

**about dimmitt and castro county**  
by b. m. n.

We're still in the process of remodeling our home at Third and Belcher. I have never particularly cared for the name of that street, when the name is mentioned I can't keep from thinking of a burp. Viola has really taken the ordeal better than I have, and she should, it was her idea in the first place.

Did you ever try living in a little room, designed to be a small den, that had to suffice for a kitchen, living room and dining room, and a guest room on occasions? This is an experience that everybody should have. My reclining chair doesn't have enough room to recline, and I am getting tired of watching TV with the set between my knees. The quarters are so close that my breath clouds the tube and it is difficult to see the picture. Things are coming along nicely, however, the men are working hard and we will soon be able to return home.

I want to take this means of making a public apology to Rev. Weldon McCormick and family. We goofed on two occasions. We failed to run a story when he was returned to Dimmitt as pastor of the First Methodist Church for another year, by the recent Annual Conference. We feel that the local Methodist Church, and the community as a whole, is indeed fortunate to have a minister of his calibre devoting his talents and efforts to the betterment of the community. Then again last week we failed to report the death of Bro. McCormick's mother who died July 7, at Rotan. Both instances were an oversight and we apologize.

Sometimes you can't help but wonder if the country is going nuts. What with riots, sniping and killing on the East Coast and hippies, whatever they are, taking over on the West Coast, and railroad strikes paralyzing the economy all over if you are inclined to be a little pessimistic you might think that everything is coming apart at the seams. I wonder what percent of the population would have to become kooks, of one kind or another, to throw everything out of balance to the point that complete disaster would result in spite of the efforts of the solid, right thinking main stream.

Crops are looking good, but some dry hot weather would be appreciated. We have two monsoon seasons in this area. One along about wheat harvest time, and the other in late summer and early fall when dry hot weather is needed to mature the cotton crop. Nothing, however seems to bether our big crop, grain sorghum, it just keeps rolling along.

**Five in Area Due for Draft**

Five young men of this area are to be inducted into the Army during August by Texas Local Board 18 of Hereford.

STATEWIDE, 1,421 men are to be furnished for induction in August through the state's 155 draft boards.

The Hereford local board will also call 25 young men of this area for pre-induction physical examinations during August. Statewide, 6,220 young men are to be forwarded for pre-induction exams in August, a 20 percent increase over the July examination total of 5,016.

**Patrol Reports 13 June Wrecks**

The Texas Highway Patrol investigated 13 accidents on rural highways in Castro County during June, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

THESE CRASHES resulted in one person killed, three injured, and an estimated property damage of \$11,544.

The rural accident summary for Castro County during the first six months of 1967 shows a total of 41 accidents resulting in five persons killed, 33 persons injured, and an estimated property damage of \$41,609.

STATEWIDE, the number of traffic deaths continues to rise. For the first six months of 1967 there have been 1,476 traffic deaths compared with 1,396 traffic deaths for the first six months of 1966—a six percent increase.

**GETTING THERE FIRST** has been lucky for Poppy Byrnes so far, and she did it again this week when she became the first official entrant in the Miss Grain Sorghum of the Nation Pageant. Here, she presents her entry blank to Bo Bryant, pageant chairman. Two months ago, Miss Byrnes was the first entrant in the Miss Dimmitt Contest, and won the title. She's a senior in Dimmitt High School and the daughter of Jean and Buddy Byrnes. The Miss Grain Sorghum Pageant is just two weeks away — Aug. 4 and 5.

**E. B. Wright, Former Mayor, Dies After Lengthy Illness**

Elbert Billings Wright, former Dimmitt mayor and retired farmer-stockman, died last Thursday morning in Plains Memorial Hospital after a lengthy illness. He was 79, and had been a Castro County resident since 1917.

E. B. Wright

FUNERAL services were at 3 p.m. Saturday in the First Methodist Church, of which he was a member. Officiating was Rev. H. Weldon McCormick, pastor, assisted by Rev. Frank Pcllard of the First Baptist Church and Rev. E. Lee Stanford, retired Methodist minister.

Burial was in Castro Memoria Gardens, under Dennis Funeral Home direction. Members of Dimmitt Lodge 878 conducted Masonic graveside rites.

A LIFELONG Texan, Mr. Wright was born Dec. 16, 1887, near McKinney in Collin County. He spent his childhood in Newport, McIntague County, where his father, J. M. Wright, owned and operated cotton gins. He attended Daughn Business College in Bowie.

In 1902 he moved with his parents, his four brothers and three sisters to ranch land near Shallowater, where he worked as a ranch hand for his father and the Spade Ranch.

He married Miss Tina May of Lubbock June 21, 1908. They had two children, Jesse Marion and Tina Mae. Mrs. Wright died May 10, 1958.

BEFORE HE became a farmer in Castro County, he worked as a wagon freighter between Lubbock and Canyon, as a section gang hand for the railroad, as a farmer at Munroe, and was co-owner of a general store and post office at Ercwrfield.

In 1917, he moved his family to Castro County, to a three-room farm house which he, his father and his brother Will had built. His career included custom carpentry, custom combining and powing, farm machinery sales, farming, and the breeding of registered Hereford cattle.

In civic and public life, he served as deputy sheriff and AAA appraiser, was a long-time member of the Dimmitt School Board, and

was mayor of Dimmitt five years in the 1950s. He was also a charter member of Dimmitt Wheat Growers, Inc., and Dimmitt Consumers, Inc.

AS A MEMBER of Dimmitt's Masonic Lodge 879, Mr. Wright achieved the highlight of his Masonic career when the worshipful grand master of Texas came to his home here three years ago to present him with his 50-year membership pin. He was also a long-time member of Woodmen of the World.

He is survived by his wife, Beulah, whom he married in October 1959; a son, J. M., of Dimmitt; a daughter, Mrs. Tina Mae Fulcher of Stephenville; four grandchildren, Sandra Petts and Jce Wright of Dimmitt, Kay Wylie of Dallas and Lu A'len of Maracabo, Venezuela; four great grandchildren; three sisters, Mrs. Elmer Ireland, Mrs. Jess Hardy and Mrs. Cecil Balkman, all of Shallowater; and three brothers, Will of Dimmitt, Emmitt of Shallowater and Paul of Springville, Ariz.

Pal bearers were his nephews, Wright Ire and of Amarillo, Wayne (Continued on Page 13)

**Encephalitis Death Reported**

Plains Memorial Hospital apparently received Texas' first fatal case of encephalitis this year, although it didn't involve a Castro County resident.

EFREN ZAMBRANO, a 44-year-old farm laborer from Earth, died in Plains Memorial Hospital Wednesday of last week after 28 days of hospitalization.

"Encephalitis was our clinical diagnosis," his physician said.

However, the physician said that to his knowledge, no cases of the dread mosquito-borne disease have occurred among Castro County residents yet. His statement was confirmed by Dr. B. H. Lee, city health officer, who said no cases in the city or county have been reported to him so far.

ZAMBRANO, a father of four, was reported to have contracted encephalitis more than a month ago. According to Dr. J. E. Peavy of Austin, health commissioner for Texas, Zambrano was apparently the state's first encephalitis fatality of the year.

**Schools Create New Position; Skinner Named**

Weldon Skinner has been named to the new post of "director of curriculum" for the entire Dimmitt public school system.

THE SCHOOL board created the post last week following a recommendation by professional educators in the recently completed evaluation of the school system.

Skinner has been principal of North Elementary School four years and has been in charge of supervising and directing all federal programs for the schools.

As curriculum director, he will be responsible for coordinating the elementary school program and working with teachers to develop curriculum guides for courses of study in each area of the public school program.

"SINCE curriculum is the most important part of the school program, the board felt that the creation of this post should be the first recommendation of the visiting committee to be put into operation," Supt. Paul Hi'burn said.

Succeeding Skinner as North Elementary School principal and federal programs supervisor will be Virgil Yeung, who interned in the Dimmitt school system last year to complete his requirements for an administrator's certificate. He holds a bachelor's degree from West Texas State University.

YOUNG will also assist Skinner in curriculum development. Hi'burn said. Their offices will be in South Elementary School, where two private music rooms are being remodeled to provide office space.

Skinner, a 26-year veteran in education, has been a school administrator 20 years. He has served as superintendent at O'Donnell and Whiteface and high school principal at Post and Spur.

**WHIPLASH INJURIES** hospitalized two persons following a three-car pile-up that involved these two vehicles and a new Thunderbird Monday evening at North Broadway and Dulin. City Marshal W. W. Jones said Mrs. Thelma Holland was waiting to turn left off Broadway onto Dulin Street in her 1967 Thunderbird when the chain-reaction wreck occurred. Caught in the middle was the 1966 Chevrolet station wagon, driven by Sheila Ann Hamilton, 17. Miss Hamilton's station wagon was hit from the rear by the 1965 Oldsmobile Cutlass, which was driven by Mrs.

Betty Dennis. Mrs. Holland was admitted to Plains Memorial Hospital Monday evening with a whiplash injury, and Miss Hamilton was placed in traction at the hospital Tuesday morning with dislocated vertebrae. Jones estimated damage at \$500 to Mrs. Dennis' Oldsmobile and \$500 to the Hamilton station wagon, but said the extent of damage to Mrs. Holland's Thunderbird isn't yet known. He said he has issued no citations pending further investigation.

**'Freedom' to Be Roundup Theme**

"Freedom of Yesterday and Today" will be the theme of the annual Castro County Roundup Week next month, and Mrs. Leo Durbin of Nazareth has won a transistor radio for coming up with the idea.

THE "FREEDOM" theme was adopted by the Castro County Activities Committee from a suggestion submitted by Mrs. Durbin in a public contest. Henderson TV & Appliance had put up a transistor radio as a prize for the winner. A full week of activities is shaping up for the annual heritage

celebration, which will be held Aug. 11 through 19. BIGGEST DAY of Roundup Week will be Thursday, Aug. 17, which will feature the Roundup Parade, Old Settlers Reunion, first day of the Dimmitt Rodeo, a public barbecue from 6 to 7:30 p.m., and a public dance after the rodeo.

Parade Chairman Maurice Campbell sent out invitations and entry blanks this week to clubs, organizations, businesses, sheriff's posses and riding clubs. GUY WALDROP, co-chairman, outlined this tentative schedule for Roundup Week: Aug. 11 — Dance at Nazareth. Aug. 12 — County-wide talent contest, Dimmitt High School auditorium. Aug. 14 — Street dance, Dimmitt. Aug. 15 — Public gospel singing. Aug. 17 — Parade, Old Settlers Reunion, rodeo, barbecue, dance. Aug. 18 — Rodeo and dance. Aug. 19 — Youth Day, pet show, rodeo and dance.

**Tennis Tourney To Start Today; 51 Will Compete**

The first annual Castro County Tennis Tournament is off to a good start with 51 entries, according to tournament director Don Stulting.

THE STORM started at 11:45 p.m. Wednesday, and after midnight became so loud and bright that it brought many residents out of bed for a wee-hours vigil.

Lightning flashed across the skies in staccato fashion, and at its height the storm averaged a major lightning bolt every two seconds in the Dimmitt area.

PRELIMINARY rounds will begin today (Thursday) at 2 p.m. and will continue at 2 p.m. Friday. Finals will start at 1 o'clock Saturday afternoon, and end at 7 p.m.

A HEAVY rainfall accompanied the electrical storm at first, but it settled into a gentle shower by 12:20 a.m. as the lightning took over the show.

At 12:25, street lights in most of Dimmitt were knocked out. Eight television sets on display in a Dimmitt store were reportedly knocked out at once, and lights were shattered in some homes in the city. But apparently, most damage from the storm was relatively light.

**DIMMITT'S NEWEST CHURCH** is the Iglesia de Cristo at Northwest Third and Lee, built by the Bedford Street Church of Christ for Spanish-speaking worshippers. Here, Minister Max Zamorano Jr. shows the schedule sign before the new church, proclaiming that "all are welcome" to worship there. The Iglesia de Cristo's congregation current-

ly numbers only 20, but the church auditorium has been designed for a future attendance of 150. Inside, the building also features four classrooms and a minister's study. The church was built at a cost of \$17,500, with James Studer serving as contractor.

### Miss Hays Earns Honors at TWU

Lou Ann Hays of Dimmitt, senior history major, has been named to the honor roll at Texas Women's University, Denton.

**SHE IS** the daughter of Mr. and Mrs. Jim Hays, 1007 W. Lee St. Names of students winning distinction because of excellent grades for the second semester of the 1966-67 regular session at the Texas Woman's University were announced last week by Dr. John D. Williams, vice president for academic affairs at the university.

Students who achieved at least a 2.3 average out of a possible 3 were placed in the vice-president's honor roll. Each received a card of congratulation from Dr. Williams.

**Relatives Visit Davises**  
Visiting Mr. and Mrs. Tom Davis this week are Mr. and Mrs. Norman Strain of Granbury. Strain is Davis' cousin.

### Bible Thoughts

DOES GOD CARE ABOUT ME?

By Ronnie Parker

David asked the question "What is man that thou art mindful of him? and the son of man that thou visitest him? Man is sinful. No man liveth and sinneth not. Man is weak and frail, and all "have gone astray." There is none that doeth good, no not one. Yet God cares. God, who is pure and holy, can still look with compassion and pity upon man.

Isaiah said, "For thus saith the high and lofty One that inhabiteth eternity, whose name is Holy: I dwell in the high and holy place, with him also that is of a contrite and humble spirit, to revive the spirit of the humble and to revive the heart of the contrite ones. God condescends with the greatest sympathy to the humble and contrite. To be contrite is to be penitent, sorrowful in spirit, and bruised in heart by sins committed. On such a spirit, God will look with pity and compassion, and in such a heart will the Creator dwell.

Yes, God cares about every person! But we men must realize that we are undone and lost without God and such moral and spiritual bankruptcy must bring us to humility and contrition. Then — God can and will help us. Hence Jesus lays down the first and foundation condition of all other blessings, "Blessed are the poor in Spirit; for theirs is the kingdom of heaven." Matt. 5:3.

"To this man will I look, even to him that is poor and of a contrite spirit, and that trembleth at my word." Isa. 66:2.

# MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

New Package-Label Law Makes Shopping Easier

By IRENE A. KEATING
I'm so proud of Marilyn McLeroy for winning at the District I Dress Revue. We are both looking forward to our trip to the State Dress Revue held in conjunction with the State Fair Oct. 7.

before, but I am sure glad my husband has a good garden. And we'll really enjoy our vegetables this winter.
HERE IS some information you may be interested in. It'll help you purchase wisely in the grocery store.

Meat and chicken are already covered by existing laws. Here are some of the key provisions of the new law:
Contents must be double labeled. A label which now says "one pound, 12 ounces," must also say "28 ounces."

she's buying enough for her family.
"Bargain price" promotion will be regulated, too. For example, a manufacturer may label his products so many "cents off" only if he is offering it at a price lower than the regular retail price. In other words, so many "cents off" what?
STRIVE FOR the total look in your home just as you do for yourself. Your house isn't merely a few separate rooms, it's a total home. Any one room left to chance will destroy the semblance of harmony within the total picture.

Consider all the ingredients that make up the home. Certain architectural facts can't be denied, such as room sizes, window placements, fireplaces, doors and built-in storage. Study these and make them fit into the effect you want.
Practice the art of illusion if some of the architectural features don't give a pleasing effect. Paint, wallpaper, and mirrors help add depth, heighten, shorten, disguise and overcome defects.
COLOR, fabric, light, floor coverings, window treatment, furniture and accessories can be used to disguise objectionable features. Learn to discriminate what you

need from the huge mass of available defects.
Remember the total effect you're seeking as you make each choice. The effect you seek is based on your family's total personality, preference, budget and everyday requirements.
Planning must be your guide word. Creating harmony isn't done casually. It presents a creative challenge to any homemaker. Experience helps, but imagination and ingenuity are most important.

A SURPRISE KUDO from the Dimmitt Rotary Club went Friday to Rev. Frank Pollard (right), who received a large Rotary plaque from President Ronnie Parker for his organizational work with the 1 1/2-year-old civic club. In presenting the plaque, Parker commended Rev. Pollard for organizing the club here and serving as its first president. The Dimmitt club was chartered by the Tulia Rotary Club in 1965.

Garza Studies In Old Mexico

David Garza, son of A. G. Garza of Dimmitt, is one of 31 Texas Tech students who left Monday for a special language study in Mexico.

In all, 59 Tech students and six members of the college's Foreign Languages Department left this week for separate study programs in Austria, France and Mexico.

GARZA'S GROUP will take six weeks of study in Mexico "designed to meet the needs of those who intend to teach Spanish or enter government service."

Leading the group is Dr. Scotti Mae Tucker.

While in Mexico, each student will stay in a private middle-class home for at least one week. Classroom work will be conducted in San Luis Potosi, but an August trip has been scheduled to Mexico City, where students will visit important historical sites and study various aspects of life in the capital city.

Horton Enrolls In Bank School

James R. Horton of First State Bank enrolled Sunday for a two-week session in the Southwestern Graduate School of Banking on the campus of Southern Methodist University, Dallas.

HE IS ONE of more than 530 bankers enrolled, the largest attendance in the school's history. Horton is in the school's intermediate class.

"Swigsbie," as the school is known, offers courses to executive personnel from both large and small banks. The curriculum includes study in bank management, credit administration and trusts. To qualify for graduation, a banker must attend three summer sessions and complete eight "case method" extension problems on trust administration, credit, personnel, investment planning, bank organization and asset management.

Visits Relatives

Mrs. Alma Hendrix and granddaughter have returned home from Dallas, where she visited her daughter, Mrs. Pauline Hendrix and family and her son, Leroy Owens. She also visited her sisters, Velma Hicks and Mrs. Leroy Coffee and brother, George Short who was visiting there from Lawton, Okla.

'Forget About the Boxcar -- What About Our Hot Water?'

By MYRTLE SHEFFY "Things" happen in series to some people.

For instance, one day last week, a train boxcar got loose and ran into a grain barn at Jack Gregory's Castro County Grain Co.

And on the same day at their home, Jo Gregory was coping with a hot water heater that was leaking all over the basement.

In the boxcar accident, a railroad man had to jump to keep from being pinned. The grain barn was repaired quickly because of the rains.

MRS. FRED DUNN was just walking along the walk at Raton, N.M., reading a paper, when she fell and broke the same leg that was in a cast for so long a few years ago.

And Mrs. George Bagwell stepped on a small stone, fell and hurt her ankle — the same one she had hurt before. She's okay now, though.

Iris Touchstone let his blood pressure go too high, so back to the hospital he went. Junior Rothwell is back in the hospital for a few days, and Ray Bradley is hospitalized with a digestive ailment.

Edwin Cartwright is home from an Amarillo hospital; he is okay now. And Louise Kemp is home from Temple, where she had surgery. Kathrene Hill came in also from a stay in Temple.

Mrs. Jim Lain fell and cracked a rib. She is doing fine.

HILMA CARROLL of Wyoming is here attending to farm business and visiting with her mother, Mrs. Homer Bartlett, and her sister, Mrs. Howard Scoggin.

Hilma is at the University of Wyoming, where she serves as a consultant for teachers of migratory children. She is also working toward another doctorate degree. She said she saw 71 big snows up there last winter. She taught school in Dimmitt in the late 1940's and early '50's.

Mr. and Mrs. Earl Goatcher, Lisa and Jim, who returned recently from Bangkok, Thailand, have been guests of her brother, James and Maxine Horton. Mrs. Goatcher is a physician, and he is a hospital administrator in Thailand.

Maxie and boys are visiting her parents, Mr. and Mrs. Gelman, at Van, east of Dallas.

Bill Williams (who fixes things), his daughters, Cyndy and Connie Cullter; Bill's brother and family; John Stephens of Plainview, and kinfolks Ernest and Lorraine Brunlew of Kermit are spending a few days at Possum Kingdom Lake, skiing, fishing, and mostly resting.

Glenda Smiley Heller is recuperating from recent dental surgery. She was at St. Anthony's a few days. Glenda is at WTSU; her major is business and education. Her husband Larry is working as accountant at First National Bank in Amarillo. He will finish his school at WTSU this winter.

ONE OF THE most colorful and fun parties I have been to lately was in the home of Mrs. Goodwin Miller Thursday afternoon, with Mrs. Pearl Sheffy helping. They served pressed turkey, fresh peaches, jello, cantaloupes, coffee and tea from a table with a big arrangement of Chicago Peace Roses.

The 28 ladies dressed up in colorful print shifts and one or two wore paper dresses. Bridge was the game. High score was won by Mrs. O. K. Howe and June Parker. Low score was "me" and Cletha George. Not our fault — bad cards and Maxine Tidwell!!

I MET young Ted Giles in the cafe. He lives at O'ton and is a guest of his grandparents, the V. H. Gileses.

Jack and Myrna Miller and children are on a trip to Alaska by car. They plan a month of sight-seeing. Charles Houtchens, who is working on a boat of some kind, sent maps of roads for them to take. Jack called in to his dad, C. G., that Cara and Kim, the girls, have the mumps. They're okay, though.

Others on a long trip are Polly and Elmo Bell, who went to Canada. They will come back by California to visit her sister.

The Clyde Vicks, their children, and Charles McLean went to Indiana to see her folks, then on to Canada on a sight-seeing trip.

Peggy and Allan Webb bought a new green car and took their children Allan and Johnny to California — to Disneyland, the ocean, and other points of interest.

Guests of Mr. and Mrs. Richardson of Colonial Inn were her kin, Mr. and Mrs. Bill Harbert and Johnnie Hamblin. They enrolled their daughters in Texas Tech in Lubbock and came on here for a visit.

Mr. and Mrs. Joe Collins and Hattie Webb visited Sherry and Ted Collins and James and Doreen Collins at Sharon Springs, Kan. Hattie says they have a bumper wheat crop this year.

Mr. and Mrs. Ulys Waggoner and daughter Evelyn of Sulphur Springs are up this week to visit their daughter and family, Alice and Larry Gamblin and two sons Winston and Eddie. Also, they're attending the parties for Johnna Hastings, who will soon marry Richard Connell. The Waggoners had a family get-together this week.

HOWARD AND BETH Cook, son Gordon and daughter Elaine went to Purcell, Okla., to visit his brother, Wes Cook. They plan a vacation trip through that area also.

Guests of Martha and Bill Dannevik were his mother, Mrs. Paul Dannevik of Moriarty, N.M.; his sister and family, Mr. and Mrs. Bill Mitchell, Teresa and Carol, from South Pasadena, Calif.

Viola Nelson and I saw Mrs. Jeanette Irons and Mrs. R. E. Clark of Memphis in Amarillo last week. Jeanette is a sister of Morgan Dennis. She sent greetings to the family.

They also visited Dr. and Mrs. L. F. Sheffy in Canyon.

Dalia and Bill Gregory and sons Bill, David and Brian are home from a trip to the Gulf Coast and Colorado Reckies. They took a camping trailer, fished, hiked, and relaxed.

**Maj. Spraberry  
Receives Second  
Master's Degree**

Major Hubert O. Spraberry, son of Mr. and Mrs. Hub Spraberry of Dimmitt, has received his MS degree in industrial management through the Air Force Institute of Technology's Minuteman Education Program at Minot AFB, N.D.

THE MAJOR is a graduate of the Minuteman School conducted at Minot by the University of North Dakota for Strategic Air Command (SAC) missile launch control officers.

The program at Minot was begun in June 1964. The base is one of six SAC installations where similar programs are offered to provide qualified officers an opportunity for educational advancement while assigned to Air Force duty deep inside isolated underground missile silos.

Major Spraberry, a veteran of the Korean War, was commissioned upon completion of the Air Force ROTC program in 1952 at Texas Tech, where he received his BS degree in agricultural economics.

SINCE entering the service the major has also received an MS degree in education from Kansas State College and a BA degree in general studies from the University of Maryland in College Park, during off-duty hours.

He is a graduate of Whitharral High School. Major Spraberry's wife, Teddy, is the daughter of Mr. and Mrs. C. H. Billings of Lubbock, Tex.

**SOMETHING NEW** has been added at First State Bank — an electronic time and temperature service which replaces the former bank clock. The new time-temp indicator was installed Friday by the American Sign & Indicator Corp. and Clyde Vick of Dimmitt Electric. Its automatic control panel is inside the bank, and its temperature gauge is on the bank roof. (So far, the temperature indicator has shown two degrees lower than the West Texas Telephone Co.'s time-temp service, probably because of the difference in locations.) The message in the lower sign in the bank's new display will change periodically.

# Cattle Feeders Irked At Pollution Charge

During the past several weeks, the cattle feeding industry has received much unfavorable publicity because of the pollution of Buffalo Lake.

From the reports released by officials in charge of the lake and game refuge, the lake water is in unsatisfactory condition.

**FEEDLOTS** located on the watershed of the lake have been blamed as a major cause of these lake's polluted condition. But these accusations "have been made with little evidence of where the undesirable materials are coming from," according to the Texas Cattle Feeders' Association.

"Some of these charges have been issued by government officials who have not visited the area in question and are generalizations which have resulted in bringing the wrath of public opinion down on the feeding industry without contributing to the solution of the problem," the TCFA said in a prepared statement.

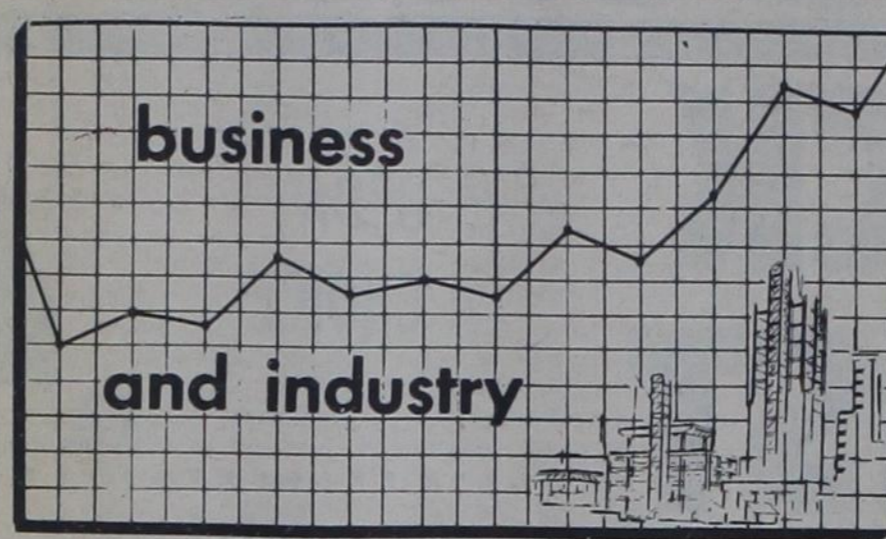

The Cattle Feeder Association's statement continued:

"**MUCH HAS** been made of the fish kill in the lake. However, lake officials have publicly stated that a chemical was placed in the lake about the time the flood waters reached the lake, for the specific purpose of eliminating the rough fish. They have further stated that a very high percentage of the fish kill was of the rough species.

"Many of the feeding operations in the Buffalo Lake watershed area have spent considerable sums of money on control facilities. It seems unfair to denounce an entire industry before the evidence is in on any segment.

"The cattle feeding industry is a multi-million dollar industry in the Panhandle area and contributes substantially to the economy of the region. The industry realizes its responsibility to the general public. The Texas Cattle Feeders' Association and the individual feeders involved are willing and ready to cooperate with local, state and federal officials in determining the source of the lake pollution and in correcting the situation. Continued unfounded statements will serve no worthwhile purpose.

"**THE TEXAS Cattle Feeders' Association** proposes that a special commission be formed with representatives from governmental agencies involved and representatives from industries affected. The purpose of this commission would be to study evidence available and make additional studies if deemed necessary. The commission would make specific recommendations for correcting the present situation and make specific recommendations for measures to prevent recurrence of problems in the future."

## West Texan at Expo

### How Does the US Pavilion Compare With Soviet Union's?

By **JASPER SANDER**  
 (Fifth of six articles)

Well, Nancy and Sharon, our big girls, came in late last night loaded down with bargains.

**NANCY HAD** two exquisite wood carvings and Sharon, our musician, had two more drums for her collection. About one more day of bargain hunting will about break those girls I think (and maybe Papa, too).

The kids all liked La Ronde but won't admit it's any better than Six Flags in the great state of Texas. La Ronde is acres and acres of rides, souvenir shops, foreign restaurants (I can't get used to the idea we're foreigners here) and shows common to fairs and some that are unique.

**TO ORGANIZE** the "Rides Center" the planners of La Ronde visited every major amusement park in the world. They adapted outstanding features of such famous spots as Disneyland and the Tivoli Gardens of Copenhagen; and they have added a lot of fun and originality of their own.

The Gyrotron is unique — the only ride of its kind in the world. Starting at ground level the Gyrotron passenger is whisked high into a giant pyramid where conditions of outer space are simulated. By sight and sound the illusion of an actual space voyage is created and maintained.

Finally the contraption plunges deep into the bowels of the earth, and the passenger if confronted by a fantastic mechanical monster that rises from the depths of molten lava. Enjoyment may be tempered by a feeling of relief when the "space traveler" finds himself on terra firma again.

Appropriately enough, a bar and a first aid station are located near the exit.

It is inevitable that comparisons of the Russian and US pavilions will be made. The 20-story-high geodesic dome of the US is perhaps the most imposing of the fair, where excellent and unique structures are common.

**THE US space exhibits** are very good. After that the quality drops rapidly, all the way down to mediocre and incomprehensible. I couldn't help wondering if it was really an American who put that melange together. As soon as I get back to Texas I'm going to write my congressman and try to find out.

By comparison, much of the Russian exhibit was quite good, though stolid in tone and much was rather an obvious effort in propaganda. They were careful and thorough in every detail in a coordinated effort to impress the peoples of the world with the might, intelligence, and leadership of the Russian Free Community of Republics in every field of human endeavor. They did a pretty good job. They almost convinced me.

**THEN I** remembered something

a couple of things in fact. Where were their aids for the burdened housewife? Maybe I overlooked them, but I saw none of the many things the American housewife takes for granted, like electric irons, modern ranges, refrigerators, and other things designed to let the modern wife and mother "live a little."

Another thing the Russians prided themselves on were the many guarantees they make to their people. They guarantee them an education to a certain point; then if someone in authority thinks he has the stuff for more education he is guaranteed that. A job is guaranteed any college graduate by the government who not only will find him a job but will insist he accept it and stick with it. The Soviets were very free with their propaganda handouts of literature.

**PERHAPS I'M** a bit old-fashioned, but I still like the three guarantees in the preamble of the US Constitution "that all men have the right to life, liberty, and the pursuit of happiness." Beyond that, we can work out our own destiny, with the good Lord's help. (Next Week: We say goodbye to Expo 67.)

## Early Teal Hunt Permits Available

Duck hunting Texans who would like to participate in a special nine-day early teal hunt are reminded to send in their requests for a special permit to the Texas Parks and Wildlife Department.

**THE PERMIT** will authorize the holder to hunt teal Sept. 22-30 prior to the opening of the waterfowl hunting season. The daily bag limit is four teal with a possession limit of eight.

This year's hunt will be the third and final year of an experiment designed to determine if teal can withstand additional hunting pressure. The bird normally passes through Texas on the way to wintering grounds in Central and South America prior to the regular hunting season.

Permits will be issued to all who apply, provided the applicant submits his full name, complete home address and county of residence on the requests. Applications cannot be accepted after Aug. 18. Requests should be made in writing to the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, 78701.

All participating hunters will be required to have a valid Texas hunting license and a Federal Duck Stamp in addition to the special Permit.

## Price Declares 'War on Waste'

Congressman Bob Price joined with other House members Wednesday of last week in introducing legislation known as the "War on Waste."

**PRICE SAID** the bill was necessitated "by the Administration's wars on everything else—except waste and duplication."

The "War on Waste" bill would create a 10-member commission to be known as the "Commission for the Elimination of Duplication and Waste," to investigate the present organization and methods of operation of the federal government, and to make periodic recommendations to Congress and the appropriations committees of the House and Senate.

Members of the commission would include six persons from private life, two appointed by the President and two each by the speaker of the House and the president of the Senate. The other four members would consist of two senators and two representatives; one from each of the two parties.

**THE BILL** calls for the speaker of the House and president of the Senate to choose congressional members from those who have been outspoken in their criticism of waste and duplication in government, to insure a complete investigation of government operations.

The congressman concluded, "The need must be met by congress; there is no reason why the legislative and executive branches of government can't operate with the same economy that a private business must operate with."

HART NEWS

School Tax Goes Up 15 Cents

By MYRT LOMAN

Hart School Board in a special meeting last Thursday accepted a preliminary budget of \$406,635.40 and set the budget hearing for Aug. 8 at 8:30 p.m.

The board set the tax rate at \$1.65, compared to \$1.50 in recent years.

The equalization board was named and will meet Tuesday, Aug. 1 from 1 to 3 p.m. in the board room of Hart High School.

THE OFFICIAL board of the First Methodist Church, met Wednesday night of last week at the church.

Theron Morrison, chairman of the board, conducted the business meeting. Members discussed the purchase of new office equipment.

Present were the pastor, Rev. Fred Brown, Mr. and Mrs. Theron Morrison, Mr. and Mrs. Bill Bell, Mr. and Mrs. Ed Bennett, Joe Bailey, Buster Aven, Wamon Foster, Ed Harris and Worth Jones.

MR. AND MRS. Lonnie Bradley of Plainview are the proud parents of a son, born July 7 at 4:42 p.m. in the Plainview Hospital, weighing 7 pounds, 12 1/4 ounces.

Maternal grandparents are Mr. and Mrs. Fred Popejoy of Hart and paternal grandparents are Mr. and Mrs. Myrtle Bradley of Plainview.

Mr. and Mrs. Popejoy are both former Hart residents.

GIRL SCOUT TROOP 158 met last week at the community room for regular meeting and a "going-away" party for members Marsha and Jackie Seago, who have moved to Milan, N.M.

There were 21 members present, plus Mrs. Dwight Miller, leader, and one guest, Roevela Brinner of Snyder.

Mrs. Miller and the girls made plans for their trip to Cloudcroft, N.M., July 24 and presented handmade bed pillows and pajamas to Marsha and Jackie.

THE JUNIOR 2 Sunday School Class of the First Methodist Church honored Marsha and Jackie Seago with a swimming party Wednesday evening of last week at the swimming pool of the Country Club in Oton.

Mrs. Ed Bennett, teacher of the class, was assisted by Mrs. Bill Bell, Mrs. Fred Brown, Mrs. David Nelson and girls.

Seventeen guests enjoyed the party and dinner. The honorees were presented gifts.

MR. AND MRS. Paul Smith are new Hart residents, having assumed the position as agent and telegraph operator for the Fort Worth & Denver Railroad.

The Smiths have two children, Paula Ann and Kevin Layne, both under school age.

Smith has worked for the railroad since 1963, and he and wife are members of the Methodist Church.

THE SWISHER County Rural Electric Cooperative is sponsoring a cooking school at the home of Mrs. Ed Bennett, 1212 S. 10th St., Hart.

The girls 6 through 9 made chocolate covered cherries Monday morning. Attending the class from 9 a.m. to noon were Lisa Hig-

gins, Rhonda Rowland, Kontra Bishop, Patricia Smith, Denise Bryant, Diane Davis, Melanie Upshaw, Garla Bryant, Kim Davis, Donna Dudley and Susan Harlan.

The afternoon class was composed of Kathy Cheves, Jan Harris, Donna Welty, Jana Mapp, Tammy Eates, Cheryl Friday, Beth Hacker, Jean Foster, Cindy Hill, Car'a Rambo, Jana Hill, Lisa Hill, Retha Aven, Karen Foster, Laura Dudley, Rene Entrikin, Twila Garrity and Joyce Welty.

On Friday the girls will have as special guests their mothers, and girls will be presented diplomas for cooking.

On Monday the cooking instructor was Mrs. Jeanette Malone of Tulsa.

MR. AND MRS. Bob Reed and sons and his parents, Mr. and Mrs. G. T. Reed of Plainview, have returned from a week's vacation in Platurero, Co.

T. R. Davis was re-admitted to the Nichols Clinic Friday. He is reported improved at this time.

MRS. FRED BROWN and Mrs. J. V. Wescott report registration of 18 four and five-year-old children Monday morning for the fall class of the Kiddie Kollege Kindergarten.

Cases will assemble at the American Legion Building at the same time Hart school starts.

MR. AND MRS. Verle Crick and his parents, Mr. and Mrs. W. C. Crick, were in Oklahoma City recently to attend the funeral of R. J. McDill, brother-in-law of Mrs. W. C. Crick.

Friends of Bro. and Mrs. Elra Phillips are invited to their open house Sunday from 4 to 5 p.m. at 10 East 20th Street in Big Springs.

Bro. and Mrs. Phillips are former Hart residents. He served as pastor of the First Methodist Church.

They have many friends here who wish them well in their new home. He has retired from the ministry.

Mrs. Allie Barnard of Weatherford spent last weekend in the home of her niece and husband, Mr. and Mrs. Miles Cox, on Sunday two of Mrs. Barnard's sisters and their families, Mr. and Mrs. Ray Jones of Plainview and Mr. and Mrs. Jim Cummings of Lubbock, were guests in the Cox home.

REV. AND MRS. Harmon Bishop and four children have recently moved to Hart from Roosevelt, Okla., where he served as pastor of the Baptist Church.

The Bishops are former Hart residents, having lived here from December 1960 to May 1962. During that time he served as youth director of the Baptist Church and was also employed at H&S Produce Co., where he is presently employed.

The family includes four active children, Danny, 10, Kendra, 8, Brenda, 7, and Davy, 6.

The Bishops have rented a house from Joe Percy Hart, located in back of Bob's Farm Supply.

DINNER GUESTS Sunday in the home of Mr. and Mrs. Carl Godfrey were her mother, Mrs. Ber-

tha Conard, her sister, Mrs. E. E. Burrows, both of Hart, and sisters, Mrs. Ella Higdon and Mrs. Vennie Woodard of Amarillo, brother and wife, Mr. and Mrs. Tex Conard, and niece, Mrs. Sharon Sadler and children of Dimmitt.

HART WILL BE represented in the fourth annual cheerleading school to be held at Texas Tech July 23 through 28.

Students attending from Hart are Linda Popejoy, Sheila Gardenhire, Joan Dudley and Rebecca Futrell.

Mr. and Mrs. J. V. Wescott, Marcie and Jay spent the weekend in Seminole with his mother, Mrs. C. H. Wescott, who returned home with them for a week's visit.

Mr. and Mrs. Paul Brooks, Neoma and Sharon and Mr. and Mrs. Thomas Lee Brooks and three daughters spent the weekend at Red River and Eagle Nest for some fishing.

Mrs. Bob Bennett and daughter, Sardy, left Sunday evening for Ruicoso, N.M. for a few days' vacation.

REBECCA FUTRELL, daughter of Mr. and Mrs. Ralph Futrell has been employed a part of this summer at the Golden Spread Rest Home in Dimmitt.

Mrs. Jack Bradley and daughter-in-law, Mrs. Jimmy Bradley of Fort Worth, arrived on Saturday for a few days' visit with relatives in Dimmitt and Arney.

Mrs. Jimmy Bradley attended the Church of Christ worship service in Hart Sunday and visited in the home of Mr. and Mrs. Kenneth Covington.

YOU ARE invited to attend the revival meeting at the First Methodist Church in Hart. Breakfast is at 7 a.m. each morning, with worship services at 7:30 and evening service at 8:30.

Rev. David Hamblin of Memphis is the evangelist, and Rev. Bruce Pars has charge of the music. He is from Lorenzo.

Gems of Thought from the bulletin board of the First Methodist Church: "Little Minds Discuss People; Average Minds Discuss Events; Great Minds Discuss Ideas."

MR. AND MRS. Elmer Pike of Nash, Okla., have been visiting in the home of his uncle, Mr. and Mrs. W. C. Crick.

Mr. and Mrs. Robert Brooks returned home Sunday night from Austin, where she attended the Postmasters' convention.

Mike Reed, son of Mr. and Mrs. Glyn Reed, left Saturday with the National Guard for two weeks of training at Fort Hood.

MR. AND MRS. William D. Bell and sons, Billy Bob and Ralph, attended the 50th wedding anniversary of Mrs. Bell's parents, Mr. and Mrs. Clarence P. Drake, Sunday.

The reception was held in Fellowship Hall of the First Baptist Church in Portales, N.M. Old friends, new friends and relatives came from far and near to wish them happiness on their golden wedding anniversary.

Mrs. Ella Landers, 82-year-old sister of Mrs. Drake, came from Tucson, Ariz. Mr. Drake's sister from Hamilton, Mr. and Mrs. Grover McAnaley, and Mr. and Mrs. Cleo Thompson of Lubbock were special guests.

Mr. and Mrs. Drake moved to Portales in 1937 from a ranch near Lovington, N.M. Many friends that were made during the 30 years in Portales attended the celebration.

LBJ Proclaims Farm Safety Week

The week of July 23-29 has been proclaimed National Farm Safety Week by President Johnson.

THE PRESIDENT, in signing the proclamation, emphasized, "Agriculture remains America's first and most important industry. It supplies food for our people and many millions throughout the world, and a vast measure of the raw materials used in the making of other products."

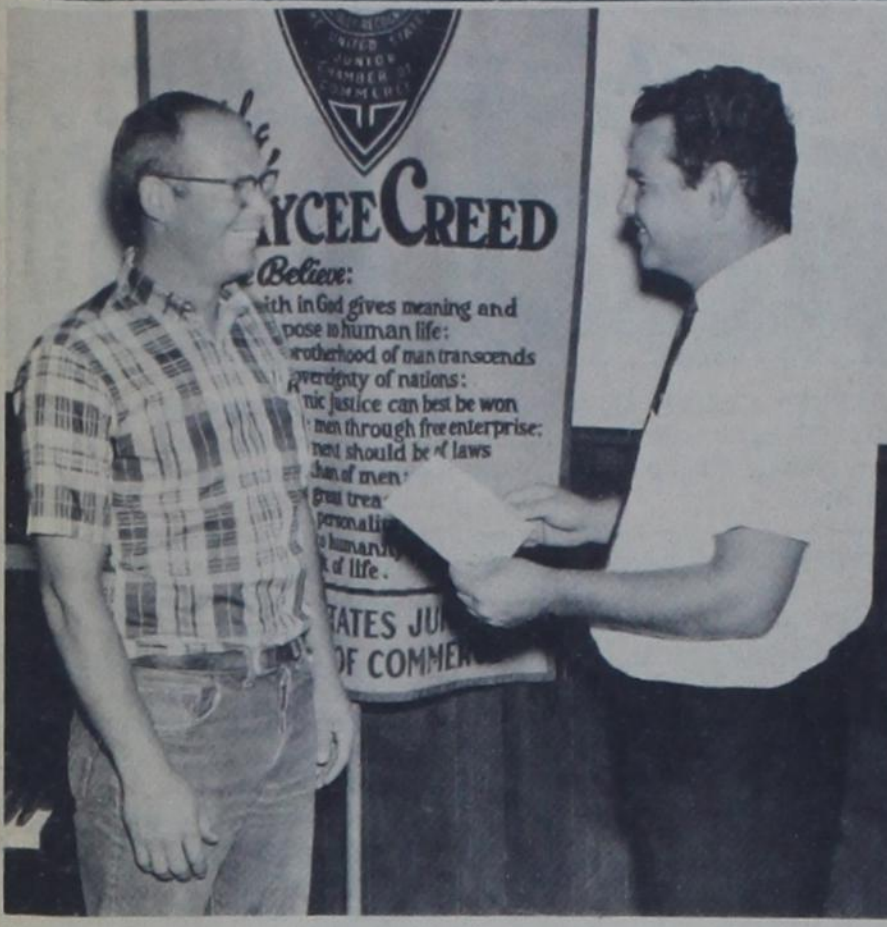

"Therefore, whatever diminishes or impedes the efficiency and productivity of our farmers is detrimental to men and women everywhere."

The objective of National Farm Safety Week is to draw attention to the safety problems of farm and rural people, and suggest ways to prevent accidents on the farm, in the home, and on the highways.

"DISABLING injuries and the resultant economic losses are at an all-time high. Not only is a personal hardship involved, but we as a nation cannot tolerate the drain on our rural manpower and economic vitality in this time of critical world food needs," Leon J. Urben, manager of the National Safety Council Farm Department, points out.

In view of this costly loss of economy and the tragic loss of life, President Johnson makes this plea to America's farmers and their families:

"I urge all persons who live on farms, and those persons or groups allied with agriculture, to respond to applying full energy to the outgoing task of reducing accidents at work, in homes, at recreation, and on the highways."

JOE LAND (right), manager of Hi-Plains Finance Co. in Dimmitt, has been named 'Jaycee of the Month' for June. Here, he receives his award certificate from President Robert Benton. Land, who has been a member of the Dimmitt Jaycees only two months, was chairman of the successful Jaycee Dunking Board project during the Castro County Activities Carnival last month, and worked every night at the dunking board booth in addition to scheduling board-riders.

Cattle Course Slated at A&M

The 17th Annual Beef Cattle Short Course will be conducted Aug. 14 and 15 at Texas A&M University.

THE EVENT, sponsored by the Texas A&M Department of Animal Science, is open to all persons interested in recent development and changes in the beef cattle industry. The short course will be conducted in the ballroom of the Memorial Student Center.

J. K. Riggs, professor of animal science, said the 1967 Beef Cattle Short Course will feature discussions of the economic position of beef production and the costs and returns from commercial breeding and feeding operations. Processing breeding herd records electronically and least cost ration formulations for feedlots by electronic means will be discussed by two industry representatives.

Particular attention will be given to breeding plans for sustaining hybrid vigor, and to management schemes for crossbreeding operations. Meat experts will discuss carcass cut-out and monetary values of various breeds and crosses, Riggs said.

THE RELATION of mature cow size to growth rate, feed requirement, and the economics of production in breeding herds will be a featured part of the program.

Recent research results will be presented on popped sorghum

grain for finishing steers, levels of roughage in finishing rations, cy-ster shell in high concentration mixtures, digestibility of dry and moist sorghum grain and use of gypsum as a feed regulator in supplemental feeding, Riggs said. Information on registration and room reservation forms may be obtained by writing the Department of Animal Science, Texas A&M University, College Station, Texas, 77843.

**Dimmitt Firemen**

**Attending School**

Five Dimmitt firemen are participating in the 38th annual Texas Firemen's Training School this week at Texas A&M University.

They are Fire Marshal Guy Waldrop, H. M. Morrison, Bob Murdock, Sherty Barlow and James Slough.

They are among 2,200 firemen who are attending, representing 565 cities and 29 states, plus several foreign countries. Included are men who work in fire prevention and control for municipalities, industries and armed services.

By sending the firemen to the school, Dimmitt will receive a 5 percent rate credit for its insurance rates.

Henry D. Smith, chief of the Firemen's Training School, emphasized the greatest benefit gained from the school is the reduction in fire losses through more efficient methods of fire fighting learned during the training.

**INSTRUCTION** includes 16 separate 30-hour courses in fire fighting, fire marshal training, fire department officer training, instructor training, pump maintenance, pump operation, armed services and specialized fire protection.

**Vacation in Colorado**  
Mr. and Mrs. Clarence Bearden and daughter, Mrs. Bob Finneran and sons of Dallas are vacationing at Creed, Colo., this week.

**CARD OF THANKS**

Through these long months of illness and recent death, we are deeply indebted and humbly grateful for the many prayers and kind deeds — visits, food, flowers, cards, comforting and encouraging words — from our beloved friends. We thank Doctors Lee and Blackburn, all hospital staff, ministers and other friends for the loving care given our dear dad, husband, and brother.

We thank you most sincerely for the many expressions of sympathy upon the passing of our loved one.

The E. B. Wright Family  
Mr. and Mrs. W. A. Wright

**High Plains Foundation's**

**Field Day Set**

The 11th annual Field Day of the High Plains Research Foundation has been set for Thursday, Sept. 14.

The second Thursday in September has been the traditional date for this annual visitors day for several years.

**TOURS OF** the research farm at Halfway will begin at 1 p.m. Trucks will transport interested guests around the farm, where they will have an opportunity to hear members of the foundation staff explain the various research projects underway.

An exhibit of the latest in farm equipment has increased in popularity each year. Representatives of the equipment companies will be on hand to explain the equipment and its purpose.

Members of the board of trustees of the research foundation will be available to show visitors the various facilities of the organization, such as the builders, greenhouse, and laboratory. The main speaker will be announced at a later date. Last year's speaker was Secretary of Agriculture Orville Freeman.

Dr. Tom Longnecker, director and executive vice-president of the foundation, said, "We feel that the efforts of the High Plains Research Foundation, coupled with the knowledge gained from other agricultural research organizations in the area, are extremely important to our future economy, and we are proud to have an opportunity to show the accomplishments that your money has made possible through free enterprise research."

**Sponsored Boy Goes 'On His Own'**

Bobby Skelton of the Christian Children's Home in Portales, N.M., graduated from Portales High School last spring and has joined the wheat harvest in Oklahoma for the summer to earn money for school this fall.

BATES SHOE STORE TULIA, TEXAS

MRS. LARRY KEITH HASTINGS  
The former Janice LaRue Ogle

Rev. O. A. McBrayer officiated at the double ring ceremony, which was at 7:30 p.m.

THE BRIDE is the daughter of Mr. and Mrs. William J. Ogle of Lubbock, Hastings, a former Dimmitt resident, is the son of Mrs. Neva Hastings of Lubbock and her late husband, Alvin Hastings.

Given in marriage by her father, the bride wore an empire gown of white silk organza and re-embroidered Alencon lace with fitted bodice, portrait neck and elbow length sleeves edged with circular ruffles. Appliqued lace motifs enhanced the bodice, banded the A-line skirt and scalloped the edges of the chapel train. The veil of silk illusion was attached to an open crown pillbox embroidered in pearls.

She carried a nosegay of white carnations, accented with pink sweetheart roses.

MAID OF HONOR was Mary Lynn Anderson. Bridesmaids were Marlene Levenson, Anna Wright, Kay Wilkins, Carol Clover and Lois Hastings.

The bride's attendants wore formal length cage gowns of bush pink chiffon with scoop necklines, matinee sleeves and bands of mauve and lime satin circling the empire waists. Their headpieces were of satin leaves with pearl centers and their bouquets were pink rosebuds and English ivy.

Charles Hemphill was best man, and groomsmen were Jack Nichols, Mike Barrett, Larry Scoggin, Joe Dean Fowler and David Norman.

MUSIC was provided by Mrs. Richard Tolley, organist, and Barbara Jeffress, harpist. Vocal soloist was Marty Ratcliff.

After a reception in fellowship hall, the couple left for a wedding trip to Colorado.

The newlyweds, both of whom are students at Texas Tech, will reside at 4636-A 52nd St., Lubbock.

THE BRIDE is a 1963 graduate of Monterey High School and is a junior secretarial administration major at Texas Tech. Hastings, a 1964 graduate of Monterey High School, is a senior industrial engineering major at Tech.

# 4-H'er Describes Money Project

By DIANA ADAMS

I have been a member of the Frio Jolly Workers 4-H Club for six years. I have taken money management for three years.

THE FIRST two years I made drawn dividers, learned how I receive and use my money, how to keep a personal record, and gave a demonstration.

This year I divided my money into three jars—spend, share, and save; kept a record of my spendings for four months, and gave a demonstration.

Our group went to several stores to learn how to get the most for our money. I would encourage everyone to join the 4-H and take Money Management.

Sen. Ralph Yarborough

Special Classes Are Needed For Spanish-Speaking Pupils

By SEN. RALPH YARBOROUGH (D - Texas)

Dear Fellow Texan:

Spanish is not my native language, as much as I love to hear speeches in that musical tongue.

But it is the native language of about two million youngsters of school age in the southwestern part of the United States — including a million school children in Texas.

Those children represent two million reasons for support of the Bilingual American Education Act which I am sponsoring this year in the United States Senate—the first such education bill ever introduced in the Congress of the United States.

Just a few days ago I was in Los Angeles for hearings on the bilingual bill. It came as no surprise to learn that children of Spanish-speaking backgrounds in California have the same problems that children with Spanish-speaking backgrounds in Texas encounter when they first go to school where the only spoken language is English.

They have problems of communication and understanding. Because they cannot communicate, cannot understand their teachers and their fellow students, they don't learn as quickly as their classmates.

NOW WHAT has that meant to California? In our hearings in Los Angeles, California's Senators Murphy and Kuchel told the subcommittee that consistently these children have had poorer performances and their dropout percentages have been much larger than among the English-speaking youngsters.

Senator Murphy told our subcommittee that 50 percent of the

Spanish-speaking children—half of them—drop out of school in California by the time they reach the eighth grade. In Texas the average education for these children is only a little more than four years. What can you do with four years of school in a world as complicated and as fast-moving as ours?

We also learned that in California, as in Texas, these Spanish-speaking youngsters often are forbidden from using their mother tongue, Spanish, and discouraged from taking advantage of their cultural heritage and the learning that they have when they reach school.

IN SUMMARY, we found the same sort of conditions in California that the subcommittee found in hearings last month in Edinburg, San Antonio and Corpus Christi. An overwhelming majority of witnesses in both Texas and California agreed that the Bilingual American Education Act would be a significant step forward toward bringing Spanish-speaking Americans into the mainstream of American education.

My bill would authorize \$32 million in federal funds over the next few years to provide special programs for Spanish-speaking children. How that money is to be spent is left largely up to local school officials, the men and women who know their needs best.

Some areas might want to start special classes for these youngsters, taught in Spanish, at the same time giving them intensive lessons in English. In other areas the money could go for teaching aides—workbooks, textbooks, or educational movies and slides in Spanish and English.

Congressmen from every political spectrum and from both parties have given their support to this bill. It is co-sponsored by my colleague from Texas, Sen. Tower.

CADET TOMAS GARZA, 22, son of Mr. and Mrs. Antonio C. Garza of Dimmitt, fires the M-16 rifle while attending Army Reserve Officers' Training Corps summer camp at Ft. Sill, Okla. He is a student at Texas Tech, and is receiving six weeks of training in leadership, rifle marksmanship, physical conditioning and other military subjects. Upon completion of summer camp and graduation from college, he will be commissioned a second lieutenant in the US Army.

Pvt. Dennis M. Lytle

Lytle Completes Signal Training

Army Private Dennis M. Lytle, 20, son of Mr. and Mrs. Albert M. Lytle, 205 NW Third, Dimmitt, has completed a field communications crewman course at Ft. Huachuca, Ariz.

DURING the course, he was trained to string wire from the field to the communication center. Instruction was also given in basic electricity, switchboard installation and operation and pole climbing.

LT. GOV. Preston Smith will become acting governor while Gov. John Connally is on a six-week African safari.

Price, Others Urge President To Fill Posts

Congressman Bob Price and 57 of his Republican colleagues have urged President Johnson to fill nine vacant Ambassadorial posts in Africa.

IN A LETTER to the White House, Price pointed out that the United States had no Ambassador in Cairo for the ten weeks preceding the Mideast crisis. This "obviously must have had an adverse impact on the effectiveness of US diplomacy," the letter said. He added that "the lesson for US policy in Africa is clear."

The Republican letter pointed to trouble spots in the Congo, Nigeria, Rhodesia and South Africa and commented that the failure to maintain progressive relations with African States results in an inability "to shape the future rather than merely to await it."

Nino Completes Refresher Course

Marine Private First Class Amelio Nino, son of Mr. and Mrs. Emilio Nino of 509 SW Third St., Dimmitt, has completed a refresher course in hand-to-hand combat and small unit warfare tactics with Staging Battalion at the Marine Corps Base, Camp Pendleton, Calif.

STAGING Battalion prepares Marines for assignments to an overseas combat zone as a part of the Marine Corps air-ground team.

In addition to individual and unit defensive measures, he reviewed the techniques of scouting and patrolling, anti-guerrilla warfare, learned how to avoid an enemy ambush and how to set one of his own. His training also covered the fundamentals of land navigation, including map and compass reading.

Stewart Ends Navy Schooling

Storekeeper Third Class Jerry Stewart, USN, son of Mr. and Mrs. Sidney S. Stewart of Dimmitt, has graduated from a course on Navy storekeeping procedures at the US Naval Supply School in Newport, R.I.

The 10-week course is designed to teach navymen with virtually no storekeeping experience, the overall aspects of supply administration. This includes the procedures used to store, transfer, issue and inventory various supply materials.

## BE CAREFUL! Prevent Farm Accidents

### A Safe Farm Is a Profitable Farm

Safety is the prime factor in the success of modern farming, for accidents can prove more costly than maintenance. Your farm can be a showplace of progress and efficiency if you keep tools and equipment in top condition, check buildings for cleanliness, soundness. Keeping everything in apple-pie order eliminates many fire hazards. Practice good safety habits and prosper!

# Is Your Farm Fire-Safe?

**By DEBRA HOCHSTEIN**  
Nazareth 4-H Club

The week of July 23-28 has been proclaimed National Farm Safety Week by President Johnson, and he urges all farm people to reduce the number of farm and home accidents.

**ONE OF the major results** of accidents on the farm is fire loss.

Most have heard the saying, "An ounce of prevention is worth a pound of cure." This is so true in the prevention of fires. Fire is a daily threat to our American economy and way of life. It therefore deserves daily attention and combat with proper and preventive measures.

National fire loss figures have increased to more than one billion dollars of property destroyed annually. This loss includes as much as \$133 million worth of farm property—and valuable food supplies. It does not account fully for the loss of income, time, effort, and productivity. Nor can dollars measure the annual loss of life caused by fire—which is as many as 12,500 persons in a single year.

**BUT EVEN more tragic** than these figures is the fact that many of these fires need never have started. Carelessness is the greatest single cause of fires in the home and

on the farm. Millions of needless catastrophes result from such thoughtless acts as tossing away a lighted match or cigarette, overloading electric wiring, leaving little children alone, and improperly using or storing flammable and combustible materials.

**GOOD PLANNING, good housekeeping** and safe habits can protect your family and your home.

Good planning means a careful fire-hazard survey of your home with attention to features that can

keep fires from starting and spreading.

Good housekeeping simply means common sense, cleanliness and orderliness in everyday matters, plus immediate attention to routine repairs and replacements. Safe habits make it possible for

## Grid Workouts Three Weeks Off

The 1967 Dimmitt Bobcat football squad will begin workouts Aug. 14.

**HEAD COACH Brown L. Smith** said senior, junior and sophomore boys will be issued their playing shoes Aug. 9 at the field house, and that the rest of the boys' football equipment will be assigned on the first day of practice, Aug. 14.

Before workouts start, Dimmitt High's football coaching staff will attend a coaching school in San Antonio during the first week of August. A highlight of the school will be the annual High School North-South All Star football game.

**ATTENDING the coaches' clinic** will be Smith, James Hedrick, Kenneth Cleveland, Paul Kitchens and the school's two new coaches, Roy Blair and John Lantz.

all members of your family to protect themselves. People who are said to be "accident prone" most often are the one who don't look where they're going, or who fail to anticipate cause and effect. They can bump their heads on a sign that says "NO SMOKING" and still continue to smoke, while others who possess the habit of safety instinctively avoid hazards and pitfalls.

Most fires on the farm and in the home result from carelessness. The obvious remedy is for everyone in the family to practice common sense, carefulness and safe habits. Also, an inspection of a home and a farm for fire hazards would be easier than having to fight a fire.

**FIREMEN can put out a fire,** but only you can prevent it. So the saying, "An ounce of prevention is worth a pound of cure" is so true when minutes spent preventing a fire can save months of worrying and rebuilding.

# Law Permits 80 Times Air Pollution of Other States

**By VERN SANFORD**  
Texas Press Association

Air pollution is the prime topic at the moment.

**AFTER TAKING a look** at the air pollution law just put on the books this year, members of the new Texas Air Control Board say the Texas law permits 80 times as much air pollution as do similar laws in some of the other states.

Elbert Hooper of Austin, the board's attorney, told the directors that an exemption from control supposed to apply only to cotton gins (limiting air emissions to maximum of eight percent of the process weight of any agricultural product) may exempt many industries.

He named the following as possible: lumber mills, rice mills, grain elevators, paper mills, cotton gin mills, produce plants, food processing plants, citrus processing plants, flour mills, soybean oil mills, corn syrup plants, slaughter houses, wool scouring plants, nut processing plants and, possibly, rendering plants.

**THE COURTS SPEAKS**  
High court ruled that an applicant who is denied a beer license may appeal in district court, but someone who protested granting of the license has no right to appeal.

have resided in the state for 90 consecutive days prior to his application, Atty. Gen. Crawford Martin has held.

In other opinions, Martin determined that: Department of Corrections may require return of a parole violator from New Jersey to serve the remainder of his sentence.

New law didn't change requirements relating to specific affidavits on certain sworn accounts regarding claims, and the state comptroller can continue to issue warrants for properly submitted claims when such claims are submitted under affidavit.

**TERMS OF two former aeronautics commissioners** expired last December 31. Terms of two more end next December 31. One is deceased, and a sixth will serve through 1970.

**FOR MENTALLY RETARDED**  
Deputy Commissioner Charles D. Barnett says the Department of Mental Health and Mental Retardation has been allocated \$18,400,000 in federal funds for the mental retardation program with another \$1,000,000 likely to be allocated.

Funds include grants-in-aid for care programs and grants for construction of new facilities.

**AMENDMENTS DROWN**  
On November 11, Texans will vote on six proposed constitutional amendments placed on the ballot in this order:

**No. 1** — Allowing counties to put all tax money in a single general fund.

**No. 2** — Permitting cities and other governmental units within hospital districts to levy taxes for participation in mental health and mental retardation community centers.

**No. 3** — Reviving the veterans' land program and authorizing \$400 million in bonds.

**No. 4** — Authorizing counties to pay medical, doctor and hospital bills for law enforcement officers injured in line of duty.

**No. 5** — Providing for a \$75 million state parks revenue bond issue.

**No. 6** — Allowing state officers and employees to hold non-elective positions where there is no conflict of interest or where the state might benefit.

**APPOINTMENTS**  
Three Texas fliers were named by Gov. John Connally to the State Aeronautics Commission: Hugh A. Fitzsimons Jr. of Carrizo Springs, William N. Allan of San Antonio and Rex Cauble of Denton.

# House Bill Establishes Water Study Commission

A bill that could mean millions to the Panhandle was passed by the House of Representatives last week.

**"OUR OVERALL national water supply** is not distributed in a way to meet our most urgent requirements, and in order to provide better distribution and meet needs where they develop, we must give consideration to interbasin transfers and to the movement of water over long distances." Price added.

The Panhandle congressman acted as assistant floor minority leader when the bill was passed.

**"An amply supply of good quality water** is essential if this area and others are to continue to grow and prosper." Price said.

**"THE COMMISSION will work closely** with already existing river basin commissions, with other federal and state agencies, and is intended to provide a broad framework for seeking solutions to regional water problems and assist the Water Resources Council established under the Water Resources Planning Act in overall water resources planning.

**"An authorization for a \$5 million** appropriation for the commission was included in the bill. The life of the Commission is limited to five years," Price explained.

'FIREMAN OF THE YEAR' RECEIVES TROPHY From Fire Chief Harlin Dodd, left

# R. D. Rogers Selected 'Fireman of the Year'

R. D. Rogers received a birthday gift Friday night which he isn't likely to forget.

IT WAS the "Dimmitt Fireman of the Year" award.

Rogers, State Highway Dept. foreman here, was presented the award by Fire Chief Harlin Dodd at the 13th annual Fireman of the Year Dinner for Dimmitt's volunteer firefighters and their wives.

After receiving the award trophy, Rogers commented on the role of the volunteer fireman:

"IT ISN'T enjoyable work, really—you don't get any enjoyment out of seeing someone's property burning—but I have enjoyed working with the men in this department and associating with them. When you've fought fires for a few years, it gets in your blood, you get the feeling that you ought to be there..."

In presenting the award, Dodd noted that the fire department had fought 94 fires during the past year—58 in the city and 36 in the out-

lying area—and that Rogers had helped fight 65 of these fires. Also, he said, Rogers attended 47 of the department's 52 weekly fire practices during the year.

ROGERS HAS been a volunteer fireman here 16 years, since March 14, 1951. All members of the department are volunteers except City Fire Marshal Guy Waldrop, the department's only full-time employee.

Past winners of the Fireman of the Year award were John Wood in 1955, James Slough in '56, J. B.

## Funeral Is Held For Mrs. Dobbs

Last rites were conducted Saturday in Wright's Funeral Chapel in Brownwood for Mrs. Florence K. Dobbs, 73, former Sunnyside resident and mother of Mrs. Noble Armstrong of Dimmitt.

MRS. DOBBS died last Thursday in Plains Memorial Hospital after an extended illness.

Survivors are her husband, Dave, of Brownwood; two daughters, Mrs. Armstrong and Mrs. Marvel Griffin of Brownwood; a grandson, Kenneth Griffin of El Campo; a great grandson, David Griffin; four sisters, and many nieces and nephews.

Mr. and Mrs. Dobbs lived in the Sunnyside community for several years before returning to their original home, Brownwood.

AMONG THOSE from the Dimmitt area attending the funeral Saturday afternoon were Lester Gladden, Dan Bruton, Dent Bradley and Mrs. Tracy Kirby of Dimmitt, and Mrs. Orville Cleavinger and Mrs. Orbie Armstrong of Earth.

McCre in '57, Harlin Dodd in '58, Bill Dowdy in '59, Jody Compton in '60, Bud Leinen in '61, R. V. McMahon Jr. in '62, Joe Wall in '63, Clarence Wood in '64, Pat Uaterson in '65, and Henry Morrison last year.

## Dimmitt Schools Hire Eight More

Supt. Paul Hilburn announced this week that the Dimmitt public schools have hired eight more new teachers for the coming year, and that three more are needed.

STILL NEEDED, Hilburn said, are a combination chemistry and physics teacher in Dimmitt High School, and an eighth grade math teacher for Dimmitt Junior High. He said the school board also might sign an additional high school music teacher.

Hilburn said these teachers have signed contracts to teach in Dimmitt schools this year:

Bob Farrier, speech. He is a former speech teacher at Plains, and is now working toward his master's degree at East Texas State University.

ROY BLAIR, assistant football coach, social studies and science. Ben Gambling, counselor. For the past six years, he has been a counselor at Muleshoe.

John Lantz, junior high school coach and junior high social studies.

R. L. Stockstill, advanced math, DHS. He formerly taught math at Quarah.

Mrs. Carolyn Farrier, fifth grade.

Dwight Joiner Jr. of Gonzales and Jamie Stephens of Petersburg, elementary music.

## Rev. Wakefield Accepts Post At Lee Street Baptist Church

Rev. Lewis Wakefield is the new pastor of Dimmitt's Lee Street Baptist Church.

SUNDAY was his first day in the pulpit of the Dimmitt church, and he and his family will move into the parsonage Aug. 1.

Rev. Wakefield comes to the Lee Street church from Arney Baptist Church, where he was ordained as a Baptist minister Dec. 11.

He graduated from Hart High School in 1949, and has received his ministerial training at Wayland Baptist College.

WHILE LIVING in Plainview as a Wayland student, he was a flight instructor at Hutcherson Airport.

His wife, Yvonne, taught school in Hart two years and in Lockney last year. The Wakefields have three children, Connie, 8, Cindy, 6, and Steve, 3.

## Rites Are Held For Wilson Baby

Graveside rites were conducted at 3 p.m. Friday for Lisa Wilson, newborn daughter of Mr. and Mrs. Edd Wilson Jr.

The infant girl was dead at birth July 11 at Deaf Smith County Hospital in Hereford.

rites WERE conducted at Castro Memorial Gardens by Rev. H. Weldon McCormick, pastor of the First Methodist Church. Dennis Funeral Home was in charge of arrangements.

Survivors are the parents; two sisters, Debbie and Tanya; two brothers, Robert and Randy; and the grandparents, Mrs. Edd Wilson Sr. of Dimmitt and Mr. and Mrs. H. L. Cutrell of Tulia.

## Jaycees Consider Sponsoring 'Speed Reading' Course Here

Dimmitt's Jaycees are considering a public speed reading course here.

The nationally known course is designed basically to double a person's reading speed while improving his ability to comprehend what he reads.

AT THE Jaycees' invitation, two brothers—both optometrists—explained the course to the young men's civic organization last Thursday.

They were Dr. A. J. Armistead of Lubbock and Dr. Bill Armistead of Littlefield. Both have taught speed reading and have conducted basic research in visual comprehension.

They said the recommended course is 13 weeks long, with sessions of 2½ hours or longer one night each week.

GOAL OF the course, they said, is to "about double any person's

present reading speed, depending on the individual and his own ability and desire." To do this, the student must consciously break many of his automatic reading habits and replace them with new habits, they said.

The optometrists showed two of the many specialized pieces of visual aids equipment used in the course, and gave demonstrations to let Jaycee members get an idea of their own comprehensive abilities and reading habits.

The brothers said they probably would not be available to teach the course here, but that several qualified speed reading instructors live in the area.

JAYCEE President Robert Benton said anyone interested in taking a speed reading course here should contact him.

"We're interested in sponsoring the course, but we don't know

## School Ladies Attend Workshop

Four Dimmitt school secretaries attended the annual work conference of the Texas Educational Secretaries Association last week at the Villa Capri in Austin.

THEY ARE Mrs. Billy Gwynn Davis of North Elementary School, Mrs. Shirley Underwood of Dimmitt Junior High School, and Mrs. Wilton Graef and Mrs. Doris Lindsey of the superintendent's office.

The four-day workshop was sponsored jointly by the Texas Education Agency, the University of Texas and the Texas Association of School Administrators. Outstanding speakers included Mrs. Marion Wood of New York City, educational consultant for the IBM Corp., and George Williams of New Jersey, vice-president of the Communications Institute of America.

whether there are enough people here who would like to take it," Benton said. "Twenty or more persons are usually needed to form a class."
