### Mrs. Roe To Receive National HD Award

Mrs. Fay Roe, Coke County home demonstration agent, has been named to receive the highest award given by the National Association of Extension Home Economists — the Distinguished Service Award for 1971.

One of five Texans selected for the award, she will be honored during the annual meeting of the association Sept. 25-Oct. 1 in Miami, Fla.

### James Fields on UH Frosh Team

Former Robert Lee High School football star James Fields is a member of the University of Houston freshman football team, which opened practice Monday, Aug. 20.

The Cougar frosh, coached by Bobby Baldwin, will open the season Saturday, Oct. 9, at Wichita State. Other games on the schedule are: Oct. 13, Texas Tech at Houston; Oct. 23, LSU at Baton Rouge; Oct. 28, North Texas State at Denton; Nov. 13, Air Force Academy at Houston.

Forty-six candidates reported for the opening practice Monday.

Fields is the son of Mr. and Mrs. Bob Fields.

### TENNYSON HOMECOMING SET FOR WEEKEND

Annual Tennyson homecoming will be this weekend, according to Mrs. Douglas Ditmore, secretary of the association. The affair will begin at 3 p.m. Saturday, followed by supper at 7 p.m. and a visitation. The homecoming will be in the Community Center.

Everyone who attends is asked to bring enough food for a potluck supper. Tea, ice, coffee, plates and cups will be furnished by the association. Joe Rawlings is president. Persons attending are also requested to bring card tables and folding chairs if they have them.

The public is invited.

### SERVICES WEDNESDAY FOR MRS. RAY IVEY

Funeral services for Mrs. Ray Ivey, 76, of Sherwood were held Wednesday in First Baptist Church in Mertzon with burial in Sherwood Cemetery.

She died at her home Monday afternoon of an apparent heart attack. She was born Jan. 19, 1895, in Lampasas and was married to Ray Ivey Aug. 6, 1911, at Bronte. They had lived around Mertzon and Sherwood since 1937.

Survivors include her husband; a daughter, Mrs. W. L. Kiser of Big Lake; two sons, Aubrey Ray Ivey of Big Lake and Chester Hiram Ivey of Marfa. Among local survivors are three brothers-in-law, Cumbie Ivey Sr. of Robert Lee and W. W. Ivey and Ernest Ivey of Bronte, and a sister-in-law, Mrs. W. O. Eubanks of Bronte.

The Coke County home demonstration agent was nominated by the County Home Demonstration Agents' Association of Texas, and approved by the national group, according to Miss Pauline McWilliams, Midland County home demonstration agent and chairman of the state association's Distinguished Service Awards committee.

Winners of the top award have shown their abilities as leaders, organizers and educators both in 4-H and adult Extension work, Miss McWilliams said.

Mrs. Roe has more than 19 years Extension work to her credit, having served as home demonstration agent in Smith County for one year before moving to Coke County where she has been agent for over 18 years. She received her B. S. degree in home demonstration work from Texas Woman's University and has done additional work at Texas A&M University.

She carries on a well rounded 4-H program in Coke County working in all areas of Home Economics. Her interest in 4-H and Extension is an outgrowth of her outstanding work as a 4-H'er herself. She won many local, state, and district honors as well as the National 4-H Club Conference Award.

The national award winner has been particularly active in developing programs to meet the needs of limited income families in foods and nutrition and clothing. She has also given leadership to donated foods programs and to a very effective biennial Career Clinic for all high school students in Coke County for the past eight years.

A long time member of the National Association of Extension Home Economists, she has served as chairman of the professional improvement, research and recruitment committees of her district for

### David Beaty Gets Eagle Award

David Beaty, 15 year old son of Rev. and Mrs. Bill Beaty, received the Eagle Scout Award, the highest rank in scouting, in a Court of Honor held Friday, Aug. 20, in the Robert Lee School auditorium. He passed the Eagle Board of Review in July while at Camp Sol Mayer near Menard.

He became a Boy Scout in Troop 461 in July 1967 and has served as troop scribe and senior patrol leader. He is now serving as junior assistant scoutmaster. He is also working toward a God and Country award. A sophomore in Robert Lee High School, he served as freshman class president and has been active with the football and basketball teams. He was on the track team last spring.

Beaty was salutatorian of his class when he graduated into high school.

Fourteen other scouts received merit badges and badges of rank in a troop Court of Honor held at the same time.

Mr. and Mrs. Jackie Smith spent the weekend here visiting her parents, Mr. and Mrs. J. C. Wallace Jr., and other relatives. They were enroute to their new home in Florida.

CRMWD opened the E. V. Spence Reservoir for water skiing last weekend, in a limited area near the dam, according to R. A. Schooling, administrative assistant. He said that since the recent catch of water skiing will be permitted in the deep water near the dam, but it will not be permitted in the creek systems or upstream past the bluffs on the north side of the reservoir until further notice.

He said extreme caution must be used in boating and skiing

because of floating objects in the lake, caused by the recent rises.

### Boat Ramps Open

Two of the proposed boat launching ramps, one in the Wildcat Recreation area and one in the Paint Creek area, both on the south side of the lake, are open for use though they are not completed. The lower extremities are concreted and extend into the water deep enough to accommodate launching any size boat.

### Water Safety Rules

Game Warden R. L. Flanagan announced some water safety rules and regulations also this week. He said that Coast Guard approved life preservers are required for every person aboard any boat and that ski belts cannot be accepted. Children 12 years of age and under must wear the preservers at all times while in a boat.

Other requirements include: rear view mirror must be attached to boat when pulling a skier; a certificate of number must be aboard the boat at all times and the number must be displayed on the side of the boat in a color contrasting to that of the hull of the boat; and a fire extinguisher is required in any motor boat which has any enclosed compartments capable of holding gas fumes.

### Picnicking and Camping

Schooling said that because of the limited facilities for picnicking and camping at the reservoir, the public is asked to cooperate with the CRMWD in placing all trash in barrels located in public areas around the lake. He reminded that shoreline other than the public areas is privately owned and should not be crossed without the owner's permission.

Persons between the ages of 17-65 must have a recreation permit to fish, ski or boat ride at the lake. Permits are for sale in Robert Lee at most bait stands and filling stations. Permits are not required for picnicking or sightseeing.

Schooling said water in the lower part of the lake is clear and fishing should continue to improve. An additional stock of game fish have been added to the reservoir in recent weeks.

### QB Club Barbecue, Scrimmage Friday

Annual Quarterback Club barbecue will be held at 5:30 p.m. Friday at the football field. It will be followed by a scrimmage with the Ozona Lions at 6 p.m. New head football coach, Larry Hudson, will be introduced as well as members of the 1971 Steer football squad.

Adult tickets are \$1.25 and student tickets are 75 cents. Everyone is invited to attend.

The Quarterback Club is the one organization in Robert Lee that exists to help the Steers. The club takes care of expenses which cannot be paid out of school funds. One of its main jobs is to provide money to defray costs of filming all the football games.

### Firms to Close For Labor Day

Most businesses will be closed next Monday in observance of the Labor Day holiday, the last long weekend of the summer months. Robert Lee Schools will also observe the holiday.

Offices in the courthouse and city hall will be closed as will the Robert Lee Post Office. Other businesses which have announced they will close include: Robert Lee State Bank, Roach's, Vaughan Chevrolet, West Texas Utilities, Farris City Drug, Snead's Pharmacy, Ivey Motor Co., Gordon's Variety Store, Matthews Lumber and Hardware, Western Auto Store and Robert Lee Observer.

## Within Six Months Brands To Be Recorded

Coke County ranchmen have six months after Aug. 30 to record their brands in the office of County Clerk Mrs. Winnie Waldrop. Senate Bill No. 249 went into effect the first of this month and every rancher and farmer in the county who uses a brand must record it within this time limit.

The text of the bill is being run in this newspaper, in order that all ranchmen may familiarize themselves with its provisions.

Mrs. Waldrop said there are some provisions in the new law which may need clarification.

For example, she said, ranchmen who have recorded brands since 1943 in the County Clerk's office still have prior rights to that particular brand. She pointed out that brands which were recorded prior to 1943 and have not been recorded since then may be the property of the first person who records them after Aug. 30.

After the expiration of six months from Aug. 30, all records of brands now in existence in the clerk's office will no longer be in effect. This provision of the new law makes it imperative that every ranchman in the

county record his brand again during this six months period, if he wishes to continue ownership and use of the brand.

The law provides, further, that all brands must be re-registered every 10 years.

Mrs. Waldrop said the process of looking up brands which have been registered since 1943 will take quite a lot of time. She reminded Coke County ranchers that there is no need to stampede the clerk's office if they are sure they have one recorded since 1943, as they have six months to take care of this matter.

### Dove Season Opened Sept. 1

Dove season officially opened Wednesday, Sept. 1. Hunting time is from 12 noon until sunset. The bag limit is 10 per day or 20 in possession.

The season will be open through Oct. 30.

Game Warden R. L. Flanagan said this week that rifles are prohibited for dove hunting and that shotguns must be plugged permanently to three shell capacity.

He warned that shooting at anything from a public road is strictly prohibited.

Mrs. Cecil Smith and boys of Odessa and Mrs. Elbert Utzman of San Angelo were recent guests in the home of Mr. and Mrs. Hugh Smith.

Austin — The Legislative Redistricting Board, its hands tied by a court order, has called for a staff research toward reapportionment of both the Texas House and Senate.

If the Board were permanently enjoined from action, the thorny reapportionment chore may be handed back to the Legislature in a special session this fall. The Board was created in 1948 to redistrict where a legislature fails to do so in its first regular session after a decennial census.

Day before the five-member panel was to meet and begin work on Senate realignment (a task left undone by the Legislature this year), an Austin judge entered a temporary restraining order. At the same time, Judge Herman Jones set a hearing for Sept. 2 on a petition for an injunction.

Rep. Fred Head of Henderson filed the suit to stop Board action, contending 1970 census figures are not yet all in, and that reapportionment should wait until the 1973 Legislature.

On Aug. 2 Judge Jones declared the House version of reapportionment by the Legislature this year unconstitutional. Atty. Gen. Crawford Martin has promised an appeal to the Texas Supreme Court.

Meanwhile, Martin who was named temporary chairman of the redistricting board in absentia, left a message expressing hope that the panel will begin work "at the earliest possible date" on House reapportionment in event the High Court rules that is its duty.

Lt. Gov. Ben Barnes, another

member of the Board, also called for early staff attention to a House redistricting bill, although both he and Martin agreed Senate reapportionment is the first objective.

Board has 20 separate plans already submitted for recarving the Senate's 31 districts in line with the 1970 census and federal court rulings of substantially equal population for each.

"FREEZE" BRINGS SUMMER CHILL — The President's wage-price freeze continued to be the closest watched and fastest changing news event at the state capitol.

Gov. Preston Smith's proclamation to state agencies to disregard the presidential order and place pay raises for state employees in effect Sept. 1 was quickly held invalid by Attorney General Martin.

Martin then went to Washington to plead for exceptions for state workers and school teachers who had been assured raises by legislative action and (in the cases of teachers) valid contract well before the freeze order date, Aug. 15.

Meanwhile, Texas State Employees Association filed a formal petition for exemption of 60,000 state employees from the order and hinted at court action if refused.

Teachers kept close watch on Washington announcements to see if subsequent federal agency rulings would permit their raises covered by contracts signed prior to Aug. 15 to be granted Sept. 1.

INFO OFFICES OPENED — Internal Revenue Service an-

nounced opening of nine offices in southern Texas to answer questions, study complaints and investigate alleged violations of the wage-price freeze.

Offices are located at IRS headquarters in Austin, Beaumont, Waco, Corpus Christi, El Paso, San Antonio, Houston, Harlingen and McAllen.

Questions on new import duty surcharge will be referred to the Office of Customs in Houston.

LABOR DAY TOLL PREDICTED — Fifty-two may lose their lives in traffic accidents during the long Labor Day weekend, predicts the Department of Public Safety.

If Texans can't drive more safely than that, Governor Smith told his traffic Safety Committee, serious consideration may have to be given to declaring a state of emergency on three day holidays and calling out the National Guard to supplement police activities.

Smith's committee reviewed plans for an intensive Labor Day Safety campaign.

DPS Director Col. Wilson E. Speir urged motorists to refrain from drinking while driving, to avoid fatigue and to modify driving speed in accord with heavy traffic conditions.

All uniformed officers of DPS will be on highways Friday through Monday to enforce traffic laws. Maximum use will be made of radar and breath testing devices. DPS special reports on fatal accidents will continue.

AG OPINIONS — Public junior colleges may charge tuition in amounts greater than rates specified by the Legislature and may authorize additional fees, Attorney General Martin has held.

In other recent opinions, Martin concluded:

\* Provision that an owner may record and use more than one brand or mark to identify his livestock remains in effect.

\* State employees can travel first class on airlines if no tourist class seats are available — and are entitled to out of state travel expenses up to \$35 a day.

\* Legislation relating to eminent domain proceedings does not violate constitutional requirements of deposit of money. Bill aimed to provide condemnors "full benefits at any stage of litigation process short of final adjudication."

POOR DISTRICTS TO GET

AID — School districts with the most children from low income families will get \$822,456 in additional federal aid under new grant allotments announced last week.

A total of 641 districts are eligible for aid to finance teacher hire, materials purchase and medical services. Allocations range from \$69,995 for Houston to \$31 for Hamby district, Taylor County.

Short Snorts

Motorists no longer can stop and then pass a school bus loading or unloading children under a law effective Aug. 30.

A 214 acre tract in Collin County has been donated for a state park.

Bowhunters will get a special chance at deer, javelina and wild hogs during Aransas National Wildlife Refuge archery season Sept. 17-30.

State (in San Antonio North Expressway case) is testing a federal court ruling that it cannot build a highway with its own money if application for federal assistance is rejected.

Thirty-seven applications to sell \$33.3 million in securities were filed with State Securities Board last week.

Mrs. G. R. Smith of Carlsbad, N. M., and her daughter, Angela Sparks of Colorado Springs, Colo., visited here from Monday through Wednesday with her mother, Mrs. Vela Plumlee, and her sister, Mrs. E. J. Brice and family.

Mr. and Mrs. Dave King visited recently in the home of their daughter and her family, the Harry Andersons at Austin, and attended the wedding of their grandson, Gary Anderson. The wedding was held at 6:30 a.m. Sunday, Aug. 22. Mr. and Mrs. Bobby Walker and family of Odesa also attended the wedding and reception.

**MISS GAYLE HAMILTON PANTRY PARTY HONOREE**

Miss Gayle Hamilton of Sonora, bride-elect of Terry Hines of Robert Lee, was honored with a pantry party on Aug. 27 at the Robert Lee Recreation Center. Sharing hostess duties were Mmes. Bobby Roberts, Arthur Rynnion, Dale Wojtek, Ben Besant, Gerald Brasuel and Whit Whitaker.

Invitations were sent on small grocery bags and each guest brought her gift wrapped in a large grocery bag. Gifts were displayed in grocery carts that were decorated in the bride's chosen colors of blue and green.

Miss Hamilton's corsage was a copper scouring pad decorated with tiny kitchen gadgets and two small gold wedding rings.

The serving table was covered with a white linen cloth. The centerpiece, which was also the hostesses' gift to the honoree, was an old style crock pitcher filled with royal blue and olive green flowers to carry out the color scheme.

Mrs. Dale Wojtek served lime fruit punch and guests served themselves from a white milk glass tray holding cherry, apricot and pecan tassies. Other trays were filled with assorted nuts and mints.

Miss Debbie Hines registered guests from Robert Lee and Sonora.

## H D Agent's News Dept.

By MRS. FAY C. ROE

I came across a clever booklet with menus, supplies needed and simple recipes for college kids—boys, girls or even new brides. This would be a great help to either. The cost is small—and ideas great!

I think the booklet well worth the price. This booklet would make a good gift. Write or call my office for the name of it. If not available in local bookstores I have the address for ordering.

### Perfumes, Fabrics Don't Mix

Fashion separates are made to mix and match. But the same isn't true for perfumes and fabrics.

Perfume or cologne applied directly to clothing may result in dye rings, color removal and permanent stains. And upon aging, a disagreeable odor may result.

Garments and fabrics may also be stained by perfumed grooming aids, such as hair spray and deodorants.

For washable garments and fabrics, remove the perfume stain by washing immediately in a detergent and hot water solution, followed with a bleach safe for the fabric.

For a solid perfume stain, first stretch the washable fabric over a bowl and drop warm alcohol over the spot, then rinse. Follow by laundering in a solution of detergent and warm water.

If a garment is not washable, immediately take it to a reputable dry cleaner. Be sure to identify the stain for the most satisfactory results.

Perfumes and colognes should be applied behind the ears or at the wrists, to avoid contact with

clothing.

### Botulism Dangerous in Food

A harmful bacteria sometimes found in perishable picnic foods and improperly canned and smoked foods is the botulin toxin.

Poor food handling practices—lack of sanitation, insufficient cooking and improper storage—may allow bacteria in food to increase to dangerous levels.

And, the hot summer months are especially conducive to bacteria growth, as perishable foods are carried on picnics and cook-outs without proper refrigeration. During this time, outbreaks of illness from contaminated foods are common.

At the grocery, improperly canned or smoked foods can be contaminated with the botulin toxin. In fact, some canned foods have recently been recalled by the Food and Drug Administration after they were found to contain the toxin.

One way to spot contaminated canned foods is to check for swelling or leaking. But that contamination will not always cause a can or jar lid to swell or leak.

Careless home canning can also cause contamination, so the danger of food poisoning is not limited to commercially packed foods.

Symptoms of botulism, the illness caused by the botulin toxin, usually develop within 12 to 36 hours after eating food containing the toxin. The fatality rate is high—about 65 per cent in the U. S.

To guard against this type of food poisoning, here are some suggestions:

Cook food for home canning at least 30 minutes at 240 degrees F.

Avoid use of food from swollen or leaking cans or jars.

Always wash hands after handling any leaking can or jar.

And, return any swollen or leaking food cans or jars to the store where purchased, not only to get your money back but also to alert the manager to the possible danger of contaminated food.

### Consumer Clips

Chilled cranberry juice with a scoop of fruit sherbet makes a great starter for a summer meal. Cranberry juice is in plentiful supply.

You needn't worry if the meat around the bones of some chickens looks reddish brown—even after cooking. It's safe to eat. Broilers-fryers tend to show this effect because they're marketed young, at six to eight weeks. Their bone marrow has not fully hardened and the red blood cells seep into the surrounding meat, causing a deep red or brown color. Broiler-fryers are a good summer barbecue idea.

### S. B. No. 249 AN ACT

relating to the recording and re-recording of livestock brands and marks; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. (a) This Act shall apply to every county in this State. In all the counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

(d) Immediately upon the taking effect of this Act the county clerk of the county shall have this Act published in some newspaper of general circulation in the county for a period of thirty days. The publication shall be paid for by the county out of the general county fund.

Sec. 2. All clerks in re-registering brands shall comply with Articles 6890 through 6899, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, and with Section 1, Chapter 273, Acts of the 41st Legislature, 1929, as amended (Article 6899a, Vernon's Texas Civil Statutes), and shall also be aware of and comply with Articles 1484, 1485, and 1486 of the Penal Code of Texas, 1925.

Sec. 3. All brands and marks registered under the provisions of this Act shall be re-registered every 10 years in the manner prescribed in Section 1 of this Act.

Sec. 4. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted.

## New Auto Laws Effective Monday

Dozens of new state laws, concerning automobiles, went into effect Monday morning, Aug. 30, with probably the most controversial one requiring auto owners to set brakes and remove keys when leaving their cars unattended.

Drivers must now obey a new set of "rules of the road," passed to keep Texas in line with the Federal Uniform Vehicle Code.

A driver is required to set the brake and remove keys before leaving his car unattended. A fine of \$1-\$200 is provided for the misdemeanor violation.

Overcrowding of a car also is prohibited. More than three persons may not occupy the front seat if they block the driver's view or interfere with his control of the car.

Habitual drug users can be jailed up to two years and fined \$1,000 if they even drive a car.

Price of the four year driver's license increased from \$6 to \$7. Specialized licenses will cost \$1 more.

Policemen investigating accidents may remove inspection stickers from any damaged vehicle when they feel the auto will need repairs before meeting safety standards. The vehicle would have to be re-inspected within 30 days.

### Other New Laws

Other news laws taking effect Monday:

\* New trespass law, providing a fine up to \$200 for entering land for any purpose where owner has given notice entry is forbidden.

\* A misdemeanor providing a \$200 fine against credit rating bureaus that knowingly give out incorrect information about a person's credit worthiness, standing or capacity.

\* A heavier penalty for persons bootlegging tapes, or for taping a record for re-sale, or for selling such a tape without permission of the company that manufactured the disc.

\* Authorize the state to provide "tuition equalization grants" of up to \$600 per year for needy students at private colleges.

\* Allowing college administrators to kick potential trouble-makers off campus for four days during "periods of disruption."

\* Require employers to rehire National Guardsmen called to active duty within the state.

\* Prohibit employers from firing persons because they filed workmen's compensation claims or were witnesses in cases involving the job injuries.

\* Increase fines for littering highway to \$50-\$400.

Plus a number of other lesser laws which went into effect last Monday.

## Items of Interest From R-Lee BCD

The annual BCD-Lions Club banquet was discussed at the Tuesday meeting of the BCD. President W. D. McAdams presided and appointed the following members to serve on a committee to work on details for the banquet: W. W. Thetford, Jim Bickley, Hugh Lewis Jr. and George Newby. The banquet will be held in the school cafeteria and a date will be announced later by the committee.

Lewis, chairman of the brochure committee, reported that more and better pictures of the lake were shot last weekend due to the high water level attained from runoff from recent rains. He said the pictures were mailed Monday and should be back soon.

Supt. Bickley told members that he and Prin. Garland Davis would like to bring Richard Guerrant as their guest to a meeting soon to give a report on his trip to Boys State this summer. Bickley also said that enrollment in Robert Lee Schools is down slightly this year, following the trend for most Texas rural schools.

Sheriff Melvin Childress said that he felt the new Texas automobile laws which went into effect this week was very weak and that it would be contested all the way.

It was announced that the annual Quarterback Club barbecue will be held at 5:30 Friday and the scrimmage with Ozona will be at 6 p.m. More details are being run in another story.

### SENIOR CLASS NAMES OFFICERS FOR YEAR

Mark Matlock was elected president of the senior class in a class meeting Tuesday. The group also discussed money raising projects.

Other officers elected were: Jan Havins, vice president; Cookie Hinnard, secretary-reporter; Janet Brasuel, treasurer; Edwin Lindsey and Marcia Duncan, business managers. Steve Larkin, science teacher, is class sponsor.

## BIRTHS

Stacy Heather is the new daughter of Mr. and Mrs. Robert Jameson of Corpus Christi. She was born Aug. 19 and weighed eight pounds, one ounce. She has a sister, Natalie, 4 years old. ## OIL NEWS

Great Western Drilling Co. No. 2 J. P. Arrott, wildcat 3 1/2 miles southwest of Tennyson, was plugged at a total depth of 5,800 feet. It was 660 feet from the north and 1,980 feet from the west lines of Section 19, EL&RR Survey.

### HAS SURGERY

Walter Tinkler, 16 year old son of Mr. and Mrs. Roy Tinkler, underwent major surgery for the removal of a kidney Monday at Shannon Hospital in San Angelo. The family reports that his condition is good and that he is making a fast recovery.

He is a junior in Robert Lee High School. He may be addressed at Room 244, Shannon Hospital, San Angelo, Texas.

### LITTLE RAINFALL

For the first time in several weeks, there has been little measurable rainfall in the county in the past week. Only measurements reported at the Observer office were in the Edith community last Thursday.

Paul Burns reported .5 inch of moisture on his ranch and Roy Tinkler had 1.2. The creek in that vicinity was on a big rise.

## Havins Reunion Held at Rec Hall

The Havins reunion was held at the Robert Lee Recreation Center Aug. 21 and 22 with 87 persons attending. There was a basket supper Saturday evening and a barbecue lunch Sunday.

Most of those who attended were members of families descended from the late Milton H. and Clara Havins, who were pioneers of this area. The following relatives and visitors were present:

Mrs. Eva Vowell and Mr. and Mrs. Dee McCleskey, Abilene; Mr. and Mrs. Douge Hallmark, Bronte; Mr. and Mrs. Henry Bogusch Jr. and Charlie, Crowell; Bruce T. Havins, Fort Worth; Mr. and Mrs. John L. Davis, Johnny, Milton, Melissa and Dawn, Kingsland; Mr. and Mrs. Fred Havins and Mr. and Mrs. Freddie Hightower, Midland; Mr. and Mrs. Milton Havins, Paula and Ray, and Mr. and Mrs. Terry Havins and Tommy, Pasadena.

From Robert Lee were Mr. and Mrs. P. H. Havins, Wells Havins, Mr. and Mrs. Fern Havins, Mrs. Edna Havins, Jan and Linda, Mr. and Mrs. Ed Roberts, Mike Havins and Mrs. Otis Watson.

Coming from San Angelo were Mr. and Mrs. George Gram, Greg and Melissa, Mr. and Mrs. Jack Brownfield, Paul Brownfield, Mrs. C. H. Olsen and Suze Pierce, Mr. and Mrs. Gene Roberts, Myrph Havins, Mr. and Mrs. Roy Leek, Mr. and Mrs. Cleo Havins, Lorrin Thieman and Mark H. Thieman, Travis Roberts, Mr. and Mrs. Rick Giddens and Rick, Mrs. Myrel Roberts.

Also attending were Mrs. Mae Winans, Mr. and Mrs. John Buckholts, Mrs. Jessie Brant, Howard Winans and Mr. and Mrs. Vernon Winans, all of San Antonio; Carlos Val Smith and Mr. and Mrs. James R. Thompson Jr., Waco; Mr. and Mrs. Otto Havins and Elizabeth, Wichita Falls; Mr. and Mrs. Floyd Winans and Mr. and Mrs. R. D. Winans, Oklahoma City.

Visitors during the reunion included Mr. and Mrs. Vic Collett, Mrs. Myrtle Watson, Mrs. Maudie Conley, Cleve Casey, Mrs. Aseath Henning, Mrs. Lillie Cowley, Katie Sandifer and Mrs. Mary R. Brock.

Mrs. E. O. Higgins returned home last week from San Angelo. She visited two weeks in the homes of her daughters, Mrs. F. L. Smith and Mrs. W. N. Terry, and with a daughter-in-law, Mrs. Floyd Higgins, and her daughters.

Fishing seems to be good this week in Lake Spence. County Attorney Roy Ford caught five bass which weighed a whopping total of 43 pounds.

## PERSONALS

### Mrs. Coalson and Party Impressed With 15-Day Tour of Emerald Isle

By Mrs. Bryan Yarbrough

Mrs. Pauline Coalson, accompanied by her aunt, Mrs. Leola Reed Cummings, and a cousin, Mrs. Virgie Sparks Hunter, has returned from a tour of Ireland, a country which the three "had long desired to explore."

They flew from Dallas to New York on a 747 luxury liner and from Kennedy Airport on an Irish airliner to Shannon Airport in Ireland.

The 15 day guided tour through Ireland on a bus began at Limerick, with 20 tourists from America. Mrs. Coalson's group were the only Texans aboard.

Mrs. Coalson said, "We found the entire island to be a land of beauty and enchantment. The Irish claim their country has 40 different shades of green and, in my opinion, they are all there."

The tourists were told that Ireland's business of first importance is agriculture; therefore, every available space, even the hillsides, is cultivated in small patches which are fenced by stones or pretty grass hedges. Mrs. Coalson said, "Since tourism is Ireland's second great

business, we as tourists enjoyed kindness and real hospitality, particularly while shopping for linen and cutglass."

Mrs. Coalson said the bus tour started in the Republic of Ireland, or Southern Ireland which has 26 counties or subdivisions and is mainly Catholic. The tour took them through the countryside where they saw thatched roof houses and through small cities on their way north to the six counties of Northern Ireland, which is still under British rule and is 95 per cent Protestant.

The tourists shared a little of the present tension existing in that section after crossing the border into Northern Ireland. "We were not able to shop in Belfast," Mrs. Coalson said. "Some people were shot that night while we slept in the Conway Castle, and there was much bloodshed the following day," she added. They then went southward along the Irish Sea to Dublin and on to Wexford country. Here the President John F. Kennedy Memorial Park was sighted on the lower slopes of Sliabh Coille, a commanding hill rising above the Kennedy ancestral home in Dunganstown.

Lodged in lovely hotels, many of which were modernized medieval castles, the tourists were entertained at banquets and cabarets, displaying colorful pageants with harpists and folk songs. One of the evening entertainments was a play, "The Morning After Optimism," performed at the famous Abbey Theatre in Dublin.

"Our greatest fun perhaps," said Mrs. Coalson, "was when we took a ride on the traditional Irish Jaunting Car at Killarney,

and my greatest scare came when I climbed 90 spiral steps to the top of an old castle and lay flat on my back then stuck my head down in a hole at Cork and kissed the famous Blarney Stone."

Mrs. Coalson, a retired teacher who formerly taught in Robert Lee High School, said that she is not sure whether this experience, which to her was unique, has improved her speech, but anyway it was with amazement on her last day on the Emerald Isle that she boarded a 707 Irish jet and waved goodbye to the land "where the dear old Shannon flows."
