Marker to be dedicated at Nazareth church Sunday

The oldest established church in Castro County, Holy Family Catholic Church at Nazareth, will become an official Texas historical site Sunday when a state historical marker is dedicated there.

The ceremony will be held at 2 p.m., and coincides with the church's 86th anniversary.

The church has always remained on the original plot set aside as church property in 1903.

The Holy Family Catholic Parish was established Aug. 21, 1903, when Father Joseph Reisdorff, colonizer of the city of Nazareth, said the first mass in the T.P. McCormick home.

Aloysius and James A. Mc-Cormick, Irish settlers from New York, came to Castro County in 1890. They wrote to their brother, Thomas, and other Irish friends and asked them to come and settle here.

Most of the early Irish settlers, except the McCormicks, were driven out by a drought and grasshopper plague from 1892 to 1894.

Father Reisdorff heard about the settlers in Castro County and arrived there in June 1902 to look over the possibilities of establishing a new Catholic parish. In June 1902, he purchased a section of land for a colony and parish. He chose the biblical name of "Nazareth" for the colony and named the parish in honor of Joseph, Mary and Jesus-the Holy Family.

Annexation hearings set, paving may be assessed

The City of Dimmitt has to start the process all over again for the annexation of 3.8 acres on the east side of Northwest Fifth Street north of Halsell, because too much time has elapsed since the first annexation hearings were held May 23-24.

The vote by the aldermen for or against the annexation must come within 90 days of the public hearings. The process was delayed the first time, because S&S Properties of San Marcos, developers of a senior citizens' rental housing project planned for the site, was waiting for Farmers' Home Administration approval for financing of the project.

City Attorney Jack Edwards told the aldermen at their Monday night meeting that S&S has reported tentative FmHA approval of their loan, contingent on the paving of Northwest Fifth.

"They cannot obtain the funding if the street is not paved, so the annexation would be worthless to

them without the paving," Edwards

The aldermen voted to begin the process of annexation again, and have set two public hearings for Aug. 29 and 30.

Along with notice of the annexation hearings, property owners in the area will be notified of the possibility of an assessment paving

"Annexation isn't the real question right now," Alderman Richard

City Manager Reeford Burrous said that most of the homeowners on the west side of the street with whom he had spoken were in favor of the paving, and would be willing to pay their part. It was pointed out that some of them had presented a petition for paving during the city's last assessment paving project several years ago.

Alderman Don Sheffy pointed out that Bill Potts and others holding undeveloped lots on the east side of the street were not in favor of the paving, saying it would not increase property values enough to justify the cost to them.

"I hate to see us go against the wishes of the property owners, but it would be stopping the growth of Dimmitt, what little growth we have right now," Alderman Jack Thompson said. "Where do you draw the line?"

In an assessment paving pro-Stahl said. "The paving is the gram, a portion of the cost of the paving will be charged to each of the property owners along the street, or it is added as a lein against the property, and can be paid out over a set number of years.

However, the assessment process would require additional hearings and meeting of legal requirements, as well as hiring an assessment company to handle the whole process to insure that the pavers get their money.

In other business, the aldermen approved changes in the billing process for the water and sewer departments, which will take effect as soon as new billing cards can be ordered and printed.

Works Dept. Head James Killough told the board that the current process of hand-delivering second notices on cut-offs for non-payment is taking too many man-hours for

Crime Line offers reward in burglary

The Castro County Crime Line is offering a \$500 reward for information on the recent burglary of Mrs. Aural Davis' home at 301 NW Sixth St. in Dimmitt. Mrs. Davis is also offering an additional \$500 reward, according to the Dimmitt Police Dept.

While Mrs. Davis was out of town for three weeks, one or more burglars stole a \$52,000 coin collection and more than \$50,000 worth of gold jewelry, plus a video cassette recorder, clothing and oth-

Dimmitt police believe the burglary probably occurred during the nighttime between Monday and Tuesday, Aug. 1 and 2. However, it could have occurred anytime be-

tween July 13 and Aug. 2. The burglar dismantled a window on the southwest side (rear) of the home to gain entry, and police believe he left through the same window. Officers think he probably came and went via the north-south alley in the 300 block between NW Sixth and Seventh.

The stolen coin collection includes Liberty, Mexican and California gold pieces, pre-1960 US quarters and other collector's coins.

Most of the stolen jewelry is gold, although some of it is diamond or turquoise jewelry. Some of it is heirloom jewelry. It includes gold rings, necklaces, cufflinks, charms, pins, watches, brooches and bracelets. If you can shed any light on the

burglary or any of the stolen items, call Crime Line at 647-4711. All contact with Crime Line is anonymous. When you call, you will be assigned a number to identify yourself in future contacts. If you earn a reward, the cash payment will be "dropped" by Crime Line volunteers at a place and time determined

The reward will be paid for information leading to a grand jury indictment.

Crime Line is supported by voluntary donations and operated by private citizens, with the cooperation of local law enforcement

Nazareth all-stater competes in sports exchange at Germany

It's a nice place to visit, but I wouldn't want to live there.

Rachel Huseman enjoyed her recent trip to Germany as part of an International Sports Exchange Program, but said she really appreciates America a lot more and is glad to be home.

Huseman, an all-state basketball standout from Nazareth, was selected to participate in the international basketball program by her team's coach, Marks Lanham. She spent ten days in Germany, playing basketball and touring several areas in Germany, including a trip behind the Iron Curtain.

Huseman's team was originally scheduled to play in China. The plans were changed and they were supposed to play German teams, but the Germans were unable to come up with teams, so the American girls played teams made up of American Army women stationed

"We just played for fun, it wasn't a tournament, just a series of games," she said.

"I really enjoyed the trip, but it made me appreciate America a lot more-especially the freedom we have and our food," Huseman said.

"We spent about four and a half hours in East Berlin, and it was very depressing. I think the people were so depressed because they knew they would never know what it was like to be in a free country. The people stared at us. I think they were a little afraid of us and maybe a little envious because we could leave and they couldn't.

"Going to East Berlin was pretty scary. They (East Berlin officials) told us about all these rules that we stand 'we will arrest you if you couldn't do. We couldn't take pic- don't get away. They told us to be sure and not lose our passports, or we would be in big trouble," Huseman said.

"We had to be careful of what we said there, because they had microphones placed everywhere. There were always guards hiding in the bushes watching us with bino-

"The American students got a chance to sign the Berlin Wall before they left the country.

"At the wall we climbed up to a tower and looked over the wall and saw "No Man's Land", the land between the two walls. When we were standing at the wall, on the west side, the East German military got mad at us. They could barely speak English, but we did under-

"West Berlin is very westernized. It's a lot like America. They have punk rockers and the stores play American music. I also noticed that a lot of the t-shirts had English writing on them.

"The people were rude," Huseman said. "When we tried to get service at a restaurant, the waitresses would ignore us. We talked to some men from the American Army Base and they all said the Germans were afraid the United States was trying to take over their country, so they didn't like Ameri-

Lewis finishes ROTC training

Cadet Kerry L. Lewis, son of Avie Lewis of Dimmitt, has completed a US Air Force ROTC field training encampment at Lackland Air Force Base.

Field training, attended by cadets normally between their second and third year of college, gives an opportunity to evaluate each student's potential as an officer, according to an Air Force spokesman.

The summer's curriculum consists of orientations on jet aircraft, career opportunities, human relations education and equal opportunity training. Physical fitness and survival training is also emphasized.

The field training lasts four weeks, but cadets in the two-year ROTC program receive an additional two weeks of instruction in the development of air power and the contemporary Air Force.

Lewis is a student at Texas A&M University.

Scrimmages are set

The county's three schools will be gearing up for the 1988 football season with scrimmages tonight (Thursday) and Friday.

The Hart Longhorns, with new head coach James Mireles at the helm, will take on New Deal tonight. The junior varsity will scrimmage at 6 p.m. with the varsity matchup to follow.

On Friday, Dimmitt will take on Morton there at 6 p.m. and Nazareth travels to Sundown at 6:30 p.m.

Bobcats

"Our objective going into our scrimmages is to find out how much progress we've made so far," said Army Salinas, Dimmitt's firstyear head coach.

"We feel like things are going really well. The kids are working hard and we can see the committment in their eyes."

Dimmitt's second scrimmage is scheduled Aug. 26 at home against Shallowater.

Salinas said everyone will get a chance to capture the starting positions for the season opener Sept. 2 against Roosevelt.

"We're excited, anxious and ready to get started," Salinas said.

Longhorns

During its two scrimmages tonight's and next Thursday's at Tulia — Coach Mireles will be looking at everyone, trying to fill

positions in his starting lineup.

"We're going to be giving all our kids a fair shake. We're going to try and look at everybody," Mireles said. "We've got three kids out who are trying for the quarterback position - Danny Reyna, Rey Velasquez and Jay Davis.

Hart isn't holding two - a - day workouts like Dimmitt and Nazareth, they're working out once a day, from 6 to 9 or 9:30 p.m.

"We're trying to get it all done in one long workout and the kids are working really hard. We're doing the best we can," Mireles said.

Swifts

Although the Swifts are short on depth and experience, they plan on being a force to be reckoned with

Nazareth's starting positions are pretty well sewn up for the season opener against Petersburg Sept. 2 at Swift Field, and the two scrimmages will be used to give team members some playing experience and to find areas that need work.

"We're coming along pretty good right now, but we don't have much depth. We've only got three seniors on the roster and four starters back from last year's team. Most of the kids don't have a lot of game experience," said Les Goad,

Nazareth will host Valley Aug. 26 in its second scrimmage, begin-

The new church, 150X63 ft. with a half basement, was built of buff bricks, tiles and Austin stone, and seated over 600 people. The first mass was said in the new church on Oct. 23, 1949, and the building was dedicated in November 1949.

The aldermen also agreed to raise the reconnect fee to \$25 from the present amount of \$10. Killough told them that in some cases the meter has to be pulled out to prevent the customers turning the water back on themselves.
