Allen said this increase is due to sale of livestock and real estate transactions in the area.

Austin — Future development of major Texas water projects will come to a halt unless new standards laid down by the National Water Resources Council are reversed, Lt. Gov. Bill Hobby says.

Hobby, joined by State Sen. Max Sherman of Amarillo, and serving as spokesman for four Texas water advisory councils, urged President Nixon and Texas congressmen to alter the regulations.

#### MR. STOCKMAN:

Now is an ideal time to start your sheep and cattle on Range master liquid feed. There is a need to start 3 to 4 weeks before you plan to start your heavy feeding. This gives your stock adequate time to adjust properly. Feeding efficiency, nutrition, economy, and dealer service are just some of the reasons to start your stock on 32% Rangemaster liquid feed.

We now have the sheep and cow feeders to fit your specific needs, and would service you to meet your satisfaction.

"Unless this policy is reversed," said Hobby, "Texas stands to be harmed very substantially."

The new principles and standards for planning water and related land resources are effective Oct. 25.

While acknowledging that they have merit, Hobby said, they would destroy "the long established partnership between federal and state governments for development of water resources. . . . For all practical purposes, the thrust of 'principles and standards' wipes out the present day mechanics for use and control of water, and falls short of practical substitutes."

A proposed "discount rate" feature, claimed Hobby, precludes federal participation in traditional development of water projects. The standards, he maintained, would further force impractical planning for projects on an in-state basis.

In the last five years, more than \$850 million have been invested by the local, state and federal governments in Texas water projects. About a fourth of that was federal money.

Refusal by the federal govern-

ment to finance in the future "nonreimbursable features" such as fish and wildlife, recreational benefits and flood control provisions would ban parts of water projects that "tend to enhance the environment," said Hobby.

**DOUBLE HEADER CONVENTION PLANNED** — Legislators are being polled on a proposal to split next year's constitutional convention into two sessions — one from Jan. 8 to April 6 and the second after mid-June.

Sen. Bill Meier of Euless offered the suggestion, contending that the convention may be poorly attended just before May and June primary elections. Many legislators, who are delegates to the convention, will face opponents for reelection.

The recess, as proposed by Meier, would give legislators nearly a month to campaign before the May primary and another month after the June runoff.

Meanwhile, House Speaker Price Daniel Jr. urged lawmakers to set a 90 day flexible and extendable timetable for the convention and try to finish the job of rewriting the constitution by early April. He said legislators can do it by making use of the research of the Constitutional Revision Commission as a beginning point. Daniel said taxpayers will be saved nearly \$2 million if the convention winds up in 90 days rather than extending over the full 170 days allowed.

**ALLOWABLE STILL AT 100 PER CENT** — For the 20th straight month, the Texas Railroad Commission set the November statewide oil allowable at 100 per cent.

Uncertainty of supplies for winter months and possible cuts in imports from the Middle East were cited by Chairman Jim Langdon.

**AG OPINIONS** — Counties may use federal revenue sharing funds to contract with private non-profit corporations to construct recreational facilities for the aged, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

\* The state comptroller must pay statutory witness fees for out of state witnesses into the court registry on certification by the judge that fees are necessary to compel attendance. A county can advance funds and be reimbursed by the state.

\* A State Insurance Board order authorizing companies to set unusual risk rates subject to later board approval is not authorized.

\* Status of an area from dry to wet can only be accomplished by a "for" vote on a legalizing proposition, and transformation of a wet area to a dry area can only be accomplished by an "against" vote on a prohibitory proposition. A city prohibitory election which

does not result in a vote unfavorable to the sale of alcoholic beverages has no effect at all upon the city or any part.

**COURTS SPEAK** — A three judge federal court in Dallas adopted the so-called "Plan B" for Texas congressional reapportionment, which will require some readjustment of existing boundaries. Attorney General Hill said he has no plans for further

appeals. Motions to intervene in the case were rejected as not "timely."

### Thoughts

From The Living Bible

Three days later they finally discovered him. He was in the Temple, sitting among the teachers of Law, discussing deep questions with them and amazing everyone with his understanding and answers. His parents didn't know what to think. "Son!" his mother said to him. "Why have you done this to us? Your father and I have been frantic, searching for you everywhere." "But why did you need to search?" he asked. "Didn't you realize that I would be here at the Temple, in my Father's House?" But they didn't understand what he meant.

**Services Held for Accident Victim**

A head-on collision of two trucks on U. S. Highway 60, 2.2 miles west of Ringwood, Okla., resulted in the death of 27 year old James (Jim) Madison Kinney of Enid, Okla., and driver of one of the trucks. Kinney died at 9:30 a.m. Oct. 14 of injuries received in the accident about 4 a.m.

Ironically, both trucks were from the Ray I. Jones Service Company fleet. Bruce Donald Peat was driving west in a Jones winch truck when it collided head-on with a Jones semi-trailer tank transport driven by Kinney. Trooper Emmitt Goodson of the Oklahoma Highway Patrol, said Peat's winch truck was left of center when the trucks collided atop a small hill. The cab and engine of the transport caught fire and burned, burning Kinney on 99 per cent of his body. The winch truck overturned.

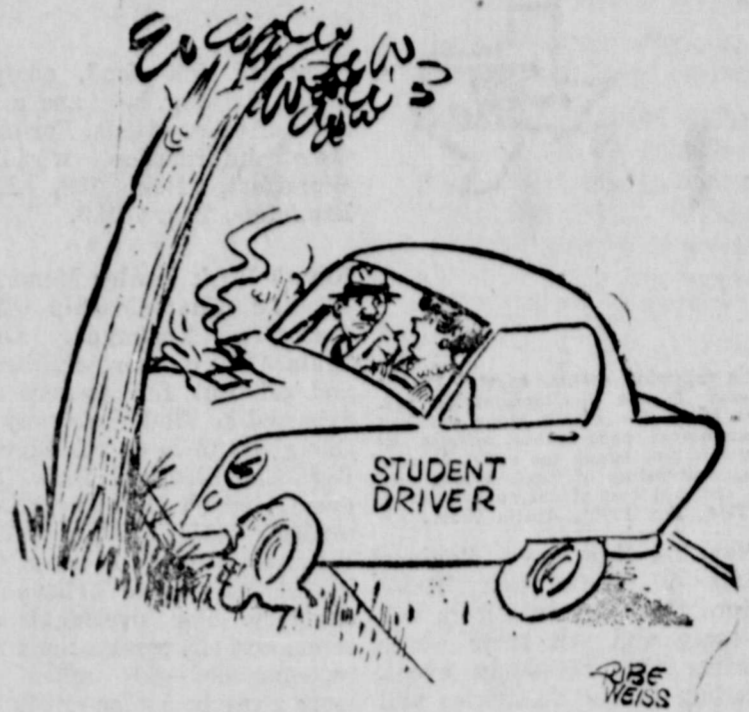

At last report, Peat was in satisfactory condition in an Enid hospital. Both drivers were alone when the accident occurred.

Funeral services for Kinney were held Wednesday, Oct. 17, at 2:30 p.m. at the Aline Christian Church with burial in Aline Star Cemetery under direction of the Wentworth Funeral Home of Carmen.

Kinney, a former Robert Lee resident, is survived by his wife, Dianra and his 4 year old son, James Travis, of Enid; his father, Kenneth Kinney and a sister, Janie Kinney, both of Enid; and a brother, Wayne Jr. of Eugene, Ore.

**The cost of not saving keeps going up.**

If you need cash and you haven't saved it, you have to borrow. And that means paying through the nose to use someone else's money.

So it makes sense to put away a few dollars of your own. One great way to do just that is by purchasing U. S. Savings Bonds through the Payroll Savings Plan where you work. It's an easy way to build a nest egg.

Now there's a bonus interest rate on all U. S. Savings Bonds — for E Bonds, 5 1/2% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with comparable improvement for all older Bonds.

Buy U. S. Savings Bonds. It's a lot better to be receiving interest on your own money than paying it out on someone else's.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

The stripers caught by line users are going for perch baited hooks.

Black bass fishermen are beginning to pick up a few stripers. An eight pounder was caught last week by a fisherman chunking a spinner bait in shallow water.

# Steers Stunned By Sonora, 41-7

By Ronnie Baker

Them Devils River Bandits are still for real, as they showed their old selves in depth and aggressiveness last Friday night when they handed the Robert Lee Steers a 41-7 defeat.

The Sonora bunch may not be an overall state playoff team, as they have been so many times in the past, but you flat can't take nothing away from them. The Steers have nothing to regret, except maybe the score, for Sonora is still Double A material. O well! Maybe one of the days!

### First Quarter

Sonora received the opening kickoff at their 10 and returned it to their 37. The Steers held at the Bronco 42 and they punted dead at the Steer 25. The Steers gained little and punted to the Bronco 23, no return. Sonora made a 1st at the Steer 49, but the Steers held at the 46 and Sonora punted high to the Steer 24 with no return.

Sonora held again for little gain and Sockwell punted to the Bronco 10 and they nearly broke it but were stopped at the Steer 44. Then disaster, on the first play as they broke up the middle for another 44 and the first TD. The extra kick was good and it was 7-0.

Sonora's kickoff went to the Steer 12 with a return to the 30. The Steers fumbled at their 41 with Sonora recovering. On 2nd down Sonora repeated the first TD with another run for 40 yards. The extra kick was good and it was 14-0.

Sonora's kickoff was taken on the 6 and returned to the 12. The Steers made a 1st at the 26, then Sonora held and Sockwell got a boomer away to the Sonora 25. But the blocking was there and the speed was there and they returned it the whole 75 yards for another touchdown. The extra kick was good and it was 21-0.

Sonora kicked off to the Steer 10 and it was returned to the 31 by Daryl Copeland. The Steers made a 1st at their 45 as the first quarter ended.

### Second Quarter

The Steers continued with a 1st down assault to the Bronco 15 yard line. But then the Broncos held and they started driving it out and made four 1st downs to the Steer 2 yard line, from where they scored. The extra point try

was no good and the scoreboard read 27-0.

The Broncos kicked off into the Steers end zone and the ball was brought out to the 20. The Steers made a 1st at the 31, but then Sonora held. Sockwell punted to the Bronco 40 and the ball took a weird bounce, hit a Bronco and the Steers recovered at the 40. The Steers went to work and made 1st downs at the 29, the 18 and the 4. From there Poly Abalost went over on 1st down for the Steer counter. Craig Bessent kicked the extra point and the score was 27-7 with 30 seconds left in the half.

The Steers kicked off to the 36 on an onside attempt, but it failed and Sonora recovered it. The Broncos went to the air, trying to get a quick one, but Bill Rowoldt intercepted at the Steer 29. So, the Steers tried to get a quick one, but Sonora intercepted as the half ended.

### Third Quarter

The Steers received the kickoff on their 10 and returned to the 20. Sonora held at the 22 and Sockwell punted out of bounds at the 50 yard line. Sonora made a 1st at the Steer 32. Two plays later they broke another one up the middle for a TD. The extra kick was good and it was 34-7.

The Steers took the kickoff at their 15 and returned to the 27. They made a 1st at the Steer 42, then another at the Sonora 46. There Sonora held again for little gain and Sockwell punted to the Sonora 5 and the return was to their 10. They made a 1st at their 29. Then the Steers held and Sonora punted to their 46. The Broncos held the Steers for no gain and Sockwell punted out of bounds at the Sonora 20. The Broncos made three 1st downs to the Steer 36 as the 3rd quarter ended.

### Fourth Quarter

The Broncos fumbled and Cliff Cole recovered at the Steer 37. The Steers made a 1st at the Bronco 39, then they fumbled it back to the Broncos. Sonora went for a 1st at the Steer 23, then another at the 1 yard line. From there they scored. The extra kick was good and the score was 41-7.

Sonora kicked off to the Steer 10 with a return to the 32 by Wibby Millican. The Steers made a 1st at their 46. There the Broncos held on downs and made 1st downs at the Robert Lee 41, then at the 30. Rowoldt intercepted a pass at the 9 yard line and the Steers moved the ball for 1st downs at their 26 and the Sonora 46 as the game ended.
