member of Tennyson Baptist Church.

Surviving are seven daughters, Miss Bessie Stewart, Mrs. J. T. Conner, Mrs. T. W. Brashear, Mrs. L. R. Stuckey, Mrs. W. D. Latham, all of San Angelo, Mrs. W. V. Brashear of Sweetwater, Mrs. J. L. Carwile of Robert Lee; and two sons, E. A. Stewart and H. L. Stewart, both of San Angelo; 17 grandchildren; 24 great grandchildren; two great-great grandchildren; two brothers and one sister, of Rockport.

Mrs. Griffith Has 98th Birthday

By Jessie N. Yarbrough

Large doses of T L C (tender, loving care) enabled Mrs. J. K. Griffith to survive to mark her 98th birthday Wednesday.

Thought to be Coke County's oldest living citizen, Mrs. Griffith had all of her four children with her to help observe the occasion, but because of her delicate health, there was no real celebration. The children are Mrs. Mrs. D. W. Parrish of Abilene, Byron S. Griffith of San Diego, Calif., Mrs. D. R. Wells of Quanah and Mrs. D. P. Walling of Robert Lee.

Mrs. Griffith, a heart patient many years ago, had the constant, solicitous care of her doctor husband, the late Dr. J. K. Griffith. A daughter, Mrs. Walling, recalls, "Daddy persistently checked mother every day and saw to it that she rested when and as long as she needed rest until the heart was completely healed." Of course that was long

before the world's first heart transplant, and the thought of such a medical feat probably never entered the doctor's head.

After recovering her health, Mrs. Griffith had many happy years as an active participant of community life wherever the family was living. Advanced age gradually sapped her vitality, and she has been able to remain in her own home only because her daughters, with the assistance of special nurses, have applied the T L C treatment for approximately ten years.

The former Carrie Alice Sloan, daughter of James and Hannah Sloan, she was born in Cass County, Mo., January 31, 1870. She was married to Dr. John Kimberline Griffith at Creighton, Mo., Dec. 24, 1891, the year the doctor graduated from Kansas City Medical College. It is recalled that Dr. Griffith sometimes laughingly said, "Her father had only one objection to me. Since

he was a staunch Republican and I was a Southerner, he considered me a Rebel."

During the first several years after their marriage, the Griffiths lived in Dayton, Mo., where he practiced medicine. He had an opportunity to remain in Kansas City and practice but they preferred to live in a smaller place and felt there would be more opportunity for service in a small town.

In 1906, the Griffiths drew a claim in the then new Oklahoma Territory, and in 1907, the family moved to Randlett, Okla. They lived there until 1920, when they came to Texas. They lived at Lawn from 1920-25 and at Eden from 1925 until Nov. 27, 1927, when they moved to Robert Lee. This has been their home since that time. Dr. Griffith died in April, 1952.

Mrs. Griffith was interested in and participated in many worth

Continued on Back Page

A total of 1587 voters had registered in Coke County up until Wednesday morning, according to O. B. Jacobs, tax assessor-collector.

Wednesday was the last day to register in order to be able to vote in elections which will be held throughout the year.

This number was considerably over the number who registered last year, when 996 signed up. However, last year was an off year, with no major elections.

Jacobs was looking for quite a number of persons to come into his office Wednesday and sign up. Also, applications received by mail which were postmarked before the Jan. 31 deadline will be honored.

This year will provide lots of use of voting privileges. Elections will be held for offices of the Presidency of the United States, down through other federal positions, state, district, county and precinct.

In addition, the voter registration certificate is required to participate in city, school and special elections.

New License Tags On Sale Thursday

County Tax Assessor-Collector O. B. Jacobs will just barely get through registering voters and collecting taxes in time to start selling license plates Thursday morning. Sale of the new car tags starts Feb. 1 and continues through March 31.

The new tags will be black with white lettering, and for the first time since 1936 will be imprinted with something besides the year, the word "Texas" and the license number. The plates will have the word "HemisFair" imprinted on them, as an advertisement for the World's Fair which opens in April in San Antonio.

Jacobs said vehicle owners are required to bring four items when they come to his office for license plates: 1. certificate of title; 2. 1967 license receipt; 3. current resident address; 4. zip code.

State law requires that each owner register his vehicle in the county in which he resides and to present his certificate of title as evidence of ownership.

Jacobs had received a total of 3148 plates to take care of the 11 vehicle categories which require licenses. Most of them are for passenger cars, with lesser numbers for trucks, farm trucks, truck tractors, farm truck tractors, trailers of various classifications and weights, federally owned vehicles and machinery vehicles.

State Highway Engineer J. C. Dingwall announced recently that he expects Texas vehicle owners to purchase approximately 7 million tags during the next two months.

Visitors in the C. J. Brooks home over the weekend were her sister and brother-in-law, Mr. and Mrs. G. D. Kennedy of Plains; their daughter and family, Mr. and Mrs. Leroy Hollinshead, John and Carole of Big Spring; another daughter and family, Mr. and Mrs. W. D. Dart Jr.; and Mr. and Mrs. Kenneth Dart, all of Dallas.

CWO DeVoss and Col. Hannon

Jackie Counts Gets Homemaker Title

Because she ranked first in a written homemaking knowledge and attitude test given senior girls in Robert Lee High School Dec. 5, Jacquelyn B. Counts becomes 1968 Betty Crocker Homemaker of Tomorrow for her school, it was announced this week. Registered for the test, now in its 14th year, were 603,798 girls in 15,079 of the nation's high schools, a new record for the program sponsored by General Mills.

Jackie remains in contention for state and national awards ranging from \$500 to \$5,000 and will be awarded a specially designed silver charm to mark her local achievement.

A state Homemaker of Tomorrow will be selected from winners in high schools of Texas in the program's next step. She will be awarded a \$1,500 scholarship with a \$500 award going to the runner-up. The school of the winner will be given a set of Encyclopaedia Britannica, by its publishers.

Following her selection, the State Homemaker of Tomorrow, along with a school advisor, will join winners and advisors from each of the 49 other states and the District of Columbia in an expense-paid educational tour of Washington, D. C., Colonial Williamsburg, Va., and Minneapolis, where the trip will climax with naming the 1968 Betty Crocker All-American Homemaker of Tomorrow.

The nation winner, chosen from state winners on the basis of her original score, plus personal observation and interviews during the tour, will receive a scholarship increased to \$5,000. Grants of second, third and fourth ranking girls in the nation will be raised to \$4,000, \$3,000 and \$2,000 respectively.

Started during the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. Almost six million girls have participated in the program since it began, and, with 1968 awards, scholarship grants will approach \$1.5 million.

Gov. Connally Sets State FB Week

AUSTIN — (Spl.) — Governor John Connally has designated the week of Jan. 29-Feb. 4 as "Farm Bureau Membership Week" in Texas.

The period officially kicks off the Texas Farm Bureau's statewide 1968 drive for new members. The TFB, now fourth largest state Farm Bureau in the nation, with 104,553 member families, has a goal of 112,000 members for 1968.

In his proclamation, the Governor paid tribute to the productivity of today's farmer and rancher, saying that our high standard of living is, in part, due to agricultural efficiency.

Coke County Farm Bureau made plans at a recent board meeting for individual members to make contacts with prospective new members during the drive.

Mr. and Mrs. Claude Ditmore of Bronte and Mrs. Erna Cotten of Blackwell visited Monday in the home of Mr. and Mrs. Doug Ditmore.

Mr. and Mrs. Tommy Walker and children of Sweetwater visited here Saturday with his father, Robert Walker, who was admitted to the West Coke Hospital Friday.

Girl Scouts Still Have Lots Of Cookies To Sell

Junior Girl Scouts of Robert Lee have been busy this week selling Girl Scout cookies. The girls have already sold a large number of the boxed cookies, but they still have lots of work to do during the short period left before Feb. 3.

Purchasers of the cookies will not only be helping a worthy cause, they will be providing their families with delicious eating with only the effort of reaching in the purse for 50 cents, the price of a box of cookies.

This year the Girl Scouts are selling four varieties of cookies: chocolate and vanilla sandwich creams, chocolate mint, and buttered flavored shorties.

In addition to being good for eating right out of the box or from a serving plate, the cookies are delicious in many recipes which call for cookies.

Profit from the cookie sale goes toward the maintenance of Camp Boothe Oaks and other council-owned property. Money will also be used to assist Senior Scouts attend national and international events, and locally for Robert Lee Girl Scouts to further their program.

Local leaders urged support of the cookie sale, saying, "Show your faith in the Girl Scout movement and contribute your part to Girl Scouting by buying their cookies. They're a good buy and it's for a good cause."

LETTERS TO THE EDITOR

To the Robert Lee Observer,

Please accept a check for 1968 subscription to The Observer. I enjoy the paper very much. I keep in touch with people I used to know. I taught three years at Graham Vallew and two years at Sanco. I was born near Hayrick on the old Woullard place. I am a native of Coke County. I was Ollie May Henderson.

I still teach. At present, I am teaching in the Ackerly school system.

Mrs. George N. White

PERSONALS

Cpt. and Mrs. Kenneth Powell of Travis AFB at Fairfield, Calif. are on a month's leave and are visiting here with her parents, Mr. and Mrs. J. L. Roe and at Wall with his parents.

Mr. and Mrs. G. L. Coulter, Turney, T. M., Layne and Nelson of San Angelo visited her parents, Mr. and Mrs. Turney Casco over the weekend.

Franklin Cowley of Midland was admitted to West Coke Hospital Saturday. He was brought here by Williams Ambulance service.

Soldier Promoted To CWO Rank

FORT WOLTERS, TEX. — John E. Devoss, son of Mr. and Mrs. E. W. Devoss of Robert Lee, recently was promoted to chief warrant officer at the U.S. Army Primary Helicopter School. Lieutenant Colonel James P. Hannon, director of Flight Division B at the School, pinned the new insignia of grade to his uniform. Devoss is an instructor pilot at the helicopter school. (US Army Photo)

Jury Panel Called For District Court

A jury panel has been summoned and 51st District Court will convene in Robert Lee Monday, Feb. 5, at 10 a.m. Judge Joe L. Mays will preside.

A number of civil suits were on the docket, but it appeared Wednesday morning that no more than two would be tried next week. Judge Mays said Wednesday that he had been notified that two personal injury suits against Sun Oil Company had been settled.

He also said he had been notified of the death of another plaintiff and the case would have to be reworked. Another personal injury suit has been passed by agreement of the parties involved.

As a result of these actions, two civil cases remain on the docket. One is styled Ralph Richards, et al vs. Theodore R. Vasser, suit for personal injury. The other is a compensation insurance case, Thomas R. Foreman vs. Transamerica Insurance Company.

Those called for jury duty include:

Gene Baker, James C. Blair, M. K. Cheatham, Mrs. J. W. Denman, David Fernandez, Mrs. W. H. Hall, Gene Hinnard, U. D. Mathers, Hayes Prince, William M. Simpson, C. A. Counts, Mrs. Perry Post, Lendy Devoll, Fred Beaty, Ivey Eubanks, Carl Hurley, John Jacobs, and Jim Barnhill, all of Robert Lee.

Also, R. M. Andrews, Elroy Butler, Matthew Caperton, J. W. Caudle, C. E. Clark, Edward Cumbie, Marvin J. Ensor, Elmer Hurley, Frances L. Kemp, Georgia Mae Mackey, Billy G. Thomas, B. W. Waldrop, Jerry Lawhon, Mrs. Carroll Robbins, Leslie Lammers, Leonard Fletcher, and Billy Magness, all of Bronte.

Also called were Mrs. N. C. Pentecost of Sanco and Wayne Mayfield of Silver.

Mrs. Ernest Jones spent last week in the home of her son and daughter-in-law, Mr. and Mrs. Jimmy Jones. She stayed with her two grandchildren while the parents were out of town.

Film On Strokes To Be Shown Here

How does it feel to have a stroke? What goes through the victim's mind? How does he react to what is happening to him? This is the story of George Barnes, a man who suffers a stroke. It is his story, told from his point of view. The audience never sees him. It sees only what he sees, the way he sees it. When his vision is blurred, the scene is blurred. Where he sways or falters, the scene demonstrates this. When he has a momentary blackout, the screen goes black.

The film illustrates one of the many tests George Barnes must undergo, and the slow, patient steps he must take on his way back to recovery. The film also points up the importance of recognizing the "warning signs" which often precede a major stroke, it dramatically underscores the simple but vital precautions anyone can take—today—to reduce his or her risk of suffering a stroke or a heart attack.

Persons who are interested in seeing this film are invited to be present at a showing Tuesday, Feb. 6, at 2:30 p.m. in the high school auditorium. Al Campbell, regional director for the Heart Association, will show the film.

To Show at Lions Meeting

It was announced Tuesday that Campbell will remain in Robert Lee following the program at school, in order to show the film at the meeting of the Robert Lee-Silver Lions Club next Tuesday night. All Lions are urged to be present for the program.

Buy Bonds where you work.

He does.

This man has been working in front of audiences of servicemen around the world for more than 26 years. He could take it easy now (he's certainly entitled to), but he doesn't. He's still hard at it, entertaining the brave Americans who fight in the cause of freedom. Another thing: this man also helps pay the price that freedom costs—by purchasing U.S. Savings Bonds.

He really cares. Would you like to show *you* care? You can. It's easy. Invest in freedom and your future by buying Bonds where you bank, or joining the Payroll Savings Plan where you work. You'll walk a bit taller.

New Freedom Shares

Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase the new type U.S. Savings Notes—Freedom Shares—that pay 4.74% when held to maturity of just 4½ years, and are redeemable after one year. Freedom Shares are available on a one-for-one basis with Series E Bonds. Get all the facts where you work or bank.

Join up. America needs your help.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

Honor Rolls Announced

Garland Davis, high school principal, announced that the following students were eligible for the third six weeks honor roll, with a 90 or above in all subjects.

- 7th — Roseanna Boykin
- 8th — Linda Atkins, Mary Donley, Marcia Duncan, Jan Havins, Patti Ivey, Kathy McCutchen, Linda Parker.
- 9th — Jo Louise Adkins, Kay Cole, Beverly Shandley.
- 10th — John Counts, Debra Vosburg, LaVina Yarbrough.
- 11th — Carolene Bethel, Kathy Denman, Judy Gartman.
- 12th — Jackie Counts, Randy Hall, Lois Heuvel, Marilyn Wallace.

Career Clinic

All R.L.H.S. Juniors and Seniors attended a Career Clinic sponsored by the Altrusa Club of San Angelo Monday. The event took place on the Angelo State College Campus.

After registering in the Administration Building, students heard introductions of guests by Mrs. Louise Sanders and a welcome

given jointly by Miss Eunice Grayson of the Altrusa Club and Dr. Hugh E. Meredith, Dean of ASC. Dr. Warren Griffin, registrar, and Dr. O. S. Cauthen, director of public services, gave talks concerning college entrance requirements and financial aid programs.

"Opportunities in the Vocational Field" was discussed by Vendon Beck, counselor at Central high school. Main speaker of the morning was Mrs. Edith DeBusk, attorney-at-law in Dallas and past president of Altrusa International. Topic of her speech was "There is a Way."

Afternoon sessions consisted of special discussion groups of the student's choice in which they could meet with any of more than 35 consultants in widely varied fields of vocational interest.

The sixth annual Altrusa Career Clinic was interesting and profitable to hundreds of area students who attended.

Basketball Schedule

Basketball agenda for the following week is as follows:

Thursday, Feb. 1 — Junior High vs. Sterling City; here; 6 p.m.

Friday, Feb. 2 — High School vs. Wylie; here; 5:30 p.m.

Monday, Feb. 5 — Junior High vs. Winters; here; 6 p.m.

Tuesday, Feb. 6 — High School vs. Merkel; there; 7 p.m.

News Briefs

Kitten Dean and some of her college music associates presented an assembly program here Monday. Kitten, daughter of Mrs. Wilson Bryan of Robert Lee, and a graduate of R.L.H.S., is attending Angelo State College. She is associated with several musical groups and activities.

Tryouts for the Interscholastic League one act play contest will be held soon. It is reported that about ten students have come out for the cast and are working under direction of Mrs. Armisted, speech teacher.

Five news students have enrolled in Robert Lee School recently. They are: Daniel Perez, 2nd grade; Dianne Perez, 4th grade; Tommy Richmond, 5th grade; Leticia Perez, 9th grade; and Norman Perez, 11th grade. All of these newcomers transferred here from Fort Stockton.

Mrs. and Mrs. Joe Dausch of Pittsburg, Pa., visited in the home of Mrs. Violet Kirkpatrick three days last week. Mrs. Dausch is a daughter of the late A. J. Kirkpatrick.

County Agents News Column

By STERLING LINDSEY

The moisture situation, according to many, is about as good as can be remembered. The prospects going into spring are much brighter than they were a year ago.

One thing that we should be watching for is an outbreak of green bugs in the small grain fields. Conditions have been perfect for about a week now for the greenbug to multiply rapidly. Some areas have been hit pretty hard already.

Greenbugs are most active at temperatures between 55 and 75 degrees Fahrenheit. Below 55 degrees Fahrenheit, the greenbugs are less active and do considerably less damage.

According to Emory Boring, III, area entomologist, Texas Agricultural Extension Service, methyl parathion and parathion, both in the two pound per gallon formulation, are very effective for greenbug control. Methyl parathion and parathion give best control of greenbugs when applied at temperatures above 50 degrees Fahrenheit.

Malathion may also be used for greenbug control. This chemical is less effective than parathion or methylo parathion for greenbug control, but may be preferred because it is less toxic. Malathion also has a shorter waiting period from time of application until the grain may be harvested or grazed. The waiting period for malathion is seven days and for parathion and methyl parathion is fifteen days before small grain can be grazed or harvested.

There has been much interest in the use of DiSyston for control of greenbugs, Boring stated. This material has just received a label in Texas and Oklahoma. These are the only two states to which this label applies. At this time DiSyston has not been considered as one of the insecticides recommended by the Texas Agricultural Extension Service for greenbug control. DiSyston can be applied according to its new label to wheat in these two states for greenbug control. When used, a waiting period of 45 days from application to harvest is required, and the wheat that is treated is not to be grazed. When DiSyston is applied to wheat, it should be applied at the rate and in the manner stated on the label which is on the container.

The winter grain mite can also do great damage this time of the year. Damage by this mite is characterized by the tips of the leaves turning brown and causing the plants to become stunted. Heavily infested fields have a grayish or silvery appearance. Plants die under prolonged heavy winter mite infestations. These mites may damage oats, wheat and barley, but they also feed on legumes, weeds and vegetables.

Winter grain mites range from 1/32 inch to 1/16 inch in length. The adult has four pairs of reddish-orange legs and the body is dark brown with a bluish cast. Winter grain mites feed only at night, remaining around the base of the plant during the day. The greatest damage is done by these mites during winter and early spring.

Methyl parathion, parathion and malathion are effective in controlling winter grain mites. These mites are generally suppressed by these insecticides but their numbers may build up later to the point where insecticidal controls are again required. Rotation to crops other than a small grain, such as cotton or sorghum, at least every two years will greatly reduce the damage caused by winter grain mites.

We hope that fertilization of

small grain fields is being considered by operators with lighter soils. In order for the fertilizer to be ready for the plants to use when the spring push comes, application should be made in the near future. Straight nitrate or nitrogen bearing fertilizers can be in a useable state in about a week, but the phosphates require two to four weeks to break down and change to a useable state. This means application should be made as soon as possible. Later applications will still do the same job, but, having the food there for the initial push would speed up the early growth.

Some may still want to do some tree pruning that has not gotten tended to. This like the fertilization, should be done as soon as possible on the dormant trees. Once the sap flow starts, bleeding is more of a problem and healing the wound becomes more difficult for the trees. If we have many more warm days, we can expect some of the trees to "crank up their motors." Pruning on a major scale needs to take place before this happens.

JACOBY GUEST SPEAKER FOR '64 STUDY CLUB

W. E. Jacoby was guest speaker for the '64 Study Club when they met Tuesday night, Jan. 23, in the Jacoby home. Mrs. Jim Barnhill was co-hostess.

Mr. Jacoby, local representative of the Soil Conservation Service, showed slides on soil and water conservation in the United States.

During a business meeting, the members voted to postpone the Mothers March.

The hostesses served a dessert plate to 13 members and Mr. Jacoby.

Gary Sam Williams

Williams, Misses Heuvel, Counts Most Athletic

In a recent faculty meeting, Gary Sam Williams, son of Mr. and Mrs. Sam Williams, was voted Most Athletic Boy of R.L.H.S. He sports an outstanding athletic record, having lettered in football, basketball, tennis, track, golf and baseball throughout high school. He is also active in senior class work and has participated in Future Farmer activities. He plans to enroll in Angelo State College next fall.

Lois Heuvel and Jackie Counts tied for the honor of being named Most Athletic Girl. The daughter of Mr. and Mrs. Lew Heuvel, she has been active in basketball, track, volleyball, and tennis throughout high school and junior high. She has been a cheerleader for four years and also participates in such school organizations as the National Honor Society, FHA and Student Council. She was voted Miss R.L.H.S. for 1967-68.

Lois Heuvel

Jackie Counts, daughter of Mr. and Mrs. J. Q. Counts, has won recognition in several areas lately. Not only did she tie for Most Athletic Girl, but she won the Betty Crocker Homemaker award by making the highest score on a test given recently to senior girls. In addition, she was voted girls of the month by the FHA Monday. Jackie has won many honors in basketball, track, and volleyball throughout high school and junior high. She is also active in FHA, pep squad, senior class work, and Beta club. She plans at present to attend college at TWU in Denton, and then to study nursing.

Jackie Counts

Outstanding Teens Named At RLHS

The Outstanding Americans Foundation has announced that Kaye Roberts and Gary Sam Williams, students from Robert Lee High School, have been selected as Outstanding Teenagers of America for 1967.

The students will compete for state and national awards in the Outstanding Teenagers of America program.

Outstanding Americans Foundation, a nonprofit foundation dedicated to honoring, inspiring and encouraging young people to take full advantage of the opportunities in America, sponsors this award program annually.

Recipients were selected on the basis of ability and achievement. They will compete with other winners in the state for the Governor's trophy awarded annually to the most outstanding teenager in each state. They will also be eligible for one of the top ten national awards and college scholarships made available by the Outstanding Americans Foundation.

Miss Roberts is the daughter of Mr. and Mrs. Artell Roberts and Williams is the son of Mr. and Mrs. Sam Williams. Both are senior students.

John Putman, president of the Foundation, has said it is the goal of the awards program "to recognize and encourage the ability and achievements of today's young people. They are America's leaders of tomorrow."

The Program is guided by a board of advisors representing major youth organizations and educational institutions. Heading the board of advisors is Doug Blankenship, past national president of the U.S. Jaycees.

Ned Thomason was released from West Coke Hospital Sunday. He suffered a stroke during the Christmas holidays. He has improved enough to be about in a wheel chair.

Firmen Called To Minor Fires

Members of Robert Lee Fire Department were called out twice during the past week. As it turned out, in both instances the fires were of minor nature.

Firemen and the truck arrived at the Delbert Shoemaker home last Wednesday only minutes after the alarm was received. They found everything under control, since fireman Buzz Sawyer had already arrived and cut electrical wiring which was burning in the ceiling of the house.

A call for the fire truck on Friday to the Willie McDaniel residence also proved to be minor. Mrs. McDaniel had been able to extinguish a blaze under an air conditioner and near the foundation of the house.

Mrs. Frank Coalson spent the weekend with her son and daughter-in-law, Mr. and Mrs. Derwood Coalson at Abilene. He is attending Hardin Simmons University there and serves as part-time teacher, assistant coach and speech instructor in Central Catholic High School. He expects to receive his B. A. degree at the end of the first six-weeks summer term. Mrs. Coalson is employed at the Bank of Commerce and the couple recently bought a new home in Abilene.

Pete Davis was admitted to the Bronte Hospital last Thursday.

By MRS. FAY C. ROE

Fashion looks change as fast as a woman's mind and this year the look is as varied: a touch of the Thirties and the military ruffles, short jackets and waistlines belted naturally or higher. The scope is wide enough for something for every figure, age and personality.

Return of the Thirties influence has entered the fashion pictures. The long skirts and soft blouses look very feminine. The blouses feature tiny yokes, puff sleeves and are worn with a wide belted semi-full dirndl or skirt. Skirts, as one designed described them, "bouncing, swinging, flipping — one for everywhere in every mood."

The tendency goes to a slim, trim bodice and ease at the hemline.

The military flavor remains with capes, buckles, epaulets and buttoned cuff tabs. The Mao looks adds a new twist with its mandarin collars and buttons.

Colors are muted grays, beiges, browns, victorian pastels and bright prints with fabrics showing texture. Coral or shrimp is new with lots of turquoise and yellow.

The big question is hemlines. Two main lengths are being shown. The midi, which is between the ankle and knee, highlights evening wear. For daytime, hemlines will stay short, but not mini-short, just above the knee.

One Spanish house showed skirts which stop precisely four centimeters above the knee.

Colorfast Fabrics Important
Buyers frequently misunderstood or completely ignored the term "colorfast" when purchasing textile furnishings for the home. Many overlook the importance of securing colorfastness in home fabrics because it is most commonly associated with the washability of apparel fabrics. Towels, table and bed linens

and similar furnishings require dyes which keep their color fresh and bright through repeated washings. But washability or colorfastness to laundering is only one side of the coin.

Colorfastness relates to a fabric's ability to maintain its fresh, true color through repeated dry cleanings, exposure to harsh sunlight, wear or rubbing in service, or stains caused by body perspiration.

Because curtain and drapery fabrics, normally are exposed to sunlight for long periods of time, prevention against sunlight fading is an important consideration when selecting any draperies or fabric.

Carpeting, upholstered furniture and fabric wall coverings exposed to sunlight may also show pronounced streaking, spotting and other discolorations if not color fast to sunlight.

Some fabric dyes are effected by perspiration and should not be used on upholstered or slip covered furniture in areas that might come in contact with the skin. Color bleeding or running on the arms or back of upholstered furniture may indicate that dyes used are not colorfast to perspiration.

Crocking, another form of poor colorfastness, occurs when the dyes in a fabric rub off when exposed to hard wear.

Household fabrics present a big and costly challenge to consumers. Selection must be based on the best material for a specific end use.

Two standards for selecting your furnishings fabrics: family's individual wear, use and serviceability needs and be sure to use colorfast textiles.

Mrs. Pearl Schooley returned home last weekend from a month's visit with relatives in East Texas with relatives. She visited her daughter and family, the B. D. Taylors, at Springtown, her son and family, the H. C. Schooleys, in Fort Worth and her sister, Mrs. Maggie Henderson at Graham.

Girls Face Crucial Test Friday Night When Undefeated Wylie Team Plays

Robert Lee High School's girls basketball team will be waging a terrific battle Friday night when Wylie comes here for a game with the local lassies at 7 o'clock.

A win for the Robert Lee girls will give them another shot at the district championship, as it would throw them into a tie with Wylie.

The Wylie girls dealt the Robert Lee team its only defeat in district play, and if the girls can win this game, they will then go into a playoff contest with the Wylie girls.

Wylie girls will go into Friday night's game with a 10-0 district record, while Robert Lee girls have a 9-1 district count.

MRS. GRIFFITH —

Continued from Page 1

projects in the community. She was interested in the work being done by Texas Garden Clubs, and El Valle Garden Club was organized in her home March 23, 1938. Mrs. Griffith and her daughter, Mrs. Walling, became charter members of the club.

Mrs. Griffith was also a charter member of the Woman's Society of Christian Service of the Methodist Church and held many offices in the society, including that of president. She was also active in the local Parent-Teachers Association.

The high school stadium is named Griffith Stadium in honor of the late doctor. Mrs. Walling, the youngest of the children, has been teaching fourth grade in Robert Lee school several years.

In addition to her four children, Mrs. Griffith has six grandchildren and 13 great-grandchildren.

The girls won their contest Tuesday night at Jim Ned with a score of 50-34, putting them right on Wylie's heels for the district pennant.

Lois Heuvel was high pointer with 19; Judy Gartman had 15, Kathy Denman sank 10 and Sharon Walker made 6 points.

Coach Bob Jameson said this week that his girls have been working hard in preparation for the big game with Wylie.

Members of the team are as follows: forwards — Lois Heuvel, Judy Gartman, Jackie Conley, Sharon Walker, Elaine Fikes and Sue Weddle; guards — Patty Hughes, Jackie Counts, Kathy Denman, Sherry Pitcock, Linda McDaniel, Martha Kinsey and Caroline Bethel. Freshman reserves on the team include Carolyn Thomason, Kay Cole, Peggy Green, Rebecca Walker and Linda Blair.

Down Aspermont

The girls played a thriller here last Friday night when they downed Aspermont, 53-51. Heuvel and Conley tied for scoring honors with 19 each, and Gartman had 15.

Boys Games

The Steers have lost a couple of games in the past week, each by one lonely point. Last Friday night, with Aspermont, they they barely lost, 55-54. Scoring in double figures were Gary Sam Williams and Quinn Conley with 15 each, Gary Parker and Roy Blair with 10 each.

The lads had equally bad luck Tuesday night when they were nipped by Jim Ned, 64-63. High scorers were Conley with 18, Parker 12, and Blair 14.

Notes From The Oil Field

A wild cat was recently staked in Coke County, five miles northwest of Sanco.

It is Tucker Drilling Co. Inc. and Peter Henderson, San Angelo, No. 3 Cynthia Malone Estate. The test is scheduled to go to 6,000 feet to Canyon sand. The wildcat is located 3/4 mile southwest of the same operator's No. 2-B Malone, re-opener of the Panther Gap field.

Location is on a 1,648.25 acre lease, 169 feet from the north and 2,180 feet from the east lines of Section 465, Block 1A, H&TC Survey.

A Coke County wildcat has been located on a 640 acre lease in Coke County, 20 miles southwest of Sweetwater. It is George O'Brien of Midland No. 1 White-side, et al.

Drillsite is 1,980 feet from the south and west lines of Section 293, Block 1-A, H&TC Survey.

Coke Highways To Be Sealcoated

Austin — A contract to seal coat 213.5 miles of highways in the San Angelo District has been awarded by the Texas Highway Commission during its January meeting, according to District Highway Engineer J. A. Snell.

Strain Bros., Inc., and Charles Hunter Strain of San Angelo, with a low bid of \$357,041, was awarded the contract.

The project includes the following highways in Coke and adjoining counties:

Runnels County: SH 158 from Coke County Line to Sharp St. in Bailing (18.7 miles).

Tom Green County: FM 2034 from Coke County Line to US 87 (1.5 miles).

Coke County: SH 158 from US 277 in Bronte to Runnels County Line (4.1 miles); FM 384 from USS 277 to Runnels County Line (3.3 miles); RM 2034 from Tom Green County Line north 8.7 miles.

The seal coating project is expected to take 75 working days for completion, and will be under the active charge of Resident Highway Engineer R. N. Jennings of San Angelo.

Mr. and Mrs. Don Barnes and family of Big Spring were visitors at Northside Church of Christ Sunday night.

BIRTHS

Jana Lee Gartman is the new daughter of Mr. and Mrs. Douglas Gartman of Sanco. She was born Friday, Jan. 26, in West Coke Hospital and weighed 9 pounds, 1 ounce. Mrs. Gartman is the former Erma Lee Wink. The new baby has two brothers, Dennis and Kerry, and three sisters, Rhonda, Judy and Vicki. Grandparents are Mr. and Mrs. Bryan Gartman of Sanco and Mr. and Mrs. Leslie Wink of Robert Lee.

ENTERTAIN WITH 42 PARTY

Mr. and Mrs. A. D. Fields were hosts for a 42 party in their home last Thursday night. Attending were Mr. and Mrs. Gene Baker, Mr. and Mrs. Ralph Garvin, Mr. and Mrs. Perry Post, Mr. and Mrs. Jack Denman, Mrs. Naomi Powell, Mrs. Willie Trimble and Mrs. Lowell Roane and Myna Kay.

Kitten Dean of Aneglo State College and a friend, Laura Graf of Del Rio, visited last week with her mother, Mrs. Wilson Bryan. Also visiting in the Bryan home last week was Tony Dean of Texas Tech in Lubbock. Tony has been appointed assistant director of his dormitory for the spring semester and will have about 50 boys under his supervision.
