Dogies Break Losing Streak

The Robert Lee Junior High Dogies got the season off to a good start last Thursday by defeating the Roscoe Junior High Clodhoppers, 6-0. The winning touchdown was scored by Clay Allen, backed by the entire team.

Fair Needs Help Of County Firms

Dates for the Coke County Fair, which had been set for this weekend, have been changed to Oct. 18, 19 and 20. The postponement will allow ample time for the new facilities of the Coke County Recreation Show Center in Robert Lee to be completed in time for the exhibition.

All business firms of Coke County are urged to make plans to set up booths and exhibits and help make the fair a big success. Persons working on the fair reported that business firms are dragging their feet in making reservations for the booths. They said the fair cannot be the success hoped for without the support of businesses in the county.

Deadline for commercial exhibit reservations will be Oct. 7. The charge for the booths will be \$1.00 per front foot. Reservations can be made by contacting the County Extension Office.

Individual exhibitors are also requested to keep the new dates in mind and get their exhibits in order to show them. Everyone is invited to take part in the fair and make it better than last year's.

BCD TO MEET SEPT. 17

The Robert Lee BCD will meet next Tuesday, Sept. 17, at 12 noon at the HiWay Cafe for their regular third Tuesday meeting. All members and other interested persons are urged to attend. The organization meets the first and third Tuesdays of each month.

The win broke a long dry spell for the Dogies after they went through last season without a single win.

Coach Butler said the team played a good game and he and the entire coaching staff are proud of the boys. Butler said, "Although they made some mistakes, they overcame them to go ahead and win. He added that the Dogies have been working hard in all the workouts and as the season progresses, they will improve.

The Dogies will travel to Menard this afternoon (Thursday) for a tilt with the junior high team, and all Dogie fans are invited to make the trip to Menard and back them.

Two Robert Lee Firms Burglarized

Two burglaries have occurred in Robert Lee during the past week. The HiWay Cafe was burglarized Wednesday night of last week and The Corral recreation center was broken into Tuesday night.

The burglars took money from the cigarette machines and juke box as well as cigarettes at the HiWay Cafe. The break-in was discovered by Otho Long, operator of the cafe, when he opened the business early Thursday morning.

Entrance was gained by working the front door lock open with a knife or similar instrument.

Cigarettes and approximately \$57.60 in cash were taken from the cigarette machine and \$4.00 was taken from the juke box. Both machines were damaged with the juke box receiving the most damage. Long said that both machines have been repaired and are in working order again.

Mr. and Mrs. Long had been closed the previous week in order to do some repairs and remodeling on the cafe and had just opened for business again Wednesday morning.

The Corral was broken into some time after 10:30 Tuesday night when the owner, Jack Trimble, closed the business. He discovered the robbery when he went to the Corral Wednesday morning about 10 or 10:30.

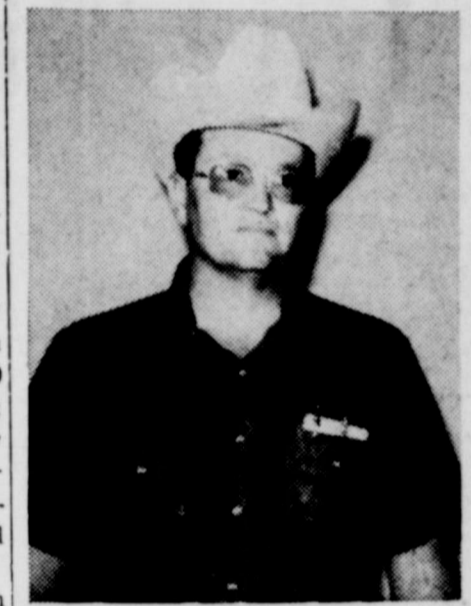

Entrance was gained by prying boards off a back window and breaking the window glass. The lock was broken off the back door when the intruders were leaving.

All the money, estimated at \$150 in quarters, was taken from three Foos Ball machines and considerable damage was done to the machines.

Sheriff Douglas Robertson and department personnel are investigating the burglaries, but reported Wednesday morning that no arrests had been made.

The annual contest for the Coke County football championship will be played here Friday night when the Robert Lee Steers host the Bronte Longhorns. Kickoff time is 8 p.m.

A large crowd of local fans and Bronte fans is expected to be on hand for this game. Even though Robert Lee is in Class A and Bronte is in Class B, and they do

Rex C. Brand

Rex Brand Takes Job at Kerrville

Rex C. Brand, Range Conservationist with the Soil Conservation Service in Robert Lee, has accepted a position as District Conservationist in Kerr County. He and his family will live in Kerrville.

Brand came to Robert Lee 6 1/2 years ago. He is a 1965 graduate of Oklahoma State University and went to work for the SCS in June 1965 at San Angelo. He worked there less than a year and went into the Army for two years. He accepted his position in Robert Lee following his Army hitch.

Brand has been active in community affairs while living in Coke County. He and his wife, Sheila, have a son, Greg, 7 years old, and a daughter, Kelly, 5 years old.

not compete for district honors, this contest is still a big event for Coke County. It provides the biggest crowd of the season whether played in Robert Lee or Bronte.

Coach Bob Meason's Steers will be seeking their first victory of the season after losing the season opener last Friday to the Merkel Badgers, 7-0. The Longhorns had an open date last week and this will be their first game in 1974.

Coach Gerald Sandusky of the Longhorns has one of the biggest squads he has coached in years. On the other hand the Steers are short on depth. The tough Steer defense will be relied on heavily to keep the visitors in check.

Everyone is invited to be on hand Friday night to support the Steers.

Ivey to Sponsor Punt, Pass & Kick

Local youngsters, both girls and boys, between the ages of 8 and 13, will be competing on Saturday, Oct. 5, for 18 trophies in the first level of Punt, Pass and Kick competition. This will be the 14th annual PP&K contest co-sponsored by the National Football League and the Ford Dealers of America.

Ivey Motor Co. of Robert Lee will sponsor the event for Coke County youngsters again this year and is running an ad in this issue with information concerning the time, place, etc.

Youngsters may register at Ivey Motor Co. and they must be accompanied by a parent or guardian. There is no registration fee. Deadline for registering is Oct. 4. A table will be set up Friday night at the football stadium, during the Robert Lee-Bronte football game, and all who are interested can pick up their registration blanks.

When a youngster registers, he or she will be given PP&K Tips Book which includes a complete set of rules, helpful conditioning exercises and important punting, passing and place kicking tips.

Participants compete only against others in their own age group. No special equipment is required and there is no body contact. Participation does not impair a youngster's amateur standing.

First, second and third place winners of local competition in each of the six age groups will receive a trophy. Additional trophies will be awarded to the first place winners in the zone, district, area, divisional and national finals.

RIDING CLUB SETS PLAY DAY

The Coke County Riding Club will have a Play Day Saturday night in the Bronte Arena at 7:30 p.m. Ribbons will be awarded the winners in each event. There will be races in key hole, pole bending, barrel and flags. Everyone is invited to come watch the performance.

Mr. and Mrs. Allen Bloodworth of Mason visited his parents, Mr. and Mrs. H. L. Bloodworth of Silver, over the weekend.

An Editorial

During the past month that Gerald Ford has been President of the United States, he has received immense public and congressional support from both Republicans and Democrats in what looked like a sincere effort to pull this nation out of the cesspool of stinking murky filth that Richard Nixon had led us into during the past two years—and probably longer.

Hopes were running high that this country's constitutional provisions for equal treatment under the law would be able to clean off the slime and dirt and again fly high and bright. Last Sunday, Gerald Ford shot down once again our hopes for equal justice, when he signed a "free, full and absolute" pardon for any criminal activities committed by Richard Nixon while he was president of the United States.

It was so premature. Nixon had not been indicted for any crime; he had not been convicted of any crime. His guilt, it's

true, was clearly established by his own sloppy conduct of his office and the recording of criminal activities on tapes. His guilt was further established by his resignation from office, which never would have been done had he thought he had any chance to survive the accusations against him.

This placing of the presidency above the law by President Ford (as Nixon tried so hard to do) wreaks of inequities in our system. The hogwash Ford put out about how much Nixon and his family had already suffered is invalid and without logical or legal base. All criminals and their families suffer when they are caught and have to face the music.

President Ford might have done an act of mercy Sunday, but he sure split his britches as being the country's chief executor of laws and justice.

Even Nixon got a raw deal out of his pardon. Even Richard

Voter Registration Week Sept. 16-21

Gov. Dolph Briscoe this week signed proclamations denoting the week of Sept. 16-21 as Voter Registration Week and designating Tuesday, Nov. 5, 1974, as the date for the state wide General Election. A copy of the Voter Registration proclamation accompanies this story.

Governor urged all eligible Texas citizens to register to vote in order to insure maximum citizen participation in this year's important elections. He pointed out that the voters will be selecting all state officials, many members of the U. S. Congress and numerous county and local officials. Coke County citizens will vote on their next U. S. Congressman and representative to the Legislature.

"Only 30 per cent of the registered voters cast their ballots in the May primaries," Governor Briscoe said. "I certainly hope that many more of our citizens will participate in the November elections and vote for the candidates of their choice. The right to vote is one of our greatest constitutional privileges, and I urge all Texans to exercise this right on Nov. 5."

Our office has had numerous requests for pickles, canning peppers, and relish recipes. I am including some recipes I hope will be helpful to you in preserving your peppers.

Pickled Sweet Red Peppers

Wash outside of peppers and wipe dry. Cut slice from stem end and remove seeds. Cut into thin strips, or into long ribbons, working around and around the pepper. Soak well, then drop into ice water to crisp. Drain. Put the peppers in hot jars; fill with hot syrup made in the proportion of 1 cup sugar to 2 cups vinegar. Close. Process in boiling water 7 minutes. Start to count processing time as soon as water in canner returns to boiling.

Pickled Jalapenos

Wash jalapeno peppers. Pack tightly in hot jars. For each cup of vinegar, use ¼ cup water and ¼ cup olive oil, 1 teaspoon salt and 1 teaspoon pickling spices. Heat mixture to boiling. Pour over peppers. Close jars. Process 10 minutes in boiling water bath. Start to count processing time as soon as water in canner returns to boiling.

Bell Peppers

Can the sweet bell pepper with the skin on. Remove the seed pod. Boil 3 minutes and pack tightly into jars to within ½ inch of top. Add ½ teaspoon salt to each pint. Fill to within ½ inch of top of jar with precooking liquid or boiling water. Put on cap, screw band firmly tight.

In pressure cooker process pints 35 minutes at 10 pounds pressure.

Pimiento Peppers

Select ripe, sound peppers. To remove skins put whole peppers into boiling water 12 to 15 minutes, or place in a moderately hot oven for 6 to 8 minutes. Dip quickly into cold water, peel, stem and cut out seeds. Flatten. Pack in layers into pint jars to within ½ inch of top. Do not add water or oil.

Process pints 10 minutes in pressure cooker at 10 pounds pressure.

Following is a recipe that you might want to try. It is good with any kind of meat.

Fiery Hot Pepper Jelly

¾ cup bell peppers, orange or red

½ cup hot green peppers (the larger the better—large ones aren't so difficult to seed and grind)
6½ cups sugar

1 small bottle liquid pectin such as Certo

1½ cups apple cider vinegar
Seed and grind peppers, retaining juice. Add peppers to sugar and vinegar. Bring to rolling boil, stirring from time to time with a wooden spoon. Remove from heat and let cool 5 minutes. Add Certo. Let stand until mixture starts to jell, stirring now and then so peppers don't settle to bottom. Pour into glasses and seal with paraffin.

Through the trial and error method it has been found it is best to wear rubber or plastic gloves when handling the peppers. This fiery jelly is worth weeping and groaning over once you have tasted the results.

Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879; today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips:

CARE FOR LIGHTING EQUIPMENT

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cords or plugs. Replace or repair them immediately if they are faulty.

LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

Nixon, a dangerous man to have in high office, deserves his day in court. He should be allowed to and made to relate his side to the American people. Now, the whole sordid affair probably will never be made public.

Gerald Ford's do-goodness completely stepped over the bounds of reason, propriety and justice. This country again has been left in a limbo of continued wrongdoing and injustice, and people must be developing fuzzy ideas of what's right and what's wrong.

Somebody's trying to take something that belongs to you.

Right here in Texas

In fact, somebody's trying to take something that belongs to all of us: freedom of speech. Somebody's undermining your right to communicate, to listen, to have all available information on a given subject.

Somebody's trying to tell certain Arkansas companies they may not advertise their services.

But advertising is just another word for communication. It is public information; it gives you a choice. It encourages new and better ways of doing things and helps continue the development of newer, better and more economical consumer goods.

Now, however, the right of certain Texas companies to communicate with their customers is in danger. This could ultimately have more far-reaching effects on free speech as we know it.

Right now, we want you to think very long, very hard and very deeply about advertising and about the good it does in America. We want you to think about its effect on business, on your own entertainment, on radio, television, newspapers and magazines, on your right to know.

We want you to think about the effect advertising has on your company's sales, and how the sales of your company affect your own life-style.

Right now, we want you to think very long, very hard and very deeply about the issue of free speech. Then we want you to write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators and your friends and tell them how you feel.

The ball is in your hands. It's up to you not to drop it.

Badgers Outman Steers, 7-0

By Ronnie Baker

Fourteen seniors versus six seniors, five juniors and three sophomores pretty well tells the story of how the Merkel Badgers came out on top with their victory over the Steers last Friday night. The season opener was played in Robert Lee.

Experience plays an important part in any ball game, and with the size and muscle to go with it,

the Steers played against pretty heavy odds. The Steer defense is unbelievable to keep coming up year after year with the guts to stay to the end against, many times, greater odds.

The Steers are very short on depth this year. If you think this situation is easy to cope with in West Texas football, boy, you have missed a lot of what this game is all about. So, keep on reading and you will see what a little man does against a big man, with nothing but guts going for him!

First Quarter

Merkel received the opening kickoff with Doug Herford kicking it out of the end zone. With the ball at the 20, the Badgers put on a three 1st down march to the Steer 29 where the Steers held them on downs.

In two plays the Steers fumbled and Merkel recovered at the 34. Merkel made a 1st down at the Steer 16 and a tough defense caused a fumble at the 25 and Herford recovered the loose ball on his 31. The Steers couldn't move the ball and an attempted punt was recovered by Merkel on the Steer 14. Two plays later Merkel fumbled with Mike Walker recovering on his 16. The Steers made a 1st down at their 32 and moved on to the 39 as the 1st quarter ended.

Second Quarter

Merkel held on the 39 and Sockwell punted to the Merkel 29 with no return. The Steer defense pushed them back to their 12 and Merkel punted to the Badger 44. The Steers made a 1st down on the Merkel 15 on a good pass to Mike Percifull. Then the Steers fumbled with the ball rolling back to the 21 yard line.

Merkel put on another drive to the Steer 15 where Craig Bessent recovered a fumble. Merkel held at the 18 and Sockwell punted to the 50 yard line with a return to the Steer 37. Then it finally happened. From the 33, Merkel took to the air and scored a TD. The kick was good and the score was 7-0. Less than two minutes remained in the first half.

The Badgers booted a successful on side kick on the kickoff and recovered at the Steer 40. They tried desperately to score again but time ran out on the Steer 15.

Third Quarter

The Steers received the second half kickoff and returned to their

24. They couldn't move, so Sockwell punted to the Merkel 45 with a return to the Steer 41. Merkel fumbled again with Mike Percifull recovering at the Steer 40. The Steers couldn't move and Sockwell punted to the Merkel 9 yard line with no return. Merkel made a 1st down at the 19, then moved to the Steer 38. The Steers held at the 36 where they took over on downs. A Steer fumble was recovered by Merkel at the 33. The Badgers went for a 1st at the 19, then they fumbled and Walter Flowers recovered on the 20. The Steers moved to their 33 for a 1st down and were on the 42 when the third period ended.

Fourth Quarter

Merkel held and on a 4th down fumble recovery at the 39 took over the ball. They made a 1st at the Steer 26 and then fumbled at the 10 with George Abalos recovering. The Steers moved to the 25 for a 1st down, then went for another at the 36, but they fumbled at their 29 and Merkel recovered.

The Badger QB dropped back for a pass attempt and Steer tackles broke through with Herford knocking the ball loose and Craig Bessent recovering at the Merkel 46. Merkel held on downs at the 46 and proceeded to make a 1st Steer 28. The Steers held at the 19 and took over. The Badgers got the ball right back on a pass interception at the 40. Little time remained and they ran out the clock with a 7-0 victory.

The cost of not saving keeps going up.

If you need cash and you haven't saved it, you have to borrow. And that means paying through the nose to use someone else's money.

So it makes sense to put away a few dollars of your own. One great way to do just that is by purchasing U. S. Savings Bonds through the Payroll Savings Plan where you work. It's an easy way to build a nest egg.

Now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 1/4% when held to maturity of 5 years, 10 months (4% the first year). That extra 1/4% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with comparable improvement for all older Bonds.

Buy U. S. Savings Bonds. It's a lot better to be receiving interest on your own money than paying it out on someone else's.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.
