THIRTY-NINTH YEAR

DIMITT, CASTRO COUNTY, TEXAS, THURSDAY, MAY 19, 1966

14 PAGES — NUMBER 31

Raymond King wrote me a letter this week, I was proud to get it. I like to hear from Raymond, he made Castro County a fine County Agricultural Agent for a number of years. The Extension Service lost a valuable man when Raymond decided to go into other work. However the old boy has done quite well since leaving Dimmitt and we are all proud of him. The letter we mentioned appears elsewhere in this issue of the News.

Another letter, of another nature, written by Allan Webb is also being published in the News this week. Allan has something to say about the recent airport bond election that it would be well to read and think about. Allan is in a position to be qualified to evaluate the necessity of an airport. A veteran pilot of World War II, Webb has kept in touch with aviation, and has logged many an hour in both military and private planes. Read his letter.

The last week of school is coming up, but that doesn't mean that we should be any less careful in our driving. Kids will be riding bicycles all over the place.

Hart High School To Graduate 22 In Senior Class

Twenty-two Hart High School seniors will receive their diplomas at commencement exercises Friday according to an announcement this week by Superintendent Andy Gardenhire.

Nazareth Honor Students Named

Honor students of the Nazareth High School graduating class were announced this week, with girls students taking off top honors with highest grade points.

Valedictorian of the Nazareth graduating class is Miss Sandra Huseman, 18 year old daughter of Mr. and Mrs. Emil Huseman. Salutatorian of the graduating class of NHS is Miss Beth Pohlmeier, daughter of Mr. and Mrs. Philip Pohlmeier.

In addition to amassing the highest grade points of any of her classmates, Miss Huseman has participated in many of the school's activities. She has been a member of the Junior High and High School Band for the past seven years, and has been a member of the FHA and Pep Club for the past four years. She was chosen by her classmates to serve as secretary of FHA for the past two years, and was named Miss FHA for 1965 and Senior FHA girl for 1966. A member of the volleyball and basketball teams, Miss Huseman also found time to fill a place in the Senior play cast. Selected to attend the American Legion Bluebonnet Girls State, sponsored by the American Legion last June.

Selected as the Best All-Around Senior, Miss Pohlmeier has been very active in school affairs. A member of the FHA for the past four years, she has taken part in pep club activities as well as serving as treasurer of FHA. Beth played basketball for three years and was a member of the regional volleyball team for two years. She placed fifth in poetry reading in Interscholastic League Competition in Plainview this year. She also attended the American Legion Bluebonnet Girls State last June.

Dimmitt Rotary Club Received Charter In Presentation Friday

The newly organized Rotary Club of Dimmitt held its charter night Friday evening at the Colonial Inn. Admitted to membership in Rotary International, world-wide service organization, on March 4, 1966, the local Rotary Club celebrated its admission with charter presentation ceremonies attended by J. M. (Jimmy) Willson, Jr., Rotary district governor from Floydada, and delegations of Rotarians from the Rotary Clubs of Tulla, Lubbock, Amarillo, Hereford and Littlefield.

Mr. Willson presented the charter to Frank Pollard, president of the Rotary Club, and welcomed Dimmitt Rotarians into Rotary's global fellowship of more than 554,000 business and professional men who belong to 11,800 Rotary Clubs in 125 countries.

The Rotary Club of Dimmitt represents a cross-section of the business and professional life of this community, since the basis of membership in a Rotary Club is the selection of one man from

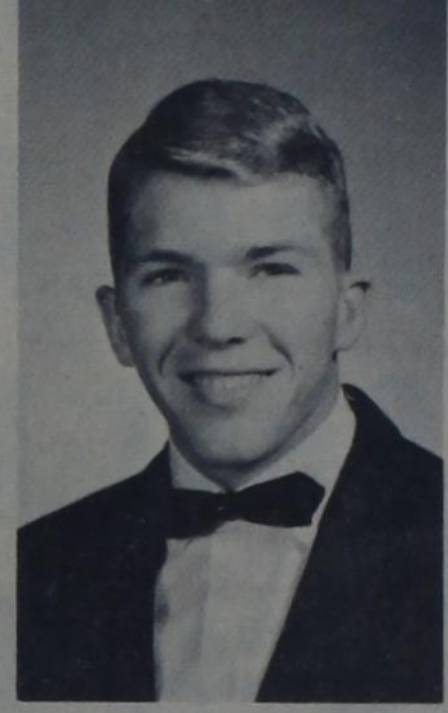

each recognized business and professional activity in the locality. This principle of membership was begun in 1905, when the first Rotary Club was organized in Chicago, Illinois, by Paul P. Harris, a young lawyer. It is the core of Rotary and imposes upon each Rotarian the obligation of representing his vocation not only in the Rotary Club, but also in the community at large.

Upon becoming a member of Rotary International, the Rotary Club of Dimmitt adopted the same objectives of other Rotary Clubs around the world. These goals relate to the promotion of fellowship as an opportunity for service, the practice of high ethical standards in business and professions, the betterment of communities, and the advancement of international understanding, good will and peace.

Officers of the new Rotary Club are Frank Pollard, president; A. V. Barnes, vice president; and Ronnie Parker, secretary and treasurer.

DHS Honor Students Named

Honor students of the graduating class of the Dimmitt High School were announced this week by Superintendent Paul Hilburn.

Taking top honors as valedictorian was Donna Gayle Summers, daughter of Mr. and Mrs. Elbert J. Summers. Miss Summers had an average grade point of 92.94.

Sharing top honors with the girls in the class was Robert H. Lindsey, son of Mr. and Mrs. Robert H. Lindsey. Robert is salutatorian of his class with an average grade point of 91.78.

Receiving honorable mention in scholastic ratings were Nancy Axe, Claudio Bendazzi, Bob Bradford, Eva Giles, Peggy Ott and Irene Thornton.

Baccalaureate Program Given

Graduation week will get underway Sunday, for the 1966 graduating class of 65 Dimmitt seniors, when the baccalaureate program is presented in the high school auditorium.

The baccalaureate program, to get underway at 8:00 p.m., will be as follows: Processional, Mrs. Keith Howard and Keith Ann Howard Invocation, Weldon McCormick Introduction of Speaker, Paul Hilburn Baccalaureate Address, Bill McAlister Benediction, Frank Pollard Recessional, Mrs. Keith Howard and Keith Ann Howard.

Jackie McLeroy Heads Recreation Leaders Laboratory

The Southwestern Recreation Leader's Laboratory was held this past week (May 2-7) at Arrowhead Assembly in Glorieta, New Mexico. The purpose of this laboratory is to encourage all type of creative recreation, particularly stressing the development of leadership.

Discussion groups were led by Professor John Montgomery, University of New Mexico. Topics for the weeks discussion were on the philosophy of recreation, the volunteer, semi-private organizations and public agencies and their role in recreation. Opportunities for leadership were provided in planning and conducting parties and ceremonies, singing, folk dancing, crafts, and games for different age groups.

Following the weeks activities the Board of Directors was elected. (Continued on page 8)

Plans For Post Office Building Received

New Proposed Postal Regulations Would Benefit First Class Offices

Complete construction plans and specifications for the New Post Office building has been received in the Dimmitt Post Office, and building should start at an early date, according to an announcement Tuesday by Postmaster Ernest Davis.

Postmaster Davis stated that the parcel post legislation H. R. 12367 pending in Congress, as parcel post reform measure, would help the Post Office Department reduce the postal fund deficiency to its lowest level since enactment of the Postal Policy Act in 1958. It was estimated that the present \$375 million deficit would be reduced to \$187 million.

As a first class post office, the local office cannot accept most parcels of more than 20 pounds or more than 72 inches dimensions, if they are going to another First Class Post Office, 150 miles or more away. However, H. R. 12367 would provide new parcel post limits of 40 pounds and 100 inches, with resulting savings for mailers at the Dimmitt Post Office. Residents of Dimmitt would save several dollars annually on heavier packages under parcel post reform legislation.

It is suggested that you contact your congressman about this legislation.

Wage Rates Set For Sugar Beet Workers

Mr. Jim Elder, Chairman of the ASC County Committee announced today the wage rates and requirements for sugarbeet work performed after April 10, 1966. The rates were determined by the Secretary of Agriculture following public hearings in the sugarbeet producing areas. The general provisions are the same as in the previous regulation.

Eligibility for a Sugar Act payment depends upon the producer's compliance with these wage rates and requirements.

The Chairman explained that workers employed on a time basis must be paid not less than \$1.35 per hour for each of the hand labor operations of trimming, hoeing, hoe trimming, blocking and thinning, weeding, pulling, topping, loading, or gleaning. Specific wage and hour provisions cover the employment of workers 14 to 16 years old.

When employment for hand labor operations is on a piecework basis, the following minimum rates per acre apply: Trimming \$10.75; Hoeing \$13.00; Hoe Trimming \$15.75; and Weeding (following trimming, hoeing, or hoe trimming) \$8.00. The piecework rate for Blocking and Thinning, hand labor operations) and for any other hand labor operation involving the removal of beets or weeds and for pulling, topping, loading, or gleaning shall be that agreed upon between the producer and worker, provided the worker's earnings average not less than \$1.35 per hour.

Mr. Elder suggests that any questions regarding wage and hour requirements of the 1966 sugarbeet program be taken up with the ASC County Committee.

Also entered in the contest were 29 Dimmitt students in solo and ensemble competition. Of the 39 there were 33 receiving First Division rating medals, which was the largest amount for any school with the next closest being 17. The band students received No. III, IV, or V, in solo and ensemble. This was the first year for the Sixth Grade Band which also received First Division rating in concert and II plus in sight reading. 82 students were entered.

Mrs. O. R. Terry of Arlington is visiting in the home of her daughter, Mrs. Halsell Thomas and Mr. Thomas this week.

Bobcat Bands To Give Final Concert Today

The final concert for the current school year will be given by all Dimmitt School Bands today, Thursday, at 7:45 p.m. in the High School Auditorium.

Band director Ralph Smith stated that the Dimmitt High School Band, the Junior High School Band and the Fifth and Sixth Grade Bands would be presented in concerts featuring popular music.

Dimmitt school bands have had a very successful year and it is expected that large crowds will attend this, the final performance of the year. An admission charge of 25 and 50 cents will be made.

Dimmitt Junior High Band Gets Rating Of 1 Plus In Contest

The Dimmitt Junior High Band, Jerry Meyer, director, was the only band, out of 27 bands in competition to be judged I plus in concert in the Junior High Band contest at Springlake Monday, 115 Dimmitt Band members participated in the festival and was the second year the band had entered the contest.

The bands were judged by Bruce Cook of Tulla and Sam Watson of Spearman. There are five levels of judging in this type contest. The Dimmitt Band received a rating of II in sight reading. Numbers played were "Stateside March," "Balladair" and "Belmont Overture."

Also entered in the contest were 29 Dimmitt students in solo and ensemble competition. Castro County HD Clubs Hold Annual Luncheon Thursday

Castro County Home Demonstration Club's annual spring luncheon was held Thursday, May 12 at the Colonial Inn.

There were forty-six ladies present, representing the four Clubs of the County: Bethel, Big Square, Flag and Mulkey. There were also several guests present.

Mrs. Clyde R. Davis, council chairman gave the welcome and introductions.

Mrs. S. R. Hutto, THDA chairman led the group in the THDA prayer.

Miss Irene Albrecht was introduced to the group as Castro County H. D. Agent.

The Texas Home Demonstration Association theme, "Lighting The Way for Tomorrow" for the year 1966 was carried out in the program.

Barbie Dolls with the names of each club were used very attractively on the tables.

Claudio Bendazzi, exchange student from Italy, was the guest speaker for the luncheon. Mrs. James Bradford came with Claudio as his guest.

Mrs. Wes Anthony was chosen as the outstanding Club Homemaker of the year. Mrs. Anthony is a member of the Big Square Club. She was presented a beautiful silver tray. The other nominees were: Mrs. Buena Schwen of Bethel and Mrs. Clyde R. Davis of Flag.

The Mulkey Club entertained with a comedy "Rhythm Band" composed of several ladies who were playing the most modern of instruments; such as rub board, coffee can drums and sand blocks. They led the group in singing several all-time favorite songs.

Texas Salvage Anniversary Is Observed

Texas Salvage, owned and operated by Mr. and Mrs. Corky Renfro, is observing its second anniversary this week. The second anniversary celebration of the firm got underway Sunday and Monday with open house and treats for their guests.

As a token of their appreciation for the liberal patronage they have enjoyed for the past two years, Mr. and Mrs. Renfro provided a number of valuable door prizes to be awarded Sunday as a feature of their anniversary celebration. Sale prices on all merchandise in the store will remain in effect through Saturday.

Merchants' "Salute of Values"

Local merchants displaying the "Salute of Values" posters have joined together to make Bargain Days the greatest selling event in the history of Dimmitt. You can read of and listen to the big city sales attractions, but none of them will compare with the values to be found in Dimmitt on Bargain Days.

No one merchant could or would undertake such a tremendous sales event as the merchants displaying the "Salute of Values" posters are conducting. Check the "Salute of Values" pages in today's edition of the Castro County News and you will find many useful items that you need and would like to have, at unbelievable prices.

Items for All Occasions

These merchants are not attempting to dispose of distress merchandise. They are offering you outlandish values on merchandise for the home, automobile and for personal use. Study the items advertised on the "Salute of Values" pages, and shop these stores for the merchandise you want and need, but heretofore thought you couldn't afford.

The values and the quality of the merchandise described on the "Salute of Values" page should excite the imagination of the most discriminate buyer. Come and see for yourself.

Stretch Your Family Budget

While the merchant is sacrificing his profit, you stretch your budget by shopping Dimmitt on Bargain Days. Take advantage of these outstanding values. If you don't have the ready cash to buy the items you want, use your charge account or their lay-away plan.

Senior Coffee

A coffee honoring the senior girls was given by Mrs. Eunice Thornton and Irene on Saturday morning, May 14. The girls and several of their teachers were served an orange coffee ring and bread sticks from a lovely table covered with a white organdy cloth. The decorations were white and purple iris and a large doll dressed in a purple and white cap and gown.

The girls were given individual favors of small graduation caps and diplomas. After enjoying the fellowship and refreshments, most of the girls left to go to another coffee given by Peggy Webb and Kristi Wesson at the Hereford Country Club.

Band Trip To Six Flags Over Texas Discussed

If you happened to drive by Dimmitt High School about four o'clock Sunday afternoon, May 9, you probably saw five chartered T.N.M. & O. buses on the west parking lot. It should not have taken long to see the words, "Dimmitt Bobcat Band" on the sides of each bus. The band had recently returned from a trip to "Six Flags Over Texas" in Arlington. They had competed in the Six Flags Music Festival. Though they received a Second Division rating, most bandsmen felt that the trip was worthwhile.

This trip began about 1 o'clock p.m. Thursday, May 5. The band arrived at the Inn of the Six Flags at about eight-thirty p.m. After eating supper in a nearby cafeteria, the band members were sent to their rooms where they were to go to sleep.

After their part in the competition was over, Smith gave the students the rest of the time off. Some went swimming, and some went to Six Flags, some came back to the Inn, and others stayed at the Inn until ten o'clock that night. There were some Dimmitt students in the swimming pools all the time it was possible.

About ten-thirty Friday night, shouts resounded throughout the Inn as the more intelligent of the band students played Red Rover and Crack the Whip. Some minor injuries were reported, but no one was injured seriously.

Most of the band students must have stayed up late Friday night because they found it hard to make it up by ten, when they were all to meet Smith to decide what to do that day. A bus was taken into Dallas for those who wanted to go shopping at the North Park Shopping Center and for those who wanted to see the movie, "Dr. Zhivago." Another bus went to Six Flags. Those who stayed behind went swimming, took sun baths, or just rested. Buses also took students to Six Flags at three and at six Saturday afternoon. Quite a few of the Bobcat Band members were at Six Flags Saturday night, for they were to go home the next morning. Some girls decided to play Red Rover and Crack the Whip again, but not for long. It seems they were tired to begin with.

The buses were loaded by seven-fifteen Sunday morning when Russel Moran gave a short Sunday School lesson, by the swimming pool. After everyone had eaten breakfast, the bus with the mighty Bobcat Band left for home. They stopped to eat lunch at Seymour, and then resumed their journey. I think it is safe to say that the band was glad to get back to Dimmitt, and Dimmitt was glad the band got back. The Inn of the Six Flags will never be the same!!! The band is also glad to announce that Mr. Meyer was

Campus Chat

Help! Will someone please pull out that cork? Oh thank goodness, some charitable old soul finally let me out of this stuffy bottle. Why, I could hardly breathe. You see, I am a geni, and someone closed me up in my bottle last night. This incident really tore me up, for I know I missed a lot of exciting adventures while I was in that smelly old bottle. However, I saw enough excitement last weekend to make up for three nights of isolation in a bottle.

Practically everyone left town last Thursday afternoon, so I just followed some of them. First I slipped in a suitcase headed for Six Flags where the Dimmitt Bobcat Band made a II in a contest Friday. There I found myself among many band members and several other students — Dan Petty, Gene Carson, Joe Bob Sanders, Charles Summers, Ronnie Hutton, Stanley Byrnes, Joe Bill Butler, and others. The kids toured Six Flags, ate, went to movies, and did everything else they could think of. Several of them went to Commerce to tour the campus of East Texas State University.

Terry Hill won 5th in the State Track Meet in Austin Friday; as I was watching Terry run, I saw that Tommy Coleman, A. D. Schreck, Jackie Matthews, and Jimmy Coleman were viewing the spectacle also.

I then ventured over to Ranger where Tony Young was trying out for the football team there; the results of this tryout are not known at this time.

When I returned to Dimmitt, I found that seven senior girls had been left in town all alone and had decided to have a slumber party. Evelyn Waggoner, Johanna Hastings, Peggy Ott, Sherlon Petty, Janet Fryar, Donna Summers and Carla Ward spent Thursday night at Alice Gambelin's house. They entertained themselves at the skating rink until 10 p.m. Carla Ward, who couldn't even stand up by holding onto the rail appeared to be the funniest skater. Sherlon Petty seemed to think that the floor needed cleaning; so when she fell down and couldn't get up, she simply scooted herself over to the rail. After looking at some kittens and a colt, the girls ventured to the cemetery to show Janet the glowing tombstone; they had planned to play tennis after that. But they got so scared at the cemetery they were afraid to stick their heads out the door again; so they ate, talked, and then retired at 2:30 a.m.

Tuesday was a busy day at DHS; for the seniors it was a glorious one. This was the day they got their caps and gowns; the long awaited time is almost here. Also on Tuesday the National Thespians — Ginger Kemp, Beth Sheffy, Jack Flynt and Jay Nelson — presented an impromptu

CO-CAPTAINS selected by the Dimmitt Bobcats for the 1966-67 season are Kent Lindsey, left, and Don Moore.

Sports News

Terry Hill ran the 880 yard dash in a time of 2:00.3 Friday night to finish fifth in the state track meet at Austin.

The time cut nearly two complete seconds off Terry's previous best run.

Terry left school Wednesday with his parents and Coach and Mrs. Anderson.

Thursday, Tommy Coleman, Jimmy Coleman, Jackie Matthews and A. D. Schreck joined them.

Terry said they had a good trip and lot of fun.

We would like to congratulate him on doing a fine job for Dimmitt High School this year.

The Co-Captains have been elected for the 1966-67 Bobcat Football Team. The two captains elected were Kent Lindsey and Don Moore. Both boys are two year lettermen. Kent is playing quarterback and Don is at end. Both of the boys were selected by the team.

Before district play starts next year, the team will select a third captain. It was a very close election and the coaches think the boys made fine choices.

play to the speech classes. Nancy Axe, Eva Giles, Penny Hays and Jan Willis helped with the TB skin tests in elementary school Tuesday.

I have seen so much activity this week I am exhausted; I think I'll just climb back in that bottle and pull in the cork. See ya next week.

Kathy Leinen And Connie Sheffy "Seniors of Week"

Two girls who will be saying good-by to DHS in a few days are Kathy Leinen and Connie Sheffy, who are this week's Seniors of the Week.

This last year has been a busy one for Kathy. During football season, she performed as a twirler in the Bobcat Band. Twirling is one of her interests. If the season is right, she also enjoys swimming and skiing.

An important title that Miss Leinen holds is that of "Miss Dimmitt."

Of all the subjects that have taken up her time, Kathy likes band best. She says high school is, "The greatest. I'm glad I'm going to graduate from Dimmitt."

This fall, WT will be home base for Kathy. She wants to become an airline hostess.

Would you like to hear the comment of a girl who has really enjoyed high school? "It's been a lot of fun and hard work. These have been the best years of my life and I shall never forget the events, the people, or the teachers of the last four years."

Connie is a hardworking member of the senior class. Anytime there is work to be done, you can bet she will be there ready to dig in and get everything finished.

This year she has spent many

Cladio Bendazzi Speaker At HD Meeting

Claudio Bendazzi, D. H. S. Foreign Exchange Student from Italy, was the principle speaker at the Castro County Home Demonstration Club's luncheon at the Colonial Inn, Thursday, May 12.

Claudio talked to the ladies about Italy. He told them about his home, his family life, and the different industries in Italy. When he finished, the ladies asked him questions about things they were interested in.

Claudio's American parents are Mr. and Mrs. James Bradford. He will leave Dimmitt the latter part of June. He will take a short tour of part of the United States before returning to Italy.

Long hours as the co-editor of the Bobcat Annual.

Her interests are reading and next year are, to go to WTSU, get a BA in history with a minor in government and a foreign language. After this, she plans to get a Masters Degree in Library Science from the University of Texas.

"Impromptu" Play Presented At DHS

Tuesday, May 10, four senior National Thespians presented a play to the speech classes in Dimmitt High School. This play, "Impromptu", was done in impromptu, that is, it was supposedly unplanned and unpracticed. Four actors, all with different backgrounds and experience, were called to a theater by the stage manager to do a play. The actors went on stage and talked among themselves and to the audience. They had been told by the stage manager that the curtain would not drop until they had acted out a satisfactory play based on life. An argument broke out between Ernest and Tony about sincerity on the stage. Tony believed that theater was a play of life and that it should be acted out as such, Ernest believed that plays could be "about life, for life, or against it, but they can't be life." After an attempt had been made to act out a "play of life," Tony got disgusted with the whole hypocritical thing and walked off stage. Ernest then started bragging about what a good actor he was and how glad he was that he was not like Tony. Winifred had decided that Tony was right and proceeded to put Ernest in his place. As she made Ernest realize that Tony was the only really good thing about life because he was realistic and sincere, in effect, he did not put up a false front as most people do in their lives, the lights went out, and the play ended. The actors had finally realized what the stage manager wanted them to realize.

Jay Nelson played the part of Tony, a shy person who had led a tragic lonely life. His parents had told him they did not want him and he must stay out of their way so they could have a good time. So at a very early age, Tony learned to be realistic about life and to be sincere. Ernest believed that Tony was not for the stage because plays are about life — not life itself. Tony was really the "wise man" of the play. Although he started out weak, it was soon discovered that he was the real "hero" of "Impromptu."

Winifred was played by Ginger Kemp. She was an experienced actress with many years on the stage behind her. She had always played roles of unmistakably easy virtue, although she had yearned to play the "young, beautiful thing" who is always a heroine. She had a rough personality and was really very cruel at times although she didn't intend to be; it was the only way she knew how to be. During the play, she realized that Tony was what she wanted to be like, and she began to take up for him — something that she had never done for anyone in her life. Tony asked her to go with him, but she confessed that she was not yet able to change herself because she had not "found herself" as he had.

Lora, played by Beth Sheffy, was a young actress, relatively new to the stage, and still a very impressionable young girl. Her character was one that had not realized the bitter frankness of life, and she was still naive.

The part of Ernest was played by Jack Flynt. He was also an actor with many years of experience behind him. His mother and father had been actors, and he had therefore "been reared in stage dressing rooms," becoming a successful actor at the age of five. He was somewhat disgusted because in this play he was forced to act with naive "amateurs" save for Winifred. He was very arrogant and conceited, a prime example of an insincere person who has not yet found himself.

Garland Jarvis Receives Honor From Research Foundation

The Sixth Texas Nuclear Science Symposium for High Schools, held June 12-15, 1965 in Austin, Texas, is sponsored by the Texas Atomic Energy Research Foundation and The University of Texas; our fellow student, Garland Jarvis, has been chosen to attend, free of charge. Garland received this honor as a result of his grades in chemistry.

Garland, the son of Mr. and Mrs. A. G. Jarvis, born in Harlingen, Texas, August 8, 1949, is a junior in D.H.S. He likes reading and collecting coins, stamps and unusual rocks. Music is also one of his interests for he is an excellent piano player. After graduation he plans to go to L.C.C. and major in history and music and minor in science.

This student, who has been selected by Southwestern Public Service,

will be accompanied by his teacher, Mr. W. W. Cooper. Before teaching this first year in Dimmitt, Mr. Cooper was principal of Bellevue High School in Bellevue, Texas. He has attended North Texas State University where he received his B.S. in chemistry and biology. He received his masters in administration from West Texas State University. Also he has done graduate work in chemistry and English at Texas Tech, Western State at Gunnison, Colorado, and Highland University in Las Vegas, New Mexico.

All expenses for Mr. Cooper and Garland will be paid by Southwestern Public Service Company.

We are very proud of this quiet, most intelligent junior, who, we hope, will serve as an inspiration to D.H.S. students.

Defeat Of Bond Election For Airport Discussed By Dimmitt Students

In view of the recent defeat on the new bond election it seems only fitting that an interested student should expound on the condition of his future home. Being a devoted citizen of Dimmitt, I will probably live here the remainder of my life, and I would like to raise my children in a community with respect for the progressing times.

Over 300 faithful Dimmitt citizens voted against the new airport. I am sure these people are responsible members of our community and that the welfare of our city is always foremost in their minds but somehow I can not help but wonder at their willingness to face the needs of a growing community.

I have been given several reasons for the defeat of the bond. To a progressive student these explanations seem inadequate, especially for such a growing town as Dimmitt. In the next paragraph I shall try to show you children's and grandchildren's point of view.

The first and foremost argument is that the bond will raise taxes. Castro County has the highest average income in the United States and yet we can not afford a five dollar raise in taxes per year. The only people this tax raise might affect would be those living on Social Security or other benefits but it would take a very small income to miss five dollars a year. Five dollars a year is less than two cents a day; it will buy only two meals; it will buy one-half a shee; it will pay for one-half a bottle of pills; it is smaller than the pocket change of many high school students. This is the price you pay for progress.

Then we come to the people who own highly assessed property. The last school board of Dimmitt Public Schools was forced to

At the end of the play he realized this, but he refused to accept it and probably did not put any change in his life into effect.

Concerning the play, Jack stated, "Ginger, Beth, Jay and I did this play because we have seen its production at Portales several times in the past two years and also at this year's District One Act Play Meet. We just wanted the self-satisfaction of doing the play ourselves, and also it would be the last chance for the four of us to be in a play together. We did not strive for an excellent production, although we were to receive grades individually for our accomplishments."

hire an attorney to collect delinquent school taxes running back as far as twenty years. I asked our civics teacher if any of these people were unable to pay. She said, "No." A disgrace? Definitely!

Another argument given is that the money from these bonds should be saved to help the slum areas and the underprivileged. The school now has an excellent plan for helping those who are willing to put forth a little effort. If we were to help anyone else, it must be welfare funds or purcharity, and welfare checks have been shown to be the major cause for the riots in Los Angeles.

There are always people who are against anything new. My parents tell me about a man who fought against every inch of paved road in Dimmitt. Obviously, this man could see no farther than the end of his nose, and what would Dimmitt be like today if he had won? Progress must go on, but whether earlier or later depends on the people involved.

I think at this point we can easily take a lesson from history: As long as a nation tries new and different ideas, it progresses; but once it becomes static, it dies and is conquered by another nation with just one more advanced idea. Very seldom do wild dreams lead to disappointment.

"If someone asks you to give him your cloak, give him your robe; if he asks you to walk one mile, walk two." "Even as ye have done it unto the least of these, my brethren, ye have done it unto me." "— for there will your heart be also." "Render unto Caesar..." These are only a few of the comments from the greatest Man that ever lived concerning the same subject: Development for the benefit of mankind.

Surely these people just do not realize the importance of progress. First, we fight a good gym and football field; then we fight the new recreation center; then we fight the new starch plant; and finally we fight the new airport. Each item that was open to public election was defeated. I sometimes wonder if we want progress; we do not want to stick our necks out.

The election is over but not forgotten. Unless the radical conservatives change their opinions or the young liberals take over, Dimmitt will be a regressive town. It will not meet the challenge of tomorrow and it will die in the ruins of its antiquated ancestors.

Favorite Songs Of Dimmitt HS

Since the beginning of time everyone has liked some sort of entertainment. Now in the twentieth century the idea of entertainment is some type of songs. The DHS students follow this general pattern. Their favorite songs are:

- Kathy Leinen — Our World
- Connie Sheffy — Call Me
- Peggy Ott — The Thirty-second of May
- Ann Scarborough — Edelweiss
- Donna Dehtan — I Love You
- Drops
- Linda Kuntz — Greensleeves
- Victor Hughs — The Sound of Music
- Johnna Hastings — The Twelfth of Never
- Vickie Beyer — Forever
- Penny Hays — I Love You

TICKLE YOUR FUNNYBONE

Asked where he would like to be if a hydrogen bomb went off, a farmer replied, "Somewhere so's I could say, 'What was that?'"

The President's daughter, Luci, asked by reporter Bill Wise, how she would describe her relationship with her father, hesitated only a split second before answering, "Blood."

The slogan, "Send me a man who reads," which heads the International Paper Company ads, elicited this revised version from a high school girl: "Send me a man. Who reads?"

Patient to doctor: "I've lost my will to live except on weekends."

Take a good look at a \$10 bill, perhaps with a reading glass. You will find that the flag flying over the entrance of the United States Treasury Building is upside down!

If two men agree on everything you may be sure that one of them is doing all the thinking.

A sedentary friend, unimpressed by the physical fitness fad, remarks, "Muscles come and go; flab lasts."

The Information Explosion Hits Our Libraries

taken from the April, 1966 Reader's Digest

All over the United States the "information explosion" has precipitated a paradox: Most of our public libraries have neither the money to buy nor the space to house the books and periodicals that a growing and insatiable public wants to read. Meanwhile, the technical disciplines chiefly the sciences — have turned loose such a Niagara of information that even the wealthiest of libraries simply do not know what to do with all of it.

As a result, libraries have been forced to expand and to build anew at a spectacular rate. U. S. colleges more than doubles their annual library building outlay between 1957 and 1962. In the succeeding six year period they will triple this amount. Nevertheless, public libraries are still in bad shape. The American Library Association figures that 69 percent of our 7,260 public libraries are sub-standard. Of our 80,000 elementary schools, 60 percent have no library systems, which is a national disgrace. And despite the expansion, only one out of five

college libraries have adequate facilities for undergraduate study. Consequently, many colleges are severely handicapped, since students and faculty members are attracted by the size and quality of the library.

Keeping current with new ideas adds incalculably to a librarian's job. About 90 percent of all scientists who ever lived are now alive and most, it seems, are publishing their findings. Today there are about 7,000 journals related to the biomedical sciences alone. In 1965, just in the field of chemistry, these learned explorers published 6,700 articles every fortnight.

The answer to this information suffocation is automation, naturally. Selected materials will be fed into machines covering all the material available on a particular field and then by key words the computers will arrange the materials alphabetically. Then the machine can pull out specific works when they are wanted.

Academic libraries are laying plans to tie themselves together by means of electronics. Punch cards will be prepared for all the books in each library and then the libraries involved will have access to books that they might not otherwise have. The ultimate goal of this automation is "bookless" libraries. There will be a network of study booths, electric typewriters, and TV screens and these will enable any small college to have a library as good or better than the one at Harvard University.

Large scale automation may dampen the joy of the reader who likes to mull through the shelves and pick his books at random, but his automation will put a higher premium on professional librarians and their skills. Even so, a machine is not going to know what is worth keeping and what is not, and this judgment is far more valuable than any technical breakthrough.

News Of DHS Exes

Joe H. Cowen Jr. has been at Pensacola, Florida taking Naval Air Pre-Flight Training. He will be commissioned May 6, as a 2nd Lieutenant. He has been in training since January 5, 1966.

Mary Haslip Cowen, his wife, was voted Chairman of Cadet Wives Hospitality Committee soon after they arrived.

The young Cowens will enjoy a brief vacation in Dimmitt, then they will return to school and Joe will complete his flight training. Charleen Vaughan, who has recently finished supervisory training in Parkland Hospital in Dallas, Texas, has gone to Okinawa to be married to a doctor whom she met while in training.

Tommie Allen Almond, who was editor of the Bobcat Tales of 1961, is teaching music in Beaumont. Patsy Wooddell, who was co-editor with Tommie, has recently received a fine promotion as buyer of young women's clothes in J. C. Penney's in Dallas.

Keitha Davis has been awarded honors during her first year in Texas University School of Medicine in Galveston.

Susie Davis is attending Texas Tech and has been elected as the girl who did the most to raise the academic level of her sorority this year.

Many other exes of Dimmitt will be coming home for the summer to work and others will attend summer school.

Thanks For The Memories

As the time for seniors to graduate approaches, we bring another thanks for the memories from another senior.

Thanks for the memories of being chosen as manager and every other program I was involved with in Dimmitt High School.

When I look back over the years I remember the fun and the good times, but I also remember the hard work and the long hours. I am thankful for all these memories. But no life has all good memories, and mine is not an exception, along with the good comes the bad. But I am more thankful for these because they have helped me build a better character. It has helped me learn to accept disappointments and to live with life.

I can never tell all the people in Dimmitt High School how grateful I am for the things they have done for me. Thanks is such a small payment for the large debt I owe for the things I've

What Will Be Remembered?

In the future, when this year is history, what will it be remembered for?

For the people all over the world who were seniors, it will be remembered as their last year of freedom from the responsibilities of the world. It will be a turning point in our lives as to whether we will further our education, start jobs, or, for many, to fight for our country. This year, for the time, most of us has to face the indecisions of adolescence and the most uncertain future since the beginning of time.

It will be remembered as a time when some teenagers' thirst for knowledge led them to studies and discoveries before thought too advanced for their young minds.

It will be remembered as a time when the young people suddenly became aware of their country's responsibilities to the world and of their responsibilities to their country, often before they were ready for these responsibilities. Some may remember the few radicals who so outlandishly opposed this country's principles and everything it has stood for; but they will realize that it was just a few radicals and not the majority of the young people.

It will also be remembered for the wild dances of the teens, and the parents' predictions that they would all go to the dogs. But they will realize that these young people were being forced to accept a greater responsibility than those who had come before them and their wild dances were just a way of relieving the pressure and that they, the parents, had done

GETS PROMOTION
Don Johnston, son of Mrs. Pearl Johnston of Dimmitt has received a promotion to assistant manager for the Sears Roebuck Store at Abilene. Don has been with Sears the past 7½ years, the past 3 years in Abilene. He is formerly of Dimmitt where he graduated from high school. Don and wife are the parents of two children, Mark, 7 and John, 2.

By Vern Sanford

Invariably, when a bunch of deer hunters start talking guns someone will get around to mentioning the Model 99 Savage.

This weapon long has been a favorite deer rifle with Texas hunters. Among the hunting fraternity it has received the highest compliment. It has stood the test of time.

There are some rifles which have become virtually a tradition in Texas hunting. One of these is the Winchester 94 carbine. Another is the 99 Savage. Despite a rush of new calibers and new rifles in recent years, both these weapons continue to be best-sellers among Texas hunters.

This particular model of the Savage was introduced in 1899, hence the Model 99 label. It was chambered for the .303 cartridge. Later it came out chambered for the .250/300. This hot new caliber set the firearms industry buzzing. In that day, a cartridge of this muzzle velocity was almost unbelievable.

But Model 99 enjoyed its greatest popularity while chambered for the .300 Savage.

Leo Forrest To Advise With Chileans On REC

An experienced Texas rural electrification specialist departed for Chile last week to help that country further develop its rural electric cooperatives.

Leo Forrest manager of Deaf Smith County Electric Cooperative in Hereford, Texas, will spend 30 days in Chile assisting 17 cooperatives plan their future expansion needs.

Under a unique 48-month contract with the Chilean government, Forrest will return to Chile for 30 days every six months to measure the progress of the cooperatives and continue assistance. He also will help them develop a stronger national association to provide services to the member cooperatives.

This makes the second time the Texan has traveled to South America for the development of rural electric cooperatives. In 1962-63, he performed a three-month country-wide survey of Colombia to determine its electrical power needs. As a result, two rural electric co-ops are expected to become operational in the near future.

Forrest will perform his work in Chile over the next four years under a non-profit contract between the Chilean government and the National Rural Electric Cooperative Association (NRECA), of which Deaf Smith County Electric Cooperative is a member. Loan funds for the projects are provided by the Agency for International Development (AID)

The contract calls upon the nearly 1,000 rural electric systems in the United States, through NRECA, to provide technical, organizational and management counsel, and other support in the development of rural electrification in the emerging countries of the free world, as they request it.

To date, more than 60 U. S. rural electrification specialists have been recruited by NRECA to provide assistance in 22 developing countries. Their periods of duty range from a few weeks to two years.

The cooperative concept is advanced through the Alliance for Progress and AID as one of the best self-help measures for the advancing countries.

PIN-POINTING FISH—You can make an inexpensive fishing buoy with a discarded plastic detergent bottle. Tie a line to the handle and add just enough weight to keep it in one place. When you locate a school of fish, you can pinpoint the spot simply by anchoring your home-made buoy.

EXCELLENT FIRE STARTER—Cement-type glue is mostly acetone. It will burn with intense flame. Makes an excellent fire starter even in wet weather.

receiver shows how many cartridges remain in the magazine, and the rotary loading magazine of the 99 prevents any accidental firing of a sharpened bullet that might unintentionally come in contact with the primer of a cartridge loaded in ahead of it.

About the only concession to modern times is that the Model 99 has gone lightweight. This modern version is a featherweight model for ease of handling in the deer woods. There also is a deluxe version with checkered and Monte Carlo high-style stock. But the basic features remain about the same.

Model 99 never has been Chambered for popular cartridges like the .270 and .30/06 because the gun's short-throw mechanism won't accept these long cartridges. But the newer short-belt cartridges are just what Savage had in mind when it first brought out the 99. The 243, .308 and .358 all are of this design. And, along with the 300, make up the cartridge choice of the Model 99 line.

This gun took an upsurge in popularity when the telescopic sight started becoming popular with deer hunters. Since the 99 throws its spent cartridges out to the side it will readily accept a scope in central over-bore position, reasonably close to the receiver, where the sight naturally belongs.

Even today, the older Model 99 Savage commands one of the highest resale values on the used gun market. . . . which further emphasizes its popularity with Texans.

Albracht, son of Mr. and Mrs. Florance Albracht, is a candidate for the Bachelor of Science. He is majoring in journalism.

SPORTS AFIELD
By Ted Kesting

The secret of big-game attire, learned in some cases by long experience and in others by advice from old-timers, is for the newer hunters to choose a wardrobe that is adaptable to cope with every situation likely to be encountered afield. It's not so difficult as it may appear.

The ultimate, as we know it today, can be readily accomplished by utilization of the sound principle that several lighter layers are far better than fewer heavy layers. Clothing can be shed or added for daily and hourly requirements.

With the exception of, perhaps, socks/stockings (which should fit perfectly) and a hat/cap, all fabric clothing should be full cut and of a size allowing for looseness. The wearer not only should have freedom of movement in every conceivable position (he experiences may afield that are different from his ordinary ones at home), but likewise should bear in mind that weight for weight, loose clothing is usually much more suitable than snug—for the folds and added air space not only insulate in themselves, they allow body vapor to dissipate.

Trousers for big-game hunting should be full cut, of high-quality wool, with no cuffs, staged at the bottom so that they won't catch on twigs and sharp rocks. It is nice if you have them rigged so that you can use both belt and suspenders if need be. They should be quite loose everywhere, including the sometimes constricting waist. The ideal version has the pockets trimmed or lined with leather and buttoned flaps on all back pockets. All pockets should be oversized as compared with those in street clothes.

Highway Toll 3 Deaths, \$9,700 Damage In April

The Texas Highway Patrol investigated eight accidents on rural highways in Castro County during the month of April according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in three deaths, eleven persons injured and an estimated property damage of \$9,700.00.

The rural traffic accident summary for his county during the first four months of 1966 shows a total of 36 accidents resulting in three persons killed, 25 persons injured, and an estimated property damage of \$31,190.00.

Higher pay, more opportunities, and a chance to choose the geographical area of the state where

they will be assigned are featured of Public Safety's bid this month for more than one hundred new patrolmen. "The pay during the training has been increased from \$375 to \$400 per month and upon graduation increased to \$468 or \$484, depending upon the branch of service to which the patrolman is assigned," the Sergeant stated.

Applications and information can be obtained by contacting any Department of Public Safety patrolman or office. June 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

Bible Thoughts "VICTORY" By Ronnie Parker. Faith is that substance, that under-girding power that motivates the Christian's entire being. This indispensable item is acquired through the word of God, and grows in proportion to our zeal, enthusiasm and spiritual enlightenment. There have been many great heroes of faith in the annals of Bible history. Such men as Enoch who walked with God, Moses who led the people of God, Joshua who provided Israel with fifty years of peace, Gideon, Samuel, David, and on we could go. "Faith is the victory." How sweet is the sound victory to us who live in fear of being overcome and overwhelmed with defeat. In the Bible, the word victory implies that one has conquered. The victor is a conqueror who has fought the good fight and has "overcome the world." This is the thought expressed through John in 1 John 5:1. "For whatsoever is born of God overcometh the world; and this is the victory that overcometh the world; even our faith." We Welcome You To The Church of Christ 4th & Bedford

LETTERS TO THE EDITOR

To me, there is no greater opportunity to serve God and Country than being in an elected public office. This has been my privilege for nearly 18 years as a member of our Texas House and Senate.

It was a thrill and an honor to again, this year, place my name before the people and participate in our sacred, and almost unique, system of free elections — a right denied to most of mankind today.

Now the people have retired me from public office — and, as always, I am more than willing to accept their verdict.

But, from the depths of my being, I wish to express my most sincere gratitude for the opportunity of the past 18 years to serve the interests, ideals and principles of the people of our State as my conscience directed.

Last, but not least, I wish to thank each and every individual who gave me their vote and support in the recent primary.

My very best wishes to you and every citizen of our 30th Senatorial District.

Sincerely,
Andy Rogers

May 16, 1966

Dear Editor,

I would like to make a few statements concerning the recent \$100,000 City Bond Issue that was defeated last week. First I would like to state that I have no financial interest in the present airport facility nor do I own an airplane, however — I have been an active pilot for more than twenty-five years and feel that I have kept abreast of the amazing progress and advancement of aviation dur-

ing this period. I think the citizens of Dimmitt rejected the best opportunity to own a modern airport at the most reasonable price that will ever be available again.

Air transportation is a very vital part of the economy of our industry — large and small. It is particularly vital to Dimmitt because transportation facilities available to us are most limited. Certainly it is one of our weakest points when we ask new industry to locate in our town and more new industry is the only method for our present merchants and businessmen to continue to prosper and grow.

Our present airport has served a good purpose at no cost to the city of Dimmitt or the taxpayer, but the present airport is far too inadequate to serve the needs of general aviation. It is not suitable for night flying — the runway is too short and is not directed into the prevailing winds — it is not an all weather runway — all of these things must be corrected before this city can accommodate most airplanes associated with industry and small business.

I would like to see this issue come before the city again.

I think a series of letters to your paper from anyone interested in this project discussing all aspects of this issue would be helpful to the taxpayers of Dimmitt.

Cordially,
Allan Webb

IN NEED OF Specialized HELP

The car's acting up . . . sometimes he can repair minor problems himself . . . but this time it looks like it may require the work of a specialist. To correct this problem he needs a mechanic, someone who has the knowledge and equipment for this particular work.

In spiritual matters, individual worship is necessary and vital to one's life, but God in his wisdom has said that we need to worship with others too. At church we can receive help from those who have dedicated their lives to special service for God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The High School seniors, 66 in all, are the honored people in Dimmitt this week, and well they should be: Smart, pretty and Handsome.

The Junior — Senior Banquet Saturday evening is the Dress-up affair of the year. It was in the South Grade School Cafeteria. The theme for the Banquet was "Moonlight and Roses". Cute sophomore girls were dressed in short petaled dresses to resemble rosebuds. They served the food. They had a good program. Those on the program were organist, Lillie Marie Howard; Heavenly Roses, Garland Jarvis; Roses for Remembrance, Rodney Hutto; Once in a Blue Moon, Bob Bradford; Presentations, Rodney Hutto.

Songs were Rambling Rose by Bill Simmons; Secrets of the Night by Carolyn Simpson and Tommy Stafford; Red Roses for a Blue Lady, by Peggy Godfrey, Carolyn Simpson and Carolyn Dunn; Shadows in the Moonlight, by Paralynd Render; Moonlight and Roses, Keith Ann Howard; and the Benediction was by Kent Lindsey.

After the Banquet, they all enjoyed the visiting and Prom. The girls went home with Kathy Graham to spend the rest of the night and breakfast with the Bill Grahams Jr.

Saturday morning at 9:00 Mrs. Eunice Thornton and daughters Irene and Susan were hostesses at a coffee for the 35 girls and Mr. and Mrs. Ted Newman, Mrs.

Paul Hiblurn, Mrs. Russell Nelson Mrs. Ralph Smith, Miss Bernice Littlepage and Mrs. Gerald Smith of Panhandle. The serving table was decorated with an arrangement of purple and white iris and small doll dressed in a graduation outfit. Orange coffee cake, fruit juice and coffee was served, then this same group of 35 girls and sponsors and the room mother, who are: Irene Bradley, Ouida Willis, Vaudine Giles, several mothers could not come, Karen Estes of Bovina and Allan Webb and Mrs. Vera Webb were special guests and the first group were guests of Peggy Webb and her daughter, Kristi Wesson of Lubbock, were hostesses at Brunch, at the Dimmitt-Hereford Country Club. Much good food was eaten Peggy says.

Vickie Beyer, bride elect of Joe Wright was honoree at a senior-girl-type party and lingerie shower in the home of Jean Nelson Monday night, assisted by her mother, Mrs. R. O. Nelson. The table arrangement was made of white and blue flowers with pick-up foods. All the senior class girls and Mrs. Hugo Beyer, Mrs. J. M. Wright, Jo's sister, Sandra Potts, Vickie's grandmother, Fairley Billings of Littlefield.

Mr. and Mrs. Gene Ivey went to Abilene Sunday to bring her parents, Mr. and Mrs. L. L. Dunn home in Littlefield. They had been visiting Rev. and Mrs. Lewis Dunn, a brother.

Mr. and Mrs. John Etheridge and children of Amarillo were here Saturday for a visit with her mother, Ruth Wilson and her brother Ed and his wife, Johnnie Wilson.

Frank and Hazel Britt and two children have bought and moved into the house at 712 W. Bedford—"Our Neighbors."

Beth Strickland and Mary Lee Stone were hostesses at a Friday 13th birthday party honoring the sweet 16th year for Debby Lumpkin and Tommie Hutchinson in the home of Mr. and Mrs. Butch Strickland.

Several party games were enjoyed but the "Scavenger Hunt" looking for horse shoes, black cats, etc. was fun, but they brought in Betty Griffing, their speech teacher as well as the things Cokes and the beautiful cake, (Johnny baked) was served. The girls said it was big and white with a pretty pink sugar

BABY PARADE CONTEST conducted by TG&Y resulted in the selection of the youngsters pictured above as Grand Prize and First Prize winners. The Grand prize winner (top) John Byrn, is the two year old son of Mr. and Mrs. Charles Armstrong. First Prize winner in the girls division was 5 year old Teresa Ann, daughter of Mr. and Mrs. David L. Adams. First Prize winner in the boy's division was 14 months old Bobby Chad, son of Mr. and Mrs. Bobby G. Hudson.

Gifts and good wishes were given by Alice Lockabe, Robbie Sheffy, Joan Stone, Kathy Godfrey, Tommie and Debbie, Durwood, Jr Strickland and Linda, and the adults there were Mr and Mrs Jesse Hutchinson, Mr and Mrs Everett Lumpkin, Mr and Mrs. J. W. Stone and the Stricklands.

Gene Cleavenger of Laguna, California is here for a visit with his brothers, M. E. and Norman and families. Mrs. Cleavenger is visiting in La Junta, Colorado. Mr. and Mrs. Horace Carlile attended a family reunion at Abilene and visited around Rotan and Jayton for a few days this week.

Little Miss Kim Lindsey was hestess at a birthday party cele-

brating her 8th at the Skating Rink Saturday afternoon She was assisted by her mother, Mrs Bob Lindsey. They enjoyed drinks, cake and favors. Attending were: Sandra Carpenter, Drenda Studer, Tommie Frazier, Resa Carson, Cindy Stafford, Jim Birdwell, Jeff Lindsey, Mark Merritt and Mark Cluck.

Bob and Mildred Sheffy and daughter, Janie were week end guests of her parents, Mr. and Mrs. Leonard Morris and they will attend the party for Grandpa Morgan's 95th birthday. Mrs. W. E. Brown of Austin is here on business and will stay with Connie and Robbie Sheffy for the week end.

Mr. and Mrs. Butch Strickland visited her mother, Mrs. Annie

Thornton in Lubbock last Sunday. Elaine Cook, daughter of Howard and Beth Cook, was hostess at her 11th birthday skating party Saturday 14th (at Bob's Rink). Ice cream and cake was served (later at home) to: Teresa Underwood, Deanna Hargrove, Rhonda Tidwell, Nita Singer, Patti Jackson, Debra Hunt, Janis Giles, Debra Hasley, Judy Birdwell, Teressa and Scott Bischoff and big brother, Gordon Cook.

Mr. and Mrs. Harry Sheets of Farwell and Mr. and Mrs. Kenneth Jackson flew down to Austin Saturday for a few days fishing vacation. The Jacksons have a small farm near the lake.

Shirley and Harold Stephens served home made ice cream and German chocolate cake and showed the colored slides of the Washington trip Friday evening to Messrs and Mesdames George Bradford, B. M. Nelson, Sid Sheffy, Pearl Sheffy, Ethel Womack. We want to go again some day.

The Russell Moran's, Joe Bensons', Glenn Ratcliffs met the John Balines of Plainview and the Raymond Kings of Lubbock at the park in Lubbock for a picnic lunch and a good visit. Russell said to tell you, he did go to church and did teach his Sunday School class first O. K. Boy —

Cecil and Trudy Dennis have returned from a rest trip to Dallas and they went on to Paris, put flowers on her parent's graves — on to Greenville to visit Cecil's parents, nieces and relatives. Trudy says the country there is extra pretty due to the big rains.

Mr. and Mrs. Russell Moran were hosts at dinner and bridge, Tuesday night. Their guests were Ralph and Avis Smith, Alvis and Sue Fuquay, Dr. Charles and Esta Vandiver, Goldman and Carol Dyer, John and Sue Merritt, Charlie and Nancy Hays, Harold and Shirley Stephens and J. G. and Aural Davis.

Mrs. D. L. Cleaver and her daughter, Beth Odom were in Amarillo Monday. Dennis Cleaver received an athletic award in Amarillo at a banquet. (didn't get the details on this).

Charlie Hays went to Temple last week end for a physical check-up. They found him fit as a fiddle, but he isn't as frisky as last year, he says.

The Book Club luncheon at the Colonial Inn was well attended last Wednesday. Mrs. O. K. Howe and Mrs. Noel Gollehon reviewed Books of Poems and called them,

"Why Poetry?" Next year's officers were installed with Mrs. Jim Cleavenger reading the duties to president, Miss Hazel Merritt; vice president, Mrs. Russell Moran; secretary, Mrs. Steve Taylor; and parliamentarian, Mrs. Mrs. Ray Axtell.

Dr. and Mrs. Dennis Blackburn were in Denver, Colorado this week Preacher hunting for the Presbyterian Church. (He told me.) Mr. and Mrs. W. L. Longan of Concord, California are here for a few days visit with long age friends, Lustus, Iveys, Sheffys and Bradfords. Other folks who lived in the Flag Community during the Dusty 30's.

Tommy and Judith Robertson and little daughter, Krista of Oklahoma City are here for a few days visit with their parents, Mr. and Mrs. O. B. Winkle and Mr. and Mrs. M. E. Cleavenger. Tommy was a dinner guest of the Lions Club on Tuesday.

Art Gallery Perspective

by Alice Cowen

The End of the Season Show last weekend at the Gallery attracted from 50 to 60 guests. Viewers were asked to vote for their three favorite paintings in order of choice. The idea was to determine what type of picture has the most appeal to the average person. This survey may be of value in planning exhibits in the future and may possibly affect the choice of a type of picture the artist may paint.

First choice of the viewers was a painting by Dr. H. W. Bischoff of a rural scene in Ireland, seen through an archway. The picture is predominantly blue and offers the quality many people look for in a picture — prominent foreground that leads the eye into the picture. They like to be able to look into, not just at, a picture.

Second choice was Mrs. Louise Alair's portrait of a boy holding a guinea pig — or some such animal. No fault of the artist if this columnist didn't properly identify the little creature. This was a striking portrait type painting, very large and done predominately in browns.

Third choice was Mrs. Babe Scoggin's portrait of a cowboy. This painting was a character study of a type familiar to this area. It was appealing in its realism, capture of expression, and texture of clothing.

Dr. Bischoff's picture received the most first place votes and also the most of the total votes cast.

The summer art program is not completely scheduled, but the Gallery will be open at certain times for art students to continue painting without instruction. It will be open on Tuesday afternoons and Thursday nights. Eddie Lee Smith will teach some pupils who have asked for instruction. Larry Hilburn will resume his classes in the fall.

LETTERS TO THE EDITOR

Lubbock, Texas May 9, 1966 Mr. B. M. Nelson, Editor Castro County News Dimmitt, Texas Dear B. M., This is the first time I have ever written an editor of a paper but an article you had in last week's Castro County News has prompted me to do so. First place I would like to say I believe you know my feelings for Dimmitt and Castro County and the people there. We enjoyed our 6 years we lived in Dimmitt very much and treasure the many friends we have there. We have been a subscriber of your paper for 21 years and I am enclosing my check for my renewal subscription. I am enclosing the article I am referring to and I believe you have been completely unfair to Mr. Preston Smith and to the city of Lubbock. First place let me tell you that I know of no finer man than Preston Smith or one who is more dedicated to helping the West Texas area. Mr. Smith is a regular attendant at St. John's Methodist Church of which I am a member. I believe he is working for the interest of Tex-

as in general and West Texas in particular. I would also like to call your attention to the vote in last Saturday's election of Lt. Gov. Smith 793,219 and Hollowell 191,350. Second your statement I wouldn't vote for Smith because he lives in nearby Lubbock. Have you taken into consideration the publicity the Lubbock Avalanche Journal gives Dimmitt and Castro County. Also that many people in Lubbock own property in Castro County and pay taxes there. I would also like for you to check on the contractors who have built schools in Dimmitt. I believe you will find the Lubbock contractors have been lower than the Amarillo contractors and have saved the taxpayers a considerable sum of money. Also you have a large number of students from Dimmitt and Castro County attending school at Texas Tech and many of them will return there to make citizens and apply the knowledge they have gained in making a better town and county. Pascem we are still good friends and I enjoy hearing about Castro County and Dimmitt but I could not keep from speaking out against the acquisition you made about Preston Smith and Lubbock, Texas. Sincerely Yours, Raymond King

for voting for any candidate. I have no doubt that Mr. Smith is a fine man, and I have no reason to believe otherwise. As for that matter, I believe that all of the candidates I voted against are fine men. I just don't like their politics, and I don't believe it is best for the State of Texas to elect teams, as such, to our highest offices. The most worthy, and best qualified man, in the state might aspire to high office but if he is not a member of the team, with the blessings of the Governor, it is useless for him to throw his hat in the ring. This is not a good situation. If you remember, the State Democratic Executive Committee met in Amarillo last fall, and it was at that time that Governor Connally chose to announce his decision to run for re-election. Prior to that time Preston Smith and Waggoner Carr were expected to run for the office of Governor, and it seemed to be the general opinion of political guesstomers that they would seek office, that opinion of course was based on the sounds the potential candidates were making. When we get to the point, as we have in Texas, where various candidates can pool their strength, with the blessings of the State Democratic Executive Committee, and run as a team, the idea of a wide-open election is a thing of the past. Raymond, you indicated that some Lubbock citizens by owning property, and paying taxes, in Castro County were doing us a great big favor. They have another motive for owning that property, other than just for the opportunity it affords for paying taxes. You ask 'em. Lubbock building contractors don't do us a favor by building our public buildings. We do them the favor when we vote a bond issue and give them the work. You wouldn't be forgetting who the customer is, would you? So far as Texas Tech is concerned, it is not a municipal school. It is a state school and is financ-

JUST A FIT was the verdict of Mayor Bradford, center, as he tried a JayCee trash barrel lid for size. Looking on is Jeff Lester, Jaycee project chairman, left, and Rayphard Smithson, Jaycee president.

Jaycees To Sell Trash Barrel Covers Here Saturday Night

Thursday night, May 19, the Dimmitt Jaycees will begin a house to house sale of trash barrel covers, announces Jeff Lester, Chairman of the Project. Purpose of the project is to offer each resident of Dimmitt a chance to obtain a cover for the 55-gallon barrel used as a trash receptacle. By purchasing and using the covers, insect breeding places will be curtailed and the litter blowing around the residential areas of the City will be decreased. The Jaycees have met with the City Council and the Council has pledged all-out support by themselves and City Employees in helping to care for the covers once

they are installed. The project was started in response to the large percentage of people interviewed in the 1965 Community Survey who stated that litter control and insect control were among the top ten most needed improvements in Dimmitt. Jeff Lester, Jaycee Project Chairman, announced that the sale will be conducted in the following manner: On the night of May 19, the Jaycees will begin a house to house sale of the covers. Instead of carrying the covers with them, the Jaycees will carry a sample product and will take orders from the householders. Delivery of the covers ordered will be made within thirty days of the date of sale. Jaycees will be working the town in assigned areas. It may not be possible to cover the whole town in one night, and the house to house canvass may have to be

continued some other night. However, if you feel you have been missed in some way or another, contact any member of the Jaycees to place your order. Rayphard Smithson, president of the Jaycees, made the following statement: "We would like to encourage everyone in Dimmitt to purchase and use these trash barrel covers. If we could get everyone to voluntarily cover each trash receptacle, it would help the City make a bigger dent in our insect population with their current spray program and it would help make our City a more attractive place to outsiders who pass through and to those who are planning to stop and make Dimmitt their home."

IN AN EFFORT to avoid a collision with another pickup that pulled into his lane of traffic, from a cafe parking lot in South Dimmitt, on Highway 385, Lyndon Smith drove the West Texas Telephone pickup into the curb and completely overturned on a vacant lot. The 1963 International service pickup was badly, if not totally, damaged Monday afternoon at about 2:30 p.m. Fortunately the driver was uninjured. City Marshal W. W. Jones was the investigating officer.

Nazareth News

Holy Family Parish observed the "Rogation Days" Monday, Tuesday and Wednesday of this week, with an outdoor procession each morning before Holy Mass, begging God's Blessings both spiritual and temporal in all our needs. "Rogaro" a Latin word means to beg. A large crowd took part in this prayer every morning, singing and praying. Mrs. Jim Halka and her three daughters spent several days the past week with Mrs. Kalka's mother, Mrs. Max Acker. The Kalka family were in the process of moving from Amarillo to Abilene where he is now employed. Mr. Leonard Wilhelm entered the Plainview Hospital, Tuesday, May 10th where he is undergoing tests to determine the cause of the pains in his legs and hip. Mr. and Mrs. Al Maurer, Mr. and Mrs. Jerome Brockman and Mr. and Mrs. Ernie Brockman left Sunday for El Paso where they will attend the State Convention of the Knights of Columbus. Mrs. Ann A. Albracht is visiting Mrs. Rosie Albracht in Hereford for a few days. The play "Stop the Wedding" put on by the senior class Friday and Sunday evening was enjoyed by a large crowd both evenings. Sisters Benedict Marie, Sister Herman Joseph and Sister Liguori, who have been teaching religion classes at Holy Name Parish in Happy each Friday evening were there for the First Holy Communion Sunday of ten of the little ones. Mr. and Mrs. Paul Venhaus and Mr. and Mrs. Bert

Venhaus were there for the Services. In the Ball Game news the Nazareth High School team lost to Lubbock Friday afternoon losing any chance of winning District. In the Irrigation League Nazareth beat Silverton in a one-sided game Nazareth winning 18-6. Nazareth is now 3-0. Launa Dene, daughter of Mr. and Mrs. Philip Brockman of Lubbock was baptized in St. Elizabeth's Church. Sponsors were Mr. and Mrs. Clarence Schulte. In the showers Tuesday evening May 10th some hail damage was done in the community. Rain averaging up to an inch in places was reported. Farmers can be seen in most fields busy killing weeds and planting. A blowout on a pickup, Sunday night, causing the vehicle to roll over twice sent Harold Vehaus, Dwayne Huseman and Bobbie Stevens to the Plains Memorial Hospital in Dimmitt. None are in serious condition. The pickup was demolished and belonged to Paul Venhaus.

Private Rodriguez Completes Marine Training

Marine Private C. Rodriguez, son of Mr. and Mrs. Francisco Rodriguez of Hart, has completed individual combat training at Camp Pendleton, California. The four-week course included over 200 hours of instruction under simulated combat conditions, covering squad tactics, guerrilla warfare, day and night combat, patrolling and the use of infantry weapons. His next stop is four weeks of basic specialist training in his military occupational field. Marines to be assigned to infantry units will be taught infantry specialties, such as the machine gun, grenade launcher, rifle or mortar. Marines to be assigned to highly technical specialties will be sent to military technical schools for their specialist training. Leathernecks bound for the Pacific will receive more training when they report to the Staging Battalion at Camp Pendleton, California. This training will emphasize jungle warfare, patrolling, and civic action based on experience gained in Vietnam.

Travis LaDukes Entertained

Reverend and Mrs. Travis La Duke were entertained in the home of Mr. and Mrs. Merle McFarland, May 12. The La Dukes with their children, Shelia, Shirley, Sheryl and Shane, are moving to Booker Texas, May 30 where he will be pastor of the First Baptist Church and Mrs. La Duke will teach in Booker Public School. Shelia plans to enter West Texas State University this fall. Travis La Duke was the pastor at Happy 1963-65. A bedspread was presented to the honorees. Coffee, punch and cakes were served to the Travis La Dukes, Sheryl and Shane, Wendell Simms, Jim Bob and Windy, D. L. Allison, Hobart McManigals, E. W. Millers, Everett Culp, Pat Maynards, Lonnie Todds and Vickie, Dee Taylors, Forrest Vise's, Bob Sim's, John Frank Toles, John Butlers and Bud Selvidges.

Postal Depositors Urged To Convert To Savings Bonds

Postmaster Ernest L. Davis today urged local citizens who have funds on deposit in the abolished Postal Savings System to convert their holdings into United States Savings Bonds.

"Postmaster General Lawrence F. O'Brien, who is chairman of the Federal Savings Bonds Campaign, has appealed to the 930,000 Americans who have \$285,000,000 on deposit with the Post Office Department to convert their investments into United States Savings Bonds," Mr. Davis stated.

"I join him in urging local citizens who have Postal Savings Accounts to make that change which will be of great benefit to both themselves and our country. Savings Bonds offer every advantage of convenience and security formerly available through Postal Savings Certificates plus many other advantages unique to Savings Bonds."

Among these special advantages the Dimmitt Postmaster said, are Savings Bonds' new, higher interest rate of 4.15 percent and "the great intangible benefit of supporting our country in the fight for freedom in the world and for economic progress and security here at home."

Mr. Davis said details about the procedure for conversion can be obtained from the postmaster of any Postal Savings Depository Post Office.

The Postal Savings System, in operation since January 1, 1911, was discontinued April 27, 1966, by Act of Congress. The Post Office Department presently is liquidating its accounts and on July 1, 1967, will transfer all unclaimed assets of the System to the Treasury Department.

The decision to abolish the Postal Savings System was made because of declining interest in it by the general public as a savings and investment medium. Higher interest rates paid by financial institutions and other means of investment had attracted the bulk of funds which formerly went into Postal Savings and the convenience factor was negated by expanded hours of service by banks. The original purposes of the Postal Savings System were to (1) get money out of hiding, (2) attract the savings of immigrants who were accustomed to saving at Post Offices in their native countries, (3) provide safe depositories for people who had lost confidence in private banks and (4) provide more convenient depositories for savings of working people who were unable to bank during regular banking hours.

"These purposes have long since been fulfilled," Postmaster Davis commented, "and, as Mr. O'Brien has emphasized, no greater new purpose could now be served by funds on deposit in the Postal Savings System than to put them to work for America in the form of United States Savings Bonds."

Pink Lady Party Line

Those ghostly apparitions coming out of Central Supply may be a thing of the past. They're trying out a glove powdering machine which will limit the fallout to the gloves and not everything else in that wing of the hospital. At the monthly meeting of the Hospital Auxiliary last Wednesday several recommendations were made which will be of interest. One was that the afternoon information desk workers be there for only two hours since duties are so few during that period. Another recommendation was that we have scheduled programs for each meeting. For instance, a program on Civil Defense would be helpful during this season of possible tornadoes. I'm sure any suggestions along the line of programs would be appreciated.

An "investment in youth" was made at the meeting when we voted to sponsor a Campfire group. Don't get excited! We're merely giving them \$2 and perhaps a short orientation on the duties of the Auxiliary. Little enough for such a fine group. We're still hearing of the tremendous job Alice Anthony did on mending hospital linens before a sewing machine was purchased for the linen room. I believe Mrs. Lippard had a fine hand in that also. Outside help is still needed for mending.

The 1966 FHA year was closed with this meeting. Miss FHA for 1966 is Miss Magaline Birkenfeld. Senior of the year is Miss Sandra Huseman.

The eighth grade girls and their mothers were invited to the style show and tea.

Books In The Library

"Europe in Color" — by the editors of Holiday, 1956, the Curtis Publishing Company. Nearly two hundred outstanding full color photographs of the countries in Europe that have appeared in "Holiday" in the past ten years. In these photographs you will see some of Europe's most beautiful and spectacular scenery; people at work and people at play. This book may serve as a guide to famous vacation lands, places you will want to explore yourself.

"Seven Wonders of the World" — Lowell Thomas, published by Hanover House, 1956. Only one of the Seven Wonders of the Ancient World has withstood the ravages of time and plunder — "the Pyramids. However, Thomas' book does not deal with the tourist attractions of antiquity. His book visits many of the wonders of the world. These visits take you to five continents — "from Mount Building."

"Mandate For Change" Dwight D. Eisenhower. Story of his first administration. Eisenhower writes frankly of the events as he saw them, leading up to a sweeping mandate, then follows with the change through the years of 1953 to 1956. An honest and complete account of governmental problems, successes, victories and failures throughout the Administrations. Published by Doubleday 1963.

"Herbert Hoover," biography by Eugene Lyons, tells of how the first president to come from west of the Mississippi landed his first job as common miner. His career reached a climax when he entered the White House but was shattered with the coming of the Depression. For fifteen years Hoover was subjected to ridicule and mockery. In time the Americans recognized the injustice done and began to see the contributions of a great man. Doubleday, 1964.

"Before I Sleep" — by James Monahan, published by Farrar, Straus, and Cudahy, 1961. Tells of recollections of people who were with Tom Dooley in his last days at various times and places. While Cancer gnawed at his life, Dooley worked relentlessly in his activities. "The Night They Burned the Mountain." Both books observed the dedication of Tom Dooley to the poor and the sick of Southeast Asia, and his help to them by establishing a small jungle hospital in Laos.

"Your Rugged Constitution" — Bruce and Esther Findlay, 1952 explains each part of the Constitution in terms understandable to everyone. This book will help all Americans to understand and appreciate the Constitution, that it is more than a mere historical document, but a vital contract between each American citizen and his government. "Your Rugged Constitution" by Richard Dawson, received nation-wide recognition when cited by American Institute

of Graphic Arts for "technical excellence and physical attractiveness."

"Face Toward the Spring", Faith Baldwin, Rinehart & Co. Inc. 1956. An intimate and inspirational portrayal, the thoughts, hopes, fears and joys of one woman. Miss Baldwin says that actually she is thinking out loud, and her thoughts are of particular importance in that they can help readers to formulate and channel sterile attitudes of frustration and grief into creative, positive patterns. Miss Baldwin has written over sixty novels. This book is the first non-fiction she has written.

"Treasure of the Great National Galleries," by Hans Tietze, publisher Phaidon Publishers, Inc. 1954. More than 300 illustrations take you to the National Galleries the Louvre in Paris, the Uffizi in Florence, all the others. The eight greatest galleries are covered fully, and there are sid-trips to another eight significant museums. Dr. Han Tietze art-historian, has written a chapter on each of the national museums, telling how it came into being, and the significance of the collections today. Reproduced with great care, the paintings in this book have been chosen to represent not only those pictures generally considered to be great masterpieces of the several collections, but also those that show the national character of each country as reflected in the art selected for permanent exhibition in its chief treasure house.

Junior-Senior Banquet Held At Nazareth

An enchanting evening was the setting for the Nazareth Junior-Senior Banquet, which was held Saturday, May 7 in the school cafeteria followed by the prom in the community hall.

The table decorations carried out the color scheme of blue, silver, and white. The junior class president, Gerald Brockman gave the welcoming address. Donald Braddock, senior class president, gave the welcoming response.

Then everyone enjoyed a banquet meal consisting of: Magic Potion, (appetizer), Night Hawk, (Barbecued Chicken), Creamed Dream Fluff, (Creamed Potatoes), Milky Way (Pear), Asteroids, (relish), Satellites, Moon Mist, (rolls and butter) Enchanted Swirls, (ice cream rolls), Dark Mystery, (coffee), Stardust, (nuts and mints.)

After the meal the seniors read their class history. Following this the junior class read the senior class prophecies.

Then the presentation of the senior wills were given to the juniors. The program was concluded with a short speech by Mr. Slavik.

The banquet was followed by the Prom at the Nazareth Community Hall. The theme An Enchanting Evening was portrayed with hall decorations. Walking into the hall, the people saw a breathtaking view. The juniors had transformed the hall into a star studded night. A large southern mansion attracted everyone's attention. A running waterfall and birdbath added beauty to the scene. Stardust music was played by Charlie Bell's Band.

Rural Improvements Are Financed By Farm Home Administration

The Secretary of Agriculture has today announced presentation of the Department's coveted Superior Service Award to Mr. William E. Lawson, Staff Member of the Texas State Office, Farmers Home Administration, Temple, Texas.

WILLIAM LAWSON

Mr. Lawson receives the award for his performance and service to farm families and rural residents as Chief of the Community Services Program of the Farmers Home Administration in Texas.

Under Mr. Lawson's leadership, the Agency has made 273 loans for sanitary water and sewage systems in Texas, totaling \$32,212,430.00 and serving 27,701 farm

and rural families. Four rural recreation Association loans in the amount of \$338,900.00 have been closed and three more are in process furnishing recreation for Rural Americans.

Two Watershed loans were closed in Rural Texas of \$425,000.00. These projects protect and conserve our soil and wildlife while at the same time furnish water for farm and ranch use and rural recreation.

Through Mr. Lawson's leadership in working with rural communities, the people tend to work together and play together. All of America gains when rural people work together for the betterment of their community.

Under Mr. Lawson's leadership in the area of Community Services, not only is the family-type farmer receiving opportunities to have decent and safe water, but many rural communities are experiencing new growth through the construction of new dwellings, and in many cases, the establishment of new business.

The Superior Service Award will be presented to Mr. Lawson by Secretary Orville L. Freeman during special ceremonies on the Washington Monument Grounds in Washington, D. C. on the afternoon of Tuesday, May 17, 1966.

1965 Grain Sorghum Production Up Nearly One Million Bushels

Castro County's grain sorghum production for 1965 was 13,295,000 bushels according to final figures released by Grain Sorghum Producers Association.

This ranked it 3rd in grain sorghum production among all counties in Texas according to Y. E. Snodgrass, South Plains Representative of GSPA.

The trend for the past several years has been increased grain sorghum production in this county and in Texas.

Castro County Grain Sorghum Production Record, 1959, 13,563,000; 1960, 14,784,000; 1961, 11,772,000; 1962, 11,273,000; 1963, 14,190,000; 1964, 12,325,000; 1965, 13,295,000.

Corpus Christi also registered increases in grain sorghum production. Nueces County moved up to the 4th place producer in the State with 12,784,000 bushels.

It is expected that the increasing grain sorghum production trend will continue this year, particularly in the North Plains, Coastal Bend and South Plains.

Along with these production increases, utilization of grain sorghum has steadily increased at home and abroad through intensive promotion program by Grain Sorghum Production Association.

When such programs were started in 1956, livestock use of sorghum was 179 million bushels, now it is 479 million.

Exports in the same period have moved from 22 million bushels to over 200 million in 1965.

The other major uses of grain sorghum, commercial and industrial, now promises to double with the opening of the new wet milling plant to be built at Dimmitt.

Castro County Grain Sorghum Production Record, 1959, 13,563,000; 1960, 14,784,000; 1961, 11,772,000; 1962, 11,273,000; 1963, 14,190,000; 1964, 12,325,000; 1965, 13,295,000.

Rogers Subcommittee Continues Water Legislation Discussions
