## Teachers Hired for 1971-72

### Water Rationing To Start April 25

Water rationing will go into effect in Robert Lee April 25, if sufficient rain is not received by that date to relieve the immediate water shortage.

In a special meeting Monday the City Council discussed the need for rationing water and voted to make it effective on the

### Career Day Set Monday at RL

Students from Bronte and Robert Lee High Schools will attend a Career Day Program in the Robert Lee High School on Monday, April 19. The program is planned by school officials and the county Extension Service agents, and is the sixth Career Day program held.

Grant Teaff, athletic director and head football coach at Angelo State University, will be the speaker for the morning program. Supt. Jimmy Bickley will be master of ceremonies. Entertainment and a skit by the Future Leaders 4-H Club are also on the program.

Half of the morning will be spent in consulting groups with various careers being presented.

Dudley Aikins, Director of Financial Aid at Texas Technological University at Lubbock, will speak in the early afternoon on educational costs and where financial help can be obtained.

Consulting groups will also take up most of the afternoon.

### SPRING MUSICAL SET FOR TUESDAY, MAY 4

The annual spring musical for the elementary grades in Robert Lee School will be presented Tuesday, May 4, at 7 p.m. This year's production is entitled "Your Litter Bit."

There will be no admission charge and everyone is invited to attend.

### Nurses Aide Class Is Possibility for RL Citizens

Mrs. J. W. Martin of Bronte, Coke County representative from Bradford Multipurpose Center of San Angelo, told The Observer this week that there is a possibility of a Nurses Aide Course being offered in Robert Lee in the near future. The program, if it is worked out, will be sponsored by the Tom Green County Community Action Council, Office of Economic Opportunity.

Probability of the course materializing depends on the interest shown in Robert Lee and if enough persons enroll to make the program feasible.

The course is free except for the cost of a textbook. The course will consist of 72 hours of instruction. After completion of study each participant will be awarded a certificate and pin.

All interested persons should contact Judge W. W. Thetford.

above-named date. The Council will meet again April 16 to adopt the necessary ordinance. This ordinance will present details for the method of water rationing and will be published in the next edition of the Robert Lee Observer.

During the next two weeks, the residents of the city are encouraged to water their trees and shrubs to prepare for the time ahead when they will not be permitted to water their yards.

Members of the Council said they hoped this step would not be necessary, and they delayed a decision on it as long as possible. They asked for the cooperation of all Robert Lee citizens in carrying out this plan.

### Harvey Reid Home, Sanco Landmark, Destroyed by Fire Last Thursday

A fire destroyed a landmark last Thursday about 11 a.m. when the Reid home and all of its contents burned. It was located about three miles northeast of Sanco. The fire was thought to have started from a defective flue.

Built in 1913 by the late J. L. Reid, the house had been remodeled by his son, Harvey L. Reid, in recent years. Mr. and Mrs. Reid and son James and his mother, Mrs. Lura Reed, lived in the house.

At the time of the fire Reid and James were away from the place tending cattle.

The house had been warmed by a wood heater, as the elder Mrs. Reid had a fear of gas. She complained of being chilly and her daughter-in-law had built a fire in the wood stove. Hearing an unusual noise, Mrs. Harvey Reid went outside to look. She heard an airplane and supposed it was the source of the noise. However she heard the sound

again and then saw the fire coming through the ceiling.

Mrs. Reid got her mother-in-law out of the house and in to their car. She drove to the Sanco Store where the alarm was turned in.

By then Mr. Reid had returned as far as the store at Sanco and immediately drove to the place, to find flames had already destroyed the walls.

By the time fire trucks arrived they could only protect the fence and outbuildings. Nothing in the house was saved.

The Reids have tentative plans to rebuild at the same site. Mrs. Lura Reid is in the nursing home at Robert Lee and the Harvey Reids have been visiting their other children. They have temporary quarters at the Ulmer Bird ranch house, adjoining their land on the south.

Offers of furniture have been coming in to the Sanco Store. The phone number is 453-2870. Furniture

### District Track Meet Saturday

Robert Lee will host the District 9-A ULL Track Meet Saturday. Preliminaries will be held in the morning, with the finals being run in the afternoon.

Kenneth Rosco is coach of the local team and will have entries in most of the events.

Schools in District 9-A who will have their track teams here are Mason, Sonora, Eldorado, Bangs, Menard and Robert Lee.

The public is invited to attend the meet. Some excellent performances are expected.

### ELAINE FIKES NAMED CHEERLEADER AT HSU

Hardin - Simmons University student leaders for 1971-72 have been selected by the Student Association in an all-school vote.

Elaine Fikes, daughter of Mr. and Mrs. Weldon Fikes of Robert Lee, was elected a varsity cheerleader. Six cheerleaders were elected.

Miss Fikes, a graduate of Robert Lee High School, is a sophomore business major at the Abilene school.

### TRIP TO HAWAII

Mr. and Mrs. Ernest Clendennan have returned from a trip to Hawaii with a group of 34 persons. The tour was sponsored by the Abilene Reporter News, with Mrs. Ellie Rucker as tour director.

The Clendennans flew to Dallas and then took a 747 jet non-stop to Honolulu. The 11 day trip included tours of the four big islands which make up the Hawaiian Islands: Oahu, on which Honolulu and Pearl Harbor are located; Hawaii, the largest island in the group, Kauai and Maui.

The Robert Lee couple reported a wonderful and enjoyable trip.

were rehired at the recent meeting. Supt. Jimmy Bickley and Principals Garland Davis and Clifford Wilson were extended at earlier meetings of trustees.

Resignations were accepted from Michael Easterwood, Mrs. Helen Anderson, Mrs. Ruth Kelly and Mrs. Thelma Thomas.

Teachers rehired for the 1971-72 school year include: Mrs. Mildred Wiseman, Mrs. Betty Beauty, Mrs. Chanda McBroom, Mrs. Mildred Rose, Mrs. Irene Newell, Mrs. Myra Nell Craig, Mrs. Laura Herford, Mrs. Robbie Jones, Mrs. Virginia Walling, Mrs. Maurine Sockwell, Mrs. Lucille Bryan, Mrs. Melba Mauldin.

Also Mrs. Pamela Livensparger, Mrs. Eloise Guerrant, Mrs. Carolyn Schroeder, Dale Hamby, Kenneth Rosco, Larry Blair, Sam Bean, L. R. McDaniel, Kenneth Mitchell, Mrs. Sherry Vaughn and Danny Vaughn.

### Rabies Shots To Be Given

Dr. Paul Hudman, San Angelo veterinarian, will be in Robert Lee and Bronte Friday morning, April 16, to vaccinate pets against rabies. Coke County 4-H Clubs scheduled the visits to promote rabies prevention in the area.

Dr. Hudman will be at the show barn in Robert Lee Park from 9 a.m. to 10 a.m. He will go to Bronte and vaccinate pets from 10:30 to 11:30 a.m. in the Bronte Park.

Spring months normally produce an increase in wildlife movement and a corresponding increase in the number of rabies cases reported, said County Agent Sterling Lindsey. The extremely dry weather likewise causes wildlife to travel more in search of food, affording a greater chance for rabies to develop.

If pets have not been immunized within the last year, vaccination or re-vaccination is recommended. Pets three months of age or older will usually develop an immunity to rabies when vaccinated with cultures used by veterinarians. Owners of pets under three months of age should secure Dr. Hudman's recommendation.

## 1971 Seniors Have Ball on Annual Trip

By Beverly Shandley

It all began Wednesday morning about 8 o'clock when the seniors of 1971 arrived at Bar K Guest Ranch near Austin. After unloading the students and sponsors looked over the place and began to form groups for badminton, volleyball and pool. However, most of the day was spent exploring the premises and getting the cabins in order.

Thursday began with breakfast at 8 a.m. and a horseback ride afterwards. Several of the party were riding spirited horses which ran through bushes, briars and trees, resulting in an assortment of bruises, scratches and cuts when the ride ended.

However, the highlight of the ride was when James Hood (who had managed to come through the entire ride without a mishap) rode into camp and fell off his horse at the gate of the corral. Later in the day Hood's \$18 hat blew off into the lake and sank.

During the day some of the boys went canoeing and others gathered at the swimming pool where they threw Mr. Davis in fully clothed. Late in the afternoon the group split up and several of the students and three sponsors drove into Austin to see a movie.

Meanwhile, back at the ranch, the remaining students played the juke box and squirted shaving cream on Kenneth Prine's face

while he was asleep. They then woke him up and convinced him that he had tried to shave himself while walking in his sleep. He believed it for three days.

Friday started out similar to Thursday, but with fewer people going horseback riding. About midmorning Hood's hat washed up on shore. A small group got together after lunch and decided to go water skiing. There was an outside bar-b-que in the evening, and afterwards some of the students went to Austin for bowling and shopping. On the way back Coach Bean and Mr. Davis stopped to hit golf balls, and some of the kids played Frisbee in the parking lot.

Almost everyone went to Aus-

tin Saturday morning to shop. A hippie ran over Patti Lynn Ivey with a bicycle, and in reply to one hippie's request for a handout, Deone Derrick remarked, "Get a job!" After arriving back at the ranch everyone congregated at the pool. James Fields and Marshall Millican broke the diving board with one of their trick dives. Before the fun ended, all but three people had been thrown into the pool—six in their clothes.

That night most of the kids drug out the juke box and had a dance. Tony Abalos taught Mr. Davis how to do the "Camel," and a few girls anonymously put pepper in Coach Bean's pipe. Prine got the shaving cream

treatment again and was told that the boys in the other cabin did it.

Three awards were presented during the trip. The first was a rope which went to James Hood (to tie himself in the saddle) for best horsemanship award. The second went to Jackie Conley for her talent in choosing the strangest G.P. movie ratings of anybody in camp. And the third was a road map which went to Mr. Davis for leading the best guided historical tour through Austin.

All in all, it proved to be a great trip, and I think the Seniors of 1971 will long remember their senior trip.

Austin — Serious financial business faced the Legislators on their return to the capitol after spending the Easter holiday with the homefolk.

A Senate sub-committee immediately began drafting a tax bill which is expected to exceed \$550 million. That is the minimum amount needed to balance the upper house version of the budget—from a smorgasbord of proposals already aired.

Both the House and the Senate are due to take up and pass their respective appropriations bills, already drafted, and move the issue of budgeting into a 10-member conference committee of top legislators.

Big battle in the Senate, over revenue raising, may be on a liberal backed proposal to levy a new corporation income tax. More than a dozen votes are regarded as firm for the corporate profits tax, with three or four more senators rated as "possibles."

Senators are cool toward the \$492.5 million tax package sent over earlier from the House — first, because they regard it as inadequate and, second, because

it places the bulk of the load on consumers and students. Bill would raise the sales tax three-fourths of one per cent to four per cent, hike college tuitions and mark up the corporate franchise tax 50 cents per \$1,000.

Earlier, and for the first time, the Senate voted against permitting floor amendments on tax proposals which have not been subject to public hearing.

Here are some of the major tax proposals which have been made to the Senate State Affairs Committee:

- \* A corporate profits tax of six per cent, which would produce an estimated \$600 million in two years.

- \* A corporate profits tax boost, to gross about \$39.5 million.

- \* Increase the sales tax to four per cent, to bring in \$279.8 million.

- \* Two cents a gallon gasoline tax increase, to promote \$92 million to the state and \$30 million to cities and counties for highway matters.

- \* A beer tax boost to \$10 a barrel, \$95 million.

- \* Pipeline tax, \$30 million.

AMENDMENT FIGHT LOOMS

— Battle lines are forming for the May 18 constitutional amendments election.

Conservation leaders and Texas AFL-CIO executive board have declared war on Proposition 4, which would create a \$100 million bond fund to assist local governmental units with sewage treatment plant construction.

AFL-CIO also announced opposition to an amendment creating a state commission to set legislators' pay and ethical standards for officials. Support was given to raising welfare ceiling and the amendment which would allow constitutional changes to be proposed in special sessions as well as regular legislative sessions.

Governor Smith announced appointment of Richard D. Brown, executive director of Texas Municipal League, to head a Committee on Clean Water, promoting passage of the water bond amendment which would raise maximum interest rate on Texas Water Development Board bonds from four to six per cent.

A committee of 12 will serve as the coordinators of Texas Citizens for Welfare Reform, promoting passage of Amendment 3 to raise the aid ceiling.

COURTS SPEAK — State has given notice of appeal in an historic federal court case at Corpus Christi where a three-judge panel held that Texas' annual voter registration requirement is unconstitutional.

Court of Criminal Appeals ordered a new trial for a Texarkana man convicted of murder on grounds that the trial court did not rule correctly on whether a statement by the defendant was voluntary and that the man should be heard on the issue of accidental shooting.

Fifty-sixth district court of Galveston County has enjoined the Gulf Chemical and Metallurgical Corp. near Texas City, directing it to install specified air pollution abatement equipment by Sept. 10.

Third Court of Civil Appeals was told, in arguments by attorneys, that the defunct Sharps-town State Bank did not adequately check the identity of a man who gave it \$470,000 in surety bonds.

BONDS FAIL TO SELL — A \$25 million offer of Texas Water Development Bonds failed to draw bidders. It was felt that the four per cent ceiling on interest discouraged buyers.

Board members said another offer will be made later in the month if a "favorable" market develops.

A representative of a Dallas bank was about to offer a bid, but moments before the opening he announced he had changed his mind. Board succeeded in selling \$15.1 million worth of bonds late in February at 3.9984 per cent.

CAR DEALER LICENSING DUE — Governor Smith signed into law legislation establishing a six member Texas Motor Vehicle Commission to license major new car dealers and manufacturers.

Consumers are assured by law that warranties will be performed by dealers and manufacturers. False advertising and misrepresentation of products and services are also prohibited.

**Short Snorts**

Reduction and eventual repeal of the chain store tax, which produces about \$5 million a year in revenue, was voted by the House.

A bill changing the Texas Unemployment Compensation System to conform with minimum new federal requirements was passed by the House.

Transfer of \$6.8 million in welfare contingency funds to prevent a cut in aid to families with dependent children was ordered by the Senate.

A law just signed by Governor Smith allows city bus companies to provide lower fares for aged, blind and disabled.

A controversial code of ethics bill was passed by the House.

Consumer groups and the AFL-CIO directed their wrath against the so-called uniform consumer credit code and its proposed steep increases in loan interest rates.

An Observer want ad will do it.

## LEARN THE FACTS

Did you know that we who teach "love in marriage" have the highest divorce rate in the world? Did you know that we who teach "love your neighbor" are leading the world in crime? Instead then of talking about "the generation gap," we need to discuss the "love gap." Somewhere we have missed the mark.

Daily we see this nation's heritage marred by hordes of loveless people flooding our court rooms. They want a divorce. They, who only weeks before floated blissfully on the bubble of love, have suddenly come crashing to the ground. For some it may have been the second or third such "love-in" and "love-out."

Others, raised in what we call a good community, who attended a good school, and had gone to a good church now stand face to face with the judge for theft, murder, rape, drug abuse or a dozen such crimes. All have shown the lack of love, both for themselves and others.

It is time that we admit the truth; we, as a people, do not understand the first thing about love. Our songs teach "love is better the second time around." Our TV shows just how exciting murder can be. And all the time our preachers beg "love one another." Most see in love a "glass of champagne" drunk to the tune of "Strangers in the Night" and "I'm Going to Make You Love Me."

So, the word love continues to be the most abused word in the English language. To many it should be spelled S E X . God spells love—"KEEP and GIVE." Notice: God loved the world so much that he GAVE his only son. For this is the love of God that we KEEP his commandments. (1st John 5:3) Let's remember to spell love with action instead of the sticky, gummy, emotionalism some possess. A husband shows love for his wife by feeding and clothing the family. The wife shows love for the husband by being a good mother. A Christian shows love for God by keeping His commandments. Therefore, love can be measured directly in proportion to the way we live and our life affects the life of others.

## Robert Lee BCD Items of Interest

Commissioner Fern Havins reported that the Cleanup campaign in Robert Lee was considered very successful, with the Boy Scouts and Cub Scouts helping out on hauling day last Friday. Vacant lots were cleaned and ditches and shoulders along the highways picked up. Anyone who was missed in the trash pick-up should call the City Hall and it will still be picked up.

Havins made his report at Tuesday's BCD meeting. W. T. Roach, vice president, presided at the meeting.

High School Prin. Garland Davis announced the district track meet to be held here Saturday.

April 17. Preliminaries will be held in the morning and the finals will be run in the afternoon.

Davis also announced that a new coach, Larry Hudson, had been hired for the coming year in Robert Lee School.

Mrs. Bryan Yarbrough gave a short talk on books that she was securing donations for to be given to the school library. The BCD voted to donate \$10 toward the purchase of the books.

Mrs. Yarbrough also announced that a historical marker dedication is scheduled for Sunday afternoon, April 25, for Cedar Hill near Silver. She said two cemetery markers are also here and ready for dedication.

Miss Kathy Denman

Miss Edna Kathleen Denman, Michael Wayne Post Engaged; Wedding Planned June 12 in Baptist Church

Mr. and Mrs. Jack R. Denman are announcing the engagement and approaching marriage of their daughter, Edna Kathleen, to Michael Wayne Post, son of Mr. and Mrs. Perry A. Post of Lawrence, Okla.

Miss Denman is a 1969 graduate of Robert Lee High School and is a sophomore student at Hardin-Simmons University in Abilene. The prospective bride-

groom, also is a graduate of Robert Lee High School, in 1968. He attended Angelo State University one year. Mr. Post is employed by Sun Oil Co. and is a member of the Army Reserve.

The couple will be married Saturday, June 12, in Robert Lee Baptist Church.

### Help Needed for Cancer Crusade

Mrs. Henrietta Baker has been named chairman of the Coke County Cancer Unit of the American Cancer Society's 1971 educational and fund raising crusade which began April 1.

In accepting the position in this area she said, "Last year insufficient appropriations hampered important cancer research programs. Suppose that one of the research projects that could not get funding was a project that might have saved your child or some other loved one. The National Research Program right now is spending \$1.11 for every dollar we raise. The reason is that our research programs are going much faster than the available funds.

"People really believe health is beautiful," Mrs. Baker continued. "That's why we urgently need volunteers for the 1971 Crusade.

"We believe that people-to-people contact—folks telling their relatives, neighbors and friends of cancer's warning signals and helping raise fighting funds—is part of the combination that will increasingly turn the tide against cancer.

"Block workers can help their neighbors and friends realize that many cancer deaths are needless since the chances of cure are good with early diagnosis, by having a checkup and giving a contribution to aid in research programs."

Everyone who believes health is beautiful is needed by the local unit, Mrs. Baker said. Anyone who wishes to be a volunteer is invited to contact her at Box 543, Robert Lee, or phone 453-2440.

### SCOUTS AWARDED BADGES

A pack meet of Cub Scouts was held Monday night, March 29, in the school cafeteria. Lynn Gulley and Brett Clark were awarded Wolf Badges. Albert Abalos and Robert Tijerina received one year pins. Wesley Sawyer and Buddy Wallace received their Webalos colors.

### Services Friday For Bill McDonald

Funeral services for William C. (Bill) McDonald, 61, of San Angelo were held last Friday at 9:30 a.m. in Robert Massie Funeral Home Chapel. Burial was at 11:30 a.m. in the Fort Chadbourne Cemetery. Conducting the rites was the Very Rev. Father Benedict J. Zientek, pastor of Sacred Heart Catholic Church. Rosary was said last Thursday at the funeral home chapel.

Mr. McDonald, a native of Coke County, died at 4:45 p.m. Wednesday at Emergency Hospital in San Angelo. He was the son of the late Mr. and Mrs. Fred McDonald, early day residents of Fort Chadbourne and Bronte.

He was born June 16, 1909 at Fort Chadbourne. He had practiced law in San Angelo. He received his law degree in 1929.

He was married to Helen Norris Berry in January 1948 in San Angelo.

Mr. McDonald had a long and colorful career as a lawyer. He served as Coke County attorney shortly after being licensed. He served in the legal department of the Navy in Washington and in the South Pacific in the Navy's Communications Intelligence organization during World War II. He was commended for invaluable contribution to the prosecution of the war by the Commander of the South Pacific.

He was licensed to practice law in the Supreme Court of Texas, the U. S. District Court and the Circuit Court of Appeals in New Orleans. He was a member of the Tom Green County, Texas and American Bar Associations.

Mr. McDonald served in many capacities in the San Angelo law community including a time as interim Tom Green County judge. Also, he was a candidate for district judge in 1960 and for mayor of San Angelo in 1948.

Survivors include his wife of San Angelo; a son, William C. McDonald Jr. of Fort Stockton; a daughter, Mrs. Shirley Ann of San Angelo; a stepson, Rex Norris of Corsicana; a sister, Mrs. A. N. Rawlings of Bronte; a brother, W. D. (Pete) McDonald of San Angelo, and six grandchildren.

In addition to his law interests, Mr. McDonald was well known as a rose grower. He was awarded U. S. Patent 1965 for a new rose which he developed, the White Ma Perkins.

## H D Agent's News Dept.

By MRS. FAY C. ROE

More Wives Work Now

As any working woman knows, in grandmother's day, heaven protected the working girl. All the working wife had going for her was the 19th Amendment — which gave women the right to vote. This is not too surprising, when you consider that during 1920, only one out of 10 married women were in the country's labor force.

In fact, in grandma's time, a woman who combined a job with keeping house, and maybe child-bearing, was often looked upon with interest usually reserved for a novelty act on the vaudeville circuit. What was surprising was not to see it done well, but that it was done at all.

Things have certainly picked up since then. In 1970 working women made up no less than 41 per cent of the married female population. The figure just 10 years earlier was 31 per cent.

The main reasons married women work, reports the Institute of Life Insurance, are the same as for their earlier day counterparts: to contribute toward rent or to help buy a home; to help pay for children's education; or to resume an interrupted career. Often all three.

How does the average woman worker of today differ from her counterpart of 50 years ago?

For one thing, she is more apt to be a high school graduate and to have gone beyond that to college. She is also more likely to

be a clerical worker. A half century ago, she would probably have worked in a factory.

Most importantly, she has a great many more opportunities in choosing a career — from astronomy to space selling — than the working wife of 50 years ago had. Also, if asked how she manages to combine marriage and a job, she is more apt to bristle, and wonder how come nobody ever asks a man that.

Women Still Make Less

If she sometimes feels that her job situation is still less than perfect she is frequently right. According to the government's own figures, women tend to make at least \$3,500 on the average less than men—and sometimes at the same jobs.

One point most everyone agrees on: a working wife can be a decided financial asset to her family.

A married woman with a job is likely to add at least an additional \$2,000 to family income, and often more.

Moreover, the working wife brings home other valuable assets. One is her group life insurance — which would help to replace her earnings, should something happen to her. Then, there is her group health insurance, which frequently extends her family's protection by supplementing her husband's coverage.

In addition, each quarter year the wife works she builds credits toward Social Security for later years.

And to think they all laughed the first time a woman punched a time card!

Seedless Grapefruit Coming

A seedless, darker red and sweeter tasting grapefruit is

headed for the produce markets, developed and produced in the Rio Grande Valley. The "Star Ruby" grapefruit will be in addition to the Texas Sweet Ruby Reds.

The new citrus is threefold deeper red and has a sweeter taste in addition to having no seeds.

The texture of the Star Ruby flesh is said to be smooth and firm and suited to sectioning. It is said to have sufficient pigmentation so that processing will result in truly red juice.

Expected production for restaurant use and consumption is 1975.

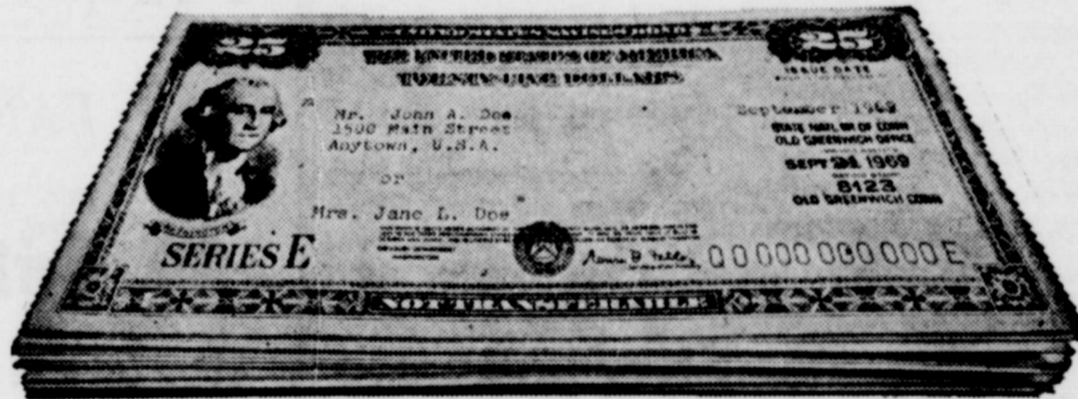

Consumer Clips

When you thaw that chicken you froze last month, allow time to thaw it in the refrigerator, rather than at room temperature, to help assure wholesomeness. Cook it promptly after thawing. U. S. Department of Agriculture inspectors recommend that these rules be applied, where practical, in thawing all frozen meats and poultry.

When you roast a chicken, you can either use a meat thermometer or test if the bird is done by pressing the fleshy part with your fingers. Poultry is done when the meat feels soft. Pink juice in a poultry product indicates it needs further cooking to assure wholesome eating.

There's a difference between "chicken soup" and "chicken-flavored soup." Chicken soup must contain at least two per cent cooked, deboned chicken meat, under U. S. Department of Agriculture poultry standards. There is no minimum requirement for chicken content in chicken flavored soup.

# Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

## Take stock in America.

With higher paying U.S. Savings Bonds.

ture donated is being listed there. Transportation will be furnished, with men to load and unload the furniture. It will be called for as soon as a vacant ranch house nearby can be cleared for it.

Boxes to receive clothing and similar donations have been placed in Robert Lee stores, and Robert Lee State Bank has opened a Reid Fund account for those who wish to help. It was suggested that all donations of any kind be accompanied by names and addresses of donors.

A shower is planned at the Sanco Community Center next Sunday from 3 to 5 p.m. However, the building will be left open through Sunday so items can be left at any time. Hostesses will be Mmes. Grace Ditmore, Marie Derrick, Essie Childress, Winnie Pitcock and Josephine Brd.

Clothing sizes for the Reids were furnished The Observer. They are: Mr. Reid, 36 waist, 31 length trousers, 17-17½ shirt; Mrs. Reid, 20½ - 22½ dress; James, 34 waist, 32 length and 14-14½ small shirt.

## RABIES SHOTS — Continued from Page 1

Several cases of rabies have been found in Sterling County this year. Also, one case involving the Mitt Arrott family of Orient has been reported. Several strange acting varmints have been sighted in Coke County.

Caution should be practiced around strange acting animals, pets or varmints. Also, annual vaccination of pets gives added protection around the home and will help control rabies in a given area.
