COOPERATIVE CLUBS MET AT TUCUMCARI

Governor William C. McDonald Makes Very Inspiring
Speech—Other Prominent Speakers Present

THE NEXT ANNUAL MEETING TO BE HELD AT PORTALES

The Tucumcari Chamber of Commerce Royally Entertains
the Great Throng of Visiting Progressives

The Co-operative Commercial Clubs of New Mexico and western Texas met in session at Tucumcari, N. M. on Monday of this week for the purpose of perfecting the organization begun at a meeting held in Clovis last June. The business session held in the afternoon was a real live affair and demonstrated the fact that the business men of the western country have fully united in their efforts to produce results—and results will surely follow the determined efforts of so fine a bunch of progressives.

The afternoon session was honored with a splendid speech by Governor William C. McDonald of New Mexico, and also speeches from several other State officials. The speech of Governor McDonald was very instructive and suggestive. The Governor is recognized as one of the best equipped practical business men of the State—he is a man who has made a success, and the fact that he was expected to be present and partake in the deliberations of the body was no doubt responsible in a large degree for the exceedingly large attendance.

The Tucumcari Chamber of Commerce was the host to this body of live commercial and business men, and they fully demonstrated the fact that they not only had the hospitable feeling for which they are well famed but also that they possessed to the fullest extent "the know-how" when it came to the matter of entertainment. A banquet

of three hundred plates was spread in the spacious dining hall of Tucumcari's first class hostelry, and the guests were served an elegant and sumptuous feast consisting of ten courses. After the banquet speeches were indulged in until a late hour. At this time the guests were entertained by Governor McDonald in one of those witty after dinner speeches for which he is noted. Splendid speeches were made by many and appreciated by all. Those of the Portales delegation who made speeches were A. A. Rogers and R. G. Bryant.

It was determined at the business session that the next annual meeting should be held in Portales. Every one was deeply interested in our irrigation system and having heard so much about our abundance of pure water was anxious that the meeting should be held here so that the delegates could have the opportunity of seeing the monster wells in operation. The attendance at Tucumcari was a large one, but it is predicted by those who claim to know, that the attendance at the next annual meeting will exceed five hundred. The Herald extends to them, one and all, a hearty welcome in advance.

The delegation from Portales consisted of J. P. Deen, President of the Portales Commercial Club, W. H. Ball, Ben Smith, R. G. Bryant, A. A. Rogers, Coe Howard, Roy Connally and S. A. Morrison.

Portales-Richland Baseball

The baseball game between the Portales and the Richland teams was a pretty good game for a little while, but from some cause some of the boys got cross-ways and as a result constable Clayton caused a couple of them, one from Portales and one from Richland, to pay a visit to Judge Henderson's office. The boys were fined one dollar each and went their way rejoicing. No particular damage was done as neither of the boys hurt the other. These little disputes will come up over most any game, although they should always be avoided as such are ruinous to the sport. However, the boys composing each of the teams are all gentlemen in their conduct, and a repetition of this is not at all likely to occur.

Automobile Law

The sheriff's office is strictly enforcing the law relative to automobiles. An effort has been made to notify all owners and drivers of the provisions of this law, but notwithstanding efforts in this line there are many yet who do not seem to understand the provisions, especially the provisions relative to displaying lights. The law as passed by the last legislature provides that all motor vehicles driven up

on any street or highway of the state must display at least two lighted lamps in front and one in the rear between the hours of one-half hour after sunset and one-half hour before sunrise. The minimum fine for violating this law is twenty-five dollars and costs of prosecution.

Buffalo Jones Movies

The moving pictures displayed at the Cosy Theatre Saturday evening were simply grand, especially the reels showing the feats performed by Buffalo Jones and his two cowboys while on their trip in darkest Africa. These pictures showed Mr. Jones and his attendants in the actual work of roping and conquering the rhinoceros and other wild beasts of the field, and were fully explained by vivid word pictures in lecture form given by Mr. Jones. Mr. Jones stated that the reels shown in Portales Saturday evening had just been received by him from London and that they were seeing them for the first time they had been run from the reel. Mr. Fickensher is to be congratulated for securing such an excellent attraction.

Miss Carlton of Barnum, Texas is visiting with Miss Winifred Brown.

That Exhibit Well

The Herald is strictly in favor of the exhibit well and park at the depot. We believe that this will prove to be the best and the quickest advertisement that can be locally indulged in when it comes to advertising the water of the Portales valley—this will show the people that what we say about the abundance of water is absolutely true. For the past three weeks the Herald has been boosting for this well, and for that matter expects to continue until the well is finally put in and the water is being exhibited twice daily to the passengers on the Santa Fe. However, we are very sorry indeed that our efforts in this direction have been misinterpreted, perhaps however the misinterpretation was not wilful but only due to a cautious disposition. It has been suggested that a franchise to the Irrigation Company for the purpose of this well would mean that they would have the right to sell power and lights, as well as water, in opposition to the city plant, and that the burden of our citizens under the present bond issue would thereby be materially increased.

If the management of the Irrigation Company have any aspirations in this direction such have not been communicated to the Herald—we scarcely believe that they would endeavor to take such an unfair advantage. However, without the permission of the city authorities the exhibit well cannot be operated. Permission must be given for the transmission line to enter the corporate limits, and also to turn the water loose from the well. Some arrangements also must be made to handle the water. It is this permission which the Herald believes should be granted. A franchise of this kind is no broader than the wording of the ordinance granting the right, and the Herald is unable to see how the city of Portales, or her citizens, can in any manner be prejudiced by the operation of the well, but on the other hand it seems to us that the advertising opportunity is great. We are for the exhibit well, you bet! We are not for the granting of a franchise that would prove detrimental to the citizens of Portales, nor is it our understanding that such is the meaning of the exhibit well as proposed.

County Institute

The compulsory term of the Roosevelt County Teachers' Institute began Monday morning with an attendance of one hundred and ten teachers. This is an excellent enrollment and by the end of the week will no doubt exceed that of any previous year. Dr. H. H. Roberts of the New Mexico Normal University at Las Vegas made an excellent and inspiring talk to the teachers on Monday morning. Short talks were also made by J. H. Vaughan and W. T. Conway of the New Mexico Agricultural College at Mesilla Park, and Prof. E. L. Enlow of the Normal University at Silver City. These gentlemen are all leading educators of New Mexico and their visit here was highly beneficial to the institute.

Baptist Association

Portales Baptist Association meets with the first Baptist church at Portales, September 3rd, 1913.

First Cream Report

T. H. Long & Son, of Longs, in the southeastern part of the county furnished the Herald with the first statistical report, sending in a card this week for the week ending August 2nd. The other reports will not come in until next week, since they will all be for the week ending August 9th. The report sent in from Longs is a very good one, especially so when the fact that the station has just been established within the past few weeks is considered. Mr. Long & Son last week paid to the farmers in that community the sum of one hundred and twenty-five dollars and fifty cents in cash for cream.

Some of the cows averaged considerably more than a dollar per head for the week, a few going much higher than that, while others fell much lower, which goes to show that the cream business is one of great importance but that the success of the industry depends upon the good dairy cow. Most of the cows that furnish the Longs station are the ordinary range cow, and beside this all the patrons of the station are raising good calves. But few of the Longs people have as yet put in cream separators, since they have only begun to experiment with cream as a marketable product and consequently much of the butter fat could not be separated by the old fashioned and crude method of skimming the milk with a spoon. Yet, we are informed that this is the method which was used by most of the patrons of this station. The general average was just a little more than fifty cents per cow for the week.

Woman's Club Entertains

The domestic science department of the Woman's Club entertained informally Thursday afternoon for Miss Meyers of the State Department of Education. Miss Meyers, Mrs. Culbertson, Mrs. A. T. Monroe and others talked very interestingly of the progress of the art of domestic science in our new State. Mrs. S. E. Ward and Mrs. Coe Howard served punch from a beautifully decorated table in the dining-room. Miss Meyers has a most charming personality and won many friends while here.

Worlds Famous Cantaloupes

Verily the "cantaloupe fame of the Portales Valley has gone abroad. The entire output is spoken for by eager buyers. In fact it appears now that the demand will be greater than the supply. This is remarkable when one considers that last year is the first that melons were grown for the market in the valley. The "Yucca Brand" and the "Portales Gem" grown almost exclusively here, have no superiors and but few equals in flavor and productiveness. "Once eaten, always eaten." This goes far in accounting for the great demand for these cantaloupes.

Mudgett-Smith

Mr. Leon Mudgett and Miss Elma Smith were happily united in marriage Thursday evening, July 24, at the home of Mr. and Mrs. W. H. C. Smith, Rev. Kirkpatrick officiating. The young couple will make their future home in Carlsbad, where Mr. Mudgett has considerable business interests. Their many friends here wish them success and happiness.—Cont.

ROOSEVELT COUNTY IN THE HOG INDUSTRY

A Wide Awake Farmer Has Golden Opportunities in This
County—They Are Making Easy Money

PURCHASED BUNCH OF THOROUGHBRED Duroc JERSEYS

The Statement of One of Our Responsible Business Men
as to the Possibilities of the Hog Industry

Our farmers are indeed awake to the opportunities that present a good financial view. That Roosevelt County and eastern New Mexico is one of the best places in the world in which to raise hogs is now well settled—instead of being a speculative theory, the fact that Roosevelt County is pre-eminently fitted for the hog raising industry has become axiomatic.

This week, F. R. Smith and R. P. Connally brought into the Portales Valley an exceedingly fine bunch of some forty or fifty brood sows. These are all thoroughbred animals of the Duroc Jersey type. They came from a farm on which there are more than four thousand of these thoroughbred animals, and those brought in by Messrs. Smith and Connally are said to be the pick of the farm. These hogs will be run on the Connally farm just a mile and half east of Portales.

Mr. Connally has on his farm twenty-three acres of cantaloupes just now ready for the market, and from this acreage will of course have some waste all of which will be fed the hogs. It is said that there is nothing better for hogs than cantaloupes,

also there are a number of acres of alfalfa upon which to pasture the hogs.

As an example of what can be expected in the hog business, it might be pertinent to refer to the remarks of one of the speakers at the recent banquet given by the Commercial Club. Mr. George M. Williamson, of the Portales Bank and Trust Company, in a speech made at this banquet stated that he was running a large number of hogs on new alfalfa, and that he figured that there could be run fourteen head to the acre and that each hog would in this season put on one hundred pounds which at six cents per pound would be six dollars per head, and that it would take two hogs to pay the entire expense of handling including water right for the irrigation, and thereby his alfalfa would be made to net him seventy-two dollars per acre. Mr. Williamson is figuring on the old principle that has so often been reiterated by good financiers—that of feeding your produce into animal fat instead of putting it on the market for the other fellow to make the profit on. A splendid principle, too.

Rogers Picnic

The picnic at Rogers Saturday was largely attended by the citizens of Portales, several automobiles conveying those who were bent upon accepting the hospitality of the Rogers community. All of the Rogers community and the entire eastern part of the county was well represented and everybody had a most excellent time. The crowd was nicely entertained with speeches and games of amusement, all of which had been previously arranged for by the entertainment committee. Of course when noon arrived a great feast was spread—and there was plenty to eat on hand, too. The picnic was quite a success—but as for that every one knew it would be before hand because these good people have heretofore displayed their ability in this line.

Alvin N. White Here

Hon. Alvin N. White, State Superintendent of Public Instruction, was a visitor Friday and Saturday at the Roosevelt County Teachers' Institute. Mr. White gave a very pleasant and interesting lecture Friday evening from the band stand at the courthouse to the teachers and the general public. Mr. White's visits to this county are always greatly enjoyed by our citizens and the announcement that he would lecture brought forth a large audience despite the fact that it was not generally known until late in the afternoon.

S. E. Moore and family returned Monday from an extended trip in Texas.

C. P. Mitchell Convalescing

County clerk C. P. Mitchell, who has been sick for the past seven weeks is reported to be convalescing and it is expected that he will soon be able again to assume the duties of his office. Charley has during the several years that he has been clerk always personally superintended the conduct of his office, doing the large part of the work himself, and the citizens of the county will be glad to welcome him back to the office. However, the business of the office is being handled nicely by deputies John W. Ballow and Guy P. Mitchell who are at all times very courteous and painstaking in their work.

COOPERATIVE CLUBS MET AT TUCUMCARI

Governor William C. McDonald Makes Very Inspiring
Speech—Other Prominent Speakers Present

THE NEXT ANNUAL MEETING TO BE HELD AT PORTALES

The Tucumcari Chamber of Commerce Royally Entertains
the Great Throng of Visiting Progressives

The Co-operative Commercial Clubs of New Mexico and western Texas met in session at Tucumcari, N. M. on Monday of this week for the purpose of perfecting the organization begun at a meeting held in Clovis last June. The business session held in the afternoon was a real live affair and demonstrated the fact that the business men of the western country have fully united in their efforts to produce results—and results will surely follow the determined efforts of so fine a bunch of progressives. The afternoon session was honored with a splendid speech by Governor William C. McDonald of New Mexico, and also speeches from several other State officials. The speech of Governor McDonald was very instructive and suggestive. The Governor is recognized as one of the best equipped practical business men of the State—he is a man who has made a success, and the fact that he was expected to be present and partake in the deliberations of the body was no doubt responsible in a large degree for the exceedingly large attendance.

The Tucumcari Chamber of Commerce was the host to this body of live commercial and business men, and they fully demonstrated the fact that they not only had the hospitable feeling for which they are well famed but also that they possessed to the fullest extent "the know-how" when it came to the matter of entertainment. A banquet

of three hundred plates was spread in the spacious dining hall of Tucumcari's first class hostelry, and the guests were served an elegant and sumptuous feast consisting of ten courses. After the banquet speeches were indulged in until a late hour. At this time the guests were entertained by Governor McDonald in one of those witty after dinner speeches for which he is noted. Splendid speeches were made by many and appreciated by all. Those of the Portales delegation who made speeches were A. A. Rogers and R. G. Bryant.

It was determined at the business session that the next annual meeting should be held in Portales. Every one was deeply interested in our irrigation system and having heard so much about our abundance of pure water was anxious that the meeting should be held here so that the delegates could have the opportunity of seeing the monster wells in operation. The attendance at Tucumcari was a large one, but it is predicted by those who claim to know, that the attendance at the next annual meeting will exceed five hundred. The Herald extends to them, one and all, a hearty welcome in advance.

The delegation from Portales consisted of J. P. Deen, President of the Portales Commercial Club, W. H. Ball, Ben Smith, R. G. Bryant, A. A. Rogers, Coe Howard, Roy Connally and S. A. Morrison.

Portales-Richland Baseball

The baseball game between the Portales and the Richland teams was a pretty good game for a little while, but from some cause some of the boys got cross-ways and as a result constable Clayton caused a couple of them, one from Portales and one from Richland, to pay a visit to Judge Henderson's office. The boys were fined one dollar each and went their way rejoicing. No particular damage was done as neither of the boys hurt the other. These little disputes will come up over most any game, although they should always be avoided as such are ruinous to the sport. However, the boys composing each of the teams are all gentlemen in their conduct, and a repetition of this is not at all likely to occur.

Automobile Law

The sheriff's office is strictly enforcing the law relative to automobiles. An effort has been made to notify all owners and drivers of the provisions of this law, but notwithstanding efforts in this line there are many yet who do not seemingly understand the provisions, especially the provisions relative displaying lights. The law as passed by the last legislature provides that all motor vehicles driven up

on any street or highway of the state must display at least two lighted lamps in front and one in the rear between the hours of one-half hour after sunset and one-half hour before sunrise. The minimum fine for violating this law is twenty-five dollars and costs of prosecution.

Buffalo Jones Movies

The moving pictures displayed at the Cozy Theatre Saturday evening were simply grand, especially the reels showing the feats performed by Buffalo Jones and his two cowboys while on their trip in darkest Africa. These pictures showed Mr. Jones and his attendants in the actual work of roping and conquering the rhinoceros and other wild beasts of the field, and were fully explained by vivid word pictures in lecture form given by Mr. Jones. Mr. Jones stated that the reels shown in Portales Saturday evening had just been received by him from London and that they were seeing them for the first time they had been run from the reel. Mr. Fickensher is to be congratulated for securing such an excellent attraction.

That Exhibit Well

The Herald is strictly in favor of the exhibit well and park at the depot. We believe that this will prove to be the best and the quickest advertisement that can be locally indulged in when it comes to advertising the water of the Portales valley—this will show the people that what we say about the abundance of water is absolutely true. For the past three weeks the Herald has been boosting for this well, as for that matter expects to continue until the well is finally put in and the water is being exhibited twice daily to the passengers on the Santa Fe. However, we are very sorry indeed that our efforts in this direction have been misinterpreted, perhaps however the misinterpretation was not wilful but only due to a cautious disposition. It has been suggested that a franchise to the Irrigation Company for the purpose of this well would mean that they would have the right to sell power and lights, as well as water, in opposition to the city plant, and that the burden of our citizens under the present bond issue would thereby be materially increased. If the management of the Irrigation Company have any aspirations in this direction such have not been communicated to the Herald—we scarcely believe that they would endeavor to take such an unfair advantage. However, without the permission of the city authorities the exhibit well cannot be operated. Permission must be given for the transmission line to enter the corporate limits, and also to turn the water loose from the well. Some arrangements also must be made to handle the water. It is this permission which the Herald believes should be granted. A franchise of this kind is no broader than the wording of the ordinance granting the right, and the Herald is unable to see how the city of Portales, or her citizens, can in any manner be prejudiced by the operation of the well, but on the other hand it seems to us that the advertising opportunity is great. We are for the exhibit well, you bet! We are not for the granting of a franchise that would prove detrimental to the citizens of Portales, nor is it our understanding that such is the meaning of the exhibit well as proposed.

County Institute

The compulsory term of the Roosevelt County Teachers' Institute began Monday morning with an attendance of one hundred and ten teachers. This is an excellent enrollment and by the end of the week will no doubt exceed that of any previous year.

Dr. H. H. Roberts of the New Mexico Normal University at Las Vegas made an excellent and inspiring talk to the teachers on Monday morning. Short talks were also made by J. H. Vaughan and W. T. Conway of the New Mexico Agricultural College at Mesilla Park, and Prof. E. L. Enlow of the Normal University at Silver City. These gentlemen are all leading educators of New Mexico and their visit here was highly beneficial to the institute.

Baptist Association

Portales Baptist Association meets with the first Baptist church at Portales, September 3rd, 1913.

First Cream Report

T. H. Long & Son, of Longs, in the southeastern part of the county furnished the Herald with the first statistical report, sending in a card this week for the week ending August 2nd. The other reports will not come in until next week, since they will all be for the week ending August 9th. The report sent in from Longs is a very good one, especially so when the fact that the station has just been established within the past few weeks is considered. Mr. Long & Son last week paid to the farmers in that community the sum of one hundred and twenty-five dollars and fifty cents in cash for cream.

Some of the cows averaged considerably more than a dollar per head for the week, a few going much higher than that, while others fell much lower, which goes to show that the cream business is one of great importance but that the success of the industry depends upon the good dairy cow. Most of the cows that furnish the Longs station are the ordinary range cow, and beside this all the patrons of the station are raising good calves. But few of the Longs people have as yet put in cream separators, since they have only begun to experiment with cream as a marketable product and consequently much of the butter fat could not be extracted by the old fashioned and crude method of skimming the milk with a spoon. Yet, we are informed that this is the method which was used by most of the patrons of this station. The general average was just a little more than fifty cents per cow for the week.

Woman's Club Entertains

The domestic science department of the Woman's Club entertained informally Thursday afternoon for Miss Meyers of the State Department of Education. Miss Meyers, Mrs. Culbertson, Mrs. A. T. Monroe and others talked very interestingly of the progress of the art of domestic science in our new State. Mrs. S. E. Ward and Mrs. Coe Howard served punch from a beautifully decorated table in the dining-room. Miss Meyers has a most charming personality and won many friends while here.

Worlds Famous Cantaloupes

Verily the "cantaloupe fame of the Portales Valley has gone abroad. The entire output is spoken for by eager buyers. In fact it appears now that the demand will be greater than the supply. This is remarkable when one considers that last year is the first that melons were grown for the market in the valley. The "Yucca Brand" and the "Portales Gem" grown almost exclusively here, have no superiors and but few equals in flavor and productiveness. "Once eaten, always eaten." This goes far in accounting for the great demand for these cantaloupes.

Mudgett-Smith

Mr. Leon Mudgett and Miss Elma Smith were happily united in marriage Thursday evening, July 24, at the home of Mr. and Mrs. W. H. C. Smith, Rev. Kirkpatrick officiating. The young couple will make their future home in Carlsbad, where Mr. Mudgett has considerable business interests. Their many friends here wish them success and happiness.—Cont.

ROOSEVELT COUNTY IN THE HOG INDUSTRY

A Wide Awake Farmer Has Golden Opportunities in This
County—They Are Making Easy Money

PURCHASED BUNCH OF THOROUGHBRED DUROC JERSEYS

The Statement of One of Our Responsible Business Men
as to the Possibilities of the Hog Industry

Our farmers are indeed awake to the opportunities that present a good financial view. That Roosevelt County and eastern New Mexico is one of the best places in the world in which to raise hogs is now well settled—instead of being a speculative theory, the fact that Roosevelt County is pre-eminently fitted for the hog raising industry has become axiomatic.

This week, F. R. Smith and R. P. Connally brought into the Portales Valley an exceedingly fine bunch of some forty or fifty brood sows. These are all thoroughbred animals of the Duroc Jersey type. They came from a farm on which there are more than four thousand of these thoroughbred animals, and those brought in by Messrs. Smith and Connally are said to be the pick of the farm. These hogs will be run on the Connally farm just a mile and half east of Portales.

Mr. Connally has on his farm twenty-three acres of cantaloupes just now ready for the market, and from this acreage will of course have some waste all of which will be fed the hogs. It is said that there is nothing better for hogs than cantaloupes,

also there are a number of acres of alfalfa upon which to pasture the hogs.

As an example of what can be expected in the hog business, it might be pertinent to refer to the remarks of one of the speakers at the recent banquet given by the Commercial Club. Mr. George M. Williamson, of the Portales Bank and Trust Company, in a speech made at this banquet stated that he was running a large number of hogs on new alfalfa, and that he figured that there could be run fourteen head to the acre and that each hog would in this season put on one hundred pounds which at six cents per pound would be six dollars per head, and that it would take two hogs to pay the entire expense of handling including water right for the irrigation, and thereby his alfalfa would be made to net him seventy-two dollars per acre. Mr. Williamson is figuring on the old principle that has so often been reiterated by good financiers—that of feeding your produce into animal fat instead of putting it on the market for the other fellow to make the profit on. A splendid principle, too.

Rogers Picnic

The picnic at Rogers Saturday was largely attended by the citizens of Portales, several automobiles conveying those who were bent upon accepting the hospitality of the Rogers community. All of the Rogers community and the entire eastern part of the county was well represented and everybody had a most excellent time. The crowd was nicely entertained with speeches and games of amusement, all of which had been previously arranged for by the entertainment committee. Of course when noon arrived a great feast was spread—and there was plenty to eat on hand, too. The picnic was quite a success—but as for that every one knew it would be before hand because these good people have heretofore displayed their ability in this line.

Alvin N. White Here

Hon. Alvin N. White, State Superintendent of Public Instruction, was a visitor Friday and Saturday at the Roosevelt County Teachers' Institute. Mr. White gave a very pleasant and interesting lecture Friday evening from the band stand at the courthouse to the teachers and the general public. Mr. White's visits to this county are always greatly enjoyed by our citizens and the announcement that he would lecture brought forth a large audience despite the fact that it was not generally known until late in the afternoon.

S. E. Moore and family returned Monday from an extended trip in Texas.

C. P. Mitchell Convalescing

County clerk C. P. Mitchell, who has been sick for the past seven weeks is reported to be convalescing and it is expected that he will soon be able again to assume the duties of his office. Charley has during the several years that he has been clerk always personally superintended the conduct of his office, doing the large part of the work himself, and the citizens of the county will be glad to welcome him back to the office. However, the business of the office is being handled nicely by deputies John W. Ballou and Guy P. Mitchell who are at all times very courteous and painstaking in their work.

What about that exhibit well?

The Roosevelt County Fair will be October 2nd and 3rd.

The farmer is the Keystone of the national arch and the backbone of the country.—James Wilson.

The Roosevelt County Fair will be held at Portales on October 2 and 3. Let everyone in the county put a shoulder to the wheel and make the first fair a grand success.

The Herald is gratified to learn that the various gentlemen who are shipping cream take so kindly to our endeavor to compile the statistics on this industry. If all the boys will assist the data will, when completed, be fairly accurate and will cover the entire county. It will be of inestimable value.

The civic beauty of Portales has been considerably enhanced during the past few days by the crew of laborers who have been slaughtering the weeds on the vacant lots. There is nothing that will retard a town more than the lack of civic pride. On the other hand the cleanliness of a town is an attractive drawing card.

Portales needs a canning factory. The supply of tomatoes and vegetables that can be raised here would be almost inexhaustible, while the delicious quality is not surpassed anywhere and is seldom equalled. To ship these articles in where we raise such an abundance is a foolish waste.

Secretary McAdoo is now arranging to deposit \$50,000,000 in southern banks to assist in moving the heavy cotton crops. This is a splendid move and had such a policy been pursued in the past it would have meant a saving to the farmers of hundreds of thousands of dollars.

Be proud of your friends, they are worth more than money to you. Treat them as friends, but not as friends for your personal welfare in particular. Friends are not common, they are rare, so think of them; treat them as rare personal gems. Some one has said, "We know how to fight our enemies but not our friends."—Springer Stockman.

Secretary William J. Bryan has requested that congress immediately appropriate the sum of \$100,000.00 to be used for the purpose of assisting indigent Americans who desire to leave Mexico. This action upon the part of the administration is taken to mean that the protection of lives and property is to be done in a manner which will not involve us in war. The administration has seemingly settled upon a policy of non-intervention.

Now that the courthouse lawn has because of its beauty and comfort become the resting place of so many people, proper and sufficient provision should be made for the protection of the public. A great deal of complaint has lately been made. Expectoration should be prohibited as to the lawn as well as on the sidewalks and public buildings. It is now the time of year when this country is flooded with those who are racing with the great white plague, and proper sanitary regulations should be made and enforced so as to protect the public.

The acceptance of the resignation of Henry Lane Wilson, at present ambassador to Mexico, has been accepted to become effective October 14th. That this action would be taken was foreseen by all intelligent Americans, and the wonder is that he was not summarily removed immediately upon his return to this country. He came for the purpose of consulting with President Wilson and Secretary Bryan, but from the time he placed his foot upon home soil he began giving out most undiplomatic interviews. He will be succeeded by John Lind, former governor of Minnesota.

Senator Ashurst of Arizona in a recent article states that the government, after building and equipping its own plant, can manufacture its own armor plate at a cost of not to exceed \$300.00 per ton, while we now pay \$454.00 per ton. In prior years we have paid the Carnegie Steel Company from \$520.00 to \$700.00 per ton, when it was at the same time selling the same plate to Russia for \$249.00 per ton. Senator Ashurst is also of the opinion that grave uncertainty exists as to how much defective armor is being furnished. To alleviate these conditions he introduced in the United States senate on May 22, 1913, a bill to provide for the establishment of a government armor plate factory.

BROOKLYN TABERNACLE BIBLE STUDY

ISRAEL SPARED, OR PASSED OVER Exodus 12:21-31—Aug. 10.

"The Son of Man came not to be ministered unto, but to minister, and to give His life a ransom for many."—Matthew 10:45.

THE tenth plague upon the Egyptians for their persistent injustice toward the Hebrews was the death of their first-borns. In every home there was death—the first-born son or daughter. The terror of such a night can better be imagined than described.

In Scripture death is always represented as the enemy of man—the penalty of sin. The death sentence came upon our first parents because of sin, and by the laws of heredity has passed to all their children—the human family. The Bible tells us that the only hope for recovery lies in the fact that God has made preparations for the satisfaction of Justice through the death of Jesus; and that during Messiah's reign the curse of death shall be removed.

What God brought upon the Egyptians in that night was, therefore, merely the same penalty that has been against all mankind for six thousand years. The first-borns, retiring in good health, were corpses before morning, the death sentence coming upon them more suddenly than it otherwise would have done.

This plague did not touch the homes of the Israelites. Their first-borns were spared, spared by the Almighty; hence the name Passover. By Divine command the Israelites made the anniversary of this event historical. Every Israelite shows his faith in God and his confidence in this record of Divine deliverance of his forefathers, when he celebrates the Passover.

The Passover's Real Meaning. Israel's experiences in being passed over were allegorical. As a type they represented the experiences of God's Elect—Spiritual Israel, God's saintly people, gathered from all nations and denominations. The chief members came from Natural Israel, but no nation can lay exclusive claims. It is an elect class, chosen along the line of character alone.

Spiritual Israel was represented in the first-born of fleshly Israel, passed over in that night. The next morning Israel went forth under the leadership of the first-borns, who subsequently became the priestly tribe, typically representing the Royal Priesthood, whose Royal High Priest is the glorified Messiah.

Just as the first-borns of Israel were not the only ones saved from Egyptian bondage, so the Church of the First-borns (Hebrews 12:23) will not be the only ones saved from the bondage of sin and death, symbolized by that Egyptian bondage. The preservation of the First-borns implies the deliverance of the remainder.

"Israel My First-Born." Since deliverance from the power of sin and death was of God's grace, and not an obligation of justice, He had a perfect right to determine long in advance that His blessings should reach mankind through Abraham's Seed. Unnoticed by the Jews, the Lord indicated that Abraham would have two seeds; one a Heavenly, the other an earthly. Thus He said, "Thy seed shall be (1) as the stars of heaven, and (2) as the sand of the sea shore." God, in His wisdom, did not explain to Abraham the significance of this figurative statement. We, however, are permitted to see the meaning even of this feature of the Promise.

The stars represent the Heavenly Seed of Abraham—Messiah and His Church. The sand of the sea shore represents the vast multitude who will ultimately be saved from sin and death, and recovered to Divine favor and everlasting life in the Messianic Kingdom. God's providences were to the Jew first as respects spiritual privileges, and will be to the Jew first as respects earthly privileges—Restitution to human perfection.

First-Borns Blood-Protected. Let us not fail to note that Divine favor toward the first-borns of Israel was not without blood. Indeed, the whole lesson of the Old Testament Scriptures is that "without the shedding of blood there is no remission" of sins. The Israelites took a lamb of the first year without spot, killed it and sprinkled its blood upon the door posts and lintels of their houses, and ate the flesh within.

As the Passover was typical, so also were the lamb and the sprinkled blood. The lamb represented Jesus, the Lamb of God. His death was for the sins of humanity. Christ died not merely for the Church, but, as the Scriptures declare, for the sins of the whole world.

The Church is passed over in this night of sin, especially saved in advance of the others, through the merit of the Blood. That the Blood covers more than the First-borns is shown by the fact that in the type it was sprinkled not merely upon the first-borns, but upon the house, as indicating the Household of Faith.

In every house there was death.

Notice of Pendency of Action

To R. L. Weber, K. S. Lykins, E. Renfro, and Mary E. Jackson: You are hereby notified that a suit has been filed against you in the District Court of the Fifth Judicial District of the State of New Mexico, in and for Roosevelt County, wherein A. A. Rogers is plaintiff and you, the said R. L. Weber, K. S. Lykins, E. Renfro, and Mary E. Jackson, are defendants, numbered 922 upon the Civil Docket of said Court.

The general objects of said action are as follows: plaintiff sues the defendants, Weber and Lykins, upon six promissory notes aggregating \$1800.00, said notes being in a series numbered from 1 to 6 inclusive, and each for the sum of \$315.00; each dated January 24th, 1910, and bearing interest at the rate of six per cent per annum from date until paid, payable semi-annually, June first and December first, of each year after the date of said notes, each of said notes have been executed and delivered by the defendants, Weber and Lykins, to the Portales Irrigation Company, and by said Portales Irrigation Company assigned to plaintiff, number 1 of said series of notes falling due December 1, 1911, and each succeeding number one year later than the preceding.

Plaintiff also sues all the defendants for the foreclosure of a mortgage of even date with said promissory notes and given by said defendants, Weber and Lykins, for the security of said notes, upon the following described real estate, to wit:

Beginning at the northeast corner of the southeast quarter of section ten in township one South of Range Thirty-three East of New Mexico Meridian; thence West one-half mile to the Northwest corner of said quarter section; thence South three hundred thirty yards; thence East one-half mile to the east line of said section; thence North three hundred thirty yards to the place of beginning, the same being sixty acres of north side of said quarter section ten;

Plaintiff prays for a decree declaring said mortgage a first and superior lien against said land and superior to any claims of the defendants, or either of them, and superior to any claim or title of the defendants, E. Renfro and Mary E. Jackson, who it is alleged, make some claim to said described real estate; for interest as provided for in said notes, for a reasonable attorney's fee, for costs of suit, and for general relief.

Plaintiff also sues the defendants, R. L. Weber and K. S. Lykins, on a second cause in said cause for the sum of \$91.80, with interest, and costs, due for, and upon assessments against said land, for water for irrigation purposes, for the year of 1912.

You are further notified that unless you enter your appearance in said cause on or before the 12th day of September, 1913 judgment by default will be rendered against you, and each of you, and the plaintiff will apply to the Court for the relief demanded in the complaint.
G. L. Reese is attorney for plaintiff, and his business address is Portales, New Mexico.
Witness my hand and the seal of said court this 21st day of July, 1913.
C. P. Mitchell, Clerk,
By J. W. Ballow, Deputy.

Probate Court Notice

In the Probate Court of Roosevelt county, N.M. in the last will and testament of Stephen G. Ferrin, deceased.
Application of Carrie H. Ferrin, for probate of said will and testament, and for letters cum testamento annexo.

Sold New Mexico Lands.

Topeka, Kan., July 25.—Don A. Mounday, his wife, were arrested today on complaints charging them misuse of the mails in their efforts to sell New Mexico tracts in connection with the American Sugar Manufacturing and Refining Company, an Oklahoma Corporation. The government claimed the company owned no land and that the stock-selling plan has netted nearly a half million dollars in Kansas an adjoining States. Some of the records of the company were seized in a raid by post-office inspectors today at the company's offices in Topeka.

At the same time Mounday and his wife were arrested on criminal charges, suit was filed in the supreme court by the attorney general of Kansas asking for the appointment of a receiver for the company and an order quoting the corporation from the state. —Roswell News

Jumps 1,000 Feet in Safety

Airmen are beginning to pay more attention to safety devices than was the case in the early history of aviation and new devices for insuring the stability of aeroplanes, for protecting the airman against injury in case of accident and for descending in safety from a crippled or unmanageable machine are being developed throughout the world.

A spectacular test of one of the new safety devices was made in California on June 20, and is described in the August Popular Mechanics Magazine. A young woman jumped from an aeroplane at a height of more than one thousand feet and landed on earth without the slightest injury. The apparatus she used is known as a "safety pack." It is a parachute of very thin but strong silk fastened to a mesh made of Italian hemp and folded into a canvas case so that it opens at the slightest pull. The entire pack weighs but eleven pounds and is designed to be attached to the shoulders of the airman or his passenger, ready for instant use.

President Wilson

"President Woodrow Wilson will live in history as one of the greatest Presidents of the country because he has the nerve to settle the tariff question effectually. President Wilson is a man who will be bluffed by no man and no one will fool him and furthermore he has no 'plants' in his cabinet. The President is absolutely sincere and he will do one thing that will make every American citizen glad. He is going to effectually settle the tariff question. He is going to do one thing that it has never been possible for another man to do."

This brilliant tribute to the courage, honesty and genius of Woodrow Wilson, is all the more striking, because it comes from Alexander P. Moore, the distinguished editor, known throughout the country as publisher of the Pittsburgh Leader and one of the most ardent admirers of Theodore Roosevelt. During the last Presidential campaign Mr. Moore's support of Col. Roosevelt, personally and through the columns of his newspaper, was among the salient features of the political situation in Pennsylvania and the Middle States.

But Mr. Moore's alliance with the National Progressive party and the zeal he manifested in behalf of its candidate, do not prevent him from recognizing the sterling qualities which placed Woodrow Wilson in the White House, and have maintained and increased the prestige of his administration ever since the suffrage of the American people gave him his exalted position.

Nothing that has been said from the hour when Woodrow Wilson first loomed large on the political horizon, till now probes more searchingly to the source of President Wilson's strength as a National Executive, than the above quoted words of the Pittsburgh editor.

Of all political and economic problems, the tariff is the largest and most complicated. No other affects the people and business with such endless variety of application to every state, occupation, need and condition. No other now existent has been the center of a controversy as old as the Republic.

As Mr. Moore says, it takes nerve to handle the tariff question. It requires the daring of conviction to go to the root of this issue which includes so vast a variety of other issues. No man but one of the highest order of brains and bravery could address himself as Woodrow Wilson has done with unflinching resolve and undeviating action, to the task of settling the tariff question and settling it effectually.

It is a herculean enterprise. All the greater the glory inherent in it and emanating from it. Settlement of the tariff issue is the great central fact of the Wilson administration as viewed in the light of current events, and effectual settlement of it, on which editor Moore dwells with an emphasis worthy of the magnitude of the subject, will carve in enduring granite the niche of Woodrow Wilson as one of the greatest President in history.—National Monthly.

Notice of Suit

In the District Court of Roosevelt County, New Mexico.
Theda Smith, Plaintiff,
vs.
No. 935
Anthony Smith, Defendant.

To the Defendant, Anthony Smith, Greeting:

You will take notice that the plaintiff, Theda Smith, has filed in the District Court of Roosevelt County, New Mexico, a suit against you, styled and numbered on the docket as above.

The object of said suit is to obtain a divorce from the bonds of matrimony existing now between you and the plaintiff, and said action is based upon the statutory grounds of cruel and inhuman treatment. And you are notified that unless you appear and answer said complaint on or before the 11th day of September, 1913, the allegations in said complaint will be taken as confessed by you, judgment will be rendered in favor of said plaintiff.

James A. Hall is attorney for the plaintiff and his business address is Portales, New Mexico.

Witness my hand and seal as clerk of the above named Court, this 21st day of July, 1913.

Notice of Suit Pending

In the District Court of Roosevelt County, New Mexico.
M. H. Fletcher, administrator, plaintiff,
vs.
No. 921
George A. Law and Ella E. Law, defendants.

The defendants will take notice that suit has been filed against them in the above court styled and numbered on the docket of said court as above.

The nature and objects of said suit is to collect a note for the sum of fifteen hundred dollars, executed by defendants to Catherine McPherson, dated June 15th, 1908, due twelve months after date with 12 per cent per annum interest, payable annually, from date until paid, and with ten per cent additional on the sum due thereon as attorney fees if placed for collection in the hands of an attorney, upon which the interest has been paid to June 15th 1912, leaving the balance due and for which suit is brought in the sum of fifteen hundred dollars with twelve per cent additional on the sum due thereon as attorney fees, same having been placed in the hands of T. E. Mears, an attorney for collection June 28th, 1913, it being alleged that plaintiff is the duly qualified and acting administrator of the estate of said Catherine McPherson, who died Nov. 3rd, 1911.

That said suit is further to foreclose a mortgage executed by said defendants to secure the due payment of said note according to its tenor and effect, by which they conveyed to said Catherine McPherson, the Northwest quarter of section nineteen in township 18, range 35 E. N. M. P. M. in Roosevelt county, N. M. conditioned upon the due payment of said note, said mortgage being recorded at page 28 of Record Book "D" of the records for mortgages of said county of Roosevelt.

The said defendants are further notified that unless they appear and answer in said cause on or by the 23rd day of August 1913, judgment will be taken against them by default and the plaintiff given the relief demanded in his complaint.

The plaintiff's attorney is T. E. Mears and his business address is Portales, N. M.

Witness my hand and seal as clerk of said court on this June, 28th, 1913.
