CARL DALLY

Judge of the Texas Court of Criminal Appeals

"Carl Dally has been a commissioner-in-aid to the court of criminal appeals for half a decade. He has argued before the U.S. Supreme Court and has had extensive experience in both the criminal and civil branches of the law. His opponent is a man with no judicial or appellate experience in criminal cases. We urge Texas Democrats eligible to vote in the June 5 runoff to inform themselves of the qualifications of the candidates in this and all races. We urge them not to vote for a vaguely familiar name, but to vote for the best man. In the case of the runoff for the criminal appeals court, the best candidate is clearly Carl Dally."

AUSTIN AMERICAN-STATESMAN

The Fort Worth Star-Telegram calls Carl Dally "eminently qualified" and the Houston Chronicle says he is "uniquely suited" to serve on the Texas Court of Criminal Appeals. Dally is also endorsed by newspapers in Dallas, Lubbock, Corpus Christi, San Angelo, Tyler, Bryan, Beaumont, Port Arthur, Victoria and Wichita Falls.

Ask your lawyer, your district attorney, any judge, or informed friend about the candidates in this important race. Then vote for the best man.

JON NEWTON

Texas Railroad Commission

The Railroad Commission is one of the most powerful regulatory and conservation agencies in America. Two candidates are in the June 5th Democratic runoff election:

JERRY SADLER, 68, who entered politics in the 1930's, was defeated as Land Commissioner in 1970 after an official reprimand from the Texas House for refusal to cooperate in an investigation... bad absentee record in public office... investigated by a grand jury for using a state employee to run his private motel... sued for civil tax fraud by the IRS... in 1969 the Dallas Times Herald declared "Sadler has made Texas government a universal target of ridicule and derision," and in 1976 the San Angelo Standard echoed, "Under Sadler, the Railroad Commission just might become the laughing stock he once made of the General Land Office."

JON NEWTON, 34, three-term House member with solid record of public service... authored the law regulating strip mining... fought for a Public Utility Commission... serves on Interstate Oil Compact Commission, Mining Council of Texas, Governor's Energy Advisory Council, House Energy Resources Committee (vice chairman)... endorsed by major newspapers throughout Texas... described by the Lubbock Avalanche-Journal as "the resident expert on energy matters in the State Legislature"... in the first Democratic primary his Bee County neighbors gave him an 85% majority over his seven opponents.

Texas' energy and utility rate problems can be solved only by vigorous, responsible leadership and fresh approaches.

VOTE FOR THE QUALIFIED, RESPONSIBLE CANDIDATE.

INSUR-MATION

 FARM BUREAU INSURANCE, 453-2812

Can you suggest a supplement to normal retirement plans for employees of a small business?

You might consider a deferred compensation plan based on the Employee Retirement Income Security Act (ERISA) to further fund retirement income. Funding through company owned (not taxable to the employee) life insurance on the employee whereby a definite amount is paid each year to the employee upon retirement. Payments are not made in the employee's name... saving him liability from current income taxes. Cash values remain part of company assets. At retirement age, the insurance can be surrendered and cash value used to make retirement payments. The payments are tax-deductible by the company. Deferred compensation, as an added retirement plan, saves tax dollars for both the company and the employee. A word of caution, any written agreement between the employer and the employee which refers to the insurance policy could result in the premiums being taxed to the employee as current income.
