Anxious to Get Back

This week Bailey Stewart received a letter from his uncle, Dr. R. H. Bailey who is in Calif ornia saying in substance, California isn't in it as compared to the Portales Valley. I am real anxious to get back.

Well, the Doctor is a real booster and we are glad he is to be here in a few days and will help, if possible, more than ever to bring the possibilities of this section before the world.

Commisioners to Clovis

in full force at the time.

Owing to the fact that most of the Herald-Times force has been tusseling more or less with the lagrippe, and owing to the fur ther fact that we have been crowded "most to death" with job work, our paper is not up to the standard. We were com peiled to reduce this weeks is sue to six pages, and consider able news matter was crowded out. In this 'left over matter' is the story of Carl Johnson and his great farm, and that splendid story of the Portales Valley that appeared in a recent issue of The Earth. Watch for these next week.

This week W. F. Kenady, one of the best and substantial citizens of our county accepted a position with the Hardy Hardware Co. The Herald-Times extends congratulations to the Har dy Hardware company for securing the services of Mr. Kenady and it extends congratulations to Mr. Kenady for being able to line up with the Hardy Hardware Co. Mistakes

The fellow who never makes mistake is dead. Some fellows are so everlastingly ignorant and so outrageously conceited as to actualty believe that they never make a mistake. These pitiable misfits actually think that wisdom will die with them. They are so narrow contracted and little that they are miserable unless they are finding fault with some one, or the product of some ones labor. Their idea of "getting business'is to "knock" their competitor, and the truth suffers frightfully at their hands. These misguided, miserable bundles of egotism "never make mistakes," but their competitor is constant ly making mistakes and there is 'something wrong with every article that comes from his office, store or shop.'

These little souls and brainless nonenities are incapable of advancing, and because their competitor dares to break away from the moldy ideas of the past and do things the twentieth century way, they cuss, sizzle and fume like a mad tom cat in the back not up-to-date, and there are mistakes in everything that comes from his office, store or shop. Up-to-date! Why bless your soul if a real up-to-date idea should ever get into the cranium of one of these simlin-headed yaps, it a pig in a parlor, and as lonesome habit is to be dispised." as an angel in hades.

The scarlet newspaper, however, goes everywhere. Often it has many features of wholesome interest. You buy it for these at first and let it get into your home, before the eyes of your boys and girls, before you are aware of the poison with which it is infecting them. Be fore you are undecieved, who can reckon the mischief which may have been done? For the suggestions plants in immature M. Dobbs, Hardy Hardware Co., minds seeds of evil all the more Fred Crosby, W. Newspapers at best have to print much that isn't ideal, because it is mostly their job to mirrow life as it is, not as it ought to be, And in drawing the line between what is fit to print and what isn't the most conscientious judgments will differ.

There is, however, a fairly safe rule which you can apply when ever you will; and its application now may spare you pain hereafter. It is this.
