Whiteside Named Conservationist of the Year

RANGE IMPROVEMENT—This picture shows excellent results from well planned and applied conservation practices on the land. The brush was controlled by root plowing. The land was roller chopped and seeded with a mixture of side oats grama, greensprangletop, blue panic, K. R. bluestem and sand lovegrass. The pasture was rested

following seeding so the grass plants could become well established and produce a seedcrop. Results of growing grass on this pasture have been excellent. This is a part of T. K. Whiteside's complete conservation program and was applied with funds through the Great Plains Conservation Program. Whiteside and W. E. Jacoby examine grass in the pasture.

Roscoe Boys, Bronte Girls Receive Top Honors at Annual Jr. Hi Tournament

Roscoe boys and Bronte girls won the junior high tournament played here last weekend. Coming in second were Robert Lee girls and Sterling City boys. Consolation honors went to the Sterling City girls and Robert Lee A boys. Taking third place were Roscoe girls and Winters boys.

Girls Games

Robert Lee B girls lost to Roscoe in the opening game of the tournament 29-9. Carla Wojtek made all 9 points for the locals.

Robert Lee A girls took an easy 46-15 win from Sterling City in their first game. Vicki Gartman was high with 30; Stella Bickley had 11; Marilyn Wright 4; Kathy Deen 1.

The girls B team met Baird in their second game but lost 29-19. Wojtek made 10 and Cindy Ash 9.

RL Girl Scouts To Sell Cookies

The Robert Lee Girl Scouts will be selling cookies in the area from Feb. 9 through Feb. 17. The sale starts at 4 p.m. Feb. 9.

The cookie sale supports the Girl Scout camping program and provides funds for the troop. Each girl will have 40 boxes to sell in family size packages and the four varieties are assorted sandwich, chocolate mint, butter shorties and peanut butter.

Individual awards will be given to all girls selling their quota of 40 boxes or more and to Brownies in the first and second grades.

The girls said they need the help of everyone and asked that everyone buy cookies from them.

This second loss eliminated the girls from further competition.

In the A team's second game they stomped Winters 53-14. Gartman was high again with 20; Bickley shot 15; Deen 10; Vingilla Streng 6; and Wright 2.

This second win put the girls up against Bronte for the championship trophy, but they lost by the narrow margin of 35-31. Gartman had a big 22; Bickley made 5; Wright 2; Deen 2.

At their last regular meeting, the board of Directors of Coke County Soil and Water Conservation District selected T. K. Whiteside as the Outstanding Conservationist in the district for 1972. The selection was made from several

Water is an ever present problem for West Texas, the state and the nation — and even Coke County with all its water storage facilities is again (or still) facing water problems.

Robert Lee has had two severe water shortages in the last few years, and Bronte has problems pumping enough water from Oak Creek Lake to meet its peak needs on hot summer days.

The Commissioners' Court of Coke County has expressed an interest in the formation of a county wide water district which would provide water for both towns and for as much of the rural population as possible.

County Judge W. W. Thetford said the only way he could see any way such a district could be formed and made to function would be through the cooperation of both cities and the county.

Thetford said the court feels it would be a real boon to both towns as well as the outlying country to have an abundant supply of treated water available.

The judge pointed out that there have been some federal programs to assist in developing water resources in rural areas, but there is no way of knowing yet if these programs will be among those which are falling under President Nixon's axe.

Judge Thetford said the Commissioners' Court is considering employing an engineering firm to make a preliminary survey of the feasibility and possible cost of the project. Tentative date set for

highly qualified cooperators who have made excellent progress in planning and applying complete conservation plans on the land they operate.

Whiteside has applied conservation practices such as brush control, range seeding, cross fencing, deferred grazing, and proper grazing use. These practices were planned to meet the needs of the land for better resource management. From the results that Whiteside has achieved, there can be no doubt that this has been achieved. Kleingrass, sidecats

grama, green sprangletop, blue panic and K. R. bluestem have been used in grass seeding mixtures and have made excellent growth and production. Rest during the growing season following seeding has been an important reason for getting the good results.

According to Whiteside, these practices have been beneficial to wildlife such as deer, quail and turkey because the high producing grasses provide more food and cover than the original vegetation.

Young Stockmen Win Abilene Show Honors

Coke County received a share of the glory at the Abilene Stock Show held last week. Two of the Robert Lee FFA Chapter and Coke County 4-H Club members exhibiting animals made the top rung, exhibiting champion animals in the 33 county regional show.

Troy Millican, son of Mr. and Mrs. Elton Millican of Robert Lee, showed his heavy weight Chester White barrow to first in its class, then Champion Chester White and finally Reserve Grand Champion pig of the show.

Likewise, Billy Ensor, son of Mr. and Mrs. Marvin Ensor of Bronte, placed first in the heavy weight finewool lamb class and the lamb was selected as Champion Finewool Lamb of the show. In the premium sale following

the show, Troy's top barrow sold for \$250.00 while Billy's lamb went for \$300.00.

Several other members of the local groups made creditable showings as 14 of the 16 pigs were placed. Audrey Walker placed 4th and 7th with two entries, while Cindy Walker wound up with 4th and 5th place awards in the swine show.

Troy Millican, in addition to the champion, placed 5th in the light weight crossbred pig class with his pig that was champion two weeks earlier in the Coke County Stock Show. Wibby Millican showed three Durocs to 4th, 8th and 11th places, while Bubba Duncan placed 8th with two different entries.

Also, Eddie McDaniel placed 8th with a light weight Chester pig and 9th on a heavy crossbred, while Gary McDaniel received 11th on his pig entry and 16th on a heavy weight finewool lamb. Completing the pig entries were Kerry and Vicki Gartman, placing 8th on a light weight Duroc pig.

In the lamb show, Tom Ensor placed 16th in the light weight finewool lamb class. Others exhibiting were Kathy and Marvin Ensor, Cody and Denise McClure, Eddie McDaniel and Kyle Lee. Lish Devoll and Lynn Gulley exhibited their steers but were shut out in the heavy weight steer class.

The club members were accompanied by 13 parents and their advisors.

Local Teams Whip Junction

The high school basketball teams had a good night Tuesday when they traveled to Junction and brought home two wins.

The Steers took their game 67-52. Three of the Steers scored in two figures, Bill Rowoldt with 20, Bobby Mumford with 19 and Johnny Wolfe with 16; Harvey Wink had 6; Wibby Millican, David Beaty and Rudy Abalos 2 each.

The girls game was a real squeaker, but the local lassies had 42 points to Junction's 41. Rhonda Askins led with 19; Audrey Walker had 15; Anna Rowoldt 6; Nita Copeland 2.

District games with Mason are scheduled for Friday night here.

Austin — This city lost part of its "personality" last week. Most Austin citizens acted sophisticated about the fact that President Lyndon Baines Johnson was seen frequently at public events...

He had made frequent appearances recently — the Cotton Bowl, Civil Rights forum, Governor Briscoe's inauguration, and an economic seminar at San Marcos. Yes, Austin and Texas will miss LBJ.

He did not try to dominate the

show when he appeared publicly. did not make "news" by voicing opinions on everything, but his influence was felt in many important ways.

During last year's political campaigns in Texas, he was on the phone raising money, offering advice — supporting those who had been loyal to him during his political career.

The Texas Democratic party will miss LBJ.

Although it will not be listed in his biography, Lyndon Baines Johnson was a journalist.

He wrote a book. He helped

write and produce several television news specials. Most of all, he "made" news during his entire lifetime.

His daughter, Mrs. Luci Nugent, likes to point out that her father was "surrounded by journalists."

"My father had to live with journalists all of his life," she said recently. "My mother was a journalism graduate of the University of Texas. My sister wrote for major magazines, and I've enjoyed doing some writing."

Men who influenced him on many major decisions were journalists... Bill Moyers, George Christian, Tom Johnson and many more. He confided in many Texas newspaper editors, Art Kowert, Bob Jackson, Bill Hobby and others.

Texas journalists will miss LBJ.

He refused to let his illness slow him down.

His last public appearance was a tree planting ceremony near his home with Lady Bird. He had spent an active Christmas holiday with his wife, daughters, their husbands and children.

He attended the funeral of the 14 young people who had been killed in the bus-truck accident and the funeral of President Harry S. Truman less than a month ago.

His family will miss LBJ.

President Johnson's political career will continue to be an inspiration to young people interested in government and politics.

He came from a family of public servants, but hundreds of college students in this state look at his career and contemplate the "path to the presidency."

He was first a young school teacher, then youth administrator, aide to a Congressman, Congressman, Senator, Vice President, then President of the most powerful nation in the world.

Yes, Lyndon Baines Johnson made history interesting for Texas.

Texas will miss LBJ.

ABORTION LAW STRUCK DOWN — The U. S. Supreme Court voted 7-2 to strike down the state abortion statute. Holding that medical abortion in the first six months of pregnancy should be a private matter between a woman and her physician, the high court ended a controversy begun in 1970 when "Jane Roe," a pregnant, unmarried woman from Dallas took the abortion to the federal courts.

Ironically Miss Roe, as she was named to protect her identity, won her case, but had the baby.

Gov. Dolph Briscoe asked Texas Atty Gen. John Hill for an evaluation of the ruling and for alternatives open to Texas in light of the high court decision. Lt. Gov. Bill Hobby, however, said that "the best solution is one in which the state is neutral on the subject... I believe the medical profession of Texas will respond to the decision and will treat abortion as a medical matter in a responsible way."

TOO MANY SCHOOLS? — Texas may be expanding education facilities to the extent that the quality of education may be diluted, while the taxpayer keeps digging deeper in his pocketbook to pay the bills.

Opinion was expressed here by Wales Madden, an Amarillo attorney, who is a member of the Coordination Board, Texas College and University System. Madden told CB members "educators know that increased funding is dependent upon growing enrollments. With institutions planning independently and on ad hoc basis for enrolling the same students, and with there being fewer students to spread among the colleges, we may endanger the critical mass of students, faculty, facilities, equipment and libraries established at such high cost and

hard effort in our existing institutions."

Madden placed part of the blame on local pressure on state legislators, who feel duty bound to try to create by statute a junior or senior college or technical training facility in their communities. Madden urged CB members to moderate the present expansion trend "until we determine fully what the needs are and where we are going."

Short Snorts

About 20,000 Texans are enrolled in 700 Defensive Driving Courses being offered this month in all sections of the state, the Texas Safety Association reports. Graduates are entitled to a 10 per cent reduction on automobile liability, collision and medical payments insurance.

Legislation has been introduced in the 63rd Legislature to make President Lyndon Johnson's birthday, Aug. 27, a state holiday.

After high school, will your kid go to work, or to college?

High school is the end of Free Education. If your child decides to go on to college it'll take money. Lots of money. Money that you should probably be saving right now. And there's no better way to start a college savings fund than by joining the Payroll Savings Plan where you work. That way an amount you specify will be set aside from each paycheck and used to buy U. S. Savings Bonds. Before you know it you'll have a nice little college fund on hand. Now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra

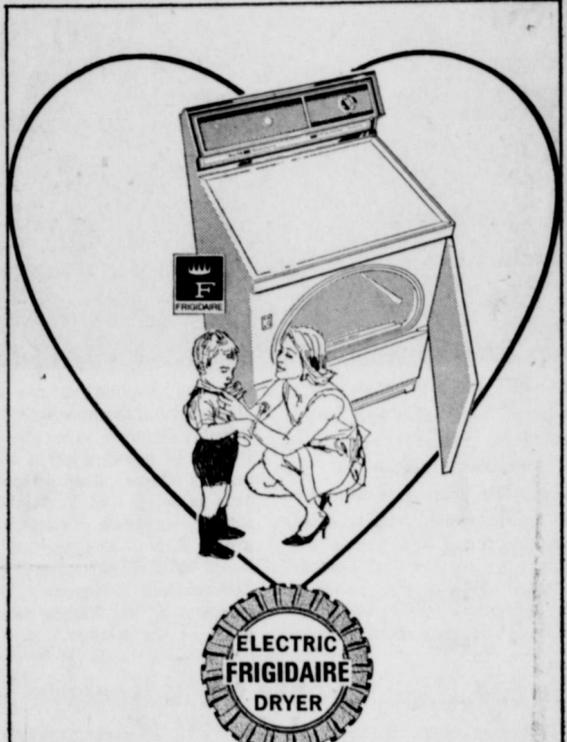

5 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds. Join the Payroll Savings Plan. And, if your child keeps studying and you keep saving, you'll both be ready for college.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. They may be redeemed with no penalty. And always remember, Bonds are a good way to save.

Take stock in America. Now Bonds pay a bonus at maturity.

Pantry Pests

The realization that something is alive in food products stored in the pantry is a very annoying experience for the housewife but sooner or later small insects which may be termed pantry pests are found in almost every home. These insects infest stored products such as dried fruit, nutmeats, dry pet foods, cornmeal, chocolate, paprika and other spices, and any food made of cereal grain such as bread, macaroni or breakfast cereals. Pantry pests may be recognized as "worms," the immature form, or as beetles or moths, the adult forms.

Pantry pests usually come into the home with a package of food that became infested along the

way from the producer to the manufacturer to the housewife. If the infested package is left in the cupboard for a long period, the insects escape and infest other foods. And so, the entire cupboard becomes infested. Many of these pests are capable of boring into uninfested food packages or because of their small size are able to enter uninfested packages through extremely small cracks in the containers.

The first step in controlling pantry pests is to locate the source of infestation. This is usually a long neglected container of dried foodstuffs. It is a good practice to inspect infrequently used materials periodically to make sure they are not infested.

Rapid turnover of dried foods is one of the surest ways of preventing trouble from insect infestations. If all insects are confined to one package, simply destroying this package eliminates

the problem. If you suspect insects have invaded other packages of food, placing these packages in a freezer at 0 degrees F. for four days will kill them. Another method of removing the source of infestation is by sterilization in the oven in a shallow container at 150 to 160 degrees F. for one-half hour. Store uninfested or heat sterilized dry foods in containers that have tight fitting lids, such as coffee cans or fruit jars. Original packages of paper, cardboard, cellophane, etc., are generally inadequate for excluding insects.

When insects are discovered throughout the entire cupboard more drastic action is necessary. First, remove all food containers. Then all spilled foods, such as bread crumbs, sugar granules, etc. should be cleaned up thoroughly, paying particular attention to the cupboard corners, cracks and crevices where eggs or larvae may

be hiding or developing. Use a stiff brush and plenty of hot, soapy water. Apply 0.5 per cent diazinon, 2-3 per cent malathion or 0.5 per cent baygon household spray to walls and underside of cupboard shelves. Pay particular attention to cracks and crevices when spraying. Restock the cupboard with uninfested or dry sterilized food products stored in tight containers. Inspect all newly purchased packages for breaks or the presence of pantry pests before buying and storing, and inspect the packages periodically after storage.

A "Guide for Controlling Household Insects"—L-311 is available at your County Extension Office.

Junior High Teams Play at Winters

Boys and girls junior high and freshman boys teams traveled to Winters Monday night for hardwood contests. The girls won their game, but both boys teams lost.

The girls came out on the long end of a 39-18 score. Leading the scoring was Cindy Ash with 14; Vicki Gartman sank 8; Stella Bickley 6; Carla Wojtek 4; Kathy Deen 3; Marilyn Wright 2; Virginia Streng 2.

The junior high boys lost their contest 37-32. Tim Rowoldt was high pointer with 12; Shell Williams made 7; Micky Baker 6;

Bobby Duncan 4; Anthony Perci-full 2; Randy Bessent 1.

Robert Lee freshman boys lost to Winters by a narrow 48-45 margin. James Beaty shot a big 25; Poly Abalos sank 10; George Abalos 7; Walter Flowers 3.

Last home games for the junior high teams will be Thursday against Winters with the girls game starting a 5 p.m. Following the junior high games the freshman boys will meet Colorado City. Final junior high games will be Monday night at Roscoe.

Mayor Adams said he had heard that an Abilene man had bought several lots at Lake Spence and would build some houses and cabins to rent.

Supt. Jim Bickley brought up the annual BCD-Lions Club banquet. A date for the affair will be set next week.

Two guests were Jim Ridge of San Angelo who came with Cumbe Ivey J., and Richard Dodson, who was a guest of Melvin Childress.

Thetford to Attend Nat'l COG Meet

County Judge W. W. Thetford will attend the Annual Conference of Councils of Governments Feb. 24-27 in Minneapolis, Minn. The judge will attend the session in his capacity as president of the Concho Valley Council of Governments.

Also attending will be COG Director Jim Ridge, Jim Hines and Skip Harless.

Following the meeting in Minneapolis the group will fly to Washington for a two day session. There they will meet with representatives of the Nixon administration and members of the House and Senate from Texas.

Judge Thetford said they will try to find out how programs and policies of the second Nixon administration will affect Texas.

Seven sensible reasons why you should join the Payroll Savings Plan.

1. You'll save money.
2. It's easy, all you do is sign up once and money is automatically set aside from each paycheck.
3. The money is used to buy U.S. Savings Bonds. There isn't a safer way to save.
4. Bonds now pay the highest interest rate ever. There's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.
5. The government replaces it if a Bond is lost, destroyed, or stolen.
6. You never see the money. It's deducted and saved before you can get your ever-spending hands on it.
7. Our seventh reason is really hundreds of reasons. Bad reasons, like you may lose your job someday or a medical emergency might come up. Good reasons, like that trip you always wanted to take, retirement, a home, a college education, a boat, a car or whatever else you may see in your future.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
Now Bonds pay a bonus at maturity

LINDA GAYE McDANIEL, ARTHUR TIMAEUS ARE WED IN ROBERT LEE CHURCH CEREMONY

Mrs. Arthur Rodney Timaeus

Miss Linda Gaye McDaniel and Arthur Rodney Timaeus were married during a ceremony Saturday in Southside Church of Christ in Robert Lee. Leao McDaniel of Abilene, uncle of the bride and minister of Cisco Church of Christ, officiated.

Parents of the couple are Mr. and Mrs. Lee Roy McDaniel and Mr. and Mrs. Art Timaeus of Tyler.

Miss Kay Kelly, vocalist, and Durrell Copeland, organist, provided wedding music.

Mrs. Jerry Catha of Natchitoches, La., was matron of honor. Bridesmaids were Jean McDaniel of Big Spring and Denese Timaeus of Tyler, sisters of the couple.

Larry Timaeus of Tyler was his brother's best man. Groomsmen were Truman Engstrom of Garwood and Allen Saenger of San Antonio. Gary McDaniel and Eddie McDaniel, brothers of the bride, seated guests.

The bride wore an Empire satin floor length gown covered with chiffon. It was designed with a sweetheart neckline covered with pearls, sheer sleeves, a long veil and pearls on the sleeves, cuffs and collar.

The reception was in the home of Mr. and Mrs. James O'raig. Serving in the houseparty were Miss Brenda Adams, Mrs. Bill Green, Mrs. Wayne Drennan, Mrs. Craig and Mrs. Earl Lindsey.

The rehearsal supper was hosted by the bridegroom's parents.

Mrs. Timaeus is a 1972 graduate of Abilene Christian College where she was a member and officer of Kappa Chi Social Club, and member of W Club and Student Education Association. She is employed as a secretary in Dallas.

Her husband is a 1972 Texas State Technological Institute graduate and is employed as a carpenter in Dallas where the couple will live after a wedding trip to Abilene.

CARD OF THANKS

We would like to express our deep appreciation to all our friends for their comfort and thoughtfulness, food, flowers, cards and visits during our recent sorrow. We want to send a special thanks to the Doctors and Nurses at both West Coke County and Sterling City Hospitals and Nursing Home for their wonderful help and care during Mrs. Cox's long illness. We were truly helped by the many comforting expressions of your friendships and affections.

EDITORIAL — Continued from Page 1

an initial meeting with engineers is Feb. 12. The judge said he would greatly appreciate having the mayors of both towns as well as city councilmen attend the meeting.

It's something we should be thinking about, particularly if we want Coke County to keep growing.
