LOOKS GOOD FOR CREAMERY

Local Attorney Says There Are No Jokers In Contract

BIG OPPORTUNITY FOR FARMERS

Such An Opportunity May Not Present Itself Soon Again

Everything looks good for the Roosevelt County Creamery. J. L. Blunt has been traveling over the county, holding meetings with the farmers in the different communities, explaining the proposition to them and what advantage it will be to them to have a creamery in this county.

A well known local attorney who had examined the contract which Mr. Blunt is making with the farmers was asked "Are there any jokers in that contract?" "No," he replied. "I find nothing of that sort. I have looked over the contract and believe Mr. Blunt is trying to do the square thing."

We do not believe the cream producers of this county can afford to pass up this splendid opportunity of securing a successful creamery for this county. Such an opportunity may not come soon again. This is a proposition entirely for the farmers, and one for their benefit.

A hundred dollars coming from each one is not very much, and yet this is all that is asked. This is enough to give each stockholder an interest to patronize the creamery if outside creameries boost the price temporarily with the object of freezing the local creamery out.

After having made an investigation we do not hesitate to advise our farmer friends that they should not pass this opportunity up as we believe Mr. Blunt is a highly capable man, presenting a fair proposition—one that will pay him, and pay the man who makes the investment as well as get him a much better price for his product.

A Perilous Ride.

Last Thursday afternoon a resident of the southeastern part of this county carelessly left his team untied in front of the post-office while he went inside to address a couple of letters. The wagon was loaded with lumber and perched on top was his five-year-old boy.

From some unknown cause the team took fright and dashed pell mell down the street to the east, with the lad hugging fast to a plank, expecting every moment to be hurled to the ground.

Paul Henise proved to be the hero of the occasion, for he mounted his saddle horse and started in swift pursuit. He succeeded in stopping the team about a mile east and rescued the lad unharmed.

To Oklahoma.

J. H. Sandefer and family left the first of the week in their new Ford for an extended visit to Sayer and other points in Oklahoma. Mr. Sandefer has been considering this trip for some time, and done a little figuring which showed that he could buy a Ford and what he would have paid for railroad fares would amount to considerable in paying for his car.

BIG MAJORITY FOR BONDS

New School Building and Better Facilities Assured For Portales

BIDS FOR BONDS ALREADY MADE

Board Will Proceed To Make Improvement With All Possible Speed

The voters at the school bond election voted overwhelmingly in favor of the issuance of the bonds with the result that it carried by a vote of almost three to one. The vote was as follows: For, 168; against, 58; mutilated, 7. Many voters were attending the celebration at Clovis, which accounts for the light vote.

It is proposed by the school board to get busy just as soon as possible and they will consider bids for the purchase of the bonds next Tuesday at 4 o'clock. It is already apparent that there will be no trouble in disposing of the bonds at a good figure, as a local man who had been authorized by an outside firm, offered to pay par and stand the expense of issuing them, leaving the board the full \$80,000 available. The board thought it best, however, to get several bids, and they may possibly do better than the offer which has been made.

Several architects have submitted plans, but as yet no decision has been reached by the board as to which will be accepted or exactly what size and style of building or buildings will be erected. We understand that just as soon as the bonds are sold the architect will be engaged, the building decided upon and the work rushed with all possible speed.

Largest Attendance Ever.

The Roosevelt County Normal institute is making fine progress and the attendance this year is the largest ever known in its history, during the second week, there being 70 enrolled. From the indications and correspondence Mrs. Culberson has had with others who propose to attend the last two weeks, the attendance will continue to grow and the last two weeks will be record breakers for attendance.

Excellent work is being done. The students are well pleased with the instructors and the instructors well pleased with the students, so the result is Roosevelt county is having the most successful institute in its history.

Arrives From California.

W. T. Estep and family of Los Angeles, Calif., arrived here Sunday, making the trip in their car. Mr. Estep recently purchased an irrigable farm here and has come to locate and improve his place. He is well pleased with his Portales Valley farm, we understand, and will at once get busy. He has the ear marks of a hustler, and there is no reason why he will not be one of our successful farmers. We need more hustlers here.

Harry Buchanan, Dr. S. B. Owens and Edwin Neer returned from Dallas and other Texas points Monday. They made the trip in Mr. Buchanan's Buick.

WHICH DO YOU WANT— STOCK OR DAIRY COW?

One of the Largest and Most Successful Portales Valley Dairymen Gives Interesting Data On Subject

DAIRY COW IS POOR MAN'S FRIEND AND REVENUE PRODUCER

Have You Ever Considered What Ten Good Dairy Cows Would Net You At the End of One Year With the Increase?

Mr. Editor: To me other men's view points are always interesting. The cow is now coming into her own, and there are three classes we are now looking at.

First, the scrub of any breed, and all breeds are represented in this class. Just why any one wants such a cow I'll leave for some one else to tell. Everyone when fat should go to the butcher for what she will bring, till there is not one in the Portales valley to mar the beauty of our splendid stock farms. Because the stock cow now predominates here. I want to take a good view point of her. I note of late that some splendid white faces have come to stay with us. Ft. Worth Record June 28, notices that Rev. J. M. Harder of Plainview, Texas, purchased 100 head of these good cows at \$1.25 per head. Whoever heard of a preacher having that much money? I suppose that he has the grass and water, and if I had these 100 fine registered white faces with plenty of grass I would make everybody call me "Mister."

But lots of us poor folks in Portales Valley haven't the money nor the grass to handle such a herd. The most of us have only enough grass for a small herd in dry times and not enough money to buy the cows to eat the grass.

If we borrow the money the banks tell us that they can't loan it for a longer time than six months, so we have to try to get early returns to meet our obligations. For convenience lets figure on a basis of ten cows. Today good cows of any breed are about the same price, and the first cow the average man gets are grades. Well, ten high grade whiteface cows at \$75.00 costs

him \$750.00. If these ten cows bring him ten calves at the end of the year he has, at \$40.00 per calf, a bunch worth \$400.00. I have not counted feed, etc., and have put the calves at a high price.

The interest on the \$750.00 at 12 per cent is \$90 and this leaves him \$310.00 net profit. That is not bad, is it? So much for the view point of the other man.

The dairy cow. Look at her. Is she not a beauty? She is the poor man's friend.

Last winter I gave W. M. Cox of Portales \$75.00 for Lela, a grade Jersey. In January she brought me as fine a heifer calf as you ever saw and she will for at least ten months, give me two pounds of butter each day.

Now, let's look at ten such cows for one year:

Cost.....	\$ 750.00
Cottonseed meal for the ten.....	100.00
Int. on \$750 at 12 per cent.....	90.00
	\$ 940.00
Ten calves, \$40 each.....	400.00
2 lbs. butter each day, 300 days, 25c lb., each cow \$150.00. For the ten cows.....	1,500.00
	\$1,900.00

Now, Mr. Editor, I've tried to be fair from these view points and if this provokes investigation by the poor farmer of eastern New Mexico I'm ready to go on the stand.

Some will ask if I am trying to get such a herd of cows, and I gladly answer that I am, with good prospects of soon having them. I keep at the head of my herd a bull whose pedigree shows many cows of two and one-half pounds and not a few three pounds of butter to their credit.

Jones-Williams.

Henry Jones, the popular mail carrier on the Floyd-Langton route, last week was married to Miss Jessie Williams, daughter of Rev. J. L. Williams of Floyd. The bride is a beautiful young lady of many accomplishments and very popular in the Floyd community.

We had for some time suspected that Mr. Jones had more than a passing interest in the Floyd community and this explains it all. The Herald-Times joins this young couple's many friends in wishing them a prosperous and happy married life.

Meeting of Fair Association

There will be a meeting of the Roosevelt County Fair association at the court house in Portales, Saturday, July 17, at 2 o'clock p. m. Important business will be transacted and all members of the association are urged to be present, by J. A. Fairly, secretary.

Miss Bryant Honored.

Miss Sallie Bryant, sister of Representative R. G. Bryant, has been honored by Gov. McDonald with the appointment as delegate from Roosevelt county to the convention of the anti-saloon league which meets in Atlantic City, N. J.

Miss Bryant has taken a very prominent part in affairs which have been for the betterment and uplifting of our town and is entirely worthy of the honor conferred upon her.

Grows Fine Rye.

W. B. Hensley, one of the successful stock farmers of the Givens section, brought to town last week a fine specimen of rye which he raised on his farm.

This rye was sowed last fall and has headed out nicely with good matured grains. Mr. Hensley planted only a small amount and will use it for chicken feed. Another demonstration that you can grow almost anything in Roosevelt county if you will try.

CELEBRATION AT DELPHOS

People Gathered There From Miles Around Saturday Threatening Rain

CREAMERY MAN DELIVERS SPEECH

Plenty of Barbecued Meat And Other Eatables For All

The hospitable people of the Delphos community were most excellent hosts to several hundred people who gathered from over the country for several miles distant, at their Fourth of July celebration last Saturday. The crowd would have been twice as large perhaps had it not been for the rain that morning. Many of the speakers did not attend because they thought the rain had caused the celebration to be postponed.

The dinner was great—spread on a long table in the old-fashioned way with plenty for everybody and some left for Sunday. Three heaves and eight goats, barbecued in fine style, good enough for a king. The other eatables were just as good, for the cooks in that community are certainly culinary experts, and they don't themselves prouder on this occasion.

The celebration was held at the grove just south of the main street and the speaking was held on the porch of the house. Bill Cummings, the live merchant at that place, was master of ceremonies assisted by Minister J. H. Shepard. Many beautiful selections, appropriate to the occasion were rendered by the school children in a manner which showed that there is some very promising literary talent in that vicinity.

Minister Shepard made an address on the occasion of the day which was very interesting and in which he brought out some history of our country and showed the anniversary of our Declaration of Independence day which should be fittingly celebrated.

A. A. Rogers, president of the Portales Utilities company, made a brief address in which he complimented the Delphos people on the progress they are making as homebuilders in developing a new country and also informed them of the value a creamery would be to them, and of what effort had been made to get a successful creamery installed in this county.

J. B. Blunt, the creamery man, was present and imparted some valuable information on the creamery business. Coming from a man of so many years of experience and one who knows the business from top to bottom, he seemed to know just what his hearers would be interested in along that line. Several were heard to say, "I am glad he came, for he told us some things about the cream business we have been wanting to know for a long time."

W. W. Hensley, the "mayor," and dispenser of justice in that community, was one of the busiest men on the grounds. He has much the appearance of a bloated bond-holder and was busy all day mingling with the crowd, welcoming the visitors in his genial Arkansas manner. Such occasions as this are a

ANOTHER CROP IS ASSURED

Abundant Growth of Grass, Range Cattle In Fine Shape

PLENTY OF FEED FOR WINTER

Great Stockfarming Country Gradually Coming Into Its Own

The Herald-Times man enjoyed a trip over the county Monday with P. E. Jordan, the live wire Ford agent, in one of the new machines which came in the last car load he received. One of the places visited was the Hunter ranch, where Jordan and Horney have about two hundred head of steers on pasture which they expect to ship to market in the near future.

These cattle were found to be in fine condition, feeding on the native grass which is in the pasture in abundance. These cattle were put in that pasture several months ago, and in that time have grown and fattened. We predict that these gentlemen are going to make a nice little piece of money from this bunch.

Everywhere on the journey nothing but the best of conditions were found. Fine fields of growing crops and pastures filled with fat, sleek cattle. This great stockfarming country is certainly coming into its own. They had to learn, of course, and with many the experience was costly; but now they are reaping the benefit.

In the south part of the county another good crop is now practically assured. Most of that section has had rains during the past week, and not one crop was seen which was not in good growing condition. As a result of the present conditions the people are feeling optimistic for they feel assured that they are going to have plenty of winter feed, and many of them some to sell.

A Fishing Trip.

Capt. T. J. Molinari and family and J. B. Priddy and family left Thursday of last week in their Fords for an outing trip in the mountains north of Santa Fe. Word was received from Santa Fe that they passed through there Saturday morning and the trip was proving a very enjoyable one. They are expected to return about the last of the week.

Enterta in Their Friends.

Leslie Smith and wife entertained several of their friends Sunday at their beautiful home southeast of town. The house is surrounded by a fine grove of trees under which the dinner was spread. It is reported as a most excellent dinner and a most enjoyable affair.

Those present were, A. J. Goodwin and family, Frank Galloway and family, Jas. Maxwell and wife, Wm. Kelly, Inda Humphrey and family, and Miss Gertrude, Lloyd and Paul Horney.

Mrs. Maude Smith and daughter Irene left last week to spend their vacation in Colorado.

fine thing for any community and the Delphos people should feel proud of this affair and its success.

TOLIDAR RUALES HELD

CHARGED WITH ASSAULTING LITTLE GIRL AT BLAND.

Victim Struck Blow on Neck and Hands and Feet Bound With Wire by Assailant.

Santa F6, N. M.—A telephone message from Bernalillo, Sandoval county, announced that Tolidar Ruales, a married man, aged 40 years, was held for the action of the grand jury on the charge of criminally assaulting a 14-year-old girl at Bland.

The assault occurred while the victim, an attractive daughter of one of the section foremen at the Bland mines, was on her way from the mill to her home up a cañon. As she passed a large rock a man wearing a mask sprang from behind the rock struck her a blow on the neck and bound her hands with wire. He spoke to her in English, threatening her with death if she made an outcry and placed a pistol close to her face to make her realize he was in earnest. Before leaving her, the brute tied her ankles with wire so that she could not move.

The little girl worked for hours to free herself and finally broke the wire manacles. Half delirious, she returned to Bland and told her story. The entire camp turned out to try to get trace of the criminal and a hurry call for the bloodhounds at the state penitentiary was answered by Thomas Closson and Soterino Baca who reached Bland with the dogs, who went direct to the Ruales home. Ruales was arrested as a suspect, and it is reported that when he was taken before the girl she positively identified him as the man who had attacked her in the cañon on her way home. The man was apparently undisturbed by the attention shown him and is reported to have talked coolly about the incident.

The people of Bland are said to be worked up to a high pitch of indignation over the assault and Ruales will likely remain in the Sandoval county jail without bond.

Optometry Board Appointed.

Santa F6—Governor McDonald has appointed the State Board of Optometry as follows: C. H. Carnes of Albuquerque, R. J. Taupert of Las Vegas, T. E. Presley of Roswell. Several beautiful selections were rendered by the members and the meeting was a very enjoyable one. The papers were tendered a vote of thanks for publishing the proceedings of the meetings.

Crops Fine At Inez.

S. T. Ford, one of the prosperous stock farmers of the Inez community was in town the first of the week and was in a very optimistic mood regarding crops and conditions in his community. "We have had fine rains" said Mr. Ford, "and our crops are looking good." Another thing which is very gratifying to him is the fine fruit crop which he has raised this year. He has an abundance of fruit, including cherries, peaches and apples, and is planning to plant more trees next year.

Maxwell's House Burns.

The residence of John Maxwell in north Portales, and all of its contents were completely destroyed by fire Wednesday night about 8:30 while the family was at church. It is not known how the fire originated, but when it was discovered by the neighbors it had gained such headway that it was impossible to check it or even save any of the contents.

Both the house and furniture were partially covered by insurance.

The selection of Robert Lansing as secretary of state to succeed the late William Jennings Bryan, was unquestionably one of the wisest acts that has attended the administration of President Woodrow Wilson, and one that will go far toward fixing the good opinion of the American people. It proves that Mr. Wilson is big enough to realize the necessity of utilizing all elements of strength, and the desirability of having as his right hand man a real statesman, a master of international law, and a diplomat of finished attainments. Mr. Lansing is all of that. Mr. Bryan, with all of his genius, was none of them.—Rosalie Evening News.

Toasted Crackers.

CUT any kind of cold meat, such as beef or veal for stew, in small pieces. Sprinkle with pepper, salt and flour. Put in a chafing dish in which you have placed a tablespoonful of butter and a few slices of onion. Pour over a cupful of hot water in which there is a tablespoonful of beef stock, a tablespoonful of mushroom catsup and a large tablespoonful of vinegar. Let all simmer for ten minutes, stirring occasionally.

Sweetbreads.

Put two tablespoonfuls of butter in a chafing dish. When very hot put in the sweetbreads which have been boiled and cut in small pieces. Add gradually a tablespoonful of flour, pepper and salt and half a cupful of cream. Stir constantly until you have a smooth sauce. Return the sweetbreads to the chafing dish and serve hot.

Spinach in Mold With Mushrooms.

Boil a bunch of spinach for a few minutes, drain and squeeze out the water. Pound well and pass through a fine colander. Put into a saucepan with a lump of butter and add a few drops of lemon juice. Let boil for a few minutes, turn into a dish and let the yolks of two eggs well beaten. Put into a buttered mold, leaving a space in the middle. Bake in a slow oven for an hour. When cooked turn into a dish and fill the center with broiled mushrooms. The mushrooms also can be cooked in a cupful of milk seasoned with butter and flour.

Lima Beans.

Mix two cupfuls of young lima beans that are well cooked in melted butter with salt and pepper to season. When melted pour in the lima beans. Wash and clean half a cupful of mushrooms and mix with the beans. Add a quarter of a cupful of cream. Let simmer ten minutes and serve hot.

Individual Lemon Creams.

Put half an ounce of powdered gelatin to soak in a gill of water, add two well beaten eggs, the juice of one lemon, a little piece of butter and stir in a saucepan over a moderate heat until it slightly thickens, then strain into a deep dish and add one wineglass of brandy and a half pint of whipped cream. Fill small pretty shaped molds wetting first with cold water, and let set and chill. Serve with fancy cakes or Victoria sandwiches.

Ball Team Does Well.

The Portales ball team won two out of three in the series with Clovis there Saturday, Sunday and Monday. The games were attended by a large number of people from Portales.

The local boys are putting up a fine article of ball and if they keep going at the present pace they will have to get some stronger opponents to make the games interesting.

Road Bonds Sold.

The state treasurer Wednesday closed a deal for the sale of \$500,000 worth of state highway bonds to Kelly & Kelly, of Kansas City, and Arthur Seligman, of Santa Fe, at par, and accrued interest from July 1, 1914. It is expected that the money will be turned over to the state highway commission for expenditure in the various counties by July 15.

TOLIDAR RUALES HELD

CHARGED WITH ASSAULTING LITTLE GIRL AT BLAND.

Victim Struck Blow on Neck and Hands and Feet Bound With Wire by Assailant.

Santa Fe, N. M.—A telephone message from Bernalillo, Sandoval county, announced that Tolidor Ruales, a married man, aged 40 years, was held for the action of the grand jury on the charge of criminally assaulting a 14-year-old girl at Bland.

The assault occurred while the victim, an attractive daughter of one of the section foremen at the Bland mines, was on her way from the mill to her home up a cañon. As she passed a large rock a man wearing a mask sprang from behind the rock struck her a blow on the neck and bound her hands with wire. He spoke to her in English, threatening her with death if she made an outcry and placed a pistol close to her face to make her realize he was in earnest. Before leaving her, the brute tied her ankles with wire so that she could not move.

The little girl worked for hours to free herself and finally broke the wire manacles. Half delirious, she returned to Bland and told her story. The entire camp turned out to try to get trace of the criminal and a hurry call for the bloodhounds at the state penitentiary was answered by Thomas Closson and Seferino Baca who reached Bland with the dogs who went direct to the Ruales home.

Ruales was arrested as a suspect, and it is reported that when he was taken before the girl she positively identified him as the man who had attacked her in the cañon on her way home. The man was apparently undisturbed by the attention shown him and is reported to have talked coolly about the incident.

The people of Bland are said to be worked up to a high pitch of indignation over the assault and Ruales will likely remain in the Sandoval county jail without bond.

Optometry Board Appointed.

Santa Fe—Governor McDonald has appointed the State Board of Optometry as follows: C. H. Carnes of Albuquerque, R. J. Taupert of Las Vegas, T. E. Presley of Roswell. The governor also has named delegates to the biennial convention of the Antislavery league of America, which will meet in Atlantic City July 6-9, as follows: E. Dana Johnson and William H. Pope of Santa Fe, W. H. Christman of Aztec, John W. Morrow of Raton, C. W. G. Ward and E. C. de la Cruz of East Las Vegas, W. G. Hope and John F. Blinn of Albuquerque, J. R. Wasson of Tucumcari, H. D. Reinken of Watrous, M. P. Skeen of Artesia, P. M. Steed of Deming, Dr. George T. Veal of Roswell, James T. Stuart of Mesilla Park, Miss Allie Bryant of Portales, Miss Emma E. Veeder of East Las Vegas, Mrs. Florence J. Link of Las Cruces, Mrs. Arthur Carson of Alamogordo, Mrs. Maude L. Green of East Vaughn, Mrs. Emma Patterson of Deming, Mrs. Katherine Patterson of Santa Fe.

Fight at Clovis.

Roswell—Assistant District Attorney A. H. Hockenbush sent a long distance message to District Attorney K. K. Scott informing him of a deadly assault at Clovis. A man by the name of Pickins struck a fellow employed over the head with a sledge hammer. Both men work in the Santa Fe shops at Clovis.

Woman's Club Notes.

The club met with Mrs. Lindsey last Wednesday with Miss Bryant, the president, in the chair. A large attendance gave promise of much interest for the club year.

The chairman of the various standing committees were introduced by the president and accepted the chairmanships. A letter from the state president regarding the federation meeting was read by Mrs. Lindsey, federation chairman.

The proposition for a play by the club, was turned over to the federation finance committee, Mrs. Nixon chairman.

The meeting was held on the lawn and refreshments served at the close.

Mrs. McManaway of Virginia, Mrs. Dyer, industrial superintendent of the institute, and Miss Hutchinson, training superintendent of the Las Vegas University, were present as guests of the club.

Mrs. H. F. Jones and Mrs. Pearl Leach Rogers were elected to membership.

U. D. C. Meeting.

The U. D. C. met with Mrs. R. Culberson Tuesday afternoon at 3 o'clock. During the meeting the following officers were elected: President, Mrs. T. E. Mears; 1st vice president, Mrs. G. M. Williamson, 2d vice president, Mrs. C. O. Leach; recording secretary, Mrs. A. W. Freeman; corresponding secretary, Mrs. P. E. Jordan; treasurer, Mrs. J. B. Sledge; historian, Mrs. H. F. Jones.

Several beautiful selections were rendered by the members and the meeting was a very enjoyable one. The papers were tendered a vote of thanks for publishing the proceedings of the meetings.

Crops Fine at Inez.

S. T. Ford, one of the prosperous stock farmers of the Inez community was in town the first of the week and was in a very optimistic mood regarding crops and conditions in his community. "We have had fine rains," said Mr. Ford, "and our crops are looking good." Another thing which is very gratifying to him is the fine fruit crop which he has raised this year. He has an abundance of fruit, including cherries, peaches and apples, and is planning to plant more trees next year.

Maxwell's House Burns.

The residence of John Maxwell in north Portales, and all of its contents were completely destroyed by fire Wednesday night about 8:30 while the family was at church. It is not known how the fire originated, but when it was discovered by the neighbors it had gained such headway that it was impossible to check it or even save any of the contents.

Both the house and furniture were partially covered by insurance.

The selection of Robert Lansing as secretary of state to succeed the late William Jennings Bryan, was unquestionably one of the wisest acts that has attended the administration of President Woodrow Wilson, and one that will go far toward fixing the good opinion of the American people. It proves that Mr. Wilson is big enough to realize the necessity of utilizing all elements of strength, and the desirability of having as his right hand man a real statesman, a master of international law, and a diplomat of finished attainments. Mr. Lansing is all of this. Mr. Bryan, with all of his genius, was none of them.—Roswell Evening News.

A SATISFYING DINNER.

DINNER MENU.
English Stew.
Sweetbread, Lima Beans.
Spinach in Mold.
Cheese Fondue.
Toasted Crackers.

CUT any kind of cold meat, such as beef or veal for stew, in small pieces. Sprinkle with pepper, salt and flour. Put in a chafing dish in which you have placed a tablespoonful of butter and a few slices of onion. Pour over a cupful of hot water in which there is a tablespoonful of beef stock, a tablespoonful of mushroom catsup and a large tablespoonful of vinegar. Let all simmer for ten minutes, stirring occasionally.

Sweetbread.
Put two tablespoonfuls of butter in a chafing dish. When very hot put in the sweetbread which have been boiled and cut in small pieces. Add gradually a tablespoonful of flour, pepper and salt and half a cupful of cream. Stir constantly until you have a smooth sauce. Return the sweetbread to the chafing dish and serve hot.

Spinach in Mold With Mushrooms.
Boil a bunch of spinach for a few minutes, drain and squeeze out the water. Pound well and pass through a fine colander. Put into a saucepan with a lump of butter and add a few drops of lemon juice. Let boil for a few minutes, turn into a dish and allow to cool. When cold mix with the yolks of two eggs well beaten. Put into a buttered mold, leaving a space in the middle. Bake in a slow oven for an hour. When cooked turn into a dish and fill the center with broiled mushrooms. The mushrooms also can be cooked in a cupful of milk seasoned with butter and flour.

Lima Beans.
Mix two cupfuls of young lima beans that are well cooked in melted butter with salt and pepper to season. When melted pour in the lima beans. Wash and clean half a cupful of mushrooms and mix with the beans. Add a quarter of a cupful of cream. Let simmer ten minutes and serve hot.

Individual Lemon Creams.
Put half an ounce of powdered gelatin to soak in a gill of water; add two well beaten eggs, the juice of one lemon, a little piece of butter and stir in a saucepan over a moderate heat until it slightly thickens, then strain into a deep dish and add one wheglass of brandy and a half pint of whipped cream. Fill small pretty shaped molds, wetting first with cold water, and let set and chill. Serve with fancy cakes or Victoria sandwiches.

Ball Team Does Well.

The Portales ball team won two out of three in the series with Clovis there Saturday, Sunday and Monday. The games were attended by a large number of people from Portales.

The local boys are putting up a fine article of ball and if they keep going at the present pace they will have to get some stronger opponents to make the games interesting.

Road Bonds Sold.

The state treasurer Wednesday closed a deal for the sale of \$500,000 worth of state highway bonds to Kelly & Kelly, of Kansas City, and Arthur Seligman, of Santa Fe, at par, and accrued interest from July 1, 1914. It is expected that the money will be turned over to the state highway commission for expenditure in the various counties by July 15.

Window glass, paints, wall paper, brushes, linseed oil, turpentine, putty knives, glass cutters.

FREE PORTS BUILDERS OF COMMERCE

CONGRESS SHOULD GIVE THEM PREFERENCE IN APPROPRIATIONS

This nation is now entering upon an era of marine development. The wreckage of European commerce has drifted to our shores and the world war is making unprecedented demands for the products of farm and factory. In transportation facilities on land we lead the world but our port facilities are inadequate, and our flag is seldom seen in foreign ports. If our government would only divert the energy we have displayed in conquering the railroads to mastering the commerce of the sea, a foreign bottom would be unknown on the ocean's highways.

This article will be confined to a discussion of our ports for the products of the farm must pass over our wharfs before reaching the water. We have in this nation 51 ports, of which 41 are on the Atlantic and 10 are on the Pacific Coast. The Sixty-second Congress appropriated over \$51,000,000 for improving our Rivers and Harbors and private enterprise levies a toll of approximately \$50,000,000 annually in wharfage and charges for which no tangible service is rendered. The latter item should be lifted off the backs of the farmer of this nation and this can be done by Congress directing its appropriations to ports that are free where vessels can tie up to a wharf and discharge her cargo free of any fee or charge.

A free port is progress. It takes out the unnecessary link in the chain of transactions in commerce which has for centuries laid a heavy hand upon commerce. No movement is so heavily laden with results or will more widely and equally distribute its benefits as that of a free port and none can be more easily and effectively secured.

It is far more important in government to make it easier for those who toil to eat than to make it more difficult for a few toper to drink. There is not one person in one hundred of our rural population that ever touches liquor but we all eat three times a day.

THE LAYMAN'S DUTY

There never was a time when preachers and politicians formed an unholy alliance that civilization did not shudder at and Christianity cry aloud. Since the beginning of government, politicians have sought to decoy the ministry into the meshes of politics and make them carry banners in political processions. They have taken the ministry to the mountain-top of power and offered to make them monarch of all they surveyed, and while most of them have said, "Get thee behind me Satan," a few have fallen with a crash that has shaken every pulpit in Christendom.

The neigh of a horse made Darius King of Persia, the six contending powers for the throne agreeing among themselves that the one whose horse should neigh first should possess the kingdom. This ancient method of settling disputes among politicians could be revived with profit today. If our partisan factions and petty politicians could only settle their disputes by the neigh of a horse, the bark of a dog or the bray of a donkey, it would be a great blessing and would give our citizens a better opportunity to pursue the vocations of industry free from political strife.

Let those who pick political plums by raising rows and who flash swords dripping in the blood of industry understand that they cannot turn the public forum into a political arena and by a clash of personal aspirations still the hammer and stop the plow and that their quarrels must be settled in the back alleys of civilization.

Elida News.

Dr. A. J. Evans of Ft. Sumner has been over for a few days on business.

Most all of the Elida people spent Saturday at the picnic at Kenna.

Elida and vicinity was visited Saturday night by a splendid rain, which was much needed.

The recent improvements on the streets of Elida make her look very much like a city of the first class, and some are already suggesting paving next.

Cal Todd, who is employed at Roswell is up for a few days visit with his parents and friends at Elida.

The new Cain hotel on the corner near the depot will be ready for business in a few days. They are busy this week installing their new equipment and fitting out the rooms.

Delpha Morrow came in from Roswell Saturday where he has been visiting for several weeks.

Harvey Beeman of the Eagle Hill district was in town Tuesday on business in his new Dodge car.

A. A. Beeman and family left the latter part of last week for Carlsbad where they will attend the old settlers picnic and visit several days with relatives and friends.

P. E. Jordan, the Ford agent from Portales, was in town a few hours Monday on business.

Sam Beal came in Monday from his ranch near Ranger lake and reports all stock doing well.

S. Street and Neil Rocky will leave this week in their autos for the White mountains where they will spend a week or ten days hunting and fishing. Mr. Street declares he will kill a bear before he returns. He has armed himself with a 22 rifle.

Place your orders for storage coal before August the first, as it will advance after that time. Connally Coal Company. 28 3t

Arch Items.

The recent showers have put the farmers in an optimistic mood.

Everet Foster and family have returned to New Mexico. They sure will come back.

The Baptists of Arch will start a series of meetings on July 30. Every body is invited to attend.

The Fourth of July entertainment at the home of Mr. and Mrs. Truman Williams was enjoyed by all. A nice dinner was served and lots of ice cream. There was a good crowd present.

Walter Ford, of the 22 ranch was visiting at Arch Sunday.

More Than Half.

More than half of the stock which will be sold to build the Roosevelt County Creamery has already been subscribed for. There are many others who are prospective purchasers and are expected to sign up in a few days. It would seem from this and the impression the proposition is making with most of the farmers that it is only a matter of a few days until all of the stock will be taken.

Temperance Lecture.

Miss Henderson, of Vaughn New Mexico, president of the State W. C. T. U. will give a temperance lecture, this (Thursday) evening at the Methodist church at 8 p. m.

Big reduction on low cut shoes at Harris.

We sell lime in 10 and 25 cent packages. Portales Lbr. Co.

Mrs. G. T. Amos left Sunday to visit her parents in Colorado. Mr. Amos accompanied her as far as Amarillo.

Judge J. C. Compton and family left Saturday to spend a few days with Mrs. Compton's folks at Canyon City, Texas.

Appreciated.

We, the people of Delphos, wish to thank the First National bank and the Portales Bank and Trust company, the business men of Portales and the county officials for the assistance and support given toward our celebration last Saturday.

Committee.

Fine Peaches.

T. A. Higgins of Delphos was in town Tuesday with a load of fine peaches which were grown in his orchard west of that place. Mr. Higgins has one of the finest peach orchards in the county and never fails each year to have a large quantity to sell to the people of Portales.

Revival Meeting.

There will be a revival meeting held at the Floyd school house, July 18 to August 1. You are especially invited to come and bring your neighbor. There will be dinner on the ground the first Sunday of the meeting, July 18. Come and hear some good preaching by Bro. Airhart. There will be plenty of ice water to drink.

In Memory

of our deceased brother, Charles P. Mitchell.

With deep melancholy we pay this tribute to the memory of our deceased brother who passed from this life May, 23d, 1915.

Charles P. Mitchell was made a Mason in Portales Lodge September 3, 1909. During the years of his membership he was ever true and faithful in practice of the principles of our fraternity, and we will bear in grateful remembrance the zeal and fidelity with which our brother discharged his Masonic duties.

Our brother was kind, courteous and considerate in his relation to all. The two things that make life beautiful (resignation and just consideration for the rights of others) were the cherished principles of his life.

During the last years of our brother's life he suffered much, yet felt that his suffering must be borne patiently, silently and alone.

We who knew him so well in our brotherhood feel that in his departure from among the living something has gone out of our lives that can never be again. Flowers do not cast their fragrance backward, nor compassionate phrases reach the ears of the departed. That comfort and consolation which lightens a brother's life closed to us when his earthly voyage came to an end. Now we can only revere his memory and cherish the abiding faith that our loss is his eternal gain. That his spirit is resting in the Eternal City whose maker and builder is God.

While we pay a tribute of respect and love to the memory of our deceased brother, let us not forget to extend our fraternal sympathy to his sorrowing family. As he for whom we mourn was true to us and faithful to the

ties of our brotherhood, so shall we be true to you in the practice of the principles of Free Masonry and in tender memory of our loved and lost.

G. M. Williamson. J. B. Priddy. C. O. Leach. Committee.

This War Will End War.

It is not possible the world can go through such an awful calamity without learning some lesson. For instance, suppose it learns the folly of secret diplomatic relations between nations. Just as a little spark may kindle a great fire, so a slight misunderstanding may lead to the utterly senseless destruction of life and property called war. The time to straighten out misunderstandings is when they are little ones. If all diplomatic correspondence were made public, and there is no earthly reason why it should not be, the common sense of the world could be relied upon to enforce fair play. Captain Edmond Thery, a well known French economist, estimates the cost of this war in money at \$2,000,000 per hour. Staggering figures, those, even though they represent the least of the cost. When you think of the women and children doomed to years of bitter toil and poverty because of the loss of the bread winner, you cannot connect the words "glory and war." You are bound to believe that war is the most dreadful word in the language, fit only to be coupled with insanity.—Selected.

Inez Items

Uncle Polk Williams left Saturday with a car of fat hogs. He shipped them to Ft. Worth. This is the second car he has shipped recently.

Frank Greathouse went to town Saturday to play with the Portales ball team at Clovis.

Miss Maggie Talley and Mrs. Maude Hamby were visiting at Inez last Tuesday.

Sunday school is progressing splendidly. Large crowds are present at prayer meeting every Sunday night and much interest is being taken.

Mr. and Mrs. D. M. Robinson visited at the home of Mr. and Mrs. Chas. Robinson last Sunday.

Mrs. Lee Hall and son and Mr. Otis Brown and son visited in this community last week. They drove from Plainview in Mr. Hall's new car.

On Friday, June 25, Mrs. Hill was instantly killed by lightning. Her death was a great shock to the entire community. She was a very lovable woman and the leader of her neighborhood. She will be sadly missed. All extend the deepest sympathy to the grieved husband and children.

Lewis Whitfield last week brought home a large bunch of fine young mules.

Here From Missouri.

L. O. Nelson and family of Buncoeton, Mo., were here last week visiting at the home of Mr. Nelson's brother-in-law, D. W. Jones. Mr. Nelson is the proprietor of a newspaper and paid this office a very pleasant fraternal call.

Do You Know What Your Furniture Is Worth?

Most people do not! Get a "Household Inventory" free at our office and figure up the value of the goods you own. These "Household Inventories" are little blank books in which you can list your belongings and the cost of each—a page for each room. After you figure up the total, you'll know how much fire insurance to carry on your household furniture, and you'll have a list of your goods to hand the adjuster in case of a fire. The Household Inventories are free; call and get one.

Baptist Notes

Last Sunday was a very good day at the Baptist church. The church celebrated communion in the morning. We were glad to welcome so many of our very worthy teachers at our evening service. We extend to you a special invitation to worship with us during your stay in our little city. Come again. Next Sunday at 11 o'clock I will preach the first of a series of five sermons on the "Monuments of Christianity." Each sermon will be separate and complete. "Why the Christian Church Observes the First Day of the Week rather than the Seventh Day." Subject for the evening hour, "The Transfiguration on Hermon." All are cordially invited to worship with us. W. E. Dawn, Pastor.

Methodist Church.

My theme Sunday morning will be, "The Inner Struggle." The subject for the evening hour will be "The Broken Pitcher." Our prayer meetings of late have been more helpful than any I have ever attended. Come and fortify yourself against your own personal problems, and strengthen your faith by mutual devotion and prayer. We were glad to see a number of our teachers in the audience at both services Sunday. We are glad to have you and trust you will be at home with us. A. C. Bell.

Born, to Mr. and Mrs. A. A. Rogers, Monday, July 5, a girl and one-quarter pound baby girl.

PORTALES UTILITIES COMPANY

We recommend to the citizens of this county the purchase of some stock in the Roosevelt County Creamery.

- 1st. Because it will be organized and operated on strict business lines. There will be no inflated stock, no water in stock, every dollar invested in stock will be put into the creamery.
2nd. Because it will pay good dividends; 12 per cent is good dividends, it will therefore be a good investment.
3rd. Because the purchase of stock in this creamery will help local business and make our community stronger financially.
4th. Because a successful creamery will make a good cash market for cream, and a steady market for every farmer; enable the farmer to get from 25 to 30 per cent more for his cream, buy for cash at the stores. This creamery will turn into this county from \$3,500 to \$8,000 per month cash.

There is enough cream going out of Roosevelt county right now to make 1000 lbs. of butter per day. A creamery is essentially a farmer's enterprise. All profits go back to the farmers. By all means investigate this matter. See the data gathered; attend some of the meetings being held.
