Mrs. Ivey Elected to Committee

Mr. and Mrs. Cumbie Ivey Jr., delegates from Coke County, attended the Texas Democratic Convention in Fort Worth on Sept. 17 and 18. Mrs. Ivey received the high honor of being elected Committeewoman from the huge 25th Senatorial District of Texas.

The first meeting attended by Mrs. Ivey was on Thursday, a pre-convention Board of Directors meeting of Texas Democratic Chairmen. She has served on this Board of Directors for the past three years. At the Midland County Caucus and the Val Verde County Caucus Mrs. Ivey spoke in behalf of her candidacy for the position of Committeewoman to serve on the State Democratic Executive Committee.

At the Caucus of the 25th Senatorial District, Mrs. Ivey was elected with a wide-based support, carrying 32 of the 35 counties. She ran against incumbent, Miss Juanita Camfield of Tom Green County. Claude Brown of McCamey was the incumbent Committeeman, having served in this position on the State Democratic Executive Committee for 22 years, but declined to run for another term. Ben Boch of New Braunfels ran against Tom Henderson of Kerrville for this position and Boch was elected Committeeman.

Mrs. Ivey commented, "It is especially exciting at Convention when the Governor is from your District and he and his family spend time visiting with old friends and delegates."

CITY GETS NICE CHECK FOR SALES TAX

The City of Robert Lee received a 2,774.23 check from the State Comptroller's office as its September rebate for the one per cent city sales tax collected by local merchants. Comptroller Bob Bullock mailed checks totaling \$56.6 million recently to the 855 cities and towns collecting the one cent tax.

He noted that city sales tax rebates on a monthly basis rather than on a quarterly system has turned out to be a real help to Texas city governments. "This means these cities can put their money to work faster, earning interest or providing services; the city tax belongs to the cities in the first place and never should have been in Austin until the end of the quarter."

Surrounding cities received the following amounts in checks: from the state; Bronte, \$1,764.25; Balingier, \$30,548.45 and San Angelo, \$344,166.88.

RL DOGIES LOSE TO BRONTE SHORTHORNS

Coach Max Anthony's Dogies will go up against Loraine Thursday (tonight) at the local field. Kickoff time is 6 p.m.

Steers Fall to Forsan Buffs, 14-0

By Ronnie Baker

Half a ball game does not a whole game make. For the first half of the contest the Steers held their own and statisticwise they were ahead. But the game ended with a 14-0 score in favor of the Forsan Buffaloes.

Again the Steers encountered a larger ball club with good height to match and the lighter and younger Steers couldn't overcome. The Forsan Buffaloes had 11 seniors on their roster and nine juniors, compared to the Steers' four seniors and three juniors, which pretty well explains it right there.

That puts an awful load on these boys, plus the sophomores and freshmen that have to play. That takes guts, friend, and think what it does to the coaches.

First Quarter

The Steers received the opening kickoff at the 15 with Allen returning it to the 37. The Steers made a quick 1st on a pass, Baker to Percifull, but the Buffs then hold and Gartman punted to the Forsan 26.

The Steers held the Buffs for little gain and Forsan punted to the Steer 37. The Steers got another 1st at the Forsan 42 on a run by Percifull then another 1st at the

Forsan 26 on a pass, Baker to Ross. Then Brett Clark followed his blocking and got a 1st at the 8 yard line; but alas, a penalty put the Steers back to their own 34.

Forsan held on downs and took over. Forsan made a hard 1st at

the 46 and the Steers held again and Forsan punted to the Steer 20.

Forsan held the Steers for little gain and Gartman punted to the Forsan 47. The Buffs ran one play as the first quarter ended.

Second Quarter

On the first play of the quarter Forsan fumbled and Percifull recovered at the Steer 48. Forsan held for little gain and Gartman punted to the Forsan 19. The Buffs made a 1st at their 36, but the Steers then held them at the 31 and they punted to the Steer 34.

Forsan got tough and the Steers punted again, but a roughing the kicker penalty gave the Steers a 1st at the Forsan 48. Forsan held and the Steers punted to the Buff 22. Forsan made a 1st but the Steers then held them and they punted to the Steer 29. Percifull made a 1st at the Steer 39 and at the 41 time ran out in the first half.

Third Quarter

Forsan received the second half kickoff at their 25 and returned it to their 41. Forsan then made their move with a 1st at the Steer 48, another at the 30. Then on the 1st down play they burst through the middle and scored. The extras failed and they led 6-0.

Forsan kicked off to the Steer 32 with a return to the RL 41. The Steers made a 1st at the Forsan 44 with a run by Brett Clark, but then Forsan held and Gartman punted to the Forsan 47.

Forsan got another biggy that carried to the Steer 20. Then another 1st at the 4 yard line where they punched it in from there. The extras failed and the score was now 12-0. Forsan kicked off to the Steer 15 with Ross returning to his 21. Forsan held and the Steers punted to the Forsan 41. The local lads held for no gain and Forsan punted a goodie that died on the Steer 1 yard line. The Steers made a 1st at their 21 as the 3rd quarter ended.

Fourth Quarter

Forsan held at the Steer 26 and Gartman punted to the Forsan 36 and Forsan got a penalty that moved them back to the 21 yard line. The Steers held and Forsan punted to the Steer 49. The Steers couldn't go so they punted to the end zone from where the ball was brought out to the 20. Forsan made three 1st downs to the Steer 40 and the Steers held them. Forsan punted to the Steer 11. Then trouble again as Forsan halts the RL lads and on the punt attempt the ball sailed over the kicker's head into the end zone and Forsan got a safety which made the score 14-0.

The Steers had to free kick it to the Buffaloes and Tom Sawyer let that ball have it for a 70 yard kick to the Buff 10 yard line. They returned it to their 35 and a penalty against the Steers put the ball on the 50 yard line. The Steers held and Forsan punted short to the Steer 33. The Steers got a long 1st on a pass from Baker to Sawyer at the Forsan 37. But time ran out on the Steers at the 40 yard line.

INSUR-MATION

WALDON MILLICAN
FARM BUREAU INSURANCE, 453-2812

How does an annuity work? How does it affect life insurance?

Annuities and life insurance have functions which are directly opposite. Life insurance protects the beneficiaries while the annuity provides income to the insured. Literally, an annuity means an amount payable at regular intervals. It is a guarantee between a life insurance company and an individual, using assigned rates and mortality tables, whereby the company agrees to pay a specified income to the annuitant. Effectively, there is an annuity built into every life insurance policy... with settlement options in which you may take the cash value of the policy at time of retirement as an annuity... receiving a monthly income for life.

Spain Retires FROM Florida.

OR, HOW AMERICA picked up FLORIDA for \$5 million.

No luxury hotels. No drinks served at the pool. Just sand and palms and alligators. And a lot of fighting for it that destroyed property throughout Florida.

Americans in Florida figured Spain owed them \$5,000,000 in property damages.

Our government offered to pick up the tab for Spain, if Spain would retire from Florida. Spain accepted. And was out.

You know, money from our citizens helped pay for things back then. And it still does.

Today, you can help with U.S. Savings Bonds. And at the same time, they let you build savings. Easily. Automatically.

This happens when you join the Payroll Savings Plan, or buy Bonds where you bank. Year after year, you accumulate more and more savings. And it can add up to a bundle.

So maybe you'd better start this week. Because, someday, you'll have to retire, too.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deducted until redemption.

Take stock in America.

SCREWWORM CASES STILL BEING FOUND IN COKE

Coke County's 13th screwworm case cropped up last week in the western portion of the county. A sample submitted by Mrs. Tom Peays from her place 16 miles west of Robert Lee was confirmed as being a screwworm case.

All operators are urged to continue their surveillance for possible cases. The fall season, coupled with damp weather, could increase the chances for an outbreak.

Coke Ladies Report on European Tour

(Editor's Note: We are running another installment of the story of the trip of Mrs. Charlie Boecking and Mrs. W. T. Roach to Europe. We missed a couple of issues due to crowded conditions one week and illness the next week. We hope our readers enjoy this instalment and any subsequent ones.)

Germany and Austria

The next day was the Fourth of July and we went to Lake Tegernsee in the beautiful lake country of Upper Bavaria. As long as I live, I'll never see anything more beautiful than those twin towns Rottach and Egern at the southern end of Lake Tegernsee. We had a great Fourth of July party. In the midst of all our singing and clapping to the "Yellow Rose of Texas," our tour guide, Bob Gray, stopped the whole thing and asked us to join hands with the ones next to us for a prayer of thankfulness for our U. S. A. That was something and I can't describe how that felt so far away from home and in a country with which only 25 years ago we had been at war.

We had to leave this lovely place and return via Autobahn to Munich.

Our tour the next day took us to Salzburg, Austria, home of the Trappe family immortalized in the Sound of Music. We had some free time before lunch to shop and bingo—another country—Austria and another change of currency. First, Swiss francs; then German marks; now Austrian schillings. It taxed a banker's brain even with the help of a conversion table until one got the feel of the new coins and currency.

We saw the places where the Sound of Music was made including driving down that lane with the trees on each side that the kids were hanging from when their daddy came home. Late that afternoon we joined our group on the chartered train to Vienna. Same compartments, same seat mates.

German is spoken in all the countries we have visited. However, the Swiss near France speak French; near Italy, Italian; and there is a Latin-like dialect that is dying out. German is most prevalent. In Austria, they have their own special way of speaking German. We, in the two weeks, picked up a few words, but very few. The language is difficult. "Bitte" can mean "please" or it can mean "you are welcome" or "think nothing of it." "Danke schoen" is "Thank you" and that is important in any language.

I had not expected Vienna to be so beautiful, grand and elegant. We had a change of pace here that was welcome. One could stay in Vienna for a year and sight-see every day. Vienna's history spans a period of over two thousand years.

Stadt Park was across the street from our Hotel Inter Continental and we spent lots of time there sitting on the Castle grounds listening to Strauss waltzes and music of Vienna.

In Vienna, we visited Prater Park where the Giant Ferris Wheel is located. We saw the Spanish Riding Horse Academy. We spent the most time seeing the Vienna Opera House which was almost completely destroyed the 12th of March, 1945. Only the outer shell remained intact. It has been fully restored and had a season in 1969 of 47 different operas in 60 days.

The food was good everywhere. In fact, in my opinion, it is the biggest bargain (only bargain) in Europe. The vegetables are particularly good and fresh. The desserts are simply out of this world.

On July 9, we boarded our chartered World Airways jet to come home. We flew to Shannon, Ireland, where we refueled. We were on the ground 1½ hours with 50 minutes shopping time in the Duty Free Store there. We landed

again in Bangor, Maine, where we went through customs; then on to Texas to Dallas-Fort Worth Airport.

All in all, it was a great tour and I am awfully glad I went in spite of the aches and pains, but it is wonderful to be at home in the U. S. A.

"Auf Wiedersehen"

General Observations About People in Europe

The typical European woman always wears a dress, shoes with heels, no hose, has short hair, goes braless, and seldom, if ever, uses deodorant. The housewife rides a bicycle wearing a dress and hat, and carries some sort of shopping bag—sometimes heavy net or plastic as well as her purse. The very young European woman or miss wears blue jeans, sometimes has long hair but seldom.

The European men, especially Austrian, wears his coat about his shoulder (like a woman wears hers in the U. S. A. when she feels a chill in the air or is in a draft). He carries an attache case or some type of valise. He walks, wears a business suit and tie.

The favorite pop tune that the Germans play is "Yes Sir, That's My Baby."

Best Room Experiences

I wasn't involved in this episode, but several of our group were. On entering the rest room, a man attendant locked each woman in a stall and in order to get out she had to knock on the door to have him let her out, then pay two shillings.

Mr. and Mrs. Leslie Wink recently visited their son and family, the Kenneth Winks of Marathon. Mr. and Mrs. C. W. Davis of Alpine joined the group for a visit. Mrs. Davis is a sister of Mr. Wink. Mr. and Mrs. Wink also visited their son, Milburn Wink of Hamlin, this past week.

FRANK PERCIFULLS HAVE CELEBRATION

Mr. and Mrs. Frank Percifull recently celebrated their 25th wedding anniversary. They were married Sept. 15, 1951, in Sacred Heart Cathedral in San Angelo.

The Percifulls were honored with a dinner in the home of her parents, Mr. and Mrs. Hadley Richards. Those present for the occasion were Mr. and Mrs. Danny Percifull and Dane of Snyder, Mr. and Mrs. Donny Thompson and Christopher, Bronte, Mr. and Mrs. Don Mauldin of San Angelo, Mike Percifull of Sonora, Anthony, Joel, Kelly, Pat and Amy.

ALPHA KAPPA PI HAS MEETING

Alpha Kappa Pi met Sept. 22 in the home of Mrs. Bobby Roberts. President Dorene Mashburn announced that the West Texas Area Convention of Beta Sigma Phi chapters will be held Oct. 15-17 in San Angelo. Alpha Kappa Pi will send a box of new items to Big Spring State Hospital. These items will be used as Christmas gifts for the residents.

Chapter members were pleased to hear that they were a three star Chapter again this year. Beta Sigma Phi International awards this rating to chapters that have outstanding success in bringing friendship and social and cultural opportunities to each member. Also, the chapter has been awarded a "Golden Achievement Award" by the American Society for reaching an all time high in crusade income and for exceeding the per capita goal of the Texas Division.

Following a program titled "Science—Physical" given by Frankie Hood, the members enjoyed a salad supper. Decorations used the theme, "Follow the Rainbow Road." The next meeting will be Oct. 13 in the home of Mrs. Jack Mathews. The program will be given by Beverly Bell.
