Marshall Millican Displays Saddle Won at Rodeo

Millican Is Tops At Stephenville

Marshall Millican was awarded a saddle for making the most points at the Stephenville Junior Rodeo July 9 and 10. He also won a silver belt buckle for taking first place in tie down roping. He is the son of Mr. and Mrs. Marshall Millican. The rodeo was held in the Terry Walls Indoor Arena.

Millican scored 19 points in five events to take the most points in the rodeo. The runner-up had 17.

He placed 1st in tie-down roping; 2nd in bull riding; 3rd in bareback bronc riding; 4th in chute dogging; and 6th in ribbon roping.

Millican is a 1971 graduate of Robert Lee High School.

Swim Lessons Start Monday

Summer swimming classes will begin Monday, Aug. 2. Beginner classes will be held from 9 a.m. until 10 a.m. and advanced lessons will be given from 10 a.m. until 11 a.m. The classes will continue for two weeks, five days each week, for a total of 10 lessons. Cookie Hinnard and Kenneth Mitchell will be the instructors.

Only cost will be regular pool admission price each day, 15 cents for students and 35 cents for adults. The pool will close for the season on Aug. 13.

Senior All Stars Lose in Area

The Winters Senior Little League All-Stars were knocked out of the area tournament Monday night when they dropped a thrilling 5-3 game to the Weatherford All Stars. The tourney is being played this week in Seymour.

Good pitching and outstanding defensive play by both teams highlighted the Monday night game.

To get to the area tournament, the All-Stars defeated Ballinger All Stars last Thursday night, 8-6, at Wingate and came back Saturday night to down the Tye All Stars, 10-9, to take the district tournament.

The team was managed by Bennie Rogers. Players on the team from Robert Lee included Bill Rowaldt, Mitt Rogers and Lynn Sockwell.

Robert Lee-Silver Lions Club donated money to help send the team to Seymour. Robert Lee, Bronte, Winters and Wingate boys were on the team.

Mr. and Mrs. Roy Bethune of San Angelo were here one day last week to visit their daughter and family. Mr. and Mrs. Sherman Williams and children, and to attend a Little League All Star baseball game.

By Sterling Lindsey
County Agricultural Agent

Coke County horse owners have responded to the VEE emergency situation as approximately 85 per cent of the county's horses have been vaccinated.

Approximately 600 head were vaccinated by Doctors Hudman, Miller and Hodges. The three San Angelo veterinarians vac-

nated 370 head at Bronte and Robert Lee Saturday morning. During the afternoon an additional 230 head were picked up in various locations over the county.

Previously, Dr. Arledge of Sweetwater, working the Blackwell area, and Dr. Turner of Water Valley, working the southwestern portion of the county, vaccinated an estimated 150 Coke County horses.

Several operators recently vaccinated to prevent Western sleeping sickness. These horses are waiting to receive the VEE vaccine. An estimated 160 head remain to be vaccinated.

Approximately 50 head were taken to area veterinarians prior to Saturday's vaccination program, bringing the county's total number of horses to an estimated 960 head, a much larger figure than was anticipated.

As an added precaution to help prevent VEE, everyone should take measures to control the mosquito, the chief carrier of

Austin — Investigations of stock-loan scandals which have rocked the state for nearly seven months moved forward on three fronts during the past week.

* Travis County District Attorney Robert O. Smith announced plans to present to the grand jury here evidence compiled by Texas Atty. Gen. Crawford C. Martin's staff.

Martin said evidence includes material pertaining to federal Securities and Exchange Commission allegations that large bank loans were extended to high state officials by the Sharpstown State Bank in 1969. Money went to stock purchases by officials at the time Sharpstown bank

head Frank Sharp was trying to get deposit insurance legislation passed.

* Sharp was invited to testify within the next three weeks before a House General Investigating Committee.

Committee asked Sharp to talk about bills in which he was interested in 1969 "and other matters that may be pertinent concerning Sharpstown State Bank, the National Bankers Life Insurance Co. and any relationship with public officials."

* Meanwhile, State Insurance Commissioner Clay Cotten turned over to district attorneys in Houston, Dallas and Austin results of his investigation of NBL. Cotten said he feels insurance,

embezzlement and conspiracy laws may have been overstepped but preferred to leave it up to prosecuting attorneys to decide if violations occurred. He offered names of five one time NBL officers and directors prominently involved in his report.

Federal court at Houston set hearing this week to determine if a June 14 immunity order protecting Sharp from further prosecution or summons should be modified. Martin and Smith want to force him to testify before the Travis County grand jury hearing.

COURTS SPEAK — An Austin federal district judge upheld the local school district's desegregation plan calling for a minimum of cross-town pupil busing, holding against a federal government proposal for massive busing. Judge scored the federal government for its uncooperative attitude toward a compromise.

State Supreme Court rejected an appeal of A&M University employees who had paychecks stopped when it was discovered they were serving on the College Station city council.

In other decisions, High Court: * Stuck by its original decision holding former president of Sharpstown State Bank was not negligent in failing to investigate bonds offered as security on a \$470,000 loan.

* Turned down the appeal of a Dallas oilman's widow in a lawsuit over his estate brought by the man's five daughters by an earlier marriage.

* Upheld the will of multi-millionaire Robert A. Welch's sister leaving \$300,000 in Texas oil

and gas property to the Welch Foundation.

* Held against an Alice woman seeking damages from drug companies which manufactured the anesthetic she claims partially paralyzed her following 1963 surgery.

* Reversed a lower court judgment and concluded the foreclosure of mortgage on the home of a Dallas couple who had paid \$420 more than their schedule called for was void.

* Rejected disputed evidence of a remarriage in Mexico and backed a Nueces County trial court finding that a Corpus Christi man owes nearly \$24,000 in alimony to his former wife in Nevada.

LIVESTOCK DISEASES SPREAD — As sleeping sickness like Venezuelan Equine Encephalomyelitis continued to strike horses and some humans, threat of a new livestock malady loomed.

Outbreak of African hog fever in Cuba alarmed swine owners. Latter is almost invariably fatal, and there is no known vaccine. Ailment does not affect people, as does VEE (which is usually mild in humans).

More than 1,100 Texas horses are believed to have been killed by VEE and 1,500 others stricken. More than 6.6 million acres have been sprayed to kill disease carrying mosquitos.

AG OPINION — Texans under 21 may not serve on juries in Texas despite recent lowering of voting age to 18, Attorney General Martin held.

MEDICINE AID SYSTEM CHANGED — On Sept. 1 State Department of Public Welfare

will begin making payments directly to pharmacists for drugs prescribed to Texas welfare recipients.

Under current system, allowance for drugs is included in monthly assistance checks. Legislature this year appropriated \$11.9 million for new vendor drug program.

Welfare authorities believe the new system will provide improved prescribed medicine coverage and delay a cut in overall welfare payments for food, clothing and shelter.

However, some complained of welfare check cuts, since drug allotments no longer go to recipients, and a few who get only payments for drugs will be taken off welfare rolls. Latter will be interviewed by Welfare Department to determine if they should still get cash aid.

Short Snorts

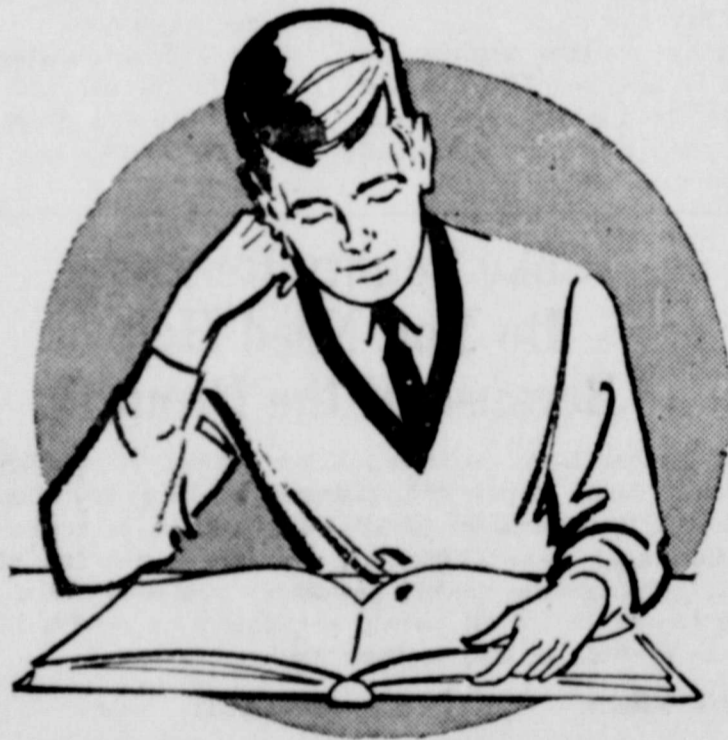

Driver safety responsibility act still applies under some circumstances regardless of federal court decisions against license suspensions where no fault is shown, says Department of Public Safety.

Parks and Wildlife Department moved up game management officer training schedule four months (to Aug. 29).

Governor announced creation of a committee to assist in selecting new power plant locations.

Sew excitingly for fall — sew leather.

Buckskin, suedes and chamois skins are readily available in a variety of colors. And, great new patterns have been planned for leather sewing.

First, make a trial muslin. Remember leather garments cannot be altered; stitching marks remain when threads are removed.

To begin working with the leather, convert each pattern half into a full pattern, then lay the pattern pieces in one direction on the skin underside. Tape pattern pieces to the skin and cut with sharp shears.

Necessary markings can be transferred using wax, chalk or ball point pen.

When ready to stitch, hold seams in place with paper clips or cellophane tape. Core spun or silk thread makes a stronger seam. Adjust the machine for 7 to 10 stitches per inch, and loosen the thread tension. Use a size 16 leather needle.

Threads ends should be tied, rather than backstitched, to avoid marring the leather.

Stay seams to keep the leather from stretching. Open seams, apply rubber cement to the underside and pound the seams flat with a wooden mallet. Hems also are cemented and pounded into place.

Jumpers, jackets, shorts, skirts and all types of accessories can be made with leather. Add a special touch to your leather sewing to get the fashionable—hand crafted look—tool it, stencil it, paint it (use shoe paint) or lace it.

Teach Child to Feel Important
One of the most important things a child learns from his parents is that he is an individual and valuable person.

When a child feels his family accepts him as an important person, he can accept himself.

How do parents teach their child to answer the question, "Who am I?" Here are some suggestions.

Teach him his full name, address and phone number.

Call him by his name.

Include him in family activities and talks.

Encourage him to draw pictures of himself and others.

Give him a place at home to call his own—maybe a room or just a corner. Teach him to take care of his clothing and toys. Ask him to do things he can do best and praise him for what he does well.

What's New

At least one chair company is out to win friends among homemakers. Its line of upholstered furniture has removable covers that are machine washable, dryable and no-iron. The polyester fabric is used in both sofas and chairs.

Get steaming hot water, up to 190 degrees F, from a special dispenser easily installed on kitchen sink or adjacent counter. The small unit is a new idea for speeding cooking and clean-up. Takes the place of the old stand-by teakettle for preparing instant foods and hot drinks; gets the cook off to a fast start on many menu delights. A little detergent and really hot water soaks pots and pans for quick wash up. The thermostatically controlled hot water dispenser is a handy helper with many timesaving uses.

Now there's something between shoes and slippers. It's washable footwear comfortable enough for lounging, smart looking and durable enough for casual wear. The wide range of styles features fabrics from canvas to velour and patterns from polka dots to bold or dainty prints. Every pair is completely washable which makes it easy to keep foot-fresh and new looking.

For well groomed hair, there's a new electric brush that both brushes and massages in a single operation. Two sets of washable snap-in brushes offer a choice of gentle massage or more vigorous action.

Throw away toothbrushes are handy grooming helps for travelers. Dental cream in the bristles is activated by holding the brush under cold water. Each nylon bristled brush is sealed in a transparent package for cleanliness.

The latest in vertical blinds features "embroidered" peasant motifs. For use as window coverings and room dividers, the blinds come in washable vinyls and fabrics. Choose custom designs, colors and textures, any length, in louvre widths of 5-7 inches.

A cake of soap makes a convenient "pin cushion" for small nails, tacks and brads. The soap also lubricates the points, making them easier to drive.

Greasy dirty dishes and pans attract pests to the kitchen. These containers should be washed with hot suds as soon as possible after use.

Engagement of Norma Gayle Hamilton, Terry Hines Announced; Wedding Planned for Sept. 11 in Sonora

18 Year Olds Can Register to Vote

Any resident of Coke County who has reached 18 years of age since Feb. 28 may register to vote in the office of County Tax Assessor-Collector O. B. Jacobs.

Notification has been received from Texas Secretary of State Martin Dies Jr. giving authority for this group to register to vote. Dies is head of voter registration in Texas.

President Nixon officially accepted and signed the 26th Amendment to the U. S. Constitution recently in a White House ceremony. The latest amendment, which was ratified by 38 state legislatures to become law, gave 18 to 20 year olds the right to vote in all federal, state and local elections.

Dies said that although a change in election laws usually means reopening registration, he felt that the state could get by without another special registration session until its next regular scheduled session in October.

Those registering in October will be eligible to vote in 1972.

Persons who were ages 18-20 during the special February registration sessions conducted in Texas, but who did not register to vote, will have to wait until October, Dies said.

Those who have turned 18 following the close of the last registration session on Feb. 28 may register at any time. They are then qualified to vote following a 30 day waiting period.

Under Texas law, 18 to 20 year olds must register where their parents live, with the exceptions being those who are married, and those who have had their minor's restrictions removed by law.

Mr. and Mrs. Dalton Millican and children of Midland were weekend guests in the home of Mr. and Mrs. Doyle Caulder and attended the Silver Homecoming

Mr. and Mrs. Clayton Hamilton of Sonora have announced the engagement and approaching marriage of their daughter, Norma Gayle, to Terry Hines of Robert Lee. His parents are Mr. and Mrs. Truman Hines.

Both are students at Angelo State University. Miss Hamilton is a graduate of Sonora High School and her fiance graduated from Robert Lee High School.

The wedding is planned for Sept. 11 in First United Methodist Church in Sonora.

IVEY GETS DIRECTOR JOB IN CAR DEALERS ASSN.

Cumble Ivey Jr. of Ivey Motor Co. has been appointed to the key post of Area Director of the statewide Texas Automobile Dealers Association. TADA is a 54 year old organization of franchised new car and truck dealers dedicated to selling and servicing the motor vehicle buying public and improving the automobile industry in this state.

Ivey will serve with the TADA Board of Directors in studying all phases of activity concerning the automobile industry.

"The position of Area Director is of ever increasing importance," stated TADA President Finley Ewing of Dallas. Ivey will work closely with federal, state and local officials in the studies of pollution, safety and law enforcement problems.

Mr. and Mrs. Bobby Walker and children, Odessa, and Stacey and Gina Walker, San Angelo, were weekend guests of their parents, Mr. and Mrs. Curtis Walker and Mr. and Mrs. Dave King. The children are spending this week here with their grandparents. Taylor reunion.

Visitors of Mrs. P. E. Mahon over the weekend were her daughter-in-law, Mrs. Jackie Mahon of Weimar; Mrs. Bill Mahon and Mr. and Mrs. Nick Marsalis, all of Big Lake; and Bill Mahon of Brooke General Hospital, San Antonio. They also attended the

Robert Lee BCD Items of Interest

The BCD voted Tuesday to go ahead with the color brochures that they have been discussing for several weeks. The action came at the noon meeting of the group, with President W. D. McAdams presiding.

Prices on the brochures were compared from the MWM Co. in Missouri and the Robert Lee Observer. It was agreed to let the local shop print the brochures.

51st District Court Convenes Monday

Judge Joe L. Mays will convene 51st District Court in Robert Lee Monday at 10 a.m.

Scheduled for non-jury trial, the following cases appear on the docket:

Lee Roy Scott vs. W. T. Gainer Estate, et al, trespass to try title.

Cooper Chapman, individually and representative of beneficiaries of the will of Mary E. Chapman, Deceased, vs. Kitty Frances Bristow, suit to clear title on real estate.

The Permian Corporation vs. Luttrell Construction Co., pipeline damage.

Vernon Copeland vs. Jo C. Copeland, divorce.

Helen Harris Willcockson and J. R. Willcockson vs. Sun Oil Company and Sun Pipeline Company, pipeline construction damages.

Margaret Jewel Brunson vs. James L. Brunson, divorce.

First National Bank of Bronte, Texas vs. I. M. Cumbie, suit on note.

Weekend guests in the home of Mrs. May Payne and Loyd were a niece, Mary Ellen, and nephews, Joe and Jackie Reed, of Rankin, and their friends, Patsy and Rusty Leach. Other guests were Mr. and Mrs. George A. Snyder and Mary Lou of Van Horn; Mr. and Mrs. Alan Payne and Terry, Robert Lee; Mr. and Mrs. Morris Payne, Carolyn, Don and Marlene, Andrews. Mary Lou Snyder returned with the Morris Payne family for a visit.

Mrs. W. W. Roberts and children of Jal, N. M., are here spending this week with her parents, Mr. and Mrs. C. E. Bell. Mrs. Bell is scheduled to have major surgery this week.

Before they can proceed, however, it is necessary to get a local person to take color pictures.

G. C. Allen said Robert Lee State Bank could be counted on for \$100 on the project and he suggested that other companies be contacted for assistance. He also said the last official word on Lake Spence was 33,000 acre feet after the June rains. After last Friday's rain the lake caught an additional 18 inches but no official count in acre feet has been announced.

Fourteen members were present. Joe Yates, Pecan Baptist pastor, was a guest of George Newby; Joe McClain and Gayle Moring of Brownwood, who are conducting the Baptist revival, were guests of Bill Beaty.

Mrs. E. J. Brice, Judy, Darlene and Pam returned home last week following a week's vacation trip in New Mexico and Arizona. They visited in the homes of Mr. and Mrs. Sam Plumlee and Mr. and Mrs. G. R. Smith at Carlsbad, N. M., Mr. and Mrs. Gary Jones at Vaughan, N. M., and Sam Plumlee Jr. at Tucson, Ariz. The family also attended a camp meeting at Miracle Valley, Ariz. Weekend guests in the Brice home were Mr. and Mrs. Thomas King and family of Corpus Christi, Mr. and Mrs. Walt Davis and boys of Denver, Colo., and Mrs. G. R. Smith and her grandson, Robbie Smith, of Carlsbad N. M.

Debbie Shoemaker Becomes Bride of Alton Trowbridge In Methodist Church Ceremony in Hope, Arkansas

First United Methodist Church in Hope, Ark., was the scene for the wedding Saturday, July 24, of Miss Debra Sue (Debbie) Shoemaker of that city to Alton Dwayne Trowbridge of San Angelo.

Parents of the couple are Mr. and Mrs. W. D. Shoemaker of Hope and formerly of Robert Lee, and Mr. and Mrs. A. C. Trowbridge of San Angelo.

The double ring ceremony was read by the Rev. Norris Steele, pastor of the church, at 4 p.m.

Wedding music was furnished by Miss Joe Eason, who played traditional wedding marches and pre-nuptial selections and accompanied Miss Tommy Lou Watson, who sang "The Lord's Prayer" and "More." Both are of Hope, Ark.

Miss Emily Shoemaker of Hope, sister of the bride, was maid of honor. Bridesmaids were another of the bride's sisters, Miss Teresa Shoemaker, and Mrs. Rodney (LaVina) Mathers of Abilene.

Alton C. Trowbridge served his son as best man. Groomsman and ushers were Harlon Trowbridge, brother of the bridegroom of San Angelo; Steve Shoemaker, brother of the bride of Hope; George Groff, San Angelo; and A. T. Shoemaker Jr., Richardson,

The bride wore a gown of flocked silk organza over peau d'ange satin, fashioned in empire line with a scoop neckline and a chapel train. It featured flocked flowers which accented the cuffs of the bishop sleeves and encircled the front of the skirt. Velvet Dior bows accented the empire line on both front and back. Her veil of illusion was held by a layered white velvet bow. She carried a colonial bouquet of fleur d'ampur and white feathered carnations with touches of blue ribbon.

Her attendants wore floor-length satin dresses in shades of turquoise, made in empire style, and featuring scooped necklines, and full sleeves which gathered into ruffles at the wrists. Lace accented the empire waists and sleeves at the wrists. They wore white soft straw hats with satin ribbon to match their dresses. They carried colonial bouquets of feathered white, pink and yellow carnations. Mrs. Shoemaker, mother of the bride, wore a yellow feathered carnation corsage, and Mrs. Trowbridge wore a pink feathered carnation corsage.

Altar flowers were baskets of white gladioli.

A reception followed in the Douglas Building in Hope. In the houseparty were Mmes. Ray

Gardner, Monroe, La.; Robert Thomson and John Hill, Sherman; and George Groff, San Angelo.

For a wedding trip to Dallas, the bride wore a light pink double knit pantsuit, with white accessories. It featured a detailed top stitched tunic with high round neckline and short, set in sleeves. She also wore a white Cymbidium orchid with a pink thurpat.

The couple will live in San Angelo.

Mrs. Trowbridge is a 1970 graduate of Robert Lee High School where she was a member of FHA, FTA and Beta Club and was salutatorian of her graduating class. She is a sophomore at Angelo State University.

Mr. Trowbridge is a 1968 graduate of Lakeview High School in San Angelo, attended Howard Payne College in Brownwood and is a junior at ASU. He is also employed with a grocery firm.

Out of town guests included: Mr. and Mrs. A. T. Shoemaker Sr., Mr. and Mrs. Robert F. Thomson, Rod and Jan, Mr. and Mrs. John Hill, Jimmy Mark and Kermit, all of Sherman; Mr. and Mrs. W. E. Dozier Sr. and Mrs. Frank Hanna, Delhi, La.; Mr. and Mrs. A. T. Shoemaker Jr., Randy and Sharon, Richardson; Mr. and Mrs. Ray Gardner and Cheryl, Monroe, La.; Mr. and Mrs. A. C. Trowbridge, Mr. and Mrs. George Groff, Harlon Trowbridge and Clifford Rusley, all of San Angelo; Mr. and Mrs. Rodney Mathers, Abilene.

120 at Silver Homecoming

A large crowd, about 120 persons, attended the annual Silver Homecoming last Sunday.

Arch Mathers was elected new president of the Homecoming Association in a business meeting held Sunday afternoon. Helen Mathers was elected secretary.

A barbecue lunch was served to the crowd at noon, with "Doc" Spitt cooking the barbecue.

Next homecoming was announced for the fourth Sunday in July in 1972. Anyone who wishes to make a donation toward financing the next homecoming may remit it to Mathers.

Mr. and Mrs. Hale Kincaid traveled the longest distance to attend. Mrs. R. B. Allen of San Angelo was the oldest person attending.

The Silver Homecoming was held several years in the 40's, according to Willie I. Tubb. It was discontinued for a time, then resumed in the 1960's.

Notes From The Oil Field

Great Western Drilling Co. of Midland staked two wildcat locations in Coke County last week.

No. 1 J. P. Arrott is a planned 6,000 foot test, 3 1/2 miles southwest of Tennyson.

Drillsite is 660 feet from the north and 1,980 feet from the west lines of Section 19, EL&RR Survey.

The lease is composed of 640 acres.

The other wildcat is also in the Tennyson area, 2 1/2 miles south, and is the No. 1 Sayner, on a 640 acre lease.

Drillsite is 660 feet from the north and west lines of Section 114, Washington County Survey.

Two dry holes have been reported recently in the county.

One is the J. Frank Stringer No. 1 Ruth G. Featherston, wildcat, 2,550 feet from the north and 660 feet from the east lines of Section 184, Block 2, H&TC Survey, 10 miles west of Robert Lee. It was drilled to a total depth of 6,600 feet.

The other is the J. Frank Stringer No. 1 C. J. Millican, wildcat, 1,980 feet from the south and 660 feet from the west lines of Section 230, Block 2, H&TC Survey, 13 miles southwest of Robert Lee, drilled to a total depth of 7,000 feet.

TWIRLERS AT SCHOOL

Robert Lee twirlers are attending the Twirling Showmanship School at the University of Texas at Arlington. It is one of three summer camps offered by the school's music department. Held earlier were the Drumming and Percussion Summer School and the Drum Majoring Leadership School.

Attending from Robert Lee are: Karen Bagwell, Jamie Craig, Phyllis Duncan and Phyllis Wojtek.

Becky Walker of Brownwood spent the weekend here with her parents, Mr. and Mrs. D. J. Walker Jr. She has completed a summer session and is employed in the registrar's office at Howard Payne College.

Don Bell of Clayton, N. Y., visited here recently for a week with his parents, Mr. and Mrs. Elmo Bell.

Department of Agriculture Trying To Ease Farmers' Drouth Problems

Cotton farmers who have been hard hit by drouth or other natural disasters this year are being offered greater income protection by the manner in which their cotton yields will be computed for program payment purposes in 1972, Secretary of Agriculture Clifford M. Hardin announced today.

The Secretary also announced several additional changes in program provisions which will offer greater relief to drouth-affected farmers. The changes are based on findings from a recent inspection tour of drouth-stricken areas by Under Secretary J. Phil Campbell, during which he met with farmers, ranchers, local agricultural leaders and those administering farm programs to learn directly how various programs were functioning and how they could be improved. A follow-up team from the Department of Agriculture has also just completed an inspection tour.

Today's action on cotton is expected to strengthen income in 1972 and subsequent years for cotton farmers in the drouth areas of the Southwest. An adjustment in the farmer's actual 1971 cotton yield up to 90 per cent of his 1971 payment yield—instead of the previous level of 80 per cent—will be permitted where this year's yield is reduced by adverse natural conditions.

Additional assistance in today's announcement includes:

1. An extension through Dec. 31, 1971, of the emergency livestock feed program and hay grazing of land diverted under the cropland adjustment and set-aside programs. They were originally scheduled to end Aug. 31, 1971.

2. A revision of procedures to allow farmers to use their own conveyance as an additional source of transportation, where other means have caused delays, in the delivery of feed grains into drouth areas. Transportation assistance rates have been established for helping farmers meet this additional expense. Orders for feed grains now can be expedited rapidly by the county ASCS office contacting the Kansas City Commodity Office directly instead of routing requests through state ASCS offices. Also, the follow-up on all loading orders has been intensi-

fied on deliveries not made within one week from date of order.

3. Cost sharing for emergency tillage practices that have been previously used only on cropland to prevent wind erosion is now available on pasture and rangeland. This will also improve water penetration and help prevent runoff.

4. Cost sharing assistance, under the Rural Environmental Assistance Program, is provided for use in building livestock water ponds, in order to catch and store water when rains occur. Under the emergency conservation measures these ponds may also be built or rebuilt, in cases of severe drouth, to intercept or hold existing water supplies.

The definition of "crop loss" has been clarified for hog producers in the livestock feed program to include loss of grain or pasture which provided the feed for hog producers' animals and was lost due to the drouth.

Every effort is being made to insure a uniform administration of all emergency programs, and County and State ASC Committees, in following the intent of the law, are investigating any reported discrepancies.

Generally, cotton payment yields for the 1972 program are the average of the 1970 program yield and the actual yields for 1970 and 1971. The Agricultural Act of 1970 provides for participating cotton farmers to receive a set aside payment of at least 15 cents per pound. The payment is computed by multiplying the payment rate per pound times the payment yield established for the farm times the acres planted within the base acreage allotment. The Secretary has authority to make adjustments in the actual yield in any year where the farmer's yield is reduced by drouth, flood, storm or other natural disaster.

Based on today's announcement, farmers who suffered a severe yield reduction as a result of natural disaster in 1971 will receive a higher payment yield for 1972 than they would have under rule previously in effect. This is expected to be helpful not only to farmers in the Southwest but also to farmers who suffered severely from excessive rains early in the growing season elsewhere in the country.

85 PER CENT HORSES — Continued from Page 1

Venezuelan Sleeping Sickness. The mosquito is not a host for the disease, but is the primary transporter.

Another Threat

Since the outbreak of VEE in the United States, we have been alerted to another possible threat to the livestock industry, African Swine Fever. Coke County is not known as a swine producing county, but the severity of the disease has everyone concerned. I recently received the following release regarding this disease:

The possibility of an outbreak of African Swine Fever in the United States is on the mind of every swine producer. This is due to a recent outbreak of the disease in Cuba. The disease has taken its toll in swine producing areas of East and South Africa and in Southern Europe. Due to modern methods of transportation, it is a threat to all swine production areas.

African Swine Fever is a highly contagious disease caused by a very stable virus. The mortality rate is very high and lesions resemble those of Acute Hog Cholera. It has been reported that the virus will survive in blood stored in a cold, dark room for six years and in blood stored at room temperature for several weeks. Field experience in areas where African Swine Fever is a problem has led to the recommendation that a three month period between depopulation of a diseased herd and restocking of the farm is necessary. When infected blood was mixed in garden soil and maintained at cool temperatures, similar to our winter conditions, it remained infectious for 120 days.

A majority of the infection is produced by direct contact with infected animals. Some infection is due to exposure to infected premises and the ingestion of contaminated food and water. Uncooked garbage also serves as a source of the virus.

Domestic and wild swine are the only animals known to be susceptible to African Swine Fever. There is no vaccination program for the control of this disease. Its eradication, should it invade the borders of the United States, would be on a seek, destroy and quarantine program similar to that currently being used to eradicate Hog Cholera.

Mr. and Mrs. Teddy Pitcock and Sheri and Mrs. Annie Mae Cox attended the Pitcock family reunion at Brownwood last Sunday. It was held at Adams Street Community Center. They also visited in the home of their son and daughter-in-law, Mr. and Mrs. Darrel Pitcock.
