Homecoming Set At Edith

The 37th annual Edith Homecoming will be held next Sunday, Aug. 15, in the Green Mountain Community Center.

Items of Interest From R-Lee BCD

More discussion of the proposed brochures for the Robert Lee area took place at the Tuesday meeting of the BCD. Hugh Lewis Jr., chairman, reported that pictures were being made and they should be available at the next meeting for members to choose the ones to be used in the brochures.

Mrs. Bryan Yarbrough told the group that the Edith historical marker is being traced. It was knocked down and misplaced following a pickup-car accident two weeks. Highway maintenance crews are being checked for its location.

Randy Cook and Richard Dodson were guests of George Newby and Mrs. Yarbrough.

Supt. Jim Bickley announced that school will open Aug. 23. Teachers will have an inservice training period Aug. 16-18 at Angelo State University. School officials are expecting about the same number of students as last year, or about 420. The first football game was announced for Sept. 10.

Melvin Childress reported that more water is coming into Lake Spence as a result of weekend rains at Big Spring and Colorado City. He said different sources are reporting different depths. Bickley said he had been told that the lake contains 40,000 to 50,000 acre feet.

G. C. Allen reported that a special called meeting of the UCRA was scheduled for Tuesday afternoon in San Angelo.

REV. FRED BLAKE TO PREACH AT TENNYSON

Rev. Fred Blake, a former Robert Lee Baptist pastor, will preach for a revival next week at Tennyson Baptist Church. The revival will begin Aug. 15 and continue through Aug. 22, with services at 10 a.m. and 7 p.m.

He is currently pastor of Trinity Baptist Church in Levelland, where he has served eight years.

The Rev. C. R. Blake, who is a brother of the evangelist, is pastor of the Tennyson Church and extended a cordial invitation to everyone to attend the special services.

Mrs. Bryan Gartman was admitted to St. John's Hospital in San Angelo Monday. She was scheduled to undergo eye surgery on Tuesday morning.

Everyone is invited to attend and bring a basket lunch. The Homecoming Association will furnish the drinks, ice and sugar, dishes and silverware.

Dave King is president of the association and Finis Harmon is the secretary-treasurer.

All former residents of the community are given a special invitation to attend.

Jr. Golf Tourney Set for Friday

A Junior Golf Tournament will take place Friday, Aug. 13, at the Mountain Creek Golf Course. Garland Davis, tournament director, said some 20 to 25 players are expected to play in four flights. They will be divided by age groups with 10-11 year olds in the first flight; 12-13 year olds in the second; 14-15 year olds in the third; and the fourth flight will include the 16-17 year old group. All players in the fourth flight must still have high school eligibility left in order to enter.

Trophies will be awarded the first three places in each flight.

There were 29 players in last year's tournament. Winners included Billy Matlock, Robert Lee, 10-11 age group; Mark Carter, Ballinger, 12-13; David Dodson, San Angelo, 14-15; and Mark Matlock, Robert Lee, 16-17. Play will continue all day.

Mrs. J. C. Wallace Jr. and Buddy returned home Monday after a week's visit at Lubbock in the home of her son-in-law and daughter, Mr. and Mrs. Jackie Smith.

District Court Session Planned Monday Morning

A petit jury panel of 42 persons has been called for Monday morning to hear cases in 51st District Court. Judge Joe L. Mays will preside.

The August term of court began Aug. 2 with several non-jury cases on the docket.

Cases which are expected to come before the jury next week include:

Frances Middleton, individually and as guardian of Dana Sue Middleton, a minor, vs. Lillian Williams Middleton, et al, suit to enforce contract. A pre-trial hearing was held earlier in the month.

Ray V. Roberts vs. Texas General Indemnity Co., compensation insurance suit.

H. L. Autry, et ux, vs. Willie D. Breeding, auto collision suit. A pre-trial hearing was held earlier this month and the case was transferred to the jury docket.

Non-Jury Cases

Cases heard week before last by Judge Mays included:

Cooper Chapman, individually and in a representative capacity on behalf of the beneficiaries of will of Mary E. Chapman, deceased, vs. Kitty Frances Bristow, suit to clear title on real estate. A judgment was rendered by agreement.

Helen Harris Willcockson and J. R. Willcockson vs. Sun Oil

CITY COUNCIL MEETS

Robert Lee City Council met Tuesday night and announced Wednesday morning that plans were made to call an election either in late September or early October to elect a council member. Voters will elect a successor to M. R. Smith who resigned from the council.

Rains continued to fall during the weekend and the first part of the week, as heavy thunder showers formed and scattered the moisture over a large area.

Amounts varied from .82 in Robert Lee to 3½ inches at the J. L. Carwile place at Panther Gap.

Borger Man Hurt In Car Accident

A one auto accident between 8 and 9 a.m. Wednesday injured a Borger man, James Weldon Bailey. It is theorized that his 1968 Volkswagen hit wet pavement and turned over. He was taken to a San Angelo hospital where he reportedly received treatment for a fractured shoulder. His wife was also in the car but escaped injury. The accident occurred about four miles north of Robert Lee.

The car was badly damaged. The accident was investigated by Highway Patrolman Bobby Hart and Sheriff Melvin Childress.

UH STUDENT TO GRADUATE

Joan Preslar Casey of Robert Lee will be among the 1,300 students who are candidates for degrees at the University of Houston. The summer commencement exercises will be at 3 p.m. Saturday, Aug. 14. She will receive the bachelor of science degree with a major in education.

State Senator Barbara Jordan will deliver the commencement address. Dr. Philip G. Hoffman, UH president, will confer the degrees and diplomas. Dr. Emmett B. Fields, executive vice president and dean of faculties at UH, will recognize honor graduates at the ceremonies to be held in Hofheinz Pavilion.

Mr. and Mrs. Andy Cathey and Karen of Waco were weekend guests in the home of her mother, Mrs. Mary Large.

Other measurements included: Wayne McCabe, N. Silver1.00 M. C. Hendry, W. Silver80 Mrs. Homer Jameson, E.

Heavy rains on the Lake Spence watershed continued to bring water into the big lake. O. H. Ivie of the CRMWD was quoted last Tuesday saying that as much as 10,000 acre feet of additional water could be picked up in the lake, bringing the total to around 52,000 acre feet. Heavy rains in the Snyder area Tuesday night could result in additional gains.

Cloudy, cool weather prevailed at press time Wednesday.

An interesting check of yearly totals also shows a variance of amounts. Some of these include: Robert Lee, 13.22; Alton Roberts, 17; J. W. Service Sr. 16.4; Sanco, 21; I. A. Bird, 18.55; Silver, 10.7; and M. C. Hendry, 10.5.

Hospital News

Aug. 3: Mrs. Annie Cox, Mrs. Pete Puentez and baby girl admitted. Mrs. Sam Williams, Mrs. Dona Bryan, Elsie Latham, Mabel Mundell, H. W. Thompson dismissed.

Aug. 4: Mrs. Dave Millican admitted. Mrs. Lena Russell, Mrs. Calvin Wallace, Mrs. Barton Waldrop dismissed.

Aug. 5: Walter Hester, Mrs. Pete Puentez dismissed.

Aug. 6: Annie Cox, Inez Gartman, Maria Ventura Puentez dismissed.

Aug. 7: Clarence Mitchell, Jim Robertson, H. L. Thompson admitted.

Aug. 9: H. L. Thompson dismissed.

Tuesday morning, there were five patients in the hospital and 28 in the nursing home.

Oil Activity On Increase

Texas Railroad Commission, Oil & Gas Division, has announced field designation for a Coke County field.

It is the I. A. B. (lower Harris) Field, opened July 12 with dual completion of Humble Oil & Refining Co. No. 31 R. H. Harris Estate, Harris sand producer nine miles northwest of Robert Lee.

It was finalized for 144 barrels of 42.8 gravity oil, no water, with gas-oil ratio of 1,125-1, through a 5-32 inch choke and perforations at 5,356-364 feet.

Location is 2,000 feet from the southeast and 7,046 feet from the southwest lines of J. Valdez No. 506.

Fifth producer and a ½ mile extension was indicated in the

Millican, West (Pennsylvanian) Field with the recovery of 800 feet of oil on a drillstem test at J. Frank Stringer, San Angelo, No. 1 Lena Foster, et al, in 228-2-H&TC, 15 miles southwest of Robert Lee. Gas surfaced in 11 minutes on the two hour test taken at 7,000-43 feet.

The project, slated as a 7,100 foot wildcat, was bottomed at 7,146 feet in lime and shale.

Humble Oil & Refining Co. filed application to plug back to 4,375 feet to recomplete a project two miles southwest of Bronte in the Bronte Field.

It is the No. 53 Bronte (Palo Pinto) Unit, located 2,310 feet from the north and west lines of Section 453, Block 1-A, H&TC Survey.

The project was originally drilled to a total depth of 5,858 feet as the No. 6 Bronte (Goen) Unit.

J. Frank Stringer plugged at 6,700 feet his No. 1 Hooper, wildcat, 11 miles southwest of Robert Lee and a southeast offset to the depleted re-opener of the Edita (Canyon) Field.

Recovery was 5,800 feet of salt water on a drillstem test at 6,630-656 feet.

Location is 1,980 feet from the north and 1,550 feet from the west lines of 239-2-H&TC.

Pearson-Sibert Oil Co. No. 1 McDonald was also plugged. It is 467 feet from the northeast and southwest lines of Alfred Dorsey Survey 474, wildcat 8½ miles north of Bronte, total depth 5,540 feet.

PERSONALS

Mr. and Mrs. Bascom Chesney of Fort Worth are spending a week here in the home of her parents, Mr. and Mrs. Turney Casey. Their children, Cindy and Pam, who have been visiting here for a month with their grandparents, will return home with them.

Weekend visitors in the home of Mr. and Mrs. Sloan Boone were their children and their families, Mr. and Mrs. Marvin Glasgow and children of Sweetwater, Mr. and Mrs. John Doggett and family of Midland and Mr. and Mrs. Carlton Boone of Fort Stockton.

Mrs. Pearl Schooley was released Saturday from Bronte Hospital where she had been a patient two weeks.

Austin — An Austin district court decision invalidating the 1971 House of Representatives redistricting act handed state attorneys and legislative leaders a mountain of unanswered questions.

Atty. Gen. Crawford C. Martin is in the process of appealing to the Texas Supreme Court the lower court's decision that the bill's "splitting" 29 counties into separate districts is unconstitutional. Martin said the appeal is in line with a long standing policy of his office to advocate the validity of a legislative act until the state's highest court rules on it.

Many high placed state attorneys feel that if the Supreme Court upholds the Aug. 2 district court finding, the chore of re-doing the job will fall to a five member Constitutional Board (composed of lieutenant governor, House speaker, attorney general, land commissioner and comptroller).

Constitution says the Board will reapportion when the Legislature fails to do so in the first regular session after publication of each U. S. decennial census.

Lawyers hope the High Court will provide guidelines, however, for they are confronted with

these questions:

* Board is directed to meet within 90 days after the Legislature adjourns (before the end of August) and to come up with a redistricting bill within 60 more days (by the end of October). What happens if there is no Supreme Court ruling by this constitutional deadline?

* Since the House tried to redistrict and its act was knocked out, would reapportionment then be expected in a special session of the Legislature? Constitution says the Board will reapportion if the Legislature fails to act, but the Legislature did "act" in the case of the House plan, only to have a district court declare its work invalid. No Senate reapportionment bill was passed by the Legislature, so that job automatically falls to the Board.

* Since the 1970 census (on which lawmakers base their reapportionment) was published while the 1971 Legislature was meeting, could redistricting really wait until 1973 when the 63rd Legislature convenes?

AG OPINIONS — Attorney General Martin held that new law requiring certain county officials to report to the county money they receive from operating private business on public property is unconstitutional.

In other recent opinions, Martin concluded:

* Use of automated machines for check cashing at banking houses would not violate Texas laws against branch banking.

* Education code does not entitle a retired school teacher to return to the classroom and have additional years of teaching service thereafter used in calculating retirement benefits.

SOME AUTO INSURANCE COSTS CUT — State Insurance Board ordered a 50 per cent reduction in premiums of standard property damage auto liability policy where \$250 deductible is accepted.

Board further directed a 12 per cent cut in basic bodily injury premiums for \$250 deductible coverage, up to \$500 per accident.

New deductibles authorized by

the Legislature this year go into effect Aug. 30. New rates take effect Sept. 1. A statewide increase in liability rates of 2.2 per cent already has been recommended with old deductibles. Basic liability coverage is \$10,000 per person for bodily injury, up to \$20,000 for several victims of one accident and \$5,000 for property damage. Company can pay the amount of the total claim and collect the deductible later from the policyholder.

TOURISM STRONG — Tight money and the drought failed to halt "a strong upward surge" of tourism during the first half of this year, according to Texas Tourist Development Agency. Agency found business up 11 per cent for the January-June period. Thirty-five main Texas attractions, public and private, reported 17.3 million visitors, compared to 15.6 million in the same period of 1970.

Live Steam Museum at Alamo said business was up 97 per cent, and Confederate Air Force Flying Museum at Harlingen reported 63 per cent increase in visitors. Big Bend National Park visits were up 32 per cent; East Texas national forests, 22 per cent; Six Flags Over Texas, 18 per cent and Padre Island National Seashore, 16 per cent. Two-thirds of the visitors were Texans, a third from other states.

HIGHWAY FUND HEARING ASKED — Gov. Preston Smith seeks a formal hearing before the U. S. Transportation Department to prevent a threatened cut in federal highway aid for 1973.

Failure of the 62nd Legislature to enact legislation to comply with the 1965 highway beautification act (billboard advertising controls and junk yard screening) will bring a cut in federal allocation, Transportation Secretary John A. Volpe has warned.

Absence of such legislation means a 10 per cent federal aid reduction for highway construction.

Smith wrote Volpe that evidence can be offered by Texas to warrant a stay of final determination. He asked a formal hearing to present the state appeal.

SCHOOL APPEAL WATCHED — Federal appeal of an Austin U. S. district court decision upholding limited busing to achieve racial balance in public schools met sharp criticism and is being closely watched by other school districts with similar problems to those of the capital city.

Only alternative to the moderate plan, maintained Austin school officials, is forced busing on an even larger scale. President Nixon's statements on the subject, in effect condemning the 11th hour appeal though he opposes busing, were hit by U. S. Sen. John Tower and other Texas Republicans as inappropriate and displaying a lack of understanding.

PROBE DELAYED — Travis County grand jury investigation of profits by state officials in National Bankers Life Insurance Co. stock has been delayed until Aug. 17. Frank W. Sharp, former head of NBL and Sharpstown State Bank (from which officials got loans to buy stock) has been called to testify at that time. Jury couldn't find Joseph Novotny, former Sharpstown president.

John Osorio, former NBL president, told newsmen he came up with idea for two controversial bank deposit insurance bills in 1969 and there was no connection between the stock deals and passage of legislation.

Short Snorts

Investigation is on of valuable historical documents stolen from

State Archives and Austin area libraries.

Program to vaccinate all horses against VEE in a six state area will end Aug. 15 with nearly 1.1 million vaccinated.

Revenue from cigarette smoking last month increased \$1.2 million over the 1970 figure for July—to \$17.6 million, reports the State Comptroller.

Personal income of Texans rose decisively in June, according to

University of Texas Bureau of Business Research. (Editor's note: This is interesting information we never would have known without reading it here.)

Texas Parks Department says restoration is under way on five Texas frontier forts — McKavett, Griffin, Lancaster, Richardson and Leaton.

WASHINGTON
 "As it looks
 from here"
OMAR BURLESON
 Congressman
 17th District

Washington — It sounds a little strange and certainly unchamber of commerce when a town decides it does not want more people.

This seems to be the case in quite a few places. One Florida resort area spent a lot of money printing color brochures... advertising "the good life" but now they say that is the trouble.

The "good life" is evidently slipping away in a good many places. When a town becomes bumper to bumper, filled curb to curb with traffic, it is hardly a place for a pleasant drive.

When the wonderland advertised is filled with carbon monoxide, bridges over waterways often clogged two miles back, some places are a little worried about attracting people.

Some city leaders are talking about a "selective growth." How that is to be arranged is something else. An organization even in Arizona is recommending zero growth because the Colorado River just can't furnish much more water for more people.

Southern California is considered a tragedy in a good many places because the slopes of old Baldy can't be seen many mornings because of the smog.

More recently, the governor of Delaware has signed into law a bill passed by the legislature banning new chemical plants, oil refineries, steel and paper mills from the whole Delaware coast. This is what every city has been after to make it grow and prosper. It seems the "bigger and better" and "the more the merrier" time has passed. That time was probably created in the days of the old West when merchants, saloon keepers and the gamblers counted the wagon trains leaving town and coming to town as a way to count their blessings.

Much attention is now being given by the planners in developing towns and cities that will preserve and restore the pleasantness of living. The good living was supposed to have been furnished when blocks and blocks of close together public housing was built in the cities. Here in Washington, for instance, it has

been found that most, if not all, those concentrated projects become slums faster than the slums they were supposed to have cleaned out. It is felt that people occupying great projects thrown together, do not create any community of interest, hardly anyone takes any collective pride in upkeep and soon they have as many rats as were there when older buildings were replaced.

There is something wrong about all this. In Europe and in other older countries, old houses which have been there two centuries still appear neat clean and are well kept.

The development of suburbs with miles of houses jammed as tightly as the traffic will bear lay flat some of the prettiest hills and trees to be found any place—still this is progress.

For the well heeled, there are whole communities being built around club houses, golf courses and swimming pools. For those a little less better off, new towns are being built where kids can walk to school and ride their bicycles with safety but the old parts of inner cities are the cores of what is left and the problems not only continue but become worse.

There seems to be a lot of engineering in everything except people. Instead of the "bigger and better" and "the more the merrier," the problem is what is to be done with people, of which there are going to be plenty for a long time. The question is the quality of life and how to preserve that quality instead of quantity, that no one has yet come up with a very satisfying answer.

Since Congress is going into a recess for the remainder of August, Congressman Burleson's column will not appear again until September.

Esther Gayle Conley, Robert Eugene Bolding Repeat Wedding Vows in First Methodist Church Ceremony

Miss Esther Gayle Conley became the bride of Robert (Bobby) Eugene Bolding of Abilene in a ceremony read at 7 p.m. last Saturday night in First United Methodist Church here.

Parents of the couple are Mr. and Mrs. John Q. Conley of Robert Lee and Mr. and Mrs. B. M. Bolding of Plainview.

The Rev. Warren Ellis, pastor of the United Methodist Church in Miles, officiated.

Wedding music was provided by Miss Elaine Fikas, organist, and Mrs. Sharon Taylor, soloist.

Given in marriage by her father, the bride wore a floor length empte A-line gown, fashioned with long, puffed sleeves, a covering of chiffon and a high neck and full back. A panel of daisies accented the front. Her veil was of fine net with a small trim of daisies around the outside. A long train of the same net also featured daisies around the outside. Both were attached to a band of daisies forming a neck piece. She carried a cascade bouquet of white asters with her colors of purple, lavender and orchid asters lightly mixed in.

Sister of the bride, Miss Jackie Conley, of Robert Lee, was maid of honor. Bridesmaids were Mrs. Vicki Conley of San Angelo, Miss Roxanne Bolding of Plainview and Miss Sharon Garrison of Abilene.

Flower girls were Jana Gart-

man and Tonya Welsh.

The attendants wore long empire sleeveless dresses with ruffles at the neck and featuring gathered skirts. They were of bright and pastel colors, with orchid predominant. An orchid floor length ribbon was attached at the waist. They wore wide brimmed pastel orchid transparent hats with orchid ribbons around the crown and at the back. They carried nosegays of purple, orchid and lavender asters.

Rickey Bolding of Plainview was best man. Groomsmen, ushers and candlelighters were Quinn Conley, San Angelo; Leonard Peters, Seymour; Roland Saul, Plainview; Mike Conley and Neil Calder, both of Robert Lee.

A reception followed the ceremony in the fellowship hall of the church. In the house party were Mimes, Kay Faulkenberry, Ruth Beal, Jerry Thomason, Yvonne Devell and Dorothy Waddell and Misses Linda Heuvel and Kay Schubert.

After a short wedding trip to Lubbock and to a camp site on the San Saba River, they are living in Robert Lee where he is employed by Ernest Clendennen of Silver and she is employed by Robert Lee Schools.

The bride is a 1966 graduate of Robert Lee High School and a 1970 graduate of McMurry College in Abilene where she was a secondary provisional major. She was a member of Theta Chi Lambda Social Club.

Mr. Bolding is a graduate of Plainview High School and is also a 1970 graduate of McMurry College where he received a BBA in marketing. He was a member of the McMurry Indian Basketball traveling team and a member of Alpha Sigma Chi Social Club.

Mrs. Bolding hosted the rehearsal dinner in Robert Lee United Methodist Church.

Mrs. Nona Pennington of Midland brought her parents, Mr. and Mrs. C. E. Mathers to their home here Monday, following a five day trip to Roswell, N. M., where they attended a Mathers reunion. They reported a nice cool trip and seeing lots of green country, good crops and more rain.

Lewis Family Gathers Here

Annual Lewis family reunion was held last Saturday and Sunday in the Robert Lee Recreation Hall. Festivities got underway Saturday night with a picnic supper, fun and games. On Sunday a barbecue luncheon was enjoyed by the large group.

Attending from out of town were: Mr. and Mrs. Bob L. Davis and Mr. and Mrs. O. W. Davis, Amarillo; Mr. and Mrs. J. I. Akin, Brownwood; Mrs. Laura Jones, Christoval; Cheryl Kane, Eatontown, N. J.; Karl Biggs, Ft. Worth, La.; Mrs. Wayne Roberts, Jal, N. M.; Thelma Cooke, Keene; Mr. and Mrs. Wayne Lewis and Edmund, Chunky, Miss.; Mr. and Mrs. Michael Deckman and Michael Jr., Mrs. Bennie L. Ellis, Mr. and Mrs. Bennie L. Ellis Jr. and Bessie and Mr. and Mrs. Henry Maples, Odessa.

Also, Ann Bailey, Luther; Mrs. Francis Taylor, El Paso; Mr. and Mrs. B. N. Chesney, Reno; Mr. and Mrs. Jim Williams, Mr. and Mrs. Weldon Hatley, Raymond Jay, Mr. and Mrs. Jodie Williams and Mr. and Mrs. Sam Jay, all of San Angelo; Mr. and Mrs. Andy Cathey, Waco; Mr. and Mrs. Carroll Lewis and Mr. and Mrs. Milton Lewis and family, San Antonio.

Attending from Robert Lee were: Mr. and Mrs. Elmo Bell, Mr. and Mrs. Otis Watson, Mr. and Mrs. Sam Williams, Gary Sam Williams, Mr. and Mrs. Wes Kinsey and Martha, Mr. and Mrs. Sherman Williams and family, Mr. and Mrs. Jimmy Bell and family, Mrs. Pearl Schooley, Mrs. Mary Large, Mrs. Joe Rose, Mitchell Davis, J. C. Wallace Jr., Edna Havins, Jan and Linda, Mr. and Mrs. E. C. Davis, Mrs. Mary Tubb, Mr. and Mrs. Garland Davis and family, Mr. and Mrs. Vaughan S. Davis, Sherril and Wald, Mrs. Turney Casey, Mrs. Grace Howell, Sterling Allen and Randy Flanagan.

New officers for the coming year are: Jerry Ellis, Odessa, president; Sam Williams, Robert Lee, vice president; and E. C. Davis, Robert Lee, treasurer.

Mrs. Walker Cobb of San Angelo spent Sunday afternoon visiting her mother, Mrs. V. V. Wojtek.

Ladana Haley of Richardson spent the past two weeks here visiting her grandparents, Mr. and Mrs. F. L. Haley. Her parents came for her last weekend and visited the Haleys.

Now all your U.S. Savings Bonds pay higher interest.

Now it's official.

Now one of the safest investments in the world brings you new and higher returns.

Now your U.S. Savings Bonds pay the highest interest in history: a full 5 per cent when held to maturity of 5 years and 10 months. (4% the first year; 5.20% thereafter to maturity.) Previously, these Bonds earned you only 4 1/4% if you held them for seven years.

The new interest began June 1, 1969. So all of the Bonds you own, no matter when you bought them, have been collecting higher interest since that time.

Those Bonds are still replaced if lost, stolen or burned.

You can still buy them through Payroll Savings or the Bond-a-Month

plan.

Regardless of your other investments, can you think of any easier, better, or safer way to build a nest egg for yourself?

It's nice to know that you are doing a little something for Uncle Sam, too. The \$52 billion in U.S. Savings Bonds now outstanding in the hands of millions of Americans go a long way toward keeping your country financially strong.

There never was a better time to take stock in America.

There's a man at the place where you work who can start you on the Payroll Savings Plan right now.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Labels on Detergents

Caution labels against possible eye and skin irritation and other injuries are now required on 25 brands of laundry and dishwashing detergents.

The labels, required by the Food and Drug Administration, warn consumers of possible eye and skin irritation, and of internal injury if the product is swallowed.

FDA authorities passed the ruling as a result of government testing on detergents. The test included a sampling of nationally marketed non-phosphate and low phosphate brands, as well as regular phosphate based detergents.

So when you reach for detergent at the market, check for these warning and caution labels for your own health and safety. Follow directions for use and keep the product out of the reach of children.

The FDA can require warning and caution labels, but only you can read that label and put it to proper use.

Meats for Barbecuing

Outdoor grill roasting is the summer favorite for adding a dash of fun to meal time. This versatile cooking method adapts well to many cuts and varieties of meats.

The all time favorite, of course is steak — T-bone, porterhouse, sirloin, rib, club, delmonico or filet mignon.

Chuck steaks, when cut near the rib and properly tenderized, are increasingly in demand for outdoor cooking. Chuck is less expensive than other kinds of

steak so it can be served more frequently. Another reason is based on simple facts of supply. Just so many steaks are available from each steer; using chuck cuts is a way to increase the supply.

Other good choices are rib or loin pork chops. Pork, however, should be cooked to the well done stage.

Chicken halves and pieces, as well as whole chickens cooked on the rotisserie, are popular and economical. Although relatively newcomers to the outdoor grill, turkey parts are good, too.

Canadian bacon, spareribs, ham slices and sausage patties make attractive meals from the grill.

And, remember the two old favorite, hamburgers and hot dogs.

Vegetable Color and Acid

It's either acid, or the lack of acid, that causes most vegetables to lose their natural color when cooked.

The color of green vegetables is destroyed by acid while acid is needed to "set" the color of red vegetables and prevent the yellowing of white vegetables. Yellow vegetables are not affected by acids or alkali.

This is the reason for cooking quickly before the acid has time to fade the vegetables. Overcooking causes the acid to change the bright green color to a faded olive green.

Soda should not be used to save the green color under any circumstances. Soda destroys vitamins and gives a disagreeable flavor and texture. Also, avoid adding either lemon juice or vinegar to green vegetables while they are cooking; they are both acids.

Red vegetables, such as beets and red cabbage, lose their color

readily in water. Here acid helps to "set" the color. It is recommended that adding a tablespoon of lemon juice or vinegar to each quart of water. Cooking beets with their skin and stem ends left on also helps to prevent loss of color.

The pigment of white vegetables turns yellow with long cooking or if the water used is

very hard or alkaline. To correct this, one-half teaspoon of lemon juice or vinegar can be added to each cup of cooking liquid.

Over cooking vegetables, including both the strong flavored ones such as white cabbage, cauliflower and onions and the mild flavored such as Irish potatoes, causes an ugly color and

a strong unpleasant flavor. Color in yellow vegetables — carrots, corn, squash, sweet potatoes and pumpkins — is not affected by water, heat acids or alkali. But, as in all vegetable cookery, a method of cooking should be chosen to retain the most food value.

LETTERS TO THE EDITOR

Dear Observer:

Since my Dad died in 1934, my mother owned half and we six children owned half of the Observer. Since I worked in the office most of my life up to that time, it was up to me to run the paper, even though I was only 18 years old.

Charles Lamb helped me a while then. Bob Hall and I ran it together for several years. We were the editors at the time we put out the 50th Anniversary Edition. It was a good one and a large one. Mr. Hall was a good solicitor and Mrs. Gramling was our reporter. She is now Mrs. Cleve Casey. You might talk to her.

About late 1940 the old wood building caught fire and destroyed most of the old papers. Most were rolled and stacked on open shelves. But I had an old trunk with a lot of the oldest ones and the 50th Edition in it. They were saved, so when Mr. Young bought the paper, I left everything and went to Houston. Ronda Wojtek is Mr. Young's daughter. Maybe she can remember the trunk. I am sorry I never kept a copy. I have some older copies but not the 50th Edition. Sure wish I did.

Sincerely,
 Felix W. Puett

NAMES OMITTED

Several names were inadvertently omitted from the list of those attending the Watkins family reunion. Others present were Cindy Millican, Fort Worth; Cheryl Kane, New Jersey; Bubba Duncan and Randy Flanagan, Robert Lee.

Col. and Mrs. Len Herr and children were transferred and moved last week to Hampton, Va., from Dyess Air Force Base at Abilene. Colonel Herr recently returned from a year's duty in Vietnam and will now be stationed at Langley AFB. Mrs. Herr is the former Juanice Childress, daughter of Sheriff and Mrs. Melvin Childress.
