Mrs. Coalson, Rudy Gloria Attend White House Youth Conference

Mrs. Frank Coalson and Rudy Gloria were in Austin the first of the week to serve as delegates at the 1970 Governor's White House Conference on Children and Youth. Mrs. Coalson who was recently appointed chairman for the county, participated in work sessions at the conference which convenes once every 10 years.

A massive effort was made in pre-conference activity to collect material which would help identify the problems of young people. At the same time, proposed practical solutions have been sought. A listing of the problems and accompanying recommended answers comprised the discussion agenda for the three-day conference. Delegates, representing all ages and walks of life, participated in evaluating them and recommended changes or alternate approaches, and setting priorities.

Rudy Gloria, one of Mrs. Coalson's former students of Spanish, is a sophomore in Robert Lee High School and is the son of Mr. and Mrs. Jessie Gloria. The family is active in Bethel Baptist Mission here. Rudy's older brothers, Richard and Ray, are graduates of RLHS and have

The sponsors reported that both they and the students enjoyed the performance very much.

served in the armed forces in Vietnam. An older sister, Irene, is a nurse in Dallas, and Kathy, a younger sister, attends Robert Lee Elementary School.

Coke County went along with the majority of Texas voters Tuesday when they voted better than three to one for all the Democratic candidates on the ticket. The general election was held all over the country and results dashed hopes of the Republican administration for a majority in the U. S. Senate.

Texas was one of the main plums sought by the Republicans who poured millions of dollars into the campaign of George Bush against Democrat Lloyd Bentsen. Coke County gave Bentsen 681 votes to 227 for Bush.

Gov. Preston Smith had a whopping big 715 votes to 212 for Paul Eggers, the Republican candidate. Other candidates in the Republican column of the ballot received even fewer votes than did these two for the two top races in the state.

3 Amendments Carry

Three of the seven proposed constitutional amendments carried in Coke County: No. 1 which relates to the removal of judges under certain circumstances; No. 3, which provided for assessment of agricultural lands on a basis

of productivity; and No. 6, which provided for increase of homestead exemption from \$5,000 to \$10,000.

Here's the way the county voted:

U. S. Senator: Bentsen 681, Bush 227.

For U. S. Representative, Omar Burleson 767.

Governor: Smith 715; Eggers 212.

Lieutenant Governor: Ben Barnes 634; Byron Fullerton 173.

The remainder of the races had no opposition to the Democratic candidates and votes were tallied as follows:

Associate Justice, Place 2: Ruel C. Walker 785.

Associate Justice, Place 3: James Denton 786.

Funeral services for Jackson Stephens (Jack) Walker, 76, were held Friday at 3 p.m. in Robert Lee Baptist Church. Burial was in McKenzieville Cemetery under direction of Newby Funeral Home.

Mr. Walker, a native of Coke County, died in West Coke County Hospital at 11:30 p.m. last Wednesday.

He was married to Bessie Allison on Jan. 21, 1921, in Colorado City. Their only son, Earl Walker, was killed in action in World War II. Mr. and Mrs. Walker donated the site for and furnished a room in the West Coke County Hospital in memory of their son.

The couple had recently financed the complete remodeling of the sanctuary of the Robert Lee Baptist Church where Mr. Walker was a member.

Survivors include his wife; a sister, Mrs. H. L. Bloodworth of Silver and several nephews and nieces.

Nephews who served as pallbearers were Clayton Bloodworth and J. B. Walker Jr., both of Silver; O. B. Jacobs, Roy Walker and D. J. Walker Jr., all of Robert Lee; Tommy Walker of Sweetwater; T. J. Walls of Forgan; and Troy Walls of Colorado City.

The Robert Lee Steers will host Mason at a 7:30 p.m. football game for one of the highlights of the celebration. Other activities will be held during the afternoon, and honoring of RLHS royalty is on the schedule for halftime at the ball game.

Actually the festivities will get underway Thursday night when there will be a pep rally and bonfire following the B team's football game.

The Beta Club will host a tea beginning at 1:30 p.m. in the foyer of the high school building. A parade is set for 4 p.m. The band will participate and classes and school organizations will enter floats. The Student Council will give a prize to the group entering the best float. The Council also will award a prize to the winner of the wood gathering contest for the bonfire.

Carnival Termed A Big Success

The Halloween carnival held Saturday night at Robert Lee School was called a big success by its sponsors, the Student Council. A total of \$1,302.32 was taken in at the carnival. Big money maker was the bingo concession which took in \$502.20.

The Council issued thanks to everyone who worked, as well as to everyone who came and patronized the various booths.

The total income from the carnival was broken down by grades as follows:

Kindergarten, \$28.70; First (Mrs. McBroom), 29.95; first (Mrs. Rose), 24.20; second, 30.00; third (both rooms) 81.60; fourth (Mrs. Walling), 52.60; fourth (Mrs. Jones), 31.60; fifth, (both rooms), 43.20; sixth, 37.50; seventh, 56.50; eighth, 32.60; freshmen, 35.90; sophomores, 174.97; juniors, 139.80; seniors, 503.20.

Expenses will have to be deducted from these figures.

the Mason lads. Season records are 5-2-1 for the Steers and 3-5-0 for Mason. District play gives the Steers a 2-1-0 and Mason a 1-2-0.

In spite of this difference, nobody is fooling himself into believing it won't be a tough game.

Last week the Steers downed Menard, 14-0; Eldorado stomped Bangs, 43-0; and Sonora topped Mason, 28-0.

In addition to the local game, District 9-A teams will be involved as follows: Bangs will visit in Menard, and Sonora will travel to Eldorado.

Big Crowd Goes On SCD Tour

More than 70 persons attended a tour last Thursday on the Wylie Ranch northeast of Bronte. The tour was jointly sponsored by the Coke and Runnels Counties Soil and Water Conservation Districts and hosted by Conda Richards, operator of the ranch.

The group saw the new pellet mill which was recently put in operation on the ranch, as one of the highlight of the tour. They also inspected an irrigation system and saw the new Klein grass which has recently been introduced on the ranch. Other conservation practices were also

Austin — With the next legislative session just two months off, a blue ribbon speaker's committee has set out to evaluate the jobs of state lawmakers and how they can better perform their

duties. First meeting of the 150-member panel named by House Speaker Gus Mutscher and headed by Waggoner Carr, former attorney general, was held at the capitol last week.

One of the first things Mutscher suggested was a study of the work load heaped on officials who draw only \$400 a month base pay. Committee is expected to come up with a recommendation and support for legislators' pay raises.

Mutscher asked the group to give special attention also to legislative facilities, ethics and internal security.

He further suggested a look at steps now taken to assure protection for orderly conduct of the state's business at the capitol and "physical protection" of state officials, employees and the public.

Mutscher said both houses of the legislature will hold a pre-session conference at Lyndon B. Johnson School of Public Affairs at the University of Texas.

Carr ruled out the study of such matters as annual legislative sessions and abuses by joint conference committees, since the committee was named by the House speaker and was not authorized by the Senate. "Timing of sessions and joint conference committees are matters of concern to both houses," he noted.

Four sub-committees were named and immediately began work. Sub-panels will work in areas of duties, responsibilities and compensation; ethics and standards of conduct; physical facilities and internal security.

BAPTISTS RELEASE SCHOOL — Baptist General Convention here approved the request of Baylor Dental School at Dallas to be released from church control so it could accept government financial aid. Baylor Medical School in Houston was released two years ago, permitting it to seek state funds for enrollment increases.

Convention called on the University of Corpus Christi to repay a \$500,000 loan it received from the federal Small Business Administration to repair Hurricane Celia damage and borrow from a non-governmental source.

Delegates adopted resolutions commending national leaders for their spirit of peace to end the Vietnam hostility; urging courts to use discretion in dealing with each marijuana case on merits; and opposing grants of tax funds to parochial schools.

INSURANCE AD RULES PROPOSED — State Board of Insurance set a Nov. 30 hearing

on proposed new rules governing advertisements by health insurance companies.

One rule would require a clear and conspicuous statement in ads of any waiting periods between the date of the policy and the time it actually provides coverage.

Another rule would make the same kind of clear disclosure necessary where coverage is limited for illnesses caused by conditions existing before policy date.

Suggested rules would apply to all newspaper ads, as well as radio-tv, billboards, leaflets, form letters and recurring representations by agents.

Companies would have to maintain a file of ads for inspection by examiners representing the State Insurance Board.

COURTS SPEAK — State Supreme Court set a Dec. 9 hearing on a Houston area welder's accidental "injury" suit which intermediate court held showed evidence of occupational disease (sileiosis).

Federal District Court here postponed until Nov. 12 a hearing on the San Antonio Conservation Society's suit to bar construction of San Antonio North 281 Expressway.

HIGH COST OF CAMPAIGNING TOLD — U. S. Senate candidate George Bush topped all spending by general election candidates, according to required reports filed with the Secretary of State. Bush said he has spent \$696,008 and received \$665,708 in contributions. Bush's Democratic opponent, Lloyd Bentsen, itemized campaign spending of \$419,332 and contributions of \$424,563.

Gov. Preston Smith said he has spent \$652,860 and received \$534,651 in contributions. His Republican opponent, Paul Eggers, reported spending \$409,028 and receiving \$312,661.

JUSTICE PLANNING FUNDS RECEIVED — Texas Criminal Justice Council received final approval of its 1971 block planning grant, totaling \$1.2 million.

Money will be spent for state-wide planning to improve the criminal justice system. Forty per cent of funds will go to local governmental units.

Texas will receive a block action grant of \$19 million for fiscal 1971 from the Department of Justice to support action projects in the field over the state.

STATE SECURITIES BOARD ENJOINS CHURCH — Deputy Securities Commissioner Roy Mauer has issued an order enjoining the Trinity Baptist Church of Austin from selling any type of securities.

Order said the church kept misleading, inaccurate and incomplete records. Also that Pastor R. D. Wade had been loaned \$25,000 in bonds on an unsecured non-interest bearing note which church members had not approved.

Wade had used \$18,000 of the bonds, according to the order, to purchase a motel in his own name. Eight series of bonds are outstanding, some of them default.

According to Mauer's order, the Board, as of Oct. 22, did not have the funds necessary to pay the interest and principal due Nov. 1.

Bonds were being sold to the public through Fred Matthews of Nationwide Church Bonds, Inc. of Birmingham, Ala., but Matthews was not registered in Texas as a security dealer, as required by Texas law.

WARNING ISSUED — Parks and Wildlife Department has issued warnings against using as food or water containers any of the one gallon DDT cans which recently washed up on the beach near Port Isabel.

Short Snorts
Attorney General Martin has

held that the State Health Department and Nursing Home Licensing Board could privately exchange confidential information.

New bank applications have been filed for Arlington and San Antonio.

Autos with inspection stickers numbered 11 must be reinspected this month, "12's" in December.

One hundred and eighty-six political subdivisions were required to buy \$103,674 worth of unnecessary coverage to get needed liability insurance, Dallas Sen. Oscar Mauzy has charged.

Construction was on the increase last month and the outlook for building in early 1971 is bright, says the UT Bureau of Business Research, which also advises that personal income in Texas rose three per cent in September.

Christmas gift buying time is here so some help in selecting home appliances might help you to be a better Santa! Home appliances are very popular gift items on special occasions as well as Christmas. The following guidelines should be helpful to you in selection of gift items or small appliances for yourself:

Buy appliances from a reputable dealer. If not familiar with a dealer, call the local Better Business Bureau or Chamber of Commerce for information about the reputation of a business.

Shop in more than one store, comparing prices not only between stores but between brands as well. Be familiar with the manufacturer of the brand.

Choose an appliance which meets the family's needs and which contains features the family plans to use. Remember that an appliance intended for several years of service will require future needs. Choosing features and the price range directly relates to frequency of use.

Consider the construction of the product, noticing whether it will be easy to clean. Controls should be clearly marked, conveniently located and easy to manipulate. Heat resistant material handles, controls and base or legs are important for protection of the work surface. An Underwriters' Laboratories symbol on the appliance indicates that

it meets certain standards for electrical safety.

Check the availability of service and replacement parts. Study the guarantee to learn just what is guaranteed, who is responsible for carrying out the terms of the guarantee and how long the guarantee is in effect.

Study the owner's manual before buying, asking questions about operation if necessary. After purchasing the appliance, read the manual thoroughly before operating, and refer to it as often as necessary until completely familiar with the operation of the appliance. Keep the manual as long as the appliance is in use.

If the appliance is used as a gift, make the receiver aware of importance of studying the manual and if required, sending in the guarantee slip that accompanies some appliances.

Carpet Tiles

Carpet tiles, a new attraction in floor covering, is one of the easiest and most fashionable ways to add a dab of color and style to any room of the house.

Easy to install, do it yourself carpet tiles offer the average consumer a soft floor covering at attractive prices, and the tiles come in a variety of colors and patterns. They can be used as floor coverings, wall coverings, decorations, flower designs, outdoor mats, toy chest linings, coaters, coverings for interiors of station wagons and boats—just about anything the consumer dreams up.

Home improvement centers, hardware stores and lumberyards are the major distributors of carpet tiles, but department stores are also beginning to carry the popular furnishing item.

The tiles were first introduced in 1966 and were made only by needlebonded olefin. Now they are manufactured by the tufting and flocking processes, making them more versatile for consumer use. The tiles are made from polyester, nylon, polypropylene and other yarns. Shag tiles have become the most popular style.

The most popular size tile is 9 by 9 inches, but they are also available in 18 by 18 inches and sell for about 68 cents per square foot.

RL Steers Top Menard, 14 - 0

By Ronnie Baker

The Steers again depended on their defense to get into the win column last Friday night as they took the Menard Yellowjackets, 14-0. Their second half defense contained a pretty speedy back field that netted quite a few yards the first half. Menard had 77 yards rushing the first half and a minus 22 the second half, and that ain't bad.

The offense is still unpredictable but they still move the ball at times. The passing game perked things up with Mike Mumford hitting on key downs to little brother, Bobby, and Bob Wolfe made a great catch to set up the second touchdown. Bob Mumford made the catch to set up the 1st touchdown. Waldon Millican was not up to par in this game and didn't play an offensive down and that hurt our quick openers. But the story is the offensive line and the defensive line. They never get the credit that's due them, as in all football games. Richard Guerrant at center, Bubba Duncan and James Smith at the guards, James Fields, James Hood and Pat Lewis rotating at tackle, and Ernest Herford, Bob Wolfe and Bobby Mumford at the ends did a fine job of blocking, especially on the off tackle plays and punting situations. Frank Box, Neil Caulder and Donny Mauldin are the quick ones on the punting unit that cover real well. Sid Burns is a real sticker at linebacking.

First Quarter

Menard received the opening kickoff at their 20 and returned it to their 36. On 2nd down, James Fields engulfed the ball carrier and he fumbled with Bob Wolfe recovering for the Steers. Mike Mumford hit Bobby Mumford with a 34 yard pass to the 4 yard line, 1st and goal. The Steers plunged for 3 yards in 2

plays and then Mike Mumford kept behind James Smith and scored from the 1. James Fields toed the extra point and the Steers led, 7-0 real quick.

Fields kicked to the Menard 10 with a return to the 21. Again the Bumble Bees stung the Jackets and they fumbled at the 30, with Bobby Mumford recovering. The Steers made a 1st at the Menard 11, but the Menard linebackers crashed and the Steers lost to the 23 yard line. Menard, holding on downs, can't move either and punt to their 41. Menard held again and Mumford punted to the 10 with a return to the 22. Menard made a 1st at their 41, but that's all and they punted to the Steer 20 with a return to the 29. The Steers couldn't go and they punted to the Menard 26. The Jackets had a 1st at the 39 as the first quarter ended.

Second Quarter

Menard made another 1st at the Steer 21. Then the Steers held on downs at the 26. The Steers made a 1st at their 37, then Menard held and the Steers punted to the Menard 39 yard line. Menard fumbled the punt and Neil Caulder recovered at that point. The Steers struck again on a 35 yard pass from Mumford to Bob Wolfe at the Menard 4 yard line. First play, Danny Percifull circled left end and dove in for the score. Fields again toed the extra point and the Steers led, 14-0.

Fields kicked off to the Menard 16 with a return to the 45. The Steers held and Menard punted to the Robert Lee 16. The Steers made a 1st at their 30, then Menard held and Mumford punted to the Menard 29. The Steers held on downs at the 37 and took over. The Steers couldn't move and they punted to the Menard 46 out of bounds.

Menard went to the air and Mike Mumford tipped the pass downward and Danny Percifull intercepted it and returned 25 yards to the Menard 36. Menard held again and the Steers punted out on the Menard 20 with 1 second left. The half ended shortly.

Third Quarter

The Steers received the second half kickoff at the 15 with Percifull returning to the 35. In two carries by Marshall Millican the Steers made a 1st at their 46. Menard held, and Mumford punted to the Menard 15. The Steers set them back to the 12 and Menard punted to their 47. They Steers made a 1st at the 30, then Menard held again and Mumford punted out at the 9. Menard got a 1st at the 24 on a penalty, but the Steers held them and Menard punted to the Steer 46 yard line. The Steers made a 1st at the Menard 39, but again Menard held and Mumford punted to the 9. The Steers pushed the Yellowjackets back to the 2 yard line as the third quarter ended.

Fourth Quarter

The Steers held at the 2 and Menard punted to their 46. The rest of the fourth quarter was three downs and punt for both clubs and there was no threat for either team until the final minute when Menard made a big 1st at the Steer 20 and the Steers drew a penalty to the 8. The Yellowjackets drove to the 2, and there the Steers hit hard and Menard fumbled, with Sid Burns coming up with the ball as the game ended.
