UTILITIES COMPANY

Company Is Vitrally Interested In the Development of Valley

\$2000 PER MONTH HERE

Company Has Spent More than \$500,000 Cash In Valley

Many people do not stop and realize the good the town of Portales and the valley is receiving from the operation of the Central power plant and transmission system, and the other operations of the Utilities company in Portales. The pay-roll of the Power company and other employees of the company amounts to over \$2000 per month. There is in the month, twenty-five working days and the Power company is operating their plant now ten hours per day or approximately one hundred fifty hours per month. This is \$8.00 per hour. Every hour that the Power plant runs there is spent in the town of Portales \$8.00 in hard money. The majority of this money goes to the wages. These wages are spent in the town of Portales. They benefit the merchants, hotels, amusements and every business in the community. It might be well to call the attention of the public to the fact that this company is spending this money constantly and that there has been spent upwards of \$500,000 in cash by this company since the early part of June of last year.

The money which this company spends in the Portales Valley will pay for one hundred tons of alfalfa at \$20. per ton or two hundred tons of alfalfa at \$10 per ton each month.

These companies have sent out over twenty thousand specially prepared bulletins. They have gone to all parts of the United States. The Portales Valley is known and favorably known, largely through the work of this company and its advertising departments. The company is endeavoring to operate strictly upon a business basis. It is conducting its affairs without partiality or favor to any individual. Every man receives precisely the same treatment.

The company has always followed the principle and is fully of the belief that every boost to the valley and every citizen obtained for the valley redounds to the benefit of all of the citizens of the valley. It is willing and has shown a spirit of co-operation with the various real estate men, allowing them all the use of its literature. It has been glad to and does assist in the concluding of their transactions. The real estate men have all availed themselves at one time or another of advertising features presented by the operation of its power plant and its transmission system. The company is glad indeed to have an opportunity to so assist these real estate men. The need of complete united endeavor in the promotion of the best interests of the Portales Valley, is just as apparent now as ever. These properties are dependent upon the good will of the public and on the other hand

War is Possible

Captain T. J. Molinari, in an interview today, when asked if the members of company "M" whose terms have expired would have to go to war, positively declared that no man could be forced into the army against his will except in the event the government deemed it necessary to conscript, this however, is improbable as enough men will volunteer for service whenever their country calls.

He further stated that discharges would be issued to all whose terms had expired, whenever requested.

Captain Molinari has been instructed to get his company up to war strength and Lieutenant J. B. Priddy has been appointed recruiting officer, with headquarters at Portales. Any able bodied man between the age of 18 and 35 years is eligible to enlist in the service as a volunteer.

Visited Arch Country

The Herald-Times Publicity Development representative visited the Arch country last week spending four days meeting the people who stand for the best interest and invite more population which will result in greater development.

Those whose cordial hospitality Mr. Blanton enjoyed were Henry Townsend, Joe Penson, Joe Bradley, J. W. Ross, R. W. B. Vencil, and Jerome Smith, all of these progressive farmers are exemplars of what thrift and intelligence will do where soil, water, and climate are so abundant and all this country needs is more such men, and they will welcome and assist new settlers to get going in their good neighborhood.

This the Best

Of course we are not going to tell it so that his Artesia friends can get hold of it but we will whisper it confidentially to you. M. G. Fraser recently moved to the Portales Valley from Artesia and he said to the Herald-Times man Tuesday. "If I had not have thought this the best I would never have moved here. I think this much better than the Artesia country."

Mrs. Lee Percifull was a Portales visitor Wednesday and Thursday of this week. Her little son, Lee Jr. was treated, while here, for infantile paralysis of one of his lower limbs by Doctor Garmany.

W. O. Oldham returned Sunday from an extended trip through Texas. It is understood that Mr. Oldham was in Dallas on business connected with the regional reserve bank being located there.

Doctor Hensley, one of the largest land owners of the Portales Valley returned Friday to his home in Okmulgee, Oklahoma after an extended stay.

The success and future of the public is largely dependent upon these companies. It is a mutual proposition demanding the careful consideration of every man and his thoughtful co-operation. —Contributed.

ONE OF PORTALES VALLEYS IDEAL FARM-RANCH

The Battenfield Home Is Fit for a King Conservative Estimate of Its Market Value Is \$100,000

LARGE ALFALFA CROP LAST YEAR AT A GOOD PRICE

Mr. Battenfield Says He Averaged Seven and One-Half Tons per Acre—Netting Him \$120 per Acre

William Battenfield gave Herald Times the following description and statement concerning his beautiful home and producing farm, which place is an example of success in Portales Valley where intelligence, industry and some capital are employed.

A square section of 640 acres of land, located three and a half miles southeast of Portales, all fenced and cross fenced. Two hundred acres in cultivation, the rest in as good grass as there is on the plains, consisting of grama and mosquito grasses. The soil is about half black sandy loam and the rest is red sandy loam. It will grow alfalfa, corn, cotton, kafir, maize, melons, all kinds of garden truck, sorghum, sugar beets, apples, peaches, plums, apricots, cherries and grapes to perfection.

On this land there are fifty acres in apple orchard, six and nine year old bearing trees; some peaches, pears, cherries, plums, apricots and grapes; a fine grove of forest trees consisting of cottonwood and Carolina poplar, eight and ten years old; a fine grove of honey locust six and ten years old, and 65 acres in alfalfa. The rest of the two hundred acres in cultivation is in corn, maize and other crops. The land is well located on telephone and rural route, and is convenient to good school and churches. It is first class land, every foot of which is nearly level as a floor and can be successfully irrigated.

There is a private pumping plant on this land which will successfully irrigate 160 acres. The plant consists of a fifteen horse power gas engine and a no. five centrifugal pump which delivers one thousand gallons of water per minute. The well from which this water is drawn is 127 feet deep and is one of the best irrigation wells in the valley, and I believe it will irrigate the whole section. Sixty acres of this land is sub-irrigated on which the water is only four to six feet deep. On the balance of the land the water is from eighteen to twenty-one feet deep. Besides this private pumping plant I have two wells each supplied with a windmill, one a fourteen and the other a sixteen foot wheel, and the water supply is good. I have a large reservoir, one hundred by three hundred feet, stocked with fish.

Other improvements consist of a first class, up-to-date, well finished twelve room house, having modern roof, porches, seven closets, three vestibules, bath room, porcelain bath tub, hot and cold water system, surrounded by nice lawn and shrubbery. Have a large barn with thirty-two stalls and lots of room for hay and grain, large implement house, cow barn and good substantial lots, good smoke house

and numerous out buildings, a forty light gas plant with house and barn lit up, complete water works system with hydrants, sprays and elevated tank.

I have \$4,000.00 worth of fine young brood mares and colts of the Percheron and German Coach stock, some young mules, some Dugham cows, about \$1000.00 worth of farm implements, wagons, buggies, harness and plow gears about as good as new. There are something like \$25,000 worth of improvements on the place.

I have made plenty to do me and I would retire. I would sell at the right price and give good time, or I would trade for a first class ranch, or half in good revenue paying property and the rest in money or notes. Not a dollar of encumbrance on the property. The orchard in a few years will pay it out, and this land in a short time is bound to be worth \$200.00 an acre in alfalfa, and \$500.00 to \$1000.00 an acre in apple orchard, properly managed.

This is a fine horse and cattle country, and this place is most ideal for the business. It is a fine place to raise hogs and alfalfa. This place will make good substantial homes for sixteen large families, with forty acres to the family, being ideal to cut up in small places. The water supply never was exhausted, and it is first class to drink and irrigate.

Praises This Paper

The following words of encouragement were received from one of the big newspaper concerns of the country Monday.

"We note on your letter head that you are publishing all the news, about the coming country. From the few copies of your paper we have seen we believe this statement is above reproach"

Mrs. Dudley Hardy, who was taken to the hospital at Amarillo last week is reported much better and is able to write home to friends. Mr. Hardy is also reported a great deal better at his home here and with no setbacks they will both soon be able to be up and around.

Doctor Baily received his first car of distillate oil this week and the Doctor and some of his partners in the car are very busy unloading same.

The musicale held at Mrs. Nixon's last Monday night was quite a success and all present report a fine program.

Thomas J. Allen, a well known insurance man of Farwell, Texas is a visitor in the city this week.

C. J. Whitcomb, the jeweler and candy merchant was a Clovis visitor the latter part last week.

Residence Burns

M. S. Servis residence with practically all its contents burned up Tuesday morning about eleven o'clock.

Mr. Servis was in town at the time of the fire and his wife had just stepped out of the house. The fire was caused by the explosion of a gasoline stove. The flames spread rapidly, making it impossible to get anything out of the building. Some bedding and a few other things were saved, as these had been taken out to air and sun.

The building and contents were partially insured with the insurance firm of Braley and Ball.

Off to Mountains

A bunch of blooded sports and gentlemen are preparing to invade haunts of the wild animals of the mountains and also tickle the lips of the finny tribe of the mountain streams.

The number will be composed of merchant J. B. Priddy, land baron R. H. Bailey, lawyer Jim Hall, millionaire L. S. Skelton, orator Ed Patterson and banker Bailey Stewart.

These fine blooded gentlemen will leave Portales Saturday or Monday and remain away for three or four weeks. They will go to Las Vegas, thence to Santa Fe and from there to the head of the Pecos river and into the mountains.

Revival Meeting Closes

The revival meeting of the Central Christian church closed last Friday evening. The meeting was conducted by Evangelist Haddock, assisted by Mr. J. V. Baird as song leader and Mrs. Baird as pianist.

There were nine or ten additions to the church and the church otherwise strengthened and helped.

Nothing Better

P. M. Fortner returned Monday from Mineral Wells, Texas where he has been drinking copiously of those health-giving waters.

Mr. Fortner says the waters are alright, but he failed to find any country that looks as good as the Portales Valley and Roosevelt county.

Mrs. Lena McCall left last Friday for Electra, Texas. She has been in the city for the past several weeks on a visit with her parents, Mr. and Mrs. C. W. Carroll and friends.

Sheriff George Deen returned Friday from Mineral Wells, Tex. where he has been for the past four months for the benefit of his health. We are glad to say he is much improved in health.

A cow on the ranch of I. N. Howard was bitten by a rattle snake which was cause of premature birth of calf, the calf coming ahead as result of the poison. Mr. Howard used coal oil and soda application on wound which he recommends as the best remedy for snake bite.

Messrs. Faggard & Tyson, local agents for the Ford automobile, report the sale of two more of those good as they make 'em cars.

THREE LINKERS AT TEXICO

Roosevelt and Curry County Odd Fellows Have Good Meeting

PORTALES GETS NEXT MEETING

Visiting Odd Fellows Were Royally Entertained By Texico Lodge

Portales was pretty well represented at the annual meeting of the Three Linkers at Texico-Farwell last Saturday as the following men from Portales were there, C. V. Harris, Charley Duncan, Bob Adams, J. E. McCall, and S. E. Moore.

The editor of this paper was in Texico-Farwell at the same time and we will say that, so far as we could see, those "boys" behaved nicely. Of course they overdid a good thing when they ate so much of that five course dinner prepared by the good ladies of the Twin Cities as to be suffering at this writing with indigestion.

The 150 guests were royally treated, and speak in the highest terms of the Texico-Farwell people. The next annual meeting will be held in Portales.

To California

Prof. J. V. Baird and wife who assisted in the revival meeting for the Central Christian church left Tuesday for Clovis where they will help in a short meeting after which they will go to Modesto, California. Prof. Baird will have charge of the music of the Christian church of that place.

Mr. Baird is a cultured Christian gentleman, congenial, and full of the spirit of Christ. He is a power for good.

Mrs. Baird is one of the sweet Christian spirits that one occasionally has the rare privilege of meeting in this world.

These two choice characters made a host of friends in Portales who will wish them the great measure of success in California they so richly deserve.

Buys Barber Shop

Latter part of last week F. R. Smith, Earl Landers and Ike Maxwell bought the Sanitary Barber Shop owned and operated by Fred Crosby.

This is one of the best shops in this section of the state and these gentlemen are all artist in their lines and we bespeak for them a satisfactory business.

Mr. Crosby, we understand, will within the next few months move to El Paso, Texas, where he can give his daughter, Miss Eva better musical advantages. Miss Eva is but a child yet, but she is simply a wonder as a musician for her age. It is commendable in Mr. and Mrs. Crosby to aspire to the best for their children educationally, but we shall miss them greatly from Portales.

Roy W. Connally

(By CHARLES F. BLANTON)

J. B. SLEDGE

Among the men who are contributing a good portion to the growth and development of Portales town and valley is Roy W. Connally.

Born in Sulphur Springs, Texas, where he received a high school education after which for a few years engaged with his father in business, Roy Connally was lured to the road as an "angel of commerce" known more perhaps to some lesser minds as "A Knight of the grip" any way Roy secured a connection with an Eastern Manufacturer of men's furnishing goods, and sold his line for a few years to the high class haberdashers of the Pacific Northwest traveling Washington and Oregon. Finding his knowledge of the business and the few years experience made a demand for his services as manager and buyer, Mr. Connally was more attracted to accepting a position in this capacity than traveling, so he became associated with some of the best firms in the men's furnishing goods line in Seattle and Portland, having been engaged with Rasenblatt Brothers the leading Haberdasher of Portland, Oregon where he was buyer and manager at a high salary for a few years and until he decided to pay a visit to his people at Portales in the fall of 1909.

The opportunities for business investment so appealed to Mr. Connally, that he embarked in the coal business very soon after arriving. A year later he secured the account of Continental Oil company and as this firm's representative and selling agent for Portales Valley, also later added the ice business shipping ice in car lots from Clovis plant. After little more than a year's sojourn in Portales, all the while building up his business to a greater assurance that Portales had a bright future and would justify his staying with the town and valley Roy Connally received another, and more conclusive attachment to Portales when he wooed and won the heart and hand of one of Portales' most charming maidens, Miss Prue Harris, a daughter of our stirring citizen and county commissioner, C. V. Harris.

Roy W. Connally and Miss Prue Harris were married in 1911. Mr. Connally has one of the prettiest homes in Portales, and owns some of the best valley land his business is growing under capable management and what better could be desired by a man who has confidence in the town and valley and the patience to wait while he works for the fulfillment of the certain development which Portales is receiving.

Mr. Connally possesses more than usual business conception and a wide range of vision among his fellows to which may be attributed his contact with the world and the association with men who conduct business of large proportions, all of which is an asset to be reckoned with in his own success wherever he may cast his lot in this wide world.

The subject of the following sketch is one of the best known and most loved by his many friends among the "old timers" in the Portales Valley.

"Joe Brown" was a great, great grandfather of our esteemed townsman and land owner, J. B. Sledge, of the hardware firm of Humphrey & Sledge, and for whom he was named. Joe Brown was the maternal grandfather of our J. B. Sledge, and he has a place in history now very obsolete; however noteworthy, for Joe Brown was a Colonel in Andrew Jackson's army and received special valor in subduing the Indians in the Creek and Cherokee wars in Tennessee.

J. B. Sledge, merchant and farmer of the Portales Valley, was born at Como, Panola county Miss., moving to Amarillo Texas in 1893; but returning soon to the old home in Miss. But as Mrs. Sledge did not enjoy good health they removed to Tulsa Okla. for but a short time, when in 1895 Mr. Sledge sought health in the Portales Valley, taking up a homestead 16 miles southwest of the town of Portales. He ran a bunch of cattle and remained for about seven years. He came to Portales Jan. 1902, his brother and self bought an interest of John Eiland, and others and organized the Bank of Portales, the first bank here.

Later J. B. Sledge sold out his banking interest to J. P. Stone, and in company with J. H. McGee, went upon a prospecting tour to find a better country than Portales Valley, but failing in this they returned, and in Sep. 1906 Mr. Sledge bought an interest with India Humphrey who was then established in the hardware business.

Mr. Sledge owns 180 acres of the choicest irrigable land adjacent to the town and under the electric power system, and he takes pride in the improvement and development of his land, feeling confident of the certain success of land in the valley which is intelligently handled to crops with irrigation.

He claims this salubrious climate cured him of rheumatism and to the country he owes his good health. The constant improvement in farming operations are evident; people are applying more modern methods, and where formerly the farmers asked for terms on implements, today they have cash to pay and the business of Humphrey & Sledge has shown an increase in business of 25 percent in 1913 over 1912 and Joe Brown Sledge is of opinion that other business houses have shown as much gain, all of which he says speaks for the prosperity of the Portales Valley.

Program Arch School

The accompanying program of the Arch school closing exercises present a vision of the very excellent accomplishment by Professor Palm and his pupils.

Mrs. Johnson directed the musical numbers which were rendered in a manner indicating her splendid ability and the unusual execution by the pupils who sang.

Messrs. J. R. Sadler and Floyd Horney performed upon the violin and mandolin much to the delight of the school and audience.

It is the general desire of the pupils and trustees, to return Professor Palm next term as his interest in his work is manifest in the closing of the present term and the attachment to him of all his pupils.

Mrs. S. F. Culberson visited the Arch school Friday - the day the school closed - making an address to the pupils which filled their minds and hearts with inspiration for greater endeavor the coming term. Mrs. Culberson passed favorably upon the 8th grade examination papers which she has forwarded to the state superintendent of schools at Santa Fe for the final O.K. It is generally conceded that Mrs. Culberson's passing upon anything pertaining to her schools never receives the veto of her superior officers.

The following visitors were present and were enthusiastic in their praise of the exercises. From Portales, Ed Patterson, Jewel Brown, Chas. Blanton. The Eiland parties were Misses Gertrude Blakney, Georgia Gilliam, Katy Stovall, Esther Sage, Gertrude Horney. Messrs. Roy Stovall, John Stovall, Lloyd Horney, Mrs. Till Trammell and Mr. and Mrs. George Byers.
