The Robert Lee Observer and The Bronte Enterprise have a different look this week. The system of printing has been changed from the old method of what we called letterpress printing to another method called offset printing.

The old system which has been in use for hundreds of years requires that everything printed in the paper have an image of the letters, pictures, etc. on a base of metal or wood to make them a little less than an inch high.

We have always set most of our type on a Linotype machine which casts a metal line of the desired length out of an alloy which consists mostly of lead. All these metal lines, along with pictures. heads and ads had to be fitted together in a metal frame called a chase. It had to be

EARLY SNOW **BLANKETS AREA** The cold front which moved through this

area Thursday of last week left Coke County blanketed in snow. Sleet and snow begin falling here late Friday afternoon and continued through Saturday, leaving record amounts of snow for November.

Most all Coke Countains agree that the snow, with accumulation of 3 inches or more was the heaviest, earliest snowfall on record here.

Snow flurries struck almost all portions of West Texas and left record breaking amounts of snow and temperature throughout the Big Country.

The sun came out Sunday and melted off quite a bit of the

Most Firms To Close For Thanksgiving

Thursday of next week is Thanksgiving Day and most of the business firms of Robert Lee will be closed. A few local firms will remain open to serve local trade as well as travelers who pass this way.

School will be dismissed at 2 p.m. Wednesday and classes will resume the following Monday at the regular time.

The City Hall, offices in the Courthouse and Robert Lee State Bank will be closed. It was announced from the office of County Judge W. W. Thetford that offices in the Courthouse will be closed Friday, also. Most business firms will be open for busi-

FOURTH AND FIFTH TO PLAY SIXTH GRADE

The annual football game of the 4th and 5th graders versus the 6th grade is scheduled for Thursday, November 18, (tonight).

A spokesman for the group said that the price of admission will be 50¢ for adults and 25¢ for students. A pep rally will be neld at 2:15, Thursday in the auditorium. This should prove to

be an exciting game and fans are urged to attend and back these boys as they battle for a win.

SIGN AT A SKI RESORT: Caution - The laws of gravity are strictly enforced.

ness as usual on Friday and through the weekend.

The Robert Lee Observer will be printed on Wednesday next week in order to observe the holiday. Consequently, persons who have news items and those who wish to run ads are requested to get their copy in Monday. The cooperation of everyone will be greatly appreciated.

Both West Way and Bakers food stores are running full page ads this week, offering all kinds of good things to eat for their customers' Thanks giving Day feast. They invite everyone to take advantage of the specials which will be effective through Wednesday, Nov. 24.

Band Calendar Ready to Print

The new system is supposed to make production of our papers much easier. However, it is pretty obvious that there will be certain problems in connection with the changeover. There are bound to be mistakes made and we hope you will understand that we are just feeling our way along. We hope to do better each week.

Some of you may not like the looks of the paper as well as you do now, but we hope in short time you will become accustomed to the change in looks.

The change in printing days will move the delivery date of The Observer from Thursday to Friday, since the paper will not be printed until Thursday.

DEADLINE CHANGE

We must receive all news items and ads not later than Tuesday afternoon of each week. Some rare exceptions will be made on news which occurs Tuesday night, if it is turned in early Wednesday morning. This applies particularly to basketball games which are played Tuesday night, if the information is turned in early Wednesday morning. These deadlines are absolutely necessary, since we will take our page layouts to San Angelo to have them printed. If we don't get there in time, it will be a simple matter of no paper. The cooperation of everyone will be greatly appreciated and we sincerely hope that if you bring something in after the deadlines and we cannot use it, you will understand. Our thanks to all of our readers, adver-

tisers and news contributors for your splendid support in the

DIABETES IS MAJOR

Diabetes is the fifth leading cause of death from disease.

Diabetes is now the leading cause of new cases of blindness.

Diabetes significantly decreases life expectancy.

Diabetes is a family of diseases which has an impact on virtually all systems of the human body.

Diabetes lessens the chance of a successful outcome of a pregnancy and increases the frequency of birth defects and death of the newborn.

The complications of diabetes, particularly cardiovascular degeneration, lead to many serious health problems. These complications include premature hardening of the arteries, hypertension, stroke, heart failure, retinopathy (which can lead to blindness), neuropathy. kidney diseases, and gangrene frequently leading to amputation.

Primary diabetes alone is estimated to cost the American economy at least four billion dollars annual-

IDRA ELDR ER HONORE **Tops Steers In** Battle, 26-0

BY RONNIE BAKER

Dabant Ina Tavas

Rain storms and mud d Daniel of aths had already been registered part of the Steers .976 football program; were Mmes. out last Friday night igan, Ster-:hey got to play in a snow storm when Wall came here and won the season finale 26-0. The playing field at Griffith Stadium was covered with a blanket m Clendenof snow; it was cold and disagreeable. As far as the game was

concerned, it was a good game, except for the cold and the big plays for the Hawks. Two or three plays all year long have been the difference for the Steers. Like a broken record, if you take these plays away, the Steers' defeats would not possibly have occured, or would not have been so bad.

But it's all over with for this year and now we have to wait and think about next year and hope for better days.

FIRST QUARTER

Wall received the opening kickoff with Buddy Wallace kicking to the Wall 20 with a return to the 41. Wall was penalized back to the 16 and started from there. On second down from the 18, their big fullback broke a tackle at the line of scrimmage, broke to the outside and outran everybody to score a quick touchdown. Try for extras failed and it was 6-0. The Steers received the kickoff at their 37 but lost back to the 35. The Steers couldn't get started and fumbled the ball. Wall recovered at the Steer 38. Then Wall fumbled the cold, wet ball and Buddy Wallace recovered at the Steer 31. The Steers moved for a first down at their 44. Failing to move, they punted to the Wall 20 with a return to the 30. The Hawks drove for three first downs to the Steer 5 yard line as the first quarter end-

SECOND QUARTER The Hawks fumbled and the loose ball went into the end zone where an unidentified snow covered Steer recovered, giving the Steers a touchback and the ball at their 20. The Steers couldn't make

ed.

the needed yardage and Gartman punted to the Steer 49. Wall made a first at the 25 and another at the 15. They fumbled again and Dubby Bosworth recovered.

The Steers failed to gain enough and they punted to the Wall 40. The Hawks made a first at the Steer 46, then a long first to the 15. They pushed to the 8 yard line from where they scored. EP try failed and the score was 12-0.

Wall kicked off to the Steer 15 with Ross returning to his 34. Wall held and the Steers punted to the Wall 36 with no return. The Hawks almost broke another one as they raced all the way to the one yard line. They scored there and PAT was no good, so the scoreboard said 18-0. Wall kicked off to the Steer 25 with Ross returning to his 35. The Steers ran one play before the half ended.

THIRD QUARTER

The Steers received the second half kickoff at the 15 with Allen returning to his 32. The Steers made their second first down of the game on a pass from Baker to Sawyer at the Steer 47 Wall then held and Gartman punted to the Wall 25 with a return to the 34. Wall fumbled with Percifull recovering at the 33. It was to no avail as the Steers were stopped and on the punt attempt, the ball went low and Wall smothered the kicker at their 42. Wall proceeded to eat up the clock driving for three first downs to the Steer 20. But the Steers held at the They moved the ball to the 18 as the third quarter ended.

FOURTH QUARTER Wall held the Steers and Gartman punted to the Steer 45. The receiver bobbled the ball and the Steers converged on him, but he broke to the outside and it was clear sailing down the left side for another Wall TD. They scored a two point conversion and the score stood at 26-0.

The Steers received the kickoff and slipping and sliding they got it to the 38, but

then fumbled, and gave the ball to the Hawks. The Steers held at the 41 and Wall punted to the Steer 15. Again the Steers couldn't move and they punted to their 44 with no return Wall made a first at the Steer 20, but they fumbled and Randy Bessent recovered. Time ran out as the Steers advanced to their 23 yard line.

Owen Speaks On Making Wills Coke County Attorney

Robert Owen, in the second of three meetings on family financial management, discussed all aspects of wills with the 36 people in attendance at the shortcourse held Monday night.

What is a will, types of wills, the importance of wills and the legal implications involved when no will is left were some of the areas covered by Owen. Pierce Hoggett, vice president and trust officer of the San Angelo National Bank, will conduct the third meeting of the shortcourse. Hoggett will discuss advantages and disadvantages of trusts, setting up trusts, the cost of administering a trust and insurance trusts. He will coordinate his discussion of trusts

with the previous two sessions on property, estates and wills.

The third session will be held Monday night, Nov. 22, at 7 p.m. in the Robert Lee Recreation and Show Center. Attending the previous two meetings is not a prerequisite for attending this session on trusts. The public is welcomed and encouraged to attend.

November 19, 1976 KRUEGER ANNOUNCES CHANGE IN STAFF

Washington, D.C..... Congressman Bob Krueger has announced the appointment of Mike McKay formerly of his Washington staff and a native of Crane, Texas, to fill the position of office manager of Krueger's San Angelo office McKay, who is a graduate of Angelo State University, will be in charge of a thirteen county area which includes the following west Texas counties: Coke, Concho, Crane, Irion, Glasscock, Me-

nard, Reagan, Runnels, Schleicher, Sterling, Tom Green, Sutton, and Upton.

According to Krueger, constituents should direct their inquiries for assistance of information to the San Angelo office if they live in one of the above counties.

McKay, who has served on Krueger's Washington staff for the past year will also be doing substantial traveling throughout the District, Krueger said. "I have found Mike McKay to be thoroughly reliable and dependable while in Washington," Krueger said, "and I know he will do a good job for the people of West Texas. I hope they will kindness and courtesies they have always shown me."

AUXILIARY MEETS

The Firemen's Auxiliary met in regular session Monday night with six members present. Christmas gifts were brought for residents

of the Abilene State School.

The ladies are selling fruit cakes and other items as a fund raising activity. A spokesman said, "Sales are good for our annual fruit cake sale, but we still have plenty, as a new shipment came in last week." They also have other gift items and Christmas cards.

INSUR-MATION

WALDON MILLICAN FARM BUREAU INSURANCE, 453-2812

Two of our children are in the high school band and own their own instruments. One of them plays in a group. Will the instruments be covered under the normal rates in our Homeowner's policy?

The answer lies in whether an instrument is being used for professional or amateur pursuits. An amateur musician who only makes an occasional dollar would qualify for non-professional rates, which are lower. However, if the musician plays regularly for pay, even if only as a member of a group, accepting dates to play whenever they can get them, the professional rates are probably indicated to meet the requirements of the underwriters and claim adjusters. Check with your agent, explaining your exact situation, to be sure the instruments are adequately and correctly insured.
