Truckload of Mini-Bugs Ready to Move

## Making Mini-Bugs Is Newest Industry

Many residents of this area may not know it, but Mini-Bugs are manufactured right here in Robert Lee.

In case you don't know what a Mini-Bug is, it's a special body which is usually mounted on a Volkswagen chassis to provide a vehicle which can be used for a lot of purposes. Main selling point for the Mini-Bug is that it can go anywhere. It's good in the rough country; it is light enough to make it practical in sand; it's tough enough to stand the gaff in rough country; and it's still perfectly capable of taking care of itself in city traffic.

Two Robert Lee men who conceived the idea of the Mini-Bug and have been striving for over two years now to make it a going industry are Jimmy Bell, owner of Bell Enterprises, and Jimmy Killam, manager of the firm.

The two started out in 1967 working on the idea in their spare time and by the spring of 1968, they had developed the body to the point where they made their first sale.

Killam told the Observer this week, "We are trying to develop this thing and set up a business in Robert Lee which will develop into something both for us and for the town."

Right now the company is having growing pains. The two men are busy trying to supply the demands for their product, and at the same time set up markets for wider distribution of it.

Killam is already working full time at the Mini-Bug business, and he uses the help of Clifford Burch, a local high school student, on Saturdays and after school.

## RAIN TOTAL HITS 1.6 INCHES

Coke County was blessed with more rain last weekend. The moisture added up to as much as 1.6 inches in some places, and enhanced the agricultural outlook for the coming growing season.

Measurements reported to the Observer included 1.6 inches on Bert Blaylock's place south of town; 1½ inches was reported in Robert Lee, by Sloan Boone in the Edith community, and by Cumble Ivey Sr. on his place east of town; Sanco had 1.1 inches, and Silver reported 1 inch.

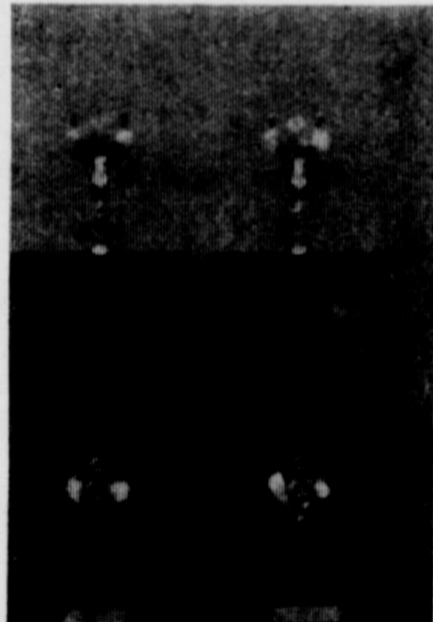

Cold weather returned to the area Monday and Tuesday nights and produced heavy frosts.

Killam said they can turn out three units a week now, and that their hope, eventually, is to increase this output as much as the market demands.

He said Robert Lee residents have been most helpful during the birth and first couple of years of the Mini-Bug's life. "We really appreciate all the encouragement and help the people here have given us," he said, "and we hope that all the hard work we have put into this venture will develop into a business that will be an asset to Robert Lee."

The manufacturers of Mini-Bug state that "you can buy your Mini-Bug completely assembled to a body with mounting brackets for do-it-yourselfers." The Robert Lee firm is manufacturing two models and they say that either one of them is "designed

TROPHIES — Mini-Bugs have already started winning trophies. The two shown here were presented at the auto show held last Sunday at the coliseum in San Angelo.

# Audit Shows Coke Is Out Of Debt

A summary of the annual audit of Coke County's finances is being published in this newspaper. The audit is made each year by County Auditor Weldon Fikes.

The audit shows that all Coke County funds had a balance of \$318,734.67 on Dec. 31, 1968.

Also of interest to Coke County citizens is the table which

shows the county's bonded indebtedness. Only two bond accounts have an outstanding balance. The Precinct 1 road bond account still owes \$19,000 and the Coke County park bond account has a balance of \$30,000 for a total of \$49,000 which the county has in outstanding bonds.

The Precinct 1 road bond account, Series 1959, is shown to have had a balance of \$24,706.44 on Dec. 31, 1968, which is more than \$5,000 over the amount owed.

Likewise, the park bond account had a balance of \$35,395.39 on Dec. 31, which is more than \$5,000 over the amount owed.

County officials expect to clean up these two bond accounts during 1969, leaving the county completely free of bonded indebtedness.

Although tax valuations are not included in the part of the audit being published, the report shows that county values are up slightly over 1967. The 1968 valuation amounted to \$22,994,255, compared to \$22,954,570 in 1967.

The county tax rate of \$1.25 per \$100 valuation is divided as follows: road and bridge fund, 18 cents; general fund, 67 cents; permanent improvements fund, 10 cents; farm to market and flood control fund, 30 cents. No money is allocated to the jury fund. The \$1.25 rate when added to the state ad valorem tax rate of 47 cents, gives Coke County taxpayers a state and county rate of \$1.72 per \$100.

## Funeral Held for Oscar Collett, 84

Oscar Collet, 84, died at 9:30 p.m. last Thursday in West Coke County Hospital, where he had been a patient since Jan. 16.

Mr. Collett was a retired farmer and had lived in Coke County 70 years.

Funeral services were held at 2 p.m. Saturday in Emmanuel Pentecostal Church, and burial followed in Robert Lee Cemetery, under direction of Williams Funeral Home.

Mr. Collett was born Aug. 19, 1884, in Hamilton County. He came to Coke County in 1899 with his parents, the late Mr. and Mrs. Charley Collett. He married Elva Roberts Dec. 29, 1931. She died in 1965. He was a member of Emmanuel Pentecostal Church.

Survivors include a son, Victor Wayne Collett of San Angelo; three brothers, V. H. Collett of Robert Lee, Erman Collett of Lake Isabella, Calif., and Sinis Collett of San Benito; four sisters, Mrs. Laura McDorman of Roert Lee, Mrs. Etta Lowe of Fresno, Calif., Mrs. Ara Haddock of Pharr and Mrs. Odessa Williams of Panhandle, and three grandchildren.

Pallbearers were J. B. Robertson, Roy Casey, A. V. Hughes, Roy Hood, D. J. Walker Jr. and Alton Roberts.

## EASTER HOLIDAYS SCHEDULE ANNOUNCED

Students of Robert Lee School will have a five-day Easter vacation starting Thursday, April 3, it was announced this week by Supt. Jimmy Bickley.

School will be dismissed April 3 and 4 before Saturday and Sunday, April 5 and 6, and also on Monday, April 7, to make up the five-day break.

## Fire Damages Odom's Cafe

Fire early Wednesday morning at the Odom Cafe in Silver did major damage to the business. Robert Lee firemen were called out about 6 a.m. to fight the blaze.

The fire was discovered by the Wilkes family who live nearby. They alerted Mr. and Mrs. R. W. Odom who own the business. With the assistance of other neighbors, they were able to keep the blaze from spreading rapidly while they were waiting on firemen.

Firemen reported that it is believed that fire started in an air conditioner. They estimated damage at \$6,000 to \$7,000. It was reported that the building and its contents were covered by insurance.

The building also houses the Silver post office, but little or no damage was done to that part of the building.

Robert Lee firemen said they believed the Odoms would have to do some major repair work before they could carry on their cafe business.

Mr. and Mrs. R. W. Odom of Silver returned home last week after spending three days with their son and family, Mr. and Mrs. Bobby Hugh Odom and children in New Orleans, La. The younger Odoms are due to leave April 2 for Maracaibo, Venezuela where they will make their home for a year. Mr. Odom is employed with Sun Oil Co.

## RL Girls Break Eldorado Records

A lot of records set last year were broken at the second annual Plateau Eaglette Relays held Saturday in Eldorado. And, Robert Lee girls did their share of the record breaking as they took second place honors, making 90 points, only nine points behind the winning host team.

Among the records set last year which fell were the 440 relay which fell to the Robert Lee team made up of Carolyn Thomason, Sheri Pitcock, Linda Blair and Jackie Conley with a 55.2; discus which went to Kathy Denman when she sailed it 102 feet, 1½ inches; the 60 yard dash which fell when Conley dashed it in 7.5.

Also taking first place honors were the 880 relay team, composed of Elaine Fikes, Thomason, Pitcock and Blair.

Others who placed and contributed to the team standing were: Carolyn Thomason, 3rd in 80 meter hurdles; Linda Blair, 2nd in 220 yard dash; Jackie Conley, 2nd in 100 yard dash; Sheri Pitcock, 4th in triple jump.

Coach Clifford Wilson said he was proud of the performance of his girls in this first track meet of the year, particularly in view of the fact that the team was incomplete because of illness among members.

# Steers Win Bangs Meet

Robert Lee Steers track team accumulated 109 points to take first place honors last Saturday in the Dragon Relays at Bangs. Bangs was second place winner with 85½ points, while Rising Star came in third with 74.

The big point makers for the Steers were the 100 yard dash and the 220 yard dash, in which the locals finished with both first and second place wins.

In the 100, Larry Sockwell and Roy Blair tied for first with a 10.5. Sockwell came back to take

first in the 220 with a 24.0, and Marshall Millican came in second with a 24.3. Each of these events netted the Steers 18 points.

Other big point makers were the 440 and mile relay teams. The 440 team, made up of Blair, Quinn Conley, Sockwell and Mike Bagwell, won second with 45.6. On the mile relay team were Kenneth Prine, Joe Key, John Carver and M. Millican, who won third place with a 3:42.

Other winners included Mar-

shall Millican, second in pole vault with 11 feet; James Fields, second in shot put with 45 feet, 3 inches; Lynn Beal, second in high jump, 5 feet, 8 inches; Luther Large, second in mile run with 502.4, which set a new school record.

Others placing in the Bangs meet were: Blair, third in discus; Conley, third in 330 yard hurdles; Mike Mumford, sixth in 120 yard high hurdles; Conley, sixth in high jump.

## April 1 Last Day For Absentee Vote

Absentee voting period for three elections will end Tuesday, April 1. Voters who will not be able to get to the polls on the April 5 election day have until Tuesday to cast their ballots absentee.

The three elections on April 5 will see voters deciding on two school trustees, three city aldermen and two hospital district directors. The school trustee election is the only one where there is a contest. Four candidates are running for the two positions.

**Easter Seal Sale Is Going Well**

Coke County's Easter Seal representative reported this week that the 1969 Easter Seal Appeal for the Easter Seal Society for Crippled Children and Adults of Texas is going well. Bill Allen serves as Easter Seal Appeal treasurer for Coke County.

The 1969 Easter Seal Appeal will help finance the Easter Seal Society's rehabilitation program for children and adults in Texas. Last year the Society helped 17,622 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 21 treatment facilities in Texas where children and adults are treated regardless of ability to pay. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

As Easter Seal Representative, Mr. Allen is the person to contact for services from the Easter Seal Society. He can be contacted at the Robert Lee State Bank.

When contacted for services, Mr. Allen will request the Easter Seal Society to investigate the needs of the disabled person and will ask that the Society advise the handicapped person of the best resources available to him.

Allen added that additional contributions to the Easter Seal Appeal should be sent to him as soon as possible, as the 1969 Appeal ends Easter Sunday, April 6.

Marilyn Wallace of Abilene Christian College was a weekend visitor in the home of her parents, Mr. and Mrs. J. C. Wallace, Jr.

WHEN YOU WANT an off-the-road vehicle, a 4-wheel drive car is hard to beat; however, parts come high, and the waiting period often becomes ridiculous. 4WD units aren't easy to toe, and are not really economical.

WHEN YOU WANT an on-the-road car, there are a number of economical sports cars available. YOU CAN HAVE BOTH!! Plus two completely different styles, both practical—two different wheel bases. Easy to assemble, extra low-cut sides for easy entry and exit, and built to stay together—at a cost much less than you would expect!

Miss Barbara Elaine Coward

**Miss Barbara Elaine Coward, Robert Vance Holland Engagement Announced; Wedding Planned May 24**

Mr. and Mrs. Russell Allen Coward of Bellville have announced the engagement of their daughter, Barbara Elaine Coward, to Robert Vance Holland Jr., son of Mrs. Robert Vance

Holland of Robert Lee and the late Maj. Holland.

The wedding is planned for May 24 in Bellville.

Miss Coward is a graduate of the University of Texas in Austin where she was social chairman of Alpha Phi sorority. She is working toward her master's degree.

Mr. Holland is a graduate of Robert Lee High School, Schreiner Institute at Kerrville and the University of Texas at Austin. He is employed in Austin and plans to enter the UT Law School in June.

**3 Students Make Academic Teams**

Three Robert Lee students were honored this week when the All West Texas Academic Basketball Teams were announced by the West Texas Chamber of Commerce.

They were Quinn Conley with a 93.0 scholastic average; Kathy Denman with a 96.0 average and Judy Gartman with a 93.0 average.

Nominations were made from the more than 400 high schools in the 132-county area served by WTCC and selection to team membership was made by a special committee named by President Beverly King of Graham.

Boys and girls teams were named in all classifications from Class B through Class AAAA. To qualify for nomination to these teams the students had to be classified as seniors, maintain much better than average grades and must have been selected to represent his or her school on an all district team.

President King stated "We feel that exceptional academic achievement in addition to athletic ability should be recognized and encouraged in West Texas high schools. Too often there is too much honor bestowed for athletic achievement without regard to scholastic attainment."

Because of Texas Interscholastic League rules there will not be any prizes awarded to these honorees. A letter of selection has been mailed to each student selected and a copy of the letter sent to his coach.

Parents of these students are Mr. and Mrs. John Conley, Mr. and Mrs. Jack Denman and Mr. and Mrs. Douglas Gartman.

Mrs. Pearl Sheppard is visiting in the home of her daughter and family, Mr. and Mrs. Tyrus Davis at Mission.

**Welcome Signs Talked at BCD**

Most of Tuesday's meeting of the BCD was devoted to discussing the "Welcome to Robert Lee" signs which the organization proposes to erect on the four highways coming into town.

Cumbie Ivey Jr., chairman of the sign committee, had a drawing of a sign and displayed it to those present. He said the signs would be 8 by 16 feet and constructed of steel mesh expanded metal encased in steel pipe. They would be erected on steel legs nine feet from the ground. Top letters, which would be "Welcome" would be 14 inches high. Other lines would be 12 and 10 inch letters. The BCD plans to secure services of Ernest Clendennen, Silver welder, in building the signs.

Estimated cost of the four signs is \$1200. A motion passed to accept the drawing, and President Garland Davis told Ivey and other committee members that they should draft a letter and send it along with a drawing of the sign to Coke County citizens who might be interested in contributing toward the cost of the project.

President Davis appointed a committee to start preparing material for a brochure. Named to work up the new advertising piece were Hugh Lewis Jr., chairman, W. D. McAdams, W. T. Roach, Jim Barnhill and G. C. Allen.

Supt. Jimmy Bickley announced that April 1 is the last day to vote absentee in the forthcoming school trustee election, and stated the school would observe April 3, 4 and 7 as Easter holidays.

Mayor Wilson Bryan told BCD members that he, Gerald Allen and Fern Havins has been investigating possibilities of building a small dam below Robert Lee Reservoir for recreational purposes. They found that a permit from the state and easements from landowners would be required before the project could be started. The mayor stated that lack of funds may cause postponement of the project for a time, but since it is needed, they plan to continue working on it.

Eleven members were present and George Been of Big Spring, who is with the Texas Education Agency, was a guest of Superintendent Bickley.

**WORKSHOP ON AGING SCHEDULED FOR FRIDAY**

A sub-district workshop on aging will be held in Robert Lee Recreation Hall on Friday, March 28. Participating on the program will be Misses Minnie Bell and Dorothy Taylor, extension specialists, Donna Johnson, Governors Committee on Aging, Miss Thelma Casey and Roy Huckabee, district extension agents.

### Too Many Vitamins Unhealthy

Is a vitamin a day insurance of good health? Not necessarily.

Vitamins are needed for good health, but excessive amounts can be dangerous. When daily food intake is adequate, you don't need to take vitamin pills.

Individuals differ in the amounts and types of vitamins needed and a doctor can prescribe the type to suit individual needs. See a physician if you feel you need vitamins.

Excess amounts of Vitamins B and C are easily disposed of by the body without harm. However, too much Vitamins A and D can be dangerous because the body has no way of getting rid of excess.

Good food sources of Vitamin A are liver, egg yolk, dark green and yellow vegetables, deep yellow fruits, whole milk, cheddar-type cheese and ice cream. Most people do not get enough Vitamin A.

Symptoms of excessive intakes of Vitamin A include fatigue, abdominal discomfort, bone and joint pain, loss of body hair, headaches and yellowing of skin.

Excessive Vitamin D leads to nausea, frequent urination and diarrhea. It can also cause weakness and depression.

Foods high in Vitamin D are fish liver oils, egg yolks, liver and milk fortified with Vitamin D.

A well balanced diet is the best insurance for good health.

### Shopping for Electric Scissors

Electric scissors speed the job of cutting out garments. When

you shop for scissors test them on fabric.

They should feel comfortable in your hand and easy to manipulate. Scissors with two cutting speeds are easier to manage for a beginner and are more versatile for all users.

A light on the scissors helps the user to see the fabric grain and be able to cut more precisely.

The cord should be long enough to reach across a wide cutting area. If you are buying cordless scissors, check the ease of replacing batteries.

Once you have bought scissors, practice with them before you try to cut out a pattern.

Be especially careful when you cut curves, notches and corners in the pattern. You may prefer to cut these with regular scissors until you become skilled in maneuvering electric scissors.

**Live Well After a Heart Attack**  
Many people who have had heart attacks can continue a full and active life living very much as a person who never had a heart attack.

A successful comeback after a heart attack requires time, good medical care, and a cooperative family and realistic approach to life, and the will to live is vital.

After hospitalization, survivors of heart attacks have a long period of limited activity at home while the damaged heart is mending. When a patient has to make physical and emotional adjustments, worries about money can set back the benefits of careful treatment.

Much has been done to relieve persons with this major cost. At the last report 19 million citizens were enrolled in Medicare.

A side result of Medicare, or private health insurance, for children of elderly parents has been a lessening of the financial burden of health costs for them.

**Weekly Food Market Buys**  
Pennies add up to savings when you take advantage of weekend food specials.

Fresh asparagus is found in many stores now but prices remain relatively high. Green cabbage prices vary but generally are in moderate price bracket as are broccoli, squash, eggplant and head lettuce.

Carrots, turnips, celery, potatoes, dry onions and sweet potatoes are among the more economical choices.

Grapefruit is still in ample supply. Oranges, apples which come from controlled atmosphere storage, pineapples and bananas are other fruit choices.

Pork featured in some markets include Boston butt roasts, shoulder steaks, end cut loin roasts and chop. Semi-boneless, whole, butt portion, shank portion and canned hams may vary a few cents lower than a week ago.

In the grocery department one will find good values on canned tomatoes and tomato products,

canned and frozen corn and cut green beans. At most frozen food cabinets some brands of potpies, frozen dinners and fish sticks are offered at lower than usual prices.

# Profile Of A G.I. In Vietnam

(Editor's Note: The following article was written by a young soldier on a flight T2B3 from Travis AFB, Calif. to Bien Hoa, Viet Nam. It was submitted to this newspaper by Sgt. Richard Sprenkle, who was also on the flight, obtained a copy of it and sent it here to his wife, Bernice, the daughter of Mr. and Mrs. Francis Seltz, former Robert Lee residents. We believe it will be of interest to our readers.)

## The G. I. in Viet Nam Is Quite a Guy

Feeling in Viet Nam is that most back homers including lawmakers, do not understand, nor accept the truth, that the conflict in Viet Nam is war. The bully of America considers Southeast Asia with confusion and contempt.

A soldier returning home from Viet Nam finds that people can't yet point the country out on a map, can't guess the number of weekly casualties there, can't understand what it is all about except, they guess, 'freedom is involved.'

"You think Viet Nam's bad," a statesider will grin, "Brother, you should have been in New York during the blackout." A second "Too bad your home traffic is terrible." Then the third "You should have seen the Battle of the Bulge. Now that was a real war."

Viet Nam is still a pop art odyssey 12,000 miles away. The public worries more about living with a possible tax increase, officials worry about living with world opinion, the G. I. worries only about living."

In his world there are nightly blackouts and mortar traffic. It's alive with booby traps that can blow his legs or even his life to shreds. It is occupied with an enemy and an ally that look exactly alike. He would give a month's pay for a sound sleep or ten years of his life for a night at home.

He is not a bit player in a comic open conflict, nor the trump in an international card game, and not 12,000 miles away, but as near as the muddy and bloody pictures that are in the newspapers. More over he is usually a very young citizen in a hell of a fix. The average age of a combat G. I. is not even old enough to vote. The age is 19½ to 21½ years. But what a man he is. A pink-cheeked, tousled-haired, tight muscled fellow, who under normal circumstances would be considered by society as half-man, half-boy, not yet dry behind the ears, and a pain in the employment charts.

But right now, more and more each day, he is the hope of Free Man. He is, for the most part,

unmarried and without material possessions, except for possibly an old car at home and a transistor radio here.

In most cases he has just gotten out of high school, within the past year, received so-so grades, played a little football, basketball, baseball, and might even have been good enough to be on a track team. He has a girl who either broke up with him when he went overseas or who swears she is still faithful to him, yet he is half the world away. He has learned to like beer because it is about the only thing that will take the thirst away over here.

He smokes because he gets free cigarettes and it helps his nerves. He never cared much for work and preferred washing his own car to his father's. He is 10 to 20 pounds lighter than before because he is working or fighting from dawn to dark, often longer. He still has trouble spelling and writing letters is a painful process. But he can break a rifle down in 30 seconds and put it together in 29 seconds. He can describe the nomenclature of a Fragmentation grenade, explain how a machine gun operates and use either if the need arises.

He obeys now without hesitation, but he is not broken. He has seen more suffering than he should have in his short life. He has stood among hills of bodies and he has helped to construct those hills. He has wept in public and in private, and is not ashamed in either place, because his pals have fallen in battle and he has come close to joining them.

He has become more self-sufficient. If he is fortunate to have two pair of fatigues to call his own, he wears one and washes the other. He sometimes forgets to brush his teeth, but not his rifle. He keeps his canteen full, but has almost given up trying to keep his socks dry. He can cook his own meals, fix his own hurts and mend his own rips, material and mental. He will share his water with you if you are thirsty, break his rations in half if you are hungry, split his ammunition with you if you are fighting for your life. He can do the work of two civilians, draw half the pay of one, and find ironic humor in it all.

He has learned to use his hands as a weapon and his weapon as his hands. He can save a life or most assuredly take one.

**BE WISE, INVEST REGULARLY IN U. S. SAVINGS BONDS. THEY ARE YOUR BEST INVESTMENT FOR A GUARANTEED INCOME TO CARRY OUT THOSE BIG PLANS YOU'RE MAKING.**

AUSTIN, Tex. — Gov. Preston Smith called on the Legislature to patch up a \$71 million hole in his \$261 million new revenue program by raising the cigarette tax to 15 cents a pack and placing a one-half of one per cent gross receipts levy on chemical producers.

Atty. Gen. Crawford C. Martin's opinion holding unconstitutional Smith's proposal to apply most school land mineral lease income to current educational operations made supplemental recommendations necessary.

While supplanting alternative revenues, Smith made two other points:

"He is having nothing to do with 'one-year budgeting' as recommended for former Governor John Connally in 1967 as a device to postpone a tax bill.

"Serious talk" is being heard in favor of a corporate profits tax, and the day when one will be necessary may not be too long off, although he is not urging one now.

Smith's revenue package calls for placing alcoholic beverages and personal services (like laundry, repairs, parking and cable tv) under the three per cent state sales tax. He emphasized he is dead serious about slapping a

\$10 state surcharge on moving traffic violation fines, and he would raise the tobacco products tax to ratios of a decade ago. He also recommends the state sales tax be applied to each lease of rental equipment as well as the original purchase price.

Smith originally asked a three cent a pack hike in the cigarette tax. Now he wants to go to four cents (which would raise an additional \$26 million). The gross receipts levy on "those producing chemical products" is estimated to bring in \$45 million.

Reaction to the alternative proposals varied widely. Smith was commended for adding a business tax to his all-consumer program of last month, but some lawmakers don't like singling out one industry.

House Speaker Gus Mutscher said he is hopeful of early hearings by the Revenue and Taxation Committee on a "major" tax bill.

**LEGISLATURE PLOWS ON—** At the half-way mark of the 61st legislative session, the House speeded up and the Senate slowed down.

Among major measures advanced by the House were bills to strengthen the governor's power to quell riots and to create a

new University of Texas branch at San Antonio.

Other measures increased teacher retirement benefits, broadened resident tuition privileges to college students from military families, provided by distributing state available school fund money on the basis of scholastic population (instead of average daily attendance), changed the name of James Connally Technical Institute near Waco to Texas State Technical Institute and authorized procedure for dissolving 492 inactive water districts.

Creation of a separate commission for rehabilitation services now has approval of both houses, as have bills to place West Texas State University under a separate board of regents and to permit types of metal-studded snow tires in highways. A House resolution would make blue topaz the official Texas gem and petrified hardwood the official stone.

Senate passed 53 local bills on a special calendar for non-controversial matters with limited application, but bogged down for hours over the measure to create a state commission to administer a memorial to the late President John F. Kennedy. Senate gave tentative approval to allowing city bus drivers taken under municipal transit systems before 1964 to retain collective bargaining benefits they had as union members.

Governor Smith signed half a dozen measures including a campus riot control bill and major improvements in workmen's compensation legislation.

# Buy Bonds where you work.

"Good News for Modern Man" will be offered to each home in Robert Lee next Sunday afternoon. Six hundred copies of this New Testament in Today's English Version will be distributed by members of Robert Lee Baptist Church.

This is a part of their preparation for the Crusade of the Americas, an evangelistic effort involving North, South, and Central America. A spokesman for the church said that the New Testament will be given in the hopes that others will join in reading the Bible and also as an invitation to the Crusade Revival at the Robert Lee Baptist Church April 13-20. Joe Flowers, one of the deacons, will head the distribution of the books.
