## ROOSEVELT COUNTY WINS FOUR GOOD PRIZES.

**Expert, J. D. Tinsley, Assisted by Experienced Agriculturists, Makes Awards.**

The prizes won by the different county exhibits at the state fair were announced Monday by J. D. Tinsley, superintendent, and his board of experts, after two days hard figuring.

The winners were as follows: For the best county exhibit of agricultural and horticultural products—First, Dona Ana county, \$200; second, Guadalupe county, \$100; third, Roosevelt county, \$50.

For the best county exhibit of agricultural products grown under dry farming only: First, Torrance county, \$100; second and third not awarded.

For the best community exhibit of agricultural and horticultural products grown under irrigation: First, Albuquerque, \$100; second, Las Cruces, \$75; third, Farmington, \$50; fourth, Portales, \$25.

For the best exhibit of agricultural and horticultural products by one community under dry farming only: First, Estancia, \$100; second, Portales, \$75; third, Burton, \$50; fourth, Willard, \$25.

For the best exhibit of agricultural and horticultural products grown on a single farm under irrigation: First, Indian Pt. ranch, Fort Sumner, \$50; second, Fred Zickert, Albuquerque, \$25; third, Southwestern Irrigated Farms Co., Las Lunas, \$15; fourth, Jacob Stueckel, Albuquerque.

For the best exhibit of agricultural and horticultural products grown on a single farm under dry farming only: First, J. M. Willes, Portales, \$50; second, S. W. Hightower, Estancia, \$25; third, J. L. Napier, Fort Sumner, \$15; fourth, Mrs. Mary Burt Fort Sumner, \$10.

The Baldrige Lumber Company prize for the best exhibit of fruit grown in a single orchard, a community or a county; First, Farmington, second, Las Cruces; third, Aztec, the prizes being \$25, \$15 and \$10.

Ribbons were awarded the individual exhibitors.

## Senator Ashurst on the Political Situation.

Hon. Henry F. Ashurst, senator from Arizona, in a recent interview has the following to say of the political situation:

The election of Wilson by an overwhelming majority is conceded. He will poll every vote that Bryan polled in 1908, in fact will poll the vote which the Democratic candidate for congress polled in the landslide of 1910. This alone would give him a big majority. But while many voters who voted the republican ticket in 1910 will vote for Wilson in November, the remaining republican vote will be divided between Roosevelt and Taft, and this will give Wilson a large plurality in practically every state. It takes a majority in the electoral college, but a bare plurality of the vote in a state will elect

the members of the electoral college for that state. Wilson is herefore assured of a large majority in the electoral college.

"The republicans being divided, with two tickets in the field, has so discouraged them that they will not poll a full vote. Many will not take part in the campaign because they see no hope of success. Others will stay at home.

"If we were now confronting, as we have our the past four presidential elections, a united, harmonious and aggressive republican party, then under such conditions a man might have slight doubts as to Wilson's election. However, we are not facing such a party, but one that is divided in two—each faction vastly preferring the success of the Democratic party to the triumph of the other faction of the republican party."

## Domestic Science Day.

**WOMAN'S CLUB.**

In the absence of the president Mrs. Oldham presided at the Woman's Club October 9th. No important business being on hand the afternoon was given to the Domestic Science department for their first program of the year. It was left for this department to prove what real enthusiasm, combined with a thorough knowledge of the subject, can do, as demonstrated in the work presented under the leadership of Mrs. George Reese, who opened the program with a few remarks, expressing her appreciation of the importance of the subject under consideration, and suggesting the work as outlined would require much more time than seemed to have been given it. Her paper on Chemistry of the Household followed, and rarely has the Club had the good fortune to listen to such an excellent paper as those presented by Mrs. Reese and her assistants, Mrs. Coe Howard, on Chemical Elements and Compounds, and Mrs. Tyson on the subject of Breadmaking. Dr. Dunaway, who was expected to close the program by a talk on the Well Balanced Diet, was unable to be present but will deliver his talk later.

The next meeting will be at the Commercial Club room, October 23rd, at 3 p. m.

**Pleasant Valley Notes.**

Cutting feed is all you can see now.

The broom corn thresher was in the neighborhood last week. They threshed for Messrs. Wilson, Isom and Kersey.

J. W. Commac returned from Pampa last Saturday.

Mrs. Starns has bean out from town the last few days seeing after her crop.

Some of the Pleasant Valley people attended the circus last week.

Virgie McCormick has been on the sick list but is better now.

Owen Tollet is building a barn.

S. L. Isom is making molasses.

The Blondin show presented their performance "The Cowboy, Indian and the Lady," to a well filled tent. It was a good clean show and everyone seemed to be satisfied.

## Unpublished Platform Planks.

The state standpat convention overlooked some mighty fine campaign dope by omitting the following planks from their published platform:

"We point with pride to the elegant manner in which Holt and Miera caused Senator Abelino Romero to hit the toboggan during the recent cannibal gabfest at Santa Fe, without loss of valuable time in hearing the contest, and we pledge our party managers to see that these economical and protection methods are followed by OUR candidates or fix them like we did Governor Hagerman. It may take 400 majority to elect a senator from the county of Socorro, where the wicked Democrats are digging up past official records, but the simple twist of Holtey's wrist, aided by the corkscrew glance of Miera's gotch eye, can do the trick better—and save time.

"We point with pride, albeit with some misgivings, to the incidents of room 44 and view with alarm the bungles of the novices who pulled that off. If they don't do better next time we'll fire 'em. The nerve of some people is appalling and unstatesmanly.

"We condemn in no uncertain tone of voice the actions of certain former republicans who voted for McDonald and caused our noble machine to slip a cog. We pledge our divided efforts to get their goats.

"We point with pride to the energetic efforts of Mr. Jaffa to defeat the Blue Ballot, although it is going to make hard sledding for him in November. We pledge you our word that Nathan is all right. Anyhow he is at present our only shot. You cannot blame US if he is defeated. We done our dernedest. Selah."

The Woman's Republic Chapter is now meeting each Tuesday at 4 P. M. The study is parliamentary practice and civics. Later, legal rights of women will be considered. The members of the chapter now are Mesdames R. A. Larsen, C. O. Leach, Ina Humphrey, J. B. Sledge, S. F. Culberson, W. E. Lindsey, A. B. Seay, L. R. Hough, and the Misses Leahy, and Grace Pogle-song.

District Attorney K. K. Scott, of Roswell, and Deputy James A. Hall, of Elida, are here for the fall term of court. Both are of counsel in civil cases this week, the criminal docket coming next week.

I have a car of American Lady Flour in transit. Remember the Quality of this Flour. C. V. Harris. Adv.

Our old friend J. D. Harkey, of Carlsbad is among the court visitors this week, having business therewith. He is prominent in cattle circles, having been for years connected with the sanitary service and live stock associations.

Mr. G. C. Brock the pleasant and accommodating agent of the Santa Fe here will leave tomorrow on his vacation. He will go to Marlin and spend a while with the hot wells for the benefit of his rheumatism, and also visit several other important cities in the Lone Star State.

**Winter Lawn Sprinkling Rates**

The city council have consented to make a winter rate of one cent per front foot for lawn sprinkling beginning November 1st and continuing until March 1st. Sprinklers to be used only between the hours 6 a. m. to 9 p. m. and 4 p. m. to 6 p. m. This rate is made in order that patrons may protect and promote the growth of grass and trees during winter months, but patrons can only have service during hours mentioned.

**Miss Wood in the Contest.**

Miss Myrtle Woods has entered the El Paso Times contest and will call on you for a subscription. As a matter of local pride, everybody in Portales should subscribe for the paper and help a worthy young lady to win an auto, a piano or a diamond. You get your money's worth, for the Times is an excellent paper, besides assisting a neighbor who is worthy of any favor shown. Miss Wood will also accept subscriptions to the Herald at the rate of one dollar from now till January 1st 1914.

Tickets for the Woman's Club Lyceum Course may be had at Mears Drug Store. These season tickets are for sale to any one—not merely for members of the Club. The course will be educational as well as pleasure giving. Buy you a season ticket now and do not miss a single item of the course. tf.

A. A. Beeman is over from Elida attending court.

## The Shooting of Roosevelt.

The most serious part of the attempt to murder Mr. Roosevelt at Milwaukee last Tuesday is not the wound inflicted upon the intended victim. The serious part lies in the condonement of such an act. If a self constituted judge, and avenger of fancied or real grievances be allowed leniency for attempts on the life of a public man, what may we expect toward the same as applied to private citizens? The fanatical criminal who feels "sent" to assassinate one man may as easily imagine his order to read "a whole community." We devoutly wish to see Roosevelt defeated, and think his own inflammatory speeches were a contributory cause of this fanatic's attack; but we don't want to see ANY man murdered. The issues of this campaign cannot be settled by assassination.

## Judge Neblett Presiding.

Judge Colin Neblett, of Silver City, is presiding at the fall term of court here this week, substituting Judge McClure. The people of our county seem well pleased with Judge Neblett. He is strictly business on the bench but has his human side when off it. If all wearers of the ermine were like him, there would be little agitation for the recall. We wish him a pleasant visit while here and intended to steer him up against a local land agent, but feared the displeasure of the court.

### Circulation Manager Here.

Miss Mildred S. King, circulation manager for the El Paso Morning Times spent a couple of days in the city this week, in the interest of her paper. She is selecting young ladies for the local field in the Times circulating contest, the paper proposing to give as Christmas presents a number of autos, diamond rings and such things to the successful contestants. Miss King goes to Clovis today, but will return next week to assist the local contestant in getting started.

D. L. Brown, 418 W. Gold Ave. Albuquerque, says: "Off and on for three or four years I was at work and most of the time there was a dull, heavy ache through my loins. I now and then felt sharp twinges when I attempted to stoop and more than once I was unable to straighten. Reading about Doan's Kidney Pills, I procured a box and though I did not take them strictly as directed, I noticed a marked improvement. Doan's Kidney Pills removed my pains and aches and also restored my kidneys to a normal condition."

The real difference between American labor and the crocodile "pauper" brand of Europe lies in the superiority of American genius and American machinery. One American mechanic is worth, on an average, three foreigners. Post yourself on this and you will vote right. The American laborer is doing some thinking this year. That means that future postmasters will have to consult Woodrow.

You get out of advertising just what you put into it, and then some. The regular advertiser gets business, regular and increasing. The man who advertises in spots gets the same kind of business. There is no business on earth that can thrive on the same patronage which is accorded the average newspaper. Yet they live on it. Because they advertise their wares—and KEEP AT IT.

## PROTECTING AMERICAN LABOR

From all over the nation come reports of strikes and lockouts. The highly protected manufacturers and their bankers are "protecting" American labor as usual. By "usual" is meant to reduce wages when an advance has been accorded the "infant industry" in question. The favorite standpat cartoon of this campaign is a factory whistle making a picture of Mr. Taft. As a trade mark for hot air, we know of no better design than the fat man's photo. You will notice that in the picture a laborer is pulling the string to blow the whistle. This is all that the laboring man gets out of this high protection, too. Sabe? How long are the laboring men of this country going to pull the string which toots the whistle for special interests?

Newspaper advertising is the cheapest and best to be had. If a business man could put his ad on a postal card, he could not compete in price with his town paper. Besides which, the card would be tossed in the waste heap, while the paper is preserved for future reference.

Roosevelt county won four cash prizes at the State Fair on agricultural exhibits, as follows: Third prize of \$50 for best county exhibit; for the best community exhibit of irrigated products. Portales won fourth prize of \$25; for the best community exhibit of dry farming products. Portales won second prize of \$75; for the best agricultural exhibit grown on a single farm; J. M. Willes of Portales, won first prize of \$50. This is getting on the map right for a new country which has only shown its products twice at the State Fair. This should encourage our farmers to get busy right now for the campaign of next year. If stuff that has been shown at one fair before shipping and shipped 250 miles can take four prizes, what can we expect when we go after it properly.

The University of New Mexico, at Albuquerque will install a new president November 9th.—Dr. David Roos Byrd, formerly of the University of Oklahoma and the educational department of the Presbyterian Board of Home Missions. The inaugural ceremonies will be under the direction of Dr. Strong, of the University of Kansas. Governor McDonald will officially "turn over the keys" of the institution to the new president in the presence of the assembled teachers of the New Mexico Educational Association.

With the little Balkin state all lining up against Turkey, the chances for a holy war and possible Armageddon seem rather favorable. The so-called "Christian" nations will step in and put a stop to it before the Turk gets very badly hurt, though. There can be no decisive war between the crescent and the cross when the bankers of the cross are the bondholders of the crescent.

In 1908 Mr. Andrews defeated his Democratic opponent by 266 votes—because that many Democratic voters of these eastern counties stayed at home on election day. Let us all vote, his year. Valencia county sheep and cemeteries NEVER stay at home on election day. Why, oh, why, should Democratic voters?

Yes, Mary Jane, the editor is a devout believer in woman suffrage. Give 'em the vote—or anything else they want. Now, ladies, please don't rush in with suffragette article that would occupy forty dollars worth of our paper. We are with you, anyhow, and mean things about the men will sound better when WE say them.

Just seventeen more days to think about it. Vote the Democratic ticket and have pleasant memories of November 5th: 1912, during Woodrow Wilson's incumbency of the White House.

T. V. McCauley, formerly foreman of the Herald printery, has located at Williamsburg, Kansas, and is a co-partner of the Star, a bright little weekly of that city. He has the best wishes of the Herald force, from editor to devil.

Under a recent reorganization, the Clovis Journal and printing company go under the management of Judge W. D. McBee, of Melrose. Here is wishing you much success, gentlemen.

## They Miss us at Home.

James W. Mullens has taken editorial charge of the Portales Herald, at least till time for the convocation of the state legislature in January. Most likely by that time he will have so grown into the life of the town that they will insist upon his settling down in the inland valley. An able writer, a golden-hearted man; the town may well take such action, but we shall miss him down this way.—Koswell Register-Tribune.

See that you are registered.

## Alvah Green Coming.

The first number of a series of six entertainments to be given under the auspices of the Portales Woman's Club, will be presented at the Cozy Theatre on the evening of Oct. 24th.

Mr. Alvah Green, the entertainer for this date, is a story teller who must be seen and heard to be appreciated. This gifted artist needs no introductory to those who have had the pleasure of hearing him, but to those less fortunate a few words may not be out of place. Essentially an actor, and by turns a comedian, character portrayer and entertainer, he has ranged the entire gamut of emotions during his career, and erected for himself a solid structure of dramatic worth and a following of which any exponent of the platform might feel justly proud. The Woman's Club is famous for the high class of its entertainments and this promises to be one of the best. Do not forget the date, but come and have "a barrel of fun." Adv.

## A Few "Shop" Troubles.

Please remember this: Anybody can get up matter to fill the space in a newspaper. Editors are as thick as fiddlers in sheol, but the fellow who sets the type—the printer—is a different matter. He wants his pay Saturday nights. Space fillers don't pay his salary nor fill the paper when he fails to "stick type." Boil down what you submit for publication. Our space is now worth fifteen cents per square inch each insertion and cheap at the price. We give space freely when asked in reason. Be reasonable.

## Odd Fellows Feed Faces

The Portales lodge of I.O.O.F. on Tuesday night escorted a novice over the rocky road to Dublin, from Jericho to Peacho, putting on the whole works. After the works, which was well done by the degree team, the assembled members enjoyed a nice repast served in the lodge room.

## Christian Church

There will be preaching at the Christian Church here Sunday at 11 a. m. and 7:15 p. m. The new minister, J. H. Shepard, will fill the pulpit. Every member of the church is urged to be present. A cordial invitation is extended to the public.

## Services at Baptist Church

There will be the usual services at the Baptist church next Sunday, the 20th, including Sunday School at ten o'clock in the morning and the preaching services at both hours. At the morning service the pastor, E. P. Alldredge, will have for his theme: "The Meaning of the Christian Life,"—Phil. 1: 21; and at the evening hour he will speak on "The Investment of Influence" "If Christ should come to Portales Would He find us for Him Or Against Him?"—Matt. 12:30. All are cordially invited to attend these services.

**ALL THE NEWS! ALL THE TIME!**

Judge W. R. McGill, the democratic wheelhorse of the coming metropolis of LaLande, came over Monday to attend court and visit friends in the city.

R. G. Bryant returned Monday from Hagerman, where he has been on business for several weeks. After seeing what has been accomplished by irrigation in the lower valley, he is much impressed with the possibilities of Portales as an orchard and trucking country.

Mrs. W. H. Freeman an little daughter Irene left Tuesday for Joplin, Mo., where they will visit for the winter.

Elmer Watson left Tuesday for Tampa, Texas, where he has a position.

G. M. Slaughter, of Roswell, went out forty miles on the way to his ranch Monday, but had to return to get his automobile fixed.

Bruce Marsh, of Elida, has been a visitor in the capital this week attending to court business.

Lycurgus Johnson, a well known Roswell cattleman, spent several days in the city this week attending court and talking cow trade.

Rev. J. A. Shepard, pastor of the Clovis Christian church, came down Monday for a few days visit with friends and will preach at the Christian church Sunday.

## CIRCULAR LETTER

Department of Education,  
Santa Fe, N. M.

To School Boards of New Mexico:

Our Educational development in this state has been more rapid perhaps, than in any other section of the country. This has been due in a great measure to the hearty co-operation among teachers, superintendents, and school officers in all efforts for the improvement of our schools.

The State Board of Education, as it has often expressed in its meetings, feels that our most intelligent and effective measures come from conference and consultation and that the enthusiasm arising from well attended educational meetings is of the greatest value. Last year approximately five hundred teachers attended the meeting of the New Mexico Educational Association at Santa Fe and an attendance of seven or eight hundred is expected at the Annual meeting of our Association to be held at Albuquerque, November 7-9. Not only teachers and superintendents, but parents and members of school boards all others who can do so, should attend this meeting. The programs will be of great interest to all these classes of people. By direction of the State Board of Education, I am urging especially that members of school boards attend this meeting, if it is possible to do so, and that such boards see to it

that their teachers attend. School should be dismissed for such a time as will enable teachers to get to Albuquerque by Thursday morning, November 7th, and no pay should be deducted for time that the teachers are absent in attendance. So important that your teacher should keep in intelligent touch with the best educational thought and effort by going to Albuquerque that the expenses of your teachers and superintendents, wherever funds are available, should be paid in whole or in part by the various boards employing them. Let us hope, therefore, that you will present this matter to a full meeting of your board and that you will take action in accordance with the wishes of the State Board of Education and this Department in this matter, and that we shall have the pleasure of seeing your district or town represented by a member or members of your Board and by all means by your teachers.

I might dwell longer upon the importance of you and your teachers attending this meeting, but I take it for granted that you understand how important it is and how much benefit will be derived from attendance, without my presenting further arguments to you. Certainly your teacher will more than repay the expense incurred and the time absent, by doing much better and more effective work. Special railroad rates and hotel accommodations at Albuquerque have been obtained. The expenses will not be great, the benefits will be.

I shall appreciate hearing from you that you and your teachers will be in attendance.

Feeling sure of your hearty co-operation in this matter, I remain, Yours very truly,

Alvin N. White,

## Annual Festival at El Paso.

The annual fall festival of El Paso to be held on October 23, 24 and 25 will be the grandest ever witnessed in the southwest. Brig. Gen. Edgar Z. Steever, commanding the department of Texas, and the various commanders at the post have entered actively into the spirit of the festival and will lend all their forces not on duty on the border patrol for the parade and review.

There will be something new for sightseers every hour during the three-day's jubilee. The carnival will be formally opened on the night of Oct. 22, when Chief Os-Aple and his queens will arrive in San Jacinto plaza from Mount Franklin. A grand ball, which will mark the opening of the social season of El Paso, will celebrate the coming of the royal party.

Special rates will be quoted by all the railroads entering El Paso.

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui. Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

### Proposed Bond Issue For Construction and Maintenance of State Highways in New Mexico as Provided in Chapter 58 of Acts of 1912

CHAPTER 58  
AN ACT PROVIDING FOR THE ISSUANCE OF BONDS BY THE STATE OF NEW MEXICO FOR THE PURPOSE OF CONSTRUCTING AND MAINTAINING A SYSTEM OF STATE HIGHWAYS.  
Amend. S. B. No. 161: Approved June 10, 1912.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

Section 1. For the purpose of providing payment of the cost of the construction and maintenance of a system of state highways, the State of New Mexico is hereby authorized to incur an indebtedness in the manner provided by this Act, in the sum of five hundred thousand dollars.

Section 2. Immediately after the issue of the proclamation of the Governor as provided in Section 8 of this Act, the State Treasurer shall prepare five hundred suitable bonds of the State of New Mexico in the denomination of one thousand dollars each to be numbered from one to five hundred inclusively, and bear the date of July 1, 1913. The total issue of said bonds shall not exceed the sum of five hundred thousand dollars, and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. Said bonds and the interest thereon shall be payable in gold coin of the United States of the present standard of value at the office of the State Treasurer, at the times and in the manner following, to-wit: the first twenty of said bonds shall be due and payable on the first day of January, 1919, and twenty of said bonds in consecutive numerical order shall be due and payable on the first day of July in each and every year thereafter until and including the first day of July, 1942. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the Treasurer of the State or elsewhere on the first day of July and the first day of January of each and every year after sale of the same. The interest on all bonds issued and sold shall cease on the day of their maturity and the said bonds so issued and sold shall on the day

of their maturity be paid as herein provided, and cancelled by the State Treasurer. All bonds remaining unsold shall at the date of maturity thereof be by the Treasurer of the State cancelled and destroyed. All bonds issued pursuant to the provisions of this Act shall be signed by the Governor, countersigned by the Auditor and indorsed by the State Treasurer in office on the first day of July, 1913, and each of said bonds shall have the great seal of the State of New Mexico impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided, when sold shall be and constitute a valid and binding obligation upon the State of New Mexico, although the sale thereof be made at a date or dates after the persons so signing, countersigning and endorsing same shall have ceased to be the incumbents of their respective offices.

Section 3. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury to or mutilation of the bond to which same are attached. The said coupons shall be consecutively numbered and shall bear the lithographic signature of the State Treasurer. No interest shall be paid on any such bond for such time as may intervene between the date thereof and the date of sale of same, unless such accrued interest shall have been by the purchaser of said bond paid to the State at the time of such sale.

Expenses incurred by the Treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this Act provided, shall be paid by the State Highway Commission upon warrant to the State Treasurer on funds available in the State Road Fund.

Section 4. When the bonds authorized by this Act to be issued, shall have been signed, countersigned, endorsed and sealed as in this Act provided, the State Treasurer shall sell the same in such parcels and numbers as the Governor shall direct, to the highest bidder for cash. The Governor of the State shall issue such direction to the Treasurer immediately after being requested so to do through and by resolution duly adopted and passed by a majority vote of the State Highway Commission. Said resolution

shall specify the amount of money which in the judgement of said Highway Commission shall be required at such time, and the Governor shall direct the Treasurer to sell such number of bonds as may be required to raise the amount of money so specified. Said bonds shall be sold in consecutive numerical order, commencing with the first twenty thereof. The Treasurer shall not accept any bid which is less than the par value of the bond, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The Treasurer, at the time and place fixed by him for said sale, may continue such sale as to the whole or any part of the bonds offered to such time and place as he may designate at the time of such continuance. Before offering any of such bonds for sale, the Treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. He shall publish notice of the time and place of sale in one of the newspapers published at Santa Fe, New Mexico, and in one newspaper published at Albuquerque, New Mexico, and in one newspaper published in each of the cities of New York, Chicago and Kansas City, once a week for four successive weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the Treasurer may give such further notice as he may deem advisable, but the expenses of such additional notice shall not exceed the sum of one hundred dollars for each sale so advertised. Immediately after such sale of bonds, the Treasurer shall pay into the state treasury and cause to be placed in the State Road Fund the total amount received for said bonds, except such amounts as may have been paid as accrued interest thereon. The moneys placed in the State Road Fund pursuant to the provisions of this section shall be used exclusively for the construction and maintenance of said system of state highways. Provided: that the expenditures of the proceeds derived from the sale of said bonds shall be annually apportioned among the several counties of the State upon the basis of the amount annually contributed by each county to the State Road Fund as proceeds of the 1-mill levy required by Chapter

42 of the Acts of the Thirty-eighth Legislative Assembly of New Mexico.

Section 5. There is hereby appropriated from the Road Fund in the state treasury such sum annually as shall be necessary to pay the principal and the interest on the bonds issued and sold pursuant to the provisions of this Act, as said interest and principal become due and payable. The Treasurer shall, on the first day of January and on the first day of July of each year, transfer from the Road Fund to the Interest Fund such amount of the money by this Act appropriated as shall be required to pay accrued interest on the bonds theretofore sold until the interest on all of such bonds so sold shall have been paid or shall have become due in accordance with the provisions of this Act. There is hereby created in the state treasury a fund to be known and designated as the State Highway Sinking Fund. The Treasurer of the State shall on the first day of January, 1919, and on the first day of January each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this Act shall become due, transfer from the Road Fund of the state treasury to the said State Highway Sinking Fund such an amount of the moneys appropriated by this Act as may be required to pay the principal of the bonds so becoming due and payable in such years. Provided, however, that at any time when there shall be an insufficient amount in said Road Fund to pay the principal and interest on the bonds as aforesaid, then and in that event a special levy shall be made to provide for the payment of the said principal and interest as same become due and payable. It is hereby made the duty of all officers charged by law with any duty in regard to the levy and collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

Section 6. As the same becomes due, the principal of all of such bonds shall be paid from the State Highway Sinking Fund, and as the same becomes due, the interest on all bonds sold shall be paid from the Interest Fund. Both principal and interest shall be so paid upon warrants duly drawn by the Auditor upon the Treasurer, and the faith of the State of New

Mexico is hereby pledged for the payment of the principal of said bonds so sold and the interest accruing thereon.

Section 7. This Act shall be submitted to the people of the State of New Mexico for their ratification at the next general election to be held in the month of November, 1912, and all ballots at said election shall have printed thereon and at the end thereof the words, "For the State Highway Bond Issue," and in a separate line under the same, the words "Against the State Highway Bond Issue." Opposite said lines there shall be a square in which the voters may make or stamp a cross to indicate whether they vote for or against said bond issue, and those voting for said bond issue shall do so by placing a cross in the square opposite the words "For the State Highway Bond Issue," and those voting against the said bond issue shall do so by placing a cross in the square opposite the words "Against the Highway Bond Issue."

Section 8. The votes cast for and against said bond issue shall be counted, returned, canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that this Act shall have received a majority of all the votes cast for and against it at such election aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrevocable until the principal and interest of liabilities for the creation of which provision is herein made, shall be paid and discharged, and the Governor shall accordingly make proclamation thereof. But if a majority of the votes cast as aforesaid shall be against said bond issue then this Act shall be and become void.

Section 9. It shall be the duty of the Secretary of state to have this Act published once a week in one newspaper in each county, if one be published therein, throughout this state, for four weeks next preceding the general election to be held in the month of November 1912. The cost of publication shall be paid out of the Road Fund.

Section 10. This Act shall be known and cited as the State Highway Bond Act.

Section 11. All acts and parts of acts in conflict with the provisions of this Act are hereby repealed.

(Oct 11-4 wks.)

### Proposed Amendment to Section 5, Article 22, of the Constitution of New Mexico.

JOINT RESOLUTION NO. 6.  
PROVIDING FOR AMENDMENT OF SECTION (5) ARTICLE TWENTY-ONE (XXI) OF THE CONSTITUTION OF THE STATE OF NEW MEXICO.
