### NINE MORE WORKING DAYS OF CONTEST

The Exciting Race is Now on With Leaders to Secure and Retain First Position Until the Close

### THREE NEW CANDIDATES ENTER NAMES IN THE CONTEST

End is Drawing Near—Hard Work Now Will Be Better Than Regrets After the Course is Completed.

The Herald prize voting contest that has been in progress for the past five weeks terminates a week from Saturday May 24th at 8 o'clock p.m. This leaves just nine working days to secure enough votes and subscriptions to close the gap that separates you from the leader of today. Can this be done? Figure it out for yourself.

Study over the possibilities by looking at the standing of candidates and figuring the votes schedule and you will see that an entirely new candidate could enter the race with a few ten year subscriptions (less than \$30.00 in subscription money) and place her name far beyond the reach of other candidates in the race. The first prize a round trip to the Pacific coast and return value \$100.00 is worth considering and any candidate in the race could if they renewed their efforts secure enough votes between now and the closing day to win it.

### END WILL BE HOTLY CONTESTED

The actual test is now ahead. Now for surprises and sensations. Present leaders must increase their totals materially if they wish to "finish in the money". The totals leading for all prizes are entirely too small to be safe, so developments are sure to happen. Only by constant and determined effort can the present leaders hope to hold their places in the race. Be prepared with a reserve of subscription and votes to guard against any such occurrence.

### LEADERS OF TODAY

Miss Lena Carroll of district No. 1. Miss Myrtle Vincil of district No. 2, and Miss Odessa Cyphers of district No. 3.

Still hold winning positions in their respective districts, but which one of these candidates will secure enough subscriptions to be awarded the capital prize?

It will be impossible to answer that question until after the final count of votes, but it behooves each one of these candidates to be on the alert every moment from now until the last day. "Stick-to-it-iveness" and determination is what is required at

### Mother's Day to be Observed

"Mother's Day" will be appropriately observed in Portales Sunday. At the Central Christian Church at 11 a. m. the minister will explain the origin of Mother's Day. Judge Geo. W. Reece will discuss, "Why Observe Mother's Day." Judge W. E. Lindsey, "The Child's Obligation to Mother." Judge T. E. Mears, "How Can We Best Honor Mother?" Response, Mrs. J. H. Shepard. Recitation, "A Fellow's Mother." Odell McMinn. Recitation, "My Mother." Hallam Shepard.

The evening service will be held at the Methodist church at 8 p. m. Rev. Kirkpatrick will deliver a brief address and Rev.

this stage of the race. Miss Cora Cannon of Krider, and Miss Mabel Steele of Nobe, two new candidates who entered the race during the past week, will make an effort during the remaining days to secure enough votes to be listed with the lucky candidate on the last night of the contest when the prizes are to be awarded.

### HAVE BIG VOTE TOTAL

Candidates should not take a single chance. It is better to have more than enough to win than to lose by a few subscriptions. Keep constantly at it for the remaining days and you will be rewarded for your time and effort. Hustle is the key that will unlock the prizes to be awarded, by far the most liberal ever offered by any publication in Roosevelt county.

Price of The Herald and number of votes allowed on each subscription is as follows.

	Price	Votes
1 yr. sub.	1.00	3,000
2 yr. sub.	2.00	8,000
3 yr. sub.	3.00	20,000
5 yr. sub.	5.00	35,000
10 yr. sub.	10.00	100,000
20 yr. sub.	20.00	250,000

Read carefully then act.

### District No. 1.

Miss Lena Carroll	278,300
Miss Grace Foglesong	80,500
Miss Pearl Stone	52,400
Miss Hallie Birdwell	42,800
Miss Gertrude Horney	20,900
Miss Alice Bryan	8,200

### District No. 2.

Myrtle Vincil, Arch	152,700
Mabel Steele, Nobe	94,200
Irene Watts, Rogers	58,900
Ada Dougart, Cameo	44,200
Tommie Carder, Mt. Vernon	22,100

### District No. 3.

Odessa Cyphers, Upton	209,300
Cora Cannon, Krider	73,100
Amy Bartlett, Portales	54,100
Nettie Knight, Delphos	49,200
Lola Smith, R. F. D.	46,300
Lillian Robertson, Elida	38,300
Lydia Pervis, Lacy	16,200

Do not fail to clip and fill in the name of your favorite candidate on nomination and vote coupons that appear elsewhere in this issue.

### Confederate Reunion

Referring to your favor of the 16th, inst; making inquiry regarding ticket fare Portales to Chattanooga, Tenn., and return account Annual Reunion United Confederate Veterans to be held at that point May 27, 28, and 29, 1913. Take pleasure in advising that we have authorized for this occasion sale of round trip tickets from Portales at fare of \$38.75. These tickets may be routed via Waynoka and Memphis or via Kansas City, Memphis, or via Amarillo, Ft Worth and Shreveport, or via Amarillo, Houston and New Orleans. These tickets will be on sale May 22, 23, 24 and 25, final return limit June 5th, however extension of limit to and including June 25th, may be secured by depositing ticket with Joseph Richardson, special agent, 708 Broad St., not later than June 5th, upon payment of fee of fifty cents at time of deposit at which time receipt will be issued providing for the return of passenger to reach original starting point not later than midnight of June 25th. Sale of side trip tickets has been authorized from Chattanooga to various points in states Alabama, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Mississippi, North Carolina, Tennessee and Virginia.

If you will kindly advise me what side trips are desired it will be a pleasure to give detailed fares, etc. If you desire any additional information do not hesitate to call on us.

J. BRINKER.

### Rev. Givens Suicide

Rev. Givens, postmaster of the post office at Givens, N. M. committed suicide some time in the night, Tuesday night of last week.

His mind has been very weak for several days and he had walked in his sleep several nights before. Tuesday night his son, who was sleeping with him heard him leaving the room but called for him to come back and thinking that he had dropped off to sleep. The firing of a gun awakened him and after getting dressed he went for neighbors and after searching for hours found the body of his father at daylight laying out on the prairie from the house.

Rev. Givens had cut his throat and also shot himself through the breast. The knife was still sticking in the throat bone and his entire side below his arm was shot away when the sheriff arrived on the scene.

### Thoroughbred Polled Angus

Emmett Gore and Albert Pearson passed through Portales late Monday evening with eighty head of thoroughbred Polangus cattle.

These cattle were purchased at Clovis and will be put on the ranches of Gore and Pearson at Upton.

This is the class of stock that means more for Portales and Roosevelt county and we welcome them into the county. Not only the stock but the men also mean more for the county. If men are willing to put their money into fancy stock and bring it here after having lived here for some time as these men have confidence in the country and we wish to assure them that they have not misplaced their confidence.

Ruby Huffman, the daughter of Jim Huffman, is home this week from Amarillo, where she is the long distance operator for the Northwestern Telephone company.

### Graduating Exercises

The graduating exercises of the Portales schools extended from Friday night until Monday night.

The order of the exercises were somewhat as follows: Friday night the diplomas were awarded to the eighth grade students who passed into the high school at the Cozy. And Sunday morning the baccalaureate sermon was preached by Rev. Condon from Dexter and Monday evening at eight the diplomas were awarded to the graduating members of the high school.

Hon. James A. Hall delivered the address to the graduating members and though W. E. Lindsey was supposed to award the diplomas, Professor Frank H. Roberts of Las Vegas awarded them instead to the following members: Misses Irene Smith, Marguerite Callaway, Hazlewood Moore and Verda Beasley, Messrs. George Ball, Erastus Dunlap and Marshall Wilson.

This state being affiliated with the State University all of the graduating members will be entitled to enter the university this fall without the usual examinations that are demanded.

The town and the county should be proud of the teachers of this year and also proud of the fact that they are having as many young people leaving here fitted by their own schools for their coming life work in the manner that they are now being fitted.

### Harry Adams

Harry Adams passed away at two o'clock Tuesday morning after an extended illness of over two weeks.

Harry took sick with appendicitis about two weeks ago and for some time it seemed as if he would not stand the trial and would give in, but his vigorous, boyish constitution held him up and carried him through one ralying spell. However after this spell he began to get worse and by Saturday afternoon there was only one way left to save him and was by performing an operation. Dr. Evans was called from Elida and he and Dr. Garmany made the operation. From the first it seemed successful but the boy had lost so much vitality during his sickness and rallyings that he gradually became unconscious and was expected to pass away at any time after Monday noon. However he survived until two o'clock Tuesday morning and with his parents and relatives at his bedside give his soul to his maker.

Harry was a well liked boy in the community and had grown to young manhood here in Portales. He was a good boy and had no more and probably less faults than the average boy his age.

His parents and relatives have the deepest sympathy of the people of this community.

### Variety Orchard

C. L. Sanders has this week just finished planting about three acres of variety orchard. These trees all came from an Oregon nursery which advertises in this paper and the owners of whom are personally well known and old neighbors of Mr. Sanders.

Mr. Sanders is tickled to death with the trees and states that they are as good as any that he has ever seen anywhere.

### WHAT PAYING CROP ARE YOU RAISING

Mr. Dry Land Farmer What Crops Are You Going to Plant This Year so as to Have Cash Income

### FEEDING STOCK OUT OF A SILO MAKES GOOD MONEY

The Fact Has Been Proven Over the Entire Plains and Through the Pecos Valley—Investigate it

Mr. dry-land farmer, what are you going to plant this year in order to have a cash income?

Feeding stock out of a silo makes good money. This fact has been proven over the entire plains and through the Pecos Valley. Wake up to it.

Mr. dry-land farmer, do you use business judgment when you commence to plant your crop in the spring or do you merely plant so much in maize, so much in kaffir and etc just in order to fill up your field and take chances on some one of the crops making good? How long would any of the business men last if they went at their business in this sort of way and how long will you last? Not very long, I can assure you.

When you plant have some definite idea as to what you are going to raise and for what purpose. If you are not planting for hog feed, plant for cattle or horse feed. If not for cattle or horse plant for dairy feed. Whatever you plant have some definite aim in view as to what you are going to do with this feed. You can't make but very little if you take a chance on the markets and try to sell your grain outright. That will do very little more than pay in good grain countries, but the way to get the money out of your feed is then, put the feed into milk, beef or better horses, or hogs.

The silo described below will help you in what ever line of this feeding work that you may undertake and we would like to have at least ten silos put into the county this summer during idle times exactly like the one described below or better. If you do all of the work your self you can't lose anything and every one who has put them in

say they are making something. It gives you one hundred per cent feeding matter out of your stalks which when dry contain at the most not over forty per cent.

This underground silo is especially well suited to dry sections, but it is not such a success in wet ground, or where the water is near the surface. The walls should be even and perpendicular, the depth about twice the diameter, and the size of the hole in proportion to the herd to be fed.

A hole that is sixteen feet in diameter and thirty-two feet deep will hold 100 tons of silage which is sufficient to feed from 25 to 30 cows for six months.

The earth wall of the successful underground silo should be covered with cement. If the earth wall stands well, without danger of caving, a 1-2 or 3-4 inch covering of rich cement plaster on the dirt, will be found sufficient. If there is danger of the well caving or not standing well, the cement should be from 2 to 3 inches thick. In the construction of this latter or thicker cement covering, a wooden or metal form is required to hold the plaster in place until it sets. This form need not be over three feet high, which requires that the wall be constructed in sections of three feet each. Under this method the bottom section is made first, and then the form is moved up three feet, and so on, until the top shall be reached.

In order to save necessity for scaffolding for the thin or plastered wall, the cement should be applied at the time of digging the silo, beginning at the top and going downward as the excavation progresses. Finally, wash or paint the wall with pure cement and water.

### Again

On last Saturday night a merry crowd of Portales' "most popular" and charming society set wended their way to the Wilson farm, east of town, via the wagon and hay route, where they were royally entertained 'neath the old poplar trees while the moon beamed down in splendor and sweet zephyrs brought fragrance in harmony with every immediate minutes pleasure to the thirsting counselors of the seasons society artists. Whereas, great was the hour—scarcely anyone knew they had left town???

A. B. Seay left for Dallas, Texas, Monday. He will probably be gone for several days.

Mr. Sanders is working on these people to put in a nursery here and states that he may get them to do so. He states that the climate is the same here as where they are located and thinks they could make money by putting in a large nursery here.

### Spelling Bee at Cozy

A very pleasant evening was afforded the people of Portales in listening to the different grades of the schools participate in spelling matches at the Cozy Theatre on Monday night of this week.

Prizes were awarded to the following, Bessie Dickbreder of the 10th. grade in the contest between the 9th. and 10th. grades.

3rd. vs 4th. grades, the third grade won and prizes were awarded to Rachael Dunaway, Maurine and Elizabeth Priddy and Hallam Shepard.

5th. vs 6th. grade, the sixth and the prize was won by Amanda Mueller and Joe Moss.

The 2nd. prize was given to Imogene Beard and Kyle Dunlap. Mrs. Priddy won the grown people's contest and was awarded a box of candy.—Contributed.

Reverend Stewart, a southern California minister is in our community this week.

# WHO WILL BE THE LUCKY ONES

TO BE ANNOUNCED WINNERS OF

## VALUABLE PRIZES

Prizes to be Awarded May 24, at 8:00 P. M.

There are seven prizes to be given away. How are your chances to win? Study over your possibilities. Figure the vote schedule, and how much business would be necessary to turn in on or before closing day to win first prize---A trip to the Pacific Coast and return, value of One Hundred Dollars---and then "Get Busy." x x x x x x x x x x

Remember, a few Ten Year Subscriptions representing less than Thirty Dollars in subscriptions would place your name far beyond the reach of other candidates. x x x x x x x x x x

? Is the First Prize Worth Your Efforts ?

## READ LIST CANDIDATES AND VOTES

### New Dairy

H. S. Douthit, who in the past has been a grain and coal man in Portales has launched into the dairy business and to say that he is satisfied with business so far is putting it mildly.

Mr. Douthit has started in with thirty-six head of Jerseys. At the present time he is milking only twelve of these and the last week's record for these twelve is certainly good.

From Saturday's milking to Friday morning's milking Mr. Douthit sold exactly twenty two gallons of pure cream. That sounds like business, now doesn't it?

If you are a man in our community and not satisfied with your calling or occupation try the dairy business. If you are a prospector and not located yet you had better try Portales and see what she has in store for you. On the dry land farms which can be bought very reasonable indeed you can go into the dairy business. On the irrigated farms truck and alfalfa along with the dairy or hogs would be your standby and, oh well, anyhow come and let us show you. It will be easier than telling you and much more convincing.

### Portales Springs

Mrs. S. A. Crabb and children have the measles.

Mrs. W. A. Turner left Saturday for a visit to her father, who lives in Texas.

Singing every Sunday afternoon at the Pleasant View school house, every one is invited to come and help sing.

Elbert Sandefer left the first of the week for points in Texas where he will remain for some time.

Miss Maude Austin spent Sunday night with Orma Sandefer.

Quite a crowd of young folks attended singing last Sunday evening at the home of Miss Nettie King.

Mrs. J. H. Sandefer left Monday for an extended visit through Texas and Oklahoma.

Pleasant View school house next Thursday night the 15th, by Rev. Bristo.

Mr. King and family have moved on the place formerly owned by L. P. Jones.

Most of the farmers are planting their crops and wearing a smile as though they expected to raise a big crop.

### Good Roads Meeting

Crowded out last week

The good roads meeting held at the court house Monday was a success. Though there could have been more people present, there was probably all present who were actually interested in a good road leading to the south country where most of the trade for Portales lies.

Captain Molinari made a welcoming address to the farmers and business men and then turned the floor over to Mr. Hitchcock, the county surveyor from Clovis who is here at present on the question of the road from Clovis to Portales.

Mr. Hitchcock made a very enthusiastic address for good roads and also gave a glad hand and boost to the men who were staying with their farms and making a living from them. He compared the conditions that existed in Iowa when he first went there and the conditions now existing here and stated that we had many less things to contend with than the persons first settling Iowa and the other what was called western states. He is a great believer in New Mexico and he is more than enthusiastic about the Portales country. He stated that he owned land at Clovis and though he had bought that land some five years ago he was still as enthusiastic about it as when he first saw it and though he did not say it out openly he very near came to the point of saying that the only trouble he had now was the fact he did not own the same amount of land around Portales instead of Clovis. He boosted Clovis but he more than boosted Portales. We hope to be more than able to return the favor to the gentleman and Clovis in the near future.

A committee was appointed by Mr. Deen, chairman of the Commercial club to decide on a road leading south of town that would do the most people the most good. This committee, headed by J. W. Thompson and composed of about ten members scattered from east and west decided after the main meeting and at a meeting of their own that there was only one road which could truly serve the most people and that was the road now known as the county road and leading due south from the Slaughter place just out of the city limits, south of town. Everyone, east and west could come to this road and come directly into town. The board of road commissioners will meet Tuesday and act on this decision.

### All Kinds of Plants

I can furnish you tomato, cabbage, pepper, and eggplants in any quantity, will deliver in town. Phone 87. W. J. Martin.

J. Beal and R. H. Grissom left Sunday for Santa Fe to attend federal court.

John Ballow is working at Morrrows' while Rich Grissom is gone.

We are in need of a cheese factory in Elida.

### NO REASON FOR IT

YOU ARE SHOWN A WAY OUT  
 There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

J. M. Parker, P. O. box 454, Dawson, New Mexico, says: "I think that Doan's kidney pills are the best kidney remedy to be had. The first symptom of kidney complaint in my case was pain in my back, soon followed by trouble with the kidney secretions. I was an engineer on the railroad and was obliged to stop work. The pains often extended into my sides and hips. There was so much soreness through my loins that I could not sit in a chair. I did not sleep well and it seemed as though my back was breaking. The kidney secretions were too frequent in passage and accompanied by a scalding sensation. Having heard Doan's kidney pills highly recommended, I decided to give them a trial and procured a box. Soon after beginning their use, I improved. Before long the pain and soreness in my back was relieved and the trouble with the kidney secretions was corrected. My kidneys are now normal and I feel better in every way."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**Carter Notes**

Rev. C. D. Spillman of Kenna, preached to an attentive audience here Sunday.

Mrs. J. H. Barber received the sad news Saturday that her mother who lives in Missouri was dead. The entire community extends sympathy in her sad bereavement.

Mr. Jas. Carter and Miss Jessie Parrish were united in the holy bounds of matrimony at Carter April 20th, by P. M. Fortner Justice, of the peace, the bride is the beautiful well accomplished and only daughter of Thursday night O. B. Carter and wife parents of the young married couple gave a party to the young people of this section they report the time of their life.

Mr. and Mrs. M. A. Parrish. The Groom is the son of Mr. and Mrs. O. B. Carter. He is one of our most highly respected young men and is a traveling salesman of rare ability.

We have been having plenty of rain, farmers are busy planting for an other bumper crop.

Mr. H. C. Kachel has a field of oats up and growing nicely.

Mrs. J. S. Fraser who milks three cows receives a cream checks of from \$20 to \$24 per month. How's that for dairy business in New Mexico? Oh "yea" eastern man who pays some land lord half your earnings, better come to New Mexico, and get some of this cheap land and be your own boss.

Mr. A. W. Stokes formally of this place returned the first of the week from Arkansas with a car load of fine stock farm implement's house hold goods etc. Oh! they will come back to the "sunny state"

Our Sunday school was small last Sunday on account of several cases of the measles in the neighborhood.

Miss Pearl McRea has been quite sick with the measles but better now.

B. N. Victor and father in law F. M. Wolfe started for some point in Texas on the 30th.

May the 4th, G. H. Edwards is seriously ill with measles and bronchial trouble.

Quite a lot of Indian corn will be planted this year the dry land farmers.

Singing at Plainview every Sunday night. Sunday school at 10th, A. M. Sunday morning.

J. W. Thompsons wife and daughter have returned home from Portales, we are glad to have them back they are both good Sunday school workers.

John Howell is having a well drilled on his place.

**Plainview Items**

Several cases of the measles in the neighborhood. Three of H. G. Edwards children, and one H. L. Capps and Mrs. Jerry Venable are quite sick with them.

The farmers produce association failed to meet again last Saturday night on account of rain.

Mr. John Ford had quite a fine milch cow to die last week.

We had a record breaking rain Sunday evening and night about three or three and one half inches of water fell and a fine season, which will insure a good stand for this years crop.

One of our neighbors was down the road Monday morning, and met the new man from Arkansas, and says, how are you feeling this morning, one says he, I feel just like I was in Arkansas.

J. E. Kilburn sowed some alfalfa Monday. He is a new man and seems to have quite a lot of confidence in future of this country.

If the season hits all right then there will be more hay this fall than last as every body is buying more millet seed than common.

There is room for several good farmers in this neighborhood, we extend a special invitation to that class, feeling assured that our section of country will bear close inspection.

Every body invited to attend our Sunday school. Come and help us to make it one of the best in the county.

**Plainview Items**

The Herald seems to take a good deal of pride in boosting Portales valley which is all right if it did stop their, leaving the impression that Portales valley was all the farming section worth while in Roosevelt county. If the Editor will only step on south ten or twelve miles and take a birds eye view of the country, see the stacks of feed and stuff bundled and baled and by making a closer inspection see the amount of threshed grain he will then make bold to say how wonderful is the possibilities of Roosevelt county as a whole.

Sunday April the 20th, James Carter and Miss Jessie Parrish were married at the residence of the brides parents, Mr and Mrs. Parrish near Carter, New Mexico after the ceremony a nice dinner was served and everybody present had a very pleasant time.

# Recognized Leader Among Typewriters

Leadership means superiority of product—a superiority which produces leadership is proved by leadership. It means more than this. It means everything associated with the word **FIRST**.

The Remington Typewriter is first in history, first in prestige, first in quality, first in recent improvements, first in size and completeness of organization, first in distribution, and first in service to the customer.

The word **FIRST** in every department of leadership applies only to the **REMINGTON**

# The Racket Store

This rain is over and everybody in these parts are in a rush with the farm work, some few are taking of planting some corn, beans and kaffir corn.

Brother Spillman preached for us Saturday night a very able sermon, which was enjoyed by everybody.

**Kermit Clippings**

About 30 neighbors and friends of Henry Hardt gathered at his home west of Kermit, Monday evening to celebrate his 25th birthday anniversary. The occasion was enjoyed by all and every one had their New Mexico appetites with them, judging by the amount of cake, fruit and so forth, consumed. Mr. Hardt is one of our pioneers and is a very successful stockman and farmer.

Raymond Frost, who has been employed on a Texas ranch is visiting his parents south of Kermit.

George Bolin went in to Portales Saturday.

Rev. A. P. Johnston, Primitive Baptist pastor of Tulia Texas accompanied by Mr. Newton of Portales, and Mr. Guthrie of Elida, spent Saturday with W. H. Vancleve and family. Rev. Johnston held a series of meetings at Elida and other points.

The singing society met at Monroe's Hall Saturday eve.

Postmaster Cox has been doing a heavy stunt with the hoe recently.

Miss Maud Vancleve attended a Baptist meeting at Eagle Hill school house 28 miles out, Tuesday night.

Mrs. Burton of Rosas visited her parents Mr. and Mrs. Z. W. Burton, last week.

It is reported that John P. Greer and family, of the Kermit settlement are greatly disappointed with their new location in east Texas and expect to return to their property in the San Sane state.

Miss Ethel Wilson of Abilene, Texas, who has been teaching near Hereford, arrived Sunday for an extended visit with her sister, Mrs. Robinson.

**Teachers Association**

Resolutions of the Roosevelt county teachers association.

We, the teachers in Roosevelt county, having met at Elida, wish to express our appreciation of the meeting.

Therefore, be it resolved:

That we thank the people and teachers of Elida for their hospitality shown visiting teachers.

That we appreciate the interest shown by the people of Elida in attending meetings of this association.

That we extend our thanks to Senator Evans, Rev. W. P. West and others, who have made interesting and encouraging addresses, and to those who are responsible for the musical entertainment.

Be it also resolved:

That we commend the spirit of cooperation of parents, directors and teachers in promoting educational interests as has been shown in these meetings, and that a still greater interest in this respect be encouraged.

Resolved further, that a copy of these resolutions be given to the secretary of the association and to the newspapers of the county.

B. H. KIRK,  
S. H. McVEIGH,  
W. F. IRWIN,  
Committee.

**To our Patrons**

To the business men and citizens of the town of Portales.

The undersigned asks the people to please withhold their black smith work on Saturdays of each week and on trade's day of each month, except in cases of absolute necessity, as we feel that on Saturdays and trade's day we should give our attention to country people living a long distance away!

We feel this to be the interest of ourselves and all of the business men of the town.

We appreciate our home trade but the country people have often remarked that they should have the attention on these days as they are from a long distance and are here to do trading with us.

J. L. FERNANDES,  
1640 M. A. DUNCAN.

On all sides are evidences of the Russian thistle. Why not organize and kill them while they are young and we will be done with them for the entire year. One hoeing kills them for good. An organization by the Commercial Club for the extermination of the pests would mean thousands of dollars to the county.

For Sale — Thoroughbred Rhode Island Red cockerels ready for service. Price \$10.00. D. C. REYNOLDS.

None better were ever made.

**Peanuts**

The peanut kernel is nearly 30 per cent protein and nearly 50 per cent fat. The vines make good hay. The Spanish variety seems to be the best for New Mexico conditions. All kinds of live stock relish them and there is no other feed of equal area that will make as much gain of pork and the pigs do the gathering. A little grain to balance the ration and you have an ideal hog feed. When rightly prepared peanuts make a rich, palatable food for man. The seed bed for peanuts should be well prepared. Sandy or loam soil is best. They should be planted on the level or in a shallow furrow. Plant as early as the frost will permit as they need four months to mature well. On good soil they should be planted about 12 inches in the rows 3 feet apart. Cultivate well and fairly deep so the pigs will enter the moist soil easily. It is not necessary to cover the vines with soil, in fact it frequently lessens the yield to do so.

for 24 to 48 hours in water to which has been added kerosene emulsion made as follows: Shave fine one pound bars of ordinary laundry soap and add one gallon of boiling water. Stir this vigorously for ten minutes to dissolve the soap, and then add one-half pint of coal oil and stir ten minutes more. Pour this liquid into enough water to cover one bushel of peanuts. Let them stand in the solution 24 to 48 hours, then take out and plant.

This does not solve the problem of the rabbits eating them after they come up. The only remedy for this is either to kill the rabbits or fence against them.

If harvested for hay, run a sharp plow shear under them without the mold board, shake out the dirt and throw them in wild rows with nuts up to dry. When the vines have cured they may be put in small piles or housed to let the nuts finish curing. They should be watched and not allowed to mold.

W. T. CONWAY.

**Methodist Services**

Those who are troubled with rats and gophers eating the seed will find it advantageous to soak the whole nuts in a coal oil emulsion or solution for 24 to 48 hours before planting. Pro. H. L. McKnight of the Texas experiment station offers the following formula: "Soak the whole nut

Methodist church services next Sunday. The morning service will be a message to the members and friends of the church. The evening service will be held in honor of Mother, Rev. Shepard and others will speak. You are cordially invited to these services. SEBA KIRKPATRICK, pastor.

**New Pump Demonstration**

An interesting demonstration of the Buffalo Jones pump in stalled at Alkali Lake two miles south of town, was made Wednesday afternoon in the presence of several citizens of Portales.

The pump consists of a galvanized iron tube twenty feet long, three feet in diameter and installed at an angle of about 45 degrees with one end submerged below the surface of the water and the other leading to a flume sixteen feet above. The tube is revolved at a speed of forty-two revolutions per minute by an oil engine and the water is elevated by means of an auger like spiral within the tube. The pump is a remarkably simple device having neither valves, pistons or other delicate parts to give trouble. It is said to have a capacity of placing a foot of water on one hundred acres of land per season we claim that the pump will elevate water more economically for irrigation than by any other means ever employed. This we understand is the second pump of its type installed by Buffalo Jones, the other being five feet in diameter and having a lift of twenty-six feet a capacity of twelve hundred gallons per minute. It is located on the Hand ranch in the vicinity of Las Vegas, N. M.

Col. Jones who is well known in this community is also developing a wind mill which he believes will create ample power to operate these pumps and which will reduce the cost of irrigation to a nominal figure.—Contributed

**Prosperity Begins at Home**

"Charity begins at home," says the axiom. Charity is but one of the many things that do. At home, likewise, prosperity begins.

The nation is a union of states, the state a union of communities. If the villages and towns and cities of this country, with their surrounding territories, are busy and happy, so will the nation be busy and happy.

The nation's prosperity depends not so much on whether they have legislation at Washington or rain somewhere else as on

the disposition of the people of this community and of a thousand similar communities.

Prosperity is not some mysterious thing created in Washington or Wall Street and distributed to the people by our financiers and legislators. Prosperity is something that originates on the prairie, in the valley, in the village, in the shop, on the farm.

Prosperity is produced not so much by legislation as by industry. The man who is making the most he can out of his farm or his foundry, his learning or his labor, and spending it wisely is the man who is making the town and the nation prosperous.

Are we doing our share? Are we doing all that we can to develop our community, thereby aiding in the development of the country as a whole?—Exchange.

**Notice**

We, the father and mother and relatives of Harry Adams, do hereby declare that we will not censure, nor hold prejudice against Doctors J. F. Garmany and A. J. Evans if our boy, Harry, should die after being operated on by the above doctors, as we fully realize the serious condition of Harry, and we are perfectly willing for the above doctors to perform the operation in order to try to save the life of Harry. Signed this 9th day of May, 1913.

Mrs. W. L. ADAMS,  
C. L. ADAMS,

**Buy's Meat Market.**

"Uncle" Joe Aeschbacher and Joe Boren have recently purchased the City Meat Market from Jim Reynolds and will continue the business at the same place. Mr. Reynolds has been in the business here for about a year and has by all means given satisfaction at all times.

"Uncle" Joe has been a resident of Elda and has shown by his actions that he is getting in line with the many people that have contemplated moving here for some time. He has been in the market business for many years and with his partner, Mr. Boren, who is well known here,

will endeavor to give the best of service to their patrons. They earnestly hope to be able to serve the public well at all times.

Don't fail to visit the bargain counter at Joyce-Pruitt Co.

Mrs. Williams, daughter of "Uncle" Joe Lang, returned to her home in Midland, Texas, Sunday, after being with her sister Mrs. C. P. Mitchell during the time she was sick.

Before we tell you about the boy and his air rifle, we want you to hear about Liggett & Myers Duke's Mixture—the tobacco that thousands of men find "just right" for a pipe—the tobacco that makes "rolling" popular.

**Liggett & Myers Duke's Mixture**

This favorite tobacco is fine old Virginia and North Carolina bright leaf that has been thoroughly aged, stemmed—and then granulated. It has the true tobacco taste, for the very simple reason that it is *Duke's* tobacco.

Pay what you will—it is impossible to get a purer or more likable smoke than Duke's Mixture. It is now a Liggett & Myers leader, and is unsurpassed in quality.

In every pack there is one and a half ounces of splendid tobacco—and with each pack you get a book of cigarette papers FREE.

**How the Boy Got His Air Rifle**

In every pack of the Liggett & Myers Duke's Mixture we now pack a Free Present Coupon. These Coupons are good for all kinds of useful articles—something to please every member of the family. There are skates, sleds, balls and bats, cameras, umbrellas, watches, fountain pens, pipes, opera glasses, etc., etc.

As a special offer, during April and May only, we will send you our new illustrated catalogue of presents, FREE. Just send us your name and address on a postal.

Coupons from Duke's Mixture may be used with bars from HORSE SHOE, T. T. TINSLEY'S NATURAL LEAF, GRANGER TWIST, coupons from FOUR ROSES (the only Double coupon), FLY PLUG CUT, FREDMONT CIGARETTES, CLIX CIGARETTES, and select pipe or complete stand by us.
